MONTREAL, Sept. 9.—There was a good demand from foreign buyers for new crop Manitoba spring wheat at a further reduction in prices of 3d to 6d per quarter, but on the further decline in Winnipeg exporters accepted bids for 400,000 bushels for October-November shipment. The demand for old crop wheat was also fair at a good premium over new. A good business continues to be done in oats over the cable, and the local market is strong. There is a good demand for ocean grain room, and rates are steadily advancing. Considerable business has already been done for shipment from St. John, N.B., this winter. The foreign demand for spring wheat flour is increasing, and a fair amount of business was done. The local market is steady. Millfeed is active and firm. Demand for butter good. Cheese active, but firm. Exports for the week were 64,095 boxes, against 42,316 last year. Eggs active. Demand for provisions fair.

Corn—American No. 3 yellow, 80c to 81c.

Oats—Canadian western, No. 2, 49½c to 50c; No. 3, 48c to 48½c; extra No. 1 feed, 49c to 49½c.

Barley—Man. feed, 60c to 63c; malting, 75c to 80c.

Buckwheat—No. 2, 74c to 75c.

Flour—Manitoba spring wheat patents, firsts, $5.80; seconds, $5.30; strong bakers, $5.10; winter patents, choice, $5.25; straight rollers, $4.85 to $4.90; bags, $2.25 to $2.35.

Rolled oats—Barrels, $4.80; bags, 90 lbs., $2.37½.

Millfeed—Bran, $23; shorts, $27; middlings, $28 to $29; moullie, $30 to $34.

Hay—No. 2, per ton, car lots, $15 to $15.50.

Cheese—Finest westerns, 14⅛c to 14⅜c; finest easterns, 13¾c to 14c.

Butter—Choicest creamery, 27c to 27¼c; seconds, 26½c to 26c.

Eggs—Selected, 29c to 29c; No. 2 stock, 19c to 20c.

Potatoes—Per bag, car lots, 85c to 90c.

Hogs—Dressed, abattoir killed, $13 to $13.50.

Pork—Heavy Canada short mess, bbls., 35 to 45 pieces, $27; bbls., 45 to 55 pieces, $27.

Lard—Compound, tierces, 375 lbs., $10.25; wood pails, 20 lbs. net, $10.75; pure, tierces, 375 lbs., $14.25; wood pails, 20 lbs. net, $14.75.

CATTLE MARKETS.

Montreal Live Stock.

MONTREAL, Sept. 9.—At the Montreal Stock Yards west end market the receipts of live stock for the week ending Sept. 7 were 1200 cattle, 4000 sheep and lambs, 2400 hogs and 400 calves. The supply on the market this morning for sale consisted of 700 cattle, 2100 sheep and lambs, 1400 hogs and 200 calves.

A firmer feeling prevailed in the market for cattle this morning owing to the smaller supplies offered than a week ago, and the scarcity of choice steers. Choice steers sold as high as $7, while full loads of good stock brought $6.60, and fair $5.50 per 100 pounds. The demand from canners for bulls and cows was good, of which the supply was fair, but owing to the keener competition prices for such ruled 25c per 100 higher.

The tone of the market for lambs was weaker and prices since this day week show a decline of 25c for Ontario stock and 25c to 50c for Quebec. A feature of this trade of late has been the demand from Ontario packers for supplies in this market, and some large lots were shipped to Toronto at the latter end of last week. At the above reduction there was a good demand, and the trade was active. Ontario lambs sold at from $6.25 to $7, and Quebec lambs at $5.25 to $5.75 per 100. In sheep, the feeling is steady, as supplies are just about equal to the requirements, and prices show no change. The demand for calves was good, owing to the small supply.

The market for live hogs was unchanged, notwithstanding the fact that prices were higher in Toronto. The supply is sufficient to fill requirements, and a steady trade is doing at $8.25 to $8.75 per 100 pounds, weighed off cars, for selected lots.

Butchers' cattle, choice, $6.75 to $7; do., medium, $5 to $6; do., common, $4 to $4.25; canners, $2.75 to $3; butchers' cattle, choice cows, $5 to $5.25; do., medium, $3.75 to $4; do., bulls, $3.50 to $5; milkers, choice, each, $60 to $70; do., common and medium, each, $40 to $50; springers, $30 to $35.

Sheep, ewes, $4 to $4.25; bucks and culls, $3.50 to $3.75. Lambs, $5.25 to $6.

Hogs, f.o.b., $8.25 to $8.75.

Calves, $5 to $10.

East Buffalo Cattle Market.

EAST BUFFALO, Sept. 9.—Cattle—Receipts, 4600 head; active and steady to 15c higher; prime steers, $9.50 to $9.85; butchers, $6 to $8.75; bulls, $4 to $6.25; stock heifers, $4.25 to $4.75; shipping, $8 to $9.25; heifers, $4.75 to $8; cows, $3 to $6.75; stockers and feeders, $4.75 to $6.50; fresh cows and springers active and firm, $35 to $76.

Veals—Receipts, 1250 head; active and 50c lower, $4 to $11.50.

Hogs—Receipts, 12,000 head; slow and steady; heavy, $9.25 to $9.40; mixed, $9.40 to $9.50; yorkers, $9.40 to $9.60; pigs, $9.25 to $9.40; roughs, $7.90 to $8.10; stags, $6 to $7.50; dairies, $8.75 to $9.25.

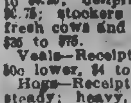
Sheep and Lambs—Receipts, 14,000 head; active; sheep steady; lambs and yearlings, 20c to 25c higher; lambs, $4.50 to $8.10; yearlings, $5.50 to $6; wethers, $4.75 to $5; ewes, $3 to $4.25; Sheep, mixed, $2 to $4.65.

Chicago Live Stock.

CHICAGO, Sept. 9.—Cattle—Receipts, 20,000; market for beeves strong; others steady. Beeves, $5.75 to $10.70; Texas steers, $4.70 to $6.40; western steers, $5.85 to $9.30; stockers and feeders, $4.25 to $7; cows and heifers, $3 to $8; calves, $8.50 to $11.50.

Hogs—Receipts, 20,000; market opened 5c to 10c higher, but advance lost; light, $8.50 to $8.95; mixed, $8 to $8.90; heavy, $7.85 to $8.90; rough, $7.80 to $8; pigs, $6.50 to $8.35; bulk of sales, $8.20 to $8.85.

Sheep and Lambs—Receipts, 22,000; market for sheep steady, lambs 15c up; native, $2.50 to $4.75; western, $3.50 to $4.75; yearlings, $4.50 to $5.75; lambs, native, $4.50 to $7.40; western, $4.75 to $7.50.



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. SICK DAUGHTER NOW WELL

Mrs. C. Cole Tells How Her Daughter Was Restored to Health by Lydia E. Pinkham's Compound.

Fitchville, Ohio.—"I take great pleasure in writing to thank you for what your medicine has done for my daughter.

"Before taking your medicine she was all run down, suffered from pains in her side, could not walk but a short distance at a time, and had severe pains in head and limbs. She came very near having nervous prostration. She had begun to cough a good deal and seemed melancholy by spells. She tried two doctors but got little help.

"I cannot find words to express my gratefulness for what Lydia E. Pinkham's Vegetable Compound has done for my daughter. She feels and looks like another girl since taking it, and I shall always feel that I owe you a great debt.

"You can use this letter for the benefit of others if you wish, as I shall always recommend your medicines for female troubles."—Mrs. C. Cole, Fitchville, Ohio.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

THE PENALTY FOR EVADING CUSTOMS

Washington, Sept. 9.—Nathan Allen, a retired merchant of Kenosha, Wis., Saturday paid the Government $100,000 to compromise his civil liability in a smuggling case at New York in 1909, which also involved Mrs. H. D. Jenkins in an alleged attempt to escape duties on thousands of dollars' worth of jewels and wearing apparel. A criminal suit against Allen resulted in a $12,000 fine.

Seventy More Engines.

Kingston, Sept. 9.—The Canadian Locomotive Works has just been awarded a contract to supply 25 locomotives for the Canadian Pacific Railway and 45 for the Canadian Northern Railway.

FEWER IRISH EMIGRANTS.

Home Prosperity Is Stopping the Exodus of Celts.

Hopeful evidence of the changing conditions in Ireland is returned in the report of the registrar general on emigration which has just been issued. This shows that in the five months ended May 31, 14,070 persons left Ireland, this being a decrease of 2,507 compared with the corresponding period last year.

The hopeful feature of this report is that it shows a return to the steady decline in emigration figures which was a feature of the reports until 1909. In 1910 they jumped up again, but this was due to special conditions and is not likely to be repeated.

As usual the United States has absorbed most of Ireland's loss. Out of the total, 10,085 persons went to America, 2,710 to Canada, 53 to South Africa, 398 to Australia, 90 to New Zealand, 795 to Great Britain, and 9 to other countries.

Even more significant than the actual decline in the emigration figure is the attitude taken by the Canadian Government agents who are employed to attract laborers to the new lands in the west by every means in their power. An army of these boomers is spread all over the United Kingdom, but for the last year or two they have been paying less attention to Ireland, and now they frankly admit that as far as Ireland is concerned they can't earn their salaries, and they are gradually withdrawing from the Irish field and devoting themselves to England and Scotland, where the rush of emigrants to-day is something like that which almost depopulated Ireland twenty-five years ago.

These agents, who are shrewd observers, declare that the reason for the falling off in emigration is the growing prosperity of Ireland, which makes it possible for the people to earn a living at home. In addition to this, Ireland—by European standards—is really under populated at present, and there is practically no unemployment. Farmers, for instance, complain that agricultural labor never has been so scarce and so dear, and to the industrial towns of the north it has actually been found necessary to import workmen from England and Scotland.

Another interesting feature of the present emigration is the fact that by far the greater proportion of it is drawn from the north. The "poverty stricken" south and west are finding work at home for their own people. It is only fair to say, however, that the northern emigrants are a different class from those who used to go from the south and west.

In the old days Irishmen who left the old land were almost all agricultural laborers, who went out in hope of earning higher wages in the new countries, but with little immediate prospect of being anything but wage earners. The most of the northern emigrants to-day, including practically all those who go to Canada, are the sons of substantial farmers, trades people, and professional men who go out with a little capital to take up land of their own. There is also a fair number of farmers who have been attracted by the tales of big crops and high prices, and who have sold their Irish holdings to try their luck under better conditions.

Some figures of the trade of Belfast in 1911 will show why the emigration of mechanics and laboring men is falling off. During that year the wages of 10,000 employers in the ship yards were increased. The two big yards—Harland & Wolff and Workman & Clark—employ over 22,000 men between them and their weekly pay roll is $175,194. One company making rope and twine employs 3,500 persons, and although the raw material last year was scarce and dear the output was larger than ever, while the linen trade, which is Belfast's staple industry, had a boom year.

No Rival.

"Don't eat so fast, Bessie."

"Why not, Bobby?"

"'Cause I want to be the only pig in this house."

Learning Young.

"Pa, Willie Jones hit me today."

"Willie shouldn't do that."

"Pa, ain't it unconstitutional?"

The Difference.

Abroad the good fellow is jolly,
His money quite freely is spent;
At home he will fly in a passion
If some one should ask for a cent.

A Noted Artist's Home.

The late Sir Lawrence Alma-Tadema's house in St. John's Wood is one of the show places of London. It is a marvellous painter's palace. It was designed by the great artist himself, and for years the builders were constantly at work in one part or another, altering and improving under the watchful eye of the master, until everything was exactly as he wanted it. The house, which has no doors, is full of beautiful marble pillars and panels painted by his brothers of the brush, and no better quotation could have been selected to adorn this remarkable residence than that to be seen in the reception hall:

I count myself in nothing else so happy
As in a soul remembering my good friends.

And everyone whose privilege it was to enjoy the famous artist's hospitality will agree that the motto was characteristic of the man.

Fell When Peace Ended.

A curious tradition attaches to the obelisk on Studley Pike, the towering height commanding the country in which occurred the recent catastrophe to the Yorkshire express. The memorial was set up originally in 1815 to commemorate the signing of the treaty of peace that followed Waterloo. As a peace memorial it bore itself proudly for many years. Then, in the middle of the century, war broke out in the Crimea. The peace memorial tottered and fell to the ground. After the war it was re-erected, and there on Studley Pike it is a conspicuous landmark for miles around.

Trousers For Oxen.

Cape Town newspapers state that the latest thing in the sartorial line is trousers for oxen. This method of clothing beasts of burden is not due to any accession of style in South Africa, the garments having become a necessity to protect the animals from the tsetse flies, which are a torment and often a fatal enemy.

An Ingenious Timing System.

The prizes are awarded on flying velocity, the number of yards per minute covered by the birds being worked out with great care.

An Ideal Librarian.

Henry E. Legler, the Chicago librarian, was praising Andrew Carnegie.

"In a recent letter from Mr. Carnegie," he added, "the great capitalist said he always saw to it that the librarians employed in the Carnegie libraries had a good, sound knowledge of literature.

"He said that he didn't want any librarian like a Cleveland one, to whom a visitor said:

"'I'd like to have Shelley's "Prometheus Unbound," if you please.'

"'H'm!' the Cleveland librarian answered loftily. 'We don't stock unbound books in this library.'"—Philadelphia Telegraph.

Brakeman Is Killed.

Owen Sound, Sept. 9.—Robert McEwen, brakeman, an old employe of the Grand Trunk, was almost instantly killed at the Grand Trunk yards Saturday at noon when he was thrown beneath a moving car and had a leg severed.

The train crew were making a running switch and McEwen ran down to throw over the lever of the switch. As he threw his weight against the bar his hands slipped and he reeled over toward the track and, being thrown against the oncoming car, was hurled to the track lengthwise. The heavy express car passed over one leg and crushed part of the body terribly. Life was extinct in a few minutes.

McEwen was about fifty-five years of age and had been railroading for thirty years, principally with the Grand Trunk. His home was in Stratford, where his widow and two sons and two daughters, all grown up, survive him.

DEPARTMENT OF MILITIA & DEFENCE

New Drill Hall, at Oshawa, Ont.

NOTICE TO CONTRACTORS

SEALED TENDERS, marked on envelope "Tender for Construction of Drill Hall, Oshawa, Ont.," and addressed to the Director of Contracts, Department of Militia and Defence, Ottawa, will be received until noon, September 17th, 1912, for the construction of a new Drill Hall at Oshawa, Ont.

Specifications may be seen and full particulars obtained at the offices of the General Officer Commanding the 2nd Division, Toronto, Ont., Officer Commanding "C" Company, 34th Regiment, Oshawa, Ont., Town Clerk, Oshawa, Ont., and the Director of Engineer Services, Headquarters, Ottawa.

Tenders must be made on the form supplied by the Department and accompanied by an accepted cheque on a Canadian Chartered Bank for ten per cent. (10 p.c.) of the amount of the tender, payable to the Honourable the Minister of Militia and Defence, which amount will be forfeited if the party tendering declines to enter into, or fails to complete the contract in accordance with his tender.

The Department does not bind itself to accept the lowest or any tender.

EUGENE FISET, Colonel.
Deputy Minister.

Department of Militia and Defence,

HAPPY THOUGHT

PERFECT BISCUIT BAKING NEED NOT BE DIFFICULT

It all depends on the heat your oven gives.

Ranges with slow ovens are all right for some kinds of biscuits. But an oven that is chronically slow simply ruins others, and it is useless for many purposes.

Other stoves bake beautifully on one side and not on the other. So you can never depend on them.

"Happy Thought" Ranges are perfect bakers.

If you want a slow oven, a slow fire will produce the desired result. If you want a very hot, quick oven, just build up the fire and keep it going strong for a little while.

This feature saves you money in two ways:

It saves fuel by making it unnecessary to use too much, and by giving you the full heat value of every ounce of fuel.

It saves the food material by ensuring just the right result, no matter what part of the oven you use.

More than a Quarter Million Canadian women use the "Happy Thought" every day.

CHAS. SCRIVER CALLS ON THE CITY COUNCIL

Property Committee Will Look Into His Expenses Incurred While Collecting Garbage and He May be Reimbursed to Some Extent for His Work

"I thought I'd come up and see you to-night, to learn what you are going to do for me," said Charles Scriver, in answer to a query from Mayor Bradburn last night, as deputations were being heard at Council meeting.

"In what line?" asked his worship.

Mr. Scriver referred to the work he had done as garbage collector.

He however, failed to note that after taking the contract for such work he "threw up the sponge," after a short experience with garbage piles, and the sharp tongues of women. The council, it will be remembered, refused to pay Mr. Scriver for his work. Considerable trouble was met, before Mr. Downer, the present collector, took up the job.

His worship explained to Mr. Scriver, that he had failed to carry out the contract, and the council had to get another man to take over the contract at an increased price.

Ald. Johnston took up the fight on Mr. Scriver's behalf, with the statement that many other things, more serious than that of Mr. Scriver, had been stepped over. He was a poor man; he had lost money by neglecting his own property, during his work for the city, and possibly other people who had dealt with Mr. Scriver would also suffer.

Mr. Scriver said his bill was about $236. He had an account of over $100 as wagon expense.

Ald. Johnston held that Mr. Scriver might be remembered to some extent.

"For what?" asked the mayor.

"What he has done," answered Ald. Johnston.

"He didn't do anything but get us into a lot of trouble," explained his worship, "but if a committee wants to take it up, I'm agreeable."

Finally, on motion of Ald. Johnston and Duffer, the matter of looking into the accounts of Mr. Scriver was left with the Property Committee.

ALDERVILLE INDIANS OUT ON SUSPENDED SENTENCE

They Got Into an Awkward Position Through Their Actions Labor Day Night—Lindsay Youth Gets a Chance to Reform—Edward Park Must Contribute $3 Weekly for His Wife.

The president of the Alderville Indian band, Norman Marston, with his band-master, Samuel Blaker, faced Magistrate Dumble this morning to answer a charge of loitering on the streets, and incommoding pedestrians, on the night of Labor Day. An extended trial, involving much evidence, terminated by the Magistrate liberating them both on suspended sentence, with instructions to report to Chief of Police, Thompson, on each occasion of a visit to the city.

F. D. Kerr represented the accused. Both men are half breed Indians, and good musicians. They came to Peterborough to arrange for an engagement of the Alderville band to play at the Fall Fairs. Unfortunately during their stay they became financially embarrassed.

They claimed to have stayed at the home of John Beaver, another Indian on Woodbine, Ave., East City.

Their arrest was caused by information given to the police on Monday night by a young man named William Collins to the effect that they were interfering with pedestrians.

Two local men were together that night also, and the evidence proved them to have been slightly the worse for liquor. They encountered the two bandsmen, and commenced a conversation.

Nothing definite was proven against the two men, although it was alleged that one of the musicians tripped one man sending him to the pavement, where he struck the back of his head for a few moments and lay stunned.

A young man named William Collins, testified that the suspicious actions of the two Indians, led him to notify the police, resulting in their arrest.

A SECOND CHANCE

A youth named Connor, appeared sincerely penitent for his divergence from the straight and narrow path. He was found guilty of theft of a watch and chain amounting to $20. The young man hails from Lindsay, and an addiction to drink has not strengthened his moral stamina.

His Worship was very lenient, impressing him with a warning of the dire consequences which would ultimately follow, if he persisted in the error of his ways.

Connor avowed that he would do better and left the court with eyes suspiciously moist. He will return to Lindsay and report to Chief Chilton, monthly.

HAS A JOB

James Keegan, looked sober and fit after his remand. Keegan was arrested as a plain drunk and was very wobbly when first arraigned last week. He was fined $2, to be paid in ten days. He has also secured employment in the city.

$3 A WEEK FOR "WIFIE"

Edward Park, who was remanded, was just as sprighty and excitable as when arraigned last week.

"Eddie" has a loving wife with a family in merry England, to whose maintenance he is very backward in assisting. Moreover he persists in passing what small sums he does receive, over the bar, in return for beer.

Now, Mr. Park has been ordered to lodge $3 a week with the Chief of Police, weekly, which will be forwarded to "wifie" in England.

PLANS OF NEW FREIGHT (CHANGES TO BE MADE) SHEDS AND GATES FOR G.T.R.

Mr. P. J. Lynch, divisional superintendent of the Grand Trunk Railway, met the members of the City Council at noon to-day in regard to the location of the gates to be placed for protection purposes, at the King and Sherbrooke street crossings of that railway. Mr. Lynch submitted a plan of the location of the gates and also of the proposed new freight sheds on Aylmer street, and two new sidings which will cross King street. The plans, with a few changes to meet the views of the members of the council, were approved of, and they will be redrawn by the railway authorities, showing the changes, and again submitted to the council before going before the Dominion Railway Board for approval.

A double set of gates will be placed at King street and will be operated from a tower. One of the sidings at King street will go to the freight shed, the other will leave the main line at the south end of the station platform, and will be used to facilitate the handling of passenger trains.

The gates will be placed on Bethune street, as close to the tracks as possible, to avoid blocking Bethune street. The freight shed will be built a sufficient distance from Aylmer street to allow loading and unloading without encroaching on Aylmer street.

PETERBORO MAN VICTIM OF ASSAULT IN HAMILTON

Hamilton, Sept. 10—Isaac Dormer, aged sixty-eight of Peterborough, was assaulted and seriously injured at 3.30 yesterday afternoon, by a man giving his name as John Brown of this city, who was arrested. It is alleged that he hit the old man during a fight in Parke alley, knocking him down, his head striking on the paved alley. Dormer was taken to the City Hospital. The exact extent of his injury is not known. It is feared he may have received a fracture at the base of the skull. He was unconscious for some time, and became very weak from loss of blood.

Hon. J. O. Reaume Investigating.

Chatham, Sept. 10.—Hon. J. O. Reaume, Magistrate Leggot, Postmaster Wigle, W. A. Hanrahan and Fish Inspector Victor Chauvan have left for Mitchell Bay and Chenal Ecarte. The party are making a cruise over all the local fishing grounds, gathering data on the fishing situation and interviewing the fishermen of the district.

Cobalt Highgraders Sentenced.

Cobalt, Sept. 10—Fred K. Homesuokis received two years in the penitentiary and Edward Bignell three months in North Bay jail for highgrading from the O'Brien and Millerette mines in Gowganda.

Death List Is Now Seven.

Newark, N.J., Sept. 10.—The death list resulting from the accident at the motordrome Sunday, when Eddie Hasha crashed into the grand stand on his machine during a motor-cycle race, was increased to seven yesterday by the death of E. Barnett, whose skull was fractured.

Three other victims, two of them boys under fourteen years of age, are not expected to survive. The coroner has decided an inquest unnecessary.

Black Diphtheria Kills School Girl.

Kingston, Sept. 10.—Miss E. Rollins, aged 13, daughter of S. Rollins, Tweed, Ont. died of black diphtheria. She was in good health and attending school, and died after a day's illness.

356th Bargain Annex Event — The CRESSMAN Company Limited — Wednesday, Sept. 11th, 1912

ELLIOT'S
PETERBORO

TO SEE MR. BECK

Members of City Council Going to Toronto Next Monday.

The City Council will go to Toronto on Monday, September 16, to interview the Hon. Adam Beck, on the subject of Hydro Electric power for Peterboro, a letter having been received, with the information that Mr. Beck would be in Toronto on that date. It was read at the meeting last night.

"Its important for you gentlemen to hear where we stand," said the Mayor, "and I hope you will all be there."

WEDDING BELLS

HARDING—MALCOLMSON.

The marriage of Miss Elizabeth A. Malcolmson, daughter of the late, Captain John Malcolmson, to his honor Judge Harding, of Lindsay, took place at St. Paul's church, Hamilton, on Saturday, Sept. 7th. The Rev. W. H. Sedgewick, B.A., officiated.

The bride was given away by her brother, Mr. A. T. Malcolmson, of Boston, Mass.

Only immediate relatives of the families were present, owing to a recent bereavement in the bride's family.

After the ceremony the bridal party returned to Waveney, the residence of Mr. Harry B. Witton, brother-in-law of the bride, and later in the afternoon left by the T. H. & B. for the east.

Upon their return they will reside in Lindsay, Ont.

BUILDING TO BE INSPECED

Consideration in Mr. Eastwood's Case Asked for.

Building Was Erected in Violation of the By-law.

A committee of the City Council and Mr. E. A. Peck, will inspect the Eastwood building on Hunter street to-day and the committee will report to the council.

At the meeting last night, Mr. Peck spoke on behalf of Mr. Eastwood with a view to having the matter further considered. Council recently refused permission to allow the building to be erected as it did not conform with the by-law. Mr. Peck submitted that the building was substantially built and not dangerous to other buildings. The trouble appears to be that Mr. Rutherford, the contractor, ignored the council's mandate, in not providing for walls as specified in the by-law.

Several members of the council did not feel that an exception should be made in the case.

LAKEFIELD FAIR
Sept. 17 and 18.
The Annual Exhibition of the Lakefield Agricultural Society will be held in the New Grounds of the Society on Tuesday & Wednesday, September 17th and 18th. 1912. For prize lists, programme, &c. apply to T. Braden, Pres., or W. Sherin, Secy., Lakefield, Ont. 3d1w

HE WAS JUST "PULLING OUR LEG"

Our American grocer friends in passing up and down the streets make free and friendly comment. Their opinions are fresh and entertaining. They are keen business men, but to see the facetious side, if there be one to see.

A sign in the window of the Peterborough Lumber Co. drew attention of a knot of strollers. The card stated that men were wanted for the woods. One venturesome soul, who seeking information, and with the remark that they never saw such a placard in his country, went into the office and asked what the men for the woods were expected to do, was told to fell trees and cut timber, "Gosh," he said, "I honestly thought they were wanted to shoot rabbits." Some idea of the New Zealand rabbit plague must have been lurking in the genial American brain.

57TH REGIMENT

Headquarters,
Peterborough, Sept. 9th, 1912.

Orders by the Officer Commanding 57th Regiment, Peterborough Rangers:

The Regiment with both bands will parade in drill order at the Armories on Tuesday, 10th inst., at 8 p.m., and on each Tuesday hereafter, at the same hour till further orders.

By order,
D. WALKER, Bt. Major,
Adjutant.

Police Court

The case of William Neal, charged with attempted murder is called for Police Court to-morrow.

Queen Mary is learning to play golf at Balmoral.

Autumn Exhibit

A Comprehensive Exhibit Formally Revealing the Authentic and Approved Fashions for Autumn.

This Important Store Event is Announced to Begin To-morrow, and Continues Through Thursday, Friday & Saturday.

OUR OPENING EXHIBITS are considered style-events of greatest importance in this city, so we announce that the dominant notes of the Autumn styles are Directoire and Pannier. The modes we so carefully and painstakingly selected are the styles accepted and worn by the critical dressers. And it is this wide recognition of this store as the leading style authority of this section that spurs us on to outdo each season all former efforts. Important and broad as our past season exhibits have been you'll admit that our present exhibit far surpasses them all in beauty, completeness and comprehensiveness.

OF COURSE, such superb and vast stocks of new merchandise cannot be gathered over night. It has taken many weeks of the most tireless effort, keen discriminating, and careful searching in the leading style and industrial centres of the world, to gather this complete and intensely interesting style exhibit. The latest and most beautiful modes that fashion has approved for Autumn and the newest merchandise ideas are on display. The styles for the forthcoming season are more beautiful than ever.

REMEMBER, that you are to be our guest on Wednesday, Thursday, Friday & Saturday, to view at your leisure the correct fashions for the forthcoming season. Just come, see, admire. We bid you welcome.

See our show windows to-night if you want to see the finest and most attractive window display ever seen in Peterborough

RICHARD HALL & SON LIMITED

A Bid For Trade.

London, Sept. 10.—(C.A.P. Cable.)—Dr Stresmag, one of the managers of the powerful Hansa League of German Merchants and Manufacturers, will leave for America to-day to attend the International Congress of Chambers of Commerce at Boston and afterwards will proceed to Toronto, where he will address a meeting of Canadian and German business men.

The meeting is called for the purpose of organizing a German-Canadian Commercial League, which will maintain an active organisation in both Canada and Germany, and will aim at the systematic development of trade between the two.

Toronto Man Fined at Border.

Niagara Falls, Ont., Sept. 10.—H. Lauine of Maria street, Toronto, was fined $50 by Magistrate Fraser for making false representations to immigration authorities.

Accompanied by Morris Rubenstein, who had a passport belonging to Jacob Robsky, Toronto, and Mrs. Rubenstein, whom Lauine claimed to be his wife. Lauine was arrested. He told the court the woman was his sister and that he was bringing her to Canada to nurse his better-half, who was ill.

The Rubensteins were deported.

A diplomatic courier from Rome arrived at Chiasso yesterday and handed over to the Italian delegates a sealed despatch bag, containing new instructions respecting a peace settlement with Turkey.

County Court

The trial of Harry Johnston, accused of indecent assault upon Ellen Nicholson, which was to have taken place to-day, was again adjourned until Sept. 21st.

Meanwhile, the prisoner is allowed out on bail.

An audience in Queen's Hall, London, hissed a selection of music by Arnold Schonberg, billed as "an essay in dissonance." Sir Henry Wood conducted the orchestra.

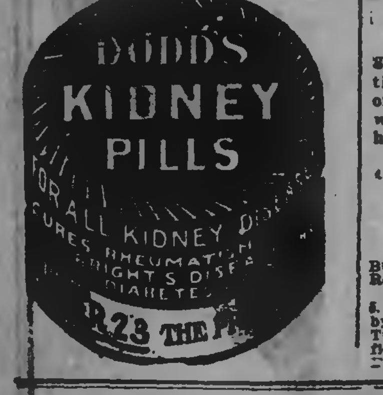
ROSS CRAIG THROUGH WITH RUGBY HE SAYS

Hamilton, Sept. 10.—Ross Craig, the big wing man who played with the Alerts last year, and who gained the distinction of being the greatest line plunger of the year, is out with the announcement that he is through with football. Craig is now employed in the customs department here, and it was fully expected that he would be one of the first men to turn out with the local O.R.F.U. team, as it was through the efforts of some of the officers of the club that he secured the government position. He claims that rugby is no game for a married man, although there is a chance that he will change his mind between now and the opening of the season. Craig's absence from the Alert line would certainly leave a gap that the management would have trouble in filling.

Local followers of the autumn game would like to see Ross continue his gridiron career. He is one of the Peterborough boys, whose work last season was a credit to himself and to his home town.



BASEBALL YESTERDAY.

The International.

—First Game.—

Buffalo .... 3 0 1 0 0 0 1 0 0—5
Rochester .... 0 0 0 0 2 0 0 0 0—2

Second game—		R.H.E.
Brooklyn	0 0 0 0 0 0 0 0 2—	2 7 1
New York	5 0 0 0 0 0 2 0 x—	7 13 4

Batteries—Ragon, Curtis and Erwin; Mathewson and Wilson.

The only games played yesterday in the National and American Leagues.

American League Scores.

No Monday games scheduled.

Tuesday games: New York at St. Louis, Philadelphia at Detroit, Washington at Cleveland, Boston at Chicago.

BREEZES FROM THE DIAMOND

Most of the New England pitching records are held to-day by Wolfang of Lowell, who, for ten innings pitched a no-hit, no-run, no man on first game against Lynn. Lynn got a single in the eleventh and one in the twelfth, but Wolfang won his games 1 to 0.

Pete Behan, who was with Guelph all season, pitched a no-hit game at Bradford, Pa., on Saturday last, and on Monday pitched a 12-inning game to a 2 to 2 tie. He allowed but four hits in 21 innings.

New York, September 9.—Something new in equipment for a baseball stand may be seen this month at Washington Park, the home of the Brooklyn Nationals. In all the stands, President Ebbets has installed a series of megaphone horns, electrically connected with a central instrument in the press box.

Through the central instrument an employe repeats all the umpire's decisions, and also announces the names of the players as they come to bat. All this is given out simultaneously in crisp tones from the horns in all sections of the amphitheatre.

A LESSON FROM BASEBALL.

Always Save Something For the Time When the Pinch Comes.

In his book, "Pitching In a Pinch," Christy Mathewson has some good advice to offer to boys who would like to be successful pitchers, and it is not hard to read in his words a lesson of life as well.

"Some pitchers," says the veteran, "will put all they have on each ball. That is foolish for two reasons. In the first place, it exhausts the man physically, and when the pinch comes he hasn't the strength to last it out."

The pinch, it may be here interpolated, is what pitchers call the inning that comes in most ball games, on which hangs victory or defeat. And when the pinch comes it is a case of the batter's nerve against the pitcher's.

"But, second and more important, it shows the batters everything that he has, which is senseless. A man should always hold something in reserve, a surprise to spring when things get tight. If a man has displayed his whole assortment to the batters in the early part of the game and has used all his speed and his fastest breaking curve, when the crisis comes he has nothing to fall back on.

"Like all youngsters," continues Mr. Mathewson reminiscently, "I was eager to make a record during my first year in the big league, and in one of the first games I pitched against Cincinnati I made the mistake of putting all that I had on every ball.

"We were playing at the Polo grounds and the Giants had the visitors beaten, 2 to 0, going into the last inning. I had been burning them over, trying to strike out every batter and hadn't held anything in reserve. The first man to the bat in the ninth got a single, the next a two bagger, and by the time they had stopped hitting me we had lost the game 4 to 2.

"I was very much down in the mouth over the defeat after I had the game practically won, and George Davis, then manager of the Giants, noticed it.

"'Never mind, Matty,' he said; 'it was worth it. The game ought to teach you not to pitch your head off when you don't need to.'

"It did," concludes Mr. Mathewson. "I have never forgotten that lesson."

A perfect mutual understanding on all pending questions of foreign policy, especially in regard to the Near East, has been reached between Germany and Austria.

Thirty-five people were injured, five fatally, when a radial car hit a brewery truck near Cleveland, Ohio.

TO CALL SENATE.

Taft May Have Special Session to Consider Mexico.

Washington, Sept. 10.—It is generally believed in official circles here that Congress will be convened in extra session on Oct. 7, to deal with the situation in Mexico. President Taft has already notified the Mexican Government that he will send troops across the border unless American citizens in Mexico are better protected in the future, and Congress will be asked to stand by the administration.

All army officers have been ordered to rejoin their regiments and a number of coasting vessels have been secured for the transport service. The situation is regarded as critical.

U. S. Officers to Scene of Battle.

Marfa, Texas, Sept. 10.—Ajinaga, Mexico, opposite Presidio, Texas, is being attacked from two sides by 400 Mexican rebels. The battle commenced at three o'clock yesterday afternoon. A bullet from the Mexican side struck an American at Presidio, piercing his hip. A party of U. S. officers left Marfa for the scene of the engagement early last night. Marfa is fifty miles from the border.

TELEGRAPHIC BRIEFS.

It is said that J. Pierpont Morgan has offered to undertake the task of uncovering Herculaneum at his own expense.

Two villages in Armenia have been pillaged and twenty-eight of the inhabitants killed by the Kurds. Another village has been destroyed by fire.

James B. McNamara, serving a life sentence for murder at St. Quentin, Cal., was operated on Thursday at the prison hospital for appendicitis. He will recover.

Official announcement was made yesterday of a scheme by New York capitalists to run a street railway along Hamilton mountain brow at an expense of nearly $1,000,000.

The general store of Wesley Babcock, at Hartington station, on the Kingston & Pembroke Railway, was completely destroyed by fire yesterday. Loss $2,200, with no insurance.

William Romain was arrested at Montreal yesterday by his mother-in-law twenty minutes after his wedding. Mrs. Alfred Maringet accuses him of stealing a stove and several other articles of furniture.

The Ontario Department of Agriculture this year has placed a special man at the fall fairs throughout the province to protect the public against the grafters and sharks who rob the public by all manner of games of chance.

Typhoon In Chekiang.

Shanghai, Sept. 10.—An immense loss of life is reported in mail advices which have just been received from Wenchow, in the Province of Chekiang. The Chinese estimates give the death roll as between 30,000 and 40,000 as the result of a typhoon, combined with torrential rains and high tides which occurred on Aug. 29. Great floods followed and the upper Wenchow River overflowed its banks and swept over a vast area.

The town of Esingtien, about 40 miles to the northwest of Wenchow, was overwhelmed and 10,000 of the inhabitants were drowned. Various other towns and villages were destroyed, and the prefecture at Chuchow, which is an important missionary station, was washed away.

To Unify Empire Trade Marks.

London, Sept. 10.—(C.A.P. Cable.)—The Colonial Office has received favorable replies from the Canadian and Australian Governments in reply to a memorandum issued some months ago inviting the overseas dominions to pass legislation making for the unification of Empire trade marks and patent laws. It is understood the Canadian Government will introduce a measure at the next session.

A FEW REASONS WHY A

HAPPY THOUGHT RANGE

IS SUPERIOR TO OTHER RANGES

1. The **Happy Thought** patented features can be found nowhere else. They include the pyramidal oven, illuminated oven, oven damper, reservoir damper, etc.
2. The **Happy Thought** has the deepest and most economical firebox, the most scientifically arranged flues, properly proportioned oven, and largest top cooking surface.
3. The **Happy Thought** oven cooks equally well in every part, whether on shelf or oven bottom, or any corner, or centre.
4. The **Happy Thought** waterfront is the most powerful known. The reservoir will boil water.
5. The **Happy Thought** dampers give you absolute control over the fire, which may with ease be retained for thirty-six hours.

The Fact that nearly Two Hundred Thousand Happy Thoughts are in use in Canada shows how extremely popular they are.

Let Your New Range be a Happy Thought

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

A SOCIETY OF SOME WORTH.

To the Editor of the Review.

Dear Sir,—Kindly allow me to insert the following in your valued paper.

My ears were still ringing with the praises of Peterborough as a musical-loving city when I first arrived here a little over a year ago, and I am quite willing to concede that so is the fact, but in one particular branch of the art it is woefully lacking in organization. I am referring to choral singing.

In the early months of this year the St. George's Choral Society was formed under the most auspicious circumstances, but though quite a few singers joined the society, there has not been the influx that should be expected from a city of Peterborough's size and importance.

As the society is absolutely undenominational and open to all British subjects, one would expect that the choir members of all the churches in the city would practically unanimously join the society.

The society adjourned its practices during the hot summer months, but will be starting again on Tuesday, the 10th of this month, and any choir members or lovers of music who will then put in an appearance will be heartily welcomed as members.

An ad. will be inserted in the evening papers for Monday evening announcing when and where the first practice will be held.

As the society has undertaken to produce the "Messiah," the best talent in the city is necessary to pull it through with success, especially for the solo parts, and therefore it is earnestly to be hoped that they will not go on to their high stilts and demand a personal coaxing. I myself, as a humble member, hope to see a noble turnout on Tuesday evening.

I feel assured that if this society is given the support it deserves, the defect in this branch of the art will be remedied.

I think that taking this society from a technical, educational standpoint, it is fully worthy of interest to our city fathers, or the education committee in such a manner as would profit the society.

Allow me to assume the nom de plume of

MUSICUS.

Our correspondent is right, both in regard to a lack of public spirit in so far as the formation and keeping up of a musical organization that would be representative of the talent and ability that is extant in the city.

If our correspondent looks over the field he will realize that it is not the lack of musical capital, but the will to employ that capital that prevails. The most serious obstacle is the numerous and incessant calls to shine in amusements. The time that should rightly be devoted to the study of music—as a body—is frittered away. So that is this, and so emasculating the effect that there comes a positive aversion to devoting a part of time to improvement.

Years ago, when there were no hockey rinks, no roller rinks, no baseball, no moving picture shows, young men and women came together and under instruction gained a knowledge of vocal music that was a pleasure and a refining influence, and an education as well. That time has passed away, and with it, seemingly, the wish and will to study and sing for the joy of singing.

If our correspondent can do anything—no matter how small—to direct personal taste and effort into other channels than it is now flowing, he will accomplish much for personal and public good. But he will find it uphill work, not for lack of material, but from a placid indifference.

SHOW ALL POSSIBLE ATTENTION

To the Editor of the Review.

Sir—Will you be good enough to say that Federal Government employees in West Peterborough, are hereby requested to show Sir Wilfrid Laurier, the Hon G. P. Graham and the W. P. Liberal Association all possible attention and consideration during the coming visit of Sir Wilfrid to Peterborough.

I should like also to say that government employees need not fear charges of offensive partisanship if they attend political meetings or in any other way enjoy the freedom of citizenship without undue interference.

ELECTRIC CITY AS A BOOSTER

(WANTED—AUTO INDUSTRY)

FOR THE TOWN OF LINDSAY

Says the Lindsay Post:—Some months ago when the Industrial Commission was negotiating with the Fitzsimmons automobile industry with a view to having it locate in Lindsay they met with strong opposition from Peterboro'. That city was quick to recognize the importance of the industry and threw out every possible inducement in order to land it. When it was ascertained that Lindsay's advantages appealed strongly to the members of the firm, they were invited to a conference in the Electric City, and were informed that in case the citizens of the city did not carry a by-law to assist the concern, that certain citizens were prepared to put their money into the industry, as they knew a good thing when they saw it.

Last week a Peterborough citizen in talking to a Post reporter stated that Peterborough would have been delighted had they landed the industry. It was a bonanza for any town, and Lindsay was to be congratulated on securing it.

THEATRICAL

THE FLIRTING PRINCESS

Barry Bulger, the comedian, received a fine welcome from a fairly large audience at the Grand Theatre last night.

The musical comedy is one of the kind known as a "jumble of jollification," and has very little in the way of a plot.

Barry Buger had only three songs and with these he made a hit, especially, "What Us Poor Girls Go Through," his burlesque acting and his absurd dressing in burlesque character, were one of the bright spots in the show.

His two most capable assistants were Miss Eileen Sheridan and Miss Dale Fuller. Miss Sheridan has a pleasing voice and her songs, "Gloomy Glooms," and "My Jack O'Lantern" were instant successes. She also gave a pianologue, which was the hit of the evening.

Miss Helen Darling as "The Flirting Princess," had a pleasing voice and her main song, "Cairo, My Dainty Cairo," was very pleasing. Another popular piece was "I've been Kissed in San Francisco."

The chorus was well trained and could sing and dance well.

The company went to Hamilton this morning.

Low Rates to London For Western Fair

WHAT THE COUNCIL DID LAST NIGHT

Decided to meet Hon. Adam Beck in Toronto in the interests of Hydro-Electric power for Peterborough.

Passed a by-law governing and regulating Traffic.

Decided to inspect the Eastwood building on Hunter street.

Asked Property Committee to investigate Charles Scrivers' accounts re garbage collecting.

Passed a by-law setting the license fee for moving picture houses at $50, and Roller Rink at $50.

Quite So.

"It is hard to please everybody."

"And also undesirable."

"Undesirable?"

"Certainly. Who'd want to please some people?"

Wouldn't Be Appreciated.

"I should like to be good."

"Then why don't you?"

"Gracious, people would think I was crazy!"

Empty.

The burglar spied a vacant house
Upon a lonely lot
And thought that he would take a chance,
But that was all he got.

Cook's Cotton Root Compound

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

Lost Their Valuables.

Brantford, Sept. 9.—Wagner and Miller, members of the Brantford ball club, mourn the loss of gold watches, Wagner also losing $50 in cash as a result of the club's visit to Hamilton on Friday last.

The watches and money were deposited with the clerk at the New American Hotel and during the players' absence strangers called and stated they had been sent by the players to secure their property.

The clerk handed it out to them and the theft was discovered an hour later.

Three Men May Be Lost.

Gimli, Sept. 9.—The gasoline boat with three men which left this place Friday morning to go north and bring back a party who were duck shooting, was seen about 10 o'clock Friday at Arnes, about two miles from the beach and seemed to be drifting back. As the lake was very rough and a high wind blowing, great fears are entertained that they are lost. Arrangements are being made for a tug at Winnipeg Beach to go in search of the party.

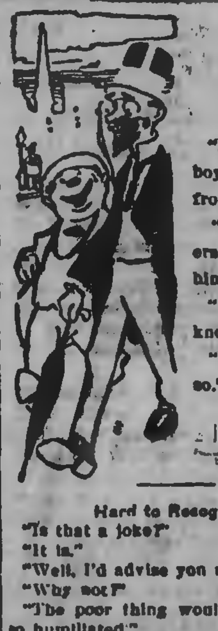
Rules Too Severe.

Washington, Sept. 9.—Representatives of many steamship companies are here to protest to a conference of U. S. inspectors against the blanket regulations for life-saving equipment, promulgated as one of the results of the Titanic disaster. The companies operating upon inland lakes and over ocean routes close to shores contend that such stringent regulations as apply to ocean-going ships should not be applied to them.

U. S. Troops Go to Border.

Beverley, Mass., Sept. 9.—President Taft Saturday afternoon authorized Major-General Leonard Wood, chief of staff of the U. S. army, by telephone to despatch at once two more regiments of cavalry to the Mexican border. No authorization was given by the President to have the troops cross the border.

The President regards the situation as grave.



He Should Know.

"I hear your boy was expelled from school."

"Yes; the teachers had it in for him."

"How do you know?"

"He told me so."

Hard to Recognize.

"Is that a joke?"

"It is."

"Well, I'd advise you not to tell it."

"Why not?"

"The poor thing would probably be so humiliated."

W. L. DOUGLAS SHOES

need no introduction. For over a quarter of a century they have been the most extensively advertised, easiest-selling shoes in the world, and to-day they are the standard of quality everywhere. They are sold by over 11,000 shoe dealers, as well as through a chain of 78 Exclusive W. L. Douglas Retail Stores, situated in 45 of the principal cities of the United States.

From the Shoe and Leather Journals.

Sole Agent for Peterboro and County

Coal Results

¶ We sell the very best quality of hard coal, as good as we know how to buy.

¶ Are you getting results from the coal you are now using? Are you sure it is good? Are you burning it the right way?

¶ There is a deal of difference in how you handle the range or furnace. Our long experience tells us that fact, and we are ready to advise any in doubt as to the best way to make use of coal as fuel.

THIS IS EXHIBITION WEEK
AT FAIR'S

The exhibits are winners in every way. They won the highest place in the markets from which we procured them. They again won first choice from us when we made our selections, and last, and what we value most of all they have **won the unstinted admiration of the interested vistors to Fair's big store.**

In every department those in charge have made a special effort to display the most attractive in stock, and the whole store has become imbued with the spirit of annual exhibition. But the most special displays are made in—

Millinery, Ladies' Ready-to-Wear, The New Fall Dress Goods, Silks, Housefurnishings

In these sections there is a freshness, a richness and an up-to-the-minute appearance, that stands the closest investigation, and prices are unexpectedly moderate, prices considered.

A cordial invitation is extended to the ladies of the district, to pay a visit of inspection as early as possible.

ROBERT FAIR & Co., Ltd.

$50 FOR PICTURE HOUSES
(BY-LAW IS PASSED)
$50 FOR THE ROLLER RINK

[illegible] $50 for the moving picture houses and $50 for the Roller Rink. [illegible] the by-law read at council meeting last night, and was carried.

The license fee of $50 for the Roller Rink does not include the skating rink. The $50 fee goes, whether the owner, John Meharry, operates the rollers one week or one year and the same applies to moving picture houses.

Mr. D. O'Connell was present in Mr. Meharry's interests and he claimed the proposed $100 was an unjust discrimination. He pointed out that the recreation derived from rollers was beneficial to the young people, in fact it was recommended by physicians. Meharry had operated the rink for seven years and was paying a yearly tax of $358 to the city. It was a well conducted and respectable institution. The license fee in other places he quoted as follows—Toronto and Stratford, $50; Kingston, $30, Hamilton, $25, Lindsay, $25; and Guelph, $10. At Collingwood, Midland and Barrie, there was no fee.

Mr. O'Connell asked that the fee be placed at $25.

400 IN COMPETITION BUT MR. J. McNABB TOOK GRAND PRIZE

Mr. J. A. McNabb, window display artist of Richard Hall & Son, Limited, now has in his possession an elegant and extremely handsome recognition of his cleverness in arranging striking and attractive exhibits. It is in the form of a silver loving cup awarded him for submitting the best collection of display windows planned and executed by himself during the year 1912. The coveted trophy was won by Mr. McNabb at the first Canadian Window Trimmers' Convention, held in Toronto, August 21st, 22nd and 23rd, this year. It was presented by the Dry Goods Review of Toronto.

An important factor always considered in judging window displays is their value as a selling medium. Three recognized authorities conceded to be leading men in their line of work, judged the collection of display photographs, submitted by Mr. McNabb to be thoroughly worthy of the grand prize. The judges were, H. Hollingworth, of Robert Simpson Co., Limited, Toronto; A. E. Apted, of T. Eaton & Co., Toronto, and Jerome Kroeber, of Strawbridge & Clothier Co., Philadelphia. The trophy may be seen to-morrow when the windows of Richard Hall & Son will be exhibited showing the latest fall fashions.

Mr. McNabb only submitted a group of eight photographs in one class of the competition, and nothing was further from his mind than the thought that he would annex the grand prize, contested for by four hundred window trimmers in the Dominion of Canada.

WORK DONE AT CONFERENCE

Told by Word and Picture at Knox Church.

Mrs. Fee Gave Missionary Talk About Chinese Work

The Young People's meeting held in Knox Church last night was fairly well attended by the younger workers representing the different churches of the city. Mr. Cecil Williamson ably performed the duties of chairman, and presided over a successful meeting. The program published in yesterday's issue of the Review was presented and the speakers gave a clear and interesting account of the proceedings at the recent Whitney Conference, and a brief summary of the work carried on there.

Mrs. Fee, in an inspiring narrative of her experiences in China, told how they had taken into their care a crippled Chinese orphan boy, and how he became imbued with the truths of the Christian religion and was now engaged in a wonderful work, converting his fellow Chinese.

At the close of the platform meeting, a large number of slides, illustrating the Whitney Conference, were thrown on the scene, and they pictured the activities of the workers at the conference.

The musical contributions formed a very enjoyable portion of the program.

After the meet[illegible] many expressions of appreciation were heard.

LOCAL NEWS ITEMS

Norwood Fair will be held at Norwood on October 8th and 9th.

"Gillie" Kearns had his leg [illegible] and bruised at the Roller Rink on Saturday night when he collided with a post. His wounds are rapidly healing and he is working again to-day.

NEW OFFICER ON THE FORCE

P.C. Kane Resigns and Jas. Bullied is Appointed

Police Officers to be on Duty at Fair Grounds

Joseph R. Bullied has been appointed to the city police force to fill the vacancy caused by the resignation of P. C. Kane. Chief Thompson recommended the appointemnt. The new officer will go on the force as a probationer for three months at a salary rate of $600 a year.

Mr. Bullied is a likely looking officer.

Visitors to the Peterborough Industrial will enjoy ample police protection as Chief Thompson will have a couple of officers on the grounds Fair days.

SAW THE WOOD JOHNSON DUEL

Mr. W. Coros Was One of the Forty-two Thousand.

Mr. "Bill" Coros of the Boston Cafe has returned from a two weeks vacation, spent in New York and Boston.

"Bill" witnessed the memorable struggle between Boston and Washington last Friday, when Joe Wood pitching for the Red Sox, defeated Walter Johnson, of the Senators, by 1-0 score. There were 42,000 people at this game.

After all there is just *one best range* on the market—it is called 106

McClary's Pandora Range

Sold by ADAMSON & DOBBIN.

TEN STUDENTS WRITING EXAMS.

For Entrance to the Normal School Which Opens Sept. 24

Starting this morning and continuing to-morrow and Thursday, ten prospective Normal students are writing on their preliminary examinations at the local Normal School. If they are successful in these exams, they will be entitled to admission to the Normal School, which opens for the fall and winter term on Tuesday, Sept. 24th.

NEW OFFICERS FOR P.C.I. ATHLETIC ASSOCIATION

Douglas Huycke is President —Much Interest Evinced I Rugby Prospects.

The annual meeting of the P.C.I. Athletic Association was held yesterday afternoon to discuss the prospects and arrangements of the Collegiate sports for the coming season. The election of officers was held and resulted as follows:

Hon. Pres.—L. J. Pettit, B.A.
President—E. Douglas Huycke.
Vice-Pres.—J. M. Brooks.
Secretary—Loyd Stewart.
Treas.—Harold Hill.
Baseball Representative—Meredith Huycke.
Hockey Rep.—Gordon S. Matthews.
Rugby Rep.—Heber Rogers.
Basketball Rep.—Roy Smith.
Tennis Rep.—Herbert Dixon.

Although a great deal of interest was manifested by the pupils in all these games, it became evident from the meeting that Rugby will be entered into with more spirit than the other games this term. The P.C.I. has two St. Michael's players who held down positions on the second team of that college last year, and it is felt that the P.C.I. Rugby team will be unusually strong this season. The election of form representatives to the executive took place to-day.

DO YOU REMEMBER "CHARLIE'S AUNT"?

Etien Gerardot the Original "Aunt" Appears Here in an Equally Funny Play on the 13th and 14th.

The Bachelor's Baby is a comedy of action, as apart from a comedy of dialogue or scene, and there is not a dull moment—quiet might almost be the word—in the play, and so grotesquely amusing are the incidents in it that the audience is in one huge roard of laughter from the rise of the first curtain to the fall of the last.

And while the play amuses it never fails to appeal to the hearts of its audience. The picture of the hardened young bachelor, who is a sworn enemy of babies and all things connected with babies, being won over by his little orphan niece, is an exceedingly pretty one, and there were many wet eyes in the Russel Theatre last night at the scene where Tommy has to part with the kiddie he began by fearing, and has ended by adoring. All this is written with supreme delicacy and feeling, and it is indeed touching to see how a little child's simplicity and sweetness can soften the hardest convictions. In fact the only thing that seems to stop Mr. Girardot and his excellent company in their fun is to give the audience a chance to get its breath and ease its aching sides. Really the troubles that pursue poor Tommy Beach—the Bachelor—and baby hater supreme after he is reluctantly saddled with his brother's orphan, make one of the wittiest comedies of modern times.

First and foremost in the cast of course is Mr. Etienne Girardot. Without a shadow of doubt Mr. Girardot is a very finished comedian, and he never loses his grip on the audience. He has splendid opportunities in The Bachelor's Baby, and takes advantage of ever one of them. What is much more, he shows a very tender side to his histrionic abilities. For the way in which the little girl wins her way to her uncle's heart is very pretty and touching. Mr. Girardot's performance was really excellent and indicates that he will in it score an even greater success than as Charley's Aunt.

One of the most important parts in the comedy is of course that of little Miss Martha Beach, the kiddie who causes all the complications, and litttle Miss "Baby" Wilson is wondefully fascinating and clever for her age, and brings forth the rapturous admiration and praise of all who see her.

As poor Thomas' fiancee Miss Dorothy Turner is as clever as she is handsome, and that is paying her no mean compliment. She quite won her way into the hearts of the audience last night and established a strong bond of sympathy. She is bright and vivacious, with an excellent speaking voice and charming stage presence, and her every effort was artistic and highly pleasing. Miss Lena Lorraine has a part which is not a sympathetic one, but she gives it a most admirable interpretation. Her diction is strikingly clear and her presence is intelligent and effective. Other performers worthy of more than casual praise were those of Messrs. Louis Dale, Hugh Wynne and Percy B. Hopper, as Thomas Beach's lawyer, butler and a policeman respectively; and of Miss Helen Davidge as Thomas' future mother-in-law and aunt. The play is wonderfully well staged, in fact, the scenery is really beautiful.

The original production by Francis Wilson was not equal to that given by Colonial Co. who present the comed. The stairways, etc., are the real things the furniture is genuine mahogany, and every attention is paid to detail. The costumes are also exceptionally fine. Miss Turner in particular wears a number of stunning gowns.

The Bachelor's Baby will be the attraction at the Russell for the balance of the week, with a matinee on Saturday.

Those who have enjoyed Charley's Aunt must be sure to see this. It was one of the greatest New York successes last season. It will be at the Grand here on Friday and Saturday next, 13th and 14th.

PERSONALS

Miss Dorothy Hairstone, Belmont Avenue, left this morning for Toronto, where she will attend the Westburn Ladies' College.

Miss Coventry leaves to-day to take up her new duties on the Toronto University staff, girls' gymnasium, severing her connection with the local Y. W. C. A. during the past five seasons. Her many friends are pleased to know of her advancement, and wish for her further success.

Dr. de Van's Female Pills
A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at $5 a box, or three for $10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

WINTERY WEATHER FELT IN ENGLAND

North Yorkshire Has snow and Sleet While London Has Temperature of Last Christmas Eve--Intervention of Labor Party Turns an Election Into Win for Unionist.

Special To The Review.

London, Sept. 11—Wintery conditions prevail in England, with bitter northerly winds and unusually low temperatures. Snow and sleet fell in North Yorkshire. London's temperature at noon yesterday, was the same as that of last Christmas Eve. One woman who spent the night in the open air in Surrey, died of exposure.

Special To The Review.

London, Sept. 11—Major J. A. Hope, Unionist, was to-day elected member of parliament for Midlothian, Edinburghshire, in succession to the Master of Elibank, recently elevated to the Peerage. Hope's majority over Alex. Shaw, his Liberal opponent was thirty-two. The loss of the seat to the Government was due to the intervention of the Labor party.

SLIPPERY WITNESS IS THE MAYOR OF NEW YORK

Gaynor Three Times Threatens to Refuse to Testify

Denounces Hearing as a Scandal Mongering Excursion.

New York, Sept. 11.—For about two hours yesterday afternoon Wm. J. Gaynor, mayor of New York, sat in a witness chair at the City Hall, and parried with picturesque retort and evasion the attempts of counsel for an aldermanic committee to learn his views on the police situation brought to a head by the murder of the gambler, Herman Rosenthal.

Three times he threatened to leave the stand because he considered the questions irrelevant; twice he denounced the hearing as a scandal mongering excursion and often throughout his testimony he repeated that attempts to "scandalize him" would be in vain, for, he said, he had lived in the city too long and had begun his efforts to purify government long before Emory R. Buckner, counsel for the committee, was born.

At no time during his examination would he admit that the police department was inefficient. He expressed renewed confidence in Commissioner Waldo and declared that if the social evil flourished it was at least on the decrease and was a lesser evil than police blackmail, which he had tried to eradicate.

Four brother inspectors of Cornelius G. Hayes, recently reduced by Police Commissioner Waldo for making alleged false statements reflecting on the commissioner, took the witness stand at police headquarters yesterday afternoon in behalf of the department and swore that Waldo had never instructed them not to molest disorderly houses.

Hayes' trial was concluded last evening, decision being reserved.

U. S. Riflemen Arrive.

Ottawa, Sept. 11.—The team of riflemen who will represent the United States in the contest for the Palma Trophy arrived in Ottawa yesterday morning. The team was chosen as the result of the National Rifle matches at Sea Girt, N.J. They represent the cream of American crack shots.

The Canadians are practicing steadily at Rockliffe under Lieut.-Col. Helmer.

Car Strike at Duluth.

Duluth, Minn., Sept. 11.—The street car strike situation here yesterday remained strained, with sympathisers talking of further outbreaks against the car company and the imported "strike-breakers."

About fifty per cent. of the cars are running. Thirteen arrests were made in Monday night's rioting.

PORT NELSON NOT CHOSEN

As Terminu of the Hudson Bay Railway.

Ottawa, Sept. 11.—There is absolutely no foundation for the despatch sent out from here some days ago to the effect that Hon. Frank Cochrane had decided upon Port Nelson as the terminus of the Hudson Bay Railway.

"You can say that neither Nelson or Churchill has yet been decided upon," said the Minister of Railways and Canals, yesterday afternoon, when asked regarding the matter.

"There are many important considerations to be taken into account before a decision is announced," he continued.

"An early decision will be reached. but the question must be thoroughly gone into in Cabinet Council."

EARLY SESSION OF THE HOUSE IS LOOKED FOR

Premier is Anxious to Get to Work, and Declines Invitation From Halifax.

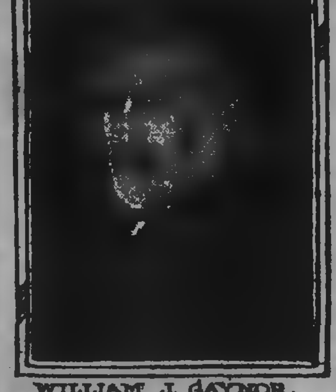
Ottawa, Sept. 11.—Wth Premier Borden in harness again and most of the Cabinet Ministers back in the administrative chairs of their Departments, political events are already shaping into a more definite course.

Already it is apparent that Mr. Borden, while realizing the tremendous amount of work to be taken up in Cabinet Council, in the way of getting legislation ready, is, nevertheless, anxious that Parliament should meet as soon as possible. For this very reason, the Premier declined a pressing invitation to go to Halifax and open the exhibition there, extended him by a delegation from his native province, who came to Ottawa to attend the banquet given in his honor last night.

Hon. J. D. Hazen, who was to have gone to the Pacific coast to look into a long-standing fisheries dispute, will likely postpone the trip until a later and more favorable date, and the first meeting of a full Cabinet since early last spring will be held this afternoon. It is expected that at its close Mr. Borden will be able to give some information as to when he considered it possible for the House to meet.

It is not very probable that should the Government decide to bring down its permanent naval policy this session, it will meet the House without that policy being decided upon. Mr. Borden, however, has said that no definite conclusion can be reached before the arrival of full and final information "which is yet to be secured from the British Admiralty." Should the information in some conceivable manner be delayed, it would seem to follow that the meeting of Parliament must be delayed also, provided, of course, it is the intention to bring down a permanent policy this session.

Developments of the next few days are expected to clear matters considerably.



WILLIAM J. GAYNOR.

He is backward in giving his views on the New York police situation.

Police Inquiry Sept. 23.

Toronto, Sept. 11.—Inspector Walter Duncan of the Toronto detective department, has been suspended until Sept. 23, when the investigation into the Farmers' Bank case and other cases will be opened. The enquiry will be public.

That was what the police commissioners decided at a special meeting in the City Hall yesterday afternoon.

Alex. Yeats of Calgary, formerly of the local police department, will be brought here as a witness, and other out of town men, formerly connected with the Toronto police department, will likely be called upon to give testimony.

All German Dreadnoughts, as fast as they are completed, are to be stationed at the powerful North Sea base at Wilhelmshaven, instead of in the Baltic.

EUCHARISTIC CONGRESS ON

Delegates and Visitors Numbering 350,000 to Gather in Vienna.

Vienna, Austria, Sept. 11.—Under the protection of his apostolic Majesty Emperor Francis Joseph, the twenty-third Eucharistic Congress yesterday began its labors, which are to be continued until Sunday next. Delegates and visitors numbering upwards of 150,000, and including representatives from Canada, the United States and South America, and from all the countries of Europe, have already gathered in the city, and 350,000 more are expected.

The last and crowning function of the congress will take place Sunday morning when an immense procession will march from St. Stephen's along the Ringstrasse to Tophberg, where low mass will be celebrated by the papal legate on top of the great entrance gateway. The Emperor and all the members of the court will attend the service, which will be conducted within the view of 50,000 persons.

There will be 300,000 men in the procession. The Host must be fetched from the high altar in St. Stephen's dome and escorted to the gate of the palace, where the mass is celebrated.

All rural districts have been informed by bills on the church walls that whoever attends the congress and says fervent prayers before any altar on which the Host is exposed is entitled to seven years' indulgence, which he may devote to any soul in purgatory. If prayers are offered up for the aggrandizement of the church a complete indulgence is insured. The same privilege is accorded to all who take part in the procession and in the Holy Communion on Sept. 15. All priests, down to the lowest degree, are entitled to grant pardons for the mortal sins, which in ordinary times only the bishops can pardon.

BRITISH FLEET STRENGTHENED

In Case of Trouble in the North Sea.

Paris, Sept. 11.—The recently negotiated Franco-Russian naval contention and the older Anglo-French convention relating to the Mediterranean seaboard will be brought into practical operation within a few days when the French fleet will be permanently transferred to Toulon from Brest.

Experts point out that with the Russian fleet in the Baltic Sea, the strength of the British fleet in the North Sea will be materially increased against any contemplated German attack, while the English Channel is considered sufficiently defended by the numerous fleets of destroyers and submarine stationed on both the English and French coasts.

Mongolians Ready to Fight.

London, Sept. 11.—A serious situation exists in Mongolia, according to a Pekin despatch to The Daily Mail. Kobdo, in western Mongolia, has fallen and Altai is considered to be in great danger at the hands of revolutionists.

The Cabinet, at a secret meeting, has discussed the advisability of asking Russia to mediate between China and the Mongolians, who are said to be prepared to fight China to a finish if an attempt is made to establish Chinese rule in Mongolia.

Storm In Labrador.

St. John's, Nfld., Sept. 11.—Wireless messages from Labrador tell of the havoc wrought by a hurricane which swept that coast last week. One schooner was driven on the rocks at Cut Throat and four of the crew were drowned.

The greater portion of the fishing fleet is on the way from the extreme north of Labrador, a section dotted with islands exposed to the fury of the storm. Tragic news is expected from that section.

BRUCE ISMAY TO DROP OUT?

New York, Sept. 11.—New York papers yesterday printed a story to the effect that "it is understood on good authority," that J. Bruce Ismay is to resign as president of the International Mercantile Marine Company, and probably will be succeeded by P. A. S. Franklin, now vice-president and head of the business in this country.

Harold A. Anderson, first vice-president, will resign at the same time, it is understood, and will be succeeded by Frederick Toppin, his assistant. Mr. Anderson has been head of the Liverpool office. The changes are expected the first of next year.

Woman Wasn't Drowned.

New York, Sept. 11.—Physicians who performed an autopsy yesterday on the body of Mrs. Rosa Menschik Szabo, exhumed Monday in a Jersey City cemetery, declared yesterday afternoon that they had found indications that the woman's death was due to causes other than drowning.

Mexico to Ask U. S. for Favor.

Mexico City, Sept. 11.—A secret session of the Mexican Senate Monday night granted the request of President Madero for authorization to ask the United States Government to permit the transportation of troops through American territory to the State of Sonora.

EXHIBITION TO OPEN TO-MORROW

Tenth Annual Promises to be the Best Yet—Many Hands busy at the Grounds, Preparing for the Opening--Big Program of Entertainment.

At the exhibition grounds the activities in preparation for the Annual Industrial Exhibition are now well under way, and it can be seen from the unusually large number of tents that are being erected to accommodate the exhibitors, refreshment booths, and midway attractions, that the fair is this year being handled on a larger scale than on any previous occasion. A large number of the booths will be electrically lighted, as well as the buildings and the sideshows and merry-go-round.

The midway will be unprecendently large, and the attractions there, as well as the vaudeville troupes who perform in front of the grand stand, will be of the highest order.

LOTS TO EAT.

Refreshment booths are being operated by the ladies of the Knox, Park Street, and St. James churches, and the South End Mission. A very large dining tent is being looked after by the ladies from All Saints' church.

To-day Messrs. J. J. Turner & Sons are decorating the interior of the buildings in which the exhibits of fruit, vegetables, art, fancy work, etc., will be arranged, and the various advertisers were at work putting their displays in shape for the opening to-morrow afternoon. The men of the Electric Installation Co., are at work wiring their own and the other booths.

ENTRY LIST SWELLING.

All entries must be received before noon to-morrow. Already the entry list has assumed large proportions and Secretary F. J. A Hall is a busy man attending to those now pouring in and assisting in the arrangement for the fair. In all lines the number of entries are encouraging and in live stock and poultry there will be a particularly keen competition.

TO-MORROW'S PROGRAM.

To-morrow morning the grounds and buildings will be open for receiving the exhibits, and all of these except the live stock and poultry must be in the buildings before noon.

At two o'clock to-morrow afternoon the judging commences in the main building. Dairy products, bread, grain, roots, fruit, flowers, vegetables, fine arts, ladies' work and domestic manufactures will be on exhibition in the main building.

To-morrow evening an excellent program will be given. With the midway in full swing, the grounds illuminated and the full Regimental Band playing, the attendance it is expected will eclipse all previous years.

GOOD ENTERTAINMENT.

On the stage, in front of the grand stand three stellar vaudeville performances will be given. The Original Mayos, and English Troupe of comedy roller skating performers, will be one of the attractions. The Youngblood Sextette will put on several entertaining musical acts, and Miss Delora will give an interesting physical culture exhibition. All these attractions were engaged after the personal inspection of some member of the Fair Directors, and if the weather conditions remain ideal they will without doubt draw a record crowd.

A Ferris wheel, riding gallery, snake show and a 10-pit show will be among a number of features that have never been presented before in this city.

BALLOON ASCENSIONS.

The lady balloonist will arrive in the city to-night and to-morrow preparations will be made for the ascensions.

School pupils will have a half holiday on Friday afternoon.

MISS DEVONDA, the balloonist, will arrive in the city to-night, and with daring balloon ascensions and parachute descents will help to entertain the big crowds at the Peterboro Exhibition

WAITING LIST FOR PUBLIC SCHOOLS IN MONTREAL

Accommodation is Far From Adequate—List Contains 900 Names, Does Not Include Children Under Six Years of Age.

Montreal, Sept. 11—The school population of Montreal is increasing so rapidly that all public schools are jammed full and a waiting list is kept in connection with each institution of children of legal age for whom accommodation cannot be found. Already, nine hundred names are on the list. Children under six years are not accepted.

MORE CASES OF DREAD DISEASE

Children With Infantile Paralysis in Serious Condition.

Special To The Review.

Niagara Falls, Ont., Sept. 11—Two more cases of infantile paralysis are reported here to-day. Both victims are children and they are in a serious condition.

Adam Beck's Guests.

London, Ont., Sept. 11.—Sir George and Lady Askwith arrived in London yesterday to be guests of Hon. Adam and Mrs. Beck for a few days. Sir George was a guest of the Western Fair directors at their luncheon at noon yesterday. His visit to London is merely as the guest of Mr. Beck.

Sir George will visit the Labor Congress at Guelph, and afterwards proceed to Toronto.

Advertise in the Review, It pays.

EVANGELICAL ALLIANCE PREPARING CAMPAIGN

To Banquet Mr. Borden.

Montreal, Sept. 11.—A meeting of influential citizens was held yesterday at the offices of L. T. Marechal, K.C., with the object of organizing a great banquet which the Rt. Hon. R. L. Borden has accepted. for Sept. 21, the anniversary of the defeat of reciprocity. T. Chase Casgrain, K.C., was elected chairman of the general committee. Four subcommittees were appointed.

Invitations are being tendered to Sir James Whitney, Sir R Roblin, Sir Richard McBride and others prominent in Conservative politics.

Marriage Question Cannot be Allowed to Drop, Says Canadian Baptist Editor.

Toronto, Sept. 11.—Arrangements are in progress for an early meeting of the Evangelical Alliance to prepare a plan on a Dominion scale for a campaign to secure an amendment to the British North America Act to give the Federal Parliament power to enact a Dominion marriage law.

Rev. E. D. Silcox secretary of the Evangelical Alliance, stated last night that the meeting would probably be held before the end of the present month.

It promises to be one of the most important and representative Protestant gatherings of the year.

The committee has a monster petition to the Dominion Parliament for a federal marriage law, prepared last spring, as a means of counteracting the ne temere decree. The spontaneous and earnest support of the committee's work in connection with the submission of that petition to the congregations all over Canada has given the Evangelical Alliance leaders confidence that the new battle to overcome the constitutional difficulty involved in the Privy Council's adverse judgment will be supplemented with equal vigor.

Rev. Dr. McKay, edtor of The Canadian Baptist said: "The marriage question having been raised cannot be allowed to drop."

TO REDUCE THE THE CITY COUNCIL

Some Opposition to City Fathers at Kingston

Kingston, Sept. 11.—An interesting time is expected at the next session of the City Council. Ald. Harrison has given notice of motion calling for reduction of aldermen in council from 21 to 14, and also the term of office from three years to two years. There will be strenuous opposition.

A great many citizens favor the appointment of a paid commission to run city affairs. That the council is not as active as it should be, is the opinion of a majority of the citizens, and it is believed there will be something doing along the line of weeding out when January comes along.

TEMPORARY AGREEMENT.

Arrangement Said to Have Been Made Regarding N. T. R.

Ottawa, Sept. 11.—It is understood that an agreement has been reached between the Government and the Grand Trunk Pacific Company for the operating of the Transcona-Superior Junction section of the road completed about six weeks ago.

A conference of company representatives and the chairman of the transcontinental was held yesterday afternoon. Major Leonard, interviewed at its close, would not say just what agreement was reached, further than to state "everything is being arranged satisfactorily and is running smoothly. We anticipate not the slightest difficulty."

While the details of the agreement reached cannot be learned, it is understood that its basis is that the company shall operate the road under a temporary agreement.

Asked if it was expected that the Cochrane section connecting Winnipeg with North Bay, would be under operation in time to assist in moving this season's crop, Major Leonard said that from the latest reports he had received from the contractors, he felt confident that it would.

TO SETTLE BY ARBITRATION

The Dispute Over the Chats Falls Power Rights.

Ottawa, Sept. 11.—The Ontario Hydro-Electric Commission will not, of course, pay anywhere like the $3,000,000 that Messrs. Wm. Harty, ex-M.P., of Kingston, and Daniel O'Connor, of Ottawa, say they want for the Chats Falls power rights needed by the city of Ottawa.

The claim will be settled by arbitration by the Ontario Railway and Municipal Board, and the hearing will probably be at Ottawa.

It is understood here that the commission has formally offered Mr. Harty $2,000, namely, $420 with compound interest, for what he bought in 1888, generally known as the party rights.

As regards O'Connor, it is claimed that he got the timber slide rights from the late Dominion Government, but that they had no right to sell them, as they belonged to the Ontario Government.

TRADES COUNCIL SAYS LABOR IS BEING OVERLOOKED

Labor Party Must Elect Their Own Members—Oriental Problem in the West

Guelph, Sept. 11.—A pointed suggestion that Parliamentarians at Ottawa have somewhat lost interest in labor matters, because a general election is in the distance, was contained in the annual report of President Walters, Parliamentary representative, at the afternoon session of the Dominion Trades and Labor Congress. This report deals at length with the several matters that had come before the House of Commons during the past year, and concludes with the following paragraph:

"Owing to what is now known as the famous 21st of September, immediately after the adjournment of the last convention in Calgary, when the substitution of one party Govenment for another took place, the only session at Ottawa, the first session of the present administration, was a short one and no legislation was touched outside of the immediate necessities of the administration.

"As is customary, labor had been so prominent and important just before election time on the stump by the politicians that their interest had run out and it took a little time for it to recuperate enough to deal with labor matters. This will always be so until labor is on the inside instead of the outside of Parliament. In the meantime we must do the best we can."

A long discussion took place over the seating of three delegates from the Internation Union of Railroad Telegraphers. The chairman of the credential commission reported that one of the four delegates appeared as international representative, while the other three were seated by permission of the convention given by the passing of the report of the credentials committee. The report also required that the other three present credentials from their local unions.

Acting Secretary James Simpson thought it was a dangerous precedent as, if allowed, international unions would be able to finance three or four delegates and send them to vote on questions affecting them. It was too serious to pass over lightly. Other members also thought it would create a bad precedent. Brother Roberts stated that he would like to know for himself and for the order of telegraphers.

On a division by showing hands, it was decided to reconsider the report of the credential committee. One of the delegates, whose credentials were disputed, stated that they had followed the same rules for the past four years. Brother Pettipie of Vancouver deplored what might be termed "professional delegates."

Ald. Wiley of St. Catharines thought it wise to abide by the legislation that had been passed.

This discussion, which was long drawn out and tiresome, finally ended by the action of the convention in the matter being reconsidered, and only one delegate was allowed to take his seat.

J. W. Wilkinson, Vancouver, western organizer in British Columbia and Alberta, reported on his work. The chief problem was that of Oriental workmen, as well as other foreigners. Bank notices being printed in nine languages, the Oriental labor hindered greatly in organizing, but good progress is being made.

The organizer paid many compliments to President Walters for his efficient work on his tour through the west.

James Stevenson, organizer for Ontario, reported visiting many cities in this province, and stated that much more work was necessary, owing to the influx of laborers from Europe and European Asia. The other organizers' reports were of a similar nature and were referred to the committee on officers' reports.

Just before the adjournment of the afternoon session, James Keir Hardie made formal farewell to the convention. He leaves to-day for the east.

CHORUS GIRLS LEAVE COMPANY

Two of the Beauties Abducted by Englishman

Montreal, Sept. 11.—Trouble for "The New Barmaid" Co., which was to have played in Toronto this week, only began again yesterday when the leading man, Alexander Loftus, was released from jail where he had been placed on a capias. The company now discovers that two of their prettiest chorus girls have been abducted from the city by a well-known Englishman here.

A warrant was sworn out for the arrest of the man who abducted them, but the police officials wanted $250 from the company to cover extradition proceedings. This was not paid. Instead the company's manager went to the U. S. immigration officers, who are trying to have the girls deported to Canada when they are discovered on the other side of the line.

"FEEBLE STOMACH"

Causes Digestive Weakness and Poisons the Entire System.

"No one can have suffered more than I did with stomach trouble," writes Phil. E. Pascall, well known at St. Andrews Corners. "My doctor told me my indigestion and sleeplessness were due to poisons in the blood. Certainly my condition was miserable, and it seemed from the despondent feelings that swept over me that I would lose my reason. I happened to read about Dr. Hamilton's Pills and bought five boxes from the druggist. Such body-cleansing pills I never used; they were mild and yet quite strong enough to drive all the humors out of the blood. My stomach gained strength rapidly with Dr. Hamilton's Pills and I improved so much that in eight weeks I could eat and digest all ordinary food. Depression and weariness passed away and I am thanks to Dr. Hamilton's Pills, enjoying robust good health."

No remedy for biliousness, indigestion, headache, sick stomach, or constipation that compares with Dr. Hamilton's Pills. Refuse substitutes. Sold in 25c. boxes. All dealers, or The Catarrhozone Co., Kingston, Ont.

Dr. Hamilton's Pills Cure Stomach Troubles

The Daily Review.

WEDNESDAY, SEPT. 11, 1912.

WHERE THE CITIZEN PAYS

The Montreal Gazette says, quoting from recent utterances made by Mr. Woodrow Wilson, the Democratic candidate:

Those Canadians who are still calling for free trade with the United States seem to forget that there is no apparent desire for it at present on the other side of the border. President Taft and Mr. Roosevelt now will have none of it, and Mr. Woodrow Wilson, the Democratic choice for the presidency, says it is impossible and that what he and his followers believe in is relative freedom in trade. Speaking at the workingmen's dinner in New York on Wednesday night he discussed the tariff question, saying in part:—

"I hear a great deal said nowadays about the danger of free trade. There are circumstances in this country which render it absolutely impossible in our time, I dare say, that we should have free trade. We have so divided the sphere of taxation both by principle and by practice, between the federal and the state governments, that direct taxation is almost exclusively reserved for the state governments and indirect taxation is the chief resource of the federal Government; and the indirect taxes, which we would not pay if we knew we were paying them, are chiefly paid at the custom houses."

Mr. Wilson as an example referred to the citizens returning from Europe and their attitude towards the customs. "They kick like steers," he said, "against the payment of the duties, because they are then and there consciously and visibly paying them out of their own pockets." The customs taxes are paid and few citizens realize they are paying them. The situation in Canada is much the same as in the United States. Money is necessary to run the country and the most satisfactory way of obtaining it is by means of the customs. With reasonable protection industries flourish and give employment and money remains at home that would otherwise go outside. The indirect taxes are hardly noticed by the payers of them. Direct taxation, such as, for instance, on incomes, would seem a greater burden than the customs, to the ordinary man. And the taxes would be harder to collect.

EDITORIAL NOTES

The British Trades Union Congress has by a large majority put itself on record against compulsory arbitration of labor disputes. There are probably a variety of causes behind the action in question, though what it is directly against may yet come. The work of the trades unions tends steadily to destroy the old individualist relation between the employer and the worker and to make conditions of work and wages matters of treaty between representatives of the two classes concerned. Most arbitrations have as a natural consequence the enforcement of the agreements thus reached, and in some advanced countries the law has been put into accord with the logic of the situation.

A new plan for maintaining communication between different parts of the Empire is promised by some in England, as the result of recent conversations between representative public men. The promise may be fulfilled or it may not. The old plan under which, wherever a trade opportunity presented itself, somebody with commercial enterprise and courage started a ship on the route has been productive of notable results. The port that does not know and respect a British ship is hard to find on the map.

The Progressive platform for the New York State campaign favors the initiative and referendum in the making of laws, the recall of officials who offend public opinion, the establishment by law of an eight-hour day, minimum wage standards, publicity as to wages and hours of work. A system of state insurance against sickness and irregular employment and old age, and a number of other changes less sweeping or novel. Mr. Roosevelt is making sure of the Radical and Socialist votes. If he could make sure that these would be a majority of the whole he would feel more sure of the end that the Vermont elections gave him reason to be.

SANOL

A German Specialist's Discovery will positively cure

Kidney Trouble

GALL STONES, KIDNEY STONES, GRAVEL AND ALL AILMENTS OF URIC ACID ORIGIN.

The only positive cure for Gravel

SANOL EXPELS URIC ACID NEVER FAILS TO CURE

Sufferers will receive free information on request from the Sanol Manufacturing Co., Winnipeg, Man.

Price $1.50 per bottle in liquid from Druggists

McDermid & Jury

Deafness Cannot be Cured.

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free

PETERBORO IS PLACED IN PURE FOOD DISTRICT

An order-in-Council has been passed establishing a number of districts throughout Canada under the Adulteration of Foods Act. Each of the Maritime and Prairie Provinces is a district in itself. Ontario has six districts, Ottawa, Kingston, Toronto, Northern Ontario, Hamilton and Windsor.

Kingston district comprises the city of Kingston and the counties of Frontenac, Lennox and Addington, Hastings East and West, Northumberland, East and West, Peterborough East and West, Durham, Victoria and Haliburton and Prince Edward.

A further order-in-Council has been passed establishing certain districts under the gas act. In Ontario the districts are London, Hamilton, Toronto, Belleville, Ottawa and Fort William.

The district of Belleville includes the following counties: Durham, Victoria, Haliburton, Peterborough, Northumberland, Hastings, Lennox, and Addington, Frontenac, Leeds, Grenville.

DATES OF FALL FAIRS

The Central Fairs Association arranged the following schedule of dates of the fall fairs:

PETERBOROUGH, Sept. 12, 13, 14.
Lindsay, Sept. 19, 20, 21.
Port Hope, Sept. 24, 25.
Belleville, Sept. 10, 11.
Toronto Exhibition, Aug. 24, Sept. 9.
Brighton, Sept. 13.
Shannonville, Sept. 14.
Marmora, Sept. 16, 17.
Napanee, Sept. 17, 18.
North Victoria, Victoria Road, Sept. 17, 18.
Cobourg, Sept. 18, 19.
Frankford, Sept. 19, 20.
Madoc, Sept. 23, 24.
Mariposa, Sept. 23, 24.
Campbellford, Sept. 24, 25.
Bobcaygeon, Sept. 24, 25.
Picton, Sept. 25, 26.
Roseneath, Sept. 26, 27.
Castleton, Sept. 27, 28.
Colborne, Oct. 1, 2.
Tweed, Oct. 2, 3.
Millbrook, Oct. 3, 4.
Warkworth, Oct. 3, 4.
Ameliasburg, Oct. 4, 5.

Upon the entry into Morocco city of the French column, which made a forced march to liberate seven Frenchmen imprisoned there, a general hostile movement broke out against El Hiba, the Moroccan pretender, who fled.

The island of Borkum, which has hitherto possessed only second-rate coast defences, is about to be converted by Germany into a first-class fortified position, like Heligoland.

THE MARKET

Latest Quotations in Grain Dairy Products, Live Stock Etc

Liverpool and Chicago Wheat Futures Close Higher—Live Stock— Latest Quotations.

CHICAGO, Sept. 10.—Wheat prices rose today in response to strong cables. The market closed nervous, 3-4c to 7-8c to 1 3-4c higher than last night. Corn finished at a decline of 1-8c to 1 1-4c, oats unchanged to a shade up and provisions 2 1-2c to 12 1-2c down.

The Liverpool market closed today ¾d to 1d higher on wheat and ½d to 1¼d higher on corn. Berlin wheat closed ½c higher, Budapest ¼c higher.

Montreal Grain and Produce.

MONTREAL, Sept. 10.—Cables on Manitoba spring wheat came strong, at an advance of 3d to 4½d per quarter. The demand was good, but owing to the sharp advance in prices in Winnipeg and the very high rates being demanded for ocean freight exporters were unable to work any further business. There was also a good demand from millers for Duluth wheat to grind in in bond, and sales of some round lots were made. In oats, the feeling is strong, with a good demand for supplies for both local and export account. The foreign demand for new crop spring wheat flour was good, and sales of 30,000 sacks were made for October-November shipment. The local market is steady. Millfeed active and firm. Demand for hay for export good. Butter fairl yactive and firm. Cheese quieter and in sympathy with the low prices in the country spot values were reduced ½c. Potatoes plentiful and 10c lower. Eggs firm. Provisions steady.

Corn—American No. 3 yellow, 80c to 81c.

Oats—Canadian western, No. 2, 48½c to 49c; No. 3, 46c to 46½c; extra No. 1 feed, 48c to 48½c.

CATTLE MARKETS.

Toronto Live Stock.

TORONTO, Sept. 10.—The railways reported 19 cars of live stock, comprising 170 cattle, 572 hogs, 455 sheep and lambs and 69 calves.

Receipts of stock were light and few buyers were on hand.

The best cattle offered were reported sold at $6 to $6.40 for butchers' purposes. Stockers and feeders sold at $4.75 to $5.25 and as high as $5.50 was reported.

The 572 hogs were disposed of at $8.65 to $8.75 per cwt.

The 455 sheep and lambs sold at lower quotations. Sheep, ewes, sold from $4 to $4.50; rams and heavy ewes, sold at $3 to $3.50; lambs sold from $6 to $6.50, and one extra lot was reported at $6.60; cull lambs sold from $4 to $5.

Veal calves sold from $4.50 to $9.50 per cwt.

Charles Maybee & R. Wilson bought 30 stockers, 750 lbs. each, at $4.75.

East Buffalo Cattle Market.

EAST BUFFALO, Sept. 10.—Cattle—Receipts, 200; active and steady.

Veals—Receipts, 100; active and steady, $4 to $11.50.

Hogs—Receipts, 2000; slow and 5c lower; heavy, $8 to $8.50; mixed, $8.50 to $8.90; yorkers, $8.75 to $9.45; pigs, $8.75 to $9; roughs, $7.50 to $7.75; stags, $6 to $6.50; dairies, $8.50 to $9.15.

Sheep and Lambs—Receipts, 200; active and steady, unchanged.

Wood's Phosphodine. The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

Chicago Live Stock.

CHICAGO, Sept. 10.—Cattle receipts 3800; market steady to strong. Beeves, $6.75 to $10.75; Texas steers, $4.75 to $6.40; western steers, $5.90 to $9.30; stockers and feeders, $4.25 to $7; cows and heifers, $3 to $8; calves, $4.50 to $11.

Hogs — Receipts, 11,000; market, light 5c lower, others steady; light, $7.75 to $8.40; mixed, $7.40 to $8.50; heavy, $7.50 to $8.30; rough, $7.30 to $7.60; pigs, $4.40 to $6.25; bulk of sales, $8.20 to $8.65.

Sheep — Receipts, 33,000; market steady to 10c up; native, $3.25 to $4.75; western, $3.50 to $4.75; yearlings, $4.50 to $5.70; lambs, native, $4.50 to $7.10; western, $5 to $7.25.

DIAMONDS SET IN SHOES.

Golden Soles, Too, Were Worn by Dames of Ancient Rome.

The boots of Roman emperors were enriched with pearls and diamonds, and the wealthier Romans sported the like decorations. There were Roman women who ornamented their low shoes with pearls and embroideries, gold and amber. There were many whose boot soles were of massive gold.

Pliny, speaking of his own time, says: "Our ladies are not content to adorn their walking shoes alone with precious stones and jewels, but even the slippers which they wear in their private apartments are decorated. Precious stones do not suffice. They must, to be in fashion, tread on pearls and crowd their feet with ornaments like kings." Julius Caesar wore high boots worked in gold and ornamented with pearls.

Heliogabalus, who never wore a pair of boots more than once, as he never wore the same ring twice, had precious stones set in them, and even cameos, which excited the laughter of the populace because no one could see distinctly the cunning work of famous artists. But his mother, who presided over a senate of women, forbade women to wear shoes adorned with precious stones, as she prescribed the dresses that should be worn, yet she was a woman of wildly free life, in comparison with whom the Empress Messalina was a timid prude.

Alcibiades invented a boot that was named after him and became a great favorite, but we are not told whether it were luxuriously foppish. What were the Sicyonian shoes that Cicero refused to wear, thinking them effeminate, although he admitted they were comfortable? Anglo-Saxon princes and dignitaries of the church wore shoes set off with gold. Charlemagne on state occasions donned shoes adorned with gems. The shoes of Henry VI. of Sicily and his queen, Constance, were of cloth of gold and bejeweled, while the soles of cork were covered with cloth of gold.

Philip Stubbes in 1588 inveighed against the "corked shoes, puisnets, pantoffles and slippers, some of them of black velvet, some of white, some of green and some of yellow, some of Spanish leather and some of English, stitched with silk and embroidered with gold and silver all over the foot with gegaws innumerable."

An Unexpected Testimonial.

Little Bilderson prided himself upon his good appetite and his capacity for amusing. He was dining with a friend a few nights ago and did his best to keep his host and hostess, with their six-year-old daughter, amused and at the same time managed to do ample justice to the good things provided.

"Oh, dear, Mr. Bilderson," remarked the little one after the guest's wittiest sally, "I wish you'd come here to dinner every day."

Bilderson positively beamed satisfaction.

"Do you, dear?" he smiled. "Why?"

"'Cause," came the reply as the observant maiden glanced around the table — "'cause there wouldn't be anything cold to eat the next day." —London Tit-Bits.

How Dew Forms.

Dew was formerly supposed to fall softly from the heavens, and to this belief may be ascribed many current and poetical phrases, but dew does not fall in the exact meaning of the term. The condensation of watery vapor follows upon the chilling of the air. This is seen as the earth cools toward night, and it takes place most rapidly near the ground. Grass and other vegetation cool more rapidly than the air above them. The air in contact with plants is thus chilled and deposits its moisture upon the leaves of the plants in dew. When the chilling of the air proceeds further the moisture may be precipitated to a considerable height above the earth's surface, and it then becomes what we call fog.

A Cold. Hard Snub.

"Excuse me, madam," he said, "but —ah—you remember, in the restaurant after the theatre the other night, you were kind enough to notice me. I hope I am not mistaken in supposing that your interest was—ah—not altogether"—

"Oh, not at all. I remember now. I thought for a moment that you were the coachman my husband discharged a few weeks ago for trying to make love to the cook, and I wondered how you could afford to eat in such an expensive place."

A Soft Answer.

"Tommy," exclaimed the mother, reproachfully, "you've been fighting again."

"I couldn't help it, mamma. That Boby Jones insulted me," replied the boy.

"That was no reason for fighting," said the mother. "You should have remembered that a soft answer turneth away wrath and given him a soft answer."

"I did," replied the boy. "I hit him with a chunk of mud."

A Family Jar.

A man and wife were having a little family discussion. You know the kind.

"I didn't get much of a man when I married you," snarled the wife.

"Well, you wouldn't expect a high class man to pick you out, would you?" was the gentleman's comeback.

And then the furniture began to fly.

GRAND TRUNK RAILWAY SYSTEM RAILWAY TIME TABLE.

Thrifty Children

The lesson of thrift, so necessary to the future welfare of your children, is perhaps best taught by opening for each a Savings Bank Account, and encouraging them to deposit regularly a portion of their spending money.

Though they may not accumulate very much money, they will learn its value and how to save it.

We welcome Children's Savings Accounts.

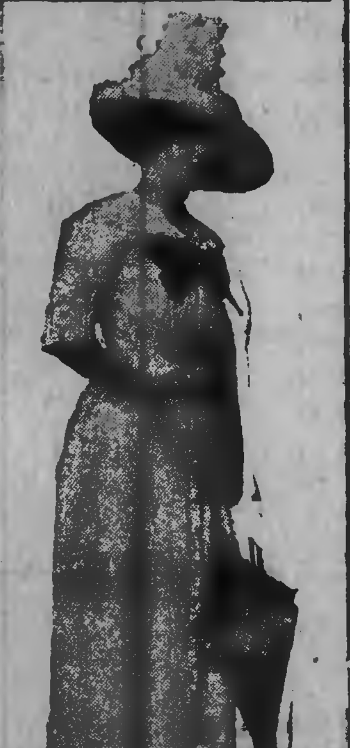
[illegible] SUMMER FROCK.

[illegible] Tub Costumes Popular.



WHITE LINEN FROCK.

Never were linen tub frocks so adorably simple and unpretentious. This graceful model of white linen buttons all the way down the front and is smartened with a broad collar and cuffs hand embroidered in black wash cotton enlivened with touches of pink. White buttoned boots show under the skirt hem in a most attractive fashion.

WHAT VOTES HAVE NOT DONE.

Women Without Ballots Have Been Good at Municipal Housekeeping.

"Men for generations have proved what the ballot cannot do," writes Anna Steese Richardson in McCall's Magazine. "Capable, even brilliant business and professional men, armed with the ballot, have not been able to keep cities clean and healthful nor to run them economically and honestly.

"The so called experts or officeholders, voted into place by these clever men, have become, like unguided, unsupervised servants in an unguarded kitchen, slovenly, dirty and often dishonest. The woman with the ballot will discover that she must follow municipal servants into the municipal kitchen and see that her orders are obeyed.

"At times she may even have to roll up her sleeves and tackle the work in her own efficient, unwavering, housewifely fashion. Let her refuse to do this and she will find that the ballot in her hand, as is that of her husband, her son or her brother, does nothing for her city, sex or family."

Sashes and Streamers.

A charming novelty is a long sash of liberty satin that fall some distance beyond the gown of the wearer and formed a sort of little train. We shall probably see many of these sashes this summer on the lighter frocks—the spotted net, the marquisette and the like. Sometimes, however, the streamer will take its rise on the hat, and this is quite as picturesque and graceful, though it has the inconvenience of dragging the hat backward and disarranging the hair. For both purposes soft satin is used. On the hat it starts as the trimming of an immense capeline of fine straw, tuscan or chip, tied in a monstrous two looped bow at the back, and thence one long end descends to the ground. One woman who had adopted this hat had fastened her ribbon en route to her left shoulder with a diamond safety pin, leaving a fairly loose curve to allow of any movements of the head and not disturb the set of the hat.

The Tailor Made Shirt.

Twilled silk shirts are being made the accompaniment of tailored skirts, and the shirts when cut in the corselet manner have an outside belt of soft suede and show above the belt a double frill, scant in front and at the sides and rather closely plaited at the back.

There are numerous forms of collar for the twilled silk shirt, but the favorite is of a turnover shape, with pointed fronts. In some models eyelet holes are punched, and the sides are drawn together by means of narrow silk or cord knotted and left to fall with tasseled ends.

The shirts are made in the simplest possible manner, with three large pearl buttons down the center, or they are given no visible fastening at all, the necessary opening being concealed beneath the box plaited front.

Something New.

The sanitary envelope moistener is something quite new and is really very useful as well as attractive. It is simply a small china box about the size and shape of a lip salve case with a few small holes at the top through which the water comes to moisten the envelope and stamp.

Finding Bodies.

Occasionally one reads that in England, when human bodies are thought to be in rivers and cannot be found, "a loaf of bread has been floated down the stream." But very few people have the least idea what connection there is between bread and the finding of bodies, says London Tit-Bits. When the river has been dragged without result, a loaf of bread is cut in two, a place hollowed out in the middle, and a quantity of quicksilver inserted. The two halves of the loaf are then fastened together again, and the bread is thrown into the water in the place where the body is supposed to be. Without fail the loaf floats along until it reaches the vicinity of the body, and then revolves quickly, hovering over the spot.

A Socialist Peeress.

One of England's most remarkable women is the Countess of Warwick. She is a Socialist, and has taught the poor how to take better care of their homes, how to cook, how to economize, and thereby, how to prosper. She has helped them constructively and not destructively. She never gives to people who are in good health and able to help themselves; but she helps them to see the way to better living. She founded the Essex Needlework Guild and revived the art of fine needlework, opening a shop in Bond street, London, where the work of clever workers could be sold and the profits turned over to them. She appears at the shop at regular intervals and acts as a saleswoman herself.

A Street Car Sweeper.

A novel system of street-sweeping has been introduced in Leith, where several sweepers have been attached to electric tramway cars, so arranged that a section of the roadway 15 feet wide can be swept at one time. Under this system all the tramway routes within the burgh can be swept in two hours, as against five hours with the horse-drawn sweepers.

Guarded the Girls.

There is a domestic servant famine in Australia. An emigrant ship with 100 of these treasures on board arrived in Melbourne the other day, and they had to be guarded with almost military precautions against the invading host of housewives on the pier.

Fred Long, aged 17, kicked by a horse at Port Stanley, is dead.

There is a mad dog scare in Nassagaweya township, near Guelph.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. [illegible]

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

WONDERS OF CELLULOSE.

Many Uses to Which This Little Understood Substance Is Put.

Perhaps the most wonderful product of the vegetable world is cellulose, which is at the same time about the commonest thing in that world, being the material of which the cell walls of every plant are constructed. So eminent an authority as Duncan has estimated that cellulose constitutes one-third of the plant life of the globe.

One of the most wonderful qualities of cellulose is that, like gold and silver, it is capable of resisting the effects of time. When pure it neither rusts nor decays, but endures through generation after generation.

It is a curious fact that, as common as it is, cellulose is one of the least understood of substances. Every bit of knowledge that we add to our store of information concerning cellulose generally leads to the establishment of some new industry. The uses to which it has aready been put have resulted in enormous benefits to man.

Linen is almost pure cellulose; so is cotton; so is silk. Yet, though the chemical substances are the same, their structure differs widely, and their qualities vary with the structure.

A great deal of paper employed for printing purposes is made from cellulose, whether this be linen or cotton or wood pulp paper. It may be extracted mechanically or chemically from the wood. Wood cellulose is not so good nor so lasting as cotton cellulose.

In a hot solution of zinc chloride cellulose dissolves and makes a sticky sirup. This sirup when forced through a tiny orifice into alcohol precipitates a fine thread, and this when carbonised furnishes fine filament for incandescent lamps. Paper soaked in the solution and worked up forms vulcanized fibre.

Dissolved in another sort of solution, cellulose gives a material that renders goods dipped in it waterproof, and such goods when subjected to certain pressures form bullet proof sheets, such as have been used for barricades in time of war.

Dissolved in nitric acid, cellulose forms guncotton, a high explosive, but by slightly different treatment we get celluloid and, by another, collodion.

One of the most wonderful of the uses to which cellulose has been put is that of the manufacture of artificial silk. This comes from viscose, or cellulose mercerized and dissolved in carbon disulphide. Forced through tiny holes by tremendous pressure, it issues in threads which solidify and are led to bobbins, eventually passing through the spinning and weaving processes to emerge as lustrous silken goods.

The Use of Words.

It is amusing to see how often the desire to be "genteel" in speech is a pitfall to the feet of the uninformed. There are persons who think it a mark of refinement to say it has been "proven," instead of it has been "proved," and to use "gotten" in place of "got." One fad is the use of "may" where "can" should be used. "Canning" the "mays" in the manuscripts that come to him is a task that every careful editor has to perform. "Why do you always use 'whilst' in place of 'while'?" asked the city editor of a new reporter. "Because I think it is a nicer word." "All right," said the editor. "I think you'd better work in the janitorial department for a whilst."

A Queer Parcel.

The most remarkable packet ever sent by post, an authority at St. Martin's-le-Grand told an interviewer, was a suffragist. It was just after a new regulation had been put into force whereby living animals can be accepted for delivery, when a lady went into a branch postoffice in London and told the clerk she wanted to be taken to an equally well-known Cabinet Minister. The lady was referred to a district messenger, but she refused, and was conducted to the address by an express messenger and duly signed for. It is stated that she did not get farther than the vestibule

Save Doctors' Bills

TELEGRAPHIC BRIEFS.

Many Toronto children died from whooping cough last month.

Three Ontario Cabinet Ministers left for a tour of northwest Ontario.

Rev. Dr. Chown has gone to Vancouver to assume the duties of principal of Ryerson College.

Harold MacMahon, aged 16 years, lost his life in the old Welland Canal, a short distance from the Welland Vale Axe Factory yesterday.

A bomb explosion occurred yesterday in the market place at Doiran, in European Turkey. Twenty persons were killed and 30 injured.

Early morning fire completely destroyed the flour mill owned by G. Ratz at Elmira, Ont. The loss will reach $12,000, with insurance of $7,000.

There were 28 persons seriously injured, when eastbound train No. 6 of the Nickle Plate Road was derailed yesterday afternoon at Fagan Road, near Erie, Pa.

Mr. Charles Smith's house at Ross Corners, near Belleville, was struck by lightning yesterday. Mrs. Smith being severely shocked. She was unconscious for some time, but revived.

An agreement for a loan to China of $50,000,000, at 5 per cent. for 40 years, was signed Aug. 30 by the Chinese Minister and a representative of Lloyds' Bank, according to news just made public.

Mrs. J. N. Taylor of Chicago was killed and her husband severely injured, their two children escaping almost unhurt, when their motor car overturned into a deep ditch, near Wheatly, Ont., yesterday.

Duck as Well as Fowl.

A peculiar bird which may be seen in a farmyard near Mill Hill Park, London, England, is a cross between a duck and an ordinary cock-fowl. It resembles the latter by its comb as well as the tail, and its legs are also extremely like those of a fowl, with the exception of its webbed feet. Both its bill and body are duck-like. It swims with the greatest ease, and can quack as well as crow. A hen-bird of this description lays eggs the shells of which are mostly of a greenish color, and taste like those of an ordinary duck.

The Successful Hostess.

The first thing for the hostess to learn is to be composed. She may be frightfully nervous and anxious, particularly if she is just beginning to entertain, but she must resolutely put on a mask of composure and assume a virtue if she has it not. Nothing is of much importance excepting her own demeanor. A fussy hostess who scolds her servants, wrinkles her brows or even forgets to listen to the man who is talking to her is the ruin of a dinner. One clever mother, advising her newly married daughter on this subject, remarked that if stewed puppy dog was brought to the table she must not notice it. Few hostesses are subjected to so severe an ordeal as this, but the remark contains a good hint.

Low Rates to London For Western Fair

Return tickets will be issued at Single Fare by Canadian Pacific Railway from all stations in Canada, Sharbot Lake, Renfrew and west, but not west of Sudbury. Good going Sept. 6, 7, 8, 9, 11, and 14.

Special Excursion Rates will be in effect Sept. 10, 12 and 13.

Return Limit on all Tickets Sept. 16 1912.

New Use for Phonographs.

Hitherto the phonograph has been considered merely as a source of pleasure or of torture. Now an ingenious writer, quoted in The Daily Telegraph, suggests that it should be pressed into practical use. Everyone recognises the skill with which the porter who calls out stations can disguise the simplest place names. Long practice with portmanteaux has made him master of the portmanteau work.

Why not, one writer suggests, replace the human but uncertain vibrations of the porter's voice by the brazen throat of the phonograph? In response to the mere pressure of a button the docile instrument will ejaculate with impeccable elocution as many times as you please the names of destinations.

This is an excellent idea, capable of indefinite extension, which may well open for the phonograph, already somewhat out of favor as a mere amusement, a new era of fruitful service.

A Chance for Stanleys.

Despite the wonderful advance of exploration in various parts of the world, the Royal Geographical Society of London have recently declared that no fewer than 20,000,000 square miles of the earth yet remain unexplored. Africa has the largest unexplored area, nearly 6,500,000 square miles; while North America contains no fewer than 1,500,000 square miles of virgin territory. The largest continuous stretch of unexplored country is in Liberia, Africa. The tract consists of about 20,000 miles, all of which is within 200 miles of the sea. Regions adjoining the Congo, the basin of the Upper Nile, parts of Morocco, Abyssinia, and Somaliland have yet to be surveyed, mapped out, and commercially exploited.

Seven battalions of auxiliary Turkish troops are reported to have mutinied at Yenishewir and plundered several villages.

W. L. DOUGLAS SHOES

need no introduction. For over a quarter of a century they have been the most extensively advertised, easiest-selling shoes in the world, and to-day they are the standard of quality everywhere. They are sold by over 11,000 shoe dealers, as well as through a chain of 78 Exclusive W. L. Douglas Retail Stores, situated in 45 of the principal cities of the United States.

CHAINS OF FAMOUS WELL

Her Actual Status and the Work She Is Doing in the Ancient Kingdom.

One of the most costly and comprehensive drainage projects for the reclamation of lands undertaken by any Government in the world, and certainly the greatest enterprise of its kind in Mediterranean countries, has just been begun by the Egyptian Government to make cultivable 1,000,000 acres of fertile land in the delta of lower Egypt. The reclaiming of these lands will necessitate an expenditure approaching $30,000,000. It is roughly estimated that the increase in value of the reclaimed and improved land will approximate $100,000,000. This great project suggests a consideration of the authority really responsible for it and, incidentally, a review of the actual status of England in the ancient kingdom of the Pharaohs.

The Khedive of Egypt is, of course, the nominal sovereign of that country and there is still a paper recognition of Turkish suzerainty, but Lord Kitchener, the present English consul general, is the actual ruler and governor. Yet it is a curious paradox that he takes rank merely as a consular official and in any ceremonial function he, as the latest appointed consul, would have to walk behind consuls representing the countries, say, of Central America, or the petty kingdoms of southeastern Europe. But this is one of the paradoxes the English people love. They prefer the substance to the shadow. They do not mind who has the appearance of power so long as they have the reality. England has not declared a protectorate over Egypt, but she is in military occupation of the country and could impose one at any moment. Such an action, however, would hardly be politic, at present, in view of the Mahommedan unrest in both Egypt and India. But nothing of any importance is ever done by the Government of Egypt without previous consultation with the British consul general. The Khedive's ministers confer with Lord Kitchener almost daily as with their recognized ruler.

There are only two things, practically unimportant in themselves, that restrict England's absolute rulership. One is the annual tribute still paid by the Khedive to the Sultan of Turkey to get rid of any direct authority of the Sublime Porte; the other is the inconvenience now inflicted on the country by the famous "Capitulations," which enable the subjects of even the smallest European power to escape from the criminal jurisdiction of the Egyptian courts. But these restrictions could be removed by England without much opposition. The Khedive is merely a figure head and no European power has sufficient standing to oppose seriously the conversion of the actual authority of England into recognized sovereignty.

But without making any formal alterations in the government of Egypt England can effect and has effected a great many improvements in the material condition of the country. Lord Cromer raised it from bankruptcy to comparative prosperity. Lord Kitchener has done much already toward the reclamation of the vast delta of Nile by irrigation. So perfect is the system at the present time that during about three months in the year, when the river is low, not a drop of Nile water is allowed to escape into the sea. He found a good deal of the land waterlogged because of no efficient drainage system and the cotton crop in serious peril. The latest scheme is his, not, in any sense, that of what goes by the name of the Egyptian Government. This country of Mussulman, Copt, and European, with the almost limitless sphere of the Soudan in the back ground, will form a vast field for British enterprise for many generations to come.

Detroit's population, by directory estimate, is 567,944.

LUSTROUS HAIR FOR WOMEN

Parisian Sage Starts Hair Growing and Increases Its Abundance.

No Poisonous Sugar of Lead or Sulphur in Delightful, Refreshing Parisian Sage.

If you haven't enjoyed the marvelous benefits derived from using refreshing PARISIAN Sage, the modern hair grower, beautifier and dandruff remedy, you have missed a real treat.

Every woman should use PARISIAN Sage not only to banish dandruff and other hair troubles, but to prevent falling hair, baldness grayness, and faded hair. PARISIAN Sage puts life and luster into any person's hair. It keeps the scalp and hair immaculately clean, and causes the hair to come in thick and abundant.

PARISIAN Sage is not a dye. It does not contain a particle of poisonous lead to discolor the hair or any injurious ingredient.

Get a bottle to-day. It only costs half a dollar and is sold at drug stores and toilet counters everywhere.

Wm. Madill guarantees it.

PERSONAL

Mrs. Crosby left yesterday for Toronto.

Miss La France is visiting Mrs. Glass, 487 Parnell street.

Mr. David Bridshaw, accountant of the Royal Bank, is spending a few days at his home in Stratford.

Mr. C. L. Brown, of Toronto, arrived in the city yesterday to stay for a shot time.

Messrs. Everett and Douglas Laing have returned to their home in Milwaukee, after a month's visit in the city.

Mr. P. J. Heaslip, McDonnel street, wishes to thank the many friends for their expressions of sympathy extended to him, in his recent bereavement.

Mr. Harry Theobald of the Examiner reportorial staff, left this morning to attend Jerome College, Berlin, Ont, where he will enter upon the study of a special course of subjects.

Rev. Dr MacKenzie and wife, of Ottawa, spent a few hours in the city yesterday on their way to Lakefield, where they will visit their son Rev. A. W. MacKenzie, of the Grove School.

A party of seven motored into town last evening, touring this part of the country. They were, Mrs K. A. Gordon, and Miss Vivian B. Gordon, of New York, Mr. Gerald Gordon, of Philadelphia, Mr. D D. Gordon of Pasadena, California; Miss Ethel Thornton, of Winnipeg; Miss Marion Micks and Mr. A. E. Micks, Peterborough.—Lindsay Post.

PAVING EXPERTS VISITED HERE

Imparted Some Useful Information To Board of Works.

Two paving experts waited upon the Board of Works last night, advancing opinions of the best class of material for the use of the city in their proposed paving. They were Messrs. J. M. Dunlop and G. G. Van Scoyoc, representing the Canada Cement Company, Montreal.

The real test of a pavement is its first cost, plus it's upkeep from year to year, said the former.

"What would be the approximate cost per yard on Chambers street," asked the Mayor.

After figuring closely, Mr. Dunlop said that $0.92 should cover everything.

"I don't see why we don't get busy at this work," said Ald. Johnston.

"We're going to get busy right away," remarked the Mayor.

Mr. Dunlop did not recommend corrugating the pavement to be laid on Chambers street, he preferred the smooth every time. After an extended exposition by the visiting experts, they were assured that the Council would consider their opinion on the paving question, after the Board had expressed their appreciation of their kindness in waiting upon them.

REAL ESTATE CASE BEFORE POLICE COURT

The hearing of a case of false representation of real estate, is taking place in police court this afternoon, in which a real estate dealer is the defendant.

It is alleged that he falsely represented certain land in Tuxedo Park, near Winnipeg, to Mr. Fife, a prominent farmer in Asphodel, who bought from him.

Police Magistrate Dumble is presiding.

We feel sorry for the man who is unable to distinguish between a friend and an acquaintance.

HERE'S AN ARGUMENT FOR (HORSE WAS NOT TIED) THE CITY TRAFFIC BY-LAW

An unusual commotion enlivened that portion of the city near the corner of Rubidge and Charlotte streets last evening, about 6 o'clock when a horse in charge of a young man, and attached to a light runabout, made a very good attempt to provide the fifty people gathered, an interesting but dangerous entertainment. For some reason the driver left the horse for a moment without tying it, and the animal taking fright, became entangled in the reins and cramping the runabout it fell on its side on the road. The horse was now thoroughly frightened and kicked and plunged in such a manner as to make it impossible to unharness without coming in dangerous proximity to the flying iron shoes. Finally, the horse was unhitched, and it regained its feet.

The harness was broken considerably, but the horse and the rig escaped with but a few scratches.

USUAL STORY OF MEETING "MAN WITH THE BOTTLE"

Youth's Evidence Not at all Satisfactory to Magistrate Dumble.

"It is too bad to see a young fellow like you coming up here with a story like old blacklisters tell, who appear in police court every day," said Chief of Police Thompson, this morning to an eighteen year old youth, who was placed in the box to reveal where he procured his liquor. The lad's name was Robert Scully, who, with three others, was charged with disorderly conduct on the night of September 3rd.

Scully admitted having had liquor before, and has been arrested on previous occasions.

"MET A MAN"

Scully started off with a story about meeting a man from Kinmount who sold him a fifty cent flask of whiskey for a quarter.

The yarn breathed its own untruth and during the period that the prisoner was telling his story, his limbs trembled perceptibly.

"We have had enough of this lying," said Magistrate Dumble, "and I am going to prosecute for perjury."

Scully described the fictitious man from Kinmount, as being clad in light clothes, stout and wearing a Panama hat. He also refused to divulge his name, and during the Chief's examination, he slightly contradicted himself.

When prisoner signed his evidence, the Magistrate pointed to the youth's shaking hand which trembled so that he could scarcely write.

One of the other witnesses who was excluded during Scully's evidence, was called to the box and his tale conflicted with the story. He swore that during the time he was with Scully and the two others, he never had a drink or ever saw a bottle.

Since being served with the summons, the four youths had talked over the matter between them, and had agreed to plead guilty.

Charles Martin, one of the bunch, positively asserted that certain statements in Scully's story were untrue.

A charge of supplying liquor to a minor will be lodged against one of quartet.

Each was assessed $4.60 for disorderly conduct, and the case will come up again.

THREATENS TO SUE THE CITY

Dr. King Was in a Runaway Which He Says the City is Responsible For.

A list of streets in the city upon which the Peterborough Light and Power Company propose to lay gas mains, was submitted to the Board of Works last night, Mr. J. H. Munro, manager of the company was present to recommend that the Board allow the work to proceed.

Mayor Bradburn moved that the matter be left with the chairman, the City Engineer to look into the matter with power to act.

Considerable objection was raised by members of the Board, especially the Mayor, against the tearing up of the city's streets continually. It exposed the city to the jibes and criticism of visitors, citizens, and the newspapers.

MAY BE A SUIT

Dr. King wrote the Board about a blockade on Charlotte street, which caused his horse to run away, damaging his horse and rig. He asked the city to settle for the damages, assuring them that if the corporation did not respond, he would sue the city. The amount of his claim was $7.50.

"Fight the case, even if it is only a small amount," advised street commissioner Evans.

It was referred to the City Solicitor.

Boat Arrivals

The R.M.S. "Royal George," which left Bristol Wednesday evening, Sept. 4th, passed Belle Isle at 5 o'clock Monday afternoon. Due Quebec at noon to-day, and Montreal to-morrow.

The "Empress of Britain," of the C.P.R. line from Liverpool, was reported 226 miles east of Belle Isle at five o'clock Tuesday afternoon. Due Quebec at eleven o'clock to-morrow night.

The "Mount Royal," of the Allan Line, arrived at Quebec at 2.15 o'clock this morning.

Lightning Hit Grant Hall.

Kingston, Ont., Sept. 11.—Another big rainstorm, accompanied by severe lightning, struck the city yesterday morning.

A bolt of lightning struck Grant Hall, knocked several stones out of a place on to the roof and shattered one of the hands of the big clock.

Prominent Oddfellow Dead.

Ottawa, Ont., Sept. 11.—Geo. Bell one of the most prominent Oddfellows in the Dominion, died yesterday, aged 65. He was chief clerk in the registration branch of the Interior Department.

Laurentic Steward Killed.

Montreal, Sept. 11.—Falling fifty feet into the hold of the steamer Laurentic yesterday morning W. E. Roberts, a steward, was instantly killed. Roberts' brother was a steward on the Titanic.

The Derby Day Menu.

The menu of the Derby Day dinner at Buckingham Palace is practically always the same. Here it is: Clear turtle soup, whitebait, trout, quails, venison, lamb, ortolans, chicken, roast, asparagus, peaches, ices.

The best wines in the royal cellars are served on the occasion of the Derby dinner. These wines include: Garten Hock 1875, Sillery 1865, Claret Lafite 1875, Port 1812, Port 1834. These wines are of almost priceless value, and would fetch probably from $100 to $250 a bottle if sold in the open market.

ONLY FOUR FEVER CASES

Local Conditions Unexcelled From Health Standpoint

A quorum of the City Board of Health was secured yesterday afternoon, when petitions for sewer connections were considered, and the verbal report of the M.H.O. received.

Dr. McPherson reported that conditions in the city were excellent from the standpoint of health. No cases of typhoid exist, no diphtheria and only four cases of scarlet fever, three of which are in the hospital. A certain amount of milk and dairy inspection is being carried on, and a thorough inspection of restaurants made.

Mr. B. Gainey and Mr. Dickson personally asked for sewer connection.

Trainloads of Wheat.

Winnipeg, Sept. 11.—Clear, warm and windy was the prevailing condition throughout the west yesterday. With the bulk of the wheat of Manitoba in stock, two-thirds of Saskatchewan's crop cut, and threshing very general all over the west, there is no gloom in the prairie provinces. Trainloads of new grain are now moving eastward, the earliest period in the history of the west for shipments to the lakes of full trains of wheat.

Western farmers, too, have profited by last season's congestion, and have many individual storage facilities they did not possess last year, which resulted in heavy losses.

Penalties on Marriage.

It is the rule at All Souls' College, Oxford, England, that a Fellow forfeits his Fellowship if, when studying the classics, he should take unto himself a wife. In such an event he must not only pay the penalty, but must also present his college with a memorial in the shape of a silver cup, with the further condition that on this cup shall be inscribed in Latin: "He back-slid into matrimony."

Many readers have doubtless heard of the Bachelors' Club in London. When a member so far forgets the principles of the club as to enter Hymen's realm he is promptly expelled and ostracized, at any rate so far as the other members are concerned. By payment of a fine of £25 he can, however, retain an honorary membership, but, of course, he cannot enjoy the privileges of this select band of non-marrying men.

A Strong Man.

A remarkable feat of strength has just been witnessed at Eaton Socon, Bedfordshire, England. Mr. Spurgeon Thornton made a wager that he would haul to Tempsford Bridge and back, a distance of six miles, a buggy containing four of the heaviest men in the district within an hour. He lost the wager, but took only just a little over the hour to perform his astonishing task. He is not challenging anyone to repeat the feat.

The King's Pigeons.

The King is known as a keen agriculturist, a successful breeder of prize stock, and an ardent philatelist, but it will probably come as news to many persons that His Majesty is interested in homing pigeons, of which he possesses a fine loft at Sandringham. Twelve of the royal birds are to take part in the Grand National pigeon race, flown from Rennes, France.

The prize money amounts to $5,000, the largest stakes yet associated with a homing race, and the King's birds will find themselves included among some 5,500 competitors, a record entry for the event. The distance from Rennes to London is over 250 miles, but many of the birds, coming from lofts in the North, where pigeon-flying is an engrossing week-end sport, will have considerably over 400 miles to cover.

The Formal Exposition of the authentic Fall and Winter Fashions in Women's Ready-to-Wear Garments, Dress Fabrics, Millinery and Home Decorations will take place to-morrow, Thursday, September twelfth, continuing Friday the thirteenth.

A most interesting feature and one deserving particular emphasis is the showing of original productions from Gage Brothers, New York & Chicago, D. B. Fisk, New York and Chicago, and Kurzman, New York and correct reproductions from Madame Germainez, Paris, Camille Rogers, Paris, and Virot, Paris.

Miss Brown, late manager of A. E. Rae & Co's Millinery Department, Ottawa is in charge.

These departments specially invite your attendance on these days.

The CRESSMAN Company Limited

AUTUMN BRIDES

FEE—BEST.

A quiet wedding took place this morning at 10 o'clock, at the residence of Mrs. Valentine Best, 209 Brock St., when her only daughter, Effie Ernestine, was united in marriage to the Rev. Samuel McLeod Fee, B.A., of Newdale, Manitoba.

The ceremony was performed by the Rev. Robt Pogue, of St. Paul's Church, in the presence of the immediate relatives. Lohengrin's wedding march was played by Miss Ethel Best, the bride's cousin.

The bride, who was unattended, wore a suit of cream serge with hat to match, and was given away by her uncle, Mr. D. H. Moore.

Mr and Mrs Fee left on the noon train for a short trip down the St. Lawrence before leaving for their home in the west.

SOMERVILLE — STUART

A quiet wedding took place at the residence of the bride's mother, Mrs. M. Stuart, 386 Stewart street, at 3 o'clock, this afternoon, when Frederick Morton Somerville was united in marriage to Alice Mary Stuart of Peterborough, by the Rev. J. R. Webb.

The bride wore a blue broad cloth travelling suit, and a black silk beaver hat.

The happy couple left this afternoon, for a trip down the St. Lawrence River, after which they will reside in this city.

The groom is accountant at the Canadian General Electric Company.

STEAM ROLLER FRIGHTENED HORSE

A horse attached to a light delivery rig took fright at the steam roller on Simcoe street to-day, and bolted on to George street. At the cement crossing the alarmed nag slipped and fell, giving a number of pedestrians a quick time to get out of the way to safety. When the horse regained its feet the driver again got control. It was lucky that the animal's course was short, as the rig was filled with bottles which would not have escaped had the rig collided with any obstacle.

The germ that has been killing thousands of horses and cattle in Kansas, enters the head via the mouth or nostrils and finds its way to the brain.

Herbert C. Treneer, A.T.C.M.

Organist & Choirmaster of St. Andrew's Church

I am prepared to accept pupils for piano, theory and voice culture. A thorough and technical training is guaranteed, with special attention to interpretation. Will prepare candidates for College, Conservatory or University Examinations if desired. For terms, etc., apply at the J. M. Greene Music Co., L'td., 155 and 157, Charlotte Street. Phone 596.

FIVE YEAR OLD BABY WILSON

Scenic embellishments, said to be beautiful, stage settings of a lavish nature, and satorial appointments that will appeal to refined and tasty people, are among the promises held forth as being part of the attraction when "The Bachelor's Baby" will be offered on the local boards. Etienne Girardot and little five-year old Baby Wilson will be the steller attraction, and the play itself with its story of heartaches, its theme of love and its wonderful comedy lines, will appeal to all.

The seat sale opened this morning.

Banquet to Borden

The big banquet in honor of Premier Borden will be held in Toronto on September 23rd. Those desirous of participating in the affair should secure tickets immediately.

IS GOING TO FORT WILLIAM

Mr. H. Dinsdale Secures Good Position With Hardware Firm

Mr. Will Pratt was elected president of the Marlborough Club last night to succeed Mr. H. Dinsdale, who is leaving the Peterborough Hardware Company to accept a position as office manager of the Fife Hardware Company, of Fort William. He leaves to assume his new duties on Sunday afternoon. Mr. Dinsdale has been an active president and his departure from the city will be much felt.

Robert Langford, of the Bank of Nova Scotia, was elected secretary, and Howard Kirm, treasurer.

The club held the meeting in their elegant new rooms on George street, opposite the Examiner office, having vacated their former premises, owing to an enlargement of the Royal Theatre.

About forty members were present in all, and expressed great regret in accepting Mr. Dinsdale's resignation. He has held the office for one year most successfully. He regretted having to sever club acquaintanceship, and wished it much future prosperity.

Mr. Pratt, the new president, afterwards outlined the proposed work of the club for the coming season, and remarked upon the handsome new club apartments which they were to occupy. There is a fine, commodious dance hall, and the social life of the club should progress greatly this approaching season.

Mr. Langford accepted the honor bestowed upon him and voiced the sentiments of the members in urging upon those present to create the most efficient and popular club in the city by their enthusiastic and co-operative efforts. He outlined the work and that of the committee in charge and prophesied a record year for the Marlborough Club. Routine business was transacted and the gathering sang the National Anthem before breaking up.

FIRST DRILL OF FALL SEASON

Company Drill Taken up by the 57th Regiment.

The first weekly drill of the Fall training for the 57th Regiment, was held at the Armories at 8 o'clock last night. Both bands were present and there was a good attendance, considering that it was the first drill.

The regiment formed up in the Armories and then followed an hours company drill in Central Park. Orders will be read next Tuesday night.

THE ONTARIO COAL COMPANY

Offices Now Located in Greene Music Company Building

In order to correct a wrong impression which has gone abroad, we have been requested to draw the attention of our readers to the fact that the Ontario Coal Co., Limited, have moved their offices to the east side of the Greene Music Building on Charlotte street, where all orders for coal and wood will receive the usual prompt and satisfactory attention. The office is being remodelled, and when completed will be one of the most up-to-date office suites in the city.

HARVEST HOME SERVICES AT PARK STREET CHURCH

The annual Harvest Home services of the Park Street Baptist church will be held October 13 and 14. The Rev. J. R. Webb has been invited to take the pulpit of that church on the morning of Sunday, the 13th, and in the evening the Y. M. C. A. officials will have charge of the service.

On the evening of Monday, the 14th the annual social and tea meeting will take place.

TENDERS FOR CONVEYING MAIL

Tenders are being called for the conveyance of mails over Norwood rural mail route, No. 2, on a four year contract, calling for six round trips each week, and also for the carrying of mails, under a similar contract over Lakefield rural mail mail route, No. 4.

IS UNABLE TO GO TO KINGSTON

Kingston Standard.—A meeting of the Board of Directors of the Y. M. C. A. was called for last evening to consider the advisability of taking steps to procure a new physical director. This action was found necessary following a letter from Mr. Galley of Peterborough, who stated that he would be unable to come owing to the illness of his mother.

It is absolutely necessary that a director be secured as soon as possible and another meeting of the Board will be called in a few nights.

Fainted in Store

A young lady, whose name was not ascertainable, fainted this morning while resting for a moment in E. L. Payne's drug store. She was seated on a chair and toppled over without a moment's warning. Mr. Payne applied restoratives, the young lady being quickly revived, and none the worse for the incident.

MARRIED

SOMERVILLE—STUART—At the residence of the bride's mother, on September 11th, 1921, Alice Mary, eldest daughter of Mrs. John Stuart, Peterborough, to Frederick Morton Somerville, B.A., only son of Mr. and Mrs. M. W. Somerville, of Norton, New Brunswick.

Autumn Exhibit

Throngs of Enthusiastic and Appreciative Style-Devotees Attended This Superb Style Exhibition To-day!

THAT THE CRITICAL dressers of this section regard our Autumn Fashion Exhibits as style events of utmost importance, has been demonstrated time and again, but never so emphatically as to-day. The throngs that attended to-day were by far the largest we have ever entertained, and on all sides were heard exclamations of admiration and gratifying praise.

A HIGHLY SIGNIFICANT feature was the liberal purchasing of the new goods. Although there is usually very little business transacted early in the season, prices we placed on the new styles proved so tempting that most of those who came only to look remained to buy, and bought liberally.

IT IS THE best we have ever held--this Autumn Exhibit. It is COMPLETE, AUTHORATIVE and COMPREHENSIVE. Thousands upon thousands of dollars' worth of fresh, beautiful new Autumn merchandise is on display. Every dollars' worth carefully selected by our own buyers, from the productions of the leading manufacturers of the world. The styles for Autumn are strikingly attractive, and we have been careful to select only the latest, most correct and most practical modes of all.

IF YOU COULD not come to-day, come and be our guest to-morrow, Friday or Saturday (the exhibit ends on Saturday night you know)--you are sure to enjoy yourself immensely, and you will gain a fund of style information that will prove very valuable indeed.

Don't miss seeing our beautiful and Artistic Window Exhibits To-night. They are worthy of a special trip down town.

RICHARD HALL & SON LIMITED

REMOVE POLES BEFORE PAVING GEORGE STREET

The Opinion of Cement Company Representative and Council Alike.

Mr. J. W. Dunlop, the representative of the Canada Cement Company and paving expert, is thoroughly of the opinion that it would be unwise to proceed with street paving before the poles are removed. His view is in accordance with that held by Mayor Bradburn and the majority of the City Council.

At the Board of Works gathering last night the Mayor stated that he had been given the assurance by Mr. Marshall, of the C. P. R., that the company would remove their three poles, as soon as the G. N. W. people, through Mr. Duckworth, had fulfilled their promise.

It was moved that the chairman be authorized to make arrangements with Mr. Duckworth of the G. N. W. for the immediate removal of their poles on George street.

Regarding the paving of Chambers street and part of Hunter street, a by-law was ordered to be prepared providing for the paving of the streets with the cement advocated by the Canada Cement Company representatives.

IS RECOVERING FROM INJURIES

Isaac Dormer Will Soon be Able to Leave Hospital.

Hamilton, Sept. 11.—Isaac Dormer, the resident of Peterborough, who, it was alleged, was beaten into an unconscious condition on Monday afternoon, in an alleyway fight by another man named John Brown, was reported at the City Hospital last night as having recovered from his injuries to such a degree that his appearance in police court will be looked for in a day or two to press the prosecution against his assailant.

FESTIVAL AT ST. JOHN'S CHURCH

To-morrow (Thursday) the annual harvest festival services in connection with St. John's church will be held. At 10 a.m. there will be celebration of the Holy Communion, and at 8 p.m. evening festival service with special music appropriate to the occasion. The preacher at the evening service will be Re. Dr. Llydd, Vice-Provost of Trinity College, Toronto. Dr. Llydd is a brilliant lecturer and speaker. The church is being decorated with grain and other harvest emblems to-day, and flowers will be added to-morrow.

The public generally is invited.

CITY ATHLETES LINING UP FOR CHAMPIONSHIPS

Plenty of Competition for Sports At Riverside Saturday September 21.

Much interest is being shown by local athletes in the City Athletic Championship Sports, to be held at Riverside Park, Saturday, Sept. 21st, and interesting competitions may be looked for, both in the junior and senior events.

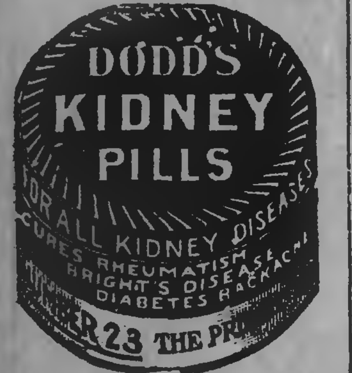
The date has been changed from September 14th to the 21st on account of the Fair this week.

All the events are open, and information will be gladly given by Mr. J. J. Thompson, physical director at the Y.M.C.A.

The trophies are on exhibition in the window of the Peterborough Hardware.

HOCKEY

James T. Sutherland, the popular manager of the Frontenac Hockey Club, announced on Saturday that he will not move to London, at least not for another year. Hockey enthusiasts will rest easier now that the genial "Jim" will be available to guide the city hockey team again next winter.—Kingston Standard.



DODD'S KIDNEY PILLS

CURES RHEUMATISM BRIGHT'S DISEASE BACKACHE DIABETES
NUMBER 23 THE PR

ENGLAND IN EGYPT.

England Possesses Some Interesting Pieces of Furniture.

In the possession of Messrs. Barclay & Perkins, and preserved at their brewey in Southwark Bridge Road, London, England, is a large, roomy armchair, comfortably upholstered in dark brown leather, just a little worn. Formerly it belonged to the Thrales, the friends of Dr. Johnson, and was set aside by them strictly for his use at their house in Deadman's Place, Southwark. It passed, with the brewery, into the possession of Messrs. Barclay and Perkins on the death of Mr. Thrale.

Another chair, the property also of a great man of letters, stands in one of the rooms of that stately and baronial hall, Audley End, the seat of Lord Braybrooke. Its history is told on a brass plate inserted in the back:

"This chair, once the property of Alexander Pope, was given as a keepsake to the nurse who attended him in his illness; from her descendants it was obtained by Rev. Thomas Ashley, curate of the parish of Binfield, and kindly presented by him to Lord Braybrooke in 1884, nearly a century after the poet's decease."

It is apparently of Flemish workmanship, and of rather singular design. In the centre medallion on the back is a figure of Venus holding a dart in her right hand and a burning heart in her left. The narrow back and wide circling arms give a peculiarly quaint appearance to this curious relic of one of England's greatest poets.

John Wesley's chair of solid oak, and in an excellent state of preservation, is treasured by the Wesleyan Church of Australia, in whose possession it is.

The chair occupied by Charles I. at his trial at Westminster Hall is now in a cottage hospital at Moreton-in-the-Marsh, while of more recent date are chairs of the Chief Justices of the Court of Common Pleas—an office now abolished—in the possession of Lord Coleridge, and the chair of the Speaker of the Irish House of Commons, which belongs to Viscount Massereene and Ferrard, as the descendant of Mr. Foster (Lord Oriel), the last Speaker, and which is now in the National Museum in Dublin.

Woolwich Arsenal.

Britain owes her present arsenal at Woolwich to an accident. The Government had a gun foundry in Moorfields, where, upon one occasion, in the year 1716, a distinguished party were gathered together to witness the operation of casting a large cannon.

A young foreigner, named Schlach, who seems to have been almost an entire stranger, but who was well acquainted with the details of casting, noticed that one of the moulds had been insufficiently dried, and warned the moulders against using it. They disregarded his advice, and when he saw that he could not prevail upon them to desist, he immediately put himself well out of harm's way before the cannon was cast. A terrible explosion occurred when the molten metal rushed into the wet mould, owing to the sudden generation of steam that could find no outlet, and several persons were killed and a large number injured.

It is said that search was made for the man whose predictions had been so painfully verified, and that the Government employed him to advise about the best mode of preventing such accidents in future. The result was that Moorfields was given up as a site of a gun foundry altogether, and upon his advice the establishment was removed to the Warren at Woolwich.

Governor Woodrow Wilson made two tariff speeches, in which he declared that in the main protected industries paid less wages than unprotected industries.

SAVING THE FORESTS

H. R. MACMILLAN IS B. C.'S NEW CHIEF.

Young Expert Who Has Been Assisting the Federal Conservation Commission Is a Canadian, Born In Ontario, and Took His Degree Before Canada Had a Place Where Men Could Be Trained.

Canadians are familiar with the name of Mr. H. R. Macmillan, whom the British Columbia Government has just appointed chief of the forestry service. Mr. Macmillan has contributed several important articles on the Canadian tree and the care thereof to the press. Forester Macmillan does more than theorise with his pen, though he does that well. He gets right out under the oaks in his prospecting boots, red kerchief about his neck, and tackles the forest problems practically.

For some time Mr. Macmillan has been helping the Federal Government and the Conservation Commission propagate sane ideas about preserving our national resources, particularly the Canadian tree, which, thirty years ago, before Ottawa ever heard of Gifford Pinchot or Dean Fernow, was considered fit only to build snake fences. He is a college man who has taken up tree culture as a profession; the new type of university boy who knows more about the practical problems of nation building than of Latin or Greek. Mr. Macmillan is a Canadian chap, born in Ontario. His university is Yale, because when he matriculated there was no faculty of forestry in Canada nor likelihood of one being started. At Yale he studied under Henry S. Graves, now chief of the United States forestry service. When Mr. Macmillan graduated from Yale he came straight to Canada, which was just then beginning to see light through the clearing on the forestry question. Mr. Macmillan, while at Ottawa, published a host of reports and articles on conditions in Canada. He traveled in the nine provinces getting his knowledge at first hand of the intricacies of the situation. While he was looking over the ground in Sir Richard McBride's territory, the Government of British Columbia, looking for a man to captain its new forestry service, snapped him up. His future there he will hew out himself; for no one has preceded him and there is much to do ahead.—Canadian Courier.

MR. H. R. MACMILLAN, B.S.A., M.F.

The Art of Accepting Gracefully.

I wish that there were more of the gracious receiving of favors or gifts. Did you ever think how really limited are the abilities of most persons along this line?

Many of us can give beautifully. We can say the pretty phrases, write the timely good wish to accompany a gift, but when it comes to receiving graciously our energies are overtaxed, and we become embarrassed, ill at ease and sometimes very tactless.

Learn to receive as well as to give. Let your gratitude be shown in as fine a way as your generosity. It can be acquired.

Always.

"What is the proper thing for a man to do when his wife asks him for money and he hasn't any?" queried Newed.

"Oh, there isn't any proper thing to do in those circumstances," replied Oldwed. "Anything he does will be wrong."

CASTORIA

The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

Heating the Bank of England.

The Bank of England, says The Gas World, is about to be fitted with a system of central heating and hot-water supply, which will be one of the largest and most complete private installations in that country.

The heating will be effected by means of hot-water pipes and radiators, and as the building covers an area of two and a half acres the circulation will be accelerated by electrically-driven pumps, so that the radiators at the extreme points of the system will be practically as hot as those close to the boilers.

Altogether there will be about 600 of these radiators, and they will be supplied from six boilers, some of which can be cut off when the weather conditions do not require the whole power. The hot-water system will also extend over the entire building, and hot water may be drawn at any point where a tap is fixed.

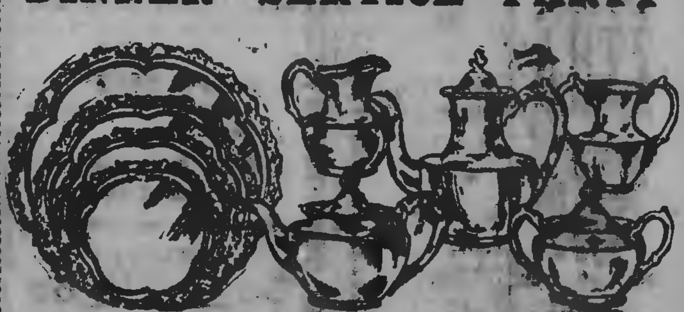
PUBLIC INVITATION TO A DINNER SERVICE PARTY



An invitation is cordially extended to the citizens of Peterborough and neighboring places to attend our large showing of Dinner and Tea Sets, to be held during the first two weeks in September. We are confident that the showing will recompence you for the trouble of looking, especially if you anticipate needing dinner ware.

The assortment embraces all the latest shapes and newest designs of decoration. The majority of the sets are of English make, although we are showing many sets made in France and Germany.

The price of each set will be marked in plain figures during this sale, which will enable you to decide which one you table with.

Sale is from two to four o'clock each day.

TORONTO 262 Queen Street, W. C. B. ROUTLEY PETERBOROUGH 379 George

A FEW REASONS WHY A

HAPPY THOUGHT RANGE

IS SUPERIOR TO OTHER RANGES

1. The Happy Thought patented features can be found nowhere else. They include the pyramidal oven, illuminated oven, oven damper, reservoir damper, etc.
2. The Happy Thought has the deepest and most economical firebox, the most scientifically arranged flues, properly proportioned oven, and largest top cooking surface.
3. The Happy Thought oven cooks equally well in every part, whether on shelf or oven bottom, or any corner, or centre.
4. The Happy Thought waterfront is the most powerful known. The reservoir will boil water.
5. The Happy Thought dampers give you absolute control over the fire, which may with ease be retained for thirty-six hours.

The Fact that nearly Two Hundred Thousand Happy Thoughts are in use in Canada shows how extremely popular they are.

Let Your New Range be a Happy Thought

PREPARATIONS FOR THE SEASON'S WORK AT Y.W.C.A.

The new year at the Young Women's Christian Association is opening up with glowing prospects. The several committees are hard at work and the prospectus will soon be out. It is hoped that all who wish to take advantage of any of the classes will enroll at once, as all work begins October first.

The new secretaries, Mrs. Jean W. Grey and Miss Annie R. Gray, will be pleased to meet all young women interested in the work of the Association, and to advise in the choice of courses.

During the summer the interior of the Boarding Home has been kalsomined, painted and burlapped by the firm of Duncan Bros., and now presents a fascinating appearance to the newcomer. An electric system of bells resounds through the corridors and will save many a weary girl a trip to the top floor to find the needed person. A gas stove has also been installed in the laundry for the use of the boarders.

These improvements are a decided acquisition to the home.

The rooms will all be filled upon the arrival of the Normal students. One room is always reserved for transients.

The dining room serves as good meals or better, than formerly, and no advance in prices for the majority.

The superintendent, Mrs. W. Read, has returned from an extended trip to the coast, and reports that she saw only one larger and better equipped Y.W.C.A. in her travels.

Beginning next Sabbath, a vesper service will be held in the parlors at five o'clock, lasting one hour, to which all the young women of Peterborough are cordially invited. At five-thirty tea will be served in the dining room to any who wish to remain, and in order that all may feel free to do so, a nominal fee of five cents will be charged.

NEWS FROM OMEMEE

Special Correspondence

Omemee, Sept. [illegible]—Mr. and Mrs. W. McAdoo and Miss Bernice, of Mt. Pleasant, were guests of Mr. and Mrs. U. W. Mitchell on Friday.

Mr. J. H. Wilson, auctioneer, of Port Hope, was in town on Monday.

The funeral of the late Eliza Jane McNickle, to Emily cemetery, on Sunday afternoon at three o'clock was attended by a large number of friends and acquaintances. The deceased lady passed to her rest on Friday, Sept. 6th, at the age of 67 years. The funeral was held from the residence of Mr. T. Atwell. Sincere sympathy is felt for the bereaved.

In Lindsay, on Tuesday, September 3rd, a very pretty wedding was solemnized at the home of the groom's brother, Mr. T. J. Allen, Victoria avenue when Miss Florence Sophia Firman, of Omemee, was joined in the bonds of holy matrimony to Mr. Walter Allen, of Peterborough. The Rev. Canon Marsh tied the nuptial knot. The bride, who was gowned in cream serge with cream satin and valenciennes lace, entered the drawing room to the strains of Lohengrin's wedding march. Little Miss Marguerite Allen, niece of the groom was the pretty flower girl, while Miss Ula Brass, of Oakwood, did the honors to the position of ring bearer. After a dainty repast the evening was spent in music and in extending congratulations to the young couple. A large number of lovely and costly gifts to the bride testified to her popularity.

The young couple left for a honeymoon trip to Toronto, Niagara and other points west. On their return they will reside in Peterborough.

The home of Mr. James Brandon was visited by the Grim Reaper on Tuesday, September 3rd, when his beloved wife passed to her everlasting reward. The deceased was in her 76th year, and was held in high esteem by her many friends and neighbors, who are in deep sorrow at her demise. The late Mrs. Brandon was a consistent member of the Anglican church, and a thorough true Christian lady. Service was held at the home of her son at 2 p.m. on Thursday, following which a long cortege of friends accompanied the body to Emily cemetery, where interment took place.

The Village Council met for routine business on Monday evening.

Mr. Jos. Morden has the carpenter's contract for Mr. Henry Laidley's new residence, the construction of which is being pushed forward with despatch.

Mr. and Miss McCrea have returned from an outing at Muskoka.

Miss Morden, of Niagara Falls, arrived in town on Thursday, and has assumed the principalship of the High School.

Mr. Mossom Magee, formerly teller in our branch of the Bank of Toronto, and who was transferred to the business of the bank in western Canada, is home for a vacation. He looks well and appears to thrive wonderfully well in the Prairie Provinces.

Rev. H. Earle, Mrs. Earle and their children returned on Wednesday evening from a lengthy and pleasant holiday trip to Newfoundland.

Mr. George Balfour and Master Balfour, of Lindsay, returned to their home on Monday, after a visit with Omemee friends.

Mr. and Mrs. T. J. Parsons have been the guests of friends at Toronto.

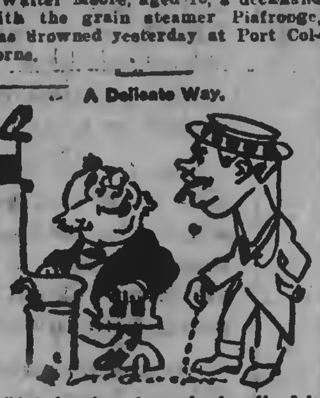
The (Rev.) Mrs. D. Balfour, of Lindsay, who had been visiting friends here, called on Tuesday on Mrs. J. H. Messmore, of Sturgeon street. These ladies had been acquainted in and had met last in India.

Division Court was held on Monday.

Rev. Robert Johnston, of Millbrook, will preach next Sabbath morning in the Presbyterian church, it being the third anniversary of the induction of Rev. D. H. Currie as pastor.

Walter Moore, aged 18, a deckhand with the grain steamer Piafrooge, was drowned yesterday at Port Colborne.

A Delicate Way.



"Ask her how long she has lived in America."

"She was born here."

"I know it, but I do not like to come right out and ask her age."

His Opinion.

"Love is the dynamo that makes things hum and keeps them going."

"Huh!"

"Well, what?"

"I must say that if that is so it has a pretty poor set of engineers."

Delicate Work.

"He has courted a good many girls."

"Yes, and he is an expert."

"Yes? What constitutes an expert?"

"He can make love to one without mussing her hair."

Successful Thinking.

"I asked Agnes to share love in a cottage with me."

"What did she say?"

"She'd think it over."

"And did she?"

"She did."

"With what result?"

"She thought the cottage clear off the map."

Still Unsatisfied.

"What sort of fellow is he?"

"Well, he has served three terms in the penitentiary."

"And what is he doing now?"

"Trying to earn a postgraduate course."

Couldn't.

"She complains that her husband doesn't pay her attention."

"He can't."

"Why not?"

"She keeps him so busy paying bills."

So Humorous.

"Mother, you know that dad calls your hand painted china a joke," said the young hopeful innocently.

"I know he does, child."

"Well, I just cracked a joke."

Snow Ball.

Have prepared balls made of tissue paper. In the heart of each ball place a slip of paper on which is written a conundrum. The fun will come in unwrapping the balls, and the prize will be given the one answering the riddle correctly.

Fourth of July.

In seventeen hundred and seventy-six
At the sound of Liberty's call
Our ancestors, tired of England's rule,
Assembled in old Town hall.

On the Fourth of July they signed the word
That makes us free today.
Great honor is due to these noble men
Who broke from England's sway.

And so to show our gratitude
On this day of the year
We bless the mem'ry of those brave,
Whose strong hearts knew no fear.

May we in turn our country serve
And earn the right to say
It was for us those patriots made
Great Independence day.

—Philadelphia Ledger.

Bishop Fallon, dedicated the new Roman Catholic Church at Port Stanley.

BEAUTIFUL EYES

are made beautiful by long, silky lashes and well defined, lustrous brows. Eyes, like diamonds, depend on their setting. The beauties of the face are lost if the eye brows are thin and scanty, and the lashes are thin and scanty. Parisian Lash Lustre grows beautiful, soft, silky lashes. It has done so for society women throughout Europe, and it comes here well recommended to do the same for you. Parisian Lash Lustre is not a dye or colorator, but a scientific preparation for beautifying the eye lashes and brows. Our guarantee goes with every box of Parisian Lash Lustre. A two weeks' treatment will bring beauty to your eyes that you have never before possessed. By mail, prepaid, in opal boxes on receipt of price, fifty cents. E. V. Marion, sole distributor, Bridgeburg, Ont.

The REVIEW
177 Hunter-st.

WHILE every man, whether he works for others or for himself, should carry a LIFE INSURANCE POLICY. There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

159 Hunter St. W. H. HILL,
D. H. MOORE, Inspector. Manager, Central Ont.

THIS IS EXHIBITION WEEK

AT FAIR'S

The exhibits are winners in every way. They won the highest place in the markets from which we procured them. They again won first choice from us when we made our selections, and last, and what we value most of all they have **won the unstinted admiration of the interested vistors to Fair's big store.**

In every department those in charge have made a special effort to display the most attractive in stock, and the whole store has become imbued with the spirit of annual exhibition. But the most special displays are made in—

Millinery, Ladies' Ready-to-Wear, The New Fall Dress Goods, Silks, Housefurnishings

In these sections there is a freshness, a richness and an up-to-the-minute appearance, that stands the closest investigation, and prices are unexpectedly moderate, prices considered.

A cordial invitation is extended to the ladies of the district, to pay a visit of inspection as early as possible.

BOARD OF WORKS WILL MEET TOWNSHIP REPRESENTATIVES

To Discuss Boundary Road Problems—Salvation Army Want Improvements to Gutter and Trees Removed—Other Applications.

A request from Miss R. B. Griffin, of Antrim street, asking the Board of Works to replace the wooden sidewalk on that street with pavement was read at the meeting last night. The Board passed a motion to advertise for the laying of the sidewalk.

A petition to replace the crossing opposite Long's Hotel on Hunter St., was also on the fyle. The first crossing was taken up owing to its delapidated state and a new one never constructed. The petition was largely signed by the people in that neighborhood.

Moved by Ald. Gillespie and Ald. Graham, that the crossing at that point be built at the most advantageous position.—Carried

MORE POLES TO BE ERECTED.

A communication from the Bell Telephone Co., for permission to open up the streets for the erection of poles in different sections of the city was granted.

T. A. S. Hay, the city engineer, reported examining the localities in which the poles were required, and recommended that the asked for permission be given.

Ald. Gordon also wrote the Board that a ratepayer had complained to him that loads of cinders were being deposited on Charlotte street, near George street. The city engineer has examined the work and found that there was no cause for complaint. Moved that no action be taken

An application for permission to place a cement curb at 774 George street, was granted Mr H. G. Walker who resides at the above address

WOLSELEY STREET COMPLAINT

A complaint was received regarding the bad condition of Wolseley street, from the Reeve of Smith The street is right on the Smith township boundary Mr J. W. Kelly, asked the Board of Works to take up the matter of remedying the conditions there.

Ald Buller considered it would be a good idea to call a meeting of representatives of all the townships, for discussing conditions of interest jointly to them and the corporation.

Ald. Gillespie favored the chairman's suggestion.

Moved by Ald. Gillespie and Graham, that the city clerk write the township clerks that a meeting will be called to settle matters regarding boundary roads, and that this joint meeting be held on Sept. 28th —Carried.

A letter to the Mayor was read regarding arrangements being made to fill up the gutter on Simcoe street in front of the Salvation Army Temple. Two large trees there were also in the road, preventing a photograph of the Temple being secured. The Army Adjutant asked that the gutter be filled up and the two trees removed.

Moved by Ald. Graham and Gillespie, that the city engineer report back to the Board on the communication, and that he have power to act.

ANNOUNCEMENT

The Ontario Coal Co. Limited wish to announce that they have removed their office to 181 Charlotte St., Greene Music Bldg, where orders will be taken for coal or wood, which will be given the same prompt and careful attention as heretofore. G K. Rackham, Manager. Both Phones 116. 3d

MADE A PRETTY CLOSE GUESS

The bean guessing contest at the Roller Rink last night resulted in a young lad, Kenneth Downey, winning the prize, a fine set of dishes. The bottle held 2,181 beans, and the boy guessed right—almost, 2,150, within 31 of the right number. The beans were counted by Jas. Brown and Woodie Bearss, both able and astute mathematicians. Guesses were give as low as 1,820 and as high as 4,200. There were about three hundred guesses made on the contents, which were somebeans.

RETAIL MERCHANTS DEAL WITH IMPORTANT MATTERS

Would Make False Advertising a Crime — Resolutions Will Go Before General Provincial Board.

A meeting of the Retail Grocers' Section for the Province of Ontario was held in Toronto last week at the Association's Head Office.

Retail grocers from all parts of the Province were present, when officers for the coming year were elected; among those elected is a Peterborough grocer, Mr. J. H. Connal, who was elected 2nd vice-president.

Matters of very great importance were discussed, which are of interest to the consumer as well as the merchants. Some of the important subjects dealt with were:

To abolish the fee system now charged for weights and measures.

Bringing the manufacturers into closer touch with the retailers.

Making a bag of potatoes weigh 75 lbs. to be the standard measure

Opposing Employers' Compensation Act as far as Retail Merchants are concerned.

Compiling a new Peddlers' Act.

Making false advertising a crime, and various other interesting subjects.

Various meetings of the same kind were held on different days during the Exhibition, covering every section of trade.

All the resolutions passed by the different sections of trade will now be dealt with by the General Provincial Board, of which Mr. N. C. Cameron, of Men's Wear, on George St., is 2nd vice-president. There will be considerable matters to be brought before the coming session of the Provincial Legislature.

The Retail Merchants' Association is steadily growing stronger every day.

DAME FASHIONS DECREES IN CRESSMAN'S WINDOWS

Among the pretty and attractive window displays of Autumn millinery fashions, none offer a more pleasing gorgeous view than the arrangement in the A. W. Cressman's store. The back-ground proper is intended to convey the impression of marble, and this effect is produced by using pure crystal rock. Two large pillars each support three lamps set in arch shades, and a light autumn tan is the prevailing color of the entire decorative design.

The central feature of the main window is a scenic painting remarkably true to nature, in which the Autumnal foliage and coloring is brilliantly portrayed. A marble platform in the centre of the arrangement, supports a table containing a group of dress accesories.

The window contains the very latest popular Paris and New York models of millinery modes, and also shows a beautiful garment of gray velvet with the new and fashionable Robespierre collar. The latter is going to prove very popular this season.

A coat of plush, lined with cerise satin is also assured of great popularity among lovers of the very latest and stylish creations. There are exact models of styles from Gage Brothers of New York, D. B. Fiske, and Kurzman of New York city, and original hats from these places. Correct reproductions of Camille Rogers, Beriot and Madame Jermaine of Paris, France, also are shown.

In the small windows, autumn coloring is introduced also, to telling advantage. A tan and silk background heightens the effect. The decorative feature is of green foliage and yellow chrysanthemums, supporting two lamps with arch shades.

In one window, a splendid display of ready-to-wear suits is exhibited, and in the order, are dresses: the Robespierre collar, a modifeid panier effect and the Pephum effect

Cressman's store also presents a most inviting interior through the attractive decorative plan that has been evolved. On the main floor, all the pillars have latticed work, to which are attached fringed arch shades.

ORGAN AND VOCAL RECITAL

By Mr. John Allan and Miss Dorothy Allan.

That musical circles in Peterborough have been strengthened by the presence of Mr. John Allan, late of Montreal, has been evidenced by his work as organist and choir leader at St. Paul's Presbyterian church in the short time he has performed his duties, and last night, when assisted by his daughter, Miss Dorothy Allan an organ and vocal recital was given in the church, the verdict was unanimously in his favor.

The program was one thoroughly enjoyed by the large attendance. Throughout his work at the organ he showed his ability as a master of the instrument, that brought him the success, the particulars of which have been noted before.

Miss Allan's voice is one of culture and sweetness, and in her first number she won her audience completely. During the evening she was honored with the presentation of a beautiful bouquet.

OBITUARY

The Late Miss Cronin

Margaret Jane Cronin passed away at St Joseph's Hospital at seven o'clock this morning, at the age of 41 years.

The deceased is survived by her father John Cronin; a brother, Thomas of this city, and a sister, Kate, who is residing at Guelph.

The funeral will leave her brother's residence, 577 Walnut street, at nine o'clock Friday morning, to St. Peter's Cathedral, and from thence to St. Peter's cemetery.

Mrs. Jacob Seger

Mrs. Jacob A. Seger passed away at 494 Bolivar street, yesterday afternoon, at the age of 55 years.

The deceased was a native of Staffordshire, Eng., and came to this country six years ago. She is survived by her mother, her husband, Jacob A. Seger, one son, Alex., age 11 years, two brothers, Jas. Cummings, of Peterborough, and William of Staffordshire, Eng.

The funeral will take place at 2 o'clock to-morrow afternoon from 494 Bolivar street, to the Little Lake cemetery.

A meeting of the Manufacturers' Committee was held this afternoon, to which the press were not admitted.

Jewish New Year

The celebration of the Jewish New Year commences this evening, and services will be held by the local Hebrews, at their headquarters on Simcoe street.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. **Phosphonol** will make you a new man. Price $3 a box, or two for $5. Mailed to any address. **The Scobell Drug Co., St. Catharines, Ont.**

Queen Alexandra to Visit Russia.

London, Sept. 11.—Queen Mother Alexandra will spend several weeks in Russia this coming winter. Her Majesty will be the guest of the Empress Marie at the Castle of Gatchina, an interesting and picturesque imperial residence. The Queen Dowager may visit the Kaisterin at Potsdam next month.

Kaiser Well Pleased.

Paris, Sept. 11.—Rene Ruaux, the military expert of The Temps, who was in close contact with the German Emperor during the recent manoeuvres of the Swiss army, quotes the Emperor as summing up his satisfaction with the work of the troops in a conversation with President Ferrier in the words: "Your army save me six army corps."

It is known that the Emperor's main object in attending the manoeuvres was to convince himself of the ability of the Swiss army to make the neutrality of the country respect in case of war, and his remark is interpreted to mean that by the Swiss army forms a screen to prevent the French from invading Germany through Switzerland.

Ottawa Man Claims Fortune.

St. Louis, Sept. 11.—Six hundred claimants began yesterday afternoon in the probate court a legal struggle for the $64,000 estate left two years ago by Jeremiah Moynihan, an eccentric St. Louis character known as the "Millionaire Rag Picker," after the probate judge had rejected yesterday what purported to have been a will in favor of an alleged son, Glen Adonis Gilbert of Galena, Ill.

More than sixty of the claimants were in court. The first to be heard was B. F. Moynihan of Ottawa, Ont., who believes he is a son of the late rag picker.

Lavergne For Cabinet?

Montreal, Sept. 11.—The Herald (Liberal) prints a rumor that Armand Lavergne will enter Federal politics as a supporter of Premier Borden, and will probably contest L'Islet County.

"The Conservative Government at Ottawa, it is said, hopes to line up the Quebec vote behind Mr. Lavergne in much the same way as the French-Canadians supported Sir George Cartier and incidentally the Macdonald regime, and that a Cabinet position will be found for him in the near future," says The Herald.

Bull Moose Funds.

New York, Sept. 11.—Total contributions to the Roosevelt and Johnson campaign fund from June 1 to Sept. 7, aggregate $72,058, of which $53,372 were received here, and $18,725 at the Chicago headquarters, according to a statement issued yesterday afternoon by E. H. Hooker, treasurer of the Progressive National Committee.

Two Aviators Killed.

Oxford, Eng., Sept. 11.—Another double avation fatality, the second within a week, occurred early yesterday morning to members of the Army Flying Corps, when Lieut. C. A. Bettington and Lieut. E. Hotchkiss, both of whom had just been given a commission on probation, were killed while flying past Wolvercote.

M. L. Davies, manager of the North American Chemical Works, at Bay City, Mich., will become vice-president and manager of a chemical plant at Toronto, Ont.

PROBABILITIES.
Moderate westerly winds. Cool to-day and on Friday.

TORONTO WOMAN IS DEAD FROM BURNS

Young Wife Used Kerosene to Start the Fire---Nightwatchman Dies After Falling From Car ---Shingler Fractures His Skull and Breaks His Back.

Toronto, Sept. 12.—When she attempted to hurry the dinner by pouring kerosene on the fire shortly before noon yesterday, Mrs. Julia Kemp, aged 17, of Humber Bay, was so badly burned by the explosion that followed that she died in the Western Hospital at 6.30 last night.

Mrs. Kemp had been in the habit of using oil to light the fire. In attempting to repeat this practice the oil exploded. The flames caught her clothing. She screamed for assistance, but when neighbors tried to get in the back door they found it locked.

Mrs H. MacDonald, who lives next door, rushed to the woman's aid with a mat and succeeded in smothering the flames. Mrs. Kemp, however, was very badly burned.

Dr. Carman Ricker of Mimico was summoned. In the meantime the neighbors applied olive oil to her burns. Bates and Dodd's ambulance made a record run and conveyed the young woman to the Western Hospital. Her injuries were so serious, however, that nothing could be done.

The dead woman was formerly Miss Julia Currie, and was born in the district. She married A. Kemp, her mother's brother-in-law, last January.

Back Broken In Fall.

Henry Sheriff, 35 Endean avenue, while shingling a new house on the Dixon estate, near the corner of Dixon and Woodbine avenues, fell from the building and sustained a fractured skull, a broken back and other severe injuries. He was taken to the General Hospital in Cobbledick's ambulance. It is not thought that he will live.

Fatal Fall From Car.

W. Burke, of Hooke avenue, night watchman at the St. Clair sewer construction works, fell from a moving car he was attempting to board yesterday morning and sustained such severe injuries that he died an hour after being taken to Western Hospital. His head was badly smashed, and he had other severe injuries. His body was taken to the morgue, where an inquest was opened last night under Dr Morgan. It was adjourned until Sept. 18.

Mrs. Dyment Is Dead.

Mrs Katherine Dyment of 110 Carlaw avenue, who fell from the second storey of Frankel Brothers' premises on Eastern avenue, Tuesday afternoon, while cleaning windows there, died from her injuries in the General Hospital yesterday. Her skull was fractured. Her body was taken to the morgue, where an inquest was opened under Dr. Clendenning and adjourned until the 16th.

Damming Montreal River.

Latchford, Sept. 12.—Once again the Dominion Government have started contractors to dam the Montreal river here. Five contractors have already attempted it, without success. J. H. Black, former superintendent of the T. & N. O., and now chief engineer of the Northern Power Co., is in charge of the work.

Unclaimed Millions.

London, Eng., Sept. 12.—A Parliamentary return recently issued shows that in England and Ireland the sum total of £5,641,173 sterling, or about $28,205,865, is held as unclaimed funds in different Government departments. This, of course, does not include the unclaimed balances held by banks.

The funds are made up thus: Funds in Chancery, £2,387,283; unclaimed dividends from bankrupts' estates, £1,157,117; Government stocks and dividends unclaimed, £2,096,773.

ANOTHER IS KILLED

Aviator Peck Comes to Grief on Trial Flight.

Chicago, Sept. 12.—Aviator Paul Peck of Washington, D.C., holder of the American duration flight record, was killed in a fall with a biplane last night while flying in a gusty wind. He attempted too steep a spiral and when he struck the ground the heavy engine came through the wreckage, striking him in the neck.

A gusty wind blew at Cicero Field all day, and Director Andrew Drew posted the customary warning to aviators against going up. Peck, believing his small biplane would be fast enough to carry him through the choppy wind, went into the air in spite of the caution.

Peck was American licensed aviator No. 57, and had developed a monoplane and the biplane in which he was killed. The biplane was of only 26 feet span, headless and equipped with a gyro-motor. He was about 24 years old and making a trial flight preparatory for the international aviation meet here to-day.

FROST SCARE IS REGRETTED

Winnipeg. Sept. 12.—Crop conditions throughout the west are greatly improved. There has been little or no damage from frost. Injury to the crops as the result of the recent heavy rains have been very light indeed, and much less than was anticipated.

The grain is drying out in splendid condition and threshing is now in full swing. The recent scare as to frost sent east by grainmen and others is deplorable, inasmuch as it retards immigration and does harm in numerous ways. There has been no frost to date, except in a very few isolated cases, where some grain may have been reduced a grade. With the fine weather of the past few days continuing a bumper harvest is assured.

DOMINION DEPARTMENTS MAY BE OVERHAULED BY EXPERT

Sir George Murray is Coming to Canada at Instigation of Premier.

Ottawa, Sept. 12.—The announcement made in London Truth yesterday that Premier Borden, while in London, engaged the services of Sir George Murray to make recommendations for the reorganizing along more efficient lines of the administrative Departments of the Government is in part officially confirmed here. The report is correct in so far as it relates to the coming of Sir George to Canada at the instigation of Mr. Borden, but nothing definite, as far as can be ascertained, has been decided as to the precise purpose or object for which Sir George is coming. Premier Borden has not given out anything officially relating to the matter.

Sir George Murray is one of the best known of British civil servants. He entered the Foreign Office in 1873 and was transferred to the Treasury in 1880. He later became private secretary to Gladstone and then to the Earl of Rosebery when Prime Minister. From 1897 to 1899 he was chairman of the Board of Inland Revenue, when he was promoted to the secretary of the postoffice, holding great responsible position until 1903, when he was appointed Permanent Secretary of the Treasury.

It is understood that one of the matters to which Sir George Murray will give his attention while here will be the organizing of the British system of under secretaries in Canada. Sir Joseph Pope, while in England, gave the question some attention, and it is understood that the creation of under secretaries will take place this session. The reorganization of the Department of Foreign or External Affairs, will likely also be one of the matters upon which Sir George will advise, and for which his long service in the British Foreign Office eminently fits him.

Explored South America.

New York, Sept. 12.—After laying the foundation for an extensive biological exploration of practically unknown regions in Columbia, Ecuador, Peru and Brazil, Prof. Leo B. Miller has returned to the American Museum of Natural History, bringing 2,300 specimens of birds and animals. He was gone eighteen months. The museum will follow up the Miller researches with several larger expeditions.

Prof. Miller's most interesting discovery was of numerous specimens of the "cock o' the rock," a magnificent colored bird, which is found only on South America.

FIRE CHIEFS' CONVENTION

No Representative From Toronto or Peterboro Present.

Special To The Review.

Woodstock, Sept. 12—The Provincial Fire Chief's opened their annual convention here this afternoon. All important cities are represented, except Toronto and Peterborough. The official welcome was extended by Mayor Welford this afternoon, and a civil banquet will be held to-night.

Dismissed From Office, Takes Life.

Quebec, Sept. 12.—Jumping from a window of the third flat of the Mountain Hill House, Dudger Beauregard, a well-known Quebecker, committed suicide yesterday morning. Mr. Beauregard, who was a purchaser of right of way for the Transcontinental Railway Commission in the district of Quebec, had lost his job recently, owing to his political opinions, and this is thought to have caused him to end his life. He was living in Defosses street with his four daughters.

MISSION WORKERS ON WAY TO EGYPT AND FAR EAST.

GROUP OF MISSIONARIES FOR EGYPT AND INDIA.

REV. DR. SAMUEL M. ZWEMER.

Probably no steamship leaving New York ever had as passengers so many missionaries as the Prinzess Irene, of the North German Lloyd line. Most of them were sent out by the United Presbyterian Church, whose Board of Foreign Missions has its headquarters in Pittsburg, and their destination is Egypt. There also was a goodly number of missionaries on board the Mauretania, of the Cunard line, including three married couples, all of whom are going on their honeymoons, not to return until the end of eight years, except on furlough.

The missionaries were accompanied from Pittsburg by the Rev. Dr. Charles Watson, secretary of the Mission Board, and other friends and Christian workers.

This denomination, which is the only one in America doing missionary work in Egypt, has two hundred mission stations in that field. The girls' college is at Cairo and the boys' college at Assuit. The only other Protestant work in Egype is that done by the Church Missionary Society of England.

The most prominent member of the party will be the Rev. Dr. Samuel M. Zwemer, who, although he has been the leading missionary in Arabia of the Reformed Church for the last eighteen years, will now aid the United Presbyterians. Dr. Zwemer until last spring made his headquarters at Bahrein, Arabia.

Dr. Zwemer will henceforth work from Cairo as a headquarters, because he considers this the central point from which to reach the Moslem world. He will teach in the Theological Seminary of the United Presbyterian Church and have general charge of missions. In time he hopes to establish a training school for missionaries.

TOOK HER OWN LIFE

Wife of Jack Johnson Was Shunned by Her Friends.

Special to The Review.

Chicago, Ill., Sept. 12.—Mrs. Jack Johnson, the white wife of the champion pugilist, died at three-thirty this morning, as result of shooting herself through the head last night. After her husband left the house in the evening, Mrs. Johnson called her two colored maids to the bedroom and asked them to join her in prayer, and the three knelt at the bedside several minutes. When all three arose, Mrs. Johnson exclaimed, "God pity a poor woman who is lonely." Then she sent her maids away and fired the fatal shot. Mrs. Johnson had remarked to friends that everybody shunned her because she had married a negro, and she was very unhappy.

Plans of Cruiser-Liners.

Montreal, Sept. 12.—Plans of cruiser-liners prepared originally at the request of the C.P.R. by Edward Bath, an eminent English naval architect, were made public here yesterday.

They call for vessels of 700 feet long, 30 feet draught, and a speed of 24 knots an hour. The vessels would have turrets for four six-inch and eight 4.7 inch guns, and sixteen quick-firing guns. Heavy armor would also be carried, while more could be attached in war time.

The designer points out that not only would a number of these vessels prove to be a great strengthening to a fleet, being virtually as fast and as heavily armored as cruisers, but they would reduce the passage from Liverpool to Montreal to five days. The cost of the liners would be $3,000,000.

TROUBLE OVER A.O.U.W. RATES

Special To The Review.

Toronto, Sept. 12—The struggle in the courts, over the readjustment of rates in the A. O. U. W., was adjourned for two weeks before Justice Middleton as Osgoode Hall this morning. In the interval, affidavits in reply to those presented by dissatisfied members will be presented. No interim injunction was granted restraining the Order from putting new rates into force on October first, and the solicitor for the Order would not say they would not be enforced. Action is launched by members of the Guelph Lodge who make affidavits to the effect that the decision to increase the rates was not legally passed by the Grand Lodge and that the ballot of members was asked for and refused by the Grand Master Workman.

Dissension In C. F. of L.

Three Rivers, Quebec, Sept. 12.—Dissensions within and attacks from without seemed to be the general experience of the Canadian Federation of Labor, judging by the reports which were made at the opening sessions of the fourth annual convention, held here yesterday.

The reports showed that the Canadian body has had to fight strenuously the American organizations and that even in its own ranks there have been difficulties that have retarded progress.

BULGARIA HOSTILE.

Balkan Country Is In Open War With Turkey.

Vienna, Sept. 12—Fighting has broken out on the Turko-Bulgarian frontier, according to messages received from Constantinople and Sofia yesterday.

It is said the Bulgarians opened hostilities by firing from a frontier fort upon a Turkish patrol. The Turks returned the fire, killing five Bulgarians.

Bulgarian reinforcements soon came up, whereupon the Turkish commander armed the Mohammedan peasants in the vicinity and added them to his forces. The battle raged all day, with many casualties. Following so soon upon the bomb explosion, for which it is charged Bulgarians were responsible, resulting in twenty deaths at Dorian, near Salonica, fears are entertained here that the clash will render a war certain.

Rushing Troops to Frontier.

Constantinople, Sept. 12.—The Turkish War Office dropped all concealment and began rushing troops toward the Bulgarian frontier yesterday.

The Government evidently has lost its temper over Budgaria's badgering concerning Macedonia, which a Cabinet Minister acknowledged yesterday as impertinent interference with Turkey's internal affairs."

Bulgaria's Ultimatum.

Berlin. Sept. 12.—Bulgaria has sent an ultimatum to the powers, says a special to The Frankfurter Gazette yesterday, to the effect that unless Turkey grants autonomy to Macedonia, a Turco-Bulgarian war is inevitable. The Zeitung prints a similar despatch, saying that if the powers did not secure autonomy for Macedonia, Bulgaria must resort to arms.

THE ELECTION OF MAJOR J. A. HOPE

London, Sept. 12—Major J. A. Hope, Unionist, yesterday was elected member of Parliament for Midlothian, Edinburghshire, in succession to the Master of Elibank, who recently was elevated to the peerage. Hope's majority over his Liberal opponent, Alex. Shaw, was thirty-two. The poll resulted as follows: Major Hope, Unionist, 6,021; Alex. Shaw, Liberal, 5,989; Provost Brown, Labor, 2,413. The loss of the Midlothian seat to the Government was due to the intervention of the Labor party, which recently announced its intention to nominate a candidate in every constituency where there was a large number of workingmen, despite any effect it might have on the coalition majority in the House of Commons. In the last general when no Labor candidate contested the Midlothian seat, the Master of Elibank won over Major Hope with a majority of 3,157.

While the Unionists are highly elated over the capture of Midlothian, which has been Liberal since the late Hon. W. E. Gladstone carried it in 1880, representing the constituency for 15 years, the result seems more indication of the widening breach between Liberals and Laborites than of Unionist strength, as the Unionist vote increased by only 341. It has been suggested that the Master of Elibank resigned the seat because of differences with the Government. Probably he was opposed to his party running a candidate in the Labor seat of Hanley, as a result of which the Labor party decided to act quite independently of the Liberals in contesting seats.

German Aviator Killed.

Dresden, Saxony, Sept. 12.—Lieut. Siebert, an aviator, attached to the Red Army in the Imperial manoeuvres now in progress in Saxony, fell with his aeroplane while scouting yesterday and was killed. His companion, Lieut. Zimmerman, was seriously injured.

Five of the six Red Army aeroplanes have been disabled while carrying out military orders. The dirigible balloons are proving very satisfactory.

TO IGNORE THE RULES

Ottawa Separate Schools Will be Bi-lingual, Say Trustees.

Ottawa, Sept. 12.—The Ottawa separate school board will take a bold stand against the enforcement of the regulations in regard to bilingual schools, recently put in force by the Ontario Government. This was decided at last night's meeting of that body, which lasted until after midnight, and where a motion was passed stating that the board would decline to enforce such regulations. As to the effect of this stand several trustees stated that the Government could do no more than cut off its grants of $4,000, while others differed from them and stated that should it so desire the separate schools of the capital could be rendered mere private institutions, for which taxes could not be collected. At length, however, two motions, moved by Trustee Genest, were carried.

The first, after pointing out that the mode of teaching prescribed by the new resolution was detrimental to the pupils for whom the board had to provide, that the appointment of English Protestant inspectors over the heads of the bilingual Roman Catholic ones was objectionable, and that additional expense would be incurred, stated the board would be regretfully compelled to decline the said instructions.

The second motion, addressed to the Department of Education, drew attention more particularly to the matter of the appointment of the Protestant inspectors. "The aim is not education but the Anglicanization of our children," said Trustee Genest in the course of an eloquent address, in which he introduced his motion.

ALLENS TO PAY PENALTY IN THE CHAIR

Special To The Review.

Wytheville, Va., Sept. 12.—Floyd Allen and his nephew, Claude Allen, leaders of the gang that shot the Judge and others in Hillsville court some months ago, were sentenced here, to be electrocuted, November 22nd.

Becker Trial Delayed.

New York, Sept. 12.—Supreme Court Justice Bischoff yesterday afternoon granted a stay in the Becker trial delaying the case from to-day until Oct. 1. This was granted on application of John F. McIntyre, Becker's counsel, for the appointment of a commission to take the testimony of persons in Hot Springs, Ark., who talked with Sam Schepps, a witness in the case, and his captors, in Hot Springs.

Progessives Sweep Colorado.

Denver, Col., Sept. 12.—Progressives in both parties swept Colorado in the state-wide primaries held Tuesday. Philip B. Stewart was nominated for governor on the Republican ticket, and Elias M. Edmonds on the Democratic ticket.

Progressive candidates for all other offices were nominated with them. The Roosevelt forces endeavored to get Stewart to withdraw from the old party and join the Bull Moosers, but he refused and will now be opposed by Edward B. Costigan, the Bull Moose candidate, entered by petition in the regular election.

LABOR CONGRESS HAS HOLIDAY; VISITS AGRICULTURAL COLLEGE

Big Canadian Company.

Montreal, Sept. 12.—A group of influential Canadians, including Sir William C. VanHorne, Sir William Mackenzie, Messrs. George F. Johnston, C. W. McLean and J. Wesley Allison, have secured from the Steel Package Co. of New York the latter's patents to manufacture steel barrels and commercial packages of all descriptions.

The new concern, it is said, is capitalised at $5,000,000, the financing having been done in New York, and will erect in the vicinity of Montreal one of the largest steel manufacturing plants in the Dominion. All the enterprise has been financed and the new company will start off with several million dollars' worth of orders.

Baron Oppenhein, one of the famous Rothschild family, it is understood, is heavily interested in the company.

The new concern is to be known as the Canadian Steel Package Co., and it is probable Sir William Van Horne will be the first president.

GET PEACE WITH CREDIT

Turkey Anxious That Her Reputation be Not Injured.

Chiasso, Switzerland, Sept. 12.—The Italian Premier, Signor Giolitti, who is now at his country place at Piedmont, has had a special wire put in in order to communicate with the unofficial delegates who are discussing peace with the Turkish representatives in Switzerland. It is expected that the Premier will return to Rome today and will submit to the Council of Ministers a report on the present state of the negotiations.

Turkey is now convinced that Italy will never recede from the main points set forth in her proposals and is bending her energies towards reaching a settlement which will save her prestige before the Mussulman world.

Capture Italian Aeroplane.

Tripoli, Sept. 12.—The Turks, who on several occasions have tried vainly to smuggle into Tripoli an aeroplane for scouting purposes, are at last in possession of a machine, through a mishap to Captain Moiza of the Italian army. Captain Moiza was making a flight from Zoura to Tripoli, when the motor of his machine stopped, and he was obliged to descend in a hostile country. He was made prisoner.

Will Exchange Prisoners.

Constantinople, Sept. 12.—Change of non-combatant prisoners has practically been arranged for between Turkey and Italy. The prisoners held by the Turks comprise members of the Italian mineralogical mission captured in Tripoli, while the non-cambatants in the hands of the Italians are civilian officials captured in the Aegean Islands.

Recovered MacMahon's Body.

St. Catharines, Sept. 12.—After a diligent search the remains of Harold MacMahon, who lost his life by drowning in the Welland Canal, near Welland Vale factory, were recovered yesterday afternoon. The body had been carried a couple of hundred yards by the swift current.

WAR SCARE

Special to the Review.

London, Sept. 12.—A despatch to the Daily Mail from Constantinople says officials there do not expect war with Bulgaria, though hostilities seem to be more favored in Sofia.

Gibson Faces Murder Charge.

New York, Sept. 12.—Calmly smoking a cigar on the porch of his home in Rutheford, N.J., last night, Lawyer Burton W. Gibson awaited the arrival of Sheriff William C. DeGraw of Orange County, N.Y., with a warrant for his arrest on the charge of murder in the first degree. The warrant was issued late yesterday in Middleton, N.Y., and charged Gibson with having caused the death of his client, Mrs. H. Rosa Menschik Szabo, who was drowned on July 16, while boating with the lawyer on Greenwood Lake, N.Y.

Nearly Cost 2,000 Lives.

New York, Sept. 12.—The Hudson County Democratic Club, formerly the Robert Davis Association of Jersey City, 2,000 strong, had a narrow escape from drowning last night when the iron steamboat Perseus ran on a reef opposite the College Point ferry house.

The boat was badly damaged and the inrush of water stopped the engines and cut off the electric lights on all the decks. A panic followed, but brave and efficient work by the crews of two tugs prevented any fatalities.

No Action Regarding Fight Between Factions of Carpenters.

Guelph, Sept. 12.—There was no session of the Trades and Labor Congress yesterday afternoon, but instead a visit was paid to the Ontario Agricultural College. The local committee supplied special cars for the occasion and the majority of the delegates availed themselves of the opportunity. The visitors were received by Dr. Creelman and staff and were shown all over the buildings and grounds, and the labor people were much pleased with the treatment received.

The majority of those who went out to the college were not only surprised at what they saw, but were absolutely astonished. They were particularly delighted with the live stock, the experimental plots, the dairy and poultry departments and the excellent manner in which the college grounds are kept.

The fight between the Amalgamated Carpenters of Montreal and the United Brotherhood of Carpenters' and Joiners' was brought before the congress in a resolution by Narcisse Arcaud of Montreal, asking that the Amalgamated Society of Carpenters be not recognized by the congress

He pointed out that the Amalgamated Carpenters had their charter revoked by the American Federation of Labor, and they had proved themselves harder to fight than the bosses in Quebec. After the united order had signed up agreements for 40 cents an hour the Amalgamated took work at 35 cents. The resolution committee reported non-concurrence in the resolution.

The convention sympathized with Mr. Arcaud's position, but as it was largely a question of jurisdiction, and in other parts of the country the two orders work together harmoniously, it was decided to take no action.

Resentment was strongly expressed at the evening session of the congress concerning the statements credited to Lord Claude Hamilton in an interview published in a Toronto paper, that the congress should not take Keir Hardie, M.P., too seriously, as he did not represent the British Labor party.

This was declared false and a letter was read from the executive committee of the British organization, in which Keir Hardie was appointed delegate, and saying that it was hoped his presence would stimulate interest in the Canadian movement.

Fraternal greetings were brought by John D. Smith of Kansas City, representative of the American Federation of Labor, who reviewed the work across the border and pointed out that so successful had they been along legislative lines there that they had elected 15 men to Congress, all representative tradesmen.

MISS PANKHURST IS IN GAY PAREE

London, Sept. 12.—Christabel Pankhurst, for whom the police have been hunting on a charge of complicity in a conspiracy for the encouragement of suffragette militancy, is in Paris, The Women Social and Political Union announced yesterday

Having been assured that, as a political offender, she cannot be extradited, there is no further reason, The Union says, for secrecy.

From Paris Miss Pankhurst will continue directing the suffragette campaign on this side of the channel.

Head Crushed Between Cars.

Belleville, Sept. 12.—At an early hour yesterday Frederick Staples, an assistant in the Belleville G.T.R. yard, met a terrible death. He was engaged in coupling cars when two came together, and his head was caught between the cars, crushing it like an egg shell. Death was instantaneous. The victim was 24 years of age, and is survived by a widow and two small children. An inquest will be held.

Pelletier to Discuss Rumor.

Ottawa, Sept. 12.—Postmaster-General Pelletier says he is interested in reports of his coming retirement. "I am to attend a dinner in the town of Levis on Saturday evening next," said Hon. Mr. Pelletier, "and there I shall give my answer to the question you ask as to what foundation there is for these reports."

THIS SHOULD BE A LESSON

Special To The Review.

Toronto, Sept. 12 — For keeping gambling houses, four men got the heaviest possible fines from Magistrate Denison, this morning. Abe Orpen was fined one thousand dollars, Izzy Wilkes, one thousand and John Hare and Ben Greenberg, eight hundred dollars each.

HAILSTONES SO LARGE THEY WENT THROUGH THE ROOFS

Special to The Review.

New York, Sept. 12.—A terrific storm visited eastern New York and western Connecticut last night. Hailstones, in some sections, were so large they went through the roofs of barns. Lightning started the scores of fires in Connecticut villages and inflicted heavy damage on the tobacco crop. At Bronx Zoo, New York City, thirty-five hundred chickens, rats, pigeons and guinea pigs were killed by lightning.

"IMPOSSIBLE TO HELP MY KIDNEYS"

Until I Used "Fruit-a-tives" Worlds Greatest Kidney Cure

Practically everybody in Toronto knows Professor J. F. Davis. For years, the elite of that city has taken lessons from Prof. Davis in the art of Dancing and Deportment.

His constant activity gradually weakened his Kidneys, which constantly threatened to make him an invalid.

But read Prof. Davis' letter—

563 CHURCH ST., TORONTO, ONT.
DECEMBER 20th, 1911.

"I want to say that "Fruit-a-tives" is my only medicine, and has been for the past five years. Previous to that, I had been troubled with Rheumatism and Kidney Disease, and had taken many remedies without satisfactory results. Noticing the advertisements of "Fruit-a-tives" I adopted this treatment altogether, and as everyone knows, I am now—and have been since taking "Fruit-a-tives"—enjoying the best of health".

J. F. DAVIS.

If Rheumatism or Kidney Trouble is making you miserable, take "Fruit-a-tives" and get well.

50c a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

The Daily Review.

THURSDAY, SEPT. 12, 1912.

SIR WILFRID'S COMING

Sir Wilfrid Laurier will visit Peterborough on the evening of October 1st. The people of Peterborough, irrespective of party, will, we hope, join in giving a reception worthy of the city to the leader of the Opposition. Sir Wilfrid has held his own peculiar views on public questions. He has striven to the best of his ability to carry out those he believed could be utilised in the service of Canada. He has made his mistakes, miscounted his strength, and misconceived the sentiment of the people on several occasions. But, after all, any man at the head of a great political party who never makes a mistake, who never goes down to defeat in what he honestly regards as a just cause, is not a leader of long public experience. The case of Gladstone, and his successive premierships, and of his falls on the question of Home Rule, is an outstanding example.

The speech that Sir Wilfrid Laurier made at Marieville, Quebec, was comparatively wild and pacific. He declared that he would sooner have his tongue cleave to the roof of his mouth, that his right arm should be palsied, than that he would use the navy question as a means to stir up national strife in Canada. He did not want to foment racial prejudice. He was content to await the declaration of the Government's naval policy and give it calm, unprejudiced criticism. This method of approaching the naval question strikes one as a little odd, coming from a man who so bitterly attacked the Government last session on naval and sectarian issues, but if Sir Wilfrid has experienced a change of heart, if he sees that Canada is now so united on the question that he ought to get aboard the band-wagon, there will be rejoicing in both camps.

We think Sir Wilfrid Laurier can be described as a great statesman. He has ideas on the subject of autonomy that are quite pronounced, perhaps more so than the ideas of those born of British stock. This tendency has exaggerated what may be termed the Nationalistic instinct in him, yet it is hardly fair to ascribe to his personal favoritism to separation. In his younger days Sir Wilfrid did let remarks fall in the United States, and in the unrestricted reciprocity fight of 1891 that could easily be construed as antagonistic to the British connection. He has been a Continentalist because of his fiscal beliefs. But though all these things may be true, and though even yet he may be true to his anxiety for closer commercial relations with the United States, we think that his services as a builder of Canadian nationality, of Canadian progress, are so eminent as to entitle him to a non-partisan reception from Peterborough.

THE LEMIEUX ACT

Nearly all the Labor organizations that are holding meetings this month have condemned in some measure the Lemieux Act for the settlement of industrial disputes. Coming at the time of the visit of Sir George Askwith, who is commissioned by the British government to investigate the working of the Act, for the purpose of seeking to incorporate its features, if possible, into a British Act, these criticisms ought to be rather enlightening. As a matter of fact, the Act has failed in many cases. There have been 124 disputes settled through the medium of conciliation boards appointed under the Act, some of them rather serious. But it is a hard matter to control labor troubles by repressive legislation. Compulsory arbitration, such as they have in New Zealand and Australia, would probably not work well in Canada. The found that Hon. Mr. Crothers as making for the purpose of gathering information as to labor conditions ought to fit him for the difficult work of following up the Lemieux Act with safe and efficient amendments.

THE LIBERAL SPLIT

The troubles of Hon. Mr. Borden in conducting a government may be many but he hasn't a monopoly of the ills peculiar to political flesh. The Liberal party is in a quandary at present as to what to do with the question of reciprocity. Sir Wilfrid, Hon. George Graham and some other of the leaders have about burned their bridges behind them, and committed the Liberal party to their old idol of a tariff for revenue only. This means that the battle between the Western wing of the Liberal party and the conservative wing in the east, which has favored a continuance of the Fielding policy of fifteen years, has culminated in the triumph of the low tariffites. It also means that many of the Liberals in the East will be forced out of the party into the Conservative ranks. If the West is to run the Liberal party, with the free trade agitators of the Grain Growers' Association behind it, there can be only one answer for the Eastern Liberal whose livelihood and prosperity depend on the maintenance of present conditions.

In Peterborough, for example, there are many Liberals who would be utterly confounded were the party to adopt its old free trade platform. If that platform were to go a little farther than reciprocity in natural products, our own Mr. Stratton would find it inimical to his personal interest to have it carried into effect. Where the Toronto Globe, which is practically the organ of Liberal capitalism, would stand is hard to prophesy. We think that the reason the Globe is so vociferous in its advocacy of free trade and lower tariff is because it has confidence that they won't come in a hurry. How can it reconcile its tariff professions with some of its financial alliances is indeed a matter of considerable curiosity. If, after his Ontario tour, Sir Wilfrid goes west, we shall then learn whether the reported triumph of the Western wing is true, because Conservatism hasn't much to hope for from extreme prairie radicalism.

Deafness Cannot be Cured.

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

DATES OF FALL FAIRS

THE MARKET

Latest Quotations in Grain Dairy Products, Live Stock Etc

Liverpool Wheat Futures Close Lower, Chicago Higher—Live Stock —Latest Quotations.

CHICAGO, Sept. 11.—Signs that European countries were preparing for record-breaking imports helped turn the wheat market today from depression of strength. The close was unsettled, varying from a shade under to a shade above last night's figures. Latest trading left corn [illegible] to 1 1-4c net lower, oats [illegible] to a like amount up and provisions unchanged to an advance of [illegible].

The Liverpool market closed today on wheat [illegible] to [illegible] lower, and on corn unchanged to [illegible] lower. Berlin wheat closed unchanged. Budapest [illegible] higher. Paris flour was [illegible] to [illegible] higher.

Winnipeg Grain Market.

WINNIPEG, Sept. 11.—Trading was quiet and dull and prices weaker for options today. Ideal harvesting weather prevailed throughout the whole of the prairie provinces. The market opened [illegible] lower for October and December and [illegible] lower for May and vibrated continuously from these figures to the high points, finally closing [illegible] lower for October, [illegible] lower for December and [illegible] lower for May.

Cash demand was good and prices steady for all grades. Offerings were light. Oats were in demand with prices holding steady. Flax was also in demand at practically unchanged prices. Receipts, [illegible] cars.

Cash grain—No. 1 northern, 97c; No. 2 do., [illegible]; No. 3 do., 91c; No. 4, 81c; No. 5, 75c; No. 6, [illegible]; feed, 57c; No. 1 red winter, [illegible]; No. 2 do., 92c; No. 3 do., 90c.

Oats—No. 2 Canadian western, 43½c; extra No. 1 feed, 43c; No. 1 feed, 41½c; No. 2 feed, 37c.

Barley—No. 3, 53c; No. 4, 47c; rejected, 43c; feed, 43c.

Flax—No. 1 Manitoba, $1.53; No. 3 Canadian western, $1.43; rejected, $1.40; condemned, $1.30.

Montreal Grain and Produce.

MONTREAL, Sept. 11.—The foreign demand for new crop spring Manitoba wheat was good, but owing to the scarcity of ocean grain room and the high rates demanded, no business was done. Oats are very firm, under a good demand for both local and export account. Demand from foreign buyers for new crop spring wheat flour good, and sales of some round lots were made, some for shipment in January. Local prices steady and trade fair. Millfeed active and firm. Demand for butter good. Cheese quieter. Eggs active. Provisions steady. Potatoes plentiful and easy. Hay firm under a good demand.

Corn—American No. 3 yellow, [illegible] to [illegible].

Oats—Canadian western, No. 2, 49½c to 50c; No. 3, 48c to 48½c; extra No. 1 feed, 49c to 49½c.

Barley—Man. feed, 60c to 65c; malting, 75c to 80c.

Buckwheat—No. 2, 74c to 75c.

Flour—Manitoba spring wheat patents, firsts, $5.80; seconds, $5.30; strong bakers, $5.10; winter patents, choice, $5.25; straight rollers, $4.85 to $4.90; bags, $2.25 to $2.35.

Rolled oats—Barrels, $4.80; bags, 90 lbs., $2.27½.

Millfeed—Bran, $23; shorts, $27; middlings, $28 to $30; moullie, $30 to $34.

Hay—No. 2, per ton, car lots, $15 to $15.50.

Cheese—Finest westerns, 14c to 14½c; finest easterns, 13½c to 13⅞c.

Butter—Choicest creamery, 27c to 27½c; seconds, 25½c to 26c.

Eggs—Selected, 28c to 30c; No. 2 stock 19c to 20c.

Potatoes—Per bag, car lots, 75c to 80c.

Hogs—Dressed, abattoir killed, $12 to $12.50.

Pork—Heavy Canada short mess, bbls., 35 to 45 pieces, $27; bbls., 45 to 55 pieces, $27.

Lard—Compound, tierces, 375 lbs., $10.25; wood pails, 20 lbs. net, $10.75; pure, tierces, 375 lbs., $14.25; wood pails, 20 lbs. net, $14.75.

Liverpool Grain and Produce.

LIVERPOOL, Sept. 11.—Wheat—Spot steady; No. 2 Manitoba, 8s 5¼d; No. 3 Manitoba, 8s 7½d. Futures steady; Oct. 7s 7⅞d, Dec. 7s 4⅝d.

Corn—Spot quiet; American mixed, old, no stock; new, kiln-dried, 7s 2½d. Futures firm; Sept. 5s 5⅝d, Dec. 5s 1⅛d.

Pork—Prime mess, western, 108s 9d.

Hams—Short cut, 14 to 16 lbs., 68s.

Bacon—Cumberland cut, 26 to 30 lbs., 66s 6d; short ribs, 16 to 24 lbs., nominal; clear bellies, 14 to 16 lbs., 69s 6d; long clear middles, light, 28 to 34 lbs., 70s; long clear middles, heavy, 35 to 40 lbs., 69s 6d; short clear backs, 16 to 20 lbs., 63s; shoulders, square, 11 to 13 lbs., 56s.

Lard—Prime western, in tierces, 57s; American, refined, 57s 9d.

Cheese—Canadian, finest white, new, 68s 6d; do., colored, new, 67s 6d.

Tallow—Prime city, 32s 3d. Turpentine—Spirits, 36s 6d. Rosin—Common, 16s 3d. Petroleum—Refined, 9⅜d. Linseed oil—36s.

CATTLE MARKETS.

East Buffalo Cattle Market.

BUFFALO, Sept. 11.—Cattle—Receipts, 100 head; steady.

Veals—Receipts, 50 head; steady; $4 to $11.50.

Hogs—Receipts, 1600 head; slow and 5c to 10c lower; heavy, $9 to $9.25; mixed, $9.20 to $9.60; yorkers, $9.15 to $9.60; pigs, $8 to $8.25; roughs, $7.75 to $8; stags, $6 to $7.50; dairies, $8.75 to $9.25.

Sheep and Lambs—Receipts, 600 head; active; sheep steady; lambs 5c higher; lambs, $4.50 to $8.15; a few, $8.25.

Glasgow Live Stock.

GLASGOW, Sept. 11.—Watson & Batchelor, Limited, report Scottish cattle very scarce. Average number of Irish offered. Best Scotch steers, 17½c to 18½c; secondary, 16½c to 17c; best Irish, 14½c to 16c; secondary, 13½c to 14c; bulls, 11½c to 13c.

The archduchess, Ella of Austria, has renounced her royal rights to marry a cavalry officer.

Twenty-eight persons were hurt in a train wreck near Erie, Pa., yesterday. President Carniff, of the Nickel Plate Railway, and Pres. Dunston, of the Fort Wayne and Western Railway, were on the train.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. FESTIVAL MUSIC FOR ST. JOHN'S CHURCH TO-NIGHT

The Harvest Festival services in St. John's Church, commenced this morning, with a celebration of the Holy Communion at 10 o'clock. The church has been decorated nicely by the ladies of the congregation. The evensong to-night, is at 8 p.m., when the Rev. Dr. Llwyd will preach. Joyous festival music will be rendered as follows—

Processional 316—"Come ye thankful people come."
Responses to Tallis.
Special Psalms—65, 150 to chants 56, 2.
Magnificat and Nunc Dimittis — Simper.
Anthem— "The Marvellous Work," Hayden, from "The Creation."
Office Hymn, 348—"We Plough the Fields."
Before Sermon, 160 — "For the Beauty of the Earth."
Anthem — "Sing to the Lord," Maunder,
Recessional, 343—"Now thank we all our God."

Special Excursion Rates will be in effect Sept. 10, 12 and 13.

Return Limit on all Tickets Sept. 16 1912.

Full particulars from any C.P.R. agent 5d

Fire Chiefs In Convention.

Woodstock, Sept. 12.—Fifty fire chiefs, representing the chief cities and towns in Ontario, are here for the fourth annual convention of the Fire Chiefs' Association, which opens this morning in the city hall. Mayor Welford will welcome them officially, after which topics will be read by chiefs of departments and general business transacted. A banquet will be held in the evening at Hotel Oxford.

Cannot Interfere.

Ottawa, Sept. 12.—That it has no jurisdiction in the matter, is the reply of the Railway Commission to the request of the Canadian Lumbermen's Association in regard to the recent increase in lumber freight rates by American railways, giving connection between Canada and United States points. These rates have been materially advanced.

Pony Saved Lauder.

Wearing his kilts, Mr. Harry Lauder, the comedian, played a novel part on the sands at Blackpool, England, recently. His concern for dumb animals, especially pit ponies, is well known, and when he was invited by the mayor of Blackpool to distribute the prizes in a competition for donkeys, Mr. Lauder eagerly responded. Having fixed medals to the winning donkeys' bridles, the comedian mounted a sandhill and indulged in interesting and amusing "patter."

He related some of his experiences as a pit boy. He told how, when going through a drift in a coal mine, his pit pony suddenly stopped. "Immediately I struck him with the whip." Mr. Lauder proceeded: "He turned round to the side of the little tub I was sitting in, and I am not exaggerating when I tell you that about 100,000 tons of stone fell. Had it not been for the cuteness of the hearing of that pony we should both have been buried alive. I owe my life to that Shetland pony. Instead of licking my pony because he didn't go on, when I saw what happened I jumped out of the tub and put my arm round his neck and kissed him."

Mersey's Clever Son.

Throughout the Titanic inquiry Lord Mersey has received valuable assistance from his son, Captain the Hon. Clive Bigham, who acted as secretary to the commission. Captain Bigham is well qualified for his work, for he served in a similar capacity to the Motor Commission, when he was warmly complimented by Lord Selby for his reports on the motor laws of foreign countries.

Captain Bigham has enjoyed both a military and a diplomatic career. He was in the Grenadier Guards for several years, and then acted as special correspondent for The Times with the Ottoman Army during the Graeco-Turkish War. He served as A.D.C. and Intelligence Officer to the Admiral of the Fleet, Sir E. H. Seymour, in the First Pekin Expedition, when his knowledge of the East stood him in good stead.

They Lock Their Cars.

Car seals are not in use on British railroads, as in Canada. The usual custom is to bolt and lock the doors. In the case of very valuable freight or bullion, additional protection is afforded by one or more officials traveling inside the car.

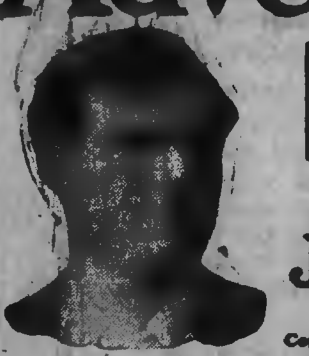
Adventure



A Romance of The South Seas

BY JACK LONDON

Copyright, 1910, by Street & Smith
Copyright, 1911, by the Macmillan Company

PROLOGUE.

In this remarkable romance of the south seas Jack London has rivaled the best efforts of Robert Louis Stevenson in the same field. Interest is aroused at once and becomes cumulative as Sheldon, the plucky owner of Berande plantation, though sick and weak, dominates 200 head hunting Solomon islanders by sheer grit and fear inspiring weapons; as Joan Lackland takes and holds her place beside him while he sears upon dark souls "the flaming mastery of the white man;" as this man and woman, thrown together under most unconventional circumstances, work and fight side by side in their strange partnership. Their thrilling adventures among savage people recall the lines:—

"We are those fools who could not rest
In the dull earth we left behind,
But burned with passion for the west
And drank strange frenzy from its wind.
The world where wise men live at ease
Fades from our unregretful eyes,
And blind across uncharted seas
We stagger on our enterprise."
—"The Ship of Fools."

CHAPTER I.

SOMETHING TO BE DONE.

HE was a very sick white man. He rode pickaback on a woolly headed, black skinned savage the lobes of whose ears had been pierced and stretched until one had torn out, while the other carried a circular block of carved wood three inches in diameter. The torn ear had been pierced again, but this time not so ambitiously, for the whole accommodated no more than a short clay pipe. The man-horse was greasy and dirty and naked save for an exceedingly narrow and dirty loin cloth, but the white man clung to him closely and desperately. At times from weakness his head drooped and rested on the woolly pate. At other times he lifted his head and stared with swimming eyes at the cocoanut palms that reeled and swung in the shimmering heat. He was clad in a thin undershirt and a strip of cotton cloth that wrapped about his waist and descended to his knees. On his head was a battered Stetson, known to the trade as a "Baden-Powell." About his middle was strapped a belt, which carried a large calibered automatic pistol and several spare clips, loaded and ready for quick work.

The rear was brought up by a black boy of fourteen or fifteen, who carried medicine bottles, a pail of hot water, and various other hospital appurtenances. They passed out of the compound through a small wicker gate, and went on under the blazing sun, winding about among new planted cocoanuts that threw no shade. There was not a breath of wind, and the superheated, stagnant air was heavy with pestilence. From the direction they were going arose a wild clamor, as of lost souls wailing and of men in torment. A long, low shed showed ahead, grass walled and grass thatched, and it was from here that the noise proceeded. There were shrieks and screams, some unmistakably of grief, others unmistakably of unendurable pain. As the white man drew closer he could hear a low and continuous moaning and groaning. He shuddered at the thought of entering, and for a moment was quite certain that he was going to faint. For that most dreaded of Solomon island scourges, dysentery, had struck Berande plantation, and he was all alone to cope with it. Also, he was afflicted himself.

By stooping close, still on man-back, he managed to pass through the low doorway. He took a small bottle from his follower and sniffed strong ammonia to clear his senses for the ordeal. Then he shouted "Shut up!" and the clamor stilled. A raised platform of forest slabs, six feet wide, with a slight pitch, extended the full length of the shed. Alongside of it was a yard wide runway. Stretched on the platform, side by side and crowded close, lay a score of blacks. That they were low in the order of human life was apparent at a glance. They were maneaters. Their faces were asymmetrical, bestial; their bodies were ugly and apelike. They wore nose rings of clam shell and turtle shell, and from the ends of their noses, which were also pierced, projected horns of beads strung on stiff wire. Their ears were pierced and distended to accommodate wooden plugs and sticks, pipes, and all manner of barbaric ornaments. Their faces and bodies were tattooed or scarred in hideous designs. In their sickness they wore no clothing, not even loin clouts, though they retained their shell armlets, their bead necklaces and their leather belts, between which and the skin were thrust naked knives. The bodies of many were covered with horrible sores. Swarms of flies rose and settled, or flew back and forth in clouds.

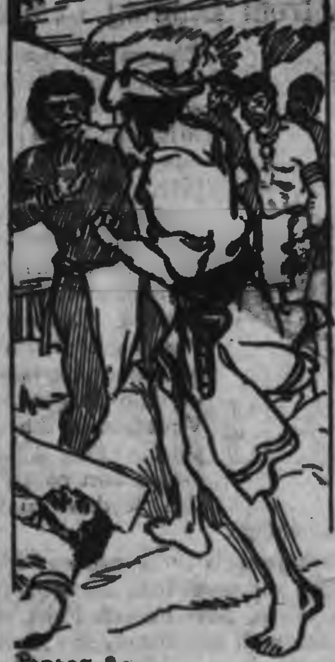
The white man went down the line, dosing each man with medicine. To some he gave chlorodyne. He was forced to concentrate with all his will in order to remember which of them could stand ipecacuanha and which of them were constitutionally unable to retain that powerful drug. One who lay dead he ordered to be carried out. He spoke in the sharp, peremptory manner of a man who would take no nonsense, and the well men who obeyed his orders scowled malignantly. One muttered deep in his chest as he took the corpse by the feet. The white man exploded in speech and action. It cost him a painful effort, but his arm shot out, landing a back hand blow on the black's mouth.

"What name you, Angara?" he shouted. "What for talk 'long you, eh? I knock seven bells out of you, too much, quick!"

With the automatic swiftness of a wild animal the black gathered himself to spring. The anger of a wild animal was in his eyes; but he saw the white man's hand dropping to the pistol in his belt. The spring was never made. The tensed body relaxed, and the black, stooping over the corpse, helped carry it out. This time there was no muttering.

"Swine!" the white man gritted out through his teeth at the whole breed of Solomon islanders.

He was very sick, this white man, as sick as the black men who lay helpless about him and whom he attended. He never knew each time he entered the festering shambles whether or not he would be able to complete the round. But he did knew, to a large degree of certainty, that if he ever fainted there in the midst of the blacks those who were able would be at his throat like ravening wolves.



"I KNOCK SEVEN BELLS OUT OF YOU, TOO MUCH, QUICK!"

Part way down the line a man was dying. He gave orders for his removal as soon as he had breathed his last. A black stuck his head inside the shed door, saying:

"Four fella sick too much."

Fresh cases, still able to walk, they clustered about the spokesman. The white man singled out the weakest and put him in the place just vacated by the corpse. Also he indicated the next weakest, telling him to wait for a place until the next man died. Then, ordering one of the well men to take a squad from the field force and build a lean-to addition to the hospital, he continued along the runway, administering medicine and cracking jokes in beche-de-mer English to cheer the sufferers. Now and again from the far end a weird wail was raised. When he arrived there he found the noise was emitted by a boy who was not sick. The white man's wrath was immediate.

"What name you sing out alla time?" he demanded.

"Him fella my brother belong me," was the answer. "Him fella die too much."

"You sing out, him fella brother belong you die too much," the white man went on in threatening tones. "I cross too much along you. What name you sing out, eh? You fathead make um brother belong you die close up too much. You fella finish sing out, savvee? You fella no finish sing out I make finish quick."

He threatened the wailer with his fist, and the black cowered down, glaring at him with sullen eyes.

Mrs. H. VON RODEN of LYNDON, KY.

Recommends Lydia E. Pinkham's Vegetable Compound for Backache, Nervousness, Headaches.

Lyndon, Ky.—"I have been taking Lydia E. Pinkham's Vegetable Compound for headaches, neuralgia pains, backache, nervousness and a general run down condition of the system, and am entirely relieved of these troubles. I recommend your remedies to my friends and give you permission to publish what I write."—Mrs. H. Von Roden, Lyndon, Ky.

When a woman like Mrs. Von Roden is generous enough to write such a letter as the above for publication, she should at least be given credit for a sincere desire to help other suffering women, for we assure you there is no other reason why she should court such publicity.

Canadian Woman's Experience:

Windsor, Ont.—"The birth of my first child left me a wreck with terrible weak spells, but I am glad to tell you that I do not have those weak spells and I feel like a new woman since taking Lydia E. Pinkham's Vegetable Compound. I am now well and strong and can do my own housework. I do not take medicine of any kind. It was Lydia E. Pinkham's Vegetable Compound that restored me to health."—Mrs. ROBERT FAIRBAIRN, 72 Parent Avenue, Windsor, Ontario.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

TELEGRAPHIC BRIEFS.

Because they were not permitted to smoke at work, operatives in the Slobo Shoe Factory at Quebec have gone on strike.

The Dominion Labor Department authorities forecast a slight decrease in the index number of the cost of living during August.

Mrs. Joseph Norman, aged 27 years of age, committed suicide at the home of her sister, at Guelph, yesterday by swallowing carbolic acid.

The Winnipeg Telegram (Cons.) says that R. L. Richardson is to be the Liberal candidate in the bye-election in Macdonald, Man.

Cardinal Peter Hercules Coullie, archbishop of Lyons, France, died there yesterday. He was born at Paris in 1829 and created a cardinal in 1897.

The famous Mosque of Santa Sophia at Constantinople, built by Justinian in the sixth century, has been considerably damaged by the recent earthquake.

The Hamburg-American Line's steamer Kamerun, which sailed from Hamburg, Germany, Aug. 24, has been wrecked on the west coast of Africa. The crew was rescued.

Announcement is made of the engagement of Miss Loretto Cecelia Kingsley, daughter of Mr. and Mrs. Kingsley of Wolfe Island, Kingston, to Hon. Louis Heinrich Janessans, son of Grof Count Von Unkila of Germany.

A Versatile Woman.

Lady Tatton Sykes, who died in London recently at the age of fifty-eight years, once was the most prominent woman in England. She possessed amazing energy and versatility.

Her marriage at eighteen to Sir Tatton Sykes, a great Yorkshire magnate and millionaire twenty-five years her senior, caused a profound sensation.

She turned her hand to everything. At one time she entertained elite society; at another she nursed the wounded soldiers in South Africa, wrote books and edited newspapers, and at yet another time her gambling losses caused a tremendous sensation.

In 1898 she and her husband were sued by a money lender for $80,000 on bills purporting to be signed by both. The money had been borrowed by her to pay gambling debts, and Sir Tatton proved that his signature was forged. Several other similar cases revealed that the total amount involved was more than $300,000. She was indicted for forgery, but as a husband is debarred from giving evidence against his wife in a felony case she was discharged.

Mistaken Identity.

Sir Thomas Robinson was a tall, uncouth man, and his appearance was rendered still more striking by his hunting dress, which consisted of a tight green jacket, buckskin breeches and a postilion's cap. He once set off in his hunting suit to pay a visit to his sister in Paris. He arrived at the house while there was a large company at dinner. The servant announced M. Robinson, and in walked this remarkable figure, to the amazement of the guests. One of them, a titled exquisite, lifted his fork three times to his mouth and each time laid it down without tasting the food. Unable at last to restrain his curiosity longer, he burst out eagerly, "Excuse me, monsieur, are you the famous Robinson Crusoe so remarkable in history?"

Royal Kindness.

Little stories bearing upon the democratic manner and habits of King George of England come to light every now and then. The King surely overlooks no opportunity to perform acts of charity and kindness which endear him to the hearts of his subjects. During a recent visit to Yorkshire His Majesty reviewed 8,000 children in Clifton Park. Recently he paid a visit to a cripple boy, Ambrose John Roe, whose legs were amputated at the knees two years ago and who was then presented by their Majesties with artificial limbs.

Woman's World

Tablets of Mark Twain Made by Miss Church.

MISS ANGELINA SCHUYLER CHURCH.

Mr. and Mrs. George A. Mahan of Hannibal, Mo., recently presented to their home city the house built in 1844 by Mark Twain's father, in which the famous author first saw the light of day.

Miss Angelina Schuyler Church of New York city is the talented young artist who was commissioned to make the bronze tablets which have been placed on the outside of the house in commemoration of the occasion. People who are interested in the education that does not forget character building are enthusiastic over the legend that the inscription tablet presents. It reads: "Mark Twain's life teaches that poverty is an incentive rather than a bar and that any boy, however humble his birth and surroundings, may by honesty and industry accomplish great things."

Pedagogues who have seen the tablets are suggesting that they deserve a place in the public schools of the nation, not only because of their artistry, but because of the lesson conveyed, the comfort and stimulus in the suggestion, which could hardly fail to be advantageous, linked with the fascination that Mark Twain exerts over vast numbers of young people.

Miss Church's portrait of the author in the tablet has been called the best yet made. Concerning it the Rev. Joseph H. Twitchell of Hartford, a lifelong friend of Twain, says: "I could not have supposed there could have been made so living a likeness of the man in that form. Really it brings my dear old friend to life again as no picture of him does."

Miss Church until recently has confined her art work to depicting animal life, and her study of "The Runaway—An Episode of Central Park, New York City," has won particular favor from critics.

The artistic education of Miss Church has been radically different from the conventional methods that crystallize the ideals of the schools. The only use she has made of teachers has been for the purpose of acquiring technique. The New York School of Applied Design, Mucha of Paris, an authority on composition, and Beard, the animal painter, have been her instructors. Technique having been acquired, Miss Church turned to the teachers to whom she professes her greatest debt—horses and dogs. These she studied from life until she knew their every bone and muscle and their co-ordination.

Miss Church was recently invited by Uruguay to enter a competition for an equestrian statue of a South American hero especially dear to that nation.

Has Nursed For Forty-five Years.

In connection with the death of Lord Lister it is interesting to know that the nurse who assisted the famous surgeon with his first antiseptic preparations is still in the Glasgow Royal Infirmary. Nurse Bell has many interesting stories of the old days when Professor Lister was in the infirmary and the crowd of students and dressers, many of them now chiefs, who attended the classes from 1861 to 1869.

Nurse Bell has been in the Royal Infirmary for forty-five years. She is now sixty-nine years of age, and she enjoys good health, though not able to do much. When Lord Lister was presented with the freedom of the city of Glasgow four years ago it was his special desire that Nurse Bell should be present at the function in St. Andrew's hall. When the memorial service was held in the university chapel she had a special invitation to be present.

Of Course He Didn't.

Husband—What a peculiar dish.

Wife—I did the cooking myself, and in turning the leaves of the cookbook I turned two at a time, and I cooked the herrings in apple jelly, but you don't mind, do you?—Satire.

Robt Valentine, United States commissioner of Indian affairs, has resigned to join the Progressive party.

THE PETERBORO EXHIBITION IS ON

Mr. E. A. Peck M.P.P. Pulled the String This Afternoon---Entry List is Larger Than Ever---Program for To-night.

The opening afternoon of the Fair was certainly successful, particularly when it is remembered that no vaudeville or horse racing were put on, and that things were hardly in working order at the grounds.

FAIR DECLARED OPEN.

About one hundred and fifty people gathered to hear the address of Mr. E. A. Peck, M.PP., whose duty it was, in the unavoidable absence of Mayor Bradburn, to open the Fair. Mr. J. H. Garbutt, President of the Board of Directors, before calling upon Mr. E. A. Peck, remarked that the entries for the 1912 Exhibition had exceeded those of any other year, and that, though the crowd was not tremendous this afternoon, yet he hoped that the audience to-night, and during the following days, would be greater than ever before.

Mr. Peck expressed the regret of Mayor Bradburn, who could not be present, having been called away on business of vital importance to the city and district. He explained that the purpose of the exhibition was to encourage the farmers. Mr. Peck paid a personal tribute to the directors, who had given time and energy without any hope or wish of remuneration, in bringing the Fair up to its present high standard, and remarked that it was the people's duty to attend, as without their co-operation in this direction the finances of the Fair would fail.

In the course of this speech he said that it was his impression that better accommodation should be provided for the exhibitors. Larger grounds and better buildings would assist in the success of the Fair.

"I take much pleasure," he concluded, "in declaring the Peterborough Industrial Exhibition open."

All this morning, Messrs. F. J. A. Hall and Callender were pressed for time the entries were being brought in so rapidly. The result is evident in the large number of interesting exhibits and advertisement displays in the main building, and others.

In the art section, is the work of the city's leading photographers, Messrs. Roy and Mendel. Some splendid specimens of amateur photography are to be seen. A large number of crayon, charcoal, water colors and pen drawings, which reflect credit on the contributing artists, are being shown. Portraits, landscapes, figures and sketches are all cleverly executed and it is certain that in this department the judges will have a difficult task to award the prizes. the vegetable growers also have responded to the call for exhibits, and there are any number of fine tomatoes, potatoes, onions, pumpkins, beets, carrots, parsnips and other vegetables—all of them splendid looking and healthy representatives of this branch of Canadian agriculture. A large number of different varieties of apples are arranged on the second storey of the main building. Here too, are the attractive fancy work exhibits, and it is in these that the lady visitors to the Fair, are greatly interested.

The array of fancy work is particularly fine this year and comprises numerous out of town products.

TO-NIGHT'S PROGRAM.

To-night should be one of the banner nights of the Exhibition, and it is fully expected that a record breaking crowd will be in attendance. The entire grounds will be electrically lighted, and the three entertaining vaudeville performances will be presented in front of the grand stand. The full 57th band will be in attendance, and a grand display of fireworks, under the personal direction of Professor Hand, of Hamilton, will take place at the conclusion of the vaudeville performance. The Midway attractions and the usual games will be in full swing for this evening.

FAIR NOTES

Mr. J.C. Kells and Geo. E. Burnham of Millbrook, came up by auto to attend the Fair.

To-morrow promises to be a big day.

All that is needed is fine weather with the atmosphere not too cool at night.

The entries are reported as an increase over other years.

Police Officers will be on duty to watch for any suspicious actions.

Miss De Vonda, the balloonist says that soaring among the clouds is all in a day's work to her. The balloon attracted a big crowd this afternoon.

Watch out for some fine sport from the horses races. The track is in good condition.

And don't overlook the midway. The spielers say they are "all wood and a yard wide."

Visit the big exhibit building, if you want to see farm produce of the highest standard

THIEVES AT THE G.T.R. STATION

Freight and Express Parcels Opened by Unknown Visitors.

Hastings, Sept. 12.—The Grand Trunk station on Tuesday night or Wednesday morning was broken into, by prying off a panel in the door of the freight shed, and the contents of a large number of freight packages opened and strewed all over the floor. The express room was also entered together with the agent and operator's office, and the express parcels ripped open and spread all over the room making an awful mess which was made worse by a soft butter package being opened and thrown among the parcels. The tills in the office were broken open but nothing was got from them.

There is so much disturbed and broken up that it is impossible to tell really how much was taken and until the invoices are checked with the packages it will not likely be known.

Land of Surprises.

New Zealand is not exactly contiguous to or a part of Australia, as many seem to imagine, there being a slight difference of some 1,700 miles between them. Things go by contraries in the "land of the kangaroo." The farther north you travel the hotter it is—125 degrees in the shade in Queensland. Lignum vitae, which sinks in other waters, floats in Australian waters. The Christmas dinner is eaten in Melbourne and Sydney when it is over 100 degrees in the shade.

FORMAL PRESENTATION OF THE SEASON'S NEW MODES

Exquisite Millinery from Leading Centres

Charmingly beautiful is the comprehensive showing of exquisite Millinery creations now on formal display. Some of the ORIGINAL New York productions from Gage Bros. Fisk and Kurzman have been secured. Numerous Parisian copies from Madame Germaine, Camille Rogers and Virot are in the display. The department's own contribution further contribute to this magnificent assemblage.

And best of all "becomingness is the keynote of these new productions. Both large and small hats are being featured in Velours, Hatter's Plush, Soft French Felts, etc. Black and white predominates with new woody tan shades, bronze, cerise, carrot, burnt orange, etc. Picot edge, dresden and paisley ribbons are being employed extensively for trimmings as are small wing effects, mounts, cockades, toques, paradise, willows and ostrich plumes.

The variety—the color combinations—the chic styles are beyond description—one must actually see these charming productions to obtain a true conception of their real beauty—**COME TO-MORROW.**

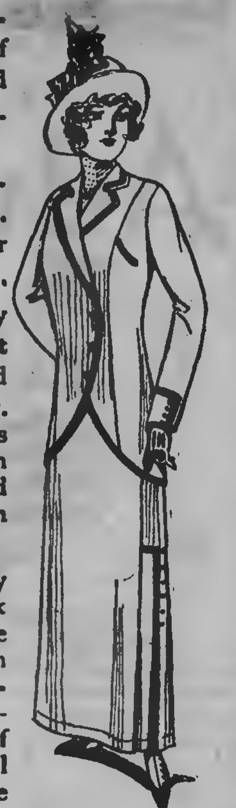
Exclusive Ready-To-Wear Garments

The Cressman Ready-To-Wear Department is noted for its showing of beautiful and exclusive garments, and this season's collection further enhances this enviable reputation.

Truly **FASHION** has outdone herself this season for never we think, have the styles been so altogether charming, so original or so practical.

The **NEW DRESSES** are worthy particular mention. The important style features are the pannier and peplin effects and Robespierre collar. Many handsome color combinations are noted, American beauty with marine blue, reseda green with wood brown, elephant and black velvet, tan and paddy green.

The **NEW SUITS** are in strictly tailored style or developed in Norfolk effect. The distinctive features are the Robespierre collar and Russian blouse effects. The coats are somewhat longer and slight fulness is introduced in the skirt by means of pleats. Our window displays reveal a representative collection of these original garments.



New Dress Goods

All the wealth of color which accompanies the Autumn season is revealed in the handsome Dress and Suit Fabrics now on formal display at the Dress Goods counters. Every wantable weave in every new and desirable coloring is here awaiting your inspection.

Dress Goods — Main Floor Rear.

Women's Shoes

While on Second Floor inspecting the New Millinery and Ready-to-Wear Costumes visit the Shoe Dept. and see what fashion has produced here for smart dressers. We specialize on J. & K. Pingree American Shoes for women and are featuring quite the smartest, snappiest, cleverest Shoe Styles it has ever been our fortune to offer.

Home Decorations

Our Third Floor Departments particularly invite inspection from all who have the beauty and artistic decoration of the home at heart. Here we have Floor Coverings, Window Draperies and Wall Papers, where one can arrange harmonious color schemes without leaving this floor.

See the Window Displays to-night--They reveal a representative collection of newest style tendencies.

MANY FAMILIAR FACES WERE MISSING FROM KAWARTHA LAKES

Early in the vacation season it was prophesied that the American elections would have more or less of an effect on the tourist traffic to the Kawartha Lakes, and also that the lakes would not be patronized as in other years.

But it is now said that the season has been as remunerative for the summer hotels as last year, and that the number of visitors has been as large.

There has, however, been one difference. An absence of familiar faces was noted. One well-known authority says that this summer, when he would go to Juniper Island when the crowd would be quite large, he could not recognize more than two or three persons.

This was quite unusual, as many years spent at the lakes had brought acquaintances on every hand, and to describe him as a "directory" would be quite near the truth. The hotels were always busy, and at one time 27 Pittsburgers were registered at Viamede. In one case the lady of the house gave up her room, and slept in the office.

MILLINERY DISPLAY AT HALLS

Tastefully designed to convey the idea of the opening of the Autumn season, the admirable display in the windows of Richard Hall & Sons Limited, is attracting the highest praise and comment. The arrangement of two massive gates in each window, profusely banked with glittering Autumn foliage, appropriately represents the formal welcome entry of the Autumnal season. The color scheme which has been so successfully adopted, is an harmonious blending of tan, brown and red. the gates were first covered with a fine paper veneer, the foliage being then overlaid. The plan produces most realistic representation of original oak. From the massed array of foliage, there peeps out a red reflection produced by a clever electrical effect, rendering the scene particularly attractive. The flooring is of brown material, shirred with fine marquisette, in a slightly lighter shade. Two handsome mahogany tables are placed in the centre, upon which are arranged ladies dainty accessories.

The windows contain some exceedingly smart, rich and stylish costumes which will arouse the admiration of all, particularly the feminine world. There is the new French panier costume, imported directly from the fashionable European centres by Richard Hall & Son's skilled buyer. Six different varieties are shown in as many varying shades. The styles are extremely charming and an unusual popularity is predicted for them this season.

In the ladies' hat display are shown the fetching Robespierre turban and the Colonial sailor, two popular creations. Two very distinctive waists also are shown, of Parisian design, one of plain satin, with a touch of cerise trimming.

The smaller windows have a similar color arrangement, and contain a black and white combination carried out with the same appropriate gate effects. In one window is shown children's and Misses hats, which are being featured in the millinery departments inside. In fact, all the departments are arranged to exhibit their furnishings to most acceptable advantage.

On entering the store, the eye is immediately struck by the handsome decorations. Each pillar is arranged with lattice work and is interwoven with green and gold foliage, from which is suspended two golden tinted shades, fringed with fancy colored trimmings. The counters all look nice, laden with the latest dress fabrics arranged in artistic array.

An elaborate arrangement of house furnishings, invites the visitor's inspection in that department.

The handsome silver loving cup, awarded to the designer of the whole arrangement, Mr. J. McNabb, for superior window trimming ability, is also displayed in an advantageous position.

The window was photographed last night by Louis Mendel and will undoubtedly go far in augmenting the designer's laurels in the next window trimming contest, to be judged in August 1913.

Case Dismissed

Police Magistrate Dumble Discharged the real estate dealer who was alleged to have falsely represented land in Tuxedo Park, near Winnipeg. The case was heard yesterday afternoon.

Youths Were Noisy

Four young men, convicted of acting in a disorderly manner the night before last on the boundary road, were fined $2.00 each and given a stern lecture by Police Magistrate Dumble. They were shouting and arousing the inhabitants in that vicinity late at night.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at $5 a box, or three for $10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

An international inter-tuberculosis congress was opened at San Sebastian by King Alfonso.

Germany may facilitate the importation of meat from Argentina to reduce the cost of living.

Herbert C. Treneer, A.T.C.M.

Organist & Choirmaster of St. Andrew's Church

I am prepared to accept pupils for piano, theory and voice culture. A thorough and technical training is guaranteed, with special attention to interpretation. Will prepare candidates for College, Conservatory or University Examinations if desired. For terms, etc., apply at the J. M. Greene Music Co., Ltd., 185 and 187, Charlotte Street. Phone 185.

FREE EXHIBITION TICKETS

300 Tickets to be Given Away Absolutely Free During the Fair, at Cameron's, the New Men's Wear Store, on George St. Near Cor. of Charlotte

The purpose for which these tickets will be given away, is for to help boost the Peterboro Fair to make it the greatest in Eastern Canada, as well as to introduce this New Men's Wear Store to the people of Peterboro and the surrounding Country.

The first thing a new store has to do is to establish faith and confidence with its customers, giving values that are unquestionable, giving service that seems best and behind all a guarantee of money back without question if you are not satisfied with the goods. I want to make this store your store and if you are as anxious to meet us as we are to meet you, we will come together at the rate of sixty mile an hour or even faster than that.

Now about these Free Exhibition Tickets, we are going to give to every customer buying $2.00 worth of goods from us, a ticket which will admit you at any time to the Exhibition.

These tickets will be limited to 3 to a customer, so that we will have enough to go around.

Now here is another inducement don't think that we are raising the price of our goods to meet the above offer, for we are not, in fact we are reducing several lines for this occasion.

Starting To-day and for Friday and Saturday we will place on sale 100 Pairs Traveller's Sample Sox at 2 pair for 25c.

450 Pairs Fine Cashmere Sox in black and fancy colors, values to 50c a pair, for this great Exhibition sale per pair 25c.

175 Guaranteed Men's Hats, newest fall shapes in all styles, both soft and stiff shapes, regular values $2.50 to $3, Exhibition Sale $1.48.

15 Dozen Men's fine 50c Duplex Suspenders for 25c.

Come and get your tickets free for the Exhibition.

POLICE WERE AFTER BIGAMIST
(THE BIRD WAS NOT THERE)
BUT GOT THE WRONG MAN

A bigamy charge was projected and exploded with amusing suddenness on Tuesday night, when Detective Samuel Newhall and P. C. Reid, both of the local police force, called at a peaceable Water street residence at midnight with the intention of arresting a criminal, whom they had deduced, should be unsuspectingly slumbering within the four walls of the house.

After a diligent chase and a lengthy discussion of their plan of campaign the two officers approached the entrance to the house and awakened the sleepers by ringing the door bell. But at that time of the night, so the awakened citizens decided, it would be folly to admit anyone, so that it was only after many repeated assertions of their position, integrity and business that the policemen were admitted.

Discerning the identity of their visitors, the family, already alarmed, were thrown into a state of fear which was only heightened when it was gravely announced that it was their (the officers') duty to arrest a member of the household on a charge of bigamy in Brantford. But upon questioning, the young ladies who gave the officers entrance, volunteered the information that the man they sought to arrest was not in the city. The officers became suspicious and when a young man was seen descending the stairs they immediately took him in charge and with due solemnity read the warrant. When the document was read, the laughter of the family replaced their former consternation. The young man under arrest had not been married in Brantford; neither had he enjoyed matrimonial life here. In fact he had never resided in Brantford and upon investigation the officers recognized him as a popular and prominent hockey player. They were further dumbfounded to learn that no one by the name of Johnsion, who was mentioned in the warrant, resided there, but that the name of the man who they would have arrested had he not been out of the city, did not contain one letter that appears in the name Johnson. He did come from Brantford, and it is apparently on this useful bit of information that the officers spun their web about the innocent and reputable citizen.

When they left the house consternation had superseded their cool confidence of an hour before.

THIRD TROOP OF BOY SCOUTS HAVE NO INTENTIONS OF DISBANDING

A short time ago an item appeared in a local paper to the effect that the 3rd troop of Boy Scouts had disbanded. This is not true, and there is no foundation for the statement that this troop, hitherto one of the most active in the city, has ceased to be. It is still one of the brightest troops in the city, having a membership of twenty-five, and having in it a number of scouts who have secured a considerable number of proficiency badges. The leaders of the troop are rightly indignant over the item, because, owing to the fact that they have no scoutmaster to command the troop, they have had difficulty in proceeding with the scout work. The item not only offended them but caused a considerable decrease in the attendance of the third troop at the meeting held last night in the armories, in preparation for their drill at the Fair.

LEAL CASE ENLARGED TILL NEXT TUESDAY

The case of William Leal, accused of attempted murder, has been enlarged until Tuesday, September 17th. Magistrate Dumble assented to this at the solicitation of Mr. G. N. Gordon and Mr. B. Hall, counsels for fendant. The object of the enlargement is to allow time for an expert stenographer to be secured for the taking of the evidence.

The prisoner was in court this morning and maintained a very subdued demeanor.

His wife was also present and the two kissed each other.

EASTERN CITIES SHOW LARGEST GAIN; PETERBOROUGH IS ONE

Western Cities Behind in Building Operations For Last Month.

The August building permits, as reported to The Financial Post, show the rather surprising fact that Eastern Canadian cities record a greater gain than do the Western cities. The figures show distinctly the effect of the summer period. In July the totals exceeded twenty-one millions, while in August the figures were somewhat lower, thirty cities showing totals of about ten millions. It should be noted, however, in comparing these totals that some important Western cities such as Vancouver, have not reported. In the comparison of east and west, however, this fact is counteracted by the absence of Toronto. Montreal displaces Winnipeg in total of values of permits issued. Winnipeg is also passed by Calgary, though the margin is very narrow. In fact, the three leading cities are all within $150,000 of one another. Edmonton and Regina are the other Canadian cities to have reports run to seven figures.

In actual gains, the western cities are far in advance; Calgary, Regina and Edmonton come before Montreal, the first eastern city. Maisonneaue Hamilton, Sherbrooke and St. Catharines are other cities showing gains for the month. The premier western city, Winnipeg, shows a decrease for the month of one-eighth. The monthly figures are in one respect unsatisfactory, inasmuch as they may show a falling off owing to the fact of some large building have been started in the previous month, and vice versa.

In the percentage columns Eastern Canada is far in advance; St. Catharines, Maisonneauve and Peterborough rank ahead of any western city. Regina, Red Deer and Kamloops follow and then comes an eastern city again, Hamilton. All these have a considerable gain over last year.

The probability of tight money this fall will likely affect the building conditions in Canada. Labor is also hard to secure and the high prices of materials will certainly be felt.

GENERAL INTEREST SHOWN IN ALL STAR ARTISTS' SERIES

Greatest Dramatic Soprano in the World to be Heard Here—First Concert Sept. 17th.

The applications for reservations on the subscription list for the all-star artists series, are coming in with a rush that shows the wide-spread interest in the undertaking, which may rightfully be regarded as being of supreme musical importance. That the public of this city and its vicinity are fully alive to the importance of the series, is attested by the rapid signing up for course tickets in the city, and the unprecedented number of inquiries and requests for reservations that have been received from surrounding points.

This is not surprising, when it is considered that the series will include the greatest dramatic soprano in the world, the greatest of American baritones, one of the greatest pianists of the younger generation, and a fine violinist.

In addition to their musical importance, these concerts promise to be the most brilliant social events of the season, as judging by present indication, the audiences that will greet these great artists will be truly representative ones.

The date of the first concert of the series, is Tuesday evening, September 17th, when David Bispham, the great actor-singer will be heard, assisted by Harry M. Gilbert, the composer-pianist. The second concert, on October 23rd., will bring to us Nordica, the unrivalled, assisted by Rummel, the eminent violinist, and Romayne Simmons, pianist. At the third concert on November 21st., we will have the opportunity of hearing Mme. Mary Hallock, a woman of great beauty, and who has been hailed by the critics, as the feminine Paderewski.

Tickets may be had for the series for $3.00, which entitles the holder to the choice of the best seats for each concert, and is just $1.00 for each concert, if you are on the subscribers' list.

Lists are at the Dominion Bank, Examiner Office, Peterborough Bookstore, and with Mr. Walter Stocker.

Subscription list positively closes Monday, September 16th, First concert, Tuesday, September 17th.

Refined Elegance
∴ ∴ is the mark of the ∴ ∴
Autumn Dresses

¶ From the simple, serviceable Street Dress to the one elaborately trimmed, is the range covered by our extensive showing. You'll marvel at the beauty and originality of the new styles, at the richness of fabrics, Full length sleeves, long shoulder line, button trimmings and modified draped or pannier skirt are the dominant style notes. Many dresses have flat directoire collars. Sash and belt effects are greatly favored, and the use of two materials is a notable tendency.

¶ Our Window Exhibits To-night are revealing Fashion's Latest Ruling in all the Charming Autumn Dress and Waist Styles, especially featuring The New "**French Pannier Gown**" and the "**Robespierre Waist.**" See them this evening, they will prove intensely interesting.

BRUIN WITH ROLLER SKATES

His New Owner Expects Him to Become an Expert.

Mr. J. H. Prosser, who for some time past has been teaching the school at the Chemong Indian village, is in the city making preparations to leave for Mattawa, near North Bay, where he will take up the duties of a Methodist Missionary. Mr. Prosser while at Chemong trapped a bear, a coon and a fox, and made pets of them. The bear he has trained to do all sorts of amusing and difficult feats. The animal is now in one of the stalls at the Windsor Hotel stables. Bruin was given a tryout on roller skates the other day and "made good" in so far as it was possible to do so without boots, and because of his contortionist abilities he has been purchased by Mr. Herb Kendry who is having a pair of boots made for him at Carey's. The coon has been secured by Mr. Clayton, who will exhibit it as an attraction in front of the Princess.

Besides these curiosities Mr. Prosser had a two-headed and two-tailed lamb, and a hen with a pig's foot.

DAVID BISPHAM.

The great Baritone, singing "Danny Deever," the song which he has made world famous.

It is reported that 40,000 Chinese perished in a typhoon August 29, 10,000 inhabitants of the town of Tsingtien being included.

Twenty persons were killed and thirty injured when a bomb was exploded in the market at Doiran, Macedonia.

CALLS BOSTON RED SOX FOR WORLD'S CHAMPIONSHIPS

One of the Smoothest Baseball Machines Ever Known Clark Griffith.

Boston, Mass., Sept. 11.—Expressing confidence that the Red Sox would be the world champions, Clark Griffith, manager of the runners up in the American League race, says:

"The Boston Red Sox, one of the smoothest baseball machines ever known, will, in my opinion, take four of the first five games from the New York Giants in the coming world's series.

"Anyway you look at it, Stahl's men have McGraw's squad backed off the baseball map. In the box, the field, and with the stick, the Red Sox are superior. In base-running alone, they do not entirely outclass their opponents, but this feature of the game does not cut much figure in world series battles.

"The Giants have just one pitcher in whom they have sufficient confidence to win such a series, namely Mathewson. The Red Sox have more confidence than any team I have ever come across, no matter who is in the box for them.

"And they sure have a staff that merits confidence. Wood, Hall, O'Brien, Bedient and Collins are all equal to the task of facing the Giants at their best and turning them back.

"If Matty is bumped hard the first time he faces the Stahls, as I believe he will be, it's good-bye for the Giants. If he pulls through it is only a matter of stalling off the inevitable for a day or so.

"I do not think Marquard will bother the American champions a little bit, while Tesreau has not had the experience to stand the terrific strain of such a series.

"Speaker, too, in my opinion, will be another very great stumbling block for McGraw. He will, I think, be the first big star player who will live up to his previous reputation, and perhaps surpass it in a world's series.

"As to the outfield, it's useless to compare the grand Red Sox trio with the Giant's gardeners."

BILLY ALLEN QUITS THE RING

Ottawa Boy Announces He is Through and Will Go in Business.

Syracuse, Sept. 12— Billy Allen is through with the fight game. The announcement was made last week in Portal, North Dakota, by the former Canadian champion, who with Manager Eddie Foley and his sparring partner, Jack Feeney, is on his way back from Calgary.

Allen cancelled dates at both Winnipeg and Hibbing, Minn., and has fully decided to quit the ring for ever.

Allen, who is but 27 years old, at one time had every prospect of becoming a world's champion in the featherweight class. He has been fighting in the professional class for four years. During that time, when at weight and in condition he won some notable victories and the praise of the foremost ring experts of the country. Disinclination to train to take off weight made him fight in the lightweight class and although he did not properly belong there, he made a good showing for a time. Increased weight lessened his speed and he did not have the strength necessary to meet the strong boys in that class and when he was operated upon for appendicitis, he never again made the same showing. Allen, while in the game, made many friends all over the country, because of his gentlemanly conduct and fair tactics who will be sorry to see him give up, but at the same time are pleased to know that he realizes his own failing powers.

Allen will probably go into business in Ottawa, Canada, his native town, where he has had good inducements offered for a business career.

THE NOMADS AND C. G. E. TEAM FOR THE HALL TROPHY

The team to meet the C.G.E. champions for the Hall trophy, at the Exhibition grounds Saturday afternoon has been chosen, and they will make a big attempt to hold the Electrics to the small end of the score.

The Nomads—this is the game decided on—will line up as follows:

Goal Callandine; backs, Bishop and Robinson; halves, Gamble, Robertson and Pearson; forwards, Curtis, Monk, Turner; centre, Edwards and Sharman. Turner is also captain.

The game will be called at 2.30 o'clock. The C.G.E. team has won the cup twice in succession, and a win on Saturday is necessary if they wish to retain the mug for keeps.

It has been decided to continue the church league schedule as drafted in the spring and not play a fall series. All Saints' and Park street, the two leaders, play on Saturday, September 21, and the Saints' meet Knox team the following Saturday.

LOCALS WON AT CAMPBELLFORD

Creswell Fanned Seventeen — Score Was 12-9.

Quite a large number of Peterboro people, attended Father Whibb's picnic at Campbellford yesterday. Leo. Derocher took down a baseball team to meet the nine of Campbellford, and with Stan Cresswell doing the twirling, the locals came out ahead on the 12-9 score.

Creswell had things pretty much his own way and during the game registered seventeen strikeouts.

The team was—Creswell p, Kennealley c, Derocher 1b, Quinlan 2b, Sheehy, ss, Dixon 3b, Milloy, Sheehy and Father McFadden, outfield.

BASEBALL YESTERDAY.

The International.

Montreal	0 0 0 0 0 0 0 1 1	2
Toronto	1 2 0 0 0 2 0 0 [illegible]	6

A Clever Ruse.

When Thurlow was Lord Chancellor of England he was much at outs with the Bishop of London. The latter was visited one day by a clergyman who sought appointment to a fat living then vacant. He wanted a letter of recommendation to Lord Thurlow, but the bishop said such a letter was likely to do more harm than good. Nevertheless he wrote it. When Thurlow read the missive he said, "Well, as that scoundrel, the Bishop of London, has introduced you, you won't get the living." "So the bishop said, my lord," was the meek reply. "Did the bishop say so?" roared Thurlow. "Then I'll prove him a liar, for you shall have the living." And he was as good as his word.

Governor Woodrow Wilson made two tariff speeches, in which he declared that in the main protected industries paid less wages than unprotected industries.

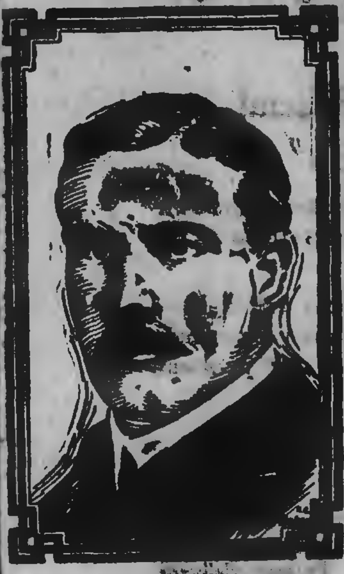
AUTHOR AND ARTIST

OLIVER ONIONS IS ACCOMPLISHED IN BOTH LINES.

In a Recent Literary Autobiography He Says He Never Knew the Struggles of the Starving Writer—Was Earning Good Money as a Newspaper Artist and Wrote for Fun in Spare Time.

One of the most engaging authors of the day is Mr. Oliver Onions, whose reputation has increased with every book he has produced. A bakers dozen now stands to his credit, and amongst them one recalls "The Compleat Bachelor," "According to the Evidence," and "Widdershins."

Mr. Onions has lately been taking the public into his confidence as to his literary struggles. These were not very violent, if one may judge from his own confession, and he appears to have had an easier passage than Mr. Thomas Hardy or the late George Meredith. Recalling his early days, Mr. Onions says:



MR. OLIVER ONIONS.

"As a writer I never knew Grub street. In that I account myself fortunate. As staff artist on a weekly paper I was able to go through the mill as a draughtsman of war pictures and plays and tidal waves and conflagrations, and to keep my writing strictly as my luxury.

"As it happened, line-drawing just lasted my time out, and by the time press photography arose I was already out of the wood. I had written a book, bought a typewriter, paid my debts, and so forth, and, having had the luck to possess two strings to my bow, was envied my translation by those with whom I had worked side by side."

Painted Good Cheese.

Lawrence Alma-Tadema, the famous artist who died a few days ago. was undoubtedly the finest painter of marble that ever lived. Marble had an extraordinary fascination for him. As he once put it: "When I see a marble wall it seems to me the surface is finer and far more beautiful than the surface of any other material."

Sir Lawrence once confessed, however, that he really owed his success as a painter of marble to the scathing criticism he once received from a certain eminent artist. The great man was shown one of Tadema's pictures, in which marble figured very largely, and, after looking at it in silence for some time, he turned to the expectant artist and said: "Yes, it is very nice. You paint good cheese." And it was this remark which led the artist to begin a thorough study of marble.

An Irish Squire's Advice.

An upstart Irish squire went to an old squire for advice as to sending a challenge.

"Healy of Loughlinstown," said he, "has threatened to pull me by the nose whenever he meets me. What would you advise me to do?"

"Has he really used that threat?" asked the squire.

"He has."

"Well," said the squire, "I'll tell you what to do—soap your nose well and it will slip through his fingers."

Perhaps the most contemptuous declination of a challenge was that of an Irish gentleman of the old school. "Fight with him!" he exclaimed. "I would rather go to my grave without a fight!"

American Hustle in Hungary.

The spirit of American hustle has suddenly invaded Hungary, it seems, for, according to the Freisinnige Zeitung, a real fast train will soon start running between Budapest and Presburg. The locomotive will have a normal power of 1,600 horsepower and will haul the new train of 300 tons at a speed of eighty-four and one-half miles an hour, doing the journey in one hour and thirty-five minutes, including a stop of five minutes at Neuhausel. The fastest train now running takes three hours and two minutes.

A Telephone Safe Lock.

A remarkable new safe lock has been invented. It is provided with phonographic mechanism so that it can be opened only by the voice of the owner. A mouthpiece like that of a telephone takes the place of a knob on the door, and this is provided with the usual style or needle, which travels in a groove in the sound record of the phonograph cylinder. Before the safe can be unlocked the password must be spoken into the original cylinder by the one who made the original record. —Exchange.

The United States Government granted permission for 1,200 Mexican soldiers to pass through United States territory to the State of Sonora.

HOTEL LENOX
BUFFALO, N.Y.
Buffalo's Leading Tourist Hotel.

FIREPROOF THROUGHOUT

PUBLIC INVITATION
TO A
DINNER SERVICE PARTY

An invitation is cordially extended to the citizens of Peterborough and neighboring places to attend our large showing of Dinner and Tea Sets, to be held during the first two weeks in September. We are confident that the showing will recompence you for the trouble of looking, especially if you anticipate needing dinner ware.

The assortment embraces all the latest shapes and newest designs of decoration. The majority of the sets are of English make, although we are showing many sets made in France and Germany.

The price of each set will be marked in plain figures during this sale, which will enable you to decide which one you table with.

Sale is from two to four o'clock each day.

TORONTO 262 Queen Street, W. **C. B. ROUTLEY** PETERBOROUGH 379 George

A FEW REASONS WHY A

HAPPY THOUGHT RANGE

IS SUPERIOR TO OTHER RANGES

1. The Happy Thought patented features can be found nowhere else. They include the pyramidal oven, illuminated oven, oven damper, reservoir damper, etc.
2. The Happy Thought has the deepest and most economical fire-box, the most scientifically arranged flues, properly proportioned oven, and largest top cooking surface.
3. The Happy Thought oven cooks equally well in every part, whether on shelf or oven bottom, or any corner, or centre.
4. The Happy Thought waterfront is the most powerful known. The reservoir will boil water.
5. The Happy Thought dampers give you absolute control over the fire, which may with ease be retained for thirty-six hours.

The Fact that nearly Two Hundred Thousand Happy Thoughts are in use in Canada shows how extremely popular they are.

Let Your New Range be a Happy Thought

KEENE ITEMS

Special Correspondence.

Keene, Sept. 12—The Otonabee Exhibition will be held in Keene on Tuesday and Wednesday, October 1st. and 2nd, and from the present outlook, it is very promising for a splendid exhibition.

Mrs. Donniskele of Belleville was the guest of Duncan McFarlane and other friends here last week.

Miss Agnes Graham returned home on Saturday, after a two weeks visit with friends at Hales' Bridge.

Miss Lillian Wedlock, who has been visiting friends in Toronto the past week, returned home on Saturday.

Mrs. (Dr.) Harrison is visiting her daughter, Mrs. T. Sharpe, in Alberta.

Mr. C. Patterson was in Peterboro on Saturday, on business.

Miss Bessie Reid spent the past week in Toronto.

Mr. Lou Gall is visiting at the home of his grandmother, Mrs. R. Gall.

A cement walk was put in at Mrs. Peter McNeil's residence on Friday, Mr. A Rennie doing the work.

Mrs. J. Barbridge is spending a few weeks at Bellwood, Ont.

Mrs. Martin Kenneally is visiting her neice, Mrs. O'Reilly at Norwood.

Mr. E. Renwick had the misfortune to lose the horse he recently purchased from Rev. Mr. McDonald.

Miss Mabel Hore is visiting Miss Fern Mowton.

Master Joseph McCarthy has returned to Peterborough, where he will attend the Collegiate.

Mr Andrew Brown and family spent Sunday at Mr. J. Edwards home.

Miss Mabel Walters and little niece who have been visiting friends in the vicinity, returned home on Saturday.

Mary Burley spent the week end at Mr John McKee's home.

Mrs. Humphries of Hastings visited her sister, Miss Elizabeth Drummond a few days last week.

Mrs. (Dr.) McWilliams, returned from Toronto on Saturday, where she spent the past week.

Mrs. Patrick Roache visited at the home of Mrs. Richard Byram, near Lang, a few days last week.

Mr. Brodie of Washington visited friends in the village on Monday.

Mr. M. Weir of Peterboro spent Sunday in the village.

J. C. Reid is visiting friends in Peterboro.

Miss Maggie Bryce visited the past week with Toronto friends.

Mr. Percy Skinner of Belleville, spent Monday with his parents, Mr and Mrs. R. Skinner.

Mr. Eugene Plouffe and family of Ottawa, spent the past week with friends at the Victoria House.

Mr. A. Rennie put down a cement crossing for Mr. A. D. Anderson last week.

Mr. Fred Moore and Miss Lillian Wedlock, spent Sunday in Hastings with the latter's cousin, Miss Lillian Carter.

James Quinn and F. A. Easson, attended the Toronto exhibition on Wednesday of last week.

On Saturday, September 6th, a son was born to Mr. and Mrs. R. H. Campbell.

Mr. A. D. Anderson, was in Toronto last week on business.

Master Harold Smith of Peterboro is visiting his father, Mr. A. St. A. Smith.

Gus Bolin visited friends in Toronto last wewk.

Mr. Robert Brown put down a concrete wall at Mr. Z. Tucker's residence last week.

ORANGE CORNERS

Special Correspondence

Orange Corners, Emily, Sept. 11—Mr. Herbert Jackson spent last Tuesday at Toronto Exhibition.

Miss Nellie Casey is spending a couple of weeks with her parents and friends in Minden.

Mr. William Kent, of Calgary, is visiting with his uncle, Mr. George Elliott.

Mr. David Jackson and Mrs. Hopwood spent Sunday with friends in Peterborough.

Mr. and Mrs. Walter Magee visited his sister, Mrs. F. Fowler, Smith, on Sunday afternoon.

Mr. Robert Casey spent the week end with friends in Lindsay.

We are pleased to have our pastor, the Rev. H. Earle, Omemee, on duty again, after spending the last six weeks with his friends at St. John's Nfld. He looks fine and reports he and his wife and family having an enjoyable visit.

The Ladies' Guild purpose holding their next meeting on Wednesday, Sept. 18th, in the church at two o'clock. The president would be pleased to have a full attendance.

OSHKIGMONG ITEMS

Special Correspondence.

Oshkigmong, Sept. 11.—Mr. S Young, of Smith, is building a boathouse for Mr. D. Whetung and son here.

Mr. Harold Anderson, of Rama, was here on his way to Hiawatha.

Mrs. Joseph Whetung is in Parry Sound visiting her son, Ryerson Mrs. Whetung is accompanied by her two daughters, Ruth and Maggie.

Mr. John J. David is building a dwelling house on Mississaug street.

The steamer Stoney Lake will run an excursion from Rama and Georgina to here on the 18th.

Mr. Joseph Whetung is re-painting his dwelling house and it looks very attractive.

Mr. J. H. Prosser, our former teacher, preached here last Sunday night.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3 for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

SPRINGVILLE ITEMS

Special Correspondence.

Springville, Sept. 11.—Mrs. Lingfield, of Montreal, returned to her home Monday.

Mr. and Mrs. Dick and Miss Hopkins, Peterborough, spent Sunday at Mr. Arch. Reynolds.

Mr. and Mrs. A. J. Arnott attended the exhibition in Toronto last week.

Mr. and Mrs. Stanley Armstrong returned from their wedding trip Saturday evening.

Mr. and Mrs. W. Bothwell were guests at Mr. Wm. Bothwell's on Sunday.

Mrs. E. Ball and Miss Thelma, spent last week with friends in Toronto.

Mr and Mrs. Wood, Sr., are visiting at Mr. D. Wood's here.

Mrs. J. Walsh and Miss Irene visited friends in Toronto last week.

Miss A. White is visiting her sister, Miss Ella White.

Mrs. Paul and Mrs. Reynolds, Cavan, visited friends here on Sunday.

Mrs. W. W. Trew, of Hope, and Miss Vera, spent the week end with Mr. and Mrs. D. H. Smith.

Mr. W. A. Bowles and Miss Pearl spent last Tuesday in Toronto.

Mr. Walter Douglas, who is well known in this vicinity, has purchased a farm from Mr. J. Madill, and expects to move onto it in the spring.

Mr. H. Reynolds, Bethany, spent Sunday with friends here.

Mr. Harold Cathcart, Miss Cathcart and Miss Kathleen, spent Sunday at Mr. Frank Staples', Gravel Road.

Miss Clarke, of Ennismore, has resumed her duties at the school, Elmdale.

It isn't to be expected that you'll get much out of yourself if you are easily satisfied.

There are people who daily chew the rag with the avidity that they give to a square meal.

No use in counting your chickens before they are hatched nor after they have had their necks wrung.

If you aren't pleased with your environment either get out of it or change it. Don't growl over it.

LAKEFIELD NEWS

Special Correspondence

Lakefield, Sept. 12.—Miss Elsie Ogilvie is visiting friends in Peterboro.

Mrs W. Baptie, Master Reynold and Miss Dora have returned to the village, after visiting friends in Bethany, Manvers, and other places.

Mrs. Hewitt and children, who have been spending the past four months in the village, the guest of Mrs. A. W. McKenzie at the Grove left last week for their home in Des Moines, Iowa.

Miss Marjorie Morin has left for Toronto, where she will enter the Toronto General Hospital in training for a nurse.

The first meeting of the Presbyterian Young People's Society was held in the Sunday school room, Monday evening, for the purpose of drawing up a program for the coming year.

"Ape" at Work.

Anybody observing Pellegrini's movements in the lobby of the House of Commons could tell to a certainty who would presently turn up in the pages of "Vanity Fair," skilfully caricatured by "Ape," writes Sir Henry Lucy in The Cornhill Magazine. Having once selected his subject, Pellegrini treated him precisely as if he were a lay figure. He made no notes, thumb-nail or otherwise.

His man being in the lobby engaged in conversation with another member, he slowly walked round him, scanning his features, his dress, his pose, the size of his feet, and the hang of his arms. He made no idle pretence about the matter. He was there to do his business, and he did it with a thoroughness that made all his sketches a success.

It was pretty to watch him, sometimes prettier to observe the manoeuvres of "the subject."

If any member whom Pellegrini had taken in hand for the week's sketch failed to discover the fact himself, other members were ready enough to bring him the news. All the while he was lightly laughing and talking with a friend, he was furtively watching the plump little Italian slowly circling round him, making mental notes of his inches. The desperate effort to appear unconscious of what was going on gave an added touch to the familiar comedy.

A Hymeneal Expert.

Sir Samuel T. Evans is one of the greatest experts in Great Britain on matrimonial problems. As President of the Divorce Court he passes his days listening to tales of woe, and no judge is harder worked. But he is never depressed, and refuses to answer the question as to matrimony being a failure in the affirmative.

This keen-witted judge started his legal career as a solicitor. Realizing that the Bar offered more scope, he changed over, and was so successful that he took silk in the remarkably short space of nine years. He was the last Q. C. to be appointed. For over twenty years he represented Glamorganshire in Parliament, and was Solicitor-General from 1908-10, when he took his place on the Bench.

By his hat shall you know Sir Samuel Evans. No matter how fashions may change in toppers he clings to a weird type of headgear which is flat in the brim and tall in the crown, something like those hats you see on women dressed in Welsh costume.

The Letter of the Law.

Mr. F. E. Smith, British M.P., tells a story of a county court case he was once engaged in, in which the plaintiff's son, a lad of eight years, was to appear as a witness.

When the youngster entered the box he wore boots several sizes too large, a hat that almost hid his face, long trousers rolled up so that the baggy knees were at his ankles, and, to complete the picture, a swallow-tail coat that had to be held to keep it from sweeping the floor. This ludicrous picture was too much for the court; but the judge, between his spasms of laughter, managed to ask the boy his reason for appearing in such garb.

With wondering look the lad fished in an inner pocket and hauled the summons from it, pointing out a sentence with solemn mien as he did so. "To appear in his father's suit," it read.

Serious floods are prevailing in Southern Germany.

BEAUTIFUL EYES

are made beautiful by long, silky lashes and well defined, lustrous brows. Eyes, like diamonds, depend on their setting. The beauties of the face are lost is the eye brows are thin and scanty, and the lashes are thing and scanty. Parisian Lash Lustre grows beautiful, soft, silky lashes. It has done so for society women throughout Europe, and it comes here well recommended to do the same for you. Parisian Lash Lustre is not a dye or colorator, but a scientific preparation for beautifying the eye lashes and brows. Our guarantee goes with every box of Parisian Lash Lustre. A two weeks' treatment will bring beauty to your eyes that you have never before possessed. By mail, prepaid, in opal boxes on receipt of price fifty cents. B. V. Marion, sole distributor. Bridgeburg, Ont.

A STRANGE COMPACT.

The Princes of Brunswick Agreed That Only One Should Marry.

The story of an extraordinary royal compact, made and faithfully kept, and its far-reaching effects upon posterity, may not be generally known.

The House of Brunswick possesses such well-founded claims to antiquity that it has engaged more than the ordinary share of attention by historians.

"An English subject," says Gibbon, "may be prompted by a just and liberal curiosity to investigate the origin of the House of Brunswick, which, after an alliance with the daughters of our Kings, has been called by the voice of a free people to the legal inheritance of the crown. From George I. and his father, the Elector of Hanover, we ascend a clear and regular series to the first Duke of Brunswick and Luneboung, who received his investiture from Frederick II. about the middle of the thirteenth century.

"But the genuine masculine descent of the Prince of Brunswick must be explored beyond the Alps—the venerable tree which has since overshadowed Germany and Britain was planted in the Italian soil. As far as our sight can reach, we discern the first founders of the race in the Marquess of Este of Liguria, and perhaps of Tuscany. In the eleventh century the primitive stem was divided into two branches. The elder emigrated to the banks of the Danube and the Elbe; the younger more humbly adhered to the neighborhood of the Adriatic. The Dukes of Brunswick and the Kings of Great Britain are the descendents of the first; the Dukes of Ferrara and Modena were the offsprings of the second."

William Duke of Brunswick and Luneboung, fourth son of Ernest, had fifteen children, seven of whom were sons, who were rendered more remarkable in history by their amity then they could well have been by an extended and exalted lineage. On the death of their father in 1598, these princes — whose names were Ernest, Christian, Augustus, Frederick, Magnus, George, and John—decided not to divide the paternal inheritance, to enable them to keep up the dignity of their house. They agreed that only one of their number should marry, and that the elder brother should have the sole Regency over the Luneboung estates, to be succeeded by the eldest survivor.

This remarkable compact was faithfully observed by the amiable brothers. As already determined upon, they drew lots to see who should marry, and the fortunate choice fell to George, the sixth brother, who formed an union with Anne Leonora, daughter of Louis, Landgrave of Hesse-Darmstadt, by whom he had five children.

George thus secured the government to his family, but he died in 1642 without enjoying the regency himself. By the Act of Settlement, familiar to most readers, a descendant of the above-mentioned George—son of the elector of Hanover—succeeded to the crown of England, in 1714, under the title of George I.

From that period till 1837 Hanover was governed by the Kings of England without forming a part of this kingdom. By the operation of the Salic law, when Queen Victoria came to the throne, the connection of the royal family with the continent was severed after continuing for one hundred and twenty-three years.

Few people are possibly aware that the King of England is heir in direct succession (the Catholic line excluded) to the British, Cambro-British, English, and Scottish Kings. Mr. Yorke, in his "Royal Tribes," traces the pedigree as far back as Cadwaldr, last King of the Britons.

Better make sure what the limit is before you determine unconditionally to attain it at a 1915 model gait.

Being independent is no doubt praiseworthy and altogether all right. Still it can be overdone.

Every time we get an idea into our heads that we are the unqualified "it" we lessen our chances of ever being so.

A good resolution is a good working plan, but it won't stand for any loafing on the job.

PARLIAMENT PRAYERS.

British Commons Has a Devotional Meeting Each Tuesday.

Ever since Stuart days the British Commons have had their own chaplain to open their daily proceedings with a simple and impressive service.

The prayers are read daily by the chaplain immediately after the Speaker enters the House; the Speaker himself giving the responses as he stands at the table. During the brief service the doors are closed, and no strangers or reporters are allowed to be present. Members of the Press Gallery are not allowed to take their seats during prayers.

In addition, however, to the daily religious service in the House of Commons, there is a meeting for prayer held weekly in one of the rooms of the House. An interesting account of this meeting has been written by Dr. Leach, M.P. for Colne Valley, who says: This weekly gathering is of long standing, and is open to all members every Tuesday at five o'clock. It is a very informal affair; there is no committee, no president, nor any chaplain. At the close of one meeting it is usual to ask someone present to take charge of the gathering on the following Tuesday.

Whoever presides reads a portion of the Scripture, which he himself selects. When the passage is read all present kneel down, and one or more engage in prayer as they may feel moved to do. Then the Lord's Prayer is usually said and the Benediction pronounced. A book is brought, and each member present signs his name before leaving the room.

The attendance is never large, sometimes half-a-dozen, at other times twenty or more. The attendance is affected by what may be on in the House at the time. Those who usually attend are of various denominations and different politics. At one meeting I saw three baronets, two Congregational ministers, a member of the House of Lords, and several laymen. No announcement of the meeting is ever made, and it may well be doubted if all the members of Parliament themselves know of the meeting. To leave the excitement of party strife which usually goes on in the House of Commons and spend twenty minutes in the calm quiet and peaceful atmosphere of this little prayer-meeting has a wonderful effect upon those who attend. The late Sir William Crossley, of Manchester, and the late Sir John Brigg, of Keighley, were among those one could usually meet at this five-o'clock gathering on Tuesday afternoon.

Contributions to the Roosevelt campaign fund since June 1, total $72,000, including $15,000 each from Frank Munsey and George W. Perkins.

Four hundred mutineers on the Russian fleet in the Black Sea have been arrested.

Jules Vedrines of France, was officially declared winner of the James Gordon Bennett aviation trophy, at Chicago yesterday. Only Frenchmen competed.

Coal Results

¶ We sell the very best quality of hard coal, as good as we know how to buy.

¶ Are you getting results from the coal you are now using? Are you sure it is good? Are you burning it the right way?

¶ There is a deal of difference in how you handle the range or furnace. Our long experience tells us that fact, and we are ready to advise any in doubt as to the best way to make use of coal as fuel.

WHILE every man, whether he works for others or for himself, should carry a **LIFE INSURANCE POLICY**. There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely [illegible] protection for his dependents—[illegible] saving a profitable business from [illegible] from serious loss. Every enterprising business [illegible]ally contracts obligations which he cannot [illegible] but which, if he retains his health and stre[illegible] to cancel in course of time. Sometimes, however, [illegible] prevents the payment of business debts that [illegible] by the outlook when they were incurred. To [illegible] payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be [illegible] the business saved, without [illegible] family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

LIFT LOCK

Small Craft Will be Locked Through at Six O'clock.

The regular steamer, which has been coming over the Lift Lock at 6 p.m., during the summer, has ceased running. Gasoline boat owners who have been depending on this boat for passage over the Lift Lock have no need to worry, however, as they will be able to be locked at 6 o'clock whether there is a big boat going over or not.

It has been the custom to lock gasoline boats at 9 a.m., and 2 p.m., but now it will be 9 a.m., 2 p.m., and 6 p.m.

ANNOUNCEMENT

The Ontario Coal Co. Limited wish to announce that they have removed their office to 181 Charlotte St., Greene Music Bldg, where orders will be taken for coal or wood, which will be given the same prompt and careful attention as heretofore. G. K. Rackham, Manager. Both Phones 116. 3d

OBITUARY

Thomas Walker

The death occurred at Campbellford of Thomas Walker, one of the oldest citizens of that place. He was 93 years of age.

He was born on Black Pots farm in the parish of Old Deer, Aberdeenshire Scotland, on March 9, 1820. In 1845 he came to Canada, and after a short stay in Seymour township he settled on a farm on the fifth concession of Rawdon, Hastings county, where he lived for between fifty and sixty years. Mr. Walker was, for many years, known as one of the most intelligent, progressive and successful farmers of the district.

WILL BUILD THE OMEMEE ARMORY

Fitzgerald & Padgett are Awarded the Contract.

Omemee, Sept. 12.—Capt. H. Fee has received word that the contract for the new armories has been awarded to Fitzgerald and Padgett, of Peterborough.

The new armory will be a very fine and expensive building and the citizens of Omemee are greatly pleased with Capt. Fee for using his influence to secure the same.

THE REVIEW'S NEW STORY

A Romance of the South Seas by Jack London.

ADVENTURE, a romance of the South Seas, by Jack London, is one that readers of the Review will find highly interesting, as it is given in serial form, commencing to-day.

Stories by that venturesome spirit, Jack London, take a hold on the reader from the first few paragraphs and a London story is never put aside indefinitely.

BREATHES FREE AIR ONCE MORE

Jim Jordon Pleaded Not Guilty to Charge of Non-support.

The mysterious individual who was audacious enough to pilfer a pair of shoes owned by Chief of Police Thompson, has at last been discovered. He is James Jordan, quondam British soldier, but this morning unfortunate to the extent of being arraigned in police court on a charge of failure to support his wife and family. But James said the charge was not true, pleading "not guilty."

Detective Newhall placed the kibosh on his plea, however, by an unsavory account of the man's history, since the time he first put foot in Peterborough. The officer testified to having known Jordan for eight years. A wife and eight children are dependent upon him for a livelihood. Testimony also showed that his house was miserable for want of furniture and fire in winter, and that he was the subject of charity. But whiskey is what gets Jimmy's goat every time, and wife and family must needs go humping for an existence, while he cheerfully drinks up all he earns.

Sometime ago, Chief Thompson temporarily deposited a nice pair of shiny shoes upon the ledge outside the city clerk's office. When he came back they were missing, and the mysterious disappearance was baffling. It was Jordan who hopped along and walked off with the shoes.

The prisoner has also been detected in begging, said Detective Newhall.

"A British soldier going around begging," exclaimed His Worship in horrified tones.

Jordan was allowed out on suspended sentence and has a chance yet to vindicate himself.

AUTUMN BRIDES

A quiet wedding took place in St. Luke's church yesterday afternoon, when Mr. Samuel Whittaker, and Miss Clare Mitchell, were united in marriage by the Rev. F. J. Sawers. The happy couple left for a trip to Victoria Harbor and other points after which they will reside in Peterborough.

EATON—ELLIOTT.

The marriage of Miss Laura M. Elliott, only daughter of Mr. James Elliott, Lambton Mills, Ont., and Mr. Gerald Eaton, of West Toronto branch of the Bank of British North America, eldest son of Mr. and Mrs. L. Eaton, Peterborough, Ont., was quietly celebrated on the 7th inst., in the Dovercourt Road Presbyterian church, Toronto, by the Rev. Mr. Wilson. The bride and groom left in the evening for a short honeymoon, and later will reside in Lambton.

IMPORTANT TO LADIE'S

Prof. Dorenwend, of Toronto, begs to announce that he will be at the Oriental Hotel on Friday and Saturday, September 13th and 14th, with a complete display of the newest London, Paris and New York creations in hair goods. You are invited to call and inspect his goods. 2d

SAVED BY COURAGE.

An Exciting Adventure With a Grim Maori Chieftain.

Mr. Becke, the author of "Notes From My South Sea Log," tells of his tutor, who seemed to him the most heroic man in the world because he had been through the first Maori war and because of an adventure which there befell him and which is given as follows:

Poor Guy—such was the tutor's name—was a lieutenant, and he and two companions were captured by the Maoris. They were taken inside the stockade, and the chief, taking up one of the captured seamen's cutlasses, felt its edge and then fixed his keen eyes on the young officer's face.

"I shall not harm these two men of yours," he said slowly. "They shall go safely back to your lines if"—He paused, and a grim smile distorted his tattooed face.

"If what?" asked Guy calmly.

"If you will stretch out your right hand so that I may cut it off at the wrist swiftly no further harm shall come to you, and you, too, shall go free."

"Will you keep your word?"

"Aye. I, Te Atua Wera, am no liar."

Guy nodded, quietly took off his coat and held out his left hand.

"Strike," he said.

The chief again smiled. "Thou art as cunning as thou art brave. I said the right hand."

Guy let fall his left and extended his right arm. Te Atua Wera stepped back a pace, raised the cutlass—and struck the point of it into the ground. Then he bent forward and gravely rubbed noses with Guy.

"Go," he said, "but come back no more." So Guy and the two sailors were allowed to return to Despard's lines unharmed.

No Hardship In Arctic.

Tacoma, Wash., Sept. 12.—Stefansson, after five years in the Arctic, started last night for New York to compile his scientific data, after which he will return to the Arctic region via the Edmonton trail and Mackenzie river. He planned to devote twenty years to Arctic exploration, and has still fifteen years work ahead.

Every attempt to lead Stefansson into talking of the hardships of the Arctic region has brought forth this answer: "There are no hardships."

PERSONAL

Messrs. Art. Hicks and H. Innis are spending a week in Toronto.

Mr. W. T. Belleghem returned to-day from a few days trip to Buffalo.

Miss Stella Morrow, of 469 Water street, returned yesterday from a visit to Montreal.

Mr. and Mrs. Ed. Reid, of 344 Aylmer street, returned yesterday from a visit to Montreal.

Miss May Henry, Homewood Ave., has returned from a two week's visit with friends in Toronto.

Mrs. Greer, who has been visiting Mr. and Mrs. J. P. Lindsay, George street, returned home yesterday to her home in Harristown.

Miss Cora Druce, graduate Butterworth Hospital, Grand Rapids, Mich., is in town the guest of Mrs. Wallace Patten, Stewart street.

Mrs. George Blatchford, of Owen Sound has returned home after spending two weeks with her sister, Mrs. T. A. Rehill, George street.

OSHAWA MAN CHARGED WITH MURDERING HIS WIFE

He is Implicated by Coroner's Jury—Did He Try to Secure Her Property.

Oshawa, Sept. 13.—John Bateman, aged 77 years, will be tried for the murder of his wife, whom he married eight years ago through a newspaper advertisement.

After an inquest conducted all day by Coroner Hoig in Temperance Hall, at Cedarvale, a little village just outside the borders of the town, the jury at 11 o'clock last night returned a verdict to the effect that Sarah Allerton Bateman had died on Sept. 5 as the result of injuries inflicted by her husband.

A dozen witnesses related details in connection with the crime and stories on oath went to show that domestic infelicity had existed in the Bateman household and that for years they had squabbled over money matters. Bateman had endeavored repeatedly to induce his wife to turn over her property, worth about $2,500, to him, but she had steadfastly refused.

The murdered woman was fond of cats, and Bateman's affections didn't run in this direction, with consequent quarrels, and Bateman, although he does not look the part, was said to have a hot temper, one that was difficult to curb.

Two years ago the aged prisoner signed an agreement, or separation, the stipulation being that if he ever returned to his wife's home he would be considered a trespasser and subject to arrest, but the old man returned within a year. As a climax to this drama, a week ago, just as the villagers were stirring from their homes, a cry was raised that the Bateman home was afire, investigation bringing to light that Mrs. Bateman had been struck several times on the head with an axe and her skull broken in several places. She was found dying on the floor of her bedroom in her night apparel by neighbors. Coal oil had been soaked in the mattress, which was in flames. The husband was accused of murder, but he merely placed his hands in his pockets and sauntered down the road. He displayed no concern whatever, according to witnesses, even during the moments after the discovery of his wife's remains.

When the inquest was under way, with direct accusations against him being made by witnesses, he sat with his chin on his chest and evinced little or no interest. Even when the skull of the woman was placed on the table before him with the gaping holes he never winced.

On one occasion when a witness declared that he tried to get his wife's money he hissed, "You lie, you lie."

ROUGH WEATHER ON THE ATLANTIC

Special To The Review.

Montreal, Que., Sept. 13.—Incoming liners report that weather on the Atlantic during the past ten days has been the roughest since November of last year. High seas, fog, rain and cold have been met with.

Roman Catholic Congress.

Vienna, Sept. 13.—The 23rd international Eucharistic Conference is likely to establish a record in the number of strangers in attendance, 80,000 tickets having been sold to foreigners as compared with 13,000 at the Montreal congress. It is estimated that not less than 120,000 visitors are here and the hotels are so crowded that titled visitors are glad to obtain sleeping quarters in the hotel bathrooms.

The French representatives complain that the central committee failed to invite them to speak at the opening meeting. It seems that the committee was disappointed at the small number of French delegates and considered that they were not entitled to have a speaker. It is reported that Cardinal Amette, Archbishop of Paris, has made a written protest and that the controversy is likely to be carried before the Vatican.

HIS BALLOON CAUGHT FIRE

Toledo, Ohio, Sept. 13.—Hundreds of terrorized spectators on the County Fair grounds yesterday breathlessly watched the desperate fight against death made by Frank Armstrong, an aeronaut, when he was carried 2,000 feet into the air by a blazing balloon.

Armstrong, whose home is in Celina, Ohio, was preparing to make an ascension, and was straightening out his parachute rigging when the balloon caught fire and his startled helpers let go. Fighting like mad to release he parachute, the aeronaut was carried up in a tangle of ropes.

He succeeded in cutting loose a moment before the flames reached the parachute and the blazing balloon collapsed. Armstrong made a successful drop, landing inside the race track.

MISS EVA BOOTH IN NEW YORK

Service in London Was an Inspiration to Her.

New York, Sept. 13.—Evangeline Booth, commander of the Salvation Army in America, was a passenger on the steamer Majestic, arriving yesterday. Discussing the funeral of her father, the late General Wm. Booth, Miss Booth declared that the service in London had been for her an inspiration, which she hoped would make her an abler teacher in the work founded by him.

Barnardo Secretary Coming.

London, Sept. 13.—(C.A.P. Cable.)—Rev. W. J. Mayers, senior secretary of the Barnardo Home, sails for Canada on the 19th on board the Sicilian in charge of an emigrant party of 200 girls and boys. The principal object of Mr. Mayers' visit is to advocate the claims of the institution for Canadian support, which hitherto has been very little. Mr. Mayers brings influential personal introductions from the Bishop of Durham, Lord Strathcona, Rev. Dr. Clifford and others.

UNIVERSITIES WILL NOW GIVE DEGREE IN AGRICULTURE

New Course at Toronto, McMaster, Queen's or O.A.C. Provided For.

Toronto, Sept. 13.—In an effort to raise the standard of agricultural pursuits, the Provincial Government has effected an important change by providing new combined courses in agriculture and science at Toronto, Queen's and McMaster Universities. These will be provided next session and will necessitate two years' study at any one of the three mentioned seats of learning, and two years at the O.A.C., and upon graduation the student obtains the degree of B. Sc. Agr.

Sir James Whitney states that though the present system has been successfully operated for the past few years, there is every need for a radical change on account of the pressure of appointments as Government representatives, its appointees have not been able to give sufficient time to their classes conducted in continuation schools and collegiate institutes which the importance of the subject necessitates. It is with a view to securing for agriculture its proper share of education that the new courses have been originated, which will qualify the successful graduates to hold positions as regular members of school staffs exclusively.

The statement proceeds:

"Five years ago the departments of education and agriculture jointly adopted for the counties a scheme of agriculture education, under which graduates of the Ontaria Agricultural College are appointed to assist and direct farmers, and to teach agriculture in the high and continuation schools, and the collegiate institutes. In discharging the former duty, as representatives of the Department of Agriculture, the appointees have been eminently successful, but they are usually unable to discharge satisfactorily their duties as teachers in the secondary schools, partly owing to the pressure and importance of their duties as representatives and partly to the difficulties connected with arranging for their classes in the timetable of the schools. Experience has, accordingly, shown that in order to secure for the subject of agriculture its due share of education, the teacher must be a regular member of the school staff. For some years, however, not all the time of such teacher would be taken up with classes in agriculture, and, accordingly, at the request of the Minister of Education, the Universities of Toronto, Queen's and McMaster have established the new degree of Bachelor of Science in Agriculture (B.Sc.Agr.) the courses for which cover four years, the first two being taken at the universities, and the last two at the Ontario Agricultural College, Guelph. These courses provide a good, general education, as well as a special knowledge of both science and agriculture. The foregoing courses will be provided next session at the universities and the college, and students in attendance at the university who have already completed the two years' course prescribed, may enter the college as soon as it opens in October. After a year's professional training at either of the faculties of education, the holder of the new degree B.Sc. Agr., will be granted a specialist's certificate in both science and agriculture, which will qualify him to teach both science and agriculture in a high or continuation school or a collegiate institute.

Under the new scheme the county representative will continue to discharge his duties as such and will, in addition, conduct, under the school board concerned, classes for farmers and farmers' sons throughout the country, while the holder of the new specialist's certificate will teach agriculture in the secondary schools, and, if need be, the science and some of the classes of the general program.

LIFE PRESERVER OF THE TITANIC

Special To The Review.

Middleboro, Mass., Sept. 13.—A life preserver from the illfated steamer, Titanic, came ashore at Cuttyhunk, near here, yesterday, after being five months in the water, since the sinking of the liner.

SCENE AS SPEEDY BRITISH BOAT CROSSED LINE A WINNER IN INTERNATIONAL RACE.

THE MAPLE LEAF IV WINNING.

THE ANKLE DEEP (THIRD)—THE MONA (SECOND) EXCHANGING GREETINGS AFTER THE RACE.

Maple Leaf IV., one of the two British challengers, won the second race of the series for the Harmsworth international boat trophy on Huntington Bay, Long Island.

This gives America one race and England one and will necessitate another contest to determine the series.

LABOR OFFICERS CHOSEN

Guelph, Sept. 13.—Election of officers and the selection of next year's place of meeting was the business at yesterday afternoon's session of the Dominion Trades and Labor Congress. There was no night session, the evening being given up to a splendid banquet tendered by the local council to the visiting delegates.

President Walters had no opposition for re-election, Samuel Glockling of Toronto declining nomination. The other officers elected were: Vice-President, Fred. W. Bancroft, Toronto; secretary-treasurer, P. M. Draper. Executive committee: Nova Scotia, J. Brooks, Halifax; W. N. Goodwin, Truro, N.S.; E. V. Fisher, Inverness, New Brunswick; H. Campbell, St. John; P. D. Ayer, Moncton; L. McKellar, Moncton, N.B. Quebec: T. Bertrand, Ojette, Brunette, Montreal. Ontario: W. R. Parker, Guelph; Joe Marks, London; T. Moore, Niagara Falls. Manitoba: H. Irwin, Portage la Prairie; H. Taylor, Brandon; H. Strange, Winnipeg. Saskatchewan: E. Chicken, Saskatoon; J. Somerville, Moose Jaw; G. H. Merlin, Regina. Fraternal delegate to the Federation of Labor, John Bruce, Toronto. Fraternal delegate to British Trades Union Congress, P. M. Draper, Ottawa.

Vice-presidents—Nova Scotia, John J. Foy, Halifax; New Brunswick, J. L. Shugrue; Quebec, J. B. Foster; Ontario, Jos. Gibbons, Toronto; Prince Edward Island is left to executive of P.E.I.; Manitoba, R. A. Rigg, Winnipeg; Saskatchewan, McAllister, Moose Jaw; Alberta and B. C. each have a federation.

Montreal secured the meeting of the congress for next year, beating out St. John, N.B., by the close vote of 98 to 96.

NO FALL SESSION FOR PARLIAMENT

Ottawa, Sept. 13.—The Cabinet held another short session yesterday afternoon, but only routine departmental business was taken up.

The impression that the house will not meet until after the Christmas holidays is heightened by the announcement that Hon George E. Foster, Minister of Trade and Commerce, will leave on Sept. 27 for London to attend a meeting of the Imperial Trade Commission. It is believed that were it the intention to meet Parliament in November Mr. Foster would cancel the engagement in England.

Hon. Mr. Foster For England.

Ottawa, Sept. 13.—Hon. Geo. E. Foster, Minister of Trade and Commerce, will sail for England on Sept. 27 to attend the sessions of the Imperial Trade Commission. He will not be back to Canada until December. The commission goes to Australia in February or March and Mr. Foster will join them there.

TURNED HOSE ON ALDERMAN

Nurses Want Written Apology For Charges Made.

Prince Albert, Sask., Sept. 13.—At a meeting held Wednesday night of the board of directors of the Victoria Hospital to consider charges made against the management, the nurses held up Ald. T. E. Baker at the point of a garden hose and demanded a written apology for charges reflecting on them. He was drenched with water.

Harvesting Progressing.

Winnipeg, Sept. 13.—Western Canada's crops are in good shape. From reports in districts covering the length and breadth of the land, there is a showing that wheat cutting will be generally completed by the end of the week and that at least 75 per cent. of the oats and barley will also be in the sheaf. Progress is also being made with flax.

IMPOSING CEREMONIES BEGIN AT THE JAPANESE CAPITAL.

Subjects of the Late Mikado Assemble From All Parts of the Kingdom.

Tokia, Sept. 13.—The funeral ceremonies of the late Emperor Mutsuhito of Japan, posthumously known as the the "Emperor of the Era of Enlightenment," began to-day amid surroundings in which century-old rites and costumes were mingled with modern military display. From the most extreme points of Japan, subjects have been assembling in Tokio. At midnight great crowds had gathered along the route of the procession. The weather was fair. A police cordon was established, shutting off the streets through which the body of the Emperor will be transported. A reservation was provided for 1,000 foreigners, both resident and visitors, at the request of Baron Yoshiro Sakatani, the mayor. Soon after midnight officials proceeded to the palace in preparation for the early ceremony.

Official representatives of every country had come to Tokio to participate in the solemnities. Among them were several princes representing reigning houses and special embassies commissioned to convey the condolences of republican presidents.

From an early hour in the morning the palace in its great private park in the heart of the capital, was the goal to which virtually everybody in Tokio made his way on foot. The late Emperor only occasionally during his life left the moated enclosure where his body has lain in state since Aug. 13. Since that date, on each tenth day solemn memorial services and sacrifices to the spirit of the departed ruler were performed.

The casket containing the body lay in state in the main hall. It has been decorated according to Shinto rites by a special corps of ritualists appointed for the obsequies. The casket was of enormous dimensions, measuring nearly ten feet by five, and weighing one and a half tons.

After a short wait during which the functionaries formed a procession, Emperor Yoshihito arrived. He was in the full uniform of commander-in-chief, with black crepe arm band and sword knot. He was attended by Count Watanabe, Minister of the Imperial Household, who were followed by court chamberlains carrying the imperial sword and seal. After them came Prince Katsura, the Lord Chamberlain, with Gen. Nakamura, the chief aide-de-camp.

The Empress then entered in native court dress made of hempcloth, her unbound hair falling on her shoulders. Her upper garment was of dark brown and her skirt of dull orange. The court ladies and maids of honor, as well as the princesses of the blood, were also thus attired.

The dowager empress' procession was of a similar character. She was in native costume and was preceded by the chief steward and followed by her ladies of honor. Prince Kan-In wore the uniform of a general with an ancient robe of black hemp. He carried a sword and staff.

BULGARIANS AND TURKS FIGHTING

Battle Was in Progress During The Whole Day.

Special to The Review.

London, Sept. 13.—A despatch to the Times says that five thousand Bulgarians engaged in battle with the Turks on the frontier yesterday, and fighting continued all day. The powers advised Bulgaria to exercise moderation as in the event of war neither nation would be allowed to retain territorial acquisitions.

Killed by Jiu Jitsu.

New York, Sept. 13.—Burton W. Gibson, the lawyer, whose client, Rosa Menschik Szabo, lost her life, supposedly from drowning, while boating with him on Greenwood Lake, N.Y., on July 16, was taken into custody yesterday charged with murder. He issued a statement asserting his innocence and declaring there had been no struggle.

The warrant was based on evidence given before Judge Royce by Dr. Shultz, coroner's physician, that there were tricks of jiu jitsu whereby Mrs. Szabo could have suffered a sharp blow in the throat which so affected the nerve as to close her air passage, thereby making it impossible to breathe. There was no water in her lungs. He demonstrated to the judge to prove this.

CHAMBERLAIN IS SINKING

Remains in Bed Mentally and Physically Helpless.

Special to The Review.

New York, Sept. 13.—A cable to the World from London says: After years of almost complete paralysis, Joseph Chamberlain, whose mind has remained alert until now, is sinking fast and the end may come any day. During the last five weeks he has ceased to take any interest in political events, lying in bed mentally and physically helpless.

DEFECTIVE WIRE CAUSED FIRE

Special to the Review.

Goderich, Sept. 13.—An electric light wire is blamed for the fire this morning which did great damage to the stock and building of Hodgins Bros.' drygoods store here, the finest in the county. The forty-five thousand dollar stock was ruined by fire and water.

MRS. JOHNSON DEAD.

Champion Pugilist's Wife Had Tried Suicide Twice Before.

Chicago, Sept. 13.—Mrs. Jack Johnson, wife of the world's champion heavyweight pugilist, who shot herself through the head Wednesday, died at 3.30 yesterday morning. She did not regain consciousness. Her husband and seven other persons, mainly relatives of the negro pugilist, were at her bedside in the hospital when she died. A Roman Catholic priest administered extreme unction.

Mrs. Johnson killed herself, after wrecking her health in caring for her husband, who was a victim of nervous prostration and had been afflicted with suicidal mania for a year on account of injuries and exertion during his fight with Jeffries. This was the testimony of Johnson at the inquest here yesterday over the body of Mrs. Johnson, who shot herself in her apartment over the champion's saloon.

Johnson said that the nature and extent of his sufferings after the championship fight had been kept secret by his wife and himself.

"I am still suffering from the effects of that fight to some extent," he said.

Johnson gave his testimony in tears. He declared that his wife's efforts to keep him from committing suicide were what broke down her own health.

Mrs. Johnson called her two colored maids into her bedroom and told them she wanted them to join her in prayer. With an arm about each of them, Mrs. Johnson knelt at the bedside. The maids followed her example and the three prayed together for several minutes.

As they arose, Mrs. Johnson, pressing her hands to her face, said: "God pity a poor woman who is lonely."

She sent each of the maids into other rooms on errands and before either had time to return a shot was fired. They found her on the floor fatally wounded.

HOME RULE IS DOOMED THEY SAY

London, Sept. 13.—The Unionist press is jubilant over the capture of Gladstone's old seat for Midlothian as a knockdown blow to the Government. The Liberal morning papers demand that Premier Asuith insert in the next electoral reform bill a clause which either by provision for an alternative vote or for a second ballot will prevent a constituency from becoming represented by a minority vote.

New York, Sept. 13.—A cable to The Tribune from London says: The Midlothian election is regarded as more significant even than the Northwest Manchester election, and sounds the doom of the Government, and the death knell to home rule.

Cautious About Investments.

London, Sept. 13.—(C.A.P. Cable.)—"While we don't anticipate any serious setback in the near future, there are reasons, nevertheless, for practicing caution," says The Daily News, commenting on Canadian returns published yesterday. "Speculation in land has reached a dangerous point, and in the midst of this rush of prosperity it is well to remember the grave evils developing which will furnish many difficulties when the country has been further exploited and the trust system has gripped the country to an alarming extent. The railways possess a power which dominates the state, and labor is very disorganized politically." It concludes that Canada is far behind in its material development.

Women Police In Edmonton.

Edmonton, Alta., Sept. 13.—The city commissioners have considered favorably the application of women for the position of policemen on account of the difficulty of securing men.

Douma Is Dissolved.

St. Petersburg, Sept. 13—The Douma has been dissolved. Elections will begin Sept. 23, and the new Douma will be opened Oct. 28.

RAIN FALLS IN THE WEST

Special To The Review.

Winnipeg, Man., Sept. 13.—Rain is falling over the west, generally to-day, and threshing is at a standstill. Frost is predicted for to-night and serious apprehension exists over the prairie provinces.

Looking For a Way.

Toronto, Sept. 13.—An appeal of Methodist, Presbyterian and Congregational Churches in eastern and western Canada for some official way to bring about union immediately, brought together yesterday in Toronto a special committee of all three denominations. The gathering, which was most representative of all the churches interested, was held in the Methodist Mission Rooms. The Presbyterian General Assembly, the Congregational Union and the Methodist General Conference Special Committee sent many of their leading clergymen to meet and discuss full and take action regarded as a very definite step along the lines of organic union of the three churches.

TO JOIN THE REVOLT

Other Separate School Boards Follow Ottawa's Example.

Tilbury, Sept. 13.—It is believed now that the local separate school board will follow the example of the Ottawa board in putting up a fight against bilingual regulations of the Whitney Government. Expectation also is that numerous French schools in Essex and Kent counties will do likewise and to insist that French as well as English be taught in the schools.

A striking feature of the tenacity of the French for their language is the fact that 166 young men from Essex and Kent are now attending Quebec colleges and seminaries to complete their education in French.

No Action In Cornwall.

Cornwall, Ont., Sept. 13.—The Cornwall Separate School Board will take no action in connection with the decision in Ottawa to defy Premier Whitney relative to the teaching of French in the separate schools.

Interviews with a number of prominent French-Canadians here showed their unanimous approval of the action of the Ottawa board.

Will Abide by Law.

Windsor, Ont., Sept. 13.—In conversation yesterday afternoon, Gaspard Pachaud, chairman of the local separate school board, stated that he did not approve of any such action as Ottawa proposed. "When the law exists on the statutes, we will certainly abide by it," said Mr. Pacaud, who further states that the local separate school board will take no such action if he can prevent it.

Bishop Carpenter Coming.

London, Sept. 13.—Bishop Boyd Carpenter, with Mrs. and Miss Boyd Carpenter, are sailing for Canada. The main purpose of the bishop's visit is in connection with the amalgamation of several theological colleges affiliated to McGill University. "It will, no doubt, be a great advantage over the present separate system of several denominations in respect to their theological colleges," declares the bishop. If circumstances permit he will take the opportunity of extending his tour to the Pacific coast.

UNITED STATES SENDS WARSHIPS AS PROTECTION

Special to the Review.

Washington, Sept. 13.—A revolution having broken out in Santo Domingo, which threatens foreign interests, the United States will at once despatch warships to the island.

Haultain For the Bench?

Ottawa, Sept. 13.—Hon. F. W. Haultain, Opposition leader in Saskatchewan, is considered here as a likely successor to Chief Justice Welmore of Regina, who has been connected with the judiciary in Saskatchewan and the Territories since his arrival in the west from New Brunswick in 1887. He has expressed his desire to retire from the bench.

Woodcutters For New Ontario.

London, Sept. 13.—(C.A.P. Ctble.)—A party of some sixty woodcutters sail on the Virginian to-day for Cochrane, New Ontario. The men are described as an ideal set of men, experienced cutters, who should prove a real acquisition to the Dominion.

Three Men Killed.

Halifax, Sept. 13.—James Hiscock, D. Young and P. Dougan (colored) were instantly killed and four others seriously injured at the Woodside Sugar Refinery, Dartmouth, yesterday by the breaking of a derrick boom with a cargo of 800 pounds.

The derrick has been used here before to carry six tons and was thought to be in perfect condition. The men were all at work on the wall of the refinery building, which is being erected to replace the one destroyed by fire some months ago.

Zapatistas Executed.

Toluca, Mexico, Sept. 13.—Twenty-two Zapatistas who were captured on Wednesday in a battle with federal troops near San Mateo, state of Mexico, were executed yesterday under the terms of the proclamation suspending constitutional guarantees.

John Gill, a British mining man, was rescued from a band of Zapatistas and brought to Toluca by Lieut. Lisbano, who returned yesterday from an expedition into the rebel country. After having robbed Gill of 1,000 pesos and his clothing, the rebels carried him away.

DOUBLE RAILWAY TRAGEDY FOLLOWED BY SUICIDE

Young Wife Took Her Life when Husband's Body Was Brought to the Home After Level Crossing Accident

Special to The Review.

Trois Pistoles, Que., Sept. 13.—Alfred Gagnon and Arsene Oiellette were killed on the Intercolonial railway to-day, and the wife of Ouelette committed suicide when the body of her husband was taken home. The men were out driving and the rig was struck on a level crossing. Both bodies were terribly mutilated and the horse was also killed. When Ouellette's body was taken home his wife looked at it, and then rushing shrieking into a back room, stabbed herself in the throat with a table knife, dying almost immediately. Ouellette had only been married a short time.

ROSEDALE

My Western season sold which being nearly all sold, I now want to sell Rosedale on time and I am prepared to give a bargain in prices and terms that cannot fail to make an **active poor man rich** or a **rich man very much richer**. I will give Peterboro Real Estate Brokers and Speculators until 17 h inst to decide before offering to outsiders. A wise man will act at once, because nature made Rosedale's destiny for a High Class Residential District superior to all others. Call for particulars, then see what I am offering and you will be very glad to buy.

2 Gardens with buildings to rent and rent may be paid monthly if desired.

T. HURLEY
Corner Stewart and Hunter-ts.

The Daily Review.

FRIDAY, SEPT. 13, 1912.

THE LABOR UNREST

In the report of the executive of the Dominion Trades and Labor Congress meeting at Guelph, there occurs this statement:

"It is not too much to say that the economic pressure in Canada is becoming so severe as to inevitably increase the solidarity of the workers on the industrial field and force them into a direct struggle upon political lines with the private interests of this country."

The executive expresses its opinion that the present social system is doomed to very severe changes in the near future. We do not anticipate that there will be any revolution in Canada in the next decade or two, but there are signs on the labor horizon that seem to indicate a growth of labor unrest. A few days ago Hon. T. W. Crothers, Minister of Labor, stated at St. Thomas, that he knew personally of many cases where workmen received wages from millionaires that were insufficient for reasonably decent living. He thought that the problem of labor unrest was much more serious than it seemed at first glance, and stated that of the 104 disputes settled by conciliation boards under the Lemieux Act, in only one was there found to be no basis for the workmen's grievance.

The attitude assumed by Hon. Mr Crothers, in reference to the labor question, was more or less illustrated by his address to the Trades and Labor Congress. He said that he did not care how many millionaires heard him, but he was going to say that the workmen in Canada frequently suffered great injustices. We confess that we are not at all sympathetic with any attempt to curry cheap favor with the Trades and Labor Congress by shedding crocodile tears over the plight of the workers. Their condition in some cases in the larger cities is undoubtedly hard. The sweat-shop system has been applied with a view to cutting down their wages to a minimum. But where is the remedy? The labor men condemned the Lemieux Act, which is supposed to enforce arbitration, on the ground that they have perfect freedom to strike. The law long ago recognised that a body of men is entitled to do that which an individual could do without offence to the law, that is to arrange as a body to sell their labor. But against this attitude, must be considered whether the inconvenience and trouble, the loss and the suffering that are the result of strikes, should not be calculated into the estimate. If the workmen have just grievances, surely impartial arbitrators ought to give them fair justice. The denial of the right to strike frequently means the denial of the right to wage a battle when the conditions do not really warrant it. Militant labor frequently seeks more than it gives. The demand for a minimum wage has been opposed on the ground that it takes no account whatever, of the equivalent service to be rendered by the individual. Woodrow Wilson, the Democratic candidate in the United States, recently said, regarding the minimum wage:

You know what the usual standard of the employe is in our day. It is to give as little as he may for his wages. Labor is standardized by the trades union, and this is the standard to which it is made to conform. No one is suffered to do more than the average workman can do. In some trades and handicrafts no one is suffered to do more than the least skillful of his fellows can do within the hours alotted to a day's labor and no one may work out of hours at all or volunteer anything beyond the minimum. I need not point out how economically disastrous such a regulation of labor is. It is so unprofitable to the employer that in some trades it will presently not be worth his while to attempt anything at all. He had better stop altogether than operate at an inevitable and invariable loss. The labor of America is rapidly becoming unprofitable under its present regulation by those who have determined to reduce it to a minimum. Our economic supremacy may be lost because the country grows more and more full of unprofitable servants.

This is not good politics, but it gives a view as far apart from the Crothers attitude as the North Pole is from the South. The labor problem is the biggest one facing the world to-day, and there is no doubt that we are being carried in the direction of the Socialistic whirlpool. But a fair and honest stand by both employers and workmen, in trying to settle their differences would help much in the solution of their troubles.

Much has been said as to a standard of living. Who is to fix this standard? Who is to determine? Is business to be carried on with the primal idea that its future is only a means of affording employment? If so who shall be employed? The whole matter is unsettling.

SANOL

A German Specialist's Discovery
will positively cure
Kidney Trouble
GALL STONES, KIDNEY STONES, GRAVEL AND ALL AILMENTS OF URIC ACID ORIGIN.
The only positive cure for Gravel
SANOL EXPELS URIC ACID
NEVER FAILS TO CURE

This German Remedy is prepared from herbs and herb extracts, contains no poisonous ingredients whatever.

Sufferers will receive free information on request from the Sanol Manufacturing Co., Winnipeg, Man.

Price $1 50 per bottle in liquid from Druggists
McDermid & Jury

THE POLITICAL OUTLOOK

The political outlook in Canada at present is peculiarly interesting. The Borden government will have to introduce a redistribution bill either next session of Parliament, or the one next following. That means, even if there is no referendum on the navy question, that there will be an election within about two years. The naval policy is likely to be one that will suit Ontario and the west in its imperialistic basis, but whether it can be used as a weapon to reduce the Conservative representation in Quebec is something that cannot yet be foreseen. With the policy of the Borden government distinctly opposed to reciprocity in natural products, it may be doubted whether much headway can be made on the prairie, even with the aid of a strongly imperialistic attitude in the navy business. The Liberal party evidently intends to hang up its shingle on the reciprocity door, and in the west at least that issue will be the deciding one, unless it should happen that the United States Congress repeals its Act, or the Democrats win next November and reduces or wipes out the American duties on natural products without compensatory concessions.

This means that while British Columbia Manitoba and Ontario will probably remain strongly Conservative Quebec, Alberta and Saskatchewan will be the battle ground. The three Maritime provinces will probably incline more toward the Conservatives, if the reciprocity business is again the main issue. The Borden government is in for a hard session, with a lot of important legislation, and it will within the next year largely make or mar its chances of being continued in office with as strong a majority behind it as at present.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

DATES OF FALL FAIRS

The Central Fairs Association arranged the following schedule of dates of the fall fairs:

Lindsay, Sept. 19, 20, 21.
Port Hope, Sept. 24, 25.
Marmora, Sept. 16, 17.
Napanee, Sept. 17, 18.
North Victoria, Victoria Road, Sept. 17, 18.
Cobourg, Sept. 18, 19.
Frankfort, Sept. 19, 20.
Madoc, Sept. 23, 24.
Mariposa, Sept. 23, 24.
Campbellford, Sept. 24, 25.
Bobcaygeon, Sept. 24, 25.
Picton, Sept. 25, 26.
Roseneath, Sept. 26, 27.
Castleton, Sept. 27, 28.
Colborne, Oct. 1, 2.
Tweed, Oct. 2, 3.
Millbrook, Oct. 3, 4.
Warkworth, Oct. 3, 4.
Ameliasburg, Oct. 4, 6.

VANKLEEK HILL, Sept. 12.—There were [illegible] boxes of cheese boarded here today. There were [illegible] boxes sold for 13 [illegible]; balance unsold. There were five buyers present.

CROP NEWS FROM WASKADA

Mr. A. W. Achison Tells of Conditions in the West.

Mr. Archibald Cohison, writing to the Review from Waskada, Man., says:

Threshing starts here to-morrow, if weather keeps good. Wheat cutting is about finished, while 75 per cent of the barley is cut. Very little flax cut as yet. No damage has been done by the rain here. We have had no frost, but are very short of harvest help, and could stand a hundred and fifty men around here. It is only a village of a hundred population. Harvesting is in full swing all over the west, but the shortage of help is going to cause a great loss but if the weather remains favorable it will not be so bad. Wages are very high.

WHILE every man, whether he works for others or for himself, should carry a **LIFE INSURANCE POLICY.** There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

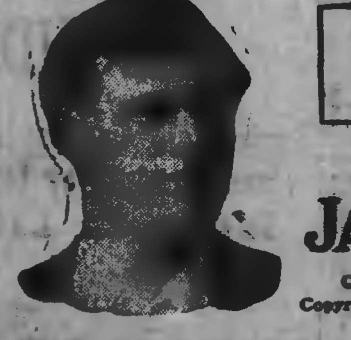
Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

159 Hunter St. **W. H. HILL,**

D. H. MOORE, Inspector. **Manager, Central Ont.**

Adventure



A Romance of The South Seas

BY

JACK LONDON

"Sing out no good little bit," the white man went on, more gently. "You no sing out. You chase um fella fly. Too much strong fella fly. You catch water, washee brother belong you, washee plenty too much, bime bye brother belong you all right.

"Jump!" he shouted fiercely at the end, his will penetrating the low intelligence of the black with dynamic force that made him jump to the task of brushing the loathsome swarms of flies away.

Again he rode out into the reeking heat. He clutched the black's neck tightly and drew a long breath; but the dead air seemed to shrivel his lungs, and he dropped his head and dozed till the house was reached. Every effort of will was torture, yet he was called upon continually to make efforts of will. He gave the black he had ridden a nip of trade gin. Viaburi, the house boy, brought him corrosive sublimate and water, and he took a thorough antiseptic wash. He dosed himself with chlorodyne, took his own pulse, smoked a thermometer, and lay back on the couch with a suppressed groan. It was mid-afternoon, and he had completed his third round that day. He called the house boy.

"Take um big fella look along Jessie," he commanded.

The boy carried the long telescope out on the veranda and searched the sea.

"One fella schooner long way little bit," he announced. "One fella Jessie."

The white man gave a little gasp of delight.

"You make um Jessie, five sticks [illegible] along you," he said.

There was silence for a time, during which he waited with eager impatience.

"Maybe Jessie, maybe other fella schooner," came the faltering admission.

The man wormed to the edge of the couch and slipped off to the floor on his knees. By means of a chair he drew himself to his feet. Still clinging to the chair, supporting most of his weight on it, he shoved it to the door and out upon the veranda. The sweat from the exertion streamed down his face and showed through the undershirt across his shoulders. He managed to get into the chair, where he panted in a state of collapse. In a few minutes he roused himself. The boy held the end of the telescope against one of the veranda scantlings, while the man gazed through it at the sea. At last he picked up the white sails of the schooner and studied them.

"No Jessie," he said very quietly. "That's the Malakula."

He changed his seat for a steamer reclining chair. Three hundred feet away the sea broke in a small surf upon the beach. To the left he could see the white line of breakers that marked the bar of the Balesuna river and, beyond, the rugged outline of Savo island. Directly before him, across the twelve mile channel, lay Florida island, and, farther to the right, dim in the distance, he could make out portions of Malaita, the savage island, the abode of murder and robbery, and man eating, the place from which his own two hundred plantation hands had been recruited. Between him and the beach was the cane grass fence of the compound. The gate was ajar, and he sent the house boy to close it. Within the fence grew a number of lofty cocoanut palms. On either side the path that led to the gate stood two tall flagstaffs, like ships' masts, with topmasts spliced on in true nautical fashion, with shrouds, ratlines, gaffs and flag halyards. From the gaff of one two gay flags hung limply, one a checker board of blue and white squares, the other a white pennant centred with a red disk. It was the international code signal of distress.

The man ordered the great bell to be rung as a signal for the plantation hands to cease work and go to their barracks. Then he mounted his man-horse and made the last round of the day.

In the hospital were two new cases. To these he gave castor oil. He congratulated himself. It had been an easy day. Only three had died. He inspected the copra drying that had been going on, and went through the barracks to see if there were any sick lying hidden and defying his rule of segregation. Returned to the house, he received the reports of the boss boys and gave instructions for next day's work. The boats' crew boss also he had in, to give assurance, as was the custom nightly, that the whale boats were hauled up and padlocked. This was a most necessary precaution, for the blacks were in a funk, and a whale boat left lying on the beach in the evening meant a loss of twenty blacks by morning. Since the blacks were worth $30 a piece or less, according to how much of their time had been worked out, Berande plantation could ill afford the loss. Besides, whale boats were not cheap in the Solomons, and, also, the deaths were daily reducing the working capital. Seven blacks had fled into the bush the week before, and four had dragged themselves back, helpless from fever, with the report that two more had been killed and kai kai'd (eaten) by the hospitable bushmen. The seventh man was still at large and was said to be working along the coast on the lookout to steal a canoe and get away to his own island.

Viaburi brought two lighted lanterns to the white man for inspection. He glanced at them and saw that they were burning brightly with clear, broad flames, and nodded his head. One was hoisted up to the gaff of the flagstaff, and the other was placed on the wide veranda. They were the leading lights to the Berande anchorage, and every night in the year they were so inspected and hung out.

He rolled back on his couch with a sigh of relief. The day's work was done. A rifle lay on the couch beside him. His revolver was within reach of his hand. An hour passed, during which he did not move. He lay in a state of half slumber, half coma. He became suddenly alert. A creak on the back veranda was the cause. The room was L shaped; the corner in which stood his couch was dim, but the hanging lamp in the main part of the room, over the billiard table and just around the corner so that it did not shine on him, was burning brightly. Likewise the verandas were well lighted. He waited without movement. The creaks were repeated, and he knew several men lurked outside.

"What name?" he cried sharply.

The house, raised a dozen feet above the ground, shook on its pile foundations to the rush of retreating footsteps.

"They're getting bold," he muttered. "Something will have to be done."

The full moon rose over Malaita and shone down on Berande. Nothing stirred in the windless air. From the hospital still proceeded the moaning of the sick. In the grass thatched barracks nearly two hundred woolly headed man eaters slept off the weariness of the day's toil, though several lifted their heads to listen to the curses of one who cursed the white man who never slept. On the four verandas of the house the lanterns burned. Inside, between rifle and revolver, the man himself moaned and tossed in intervals of troubled sleep.

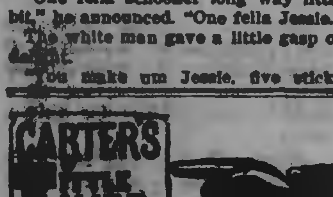
CHAPTER II.

SOMETHING IS DONE.

IN the morning David Sheldon decided that he was worse. That he was appreciably weaker there was no doubt, and there were other symptoms that were unfavorable. He began his rounds looking for trouble. He wanted trouble. In full health the strained situation would have been serious enough; but as it was, himself growing helpless, something had to be done. The blacks were getting more sullen and defiant, and the appearance of the men the previous night on his veranda—one of the gravest of offences on Berande—was ominous. Sooner or later they would get him, if he did not get them first, if he did not once again sear on their dark souls the flaming mastery of the white man.

He returned to the house disappointed. No opportunity had presented itself of making an example of insolence or insubordination—such as had occurred on every other day since the sickness smote Berande. The fact that none had offended was in itself suspicious. They were growing crafty.

To be continued



CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

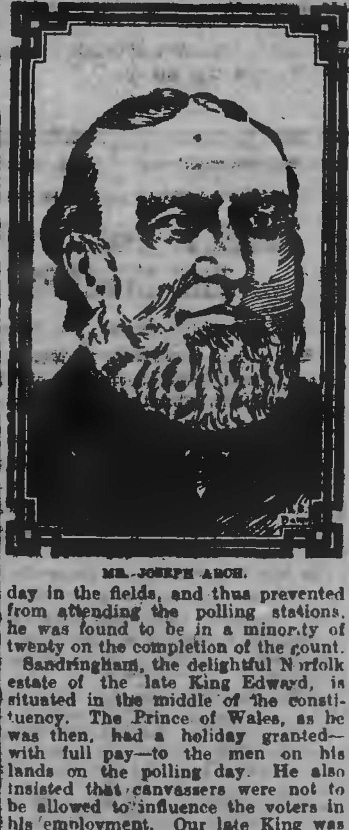
FROM LABORER TO M.P.

JOSEPH ARCH HAS MADE A RECORD IN ENGLAND.

The First Agricultural Laborer to Became a Member of the British Commons Is Now Spending His Old Age In Barford, Warwickshire He Once Defeated Lord Henry Bentinck at the Polls.

In blissful retirement at the Warwickshire village of Barford, Mr. Joseph Arch is ending his days. Enjoying his pipe of peace, he can sit in his well-cared-for garden marveling at the great feeling of unrest that has been sweeping over the industrial population and comparing present events with the exciting times of his own experience. Like all veterans, he is always willing to fight his battles over again, says a writer in London Tit-Bits.

His name will go down in history as being the first agricultural laborer to be elected a member of the British House of Commons. Four times a candidate, and thrice successful, is his record for the constituency of North-East Norfolk. He sat in Parliament during the Liberal Governments of 1885-6, 1892-5, and the Conservative Ministry of 1895-1900. His opponent in the elections of 1885, 1886, and 1892 was Lord Henry Bentinck, a near relation of the Duke of Portland. Great excitement prevailed on the first occasion when the laborer defeated the lord. His victory would have been repeated in the following year had not the election taken place during the harvest, when, owing to his supporters being engaged all day in the fields, and thus prevented from attending the polling stations, he was found to be in a minority of twenty on the completion of the count.



MR. JOSEPH ARCH.

Sandringham, the delightful Norfolk estate of the late King Edward, is situated in the middle of the constituency. The Prince of Wales, as he was then, had a holiday granted—with full pay—to the men on his lands on the polling day. He also insisted that canvassers were not to be allowed to influence the voters in his employment. Our late King was a model landlord, and Mr. Arch's opinion is that the lot of the men on the royal estates is a decidedly happy one. More than one visit did his late majesty pay his Labor representative.

One other Parliamentary seat did Mr. Arch contest. That was at Wilton in 1880, before the extension of the franchise. Owing to the fact that the men on the land were not then permitted to enjoy the possession of the vote because of the low rentals of the cottages occupied, he was hopelessly defeated at the poll. Thirteen years before he had started his active career as a reformer—appealing for better conditions for all farm laborers. In 1872 came the famous meeting under the chestnut tree at Wellesbourne and the foundation of the National Agricultural Laborers' Union, which is now defunct. The agitation which then commenced was remarkable for its regular conduct—cases of violence being absolutely unknown. His work received the support of such well-known men as Cardinal Manning, Mr. Jesse Collings, Sir George Trevelyan, and Mr. Mundella. On the occasion of his entry into Parliament he was entertained at the National Liberal Club, with Mr. Joseph Chamberlain in the chair.

Such a record is not to be despised, especially when it is remembered that the food during his early years consisted mainly of barley bread. Tea and sugar were absolute luxuries. Four in the morning was the time of commencing work, and fifteen hours' work per day in the summer months was no child's play. In all weathers hedging, mowing, tree-felling, and drain-laying had to be accomplished —no wonder he feels a twinge of rheumatism now!

He owns his freehold cottage in which he lives. His grandfather, who was an employe at Warwick Castle, by years of thrift purchased it. There Mr. Joseph Arch was born in 1826 and has resided ever since. Naturally such a house would abound in heirlooms. He remembers going with his father to purchase, in 1832, the grandfather's clock which still ticks. His library contains all that any working man might be proud of. His eyesight is failing, and he therefore cannot read so much as he would desire. To his mother he is indebted for his love of books.

Thanks to the generosity of his old political friends, he enjoys a small annuity and lives in comfort. A sturdy specimen of his race—a typical English yeoman—an earnest worker for the benefit of his fellow-man. May he live to complete his century.

India's Army.

British regular soldiers in the Indian army are maintained by the Indian taxpayer, though they are under control of the War Office in London

Sarnia citizens will be asked to spend $240,000 for a new water intake from Point Edward.

TELEGRAPHIC BRIEFS.

The body found in the Niagara River on Sunday was identified yesterday as that of Richard Walsh, aged 35, of Picton, Ont.

Col. Hughes and Major Robertson have left London, Eng., for Lowdoun, France, to attend the grand manoeuvres which began Wednesday.

N. W. Rowell, K.C., leader of the Opposition in the Ontario Legislature, will address the Canadian Club on Oct. 14, on "The Workmen's Compensation Act."

Both Rt. Hon R. L. Borden and Sir Wilfrid Laurier cabled felicitations to Rt. Hon. H. H. Asquith, the British Premier, upon the attainment of his 64th birthday.

Through the overturning of their automobile yesterday by collision with a street car in London, Mr and Mrs. Fred Kilgour of Welland were seriously injured.

Suffragettes did their best to break up a meeting yesterday at Lochee, a suburb of Dundee, where Winston Churchill, First Lord of the Admiralty, was speaking.

Rev. Matthew Russell, a distinguished Jesuit, died yesterday in Dublin. He was born in 1834. He was a noted writer and had edited from its beginning, in 1873, The Irish Monthly.

In the Superior Court yesterday morning Chief Justice Lemieux and Judge Dorion rendered judgment to the effect that the Lotbiniere provincial election case should be struck from the roll.

Infantile paralysis, cases of which have worried Niagara Falls, Ont., physicians for several weeks, spread to Niagara Falls, N.Y. Three cases are reported in the American city, while one more has developed at the Canadian Falls.

Mothers For Comfort.

"I'll bet that woman is married and has four children."

"Why?"

"She just came in and said she wanted a pair of shoes for herself and she didn't care how they looked, so long as they were comfortable."—Detroit Free Press.

A Venetian Custom.

In Venice when any one dies it is the custom to fix a placard on the front of the deceased person's house, as well as in the neighboring streets, as a sort of public notice, stating his name, age, place of birth and the illness of which he died.

A Good Salesman.

"That rich man has been able to marry off all his homely daughters."

"That is what I call 'scientific salesmanship.'"—Exchange.

HAPPY THOUGHT

PERFECT BISCUIT BAKING NEED NOT BE DIFFICULT

It all depends on the heat your oven gives.

Ranges with slow ovens are all right for some kinds of biscuits. But an oven that is chronically slow simply ruins others, and it is useless for many purposes.

Other stoves bake beautifully on one side and not on the other. So you can never depend on them.

"Happy Thought" Ranges are perfect bakers.

If you want a slow oven, a slow fire will produce the desired result. If you want a very hot, quick oven, just build up the fire and keep it going strong for a little while.

This feature saves you money in two ways:

It saves fuel by making it unnecessary to use too much, and by giving you the full heat value of every ounce of fuel.

It saves the food material by ensuring just the right result, no matter what part of the oven you use.

More than a Quarter Million Canadian women use the "Happy Thought" every day.

CONSTABLES ARE ON DUTY

Enforcing the Traffic By-law at Charlotte Street Corner.

Chief of Police Thompson has had constables stationed at the corner of Charlotte and George streets last night and to-day to regulate traffic, which at that point is often fairly heavy. The street cars transferring passengers at this point causes the corner to often become more or less congested. The constables see that the recently framed traffic by-law regulations are carried out to the letter. So far no accidents have occurred although for a minute one seemed imminent this afternooon, when a fashionably dressed young lady hampered by a hobble skirt, attempted to hop on a moving car. Hobbles are not the most adaptable things to wear when boarding a car at any time.

TIMELY WORDS OF COUNSEL IN THE INTEREST OF PETERBORO BOYS

This article is written by Mr. A. T. Nash, Boy's Work Secretary, of the Young Men's Christian Association.

Peterboro's greatest asset is her boys. The future welfare of this city depends upon the kind of men her present boys will become. It is only a step from boyhood to manhood, but that step is of vital importance. The boy however, is too inexperienced to safely cross the transition period unaided. He must have the friendship, sympathy and assitance of those who are older and wiser than himself.

It is therefore economy to spend time and money for the welfare of the boy, because the boy delinquent, and the adult criminal costs the home more heartaches, and the city more money than it would have cost to have kept them from vice. If the natural surplus energy of the boy is misdirected, it will most probably lead him into forbidden paths as the records of our police courts show. The old adage, that "an ounce of prevention is worth a pound of cure," is as true in regard to the training of boys as in other things. Too much cannot be done for the welfare of the boy.

That you are directly responsible for the proper development of your own boy you will not question, but it is just as true that the welfare of your neighbor's boy also concerns you. If your neighbor's boy is deprived of the necessary advantages for self culture and improvement, and if that boy becomes a burden, not to say a menace to society, the entire community is poorer. But if that same boy is surrounded by wholesome influences, and if he is tenderly guided over the manifold pitfalls of boyhood and youth until he develops into a noble, useful man, the whole city will be the richer. So that viewing it from whatsoever standpoint the cold fact remains that every adult is more or less responsible for the proper training of every boy.

HARVEST FESTIVAL SERVICE AT ST. JOHN'S CHURCH

Rev. Dr. Llwyd Urges That We Realize More Our Silent Partner.

The beautiful service of harvest thanksgiving held in St. John's church last night was attended by a very large congregation, and it is safe to say, all were impressed with the masterly discourse as given by Rev. Dr. Llwyd, vice Provost of Trinity College. Toronto.

Evidences of a bountiful harvest were to be seen throughout the interior of the church, the decorations being on a very elaborate scale.

The rector, Rev. Canon Davidson, expressed his gratification at the presence in the church of so many friends outside St. John's congregation, and also spoke of his gratification—in which the congregation would join—at the visit of the Rev. Dr. Llwyd. Rev. Canon Davidson also noted that the offering would be for the South Peterborough Anglican Mission.

The congregation responded liberally, and this assistance will be greatly appreciated by the Rev. Mr. Price and his workers in the south end of the city.

Other Anglican clergymen in the chancel were Rev. R. B. Grobb of All Saints'; Rev. F. J. Sawers, of St. Luke's, and Rev. Mr. Price.

Rev. Dr. Llwyd took his his text the scriptural passage, "Beware that thou forget not the Lord thy God."

During the sermon the preacher enlarged on several reasons why God was forgotten, and thanksgiving was not made to him for the many mercies received by us from His hands and one of these was that we, in achieving success, lost sight of the Silent Partner, who, never revealing Himself, always supplied the capital, which we used in attaining success.

"If you business men realized more who your Silent Partner is, you would not question the demands of the church," said the preacher.

The music was of the usual high order associated with St. John's, and the crowded stalls carried no useless passengers. The fully choral Evensong was well sung, and the hearty singing of the congregation was a pleasing feature of the service. The standard numbers sung as anthems were exceptionally well given, and it is a puzzle to know just how St. John's can put such work on so early in the season. The soprano work in Haydn's "Marvellous Work" was wonderful, the B flat in alt being achieved with ease. In the offertory number, Turner's "Sing to the Lord," woven in canon round the tune "Austria," a beautiful effect was produced by tenor and soprano chorus engaging in a duet; very softly sung, "The Lord's Delight is in Them That Fear Him." The fugue movement at the end has a grand opening for bass voices, and gave evidence of careful training.

The Rector spoke words of thanks to the choristers after the service.

OBITUARY

William Stock

William Stock, son of Mr and Mrs. Bert Stock, passed away last night at the age of 11 years.

The funeral will leave, the family residence, 285 Wolfe street, on Saturday at 2.30 p.m. and proceed to the Little Lake Cemetery.

St. Joseph's College, a new Roman Catholic institution, was opened at North Cobalt

The Province of Alberta has accepted the federal farming subsidy and B.C. has not done so.

The Railway Board has opposed the right of way of a radial line from St. Catharines to Niagara-on-the-Lake.

UP IN THE CLOUDS

Successful Ascension and Descent by Miss DeVonda the Lady Balloonist.

The ascension of Miss De Vonda, the lady balloonist, was the one big attraction at the Fair Grounds, yesterday afternoon.

The descent was made in McMartinville, which is opposite Rye's boathouse, and on the Otonabee side of the river.

Not more than ten minutes elapsed from the time when Miss De Vonda cried, "all right, let go the ropes" and when she had reached terra firma again

The work of inflating the balloon was watched with considerable interest by a large crowd, and there were plenty of willing hands, to assist in holding the big bag.

On account of the strong wind, blowing earlier in the afternoon, the ascension was postponed till shortly after six o'clock. Once freed, the balloon, with parachute attached, and holding Miss De Vonda shot up quickly.

Another ascension was billed for this afternoon and the third will be given on Saturday.

Mr. Ned Flaherty, the local carter, picked up the deflated bag and the parachute.

FREE EXHIBITION TICKETS

300 Tickets to be Given Away Absolutely Free During the Fair, at Cameron's, the New Men's Wear Store, on George St. Near Cor. of Charlotte

The purpose for which these tickets will be given away, is for to help boost the Peterboro Fair to make it the greatest in Eastern Canada, as well as to introduce this New Men's Wear Store to the people of Peterboro and the surrounding Country.

The first thing a new store has to do is to establish faith and confidence with its customers, giving values that are unquestionable, giving service that seems best and behind all a guarantee of money back without question if you are not satisfied with the goods. I want to make this store your store and if you are as anxious to meet us as we are to meet you, we will come together at the rate of sixty mile an hour or even faster than that.

Now about these Free Exhibition Tickets, we are going to give to every customer buying $2.00 worth of goods from us, a ticket which will admit you at any time to the Exhibition.

These tickets will be limited to 3 to a customer, so that we will have enough to go around.

Now here is another inducement don't think that we are raising the price of our goods to meet the above offer, for we are not, in fact we are reducing several lines for this occasion.

Starting To-day and for Friday and Saturday we will place on sale 100 Pairs Traveller's Sample Sox at 2 pair for 25c.

450 Pairs Fine Cashmere Sox in black and fancy colors, values to 50c a pair, for this great Exhibition sale per pair 25c.

PETERBORO'S BIG EXHIBITION WINS LARGE ATTENDANCE

Between Seven and Eight Hundred Visited the Grounds and Witnessed Fine Attractions --- Many Visitors in the City To-day, and New Record Should be Made---Plenty of Interesting and Educational Features.

EXCEEDED LAST YEAR

The receipts at the Fair yesterday exceeded by $150 those of the corresponding day of last year's exhibition. This is certainly an indication that the labors of the Directors are going to be rewarded in full. It is only after infinite pains that the Fair has been strengthened to its present position and the people are responding.

Between seven and eight hundred people visited the Exhibition grounds last night, and practically all of them took in the vaudeville performance in front of the grand stand. As promised there were three of these, and each of them was appreciated by the two hundred in the new concrete grand stand, and the six hundred who were lined along the fences near the platform.

The Original Mayos appeared first in their comedy skating acts, and besides displaying considerable skill on the rollers, they gave the crowd some hearty laughs.

Miss Delora followed in her physical culture acts, and gave a good exhibition of the many feats that are possible when the body is well trained physically, and muscles are completely controlled.

But perhaps the most enjoyed of the three was the musical trio, whose efforts to amuse the crowd met with undoubted success. They gave some excellent selections on several different instruments, being repeatedly applauded, after such popular airs as "Oh You Beautiful Doll," "The Rag Time Violin," and in all of these they introduced a spice of comedy which certainly found favor with the crowd.

The 57th Band was out in force and the accompaniments to the vaudeville feats, as well as the independent selections, put the finishing touches to the evening. There is no mistake about it that the regimental band adds to the pleasure of the evening, as was shown by the heavy hand their closing selection was given.

The grand display of fireworks put on at the conclusion of the vaudeville acts were arranged by Prof. Hand, of Hamilton, and all manners of new departures were shown. The color effects were beautifully carried out, and not only was the display generous in quantity, but its variety was refreshingly in evidence. Two of the designs worth noticing were, the one bearing a representation of a plough, and the words, 'God Speed the Plough,' and the 'Good Night' scheme. The fireworks proved one of the most entertaining features on the evening's list.

The manufacturers and merchants of Peterborough and other places are well represented by displays at the Industrial Exhibition. Perhaps the most interesting of these are the Seymour Power Company's, Richard Hall & Son, Limited, MacPherson's and Gillespie's.

MILKING BY ELECTRICITY.

The Seymour Power Company's display contains an electrically operated, mechanical milker, manufactured by Sharpels, a Toronto firm. It is worked on a combined principal of pressure and vacuum, resulting in a milker which cannot injure the cow. A separator can be operated at the same time by the same motor. The exhibit also contains electric pumps, washing machines and wringers, straw cutters and table saws.

Hall's have arranged a fine showing of Scotch Axminster rugs, a fine sample of the high class goods that are handled in the best of local retail stores.

MacPherson's have a unique arrangement of ranges, electrical fittings, etc., and an electrical grate is one of their features. Mr. G. A. Gillespie has on show a model sanitary milk tank, churns and separator, truck scales, pulp machines, mechanical potato digger, litter carrier and many other useful devices for the farm.

Besides these are the Ford Automobile exhibit, that of the Peterborough Hardware Company, and the Electric Installation Company, which is particularly noticeable at night when its colored lights are attractive.

One of the tents includes an exhibit of flowers only, and the beautiful colors as well as the pleasant aroma of the place leaves a decidedly delightful impression on the minds of those who visit it. Jordan Bros. are the chief contributors here.

POULTRY EXHIBITS.

As usual the poultry tent is the centre of a great deal of interest. The chief exhibitors here are Messrs. Baptie of Springville; Oliver, of Lindsay, and the Vickery Bros., of Oshawa. Fire Chief Howard is also exhibiting fourteen birds. In this department of the exhibition the competition will be as keen as ever, there being a larger number of birds on hand than at any previous exhibition. Many of the birds have carried off prizes at Belleville, Lindsay and other places. Most of the fowl were in their places last night, and the judges were looking over them in preparation for the judging, which commenced this morning at ten o'clock. Altogether there is a fine showing of poultry.

SATURDAY'S PROGRAM.

8 a.m.—Grounds and buildings open to the public for general inspection of all live stock, poultry, special exhibits and inside exhibits.

1 p.m.—The judging of the harness horses in classes 1, 2 and 3; also Nos. 4 and 5 in class 7, special class for farmers, and the Bank of Commerce special in the small ring.

2 p.m.—The first heat of the 2.22 class, trot or pace, race; purse $150.

2.30 p.m.—The first heat of the free-for-all; purse $200.

Between the heats of the races the judging of harness horse classes will continue throughout the afternoon. The classes to be judged will be 5, 6, 7, 8 and 9 of class 5, and No. 8 of class 6, and 3 of class 7, and the special prizes for the best pony turnouts.

Handsome rosettes will be given instead of prize tickets in all the horse classes.

3 p.m.—An Association Football match for the R. R. Hall championship challenge cup, which represents the championship of the County of Peterborough.

Full 57th Regimental Band will give a continuous program all afternoon.

add fair

FAIR NOTES.

For some reason the Cora Youngblood Sextette" were unable to come to the city, but they provided a good substitute when they sent the "Musical Trio," who certainly made a hit last night.

For some minutes after the crowd had assembled at the stage at the Exhibition grounds last night there was virtually and actually nothing doing. Mr. J. J. Turner repeatedly asked the Mayos to appear at once, but he was put off. At last Mr. Turner ordered the troupe to get on the stage or off the grounds, and they made the former movement.

The Seymour Power Company representatives at the Fair are ready to give a practical demonstration of their milking apparatus whenever a cow is brought along.

Yesterday afternoon a pig, brought to the fair grounds for exhibition purposes, ran amuck among the people. A hot chase for half an hour ensued before the excited rooter was finally penned. It was a repetition of "catching the greasy pig" in the Dominion Day sports.

All roads lead to the Fair this afternoon, since 12.25, when the street cars and trailers commenced to land their human cargoes on the grounds. There is not the least doubt that the figures for this afternoon, will show a record breaking attendance.

The poultry judging began this morning, at 10 o'clock, and the harness horses at 1 o'clock this afternoon. The results will be announced later.

The Midway is a large and noisy one, and all the familiar calls and spieling of the trade is to be heard as you pass between the double rows of tents. The merry-go-round and ferris wheel have not yet appeared to enliven the scene, but their absence is hardly noticeable owing to the number of other amusements. Hoop-la games and "Cover the red disk and win a teddy bear," schemes are lined along the midway, and side shows, where wild animals, etc., are on exhibition are to be found in plenty.

AGNES GIBSON WILL RESIDE IN PORT HOPE --- PERHAPS

Funds for Transportation Given Her—Home Officials Have Trouble With Male Inmate — Fine of $5 for Saying "Hello Girls."

George Wilding is a cantankerous, incorrigible, nasty-tongued old man, who is supposed to stay at the Protestant Home. But he persists in leaving the shelter and coming down into the city. The superintendent of the Home, and Mr. Finch Miller, waited upon Magistrate Dumble this morning to discover what punishment would be most practical for Wilding's truancy.

Chief Thompson thought a week's solitary confinement in the jail, with his allowance of tobacco stopped, would prove salutary punishment.

"He'll miss his tobacco all right," remarked Mr. Miller.

Nobody can handle the old man up at the Home, and he can lord it over the other inmates if he choses. There is a lock-up at the Home, for refractory old men, but the trouble is that none of the others have retained sufficient physical strength to place Wilding there. He is pretty handy with his fists.

It was decided that the next time the naughty old chap leaves the Home without permission, he will be arrested and charged with vagrancy and placed in confinement at the jail for a week, with no smoking allowed.

OFF TO PORT HOPE

Agnes Gibson, erstwhile footlight artist, now aged sixty-eight, and fallen upon evil days, was given enough money for a ticket to Port Hope.

The old lady pleaded hard to go to Guelph, where she said Father Drummond, who befriended her in Montreal, would surely render her assistance again. She had just forty five cents in her purse. In Ottawa she endured a nine days sojourn in jail. A love for whiskey is what has brought Agnes so low, as she herself admitted. Mr. Finch Miller advanced the balance of the price of her transportation.

KELLY AGAIN

A frequent visitor at Police Court is William Kelly, who, this morning, readily pleaded guilty of being intoxicated. He forfeited the usual $5

HE SAID "HELLO GIRLS",

You must not attempt to address ladies on the street without being acquainted. A young man named Richard Burke, discovered this to his sorrow, when he coughed up a fiver this morning for his boldness and familiarity last night, at the corner of George and Charlotte streets.

The young man stated that he had a couple of ales at the time. All he said to the ladies was "hello girls."

"You should not say anything to ladies, which you would not like to have said to your own mother or sisters," was His Worship's admonition.

BRAVE ACTION MAY COST BELLEVILLE MAN HIS LIFE

Was Terribly Burned in Attempting to Prevent Gasoline Explosion.

Belleville, Sept. 13—The heroic action of Geo. Goodnow in trying to prevent a gasoline explosion at the Stell Company's works yesterday morning may cost him his life. A concrete mixer driven by gasoline power is being used at the plant to prepare the foundation for a new 100 h.p. engine soon to be installed. The five gallon tank of the gasoline outfit had just been filled, and it is probable that some of the fluid over flowed. In any event a fierce flame instantly shot up from below the mixer and threatened to ignite the yet uncovered tank. What would have happened had this quantity exploded no one can tell. George Goodnow seeing the danger at once, sprang forward and threw some empty cement sacks over the tank. In doing so he came in contact with the flaming gasoline. In a moment's time his entire clothing was in flames and before his fellow-workmen could extinguish the fire, the clothes were burned from his body. The ambulance was at once telephoned for and he was removed to the hospital where Dr. Nolan did what he could to alleviate the unendurable pain caused by the terrible burns. His recovery is doubtful.

He has a wife and three children and is considered a most capable and obliging employe. He came here from Trenton about eight months ago, and has since been employed as night fireman at the rolling mills. He was temporarily assisting in putting down the foundation of the new engine.

A wife can make her husband do anything he chooses.

NEVER SUCH A SHOWING OF SUITS . . . .

Not only is our collection larger and finer than ever at the opening of a new season, but the styles themselves have rarely, if ever, been so strikingly effective and beautiful. Our gathering comprises tailored, semi-tailored, and dressy models. The Coats are from 32 to 34 inches long, and are mostly cut in the snappy cutaway models. The Directoire effect being the dominant style influence of the the season, most of the Coats show the smart, new Robespierre and Directoire collars and cuffs. The Skirts show many handsome, new pleated effects. The favored materials are Serges, fancy mannish Mixtures, Whipcords, Broadcloths, etc., etc., in a great range of beautiful shades, such as blue, brown, grey, dark green, black, etc.

These are prominently displayed in our Ready-to-Wear Dept., and your inspection is cordially invited.

ELLIOT'S

Kuntz's Original Lager

It's More Refreshing

"Did you ever notice how much more refreshing Kuntz's Original Lager is than ordinary lagers?" remarked a man to a friend, as they were enjoying a bottle the other day. "Yes," replied his friend, who, by the way, was a physician, "and the reason is because Kuntz's Original Lager is brewed from naturally pure spring water, instead of ordinary or city waters which require to be artificially or chemically purified."

Let your next bottle be Kuntz's Original Lager. See how much more enjoyable and refreshing is this famous spring-water lager. 66

STRONG TENNIS TEAMS TO PLAY AT GOLF CLUB TO-MORROW

The team to represent Peterborough against Norwood in the tennis match to be played Saturday afternoon at the Golf Club will be as follows:

A. W. McPherson,
F. D. Kerr,
G. B. Langley,
W. Pratt,
S. E. M. Henderson,
C. L. Whitby.

All of the above players are veterans at the game and can be counted on to give a first rate account of themselves. The Norwood team is also reputed to be a very strong aggregation this season and this match will undoubtedly prove a decidedly exciting contest from start to finish. The games will start promptly at 2 o'clock.

DUTCH GONTER WILL PLAY FOR OTTAWA COLLEGE

Otta[illegible] — The announcement [illegible] Ottawa College this [illegible] Dutch Gonter, touted [illegible] best half-backs in the country, would enter school this fall and consequently be found on Father Stanton's back line. The coming of Gonter will help out the College behind the line, as the loss of Hefferman weakened the team considerably back there. The Hamilton Spectator has this to say of Gonter's coming to Ottawa—

"Following their defeat in the Canadian semi-finals at Toronto last fall, when superior kicking by the Argos half-backs, Mallett in particular, turned the trick on them, the Alerts got down to brass tacks and, looking ahead for the season of 1912, went out to land the best kicking half-back possible to secure. Early this spring, good fortune smiled on them and they rounded up Dutch Gonter, the star of the St. Michael college team, a kid player, who was regarded as the most promising youngster in the game last year. All summer the coming season was looked forward to with confidence, much reliance being placed on Gonter's addition to the half line. But now, when the teams are getting down to business, word has bene received that Gonter will not be with the Alerts, having decided to enter Ottawa College this fall, with the result that Father Stanton will be given one of the game's phenoms to handle, while the Alerts are bemoaning their fate and casting around for somebody else.

"There is no doubt that Gonter would have been all that was needed to make the Alerts strong contenders right to the finals this year. He is a wonderful player and it was said of him last year that, with a good wing division in front of him, he would look just as good as any half back playing the game. His loss will be hard felt by the east end club, even though every effort will be made to fill his place.

Dodd's
Kidney
Pills
Kidney
The Pr

RUGBY

Hamilton Spectator.

Reports have been frequent during the past few days of attempts on the part of each of the local senior clubs to round up players from the rival club. The Tigers charged that the Alerts have always been doing this while the Alerts making no denial of this, return the compliment by claiming that the Tigers have been after Alerts stars. The Alerts charge has been denied, however, by the H.A.A.A. but this denial carried little weight with the east enders; and last evening an Alert officer came out flat-footed with the assertion that the Tigers had been particularly busy during the last couple of days. Not only have overtures been made to Ross Craig, but efforts have been made to induce Norm Clark to forsake his first love and don a Tiger uniform. Craig and Clark are two cracking good wing men, just as good as there is in the game, and the Alerts are prepared to prove that efforts have been made by Tiger representatives to land them. In addition, it is said that Flannery, Harper and Pfeifer have been approached although most attention has been paid to the other two. As yet none of the players approached have decided to make the jump, and it is not likely that they will.

In admitting this morning that overtures had been made to Craig and Clark, a Tiger official stated that with these two players, the Tiger line up for the coming season would be complete. "We are strongly fortified as far as backs are concerned," he said, "but we can stand a little patching on the wing line. If we were sure of Isbister Bramer, and Wigle, we would not bother much, but Issy claims he is through, while Wigle and Bramer have nothing to say. I know that Craig and Clark have been spoken to, but don't know just what answer they gave."

Good Form

Company Manners.

To begin with, there should be no such thing as "company manners." True courtesy springs from the heart, and it is only selfishness that makes some of us invariably turn a smiling face to a stranger and reserve our scowls and bad tempers for our nearest and dearest. It is as important that children should early be instructed in manners as that they should read and write. If young people are taught to be deferential to their elders, to be polite and generous to their playfellows, and are instructed in all the small courtesies of life they will have been given something which will help them greatly to achieve success in after years, no matter what their position. But children are great imitators, and it is impossible to teach them these things if the father and mother are not courteous to each other.

Consideration for others is the keynote of all good manners, and the man or woman who lacks this important quality can never hope to have anything but the most transparent sort of "company manners." Children should be taught to eat quietly, to take soup from the side of a spoon without making a disagreeable noise, to break their bread with their fingers and butter it on the plate, never on the tablecloth or the palm of the hand; never to bite fruit at the table, but to cut it with a silver knife and convey the pieces to the mouth with the fingers or a fork. During the process of mastication the mouth should be kept tightly closed, and naturally a child should never be allowed to talk with the mouth full. The head should never be bent to drink from a tumbler or cup, but the cup or glass should be lifted to the mouth. Yet a child should be cautioned not to lift a saucer from the table when eating from it. After all, the great point is with both young and old to make the everyday manners so good that the "company manners" can be left to take care of themselves.

Birth Announcements.

Many people do not like the idea of announcing the birth of a child in the newspapers, says Florence Howe Hull. They argue that it is not a matter to interest the general public, but only the friends of the parents. The old English custom was to tie up the door knocker with a white kid glove as an announcement of the happy event. A pretty modern method is to have baby's name, without any prefix, written or engraved, on a tiny card. This is fastened to the visiting card of the mother with a small bow of white ribbon and sent to relatives and friends through the mail.

On receiving such an announcement friends call and inquire after the health of mother and child, leaving cards for the former. Some persons leave them for the baby also, but this seems rather absurd. Instead of calling one may send a note of congratulation or write a little message of felicitation on one's card.

Gifts may be sent at this time or later, when the christening takes place, as may be preferred.

Good Form in Dress.

Few women know how to put on their clothes. This sounds like a very startling statement, but let us stop and think over the matter quietly.

How frequently we see women with dainty, well made and even well cut blouses, and yet how few appreciate the beauty of the garment, and why? Because the blouse is not pulled down tightly at the waist line and fastened in place either by hooks and loops or safety pins. Then, too, the collar is probably not carefully boned so that it will fit the neck snugly. Each woman should study the shape of her own neck (not some one else's) and find just where the bones must be placed in order to make the collar fit well. A still better plan is to take a piece of heavy paper and cut a pattern for the collar which exactly fits the throat and then have every collar made from that pattern. Curve it down under the chin so that the collar will not break, then let it stand up high just back of the ears and in the middle of the back.

The circulation of many hand-painted $10 United States notes in Chicago for several months resulted in the arrest of Louis Gigmore, an artist.

According to figures compiled by the G.T.P. the western wheat crop this year will reach 179,828,000 bushels.

Walter Russell, aged 20, was drowned in the Newmarket Canal when upset from a raft. Seven companions escaped.

The crops of Southern Alberta are fully two weeks further advanced than those in the northern portion of the province.

Coal Results

¶ We sell the very best quality of hard coal, as good as we know how to buy.

¶ Are you getting results from the you are now using? Are you sure it is good? Are you burning it the right way?

¶ There is a deal of difference in how you handle the range or furnace. Our long experience tells us that fact, and we are ready to advise any in doubt as to the best way to make use of coal as fuel.

PUBLIC INVITATION
TO A
DINNER SERVICE PARTY

An invitation is cordially extended to the citizens of Peterborough and neighboring places to attend our large showing of Dinner and Tea Sets, to be held during the first two weeks in September. We are confident that the showing will recompence you for the trouble of looking, especially if you anticipate needing dinner ware.

The assortment embraces all the latest shapes and newest designs of decoration. The majority of the sets are of English make, although we are showing many sets made in France and Germany,

The price of each set will be marked in plain figures during this sale, which will enable you to decide which one you table with.

Sale is from two to four o'clock each day.

A FEW REASONS WHY A

HAPPY THOUGHT RANGE

IS SUPERIOR TO OTHER RANGES

1. The Happy Thought patented features can be found nowhere else. They include the pyramidal oven, illuminated oven, oven damper, reservoir damper, etc.
2. The Happy Thought has the deepest and most economical firebox, the most scientifically arranged flues, properly proportioned oven, and largest top cooking surface.
3. The Happy Thought oven cooks equally well in every part, whether on shelf or oven bottom, or any corner, or centre.
4. The Happy Thought waterfront is the most powerful known. The reservoir will boil water.
5. The Happy Thought dampers give you absolute control over the fire, which may with ease be retained for thirty-six hours.

The Fact that nearly Two Hundred Thousand Happy Thoughts are in use in Canada shows how extremely popular they are.

Let Your New Range be a Happy Thought

ETIENNE GIRARDOT ACTOR

This popular player was born in the city of London, Eng., his father E. Gustave Girardot, being an eminent French painter and is mother, an English woman of gentility. Etienne was educated for commerce, but inheriting a taste for drawing he took up the study of art, abandoning that later on for the playhouse. Becoming an actor in some of the old provincial stock companies, Girardot was often compelled to play two parts a night, and as was common in those days the plays were changed nightly, which gave the young thespian much to do in the way of study. His parts ranging from Sir Peter Teasle to Macbeth, and from the Yellow Dwarf to Antonio, in "Much Ado About Nothing." Being of a versatile mind it was not long 'ere Girardot became associated with the Bancroft, in London, with John Hare, with Ellen Terry and others of the prominent actor-managers of Great Britain. In 1893, Charles Frohman brought him to this country to enact the role of Lord Fancourt Babberly in "Charley's Aunt," playing it for three years both in Canada and the United States. His work therein, established him as a legitimate comedian of the highest rank. This was followed by the leading role in "Miss Francis of Yale" later in "Mamselle Awkins," and "The Purple Lady."

It was but a step from this to the companies of Mrs. Fiske, wherein this versatile artist made further strides in his chosen profession. A role in "A Midsummer Night's Dream," in a big Klaw & Erlanger production at the New Amsterdam Theatre, New York, followed. Then back again with Mrs. Fiske in "Leah Kleschna."

In 1906, Mr. Girardot, in conjunction with Mr. Wilfred North revived "Charley's Aunt," playing it for two years. This season he is being featured in "The Bachelor's Baby," that delightful comedy by Francis Wilson, that had near two years run at the Criterion Theatre, New York, and which comes to the Grand for 3 performances, commencing to-morrow, Friday, evening.

An Acknowledgment

Mrs. Herbert Campbell desires to convey her gratitude and appreciation to the many friends who extended to her such helpful assistance and sincere sympathy during the painful hours following the loss of her husband, who departed this life August 30th. Also she gratefully acknowledges the beautiful floral contributions received from the following: Oddfellows Lodge No. 111, Free Masons, Rebekah Lodge, Transformer Department of the Canadian General Electric Company, Wire and Carpenter departments of the same, and also wreaths from four brothers of the deceased.

PERSONAL

Mr. W. Hill of Hastings, is staying in the city for a short time.

Mr. J. M. Payton, of Campbellford is in town to-day.

One drink, like one word, usually brings on another.

NOTED COMEDIAN LIKES THE GRAND

Etienne Girardot And Company Having Good Season

Etienne Girardot, and company, arrived in the city this morning and will be seen in the presentation of "The Bachelor's Baby," at the Grand Opera House to-night and matinee to-morrow and at night.

"Yes, I enjoyed being Charley's Aunt," remarked the noted comedian, to the Review, "but I think I am giving the public something of a higher order in 'The Bachelor's Baby.'"

The company, he said, was being splendidly received on the present tour and he was sure that their work would please patrons of the Grand. "And I would like to say a word about your theatre," continued Mr. Girardot. "It is one of the most up-to-date and cleanest houses I have ever played in, and the people of Peterborough should be proud of their Opera House."

There have been 220 cases of infantile paralysis in Buffalo in a few months, with 26 deaths, and sixty per cent. of the survivors permanently crippled.

The B.C. Provincial Police have no news of the reported drowning of 25 railway laborers in the Fraser River.

LOCAL POLICE HAVE CHANCE TO WIN THAT $5,000 REWARD

There is a $5000 reward offered for any information leading to the apprehension of "Gyp the Blood, and Lefty Louie," wanted by the New York police as accessories to the murder of Gambler Rosenthal. A circular to that effect has been received by Chief of Police Thompson, with descriptions of the men. It is reported that men, tallying to their description, have been noticed around Sudbury, Ont.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

To the Editor of the Review.

Sir,—Re your remarks in Tuesday's issue, as to uphill work in establishing choral classes, we have much to thank the local press for valuable help in climbing the hill. Some years ago the late Mr. Davies gave half a season's work to the "Peterborough Choral Society," but he could not make the climb because of the apathy of singers generally. I wonder if they would come out any better if an expensive conductor came here, at an expense to every singer of, say, 25 cents per night, cheap enough in all conscience, for two hours' choral singing. The St. George's Choral Society are quietly working to put on the "Messiah," at an estimated expenditure of $500. Who is backing such an enterprise, I do not know, but they have an uphill struggle before them. It seems easy enough to raise money for sport of any kind, it should not be difficult to maintain a good Choral Society here. The first principle should be to make such a society open, the next to use a public hall, and finally all members to purchase their own music and financially back up their committee. I understand that the St. George's Choral Society are proceeding along these lines, and I would suggest that a guarantee fund of $500 be secured, say of fifty, at $10 each.

Are there not fifty? Or, rather, are there not forty-nine?

I will gladly be one in such a cause.

Yours faithfully,
"CHORALIST."

Peterborough, Sept. 13, 1912.

FISKE O'HARA.

The famous young Irish Tenor, now starring in a romantic Irish play, "The Rose of Kildare." Grand Opera House, next Thursday, September 19.

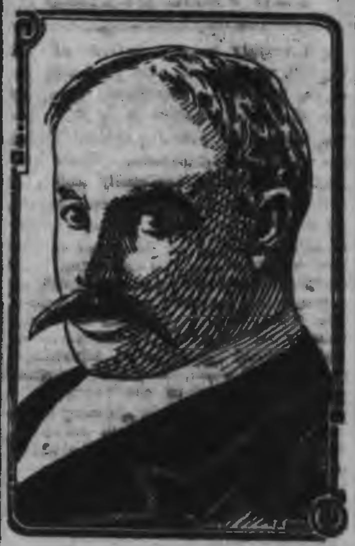
Rev. Nicholas Boodley, of Galicia, has been appointed Bishop of the Ruthenia (Greek) Catholics in western Canada.

A KING'S BIOGRAPHER

SIR SIDNEY LEE IS PROMINENT IN ENGLISH LETTERS.

The Man Whose Frankness In Writing the Life of the Late King Edward Has Brought Him Into the Limelight is Holder of Many Official Positions In the British World of Scholarship.

Sir Sidney Lee, who wrote the life of King Edward, which has created so great a sensation, has ever shown himself possessed of great mental courage. He even had the fortitude to change his name, which was Solomon Lazarus, on being advised that it would be impossible for him to succeed in literary work with a name like that. After a most distinguished career at the City of London School and Balliol College, he became assistant editor of the "Dictionary of National Biography," and is now editor of that important publication. Amongst the offices he holds are Fellow of the British Academy, Registrar of the Royal Literary Fund, corresponding member of the Massachusetts Historical Society, and chairman of the Shakespeare's Birthplace Trust. As a lecturer on literary subjects he is held in high esteem in England, and he has received an honorary degree from Manchester University.



SIR SIDNEY LEE.

Sir Sidney Lee has written many books, and is a great authority on Shakespeare, but none of his works has created so much interest or attention as his latest biography. Defending the lines on which he wrote this article, he says: "Several months before King Edward's death the present supplement to the Dictionary was under way, and I should have been gravely injuring a great national undertaking had I contented myself with a perfunctory life of His Majesty, which, by stereotyping empty echoes, would have fallen below the only just historic and biographic standard."

"The Dictionary," adds Sir Sidney, "is designed for the future use of scholars. For the historian merely to accept the current estimate when thorough investigation of the facts fails to justify it would be dishonest, and I am happy to think that my reputation is quite secure on that head."

An Inch of Rain.

Few people really understand how rain is measured. We often read in the newspaper that so many inches of rain have fallen during a certain period, but it is difficult to realize what an inch of it actually means. The British Rainfall Association have years' records of rainfalls in all parts of the United Kingdom. They have reports from several thousand stations, which are sent in by people who "work" the business as a kind of hobby. There are several wooden structures now in use for measuring rain, and these are known as "gauges." The most skilful is a contrivance with a funnel at the top, through which the water passes into a cup-receiver. The weight of the rain automatically works a pencil. This marks on a sheet of paper wound round a cylinder, and when it has marked in this fashion two-tenths of an inch, the cup tilts over and empties the contents. The pencil returns to its former position, and the same little device is repeated incessantly until the rain ceases to fall, whilst the pencil continues to register on the paper attached.

The Peacock God.

An important addition has been made to the many strange exhibits possessed by the Asiatic department of the British Museum. This latest curio which has been given to the nation is understood to be the "Peacock God" of the Yezidis, a widely-scattered people of Kurdistan, Armenia, and the Caucasus. The Yezidis worship the redeemed Devil under the symbol of a peacock, and hold him in enormous reverence. The Peacock, which is in an excellent state of preservation, and stands about 2 feet in height, has been presented to the nation through the National Art Collections Fund, by Mr. Imre Schwaiger, a Delhi curio dealer.

In appearance the peacock is more quaint than imposing. There is some gold inlaid work about the head, a few turquoises encircle the eye, which is represented by a small red stone, whilst half a dozen larger turquoises surround the neck of the bird. The fanlike tail is the most interesting feature of all. At the tip of each feather representations of figures, animal and human, have been cut into the steel. The centre of the tail is occupied by a veiled, seated male figure grasping what appears to be a scimitar. Some authorities incline to the view that this is intended to typify the Almighty or Mahomet, whilst others think it may be a representation of Shaikh Adi, the chief saint of the Yezidis, whose name was associated with the sun and the moon. The Peacock God is said to be valued at several thousands of pounds. Before it is placed on view it is to be thoroughly examined by experts, who will endeavor to decide what meaning attaches to the many symbols carved on the Peacock.

A Prompt Response.

The invitation to dinner or luncheon should be answered without delay, and in the reply it is well to repeat the date and the hour to prevent any mistake. Do not accept an invitation with a proviso "if nothing happens." Remember that your hostess may want to fill your place with another guest if you cannot accept.

SOME BIG PROBLEMS IN THE PATH OF THE CITY COUNCIL

Peterborough City Council faces, at the present moment, municipal improvement problems that demand immediate attention coupled with farsightedness and careful consideration. In many years of municipal history, no local council has had such difficult and numerous undertakings to be carried to a satisfactory completion. In view of this the tendency to unfairly criticise the Council's treatment of these various matters, is one that should not be encouraged or approved of by any fair-minded citizen and ratepayer.

The city fathers are striving to the best of their ability to properly and intelligently deal with what they have in hand, and the ratepayers should recognize this fact.

To illustrate what they have planned to do, let us enumerate some of the undertakings, all of which are urgently required.

NEED TWO BRIDGES.

There are two bridges needed to span the Otonabee river, one a high level structure at Hunter street and the other for the convenience of people near the C.P.R. station, the suggested location being at the foot of Dalhousie street. City Engineer Hay has estimated the latter to cost $87,875.

SEWAGE DISPOSAL.

A *sedimentation tank* must be built just as quickly as possible to purify the sewage being poured into the Otonabee, and to satisfy the residents of the townships bordering thereon. The townships have authorized their solicitors to issue a writ of injunction against the city in the event of their requests not being complied with.

STREET PAVING.

Greatest of all undertakings, however is the street paving proposal. We have the assurance of His Worship Mayor Bradburn that immediate steps will be taken, and that Chambers street will receive attention first, principally as an experiment. A vast amount of criticism on this proposal is daily heard, but it is not the intention of this article to make any suggestion, one way or the other. It does seem, however, that a much better experiment could be obtained, if a more public street was first laid. Whatever class of pavement is laid, it is bound to prove far superior to the present gravel roadways.

DOWN WITH THE POLES.

The council have been wrestling with the question of getting George street cleared of the telegraph poles. This is such a simple matter that the aggravating delays that have been experienced have laid the council open to the largest share of criticism. However, that question is still on the municipal slate, and when the unsightly poles will be down cannot be stated. If the paved section of the city satisfies the council, the main street at least will be paved, when the pole obstructions have been banished.

No mention is herewith made of the budget of regular council routine work which must be attended to at regular intervals. This latter represents a goodly share of thought and involves much time, without considering the bigger questions of imminence at all.

POWER QUESTION.

The Hydro-Electric situation is one about which something definite may be said after the council's consultation with Hon. Adam Beck on Sept. 16th in Toronto. If hydro power and lighting is ever furnished to the city, it will be due to the unflagging efforts of the city council, who so far have not received Hon. Mr. Beck's price for supplying the same.

SHOWERS BY THE W.T.S. CLUB

Miss Mabel Hooper is Surprised by Her Friends

The young ladies of W.T.S. Club gathered at the home of the Misses Olga and Leila Haskell, 315 Reid street, on Monday evening, and surprised one of their number, Miss Mabel Hooper, with a variety shower. Miss Hooper is one of the popular young members of the club, and prior to her approaching marriage, her girl friends chose that method of demonstrating their regards. An extremely pleasant social evening was enjoyed.

Last night, at the residence of Miss Bessie Mowry, 483 Reid street, Miss Hooper was the principal in a handkerchief shower. Needless to say, the popular young bride-to-be gratefully appreciated such dainty and thoughtful evidences of the esteem in which she is held by her girl friends.

HAS IMPROVED HIS BARBER SHOP

Mr. Eddie Wright, the Charlotte street barber and tonsorial artist, has transformed his shop under the Snowden House, into a most inviting place, through the agency of the painters and decorators. The shop now presents a neat, clean appearance, the ceiling having been whitewashed and the walls all covered with nicely designed paper.

Mr. Wright also employs all union journeymen barbers and has no apprentices on his staff.

A Tilbury butcher may be prosecuted on a charge of selling diseased meat.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. **Phosphonol** will make you a new man. Price $3 a box, or two for $5. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

THE NEW WHARF

Work on the new Government wharf is rapidly drawing to a close and if there are no drawbacks it will be finished in three weeks' or a month's time.

Mr. Wade, in conversation with a Review reporter, remarked that the dredging would be finished shortly if they did not strike any hard strata. The depth directly in front of the wharf is about ten feet, and a little farther out eight feet, which will accommodate any steam sailing in these waters, although the engineers may decide to make it deeper.

Gravel, from up the river, has been dumped on the wharf, and as soon as it is rolled, will make a fine, hard roadway. At each end a roadway leads down onto the wharf, which is 3 feet 6 inches below the car tracks. In the centre and on the left end there are concrete steps, those on the left having an iron railing on the water side, so as to insure safety in the dark. Turf has been laid on the banks and a little way out on the wharf, which, with the willow trees on the bank, looks very pretty.

When finished the wharf can accommodate with ease and space the steamers which call, and no doubt it will prove of great commercial value to the city, especially when the Trent Valley Canal is finished.

OF INTEREST TO WOMEN

THE FALL STYLES

Thoroughly representative of all that is modern in the realm of fashion, the J.C. Turnbull Company are displaying millinery styles that are bound to prove popular during the approaching season. Their display windows so tastefully and ably arranged by Mr. Chester Taylor, were to-day a source of general admiration. Much of their effectiveness originates in the charming color blending of tan, white and gold, so appropriate for the Autumn season. The back-ground reflects Autumn scenery of inviting attractiveness, and showing to material advantage, the various suits, hats and elegant dresses contained in the windows.

The south window is showing some very charming and stylish ready-to-wear suits and a fashionable array of hat creations.

The north window contains high class millinery and silk dresses, including the popular Robespierre garment.

The Pouyanne hat and the Meinzloyer, Germaine, Zimmerman and Paquin shapes are also represented.

OPENINGS AT ELLIOT'S

A very beautiful showing of hats is to be seen at Elliot's. The prevailing shades, as seen on many of the designs are, the new carrot tones, and pretty purple shades, cerise, chamois, also black and white are greatly in vogue.

The graceful shepherdess hats are seen in all their many beautiful creations. Also the wider hat, still carrying out the drooping effect, artistically trimmed with pale blue, combined with silver tissue are shirring.

Black and white is very greatly in vogue. A very pretty hat is seen with black velvet with the new tan crown.

A very fashionable hat this season is the Mary Tudor style, also the Amorie. The Charlotte Corday hats win many pretty compliments. Ostrich feathers will be much stronger this season than for some years. The tailored hats are seen in many pretty combinations, showing black with bronze, or purple or Connaught blue. While purple is a favorite color, perhaps the most popular is the new carrot which lends itself to many pretty combinations.

MANTLE DEPARTMENT

Many handsome styles are seen among the heavier coats, the favorite styles are shown in the new Chinchilla and reversible cloths. The favorite shades for this season are the new brown and tan tones and the black and white and greys. This season the buttons in all cases, exactly match the pattern of the cloths.

The coats are cut with that easy careless grace, that requires the highest scientific knowledge, yet looks so stylish and smart. On some of them are the old color combinations called for this season.

The new New-Port reveres, the wide flung side effect are also among the many styles in Elliot's ready-to-wear rooms.

Misses coats are here in hundreds, in all the handsome designs that are carried out in the ladies' sizes.

Children's coats are shown in blanket styles, the new fur coats, white bear cloth, colored bear cloth.

Ladies waists are seen in the warm comfortable styles, and in the dressy designs for important functions.

The children's section is unusually well supplied. This busy department has all the newest dresses for Fall wear, for all sizes, all ages.

BAD FIRE IN GODERICH

Dry Goods Store of Hodgens Bros. Was Gutted

Mr. N. C. Cameron, of Men's Wear, George street, received a telegram this morning informing him of a bad fire which occurred in Goderich where Mr. Cameron was in business before coming to Peterborough.

The big dry goods store of Hodgens Bros was gutted by a fire which broke out at two o'clock this morning. The stock usually carried by this firm is between $40,000 and $50,000.

IMPORTANT TO LADIE'S

HERO OF PORT ARTHUR DIES BY HIS OWN HAND

Famous Japanese General and Wife Commit Harikari.

Supreme Military Councillor and His Spouse End Their Lives Just as the Body of the Emperor Leaves Tokio—Act Is In Accordance With an Ancient Tradition of the Japanese Samurai.

Tokio, Sept. 14.—General Count Maresuke Nogi, Supreme Military Councillor, and his wife, the Countess Nogi, committed harikari last night following the religious ceremonies in connection with the death of the late Emperor Mutsuhito.

The aged general and his wife were in the procession following the Emperor's body, Nogi holding one of the places of honor among the mourners.

Their action is in accordance with one of the oldest traditions of Japan.

The taking off by their own hands of the famous general and his wife was as dramatic as it was sad. The general cut his throat with a short sword and the countess committed harikari.

Following the Samurai custom the couple had carefully prepared their plans for killing themselves and timed them so that they would be coincident with the departure forever from Tokio of the dead Emperor.

It was expected that they would proceed to Aoyama last night with the cortege. Instead, at the conclusion of the ceremony, they withdrew to their modest home in Akasaka, a suburb of Tokio, and there began their final prepartions for death.

First the general wrote a letter to his new Emperor, Yoshihito. Then he draped in mourning a portrait of the late Emperor and afterwards he and his wife dressed themselves in full Japanese costumes and drank a farewell cup of sake from cups which had been presented to the general by Mutsuhito.

Darkness had fallen and Gen. Nogi and the countess sat and awaited the signal they had agreed upon to announce their leave-taking. This was the booming of a single gun in the palace grounds at Tokio, which was to let the people know that the body of the Emperor was starting for its last resting place.

As the boom of the signal gun resounded Gen. Nogi arose and grasped tightly in his hand a short sword, plunging it into his throat while the countess stabbed herself through the stomach. A student who resided in the Nogi home heard the fall of the bodies and rushed into the room. Lying upon the floor were the hero of Port Arthur and his wife. Both still were breathing, but their spasmodic gasps showed plainly that their lives were fast ebbing. The student went for aid, but when he returned both the general and the countess had passed away.

The tragedy created a profound sensation and expressions of sorrow were heard on every hand last night. Especially grief-stricken was Prince Arthur of Connaught, who was to have gone with Gen. Nogi to-day to the former capital of the Shogunate, Kamakura.

Those who knew Gen. Nogi well declared that his calmness in killing himself last night was the kind of calmness he always had displayed, no matter what crisis faced him.

Gen. Nogi's brilliant achievements during the Russo-Japanese war brought him world-wide fame as a military commander. He commanded the Japanese army at the siege of Port Arthur, the giant fortress falling after a siege lasting for six months. As soon as he had scored this triumph he rushed north with an army of a hundred thousand men, and passing through Chinese territory, in defiance of laws of neutrality, outflanked the right wing of the Russian army, which was engaged under Kuropatkin and against Gen. Kuroki, in the battle of Mukden, the greatest land conflict of modern days. His sudden onslaught on the Russians, who had been constantly engaged in battle for five days, decided the struggle, and the result was the precipitate defeat of Kuropatkin's army, the capture of 50,000 of his men, the destruction of vast supplies, and the end of the war.

Chamberlain Sinking Fast.

New York, Sept. 14.—A cable to The World from London says: After years of almost complete paralysis, Joseph Chamberlain, whose mind has remained alert until now, is sinking fast and the end may come any day.

During the last five weeks he has ceased to take any interest in political events, lying in bed mentally and physically helpless.

Rt. Hon. Joseph Chamberlain, while he ceased to be an active figure in politics some years ago because of ill-health, has continued until very recently to follow with close interest the progress of the tariff reform cause of which he is father, and it has been the hope of his friends that he would live to see his visions realized.

Brutally Assaulted.

Toronto, Sept. 14.—John Scott, 23 Elm street, was assaulted early this morning by two men opposite the Elm Street Methodist Church. They came upon him unawares, threw him to the pavement, and, after maltreating him dreadfully, left him. His family missed him after 12 o'clock and went to look for him. They found him in front of the church. They immediately requisitioned a police ambulance and had him taken to St. Michaels' Hospital. It was said there early this morning that he had a severe fracture of the skull, and that it was not likely that he would survive.

A new broom sweeps clean, but it soon becomes old.

Store Windows Blown Out.

Brockville, Sept. 14.—The village of Elgin was startled by a terrific explosion which occurred in the Ripley grocery store and was caused by escaping acetylene gas from the generator coming in contact with the lights in the store when the cellar door was opened. The damage to the stock was comparatively light, the greatest damage being the loss of the two large front windows which were blown out completely.

No fire followed the explosion and the loss is covered by insurance. The occupants of the building escaped injury

Mentioned for Ottawa Commission.

Ottawa, Sept. 14.—The names of W. H. Rowley of Hull and Controller Parent of Ottawa are prominently mentioned for the vacancies on the Ottawa improvement commission in succession to Senator Frost of Smith's Falls and Joseph Ropelle of Ottawa, both of whom have resigned. The appointment will be made by the Federal court.

DEATH FROM POISON.

Coroner's Jury In Zeipe Case Implicates No One.

Hamilton, Sept. 14—That Rose Zeipe died from strychnine poisoning, but by whom the poison was administered could not be determined, was the verdict returned last night by Coroner Rennie's jury, who investigated the 19-year-old girl's death.

The evidence of Analyst Rogers, assistant to Provincial Analyst Ellis, to the effect that one and one-tenth grains of strychnine was found in the dead girl's stomach, and its contents was the only material information added to the case.

Excepting for this evidence, the principal features of last night's session of the inquest were the recital of the sordid details of the relations between James Bruce and his wife, and the presence of a crowd of morbidly curious people who packed the court room at the central police station, and stood straining their ears to catch fragments of the evidence, in the corridors after the court room doors had been closed.

At the conclusion of the evidence Crown Attorney Washington announced that Bruce had the right to make a statement if he desired to do so.

C. W. Bell, Bruce's counsel, then stated that in view of the fact that his client had been detained in connection with the case, he would decline to make a statement. Neither the police nor Crown Attorney Washington last night would say what the next move would be in the case.

Thanksgiving Service

The annual Thanksgiving service of St. Mark's church, Otonabee, will be held on September 22nd. The Rev. Mr. Price will be in charge of the service.

The annual high tea and concert of St. Mark's church will be held in the Foresters' Hall, Otonabee, on the evening of Sept. 24th. 3d1w

AN IMPOSING FUNERAL.

Late Emperor of Japan Is Carried to Burying Place.

Tokio, Sept. 14.—The second part of the ceremonies in connection with the funeral of the late Emperor of Japan, Mutsuhito, took place last night, when the casket containing the body started on its journey to Aoyama, when it will be taken to Monoyama for final burial.

Imposing as was the ceremonial attended by the great dignitaries in the palace earlier in the day, when the funeral service, serving to emphasise the contrast between the ancient Shinto rites and the twentieth century militarism, was conducted, the passage of the funeral car through the streets was even more impressive. Hundreds of thousands stood for hours in absolute silence along the route

The streets and boulevards were brilliantly lighted by torches and arc lights, intersecting which were placed large sacred trees, and at frequent intervals black and white cloth covered poles surmounted by wreaths of evergreens.

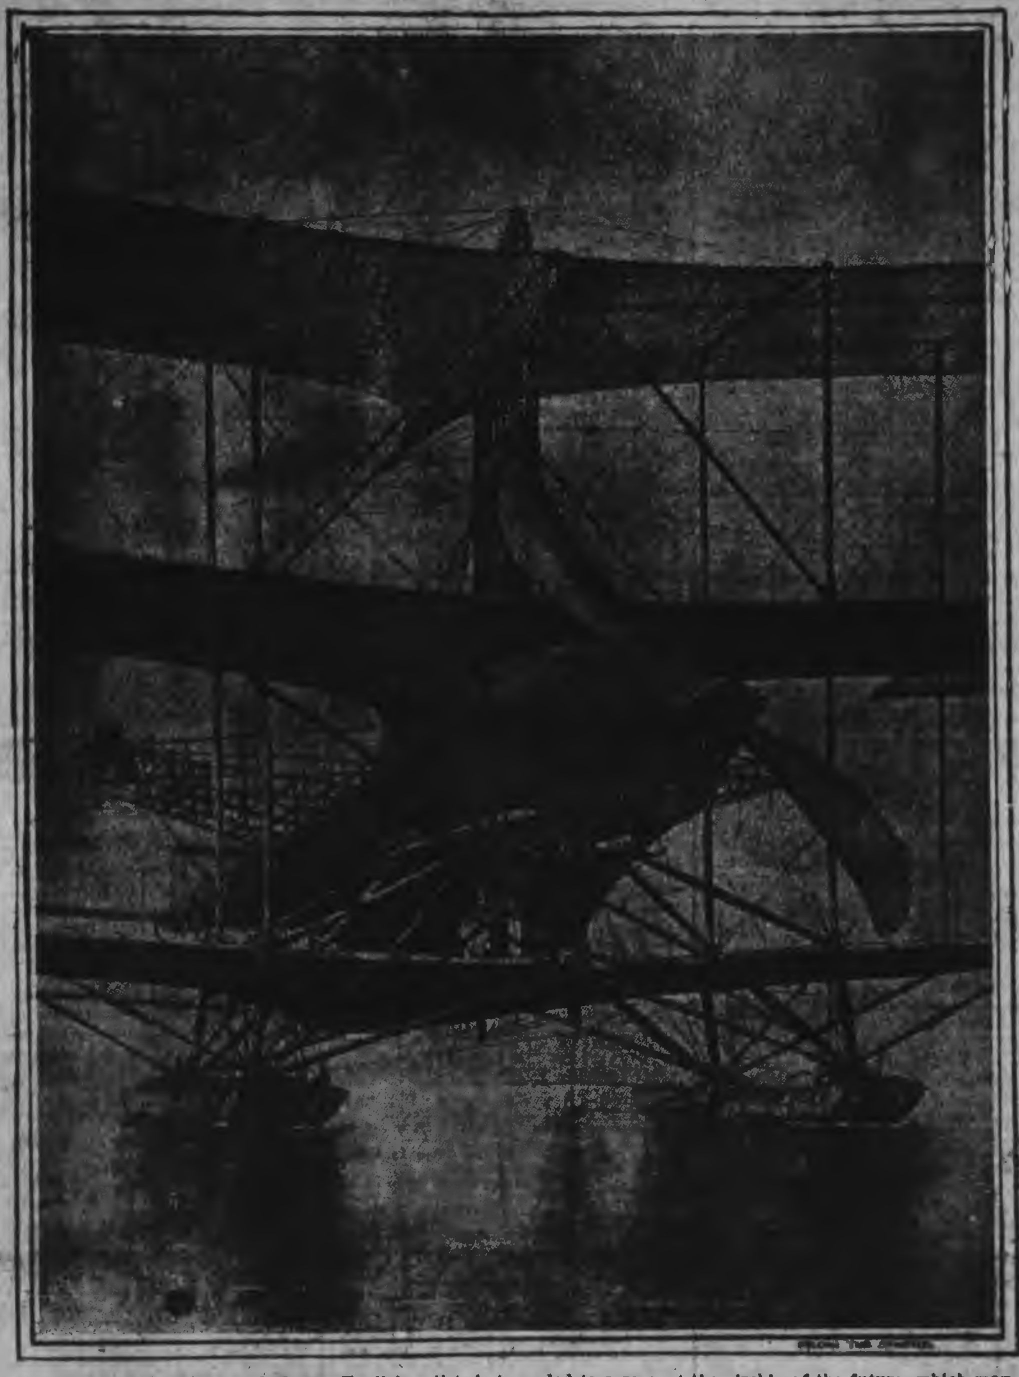
The funeral car, attended by a large number of Japanese of high rank wearing the ancient national court mourning costume, consisting of an upper robe of horse chestnut color, dull-colored loose trousers and coronet caps of black silk, was then brought to the gate. To the wailing notes of a Shinto dirge the immense coffin was wheeled from the main hall. Chamberlains marched in front of the funeral car, and following it were the grand master of ceremonies, bearing the departed monarch's sword, and the master of the household, carrying the imperial sword of state. On each side of the casket walked high officials of the household carrying lighted candles.

The hanging screen in front of the catafalque was removed by the ritualists, and the Shinto band played a soft dirge on instruments resembling flutes of three kinds, and peculiar drums. The chief ritualist and his assistants offered the offerings of sacred food, after which other offerings of red and white cloth enclosed in widdow boxes were made. Prayers for the dead were recited by the chief ritualist.

Then the Emperor, the Empress, the Dowager Empress and the princes and princesses advanced toward the casket and worshipped the spirit of the departed Emperor.

The funeral services will extend over a period of three days, and will cost about $1,000,000.

THE FUTURE 'AIRLINER' AS DRAWN BY AN ENGLISH ARTIST.



The above drawing, made by an English artist, is intended to represent the airship of the future, which may be a substitute for the great ocean liners of the present time such as the Mauretania and the Olympic. The date for the arrival of this great sea monster is set for 1930. It is to be a hydro triplane and the finest product of modern science and engineering.

COL. SAM NOT FOR GERMANY

London, Sept. 14.—(C.A.P. Cable.)—Col. Sam Hughes, Major Robertson and Col. Landry returned last night, having shortened their visit to France to attend the launching of H.M.S. Audacious from Cammell's and Laird's shipbuilding yard, Birkenhead, this afternoon. The launching and naming ceremony will be performed by the Countess of Litton.

Col. Hughes, referring to his visit to France, said they attended the manoeuvres at the express invitation of the French War Office, and were given a cordial reception by the French officers.

Col. Hughes now finds it impossible to attend the German grand manoeuvres next week, owing to the clashing with the British manoeuvres proper, which also begin Monday.

"I have had a hearty invitation to go," said Col. Hughes, "but I can't be in two places at once."

Six Months for Fraud.

Toronto, Sept. 14.—Ernest B. Burleigh, on four charges of false pretences, aggregating in all $425.45, was sent to the Central Prison for six months by Magistrate Denison in the police court yesterday. Burleigh's operations were in fake real estate deals. He represented himself as being an agent for a Calgary real estate firm and sold lands purporting to be for sale by that company. He had blue prints of the lands, and was able to sell quantities of it to various Toronto people. One local woman was victimised to the extent of $250. The others lost lesser amounts. They have no redress, consequently the amounts they paid are a total loss to them.

THE HUNGRY AT THE FAIR WERE ALL WELL FED

"Feeding the hungry" was one of the feature events at the Peterborough Exhibition Grounds yesterday, and the quantity of all kinds of edibles disposed of by the ladies, was of course, very large.

The booths certainly are a great help to the Exhibition visitors and to the Exhibition itself.

In the one case the people can get a good square meal and in the other, the receipts for booth privileges help to swell the finances.

Park street ladies, for instance, paid $40 for the privilege of operating their booth, while the ladies of All Saints', paid $60.

INSPECTORSHIP ON NEW YORK POLICE COST $15000

Inspectorship in New York Police Force Cost $15,000.

Commissioner Waldo Before Board of Investigatin Says a Captain Was Asked to Pay That Sum to "Politicians and Others" Before Being Promoted — Police Head Warmly Rejects Immunity.

New York, Sept. 14.—The sum of $15,000 was the price asked of a police captain by "politicians and others" for promotion to the office of inspector, according to testimony given by Police Commissioner Waldo yesterday as a witness before the aldermanic committee, which is investigating alleged corruption in the police department. Mr. Waldo swore that he had an affidavit from a captain that he was approached and asked to give such a sum for his promotion.

The commissioner was not asked as to the identity of the police captain or the "politicians and otherwise," but last night Mr. Buckner, counsel for the aldermen, sent a letter to Mr. Waldo asking him to produce the affidavit.

"Do you," asked Mr. Buckner, "do you waive immunity, Mr. Waldo, in case your testimony—" He did not finish.

"I don't want any immunity and I don't waive it," snapped the commissioner. "Furthermore, I do not understand that this committee has any right to grant anybody immunity. I consider the mention of such a matter a gratuitous insult."

"Do you want immunity," insisted Mr. Buckner.

"I consider this an insult," repeated the witness.

"Then I understand that you would refuse immunity," broke in the examiner.

Mr. Waldo's voice was shaking with emotion now. He leaned forward and again exclaimed that he considered such a matter unnecessary.

"Well, then," said Mr. Buckner, pleasantly, "we'll drop it."

Mr. Buckner plunged into a list of about thirty men who have been appointed to the force during Waldo's administration, after having been rejected in the preceding administration of Commissioner Cropsey for various crimes and other unfitness.

"The demoralization of the entire department is due to the civil service," said Mr. Buckner.

"I deny that allegation," flared up Mr. Waldo. "There is no finer body of men in the world than the New York police force."

"You don't think it worth while to investigate personally the character of a man who later might become an inspector," pursued Mr. Buckner.

"Before he could become an inspector," answered the commissioner, "he would have to pass a civil service examination for lieutenant, another for captain, and another for inspector. Unless he passed them, he could not be an inspector. That is the way the new men are promoted in the department now. I have an affidavit from a captain in which he says he was told he would not be made an inspector unless he put up $15,000. He didn't pay and he was not appointed. The committee can have the affidavit if they want it."

"Pay $15,000 to whom?"

"To politicians and others."

This statement created a stir among the audience and resulted, after Mr. Waldo had left the stand, in a request that he make public the name of the police captain who had made the affidavit. Mr. Waldo would only reiterate that the committee could have the affidavit if they wanted it, adding that the committee would be privileged to make it public.

The hearing was adjourned until Wednesday next, when Mr. Waldo will resume the stand.

OFFERINGS AT THE MARKET

Buyers at the market to-day were greeted with an abundance of tomatoes, and, as was the case last Saturday, plums and green gages

Chickens, 35c to 40c. each.

were plentiful. Apples are becoming more plentiful and several different varieties were noticed this morning.

The prices were:

Butter, 30c. per lb.

Eggs, 25c per doz.

Ducks, 50c each.

Peaches, 15c, 20c, 25c. per doz, 55c. per small basket.

Apples, 20c per pk., $1 20 per bag.

Plums, large, 3 qts. for 25c.

Plums, small, 4 qts. for 25c.

Pickling cucumbers, 3 qts. for 25c.

Cucumbers, 4 for 5c.

Celery, 10c. bunch.

Cabbage, 5c and 6c. per head.

Tomatoes, 30c per basket.

Corn, 10c per doz.

Carrots, 5c per bunch.

Onions, 35c per pk.

Pickling onions, 3 qts. for 25c.

Beets 5c per bunch.

Potatoes, $1 per bag.

Vegetable Marrow, 10c.

Cauliflower, 10c per head.

LABOR MEN WANT LEMIEUX MEASURE REPEALED

Labor Congress Dissatisfied With Lemieux Measure.

Sharp Criticism Is Directed at the Labor Disputes Law, Framed by the Laurier Government, and Delegates In Committee Vote to Ask Its Abolition—Question of Organizers Comes Up For Debate.

Guelph, Sept. 14.—A discussion of the Industrial Disputes Act, otherwise known as the Lemieux Act, was the order of yesterday afternoon's session of the Trades and Labor Congress, Sir George Askwith being an interested spectator. Opinion was strongly against the measure, and the delegates voted in the committee stage in favor of endorsing the resolution of last year, asking the repeal of the act.

Magnus Sinclair of Toronto pointed out defects in the act, though, he said, street railway men had gained in some ways from its operations. He contended that if the men were properly organised they would be able to settle difficulties without conciliation laws.

Delegate Hoop of Winnipeg said the act was not wanted in the central west, it took away the right of striking and the spirit of the measure was wrong.

Delegate McLennan, Nova Scotia, opposed the act because it defined the power to strike. Delegate Rigg, Winnipeg, took the same ground, maintaining that the Lemieux Act invariably worked out to the benefit of the companies. Delegate Fisher corroborated, maintaining that the cattle on the farms had better conditions of existence than many of the miners of Nova Scotia. Organizer Bruce admitted the good to certain strong organisations through the act, though opposed to it. Delegate Lowe, Kingston, favored it.

Delegate Wilkinson, Vancouver, said the principal fault with the act was the long waits until a finding was made and that in almost every case, the chairman of the arbitration committee was opposed to the workers. Other delegates took part, nearly all condemning some phase of the Lemieux bill.

The harmony and good-will at the Labor Congress was rudely disturbed shortly before noon yesterday.

The resolution of Delegate Rolls of Hamilton, that the congress confine itself to legislative matters and discontinue spending its members' money on organizers precipitated a discussion which threatened at times to become violent.

Magnus Sinclair of Toronto denounced the proposition as the product of a "disgruntled imagination." Delegate Arcaud of Montreal, on the other hand, vigorously opposed the work of the organisers who had spent their money to help the Amalgamated Carpenter, "the worst enemies the United Brotherhood had."

James Simpson made a vigorous defence of the organisers. They had done much to consolidate the laborers and make the Trades and Labor Congress the representative body it was.

At noon the debate was getting hotter when Alphonse Verville, M.P., moved the adjournment of the debate, but the delegates were determined to finish the fight while they were hot and carried a motion to continue in session till the question was disposed of. A few minutes later a motion was sprung calling for the previous question. Immediately a dozen more were on their feet demanding to be heard. One delegate accused a member of applying "steam roller" methods. The retort was "I would rather be a steam roller than a gas pipe."

Delegate O'Dell of Hamilton remained on his feet and made a determined effort to speak through a fusilade of cries of "question."

The resolution was defeated and the session broke up, the debate still being continued by groups of heated delegates all over the hall.

Delegate MacLennan of Springhill, N.S., presented a resolution asking for legislation making it illegal for private corporations such as the Nova Scotia Steel Co. to employ private police.

Resolutions aimed at wider freedom of speech, the universal eight-hour day, asking for legislation making it an offence for employers to hire help without notifying them if there was a strike or lock-out in progress, were introduced. All three carried with unanimity.

Saw Husband's Dead Body, Suicides.

Trois Pistoles, Que., Sept. 14.—Two men, Alfred Gagnon and Arsene Ouellette, were killed on the Intercolonial Railway yesterday, and the wife of Ouellette committed suicide when the body of her husband was taken home.

The men were out driving and their rig was struck on a level crossing. Gagnon and Ouellette were horribly mutilated, and the horse they were driving was also killed.

When Ouellette's body was taken to his home, his wife looked at it, and then rushing shrieking into a back room, stabbed herself in the throat with a table knife.

The Ouellettes had only been married a short time.

FARMERS PROVE GOOD SLEUTHS

Berlin, Sept. 14.—The efforts of J. S. McNally and Dr. Henhoeffer, members of the Waterloo County Farmers' Protective Association, have resulted in the recovery of three horses lost by three farmers during the past two years.

After waiting for two years for the county police to do something, they set out themselves on a clue and after a careful search among the farmers around Tavistock, they were successful in locating the missing animals. They quietly returned to Berlin and a further investigation followed, with the result that the horses were recovered and John Hubbell of Stratford has been arrested and brought to Berlin for trial.

Buying Land In North.

Toronto, Sept. 14.—The fact that American capitalists realize the advantages of Northern Ontario is again proven by the purchase of between 80,000 and 100,000 acres of land in the Nipissing district of Northern Ontario by a syndicate of United States men, who intended to colonize it and open it up for agricultural purposes.

The land, instead of being purchased from the Government, is being bought through agents, who deal in veterans' land grants, and from the veterans themselves. In this way the purchasers get the title to the land. The purchasers of land recently by the Government for similar purposes did not get the title, and will not until they have proven that their scheme is a good one. The men now buying get the title deeds which were given to the veterans when they received their land grants.

THEY FELT MORE THAN THE PANE

Two Men Went Through One of Barrie's Windows.

There are costlier things for a drunken man than to fall into the hands of the law and be assessed with a nominal fine.

This morning, shortly after ten o'clock, two men were standing at the corner of Simcoe and George streets when a slight dispute arose between them, and in the heat of their discussion, and the effects of the alcohol, they plunged through one of Barrie's Simcoe street windows.

They were promptly take in charge by the clerks there, and agreed to pay for the window, which is a large one and will cost in the neighborhood of $50.

The men themselves were only slightly cut.

The Peterboro Hardware Company are replacing the glass.

China Fails Again.

Washington, Sept. 14.—The expectations of the State Department have been fully justified in the complete collapse of the effort of certain private interests to conclude a $50,000,000 loan to China in the face of the known disapproval of the great powers.

More Pay for Ministers.

Kingston, Sept. 14.—The Methodists of Kingston district have completed a comprehensive campaign for increased ministerial support. In twelve circuits ministers' salaries have been increased $100 and over.

FROM CANADIAN GENERAL ELECTRIC TO THE FOREIGN MISSION FIELD

From Canadian Gen Elec to

Mr. Harry Wilkie, so well and popularly known in Peterborough, will speak in Knox church to-morrow night at a farewell service before leaving for his field of service in India. Mr. Wilkie is the son of the famous missionary, Rev. Dr. Wilkie, and therefore has strong missionary blood in his veins. But when he came to Peterborough six years ago he had no thought of the mission field or the ministry. He was a junior student of Toronto University School of Science, and came to the Canadian General Electric to take the students' work. While working there he became attached to Knox church, and the young men of the church remember with gratitude his services on their behalf. He was a devoted worker in the Sabbath school and a favorite with everyone. It was not surprising when with such manifest gifts of leadership he announced his intention of giving up his work in the Canadian General to study for the ministry. He has just completed his theological course in the McCormick Theological Seminary, and will leave in a few weeks for India, as an assistant to his father. His many friends in Peterborough will rejoice at this opportunity of hearing Rev. Mr. Wilkie and bidding him God-speed on his mission to India.

REV. H. D. KENNEDY AT MURRAY STREET

The pulpit of Murray street Baptist church will be occupied tomorrow evening by the Rev. H. D. Kennedy, who is at present visiting his parents, Mr. and Mrs. Dawson Kennedy, Water street.

Rev. Mr. Kennedy has spent five years in California as travelling evangelist, and last year he was in Indiana. His next work will be in Michigan. He will have something of interest and profit for the congregation of Murray street church to-morrow evening.

"Marvelous Recovery"

Montreal Man So Ill With Dyspepsia Thought He Would Die.

No more convincing evidence was ever put on paper than the following letter from one of Montreal's well-known citizens, Mr. D. R. Larose, of 338 Joliette street.

"Permit me to write you a few words concerning Dr. Hamilton's Pills. I suffered from dyspepsia and indigestion for five years. I suffered so much that I could hardly attend to my work. I was weak and lost all courage. I enjoyed no rest until I decided to follow your treatment, after having read your advertisement in the paper. To my great surprise I immediately began to feel better. I am now using the second box and I feel so well that I want to tell you that I owe this great change to your famous pills. I recommend them to every person who is suffering from dyspepsia. Your grateful servant, D. R. Larose, 338 Joliette st., Montreal, P.Q.

Let all who have weak stomachs and those who suffer with indigestion, headaches, biliousness, know they can be perfectly cured by Dr. Hamilton's Pills. Successfully used for many years, mild and safe, 25c per box, all dealers, or The Catarrhozone Co., Kingston, Ont.

Dr. Hamilton's Pills Cure Dyspepsia

EVENING CLASSES

The Evening Classes at the Peterborough Business College afford an excellent opportunity to ambitious young people to improve their education. Your leisure hours could be spent very profitably and your daily duties could be continued as before. These classes are held on MONDAY, WEDNESDAY and FRIDAY nights, beginning September 11th. Students admitted at any time, individual instruction. [illegible]

SATURDAY, SEPT. 14, 1912.

THE BRITISH POLITICAL OUTLOOK

The result of the Midlothian election in Scotland, giving the Unionists the strongest Liberal seat in the country, the seat that for twenty years, was held by Hon. W. E. Gladstone, is the worst blow the Asquith government has yet sustained. Of the many losses, even that in Manchester, where Sir John Randles was elected, though a tariff reformer, the turn-over in Midlothian is much the most significant. It cannot be argued that the Unionist would have won anyway, though it is undoubtedly true that many of the Labor votes that were cast for the Labor candidate, would have gone to the Unionist rather than to the Liberal, if the Labor men had not contested the seat. The split between the Liberal and Labor elements of the coalition is becoming much more pronounced, and it is only a matter of time before the rupture forces the Asquith ministry out, and brings a Unionist ministry in.

The difference between the Labor and Liberal elements of the coalition arises over the lengths to which they are respectively willing to go in labor and social legislation. The Lloyd George wing of the cabinet has been steadily losing caste with the regular liberals, and even Lloyd George is unable, Socialist though he is, to keep pace with the revolutionary demands of some of his Labor supporters. The patrician and conservative Liberals are becoming more and more shocked at the excesses to which the Radicals are willing to commit the party. The latest evidence of this, is the reported intention of Winston Churchill to ally himself again with the Unionists though how he can bridge over his attitude on Home Rule and Tariff Reform is not for the moment quite clear. The Churchill and Lloyd George antagonism will probably widen within the very near future to a breaking point, and then we will see the beginning of the party disintegration that started when Gladstone associated himself, though a patrician Liberal, with the more Radical element of the party.

THE WESTERN SACRIFICE

The manufacturing census has shown that from 1900 and 1910, the manufacturing products of the three Prairie Provinces have grown from $35,000,000 to $70,000,000. They have doubled within three or four years, and since 1910 have grown in even greater proportion. The significance of this growth must be plain to the people of the west. It means that with a continuance of the National Policy, with the manufacturing prosperity of Canada continued, they will participate largely in the industrial development. The western cities and towns will become manufacturing centres like those of Ontario, and the farmers will have a good home market such as that which sustains the farmers of Onatrio.

The agitation for free trade, and for the sacrifice of the manufacturing interests of Ontario, which the Grain Growers have carried on is hurting the prospects of the Western cities becoming manufacturing centres. Some of the farmers of the west are prepared to put their own urban population on the altar as a burnt offering to free trade. Surely, the western cities and towns that are about to develop into manufacturing centres of some importance, do not support a policy that would keep them as mere distributors of wares to the farm. The people of the west cannot afford to invite a destruction of the Canadian National Policy any more than the people of the East.

THE BI-LINGUAL SCHOOLS

There promises to be some trouble over the new bi-lingual school regulations. The Ottawa Separate School Board has passed two resolutions protesting against the precedence given to the English language in the lower forms of bi-lingual schools, against the appointment of three English Protestant inspectors over the heads of the bi-lingual Roman Catholic inspectors, and declaring that it is detrimental to the Catholic teachers and Catholic population to have a non-Catholic at the head of the bi-lingual training school. Other school boards have declared their sympathy with this stand, but have not yet taken direct action.

It was almost to be expected that the French school trustees would not let the new regulations go without a protest. Their protest is in itself evidence that they have been using the public schools for the propagation of the French language, instead of giving their children equal training in the English language. The appointments of English and Protestant inspectors by the Whitney Government was made because it had been found that the French and Roman Catholic inspectors had been giving too much favor to the teaching of French in the schools. We do not think that the fact that the appointees are Protestants will militate against the interests of the Catholic church in the conduct of the separate schools, or of the bi-lingual schools. The point of difference should not become so much a matter of what religion the supervising heads of the institutions are, but of what the regulations are, and of how the disposition will be made of the Catholic staff.

As far as the French language in the schools is concerned, the Whitney Government showed splendid courage in going about the reformation of the bi-lingual schools in the drastic way it did. Even its political opponents gasped at its temerity in touching a question that affected such large voting population in so drastic a manner. It was so in contrast to Mr. Rowell's shilly-shallying course on the question at election time that the supporters of Sir James Whitney felt that when he was wanted, the "autocrat" was right there with the goods. What the outcome of the trouble may be is hard to say, but we think that the Separate School Board of Ottawa would do well to let the opposition to the using of the English language as the chief language of instruction drop out of sight.

CANADA TO-DAY

Ups and Downs, a publication issued under the auspices of Dr. Barnardo's Canadian Homes, has the following comment:—

There was a time, and not so very long ago, when we should have regarded it as useless and almost unreasonable to make any appeal for funds in Canada. The country was looked upon as too poor and too backward and undeveloped, and its communities as too young and struggling, to be able to contribute anything beyond their immediate and local needs. We can, indeed, recall hearing at missionary meetings and elsewhere in England appeals for money and even for cast-off clothing for the "poor settlers" in Canada. The impression of Canada and its inhabitants conveyed at such meetings was that of a number of small communities of struggling settlers, living amidst much poverty and hardship in isolated clearings in the heart of almost impenetrable forests, residing in mean little log cabins, cut off from civilization and enduring the rigors of an Arctic climate. To-day, Canada is unquestionably the most prosperous and progressive country in the world, and potentially one of the most wealthy. Its exhaustless agricultural and mineral resources are being developed at an amazing rate, its gigantic railway systems are extending at a pace that no other country has ever known and are still unable to meet the demands of the traffic that has been created. Its magnificent cities are increasing at an almost incredible rate. Its industries are everywhere flourishing, its trade expanding by leaps and bounds, and huge wealth is being heaped up by individuals and corporations. The majority of those who would contribute towards such an object as Dr. Barnardo's Homes can even afford to be generous, and would give not out of their poverty, but out of their abundance. And while it is true that Canadians are, as a whole, thrifty and careful, and there is not the lavishness and ostentatious display of wealth that is so noticeable, often so nauseating, amongst our cousins across the boundary, yet meanness and niggardliness are not Canadian characteristics. They can give and give liberally, to any cause that they believe to be deserving and which is presented in a manner that appeals to their sympathies. And this is just the manner in which we believe Mr. Mayers will present the cause of the Homes, and we predict for him at least as successful a tour in Canada as those that he made in Australia, if not much more so.

SANOL

A German Specialist's Discovery Will positively cure

Kidney Trouble

GALL STONES, KIDNEY STONES, GRAVEL AND ALL AILMENTS OF URIC ACID ORIGIN.

The only positive cure for Gravel

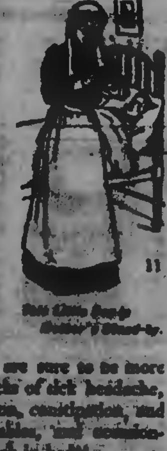
Price $1.50 per bottle in liquid from Druggists

McDermid & Jury

THE HOME PHYSICIAN

Dr. Morse's Indian Root Pills Cure Most of the Family's Ills.



Perhaps if the children, and the "grown-ups" too, always ate exactly the right quantities of exactly the right things, at just the proper times, and in every other way obeyed the rules of health, there would be no illness in the family, and no need of medicine.

But they never have and probably never will, so in every family there are sure to be more or less frequent attacks of sick headache, biliousness, indigestion, constipation, and kidney and liver troubles, and occasionally some one is "sick in bed".

It is worth a good deal to the mother, then, to have on hand that perfectly safe and reliable remedy for these ills —

Dr. Morse's Indian Root Pills.

They invigorate those organs which cleanse the body of waste and impurities, regulating the bowels, stimulating the kidneys and opening the pores of the skin.

Thus *Dr. Morse's Indian Root Pills* cure the common ailments and keep the family healthy. This they have been doing for over half a century in every part of the world.

Don't Grow Bald, Young Man!

Take Care of Your Hair While You Have Hair to Take Care Of.

It's a safe ten to one bet that the young man who uses PARISIAN Sage as an occasional hair dressing will never grow bald.

There's a reason, of course, and it's a very good and sufficient one.

Dandruff germs cause falling hair and falling hair means thinner hair and in due time baldness.

PARISIAN Sage prevents baldness by destroying the cause of baldness—the little persistent vociferous dandruff germ.

If you have dandruff or itching scalp it means that dandruff germs are sapping the vitality from the roots of your hair. Get rid of all hair troubles by using PARISIAN Sage.

It is not a dye, mind you, neither does it contain poisonous sugar of lead or even sulphur. It is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch and makes hair grow lustrous and luxuriant.

Many young women as well as men are growing bald and for the same reason.

Use delightful, refreshing PARISIAN Sage; it nourishes the hair roots if the roots are not dead, and brings to every user a head of glorious hair—radiant and fascinating. Large bottle for 50 cents at drug stores and toilet counters. See that you get PARISIAN Sage.

Wm. Madill guarantees it.

DATES OF FALL FAIRS

The Central Fairs Association arranged the following schedule of dates of the fall fairs:

Lindsay, Sept. 19, 20, 21.
Port Hope, Sept. 24, 25.
Marmora, Sept. 16, 17.

Ameliasburg, Oct. 4, 6.

THE MARKET

Latest Quotations in Grain Dairy Products, Live Stock Etc

Liverpool and Chicago Wheat Futures Close Higher—Live Stock—Latest Quotations.

CHICAGO, Sept. 13.—Revival of export demand today helped to bring about an advance in wheat. The close was unsettled, 7-8c to 1 1-4c, above last night. Corn closed from 1-4c off to a like advance, oats with a gain of 1-4c to 5-8c and provisions irregular, strung out from 5c decline to a rise of 10c.

The Liverpool market closed today 1/4d to 3/4d higher on wheat, and 1/4d higher to 1/4d lower on corn. Berlin closed unchanged, Antwerp unchanged. Holiday at Budapest.

Montreal Grain and Produce.

MONTREAL, Sept. 13.—The foreign demand for wheat was good and cables were firm, but owing to the advance in prices in the Winnipeg market no further sales were made. The demand for oats continues good, and some business was done over the cable. Local prices are very firm and supplies for sale light. There is some demand for new crop Ontario malting barley. Demand for flour continues good, and some fair-sized lots were sold over the cable. Local trade fair and prices steady. Millfeed firm under a good demand. Cheese dull, weak and lower. Butter active, strong and higher. Sales for western account and coast this week, 90 cars. Eggs active at an advance of 1c. Provisions steady.

Corn—American, No. 3 yellow, 87c.

Oats—Canadian western, No. 2, 50½c to 51c; No. 3, 49c to 49½c; extra No. 1 feed, 50c to 50½c.

Barley—Man. feed, 60c to 61c; malting, 70c to 75c.

Buckwheat—No. 2, 74c to 75c.

Flour—Manitoba spring wheat patents firsts, $5.80; seconds, $5.30; strong bakers, $5.10; winter patents, choice, $5.35; straight rollers, $4.85 to $4.90; bags, $2.25 to $2.35.

Rolled oats—Barrels, $4.80; bags, 90 lbs., $2.27½.

Millfeed—Bran, $23; shorts, $27; middlings, $28 to $29; moullie, $30 to $34.

Hay—No. 2, per ton, car lots, $13.50 to $14.

Cheese—Finest westerns, 13¾c to 13⅞c; finest easterns, 13½c to 13⅝c.

Butter—Choicest creamery, 27¼c to 27¾c; seconds, 26½c to 26¾c.

Eggs—Selected, 28c to 30c; No. 2 stock, 21c to 22c.

Potatoes—Per bag, car lots, 75c to 80c.

Hogs—Dressed, abattoir killed, $12 to $12.50.

Pork—Heavy Canada short mess, bbls., 35 to 45 pieces, $27; bbls., 45 to 55 pieces, $27.

Lard—Compound, tierces, 375 lbs., $10.25; wood pails, 20 lbs. net, $14.75; pure, tierces, 375 lbs., $14.25; wood pails, 20 lbs. net, $14.75.

Liverpool Grain and Produce.

LIVERPOOL, Sept. 13.—Closing—Wheat—Spot steady; No. 1 Manitoba not quoted; No. 3 Manitoba, 8s 3½d. Futures firm; October 7s 8¾d, December 7s 5¾d.

Corn—Spot quiet; American mixed, old, no stock; do., new, mixed, kiln-dried, 7s 3½d. Futures firm; Sept. 5s 4¾d, Dec. 5s 1¼d.

WHY SHOULD NOT OLD PEOPLE RETAIN THEIR YOUTHFUL VIGOR

No Reason Why Men And Women Of Sixty, Seventy And Eighty Should Not Be Well—The Secret Of Happy Old Age

"Fruit-a-tives", The Famous Medicine Made Of Fresh Fruit Juices, Again Proves Its Great Value In Curing Kidney Trouble.

Old age pays the cost of living. Few men and women of fifty, sixty and seventy are free of Kidney Trouble. Hard work, mental strain and general debility, tell in the long run. And many men and women show they have Kidney Trouble by suffering with pain in the back, headaches, rheumatism, sciatica, bladder disease.

To such people "Fruit-a-tives" has proved one of the wonders of the age—and the most remarkable discovery of the century in modern medical science. This fruit medicine has performed hundreds of cures where the sufferer had been told that the case was incurable.

Take, for instance, Mr. Geo. W. Barkley, a prosperous farmer and one of the leading citizens of Dundas County, Ontario.

At seventy-six, he is the picture of health—with the vigorous actions and the sprightly step of a man of fifty.

Yet for twenty years, he suffered with Kidney Trouble. He took "Fruit-a-tives" and it cured him.

CHESTERVILLE, ONT., JAN. 25th, 1911

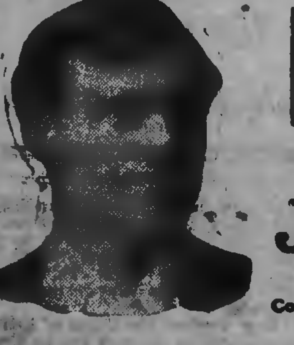
"For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and said I would be a sufferer all the rest of my life. Nearly a year ago, I tried "Fruit-a-tives". I have been using them all the time since and am glad to say that I am cured. I give "Fruit-a-tives" the credit of doing what the doctors said was impossible."

GEO. W. BARKLEY.

"Fruit-a-tives" is the only medicine in the world made of fruit, and is the only one that acts directly on the kidneys. It cures. 50c. a box, 6 for $2.50 or trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Adventure

A Romance of The South Seas



BY

JACK LONDON

Copyright, 1910, by Street & Smith
Copyright, 1911, by the Macmillan Company

It was one man against two hundred, and he was horribly afraid of his sickness overpowering him and leaving him at their mercy. He saw visions of the blacks taking charge of the plantation, looting the store, burning the buildings and escaping to Malaita. Also one gruesome vision he caught of his own head, sun dried and smoke cured, ornamenting the canoe house of a cannibal village. Either the Jessie would have to arrive or he would have to do something.

The bell had hardly rung, sending the laborers into the fields, when Sheldon had a visitor. Forty men, armed with spears, bows and arrows and war clubs, gathered outside the gate of the compound, but only one entered. They knew the law of Berande, as every native knew the law of every white man's compound in all the thousand miles of the far flung Solomons. The one man who came up the path Sheldon recognized as Seelee, the chief of Balesuna village. The savage did not mount the steps, but stood beneath and talked to the white lord above.

Seelee was more intelligent than the average of his kind, but his intelligence only emphasized the lowness of that kind. His eyes, close together and small, advertised cruelty and craftiness. A gee string and a cartridge belt were all the clothes he wore.

As he talked, or listened, he made grimaces like a monkey. He said yes by dropping his eyelids and thrusting his chin forward. He spoke with childish arrogance strangely at variance with the subservient position he occupied beneath the veranda. He, with his many followers, was lord and master of Balesuna village. But the white man, without followers, was lord and master of Berande—ay, and on occasion, single handed, had made himself lord and master of Balesuna village as well. Seelee did not like to remember that episode. It had occurred in the course of learning the nature of white men and of learning to abominate them. He had once been guilty of sheltering three runaways from Berande.

Unfortunately, he was ignorant of the ways of white men. This particular white man educated him by arriving at his grass house in the gray of dawn. In the first moment he had felt amused. He was so perfectly safe in the midst of his village. But the next moment, and before he could cry out, a pair of handcuffs on the white man's knuckles had landed on his mouth, knocking the cry of alarm back down his throat. Also, the white man's other fist had caught him under the ear and left him without further interest in what was happening. When he came to he found himself in the white man's whaleboat on the way to Berande. When his tribe had returned the three runaways, he was given his freedom. And finally, the terrible white man had fined him and Balesuna village ten thousand cocoanuts. After that he had sheltered no more runaway Malaita men. Instead, he had gone into the business of catching them. It was safer. Besides, he was paid one case of tobacco per head. But if he ever got a chance at that white man, if he ever caught him sick or stood at his back when he stumbled and fell on a bush trail—well, there would be a head that would fetch a price in Malaita.

Sheldon was pleased with what Seelee told him. The seventh man of the last batch of runaways had been caught and was even then at the gate. He was brought in, heavy featured and defiant, his arms bound with cocoanut sennit, the dry blood still on his body from the struggle with his captors.

"Me savvee you good fella, Seelee," Sheldon said, as the chief gulped down a [illegible] tumbler of raw trade gin. "Fella boy belong me you catch short time little bit. This fella boy strong fella too much. I give you fella one case tobacco—my word, one case tobacco. Then, you good fella along me, I give you three fathom calico, one fella knife big fella too much."

The tobacco and trade goods were brought from the store room by two house boys and turned over to the chief of Balesuna village, who accepted the additional reward with a noncommittal grunt and went away down the path to his canoes. Under Sheldon's directions, the house boys handcuffed the prisoner by hands and feet, around one of the pile supports of the house. At eleven o'clock, when the laborers came in from the field, Sheldon had them assembled in the compound before the veranda. Every able man was there, including those who were helping about the hospital. Even the women and the several pickaninnies of the plantation were lined up with the rest, two deep—a horde of naked savages a trifle under two hundred strong. Some wore penknives clasped on their kinky locks for safety. On the chest of one a china doorknob was suspended, on the chest of another the brass wheel of an alarm clock.

Facing them, clinging to the railing of the veranda for support, stood the sick white man. Any one of them could have knocked him over with the blow of a little finger. Despite his firearms, the gang could have rushed him and delivered that blow, when his head and the plantation would have been theirs. Hatred and murder and lust for revenge they possessed to overflowing. But one thing they lacked, the thing that he possessed—the flame of mastery that would not quench, that burned fiercely as ever in the disease wasted body.

"Narada! Billy!" Sheldon called sharply.

Two men slunk unwillingly forward and waited.

Sheldon gave the keys of the handcuffs to a house boy, who went under the house and loosed the prisoner.

"You fella Narada, you fella Billy, take um this fella boy along tree and make fast, hands high up," was Sheldon's command.

While this was being done one of the house boys fetched a heavy handled, heavy lashed whip. Sheldon began a speech.

"This fella Arunga, me cross along him too much. I no steal this fella Arunga. I no gammon. I say, 'All right you come along me Berande, work three fella year.' He say, 'All right, me come along you work three fella year.' He come. He catch plenty good fella kai kai (food) plenty good fella money. What name he run away? Me too much cross along him. I knock what name outa him fella. I pay Seelee, big fella master along Balesuna, one case tobacco catch that fella Arunga. All right. Arunga pay that fella case tobacco. Six pounds that fella Arunga pay. Alle same one year more that fella Arunga work Berande. All right. Now he catch ten fella whip three times. You fella Billy catch whip, give that fella Arunga ten fella three times. All fella boys look see, all fella Marys (women) look see; bime bye, they like run away they think strong fella too much, no run away. Billy, strong fella too much ten fella three times."

The house boy extended the whip to him, but Billy did not take it. Sheldon waited quietly. The eyes of all the cannibals were fixed upon him in doubt and fear and eagerness. It was the moment of test, whereby the lone white man was to live or be lost.

"Ten fella three times, Billy," Sheldon said encouragingly, though there was a certain metallic rasp in his voice.

Billy scowled, looked up and looked down, but did not move.

WIFE'S HEALTH RESTORED

Husband Declared Lydia E. Pinkham's Vegetable Compound Would Restore Her Health, And It Did.

Ashland, Ky. — "Four years ago I seemed to have everything the matter with me. I had female and kidney trouble and was so bad off I could hardly rest day or night. I doctored with all the best doctors in town and took many kinds of medicine but nothing did any good until I tried your wonderful remedy, Lydia E. Pinkham's Vegetable Compound. My husband said it would restore my health and it has."—MRS. MAY WYATT, Ashland, Ky.

There are probably hundreds of thousands of women in the United States who have been benefitted by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read What Another Woman says:

Camden, N. J.—"I had female trouble and a serious displacement and was tired and discouraged and unable to do my work. My doctors told me I never could be cured without an operation, but thanks to Lydia E. Pinkham's Vegetable Compound I am cured of that affliction and have recommended it to more than one of my friends with the best results."—MRS. ELLA JOHNSTON, 324 Vine St.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

"BROUGHT DOWN TO HELL."

—Matt. 11:20-30.—September 15.—

Text: "Come unto Me, all that labor and are heavy laden and I will give you rest."—V. 28.

TO-DAY'S STUDY tells of how our Lord upbraided the city where most of His mighty works had been done, because they repented not, because they did not note the power of God in their midst and gladly receive the Message. Such, Jesus declared, will be less prepared to appreciate the Kingdom in the future than will some what have never known Him. Tyre and Sidon, heathen cities, would have repented with far less preaching. It is but in harmony with Divine justice, therefore, that when the Great Day of God's favor and of the Messianic Kingdom shall dawn, the people of Tyre and Sidon shall have things still more favorable than the people of Chorazin and Bethsaida and Capernaum.

"Come unto Me."

Jesus declared that Capernaum had been exalted up to heaven — highly lifted up in point of privilege and Divine favor and blessing. This being true; it meant that in justice Capernaum's fall would be proportionate. She would fall from the heights of heavenly privilege and favor down to hell—to the grave.

And so to-day we find it difficult to locate that once great and beautiful city, so thoroughly has it been obliterated, brought down to the dust. Hearken further to the reason for this denouncement: "If the mighty works which have been done in thee had been done in Sodom, it would have remained unto this day; but I say unto you, It shall be more tolerable for the land of Sodom in the Day of Judgment than for thee."

Let us not mistake the lesson: While only those who fully accept Christ and consecrate their lives to His service will receive the spirit-begetting, or any share in the Heavenly Kingdom, all the remainder of mankind who come to any knowledge of the Lord and His mercy and blessing, and who refrain from rendering homage and from striving to walk in God's way, will proportionately disadvantage themselves in respect to the future life and the great blessings and privileges and opportunities to be brought to all mankind through Messiah's Kingdom and its reign of a thousand years.

It was in Jesus' day as it has ever since been, that not many of the great or rich or wise or learned had ears to hear the Gospel Message. The difficulty with this class is that the things of the present life so fill and satisfy that they have no hungering for the better things. Thus it has been that the majority of the followers of Jesus in every Age have been chiefly the poor of this world, rich in faith.

But hearken again to the words of Jesus—how peculiarly they read: "I thank Thee, O Father, Lord of heaven and earth, because Thou hast hid these thing from the wise and prudent and hast revealed them unto babes; even so, Father, for so it seemed good in Thy sight." How strangely those words once sounded to us, when we supposed that all who failed to receive the Message of Jesus, all who failed to make their "calling and election sure" to membership in the Bride class, would suffer some kind of an eternal torture!

How strange it seemed that Jesus should thank the Father that these things were hidden from some of the grandest and noblest and most brilliant of our race! But now, how clear! how plain! Jesus was preaching the Kingdom, and all who rejected His preaching rejected the Kingdom, and will lose it. This does not mean that they may not receive ultimately a blessing under that Kingdom, when it shall rule the world, and when all that are in their graves shall come forth to receive those very blessings which Jesus died to procure for them—the blessings of a trial, or judgment of a thousand years, to determine whether they will be accounted worthy of everlasting life, or of everlasting death, destruction.

Things of the present life.

All men are to be brought to a knowledge of the glory of God. The Scriptures declare, "The knowledge of the glory of God shall fill the whole earth." Jesus declared that no one can know the Father except as they know the Son, or as the Son reveals the Father to him. Hence those who have failed to recognize Jesus as the Son of God have not yet come to the full appreciation of their privileges. Blessed are our eyes, that now they see, and our ears that now they hear, that we may know Messiah, and through Him know the Father.

We are glad that all mankind in due time will be brought to a clear knowledge and full opportunity. But oh, how much greater is our blessing, besides the privilege of now being the sons of God, and joint-heirs in his glorious Kingdom! The special call of God through Jesus, therefore, is to the poor, the broken-hearted, the heavy laden, the unsatisfied: "Come unto Me, all ye that labor and are heavy laden, and I will give you rest."

Practically the entire tea crop of India is disposed of at auction at Calcutta.

Saving Time.

Are you one of the people who hop up nervously when the train is nearing the station and stand until it stops? You think you are saving a lot of time, whereas in reality a car empties itself in three-quarters of a minute.—Woman's Home Companion.

Inducement.

"Did dat man offer any inducement to git you to buy dat mule?"

"Yaas indeed," replied Mr. Erastus Pinkley. "He give me his membership in a 'sociation dat pervides a han'some funeral for anybody dat belongs to it."

WHILE every man, whether he works for others or for himself, should carry a **LIFE INSURANCE POLICY**. There is especial need of this on the part of the man who is **IN BUSINESS FOR HIMSELF**. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

2 Gardens with buildings to rent, and rent may be paid monthly if desired.

T. HURLEY
Corner Stewart and Hunter-ts.

New Self-Measuring Gasolene Tank installed at Banks'

We have completed the installation of our Curb Gasolene Pump, and Peterboro Autoists are now able to secure Filtered Gasolene by the latest improved method. Following is a description of

THE BOWSER SELF-MEASURING GASOLENE PUMP

The Bowser Self-Measuring Gasolene Pump is of the Long Distance type especially designed for outdoor installation and provides for filling automobile tanks or receptacles on the street. It consists of a combination suction and force pump encased in a heavy iron cabinet entirely enclosing it. Buried at a reasonable distance from the pump and connected to it by means of a galvanized iron pipe-line, is a Bowser Cylindrical, Type "C," metal tank.

Pump. The pump is so arranged, that at the option of the operator, an accurate gallon, half-gallon, quart or pint can be discharged at a stroke. The different measurements are regulated by means of a stop lever working upon a quantity dial, which is in plain view and easily accessible. When the pump is not in use, the iron doors which entirely enclose it, are securely locked. This feature makes it particularly desirable for inside installation, as well as for street use, as it provides security and protection from fire and meddling.

The pump is built entirely of metal. The measuring cylinder, plunger rod, valves, etc., are made of selected brass. The iron cabinet is provided with carefully fitted, double swing, iron doors, and when closed are automatically locked. Only first-class, skilled workmen are employed, so that the material and workmanship are of the highest order.

These Outfits have been installed in the following Cities during the past six months—

TEMPERANCE ON RAILROADS

The Delaware, Lackawana and Western railroad has adopted a new policy regarding the use of intoxicating liquor by its employees. The former policy of the Lackawana was especially liberal, it being held that as long as a railroad man abstains from intoxicating drinks while on duty the business entructed to him is reasonably safe. The change of attitude is the result of the Corning disaster, in the investigation of which a locomotive driver was accused of having been drunk on duty. Lackawana officials are convinced now that the only safe thing for a railroad man to do is to let intoxicants alone altogether and to keep away from the places where they are sold. The new rule which the Lackawana announces it will enforce rigidly, prohibits employes to use intoxicants while on or off duty and forbids them to visit saloons. Evidently the Lackawana has been converted to the theory held by a great many temperance advocates that it is the first drink that makes a man drunk.—Editorial in the Albany Knickerbocker-Press, August 1, 1912.

DRINK CAUSES LUNACY.

A feature of worl-wide interest among moral reformers has been the recent Eugenics conference held at London, Eng.

During this conference, the alcohol problem has been a much discussed one and the following Canadian Press despatch shows a condition of affairs not frequently considered.

Dr. Forbes Winslow, the well-known alienist, speaking of the statement of Dr. Mott at the Eugenics Conference, that the increase of lunacy is more apparent than real, says that investigations made by him during the last 45 years in various parts of the world, convince him that lunacy is making uninterrupted progress and that the only goal to be reached is world madness in the not distant future.

AN APPRECIABLE INCREASE

"In 1859 there was one lunatic for every 536 of the population. To-day there is one in every 275. In France 60 years ago there was one insane in every 750. To-day there is one in every 600. Switzerland, where I made an official investigation last year, shows also an alarming increase. Last year in England, the figures were the highest for the decade, 2,604 as opposed to 2,521. The question is of vital importance, not only to the present generation, but to the generation unborn. From the point of view of comparison the increase of the population has nothing to do with the increase of insanity in England. The cities taken in the order in which insanity is most prevalent are—London, Bath, Bristol and Brighton. There is less insanity in Bournemouth than in any town. Why, I do not know, except that Bournemouth is exceptionally healthy.

THE CHIEF CAUSE

"Among the uncivilized races, insanity is practically unknown, but where competition is great and gigantic mental efforts have to be made to keep up with events, and where the temptation is thrown in the way of mankind, the increase is very real. The chief cause of the increase is shown in the statistics to be caused by drink. Twenty per cent. of all lunacy in the world is due to drink, and more than 25 per cent. in London. Other causes are heredity and injudicious marriages. Those who have been insane once should not be allowed to marry. Further, to check mental degenration there should be immediate legislation for the compulsory confinement of habitual drunkards, and for the establishing of half-way houses where those suffering from acute but curable insanity could be placed instead of being incarcerated in lunatic asylums."—Pioneer.

RALLY DAY FOR MURRAY ST. S.S.

Parents' and visitors' day will be held at Murray street Baptist church Sunday school on Sunday from 3 to 4 p.m.

Rally Day is the grand gathering of the year when parents and friends show their interest in our Sunday school work.

At this time His Honor Judge Huyoke has kindly consented to give a twenty minute address upon the subject of "Canada for Christ."

Ushers will provide seats and programs for all visitors and the public generally are invited to make this an occasion for visiting our Sunday school upon this first rally day in the new building.

Deafness Cannot be Cured,

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free

REPRESENTATIVES OF FORESTRY COMMISSION AT WORK IN THE NORTH

Minden, Sept. 14.—During the past week Messrs. J. H. White, C. D. Howe H. R. Christie, Fred MacVikar and R. MacWatt, representing the Forestry Commission of Ontario, have been operating in this section, after having been through portions of Hastings and Peterborough counties.

The survey now being made is to furnish a detailed description of economic and natural conditions and resources of the watershed in Peterborough and Haliburton counties feeding the Trent canal waters, and to serve as a basis for a plan of management.

The area comprises about 1,500 square miles, of which as much as can be accomplished in one summer season is to be examined.

STRIKING CONTRASTS THAT EDUCATE

(By C. W. Whitley, Ottawa)

(By C. F. Whitley, Ottawa.)

The days of contrasts are not past; when their teachings are digested, inspiration for higher achievement permeates the dairymen's entire system. Four men in Ontario owning 104 cows had the pleasure of getting an average yield from each one in June of 1,100 pounds of milk. Some dairymen got a much higher yield. These 104 cows are cited because their records are somewhat conspicuous against a sombre background of less efficient milkers.

The average yield of over 0,500 cows in Ontario in June last year and June this year was 815 pounds of milk. In one contesting association a group of 90 cows averaged only 522 pounds! Hence, while in the first instance the 104 cows gave the satisfactory total of 57 tons of milk, in the association just referred to, the owners to obtain a similar weight, would have to milk not 104, but 215 cows! In practically every month of the year similar contrasts may be found.

Could figures convey a more striking lesson? One can only marvel that in this busy age, when men strive at every turn for labor-saving devices there are dairymen still to be found who, from lack of keeping well posted, up-to-date men, actually have to do twice as much work as some of their neighbors in the same line of business to obtain as much income.

Are we to remain satisfied with low only half yields per cow? Are we to double all our appliances for handling milk, duplicate all our factory system, to work just as hard as a bright neighbor for only half the product? Are we not rather determined to take the sensible view, and aim to keep the cow that will give the large yield away above so many of the miserable and unsatisfactory average cows? Good dairymen right and left of those who still retain "just cows (that is the only way they can describe them on the record sheets because they are of no determinate breed, and don't apparently possess any name, age is also unknown, and date of calving is "some time in the spring"): I say these good dairymen after taking up cow testing in earnest for the two or three years are now sunning themselves contentedly in the excellent records of real dairy cows. They are not mechanical dairymen, blindly following out cut and dried methods, but men who, through intelligent action taken on constant study of the individual cow's record, have discarded the low spots and retained all the court cards only, cows that give 30 or 40 pounds of fat and 1,300 or 1,400 pounds of milk in their good months, and have not been educated to quit the job of milking as soon as the cheese factory closes in October.

The leading dairy countries in the world have only the highest praise for cow testing, not simply because it helps to increase, often to double the yield of milk, but because, through more careful handling of expensive feed and better cows, it reduces the average cost of feed per cow and increases net profit twice and three times over. This testimony also comes from dairy farmers all over Canada.

Cow testing, the fixing of individual responsibility on each cow in the herd to make a large profit, is, in these strenuous days, an economical necessity.

FREE EXHIBITION TICKETS

300 Tickets to be Given Away Absolutely Free During the Fair, at Cameron's, the New Men's Wear Store, on George St. Near Cor. of Charlotte

The purpose for which these tickets will be given away, is for to help boost the Peterboro Fair to make it the greatest in Eastern Canada, as well as to introduce this New Men's Wear Store to the people of Peterboro and the surrounding Country.

The first thing a new store has to do is to establish faith and confidence with its customers, giving values that are unquestionable, giving service that seems best and behind all a guarantee of money back without question if you are not satisfied with the goods. I want to make this store your store and if you are as anxious to meet us as we are to meet you, we will come together at the rate of sixty mile an hour or even faster than that.

Now about these Free Exhibition Tickets, we are going to give to every customer buying $2.00 worth of goods from us, a ticket which will admit you at any time to the Exhibition.

These tickets will be limited to 3 to a customer, so that we will have enough to go around.

Now here is another inducement don't think that we are raising the price of our goods to meet the above offer, for we are not, in fact we are reducing several lines for this occasion.

Starting To-day and for Friday and Saturday we will place on sale 100 Pairs Traveller's Sample Sox at 2 pair for 25c.

450 Pairs Fine Cashmere Sox in black and fancy colors, values to 50c a pair, for this great Exhibition sale per pair 25c.

175 Guaranteed Men's Hats, newest fall shapes in all styles, both soft and stiff shapes, regular values $2.50 to $3, Exhibition Sale $1.48.

15 Dozen Men's fine 50c Duplex Suspenders for 25c.

Come and get your tickets free for the Exhibition.

ALL RECORDS WERE BROKEN; INCREASE OF $1,500 IN RECEIPTS

Second Day of the Exhibition Witnessed Attendance of 12,000 People---Boy Scouts on Review—Horse Races Provided Good Sport.

The attendance at the Fair yesterday broke all records. Over 12,000 people visited the grounds, and already the receipts show an increase of $1,500 over last year. The grand stand patronage was also above that of any previous year, it being estimated that 2,000 people were given accommodation yesterday.

All yesterday afternoon and evening, people from all parts of the city were making use of autos. street cars, and horse-drawn vehicles to reach the exhibition grounds, and at 4.30 o'clock yuesterday afternoon and 8.30 o'clock last evening, the fair grounds was occupied by two of the largest crowds that ever attended performances there. At both evening and afternoon entertainments, the grand stand, with a capacity of seven hundred and fifty, was crowded to its limits.

Yesterday afternoon at 2.30 o'clock, the horses were called for the firt heat of the 2.30 class and from that time on there was not a slow moment for those in or near the stand.

FIRE DEPARTMENT

The Fire Brigade, led by Chief Howard in his official runabout, paraded before the stand and made an excellent showing. Then passing far enough around the course to allow the teams to get up speed, they returned at full gallop. An unexpected race developed here, when a veteran driver, with long gray hair, realising that his horses had not made as fast a spurt as the others, urged them on, while the brigade was tearing around the half-mile course, and slowly but surely crept up and passed the other teams, while the crowd clapped and cheered. It was almost as exciting a race as any that followed.

Another surprise was afforded when the portly, over-padded roller skating clown, executed his somersault too near the edge of the platform, and in spite of ponderous and laughable attempts to catch the edge of the stage, he slipped, lighting with a thump upon the ground beneath. Unable to climb back, he was forced to walk around the stage to the steps and climb to the stage to resume the act.

THE HORSE RACES

The speeding in the ring was of a fast order, and all of the heats were hot and closely contested The third heat of the 2.30 class was particularly close, when Manor King and Picket Boy raced neck and neck for half the last lap, Manor King winning by a few feet on the finish.

The 2.30 race was carried off by Manor King, and the 2.18 class by Jimmy Direct.

Picket Boy led throughout the whole of the first heat, Manor King, who chased him hard, not being able to nose ahead. The race was for third place, Little Jerry filling the bill with a narrow margin. The second heat fell easily to Manor King, though at several stages of the race Picket Boy pressed him hard. Hazel Brook finished third with a good lead. In the third heat, two races were offered in one, there being a hot struggle for both first and third places. Manor King took the heat from Picket Boy, and when within a few feet of the wire, Hazel Brook passed Little Jerry. The fourth heat fell again to Manor King, the other horses finishing as in the third heat. In the fourth heat another neck and neck race for third place resulted in Hazel Brook finishing third.

The summary is as follows—

Picket Boy	1	2	2	2
Manor King	2	1	1	1
Little Jerry	3	4	4	4
Hazel Brook	4	3	3	3

Manor King, owned by T. Hodgson, of Orillia, gets first money; Picket Boy, belonging to R. Peals, Campbellford, second; and Hazel Brook, third.

2.18 CLASS

In the first heat of the 2.18 class Harry Direct took the lead, chased hard by Bourbon Brook. Neither horse could draw away so Bourbon Brook dropped in behind Harry Direct, Jimmy Direct bringing up the rear till the last half of the second lay, when Jimmy Direct passed the two leaders, finishing first. The second heat also fell to Jimmy Direct, though he was chased hard by Bourbon Brook. In the third heat, Jimmy Direct took the lead and held it till the finish. Bourbon Brook finished second and Harry Direct, third.

The money went as follows; first, to Jimmy Direct, owned by D. Teal, of Trenton; second, to Bourbon Brook the property of Wm. Elmhirst, Keene; and third, to Dr. Johnson's, Harry Direct.

The heats were won as follows—

Jimmy Direct	1	1	1
Harry Direct	2	3	3
Bourbon Brook	3	2	2

THE SCOUT REVIEW

About one hundred Boy Scouts, under the command of Acting District Commissioner, F. J. Sawers, were drawn up in front of the stand at the exhibition yesterday, and were inspected by Col. Clegg. They were put through various manoeuvres and executed them in a creditable manner,

HORSE JUDGING

Between the heats of the races yesterday, the judging of the different classes of harness horses took place, and there was a good representation of local as well as outside horses. Judge McMillan, of Smith Falls, awarded the prizes in these competitions.

The balloon ascension will take place at three o'clock to-day.

ESCAPED FROM ASYLUM; CAME HERE FOR THE FAIR

Charles Bell will be Returned to Rockwood Institution, His Place of Residence.

Charles Bell, an inmate of Rockwood Asylum, in Kingston, escaped from that institution, and on telephone instructions from the authorities there, he was arrested in Peterborough last night by High County Constable George Cochrane. Several days ago Chief of Police Thompson was notified from Kingston to be on the look out for the escaped man. It appears that he had been in Keene with relatives and dropped into Peterborough for the Industrial yesterday. Constable Cochrane says the man is perfectly sane, and acted in every respect as a rational individual.

This morning the Superintendent of Rockwood was called up by the young ditance and informed that Bill was in custody here. Acting on his instructions Constable Cochrane left at noon to-day, taking the man to Port Hope, where he will be met by an officer from the asylum, who will assume charge of him.

Mr. G. N. Gordon's services were enrolled in the interests of Bell.

COTS HIM $10

A black-lister reluctantly produced $10 as payment of a fine for being intoxicated yesterday.

'It's nearly a week's wages,' he mumbled as he counted out the bills

Without putting him on his oath Chief Thompson asked him to say where he secured the liquor.

"Well, its like this, Chief," he began. "I went down to the Fair, and then in the afternoon I took the train for Lindsay. There I had a drink, but I would have been all right if I had not brought a bottle home with me."

The man said he had returned to Peterborough on the nine o'clock train from Lindsay, but both Chief Thompson and Detective Newhall were at the station and failed to see him disentrain.

BEAUTIFUL EYES
are made beautiful by long, silky lashes and well defined, lustrous brows. Eyes, like diamonds, depend on their setting. The beauties of the face are lost is the eye brows are thin and scanty, and the lashes are thing and scanty. Parisian Lash Lustre grows beautiful, soft, silky lashes. It has done so for society women throughout Europe, and it comes here well recommended to do the same for you. Parisian Lash Lustre is not a dye or colorator, but a scientific preparation for beautifying the eye lashes and brows. Our guarantee goes with every box of Parisian Lash Lustre. A two weeks' treatment will bring beauty to your eyes that you have never before possessed. By mail, prepaid, in opal boxes on receipt of price, fifty cents. B. V. Marion, sole distributor. Bridgeburg, Ont.

BORDEN BANQUET

Members of the Peterboro Board of Trade Are Invited.

The Secretary of the Peterborough Board of Trade has received the following letter from the Secretary of the Toronto Board of Trade:

"T. Q. Quartermaine, Esq.,
"Secy. Board of Trade,
Peterborough, Ont.

"Dear Sir,—

"The Toronto Board of Trade is "entertaining the Right Honorable R. "L. Borden, K.C., M.P., Prime Minis- "ter. at a Banquet to be held in the "Arena Mutual street. Toronto, "September 23rd.

"As the Board would like to make "the occasion a representative one, "I am instructed by the Executive "to offer your members the same "privileges as the members of the "Toronto Board of Trade, namely, "Banquet tickets at $2.00 each. Upon "receipt of cheque stating number "required I shall very gladly reserve "same for the members of your "Board.

"Should any of your members be "in the city on that evening and not "desire to attend the banquet, I "shall be very glad to furnish "them with spectators' tickets free "of charge.

"Yours faithfully,
"F. G. MORLEY,
"Secretary."

Any Member of the Peterborough Board of Trade who wishes to be present at this function will please notify Mr. Quartermaine on or before Thursday next, 19th September. at 12 o'clock noon.

DAIRY COMMISSION.

First Meeting of New Federal Body Held in Cornwall.

Cornwall, Sept. 14.—A meeting of the royal commission appointed to enquire into complaints regarding the methods followed in weighing butter and cheese, etc., was opened at the town hall, with the commissioners all present, namely: R A. Pringle, K.C., chairman, and Messrs. S. J. McDonnell of Strathmore and A. J. Hodgman of Montreal.

At the afternoon session W. A. Edwards, Aultsville; W. O. Wert, Avonmere; W. Eager, Morrisburg; J. Q. McLeod, Cornwall Township; J. S. Myers, Bonville; P. N. Tait, Millerochs; A. T. Cline, Cornwall, and M. LaPlante of Coshions Glen, addressed the commission. The opinion expressed by all was that the general conditions at Montreal were satisfactory, only a couple complaining of the methods of dealing with short weights.

A suggestion that met with approval was to have an official referee appointed by the Government to deal with differences that arise in respect to weight.

None of the speakers made any suggestion as to an improvement in the system of payments for cheese, but it was thought the commissioners might devise some means for better protection against loss by the makers.

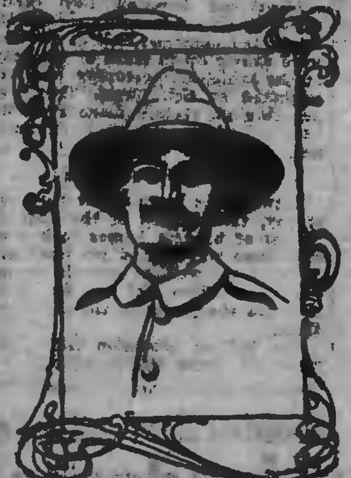
THE KING'S PRIZEMAN

LONDONER'S VICTORY AT BISLEY IS A POPULAR ONE.

The Winner of the Big Event in the Imperial Rifle Matches Has Tried Hard in Previous Years—His Is the Only Case in Which Father and Son Are Both Holders of the Medal.

The honor of King's Prizeman at Bisley has this year fallen to an Englishman, Private A. G. Fulton, of the Queen's Westminsters, who, after a long and creditable apprenticeship to fame, has at length achieved the ambition of his heart. On no fewer than five occasions Private Fulton has fired in the hundred marksmen left in the last stage for the King's Prize. In 1908-09 and again in 1910 he thus reached the threshold of the pre-eminent distinction in rifle shooting. Now the promise of all these splendid efforts is fulfilled, and he emerges as King's Prizeman. As every rifleman knows, the King's Prize is shot for in three stages, the third evolving the premier marksman of his year. In the first stage the Bronze Medal was won by Corporal Ommundsen, of the Queen's Edinburgh, one of the finest shots in the world, who has previously won the King's Prize, the Silver Cross once, the Grand Aggregate thrice, and the Service Rifle Championship thrice. This year he had an aggregate of 108. Three hundred qualified to fire in the second stage of the King's competition for the Silver Medal, and this was at length won by Regimental Sergt.-Instructor of Musketry S. H. Harvey, of the South African Railways, with 198 points.

In the final stage of the King's Prize the competition was keen, and was watched by a brilliant audience, which included Lord Roberts and the Secretary of State for War. The latter congratulated Private Fulton, on behalf of the Government, on his victory. According to traditional custom, Fulton was chaired and, led by a band, escorted through the camp to the council offices, where his father and mother received congratulations from numerous friends. Fulton, who is 25, assists his father in the business of a gunmaker, and Mr. Fulton, sr., was himself the gold medalist of 1888 when serving as a member of the battalion to which his son belongs. It is an absolutely unprecedented occurrence for a father and son to win the gold medal. Armoury-Sergt. Fulton, the father, has a branch of his business in the camp, and it was from his office that he and Mrs. Fulton were called for the purpose of being congratulated at the N.R.A. headquarters. The gold medallist shot in the international match recently at Stockholm. He has won the Alexandra and All-comers Aggregates at former meetings of the N.R.A. The St. George's Vase and Gold Cross, second only in interest to the King's Prize, was won by Lance-Corpl. H. A. Mann, of the H.A.C. The shooting in this competition was very erratic.



PTE. A. G. FULTON.

Bleeding from self-inflicted bullet wounds in the breast and behind the right ear, Thomas Lebo, aged 60, was found by boys on the agricultural grounds, Leamington, yesterday.

Mary Leigh, the suffragette, who recently was sentenced to five years' imprisonment for wounding John E. Redmond, is in a dangerous condition in Mount Joy Prison as a result of being forcibly fed.

Two hours' sleep is enough for any one after it is time to get up.

Poets are born—therefore they are more to be pitied than censured.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents.

PLACE PETERBORO IN POSITION IT SHOULD OCCUPY

To the Editor of the Review.

Sir,—It is interesting to note the proposed production of Handel's "Messiah" by local talent in the near future. Besides an immense amount of hard work, this entails an expense of over $500. Peterborough is waking up musically. The gentlemen responsible for the appearance of Bispham, Nordica and Hallock this winter have guaranteed nearly $2,500 on the success of the project. It is to be hoped that this attempt to put Peterborough on the route of the great artists of the day will meet with the support it deserves. David Bispham, who appears at the Grand Opera House Tuesday next, is the first of the series, and should have a large audience. He ranks as the first baritone on the concert and operatic stage.

Yours truly,
MODERATO.

TELEGRAPHIC BRIEFS.

Scattered showers Thursday night and yesterday morning have interfered with threshing at many points in Manitoba and Saskatchewan.

Judge D. J. Donohue of Renfrew, formerly of London and St. Thomas, passed away at Guelph yesterday. He was born in Elgin County in 1830.

The fourth annual convention of the fire chiefs of Ontario concluded at Woodstock last night. Chief F. L. Wetmore of Sault Ste. Marie is the new president.

Business organizations last night appealed to Governor Eberhart for troops to help quiet the riotous outbreaks in connection with the car strike in Duluth.

Although a heavy rain fell throughout almost the entire day, there was a large attendance upon the various meetings of the Eucharistic Congress at Vienna yesterday.

As a result of being kicked in the abdomen by a horse while unhitching the animal from a plow, Robert Thompson, living near Holyroad, succumbed after great suffering.

Out of courtesy to the Japanese people, the flag on the Dominion Parliament Buildings is at half-mast yesterday in connection with the funeral of the late Emperor Mutsuhito

Can Really Fly.

The old problem of the flight of the flying fish has been revived by William Allingham, of the British meteorological office. Naturalists usually explain that the propelling force is entirely the action of the powerful tail before the fish leaves the water, and that the only part played by the "wings"—or enlarged and wing-like fins—is to serve as parachutes for somewhat extending the leap. They believe that this satisfactorily accounts for the observed flights of a few rods to 200 yards or more. It appears, however, that many seamen claim that the passage through the air is a real flight, the wing-fins being kept in rapid motion, and that the fishes have a bird-like power of changing their course in the air—one having been seen to turn as much as 60 degrees to avoid collision with a vessel's rigging.

Cat Turned White.

A remarkable transformation of a cat's fur by temperature has been reported. A black cat was accidentally shut in the refrigerating chamber of a mail steamer in Sydney harbor, and was not discovered until about thirty-two days later, when the ship was off Aden. The cat was scarcely recognizable, the fur having become long and thick, changing to white on the back. Brought out into the intense heat of the Red Sea, the heavy white coat rapidly fell out and the normal coat was restored.

Guessing the Cheese.

The time-honored ceremony of guessing the dimensions of the cheese after luncheon at Simpson's, Cheapside, London, found an accurate guesser the other day in Mr. John Longley, whose figures—height, 13 inches; girth, 27 inches; weight, 21 pounds—proved to be correct. In accordance with custom, the manager marked the occasion by standing champagne all round. The dimension of the cheese have only been guessed accurately nine times in twenty years.

The crops of Southern Alberta are fully two weeks further advanced than those in the northern portion of the province.

A FEW REASONS WHY A

HAPPY THOUGHT RANGE

IS SUPERIOR TO OTHER RANGES

1. The **Happy Thought** patented features can be found nowhere else. They include the pyramidal oven, illuminated oven, oven damper, reservoir damper, etc.
2. The **Happy Thought** has the deepest and most economical fire-box, the most scientifically arranged flues, properly proportioned oven, and largest top cooking surface.
3. The **Happy Thought** oven cooks equally well in every part, whether on shelf or oven bottom, or any corner, or centre.
4. The **Happy Thought** waterfront is the most powerful known. The reservoir will boil water.
5. The **Happy Thought** dampers give you absolute control over the fire, which may with ease be retained for thirty-six hours.

The Fact that nearly Two Hundred Thousand Happy Thoughts are in use in Canada shows how extremely popular they are.

Let Your New Range be a Happy Thought

NORTH MONAGHAN COUNCIL

May's Schoolhouse, Sept. 9th.—All the members were present.

The minutes of the last meeting were read and confirmed.

Mr J. T. O'Connell came before the council and asked them to grade St. James street and Romaine street running through his property. He said if the grader was run over the two streets it would cut the weeds and improve their appearance and help the sale of lots. Mr. O'Connell also asked the Council to build a culvert on Romaine street running through his property. No action was taken on this matter at the last meeting.

The following bills were approved and passed for payment:

Foster Mouncel, teams and men grading Business street	$ 15.75
John McIntosh, gravel	1.70
Peterborough Lumber Co., re Lundy's Lane bridge	18.07
George H. May, re Lundy's Lane bridge, filling, material, labor and Concrete	103.65
Foster Mouncel, grader repairs to J. Crowley	3.00
	$142.17
Lansdowne and Park street bridge—The Peterborough Lumber Co., material for bridge	$ 19.89
George H. May, material, labor, etc.	70.61
The City of Peterborough to pay half of this account	$ 90.50

Mr. G. H. May calls the Council's attention to the ditch near where the street car stops near the C.P.R. Railway. He said that it should be put in and the ditch filled up. The Council did not take any action in this matter.

A communication was read from Mr. Morrison, again asking the Council to grade two streets on the West Mount property.

The Council agreed at a previous meeting to grade Third avenue as soon as the commissioners could attend to the work.

A communication was read from Mr. M. J. McCannon asking for permission for the Otonabee Power Co. to install two poles and wires for house lighting purposes up to and on Kenneth and Grandview avenues.

Moved by Mr. May, seconded by Mr. Robson,—That Mr. McCannon's request be granted.

Moved by Mr. Morrow, seconded by Mr. Forster,—That North Monaghan grant an additional $10.00, providing Cavan township does the same, towards finishing the grading on the boundary.—Carried.

Moved by Mr. Forster, seconded by Mr. Morrow,—That the teamsters working on the public highway shall receive $4.00 per day, providing they draw 1 1-2 yards of gravel or earth per load, but only $3.50 per day if they draw one yard per load.

The meeting then adjourned until the call of the Reeve.

NEW ZEALAND AND THE WIDOWS' PENSION ACT

The Widows' Pension Act came into operation in New Zealand, the first of January, last. It received the Governor's assent 28th of October, 1911. It is controlled by the officers appointed by the Old Age Pension Act, and has been carried out without any hitch, whatever. Copies of the Act were distributed to the various registrars, on the 10th November last, and it was gazetted on the 14th November. In the second week of December forms of application were obtainable from one end of New Zealand to the other, and pensions were granted within a few days of the Act coming into force.

The main features of the Act are briefly,—that a widow of any age with one or more children, under the age of fourteen, born in New Zealand, and dependent on their mother for support, and who is a British subject, and has been a resident in the country for a period of six months, prior to the birth of any child, may apply. The magistrate may grant or refuse pensions. Each grant is for a period of twelve months, when the circumstances are reviewed. The maximum pension is $49 for one, $87 for two, $116 for three, and $145 for more than three children. These amounts may be reduced according to the actual income, calculated at the rate of 5 per cent. on the capital value of all the property, where the actual income from said property, does not reach that sum. But, personal earnings, which, with any pension payable, do not exceed $485, in any year are exempt. The pension ceases on the re-marriage of the pensioner. Payment is made monthly through the Post Office and where the distances are too great, it can be made by any agent. It was estimated that it would cost $260,000. There are approximately 25,700 widows of all ages of which 8,500 are between the ages of 20 and 55; 6,300 between the ages of 55 and 65, and 10,900 at 65 years and over.

There was an amendment to the Old Age Pension Act passed last year that any female at the age of 55, being the parent of two or more children under the age of fourteen years, dependent upon her for support, would be eligible for a maximum pension of $169. Those who would be likely to receive the benefit of this Act are limited to 8,500 below the age of 55; the number of widows aged 65 and over on the Old Age Pension roll is 2,895. During the first five months of this year about 250 applications have been registered each month, therefore the applicants for twelve months would work out at about 3,000. But there has been a marked decline in the number applying during the latter portion of the five months immediately past, so that the first year may not provide more than 2,000 claims, and would not probably an actual liability of more than $174,600, as against the $266,000 which was thought would be required.

The number of claims registered to date is 1,194, of which 990 have been granted. Up to the 31st March last, three pensions had been cancelled. The total families range in number from 1 to 17, and the number of children in any one family, under 14 years range from 1 to 8, the average being total family of five children under 14 years, 243 children. There were 182 widows on 31st March receiving a pension of $145 each. The average pension paid, taking the whole number of 788, at that date was $92. Of the original nationalities of widows who have been granted pensions, 501 were New Zealand, 187 England, 54 Ireland, 47 Australia, 30 Scotland.

These people are benefitting through the enlightened legislation of one of the most distant colonies of the British Empire, and while the advantages are nothing like so great as those which exist in Canada or British Columbia, there is no reason whatever why a certain portion of the proceeds from the sale of lands, minerals, forests and fisheries, should not be put into a fund and used for the benefit of the bringing up of children. The state at the present time admits its full liability as regards their eduction, even furnishing them with a University career. Is it not much more important that they should be properly nourished when they are young children and in the care of their widowed mothers?

THEATRICAL

"THE BACHELOR'S BABY"

Etienne Girardot pleased a good sized house at the Grand Opera last night. The comedy "The Bachelor's Baby," was clever, witty and appealing in every sense. Etienne Girardot, long remembered as "Charley's Aunt," in the part of Tom Beach, the child-hater, made a great hit, with his sprightly walk and speech, which considerably enlivened the play. At times the pathos would hold the audience to a dead silence. Too much cannot be said of his wonderful acting. Among those in his support, which was up to the standard, Baby Wilson in the part of Martha Beach, Tom's niece, made a decided hit with the audience with her attractive mannerisms which were very good for a child of her age.

Dorothy Turner, as Winifred West, whom Tom was in love with, acted with great naturalness and was very pleasing. Lena Lorraine, as Mrs. Brookfield West, a society scandal-monger, provoked much laughter in her character as a mischief maker. Other capable artists were Helen E. Davidge, as Tom's aunt; George Hubbard as a club friend of Tom's; Louis Shea, and last, but not least, Hugh Wynne, as Forbes, the butler.

Taken by its plot, structure, acting and scenic effects, "The Bachelor's Baby" is one of the most clever and amusing comedies that has visited Peterborough for some time.

A matinee and night performance will be given to-day.

MISS DE VONDA ALL BUT FELL INTO THE LAKE

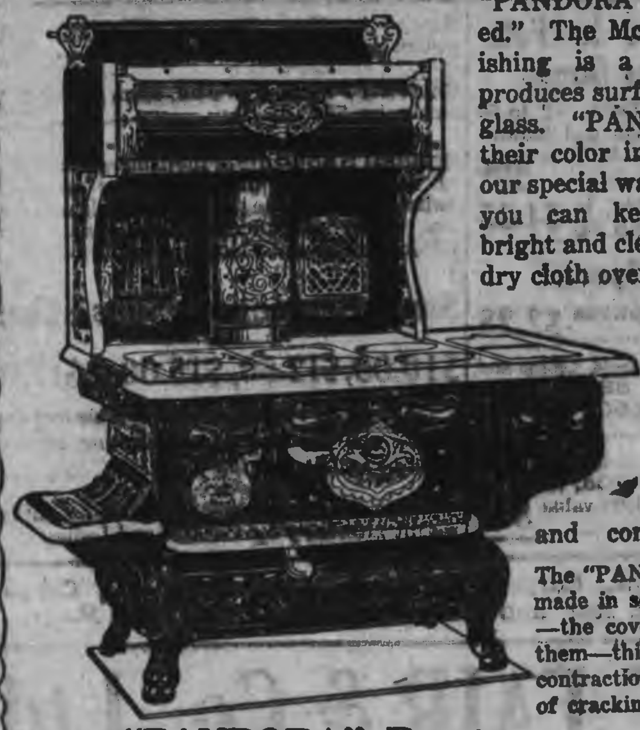
Miss DeVonda couldn't have chosen a better spot to land from her aerial flight than she did yesterday afternoon. Just south of the new government wharf is the saw dust from the planing mills which makes a soft, springy bed, and here she landed about ten feet from the water's edge. Had she held onto the balloon one minute longer, no doubt she would have fell into the river and it required great judgment to know when to let go, especially as there are not many open spaces of ground in the city of Peterborough.

Spectators, who were near her when she landed, say that she was shaking from head to foot from the strain.

Her balloon lit in the river and Mr. Fred Hickey, who happened to be near by in his launch, towed it ashore.

A Beautiful Range—Yet Easily Kept Clean

Glance at the "PANDORA" as it stands complete—a handsome range surely, yet easily kept clean. McClary's famed "Duplex" nickelling cannot burn off—it never becomes tarnished. About it there is no superfine "impossible-to-keep-clean" tracery—the nickel adornment is rich—the carving bold.



"PANDORA" Range

"PANDORA" surfaces are "burnished." The McClary system of burnishing is a special process that produces surfaces as smooth as plate glass. "PANDORA" surfaces keep their color indefinitely—they retain our special water-proof dressing. So, you can keep the "PANDORA" bright and clean by simply rubbing a dry cloth over it.

The "PANDORA" is more than a handsome range. It is also a permanent investment because it is built to endure—it is the one range that is as strong and compact as it looks.

The "PANDORA" cooking surface is made in sections with expansion top—the covers and cross-bars fit into them—this allows for expansion and contraction without any possibility of cracking or warping.

Top sections are reversible—you can place a boiler cross-wise on the "PANDORA" if you wish to use front pot-hole over fire. "PANDORA" lids and entire top are extra heavy and guaranteed not to crack or break under ordinary usage.

N. B.—You can have the story of "PANDORA" Efficiency in detail by simply asking for our free book, "REASONS FOR 'PANDORA' POPULARITY."

EDWARD HAYES CAME TO HIS DEATH BY HIS CARELESSNESS

Coroner's Jury Said it Was Due to His Own Act — Robert Shearer's Evidence Taken at His Home — Narrow Escape of the Latter.

After twenty minutes' deliberation last evening, the jury empanelled in the Edward Hayes inquest returned the following verdict:

"That Edward Hayes came to his death on the morning of August 12th, 1912, on the premises of the Peterborough Lumber Company, Limited, while endeavoring to place on certain pulleys, a belt. That deceased, who was in control of such matters relating to his work as a contractor cutting laths for the said company, shortened the belt unnecessarily, so much so, that when he afterwards essayed to put it on the pulleys, using a rope for the purpose, he was drawn onto the shaft and between the belt and pully and killed. That the result was clearly due to his own act in using the means he did, and to his carelessness while so doing."

The severity of Robert Shearer's injuries prevented him from attending the inquest, so the jury after first meeting in the council chamber, visited his home on George street, and listened to his evidence.

Crown Attorney R. E. Wood questioned Mr. Shearer, while Mr. G. N. Gordon was present in the interests of the Peterborough Lumber Company.

Mr. Shearer's foot is still very painful and it will be days yet before it will be capable of use without the aid of crutches. He gave a clear, succinct account of the fatality as he saw it, although the effort of telling it plainly fatigued him.

"I am a foreman in the Peterborough Lumber Company's mill," he said, "but I have no authority over Hayes. He had a contract with the Company to cut lath, hire his own men and fix his machinery. I had knowledge of the belt being shortened. I told Hayes that one of the lace holes was broken in the belt. Hayes did not bother with it until night. I told him to cut two inches out, but I do not know just how much he did cut.

"On Monday morning when the mill started, I went downstairs and smelt smoke. It was caused by friction of the belt and pulley. The machinery was running slowly and Hayes was endeavoring to put on the belt. Hayes remarked that he could put it on with the machinery running. I stopped the engine and Hayes said, 'wait till I get a rope.' Hayes procured a rope and I first tried it. I put it on and ordered the engine to start up. When it had gone half way round it broke. I then asked him if he was satisfied that it could not be done that way.

"'No I am not,' he replied; 'I can put it on; wait until I secure another rope.' I do not know, however, who fetched the second rope, and I do not know whether he got it himself or not. The rope was brought anyway, and the engine stopped. He put the rope on, and told me to 'let her go.' He had hold of the rope and I was holding the belt against the pulley. Just after it started he shouted that he was caught. It only made three revolutions before it was stopped. Hayes only spoke twice, once to shout that he was caught. He seized me by one leg and I was carried around once. When I came to the top I threw both arms around a post, and I felt that my foot would be pulled off. When the belt stopped my foot was released and I dropped three feet to the floor. Some of the men tried to lift me up but I called to them to assist Hayes.

"Hayes used the rope on his own responsibility. He always used a rope."

The above was the substance of Mr. Shearer's story of the terrible fatality and was related without hesitation or doubt.

The jury then returned to the council chamber, and retired after receiving Coroner Greer's instructions, and brought in the verdict outlined.

TO SUBSCRIBERS OF ALL STAR CONCERT COURSE

Plan now open at Opera House for seats for the first concert on Tuesday night. David Bispham, the incomparable baritone.

Full course—"Bispham," "Nordica," "Hallock," to subscribers, $3.00. List closes the 16th inst., after which regular prices will be in force. 2d

SERMON FOR YOUNG MEN

On Sunday evening Rev. James Rollins will deliver a discourse in St. Andrew's on "Wisdom and Folly's Call to the Youth of a City."

THE TRUE CAUSE OF RHEUMATISM

Due to Acid in the Blood — Can Only be Cured Through The Blood.

Not many years ago even doctors thought that rheumatism was only a local pain, caused by exposure to cold or wet. Now they know that the trouble is caused by the blood becoming tainted with uric acid. This condition of the blood causes the muscles to contract, stiffens the joints and irritates the nerves. If not promptly treated the stiffness spreads and the pain grows worse until you are a helpless cripple, tortured day and night. If the disease touches the heart it means sudden death. You cannot cure rheumatism with liniments, plasters of hot cloths, as so many try to do. You must go right to the root of the trouble in the blood. The scientific way to cure rheumatism is to take Dr. Williams' Pink Pills, which make new, rich blood, that goes right to the root of the trouble. They sweep out the poisonous acid, loosen the aching joints and muscles and bring ease and freedom where before had been pain and misery.

Miss Beulah Sheppy, Morpeth, Ont., says: "Following an attack of measles, I took inflammatory rheumatism. My joints became swollen and the pain was almost unendurable. I doctored with two doctors, but the pain was only relieved while I was taking their medicine, and soon returned. For six months I continued to suffer in this way. Then I tried electric pads, but they failed to do me any good. Finally a friend persuaded me to try Dr. Williams Pink Pills, and I had not been taking them long before I found relief. I continued using the Pills for a time and soon found myself in perfect health, and feeling like a new person. I never loose an opportunity to recommend Dr. Williams' Pink Pills as I cannot say enough in favor of them."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

THE RED MILL ON SUNDAY

Those who are interested in matters pertaining to our future may have the pleasure of hearing two instructive lectures by Mr. along this line under the captions, "Necessity of the Resurrection," and "The Thousand Year Judgment Day," in the Red Mill Theatre on Sunday, September 15th, at the hours of 3 and 8 p.m.

Mr Perrin, a representative of the International Bible Students' Association, who lectured in our city about two weeks ago, has the reputation of being an earnest, logical speaker, who backs up all his assertions with numerous scripture quotations. He believes that God's Word teaches the resurrection of the dead to be an absolute necessity to procure man a future life, and is prepared to prove his belief by using the scriptures from Genesis to Revelation. Those who heard him before greatly enjoyed his lecture, and it is by request that he comes again. A hearty invitation is extended to all irrespective of sect creed or party, to be present on Sunday afternoon. There will be no collection taken up and seats will be free.

Messrs. Lemieux and Guthrie will accompany Laurier on his Ontario tour.

The Ontario and Quebec Baptist Convention will be held in Brantford next month.

Gilbert Schaefer, aged 28, died in London soon after his arrest for drunkenness.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at $5 a box, or three for $10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

TWO MORE ARRESTS IN ROSENTHAL CASE

"Gyp" and "Lefty" Surrender in a Brooklyn Flat—Sixty Detectives Required to Run the Gunmen to Earth.

New York, Sept. 16.—"Gyp the Blood" and "Lefty Louie," the missing gunmen indicted as two of the actual slayers of Herman Rosenthal, the gambler, were found by the police Saturday night living with their wives in a flat in the Brownsville section of Brooklyn. They were arrested by Deputy Police Commissioner Dougherty and a squad of detectives, who brought them to police headquarters and locked them up. They will be arraigned to-day.

The two gunmen had been occupying the flat since August 15, alone until last Tuesday, when they were joined by their wives, through whom clues to their whereabouts were obtained by the police.

The four were sitting at tea when Deputy Commissioner Dougherty and his men burst open the door of their apartments and with revolvers drawn ordered them to hold up their hands. Neither of the gunmen made any show of resistance.

"Drop your guns. You've got us," said "Gyp," calmly. "Give us a little time to get dressed, will you?" said "Lefty" with equal composure. Scarcely another remark was made to the police by either men until they were examined at police headquarters later by Assistant District Attorney Moss, acting for District Attorney Whitman, who has gone to Hot Springs to take testimony of persons who talked to Sam Schepps, a witness in the case.

The women, however, made a scene, throwing their arms around their husband's necks and shedding copious tears. They had to be torn away from the men before the police could get their prisoners out of the apartment and were later brought to headquarters.

The arrest of "Gyp" and "Lefty," whose real names are Harry Horowitz and Lewis Rosensweig, means that all of the seven men accused of the murder of Rosenthal, of which Police Lieut. Becker is the alleged instigator, are now in custody.

The capture of the two men was the fruit of unbroken surveillance of the wives and relatives of the men since their disappearance on the day of the murder, July 16. This surveillance was maintained by sixty detectives working in relays, who kept Deputy Commissioner Dougherty constantly in touch with what they did and where they went. The final clue came as the result of piecing together a number of conversations overheard by detectives reported to the commissioner at different times. The first conversation was that "They are not lonesome because they can see a moving picture show from their back windows." Another conversation gave the information that there was a laundry in the house the missing men were living in, which was named either the New Brighton, the Brighton or the Bright Hand Laundry. A third conversation supplied the fact that the neighborhood "was full of Swedes and Germans."

It then became Commissioner Dougherty's task to discover somewhere a hand laundry in proximity to a moving picture show in a vicinity inhabited by people of the nationalities named. The possible name of the laundry was obtained less than two days ago, and the commissioner discovered that there were half a dozen laundries of similar names in New York City and many more in other cities, for the commissioner did not assume that the gunmen were necessarily located in New York.

"When we found the laundry with a moving picture show close by, there were no Swedes or Germans in the neighborhood," said Mr. Dougherty last night, "or when we found a laundry with the foreigners in the neighborhood, there was no moving picture show. One of our laundry clues took us to New Haven, and we were just about to investigate another in Pittsburg."

Early yesterday Detectives Meyer and Cassasso discovered in Brooklyn the "New Brighton Hand Laundry," which perfectly fitted all requirements. They set themselves to watch the apartments situated above the laundry, and late yesterday afternoon were rewarded by seeing "Gyp the Blood's" wife leave the building and do an errand at a store. Both wives had been missing since Tuesday, when they cleverly evaded detectives by jumping into a waiting automobile after leaving an "L" train, on which they were riding in the direction of Harlem. The detectives therefore felt certain that they were with their husbands. The women had several other times eluded surveillance by the use of automobiles, but previously had always returned to their homes in New York. The arrest followed as soon as the detectives could collect reinforcements.

Hayes Is Dismissed.

New York, Sept. 16.—Cornelius G. Hayes, the police inspector who was recently placed on trial for making a statement, alleged to be false, reflecting on Police Commissioner Waldo, was found guilty of the charges Saturday and dismissed from the department. First Deputy Commissioner McKay, who presided at the trial, announced his finding shortly after noon Saturday.

The statement by Hayes which led to his trial was to the effect that Waldo had enjoined him from raiding disorderly houses without express instructions. Hayes thus declared himself not long after the murder of Herman Rosenthal, the gambler, at a time when there were inquiries afoot to determine what the police were doing to better conditions in the tenderloin.

FRIENDS ARE PLEASED WITH HIS GOOD RECORD

Postmaster-General Pelletier Banquetted at Levis—Hopes to Secure Further Reduction in Cable and Postal Rates

Quebec, Sept. 16.—The banquet given to Hon. L. P. Pelletier, Postmaster-General, by the mayor of Levis and the Conservatives of the county, on Saturday night, was one of the most successful ever given a public man in this district. The banquet was attended by some 275 guests. Two of the Postmaster-General's fellow Cabinet members were present, Hon. Mr. Reid and Hon. J. D. Hazen. The banquet was presided over by Mayor Bernier of Levis.

Mayor Bernier, in proposing the health of the guest of the evening, paid him a high tribute. The banquet, he said, meant a desire to show their confidence in Mr. Pelletier, who had rightly won his place in the Borden Cabinet, not alone by his talents, but by his past arduous work for the party.

Mr. Pelletier was in fine voice and spoke with his old-time vigor. He referred to his trip to Europe with the Premier. He had admired Mr. Borden before he left for Europe, but his admiration had grown throughout his association with him on the other side.

"Providence has given me a renewal of my health," said Mr. Pelletier, "and I will stay at my post and continue my work."

Mr. Pelletier went on to describe the work done in the interest of his department while abroad, including his efforts to reduce the cable rates, which, he said, was the beginning of more extended success. He hoped to secure a reduction in postage charges between France and Canada.

The defence of Canada and the Empire was a duty for Canada, but a plan to carry out that duty must be formulated and this the Government is endeavoring to do.

"There are many interests who say the Government is not proceeding fast enough with public works in contemplation for Quebec, but those who say so are really the people who have not done or tried to do anything for Quebec during the fifteen years they held office," said Mr. Pelletier.

"I have already said," continued Mr. Pelletier, "to a delegation who met me from the north shore, that I was in favor of the drydock being located on the north side of the St. Charles River, but added that if the engineers refused to locate it on the site there, it would be built at Levis, and if the Cabinet decided that the dock should be built at Levis, I will not interfere. I will abide by the decision in the interests of the public and the welfare of the shipping, as the question is not a local one."

H.M.S. Audacious Launched.

Birkenhead, Eng., Sept. 15—The new battleship Audacious, one of the King George V. class, was launched here on Saturday. The warship already has been 18 months in building, the delay in her construction being caused by labor troubles which have seriously affected all British naval construction.

Many improvements have been introduced in the Audacious, the details of which, however, have been withheld by the Admiralty.

CALL IT MURDER

James Bruce Must Face Serious Charge in Hamilton.

Hamilton, Sept. 16.—Crown Attorney Washington announced yesterday morning that James Bruce would be charged with murder in the death of Miss Rose Ziepe, into whose case an inquest was held Friday evening, following her death some weeks previously at the City Hospital after she had eaten some chocolates taken to the institution by Bruce for his wife. The analyst's report submitted at the inquest Friday evening showed that there was strychnine in the girl's stomach, but that there was no poison in the chocolates.

Deckhand's Injuries Fatal.

Brockville, Sept. 16.—Robert Gates, the deckhand of the steamer Alexandria, whose left leg was severed by having it caught between a rope and a snubbing post at Iroquois, died yesterday in the Brockville General Hospital from shock. He was 22 years of age and unmarried.

An inquest was opened and adjourned to get the evidence of the boat's crew.

GRENFELL MISSIONS IN LABRADOR SUFFER FROM MISMANAGEMENT

BATTLE HARBOR, LABRADOR. SHOWING HOSPITAL (No1) AND STORE (No2)

DR. WILFRED T. GRENFELL

DR. GRENFELL'S DEER

Bad management of the thousands of dollars donated to them annually, misappropriation of funds, the diverting of property of a charitable institution to private uses, the evasion of customs duties and the renting of their hospital ships and launches for pleasure cruises or for commercial purposes are charges made against some of the men promoting the Labrador missions of Dr. Wilfred T. Grenfell which are to be made public.

No blame attaches to Dr. Grenfell, but all is placed upon a careless method of bookkeeping and lack of systematic supervision.

Several of the co-operative stores established by Dr. Grenfell to sell food and supplies to the impoverished fishermen at a fair price were compelled to shut down.

The reindeer project, which was started with the idea of furnishing a better means of travel and transportation than dogs, has been bungled, according to recent reports.

Another cause for complaint lies in the hospital at Battle Harbor. Dr. Grenfell's time is consumed almost entirely now by the Seamen's Institute at St. Johns, and the work in Labrador apparently has suffered.

FOOTBALL GAME TURNED INTO A POLITICAL RIOT AT BELFAST

Unionists Went to the Grounds Carrying Orange Banners and Fired Revolvers as Soon as Trouble Started Between the Teams—Over One Hundred Injured.

Special to the Review.

London, Sept. 16—While the Tory press attributes riots on the football field in Belfast Saturday, in which upwards of one hundred were injured, to the feeling against Home Rule the Chronicle's Belfast correspondent this morning declares the whole affray was organized among members of the Unionist Club in Belfast. The members of the club, the writer declares, came on the football field armed with revolvers and carrying orange bannerettes. They began to use revolvers as soon as the trouble started between the opposing teams The game was an excuse for starting the riot, although they had subjected the Catholics present to insults before the game commenced.

The Daily Mail declares the riot was a political one and not an ordinary fight between the partisans of football clubs, and declares it is proof that the Home Rule bill, in the present form cannot pass.

SNOW FELL IN THE WEST SATURDAY

Wintry Weather Reported in All Parts of Prairie Provinces

Winnipeg, Sept. 16.—Some snow and sleet fell in Winnipeg Saturday, and from Arbor, Man., also comes a report of wintry temperatures and snowfalls.

The weather over the prairie provinces has been much cooler, but no frost is reported except in Northern Alberta, where the lowest temperature was 25 degrees. Very heavy rains have fallen generally in Manitoba, some in Eastern Saskatchewan, and lighter and more scattered rains in other parts of Saskatchewan. There has been no rain in Alberta.

The official report says that 3.40 inches of rain fell in Virden during Friday and Saturday. Portage Plains had a fall of 2.45 inches and Boissevan reports 1.57 inches. Winnipeg only had 1.30 inches, but out in St. James the fields were so sodden that the roads yesterday morning were under water on the flat for two or three blocks.

No rain fell yesterday, but the sky was overcast and extremely cold. A slight frost was experienced at some points in the immediate vicinity of Winnipeg Saturday night, with no damage reported.

Motorists' Fortunate Escape.

Welland, Sept. 16.—A miraculous escape from death occurred yesterday when a motor car, driven by Fred. McCollum, a young son of J. R. McCollum, turned turtle, throwing all the occupants out and wrecking the car. McCollum received severe but not fatal injuries, and was attended by Dr. Binns. Other occupants of the car received minor injuries.

U. S. Wins Palma Trophy.

Ottawa, Sept. 16.—Canada has failed to capture the Palma Trophy from the United States, but even in her failure she has made a score never before equalled in any previous Palma competition. The narrow margin of eight points was all that separated the winners from the losers, the U. S. scoring 1,720, and Canada making 1,712.

Found Clendennan's Body.

Owen Sound, Sept. 16.—Saturday about noon Percy Denton, a farmer residing about six miles below Leith, found the body of Maxwell Clendennan, drowned seven weeks ago in the bay, when the boat in which he and several others were capsized. The body was sent to Lindsay.

Thanksgiving Service

The annual Thanksgiving service of St. Mark's church, Otonabee, will be held on September 22nd. The Rev. Mr. Price will be in charge of the service.

The annual high tea and concert of St. Mark's church will be held in the Foresters' Hall, Otonabee, on the evening of Sept. 24th. 3d1w

FIVE DROWNED; FIVE ARE MISSING

Naval Apprentices Find a Watery Grave at Chicago.

Chicago, Sept. 16.—Five naval apprentices were drowned and five are missing as the result of the capsizing of a cutter from the United States naval training station at North Chicago, Ill., late yesterday afternoon. The bodies of five victims were recovered and identified and it is believed that the five boys unaccounted for were drowned.

The known drowned are: R. C. Harlan, aged 18, Bloomingdale, Ind.; I. L. Southworth, 18, Pittsburg, Pa.; J. Wallace, 18, Turner, Ind.; J. A. Patton, 23, Stanton, Ohio; W. N. Amtrobus, 21, Indianapolis, Ind.

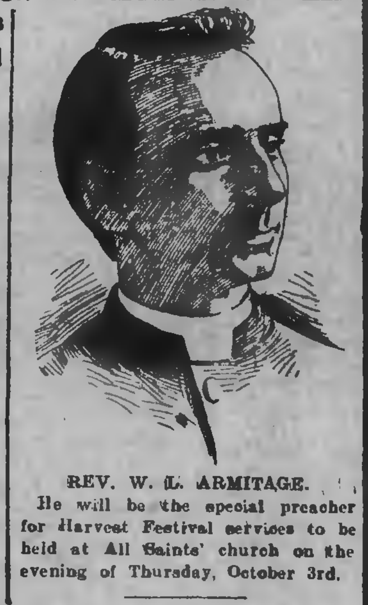
The party, in which were twenty-four apprentices, left the training station shortly after two o'clock in charge of Gunner's Mate Negis and after cruising about for two hours headed for North Chicago.

A few minutes later, while the cutter was north of Lake Forest, a squall struck the boat, the sails were lowered and an anchor was thrown out.

When within 200 feet of the shore, the cutter overturned and its occupants were thrown into the water.

Capt. W. F. Fullan, commandant of the naval training station, saw the danger of the apprentices from his headquarters and sent a motorboat to the rescue, but this craft also was capsized before it had gone far and the men in charge of it were obliged to swim back to the shore. Later a force of rescuers were sent along the shore to where the cutter had been wrecked. Many of the boys swam to land and others floated ashore on oars and pieces of wreckage. A number were rescued from the surf by officers of the training station and cared for at houses near the scene of the wreck.

Gunner's Mate M. N. Negis, who was in charge of the cutter in which the boys were drowned, after aiding in the rescue, disappeared. He is said to have told friends that he held himself responsible in a measure for the wreck and that he feared it might affect his mind.



REV. W. L. ARMITAGE.

He will be the special preacher for Harvest Festival services to be held at All Saints' church on the evening of Thursday, October 3rd.

RAIN AT VIENNA

Eucharistic Procession Was Marred by Bad Weather Yesterday.

Vienna, Sept. 16.—The brilliancy of the great procession concluding the 23rd Eucharistic Congress was greatly marred yesterday by a heavy rainstorm. Rain fell continuously, drenching many thousands in the procession as well as thousands of spectators along the route.

Parts of the parade showed little but the lines of umbrellas, beneath which tramped Catholic societies, clergy, venerable bishops in full canonicals, and others through mud, ankle deep, and under such conditions that it was impossible to hold the celebration of mass in the open air on the top of the Burgtor court as was intended.

The miners from the Tyrol in quaint costume headed the procession. Then came the various Catholics societies and the representatives from foreign countries in national groups.

The second division was composed of the clergy and bishops and civil authorities to the number of 10,000. It was headed by the seminaries, and these were followed by politicians. The clergy, to the number of 80,000, were in full vestments.

The court division, a mile and a quarter in length, formed the last part of the procession.

Following these dignitaries came the archdukes in state coaches and last of all the Emperor. Behind the monarch rode the most striking figure in the whole procession, the papal legate, Cardinal Van Rossum, bearing the host.

EDWARD KIDD M.P. HAS PASSED AWAY

Federal Member for Carleton County Died This Morning.

Special to The Review.

Ottawa, Sept. 16 — Edward Kidd, member of Federal Parliament for Carleton County, died of paralysis at his residence at North Gower this morning. He resigned from parliament in 1904, in favor of R. L. Borden, and was re-elected in 1908.

THREE WERE KILLED IN A TERRIFIC STORM

Cyclone Sweeps Through New York State, Leaving Death and Ruin in Its Wake—Property Loss of $250,000.

Syracuse, N.Y., Sept. 16.—Three persons were killed and fifty injured by a tornado which worked a ten-mile trail of destruction across the northern part of Onondaga County late yesterday afternoon. The property loss is estimated at $250,000.

The dead:

William Madison, Syracuse.
J. Dopp, Fulton.
Charles Chapman, Salina.

Without any warning of its approach, the black, funnel-shaped cloud first appeared near Long Branch, a pleasure resort ten miles from this city. There were about 400 persons there and panic reigned when building after building toppled over and two massive interurban trolley cars were hurled into a ditch.

A number ran into the dance hall for safety, but this building was directly in the path of the storm and was demolished. Many persons were injured in it. The wind, thunder, lightning and rain were terrific. Trees were cracked and fell to the ground, women screamed and fainted. Rushing westward, the tornado wrecked the boathouse of the Syracuse University navy, in which was stored the entire crew equipment. All the shells were wrecked and the loss to the university is more than $8,000.

Racing across the country, the tornado leveled everything in its path, farmhouses, barns and crops were ruined and scores of head of cattle killed. North of North Syracuse the devastation continued. Hitchers Hill was next visited and the settlement was practically wiped out. Fifteen residences, a number of barns and the schoolhouse falling before the whirlwind. The home of H. A. Wendel, which stood in the path of the tornado, was lifted from its foundation and turned completely over. In the house were Mrs. Wendel and her three boys, all of whom escaped uninjured. Their experience was a typical one.

"I was in the front room with the boys," said Mrs. Wendel when it suddenly began to grow dark. To the westward I could see a dark funnel-shaped cloud bearing toward the hill, I called to the children and we closed the windows and ran into the back room. We had not reached the door when I heard a snapping and the furniture in the parlor was lifted up and hurled against the wall. Then the house seemed to rise in the air and the next I remember I was groping about in darkness. I called to the boys and we crawled through the attic window, which was resting in the mud."

DYNAMITE FOR A POLICEMAN

Explosives Intended for an Officer Were Left at Wrong House.

Special to the Review.

Toronto, Sept. 16—Two sticks of dynamite, six feet of fuse and two caps were found yesterday morning on the verandah of 139 Fern Avenue by J. McLean, who occupies the place With the dynamite was the following note, "To Majury, the Copper." Constable Majury of No. 2 Division formerly lived at that address and the dynamite and note were evidently intended for him. No clue as to the identity of the would be dynamiter has yet been secured.

GRASPED LIVE WIRE

Little Harry Cousins Was Killed on His Way to School.

Special To The Review.

Toronto, Sept. 16 — Grasping a dangling live wire of the Interurban Power Company in West Toronto, this morning, while on his way to school, Harry Cousins, ten year old was instantly killed. A companion, Johnny Newton, who thought the other was only making believe he was hurt, was severely shocked in endeavoring to pull young Cousins away from the wire. It is claimed the wire had been dangling within reach of children, for the past three days

ANOTHER TOLL FOR SKIDDING AUTO

Sherbrooke Real Estate Man Met Sudden End.

Special to The Review.

Sherbrooke, Que., Sept. 16— Joseph Phillippe Rothier, prominent local real estate broker, sustained injuries which resulted in death ten minutes later, when the auto he was driving skidded and went into the ditch, near Cookshire, yesterday. He was hurled out of the machine head first when it suddenly stopped in the ditch.

CANNOT GIVE UP HIS OLD IDOLS OF CLAY

Sir Wilfrid Laurier Still Preaching Reciprocity to the People of Quebec—Wants Entry to the Wheat Market of the United States.

Montreal, Sept. 16.—"We want a larger market, and that market is the United States," was the text preached Saturday by Sir Wilfrid Laurier and Hon. Rodolphe Lemieux, who before several thousand persons, held a demonstration at St. Clet, in the County of Soulanges. Reciprocity was in the air, while the devices were "Down with the Trusts" and "Larger Markets."

Sir Wilfrid told his hearers that Canada had 250,000,000 bushels of grain to export and as the time would come when England could not take this surplus, a market must be found elsewhere. His Government had offered a market; but the present rulers of Canada were responsible for the people's refusal and must find a substitute which, he intimated, was to the south of us.

Sir Wilfrid gave an absolute denial to the statement made by Mr. Bourassa to the effect that he had signed a secret agreement with the Imperial authorities as to the disposition of the Canadian fleet in time of war. He had been in conference with the Foreign Office four times and no agreement was signed that had not been openly submitted to Parliament.

For the first time the old leader hinted at a change in the leadership, although he said that each time he had suggested retirement his friends had insisted that the old man was wanted at the head of the party. He had, however, reached an age when the future was uncertain. Yet he felt that he could yet successfully defy his political opponents. As for the naval policy of the present Government, the leader declined to pronounce himself before the Prime Minister had made known his policy. Then Sir Wilfrid said he would judge the matter on its merits.

Hon. Rodolphe Lemieux, who becomes more and more Sir Wilfrid's first lieutenant, was loud in his affirmation that the battle of the tariff will have to be fought over again, saying: "The vote of the 21st of September last was not a vote against the fiscal policy of the Laurier Government, but a vote of prejudice and passion which will not be repeated."

"Canada," he said, "wants wider markets for her farm products, while such devices as 'Down with the Trusts' and 'Give Us a Wider Market' floated to the breeze."

J. O. Mousseau, M.P.P. for Soulanges, the organizer of the demonstration on Saturday, said: "Reciprocity is the one question which responds to the interest of the Canadian people. It is in the hearts of the masses and is feared by the manufacturers and the capitalists."

Good Harvest Around Edmonton.

Edmonton, Sept. 16.—Harvesting in the Edmonton district is proceeding rapidly under ideal conditions. The grain is in splendid condition with high yields and grade of all barley 90 per cent. and wheat 60 per cent. Oats are cut and there is no damage from any cause.

JAMAICA TALKS OF ANNEXATION

Threaten to Join the U.S. Unless Britain Adopts Colonial Preference

London, Sept. 16.—Jamaica's probable future as a dependency of the United States has a prominent position in The Morning Post. A gentleman who is closely connected with Jamaica says that so far as the sentimental side is concerned, it is unfortunately true that the younger generation of whites and educated negroes believe that the prosperity of the island lies in the direction of a commercial union with the United States.

Even political union they regard with complacency unless Great Britain adopts a policy of colonial preference and thereby assists the West Indies. The increasing production of sugar, coffee, cocoa, etc., offers no alternative to the ever-increasing cry for association with the United States, either by reciprocity or by a political union, or at least closer connection with Canada.

An additional impetus to the movement toward the United States may arise upon the completion of the Panama Canal. Old West Indian planters say that the growth of feeling in Jamaica in favor of America is only natural, but that a preferential treatment would restore the allegiance of Jamaica to Great Britain.

"Was Fading Away"

A Young Woman—Scarcely Thirty—Seemed to Be Dying on Her Feet.

Dr. Hamilton's Pills Cured

"I think it should be the duty of the schools to teach children how to keep well," writes Miss Nannie [illegible], a well-known and highly esteemed resident of Bristol. "Ignorance of the laws of health and the use of improper remedies destroyed my vigor, and left me to the verge of invalidism. I was as a girl ruddy and strong. Nothing seemed to affect me until I was about thirty. Then gas began to form in the stomach. I suffered with bloating and a general failure in strength set in. If I went upstairs my breath lost. My system was very irregular, and until I grew pretty bad I didn't pay much heed to my condition. Then I got blue, worried all the time, wakened in the night and couldn't get to sleep again. None of the medicine I took helped me. One day I was reading of a very interesting case like mine cured by Dr. Hamilton's Pills. I took the same treatment. It was just right—didn't physic me to death, but took hold of the weak, sick parts of my system, and got things right. It seems as if Dr. Hamilton's Pills have made me young again, and all my color, spirits, vigor, and health of former days have returned to stay."

Every girl and woman should use Dr. Hamilton's Pills regularly. They help a woman in many ways. Beware of the dealer who asks you to take an inferior pill on which his profit is larger than on Dr. Hamilton's. Sold in yellow boxes, 25c per box, all dealers, or The Catarrhozone Co., Kingston, Ont.

CORNS CURED IN 24 HOURS

You can painlessly remove any corn, either hard, soft, or bleeding, by applying Putnam's Corn Extractor. It never burns, leaves no scar, contains no acids; is harmless, because composed only of healing gums and balms. Fifty years in use. Cure guaranteed. Sold by all druggists, 25c bottles. Refuse substitutes.

PUTNAM'S PAINLESS CORN EXTRACTOR

The Daily Review

MONDAY, SEPT. 16, 1912.

MILITANT SUFFRAGETTES

The militant suffragettes are coming to Canada! This alarming intelligence was forecasted by the interview which the deputation from the Women's Social and Political Union had with Mr. Borden in London. The reception which Mr. Borden gave to the ladies was quite courteous, but unmistakably firm in its refusal to accept for one minute any intimation that he or Canadian ministers would be subjected to any of the mobbing or militancy that is so common in Britain. Mr. Borden stated that he thought Canadian women both able and intelligent enough to decide for themselves on the matter of the franchise, and their rights. He said that he was not aware that the women of Canada were suffering any special disability or injustice under the present laws, but if they were, he would be glad to have any suggestions as to how the injustice could be remedied.

The newest suggestion is that the Department of the Interior, which governs matters of immigration, shall rule that the militant suffragettes are undesirables, and have them excluded. That is a very fine suggestion!! No one in Canada would weep salt tears if the militant suffragettes were kept out of this country. The only question is would Canada be justified in taking such a drastic step? We scarcely think so. The English stone-throwers and minister-mobbers will probably get enough of a chill, when they get to Canada, to keep them in cold storage for a while. The Canadian "sufferingyets" have no desire to make a closer acquaintance with them. There is no large body of public opinion, even among the women, to support them in Canada. We have no idle aristocracy that cares nothing for notoriety. All of our plutocrats are too newly rich to be careless about their deportment and respectability. So we think that there will not be much virus inoculated into the Canadian political body even if the Asquith terrors do come. In fact, they might go home with more than they had in coming.

SANOL

A German Specialist's Discovery will positively cure Kidney Trouble

GALL STONES, KIDNEY STONES, GRAVEL AND ALL AILMENTS OF URIC ACID ORIGIN.

The only positive cure for Gravel.

SANOL EXPELS URIC ACID

NEVER FAILS TO CURE

Sufferers will receive free information on request from the Sanol Manufacturing Co., Winnipeg, Man.

Priced $1.50 per bottle in liquid from Druggists

McDermid & Jury

THE WAGES OF FOLLY

The suicide of the wife of Jack Johnson, the pugilist, was duly exploited by the American yellow express. She shot herself while at a hotel in Chicago, and, of course, the enterprising reporters made her a leading society belle of the Rhode Island town she came from, who had sacrificed her social position, her friends and family, to live with the conqueror of Jim Jeffries. How far this is near the truth, we do not venture to say, but we think it rather odd that any woman with enough sense to become a society belle could be induced to take to such a life.

At any rate, it is true that after two years of married life with the pugilist, she was so miserable that she ended existence. In the inquest, Johnson stated that once before, she had attempted to suicide, and that he had to have her watched. He also stated that he had been much more badly knocked about in the Jeffries fight, than the world had realised and that he and his wife had kept their troubles secret. This sounds very well, but it is none the less true that for this unfortunate woman, the wages of folly was death! When will all women have enough sense to avoid any such mesalliances? It is perhaps lucky for the average man that it is not hard to find some woman, who thinks she is all right, but it is not pleasing to the male conception of the sex to see such egregious mistakes made by one of them.

THE IRELAND CASE

From his seat in the House of Commons last session, Premier Borden stated that any employe of the government who was dismissed might, if he thought himself unjustly treated have a commission appointed to investigate his case. The discharge of Mr. W. Ireland, who held a customs post in Parry Sound, is one of the few cases in which we think that the premier's promise might profitably be implemented.

Mr. Ireland has apparently been so free from participation in politics that the president of the local Conservative association, himself an applicant for the office, said that he had no charges of partisanship to make against Mr. Ireland. The case seems exceptional in the circumstances that led to the dismissal, and it is one in which the Borden government might well give a special hearing to the case. It is not the intention to dismiss anyone without just and sufficient cause, and if, in this case, it could be proved that the cause was lacking, Mr. Ireland should be restored to his post.

One of the oldest newspaper men in the province, members of the craft had a natural sympathy for him, irrespective of political leanings. Especially is it the case in rural districts that the editor and proprietor of a newspaper gives years of party work of the most arduous and valuable character to his party. This is the case with both Reform and Conservative papers. He almost receives no party recognition or reward for his services, which are quite outside the realm of pay, of engagement. Mr. Ireland sold his business four years ago and accepted the position. Of course he assumed the risks that seemed to be involved in so doing and must abide by his decision. Still it is regretful that at his age, he is out on the world—so to speak—out of the swim and current of business and not in a position to assume the duties incidental to conducting a paper and its enterprises.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

DATES OF FALL FAIRS

The Central Fairs Association arranged the following schedule of dates of the fall fairs:

Stirling Fair—Tuesday and Wednesday, October 1st and 2nd.

Norwood—October 8th and 9th.
Lindsay, Sept. 19, 20, 21.
Port Hope, Sept. 24, 25.
Napanee, Sept. 17, 18.
North Victoria, Victoria Road, Sept. 27, 28.
Cobourg, Sept. 18, 19.
Frankford, Sept. 19, 20.
Madoc, Sept. 23, 24.
Marmora, Sept. 23, 24.
Campbellford, Sept. 24, 25.
Bobcaygeon, Sept. 24, 25.
Picton, Sept. 25, 26.
Roseneath, Sept. 26, 27.
Castleton, Sept. 25, 26.
Colborne, Oct. 1, 2.
Tweed, Oct. 2, 3.
Millbrook, Oct. 3, 4.
Warkworth, Oct. 3, 4.
Ameliasburg, Oct. 4, 5.

BANK OF ENGLAND

Romantic and Tragic History of a Famous Institution.

No other banking institution has so romantic a history as that pertaining to the Bank of England, "the Old Lady of Threadneedle street."

The founder of the bank was William Paterson, an adventurous Scotchman who, it is said, at one time of his life had controlled every privateer that sailed the Spanish Main. Paterson laid the foundation of his fortune in the buying and selling of slaves and the clearing of $500,000 as his share of the gold found on a sunken Spanish galleon.

It seems to be agreed that it was with these funds and those derived from his buccaneering expedition that Paterson, who had been banished to England by James II., financed, in part, the expedition of the Prince of Orange across the Boyne.

With the advent of William III. to the English throne came the first plans for the establishment of a national bank. Some writers who treat of the "inside history" of the times entertain no doubt that, while William III. was indeed the moving spirit of the scheme, Paterson was, nevertheless, the indispensable one in the realization thereof. He was the official mouthpiece at the weekly meeting of the famous group of financiers known as "the Wednesday Club."

The Jacobites unavailingly denounced the bank as a revolutionary institution whereby the King would gather unto himself all the wealth of the nation. About the only concession the Tory malcontents of the day were able to extract from the Government was a law, remaining in force to this day, that the bank might not lend money to the King or to the Government, except by the consent of both Houses of Parliament.

One of the bloody episodes in the history of the bank is that embraced in the story of Charles Walter Godfrey, the partner of Paterson. It appears that Godfrey, while crossing the channel in the midst of a terrific storm and laden with 00,000 in drafts for the aid of King William, who was just then besieging Namur against the forces of Louis XIV, insisted upon his right to deliver the warrant for the money into the hands of the King, then in the trenches, under hot fire. As he handed the documents to the King, saying, in response to William's growl of remonstrance, 'Am I, then, more exposed to danger than your majesty?' a cannon ball swept away his head.

Not so very many years ago there stood over the massive fireplace in the directors' room of the bank three rusty specimens of the old "Brown Bess," together with a number of roughly shaped bullets. In these relics was embodied a picture of the November night in 1780 when the mob of Gordon rioters marched down from Newgate, setting fire to every Catholic chapel on the way, and advancing with a force of 5,000 upon the bank itself.

The clerks, armed with muskets, were unprovided with shot. Before them lay rows of leaden inkstands, suggesting the possibilities of a new use. Quickly the inkstands were melted and turned into bullets. The muskets were loaded. At every window of the bank stood two marksmen, their guns trained on the mob below. Yet the rioters came on until they were within 10 yards of the bank gates.

Then sharp and clear above the frightful din rose the order to fire, and from the windows poured a deadly volley. When the smoke finally cleared away 200 lay dead or dying in the open space now covered by the esplanade of the Royal Exchange. The attacking army wavered, stopped, broke line, and fled, and the Gordon riots were at an end.

Enlivening the Law Courts.

A recent reference in The Glasgow Herald to the judicial oath reminds a correspondent of that paper that he once heard the late Sheriff Hamilton administering the oath in Edinburgh Sheriff Small Debt Court to a witness who was dull of hearing. "I swear by Almighty God," said the sheriff. The witness put his hollowed hand to his ear and asked: "Wha dae ye swear by?" The same witness was asked by an agent: "What does your wife do?" to which he replied: "She keeps a sweetie shop," adding as an afterthought, "bit she's deid." In those days there was an Edinburgh Baillie who always began the oath: "I swear by Almighty Gods"—probably a result of slipshodness rather than pantheistic belief. Many court reporters have heard a witness swear to tell "the truth, the whole truth, and anything but the truth."

Leigh Hunt's Daughter.

The fact that a child of Leigh Hunt's is still in the land of the living will come as a surprise to most people.

Leigh Hunt was born on October 19, 1784, and it was as long ago as 1812 that he was fined $2,500 and sent to prison for two years by Lord Ellenborough for describing the Regent as a "corpulent Adonis of 50." He was a friend of Keats, Charles Lamb and Tom Moore and was present at the strange scene when Byron cremated Shelley's body.

His only surviving daughter, whose husband, Charles Smith-Cheltnam, died a few weeks ago, is now lying dangerously ill and is in very reduced circumstances. A public appeal is now being made in order that Leigh Hunt's daughter may not know the shame that attaches to the poor house.

When Hanging Was Common.

It is almost impossible to hang a woman in this country, but in oldtime England this was not the case. King George III. once offered 264 women offenders an alternative to hanging. They might, should they choose, be transported instead. Six of them voted for hanging. Many women were then hanged for far less crimes than smashing windows. George Paston, for instance, notes the fate of a woman left husbandless by the press gang: "Rendered desperate, she entered a shop and took up a piece of linen, but laid it down again. For this she was condemned to death and was hanged, we are told, with her infant at her breast."

The Federal Cabinet will shortly fix the date for Thanksgiving Day, probably, Monday, October 28.

THE MARKET

Latest Quotations in Grain Dairy Products, Live Stock Etc

Liverpool and Chicago Wheat Futures Close Lower—Live Stock—

Latest Quotations.

CHICAGO, Sept. 14.—Heavy selling in the northwest, presumed to be largely hedging, more than wiped out today a decided advance in wheat. Closing prices were weak at a decline of 1-8c to 1-4c net. Corn finished 1-4c to 3-8c up, oats a shade off to a like amount higher, and provisions varying from 2 1-2c to 5c loss to a rise of 7 1-2c.

The Liverpool market closed today ½d lower on wheat, and unchanged to ¼d lower on corn. Antwerp closed unchanged on wheat, Berlin ¾c lower, Buda-Pest ⅝c lower.

Winnipeg Options.

Montreal Grain and Produce.

MONTREAL, Sept. 14.—There was a considerable enquiry from European sources for new crop Manitoba spring wheat, but as the prices bid were all 3d to 4½d per quarter below what exporters offered, no new business was done. A fair volume of trade continues to be done in oats over the cable and the local market is strong. Flour is steady under a fair demand. Millfeed active and firm. Butter strong with a good demand. Receipts for week were [illegible] packages, against [illegible] a year ago. At the decline in prices for cheese there was a better enquiry. Receipts for week, 78,[illegible] boxes, against [illegible] a year ago. Eggs active and firm. Receipts for week, 7640, against 4587 a year ago. Stocks: Wheat, [illegible]; oats, [illegible]; barley, 15,[illegible]; flax, [illegible]; flour, [illegible].

Corn—American, No. 2 yellow, 87c.

Oats—Canadian western, No. 2, 50½c to 51c; No. 3, 48c to 48½c; extra No. 1 feed, 50c to 50½c.

"Billy!"

Sheldon's voice exploded like a pistol shot. The savage startled physically. Grins overspread the grotesque features of the audience, and there was a sound of tittering.

"'Pose you like too much lash that fella Arunga, you take him fella Tulagi," Billy said. "One fella government agent make plenty lash. That um fella law. Me savvee um fella law."

It was the law, and Sheldon knew it. But he wanted to live this day and the next day and not to die waiting for the law to operate the next week or the week after.

"To much talk along you!" he cried angrily. "What name, eh? What name?"

"Me savvee law," the savage repeated stubbornly.

"Astoa!"

Another man stepped forward in almost a sprightly way and glanced insolently up. Sheldon was selecting the worst characters for the lesson.

"You fella Astoa, you fella Narada, tie up that fella Billy alongside other fella same fella way.

"Strong fella tie," he cautioned them. "You fella Astoa take that fella whip. Plenty strong big fella too much ten fella three times. Savvee?"

"No," Astoa grunted.

Sheldon picked up the rifle that had leaned against the rail, and cocked it.

"I know you, Astoa," he said calmly. "You work along Queensland six years."

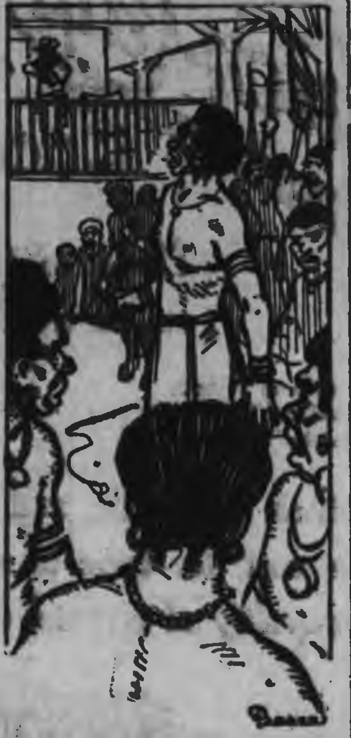
"Me fella missionary," the black interrupted with deliberate insolence.

"Queensland you stop jail one fella year. White fella master fool no hang you. You too much bad fella. Queensland you stop jail six months two fella time. Two fella time you steal. All right, you missionary. You savvee one fella prayer?"

"Yes, me savvee prayer," was the reply.

"All right, then you pray now, short time little bit. You say one fella prayer quick, then me kill you."

Sheldon held the rifle on him and waited. The black glanced around at his fellows, but none moved to aid him. They were intent upon the coming spectacle, staring fascinated at the white man with death in his hands who stood alone on the great veranda.



SHELDON HELD THE RIFLE ON HIM AND WAITED.

"Astoa," Sheldon said, seizing the psychological moment, "I count three fella time. Then I shoot you fella dead, good-bye, all finish you."

And Sheldon knew that when he had counted three he would drop him in his tracks. The black knew it, too. That was why Sheldon did not have to do it, for when he had counted one, Astoa reached out his hand and took the whip. And right well Astoa laid on the whip, angered at his fellows for not supporting him, and venting his anger with every stroke. From the veranda, Sheldon egged him on to strike with strength, till the two triced savages screamed and howled while the blood oozed down their backs. The lesson was being well written in rod.

When the last of the gang, including the two howling culprits, had passed out through the compound gate, Sheldon sank down half fainting on his couch.

"You're a sick man," he groaned. "A sick man."

"But you can sleep at ease tonight," he added, half an hour later.

CHAPTER III.

THE JESSIE.

TWO days passed, and Sheldon felt that he could not grow any weaker and live, much less make his four daily rounds of the hospital. The deaths were averaging four a day, and there were more new cases than recoveries. The blacks were in a funk. Each one, when taken sick, seemed to make every effort to die. They believed they were going to die, and yet, believing this with absolute conviction, they somehow lacked the nerve to rush the frail wraith of a man with the white skin and escape from the charnel house by the whale boats. They chose the lingering death they were sure awaited them rather than the immediate death they were very sure would pounce upon them if they went up against the master. That he never slept they knew. That he could not be conjured to death they were equally sure—they had tried it. And even the sickness that was sweeping them off could not kill him.

With the whipping in the compound discipline had improved. They cringed under the iron hand of the white man. They gave their scowls or malignant looks with averted faces or when his back was turned. They saved their mutterings for the barracks at night, where he could not hear. And there were no more runaways and no more night prowlers on the veranda.

Dawn of the third day after the whipping brought the Jessie's white sails in sight. His partner was on board, vigorous and hearty from six weeks recruiting in Malaita. He could take charge now and all would be well with Berande.

Sheldon lay in the steamer chair and watched the Jessie's whaleboat pull in for the beach. He wondered why only three sweeps were pulling, and he wondered still more when, beached, there was so much delay in getting out of the boat. Then he understood. The three blacks who had been pulling started up the beach with a stretcher on their shoulders. A white man, whom he recognized as the Jessie's captain, walked in front and opened the gate, then dropped behind to close it. Sheldon knew that it was Hughie Drummond who lay in the stretcher, and a mist came before his eyes. He felt an overwhelming desire to die. The disappointment was too great. In his own state of terrible weakness he felt that it was impossible to go on with his task of holding Berande plantation tight gripped in his fist. Then the will of him flamed up again, and he directed the blacks to lay the stretcher beside him on the floor. Hughie Drummond, whom he had last seen in health, was an emaciated skeleton.

"Black water fever," the captain said. "He's been like this for six days, unconscious. And we've got dysentery on board. What's the matter with you?"

"I'm burying four a day," Sheldon answered, as he bent over from the steamer chair and inserted a thermometer under his partner's tongue.

Captain Oleson swore blasphemously and sent a house boy to bring whiskey and soda. Sheldon glanced at the thermometer.

"One hundred and seven," he said. "Poor Hughie."

Captain Oleson offered him some whiskey.

"Couldn't think of it—perforation, you know," Sheldon said.

He sent for a boss boy and ordered a grave to be dug: also, some of the packing cases to be knocked together into a coffin. Having given the orders, Sheldon lay back in his chair with closed eyes.

"It's been fair hell, sir," Captain Oleson began, then broke off to help himself to more whisky. "Contrary winds and calms. We've been driftin' all about the shop for ten days. There's ten thousand sharks followin' us for the tucker we've ben throwin' over to them. They was snappin' at the oars when we started to come ashore. We got it from the water—water from Owga creek. Filled my casks with it. How was we to know? I've filled there before an' it was all right. We had sixty recruits—full up, and my crew of fifteen. We've been buryin' them day an' night. The beggars won't live, dash them! They die out of spite. Only three of my crew left on its legs. Five more down. Seven dead. Oh, h——l What's the good of talkin'?"

"How many recruits left?" Sheldon asked.

"Lost half. Thirty left. Twenty down, and ten tottering around."

Sheldon sighed.

"That means another addition to the hospital. We've got to get them ashore somehow. Viaburi! Hey, you, Viaburi, ring big fella bell strong fella too much."

To be continued

The destruction of the house fly is a public duty. Almost every American State Board of Health is carrying on a crusade against him.

His filthy origin and habits, and the fact that his body is generally laden with disease-producing germs, makes him one of the greatest enemies of the human race.

If the housekeepers of Canada will use

WILSON'S FLY PADS

persistently, this peril would be tremendously reduced.

PREMIER BORDEN GATHERED RESPECT AND GOOD WILL

A London Paper Discusses the Navy Question—Co-operation of Defence is the Best Guarantee of Internal Liberty and Autonomy.

Dr. G. Stewart Cameron, who is on a visit to England, sends the Review a copy of the London Sunday Observer, from which we take the following editorial reference to Premier Borden's recent trip to Europe:

The Prime Minister of Canada is on his way home, bearing with him the sheaves of respect and goodwill which he has so abundantly gathered in this country. We rejoice to know that he has found the true spirit of Empire alive among us, and that he returns impressed with the fact that the red blood of faith and hope still runs in the veins of a nation which tired pessimists are sometimes tempted to regard as enfeebled by their own weariness. We are, however, conscious, as Mr. Borden cannot be, that, behind the classes with which he came most freely in contact, there is a great mass of people to whom the bitter anxiety for its daily bread leaves little time for thoughts of Empire and little heart for matters beyond the belly-need. Many of these, we trust, will find earthly salvation in the shires of Britain over-sea. We deprecate very strongly such advocacy of Tariff Reform as that in which Mr. George Wyndham indulged the other day when he spoke of men being "exiled" to British Dominions through the operations of Free Trade. We must really cure ourselves of the habit of speaking of transfer to Canada or Australia as "emigration" or "exile," and, if we recognise it to be the first duty of British statesmen so to ameliorate social conditions that Britons in these islands may remain worthy of their Imperial destiny, it must be with the object of building up a worthy stock on which the Dominions can draw to fill their waste spaces, rather than with the narrow design of keeping the best and fittest of our people at home.

We must not, however, permit ourselves to be led too far afield, important as this question of supplying man-power to the Empire is. Mr. Borden's visit had a specific purpose, and the nation is awaiting, with deep interest, but with perfect confidence, to know how he has sped. In his parting statement he was obliged to own that, owing to the pressure of questions of internal politics on the time of British Ministers he was returning to Canada without the full and detailed information on naval affairs, which is requisite in order that his Cabinet may reach a decision. We hope that the omission will soon be remedied; but the confession that Ministers are so much engaged in the faction fight that they cannot make opportunity to attend thoroughly to the things which belong to the Empire's peace is at once humiliating and significant. They might fitly learn a lesson from Mr. Borden and his colleagues, clear eyed to see the essential point, and strong to brush aside like cobwebs petty difficulties which are to our statesmen as stones of stumbling.

Especially do we hope that this will be the case in the matter of the Dominion in the shaping of national policy and the control of the Imperial fleet of the future. To accept gratefully the present of a few ships from Canada, and to use them in mitigation of the burden on the taxpayers of the Mother Country, as the New Zealand is to be used, is easy; but it will not tend to any real development of the Empire. The eyes of Australia, New Zealand and South Africa are watching to see the outcome of Mr. Borden's mission, as are those "millions of twinkling eyes from over the rim of the world" of which Sir Arthur Lawley spoke in Canada the other night. On the answer given to the Canadian demand that the Dominion should be given a share of control depends the place of the infant Navy of Australia in the Imperial scheme of defence. On it also depends the ability of General Botha to achieve his end of persuading the people of South Africa that co-operation for defence is the best guarantee of internal liberty and autonomy.

The Dominions will not be persuaded to join with us in the formation of the Navy of the Empire, one and indivisible, unless they see that the arm of that Navy is long enough to protect them from any menace to their particular interests as well as to ensure supremacy in European waters. They are the Wardens of the Marches. They are willing and anxious to undertake the duty of freeing the hands of the Mother Country and enabling her to deal with the peril at her door without having to look over her shoulder lest peril more remote should arise. The policy of the Empire Patrol is the only policy which can satisfy all parts of the Empire and secure their co-operation.

SAID FAREWELL TO MR. WILKIE AND WISHED HIM GOD SPEED

He Will Labor in the Gwalior Mission Field in India—Sectional Travelling Case From Knox Sunday School

The Sunday school of Knox Presbyterian church, at the session yesterday afternoon, said farewell to Mr. Harry Wilkie, who, having decided that the mission field in India calls for his services, will take up that work.

Mr. Wilkie will be ordained at Parkdale Presbyterian church tonight, by the Toronto Presbytery, with the Rev. R. Douglas Fraser, presiding and Rev. A. Logan Greggie, conducting the service of ordination. He leaves Toronto, at 11 o'clock and sails from Montreal on Saturday. His work in India will associate him with the Gwalier Missions in the United Provinces. He will be stationed at Jhansi which is about 200 miles north of the present Missions of the Canadian Presbyterian church.

During the Sunday school session Mr. Wilkie was presented with a sectional travelling case, and this with the best wishes of the Sunday school was tendered by Mr. R. C. Clifford, who also referred to his future work in India.

Mr. Morrison, in his remarks spoke of Mr. Wilkie's work in the interests of the church, while he was in Peterborough, and employed at the C. G. E.

Mr. Wilkie in reply told of his experiences since leaving Peterborough, to undergo training for his work in India and made an appeal for others to enter the same service.

The history of the Knox Boy's Club, was told by Mr. Robert Thompson, and on behalf of the young men, he wished Mr. Wilkie God-speed.

At the evening service Mr. Wilkie gave an address in which he acknowledged his appreciation of the interest shown by Knox church in the missionary enterprise. He gave some astounding facts, showing the need of the work and the ability of the church to meet the demands.

The musical part of the service included a selection by a quartette, "Speed Away" being sung. At the close Mr. Wilkie met a large number of his friends, who evinced their interest in mission work, and wished him all success in his labors.

TURNERS WILL DECORATE REGINA

For the Visit of the Duke of Connaught.

Four Miles of Decorations to Greet The Duke.

J. J. Turner & Sons have been notified of the acceptance of their tender, for decorating the city of Regina for the visit of the Duke of Connaught, in October.

Some 30,000 flags, banners and pennants, will be needed, as four miles of the city will be decorated.

The local firm has to supply 1,600 poles and 1,600 barrels which will be used, in displaying the flags. The factory is already hard at work, turning out, brand new goods.

While the firm has had many big orders, the Regina contract, which must be completed in about three week's time, eclipses all others.

City Council at Toronto

The City Council, headed by Mayor Bradburn, left for Toronto this morning to interview Hon. Adam Beck, chairman of the Hydro-Electric Commission on the hydro proposition for Peterborough.

Sarnia citizens will be asked to spend $240,000 for a new water intake from Point Edward.

The Lotbiniere, Quebec, election case was struck from the court roll.

The next annual meeting of the Loyal True Blues will be held at Picton in August.

Horse Liniment of Whiskey?

Kingston, Sept. 16.—On Saturday afternoon Wm. McIlroy of Belle Rock was arraigned on a charge of having liquor on the premises for sale. Justices of the Peace George Hunter, Kingston, and Edward Freeman, Hartington, reserved judgement.

The accused, who is in a local option district, said the whiskey was for his personal use and as a liniment for horses.

Alaskan Railway Sold.

Juneau, Alaska, Sept. 16.—It is reported here that the White Pass & Yukon Railway, which operates between Skagway and White Horse, Yukon Territory, 14 miles, has been sold to the Grand Trunk Pacific Railway system, and the actual transfer will take place January 1 1913. The deal is said to have been negotiated by W. B. Close of Chicago, who is now in the north.

The Grand Trunk Pacific has always declared its purpose to build a branch from the transcontinental main line north to White Horse and Dawson.

Train Struck Buggy.

Welland, Sept. 16.—Fred. Tilley and wife had a narrow escape from instant death when their buggy was struck and demolished by Michigan Central passenger train No. 73 from Buffalo at 2 o'clock. They were thrown clear of the train, and although no bones were broken, they received minor injuries, and were taken to Welland County Hospital, where their injuries were attended by Dr. Howell. They will recover.

The horse escaped.

Advertise in the Review, It pays.

EXTRA MIDWAY ATTRACTION PUT ON AT FAIR GROUNDS

Ernest Gill Fined $20 for Interfering With Police Officer, and His Brother $5.00 for Disorderly Conduct—Trouble Started When Constable Moore Made an Arrest

At the Fair Grounds on Saturday, a spieler for one of the side shows, named Gill, who was on the race track during one of the heats of the horse races, was ordered off the course by Constable Moore. He refused to go and a rough and tumble fight occurred in which the spieler was thrown to the ground. P. C. Bills appeared on the scene and took the offender towards the gate of the grounds where he could be put on a street car and taken to the police station. As the officers passed the side show to which the arrested man belonged, his brother, Ernest Gill, and his father, rushed at them with clubs in an attempt to rescue him from the officers. Blood was flowing on both sides before the policemen succeeded in getting their man away.

A few minutes later Chief Thompson and Detective Newhall and P. C. Meagher appeared in plain clothes and arrested the two who had interfered.

In Police Court Ernest Gill was fined $20 for interfering, and his brother $5 for disorderly conduct and assaulting Constable Moore.

They belonged to the show exhibiting wild animals at the Fair. They came here from Toronto and will show at the Lakefield Fair.

FISKE O'HARA NOW STARRING IN "THE ROSE OF KILDARE"

"The Rose of Kildare," which will be presented by Fiske O'Hara and his admirable company at the Grand on Thursday next, Sept. 19th, is an attraction that will not only please those who are Irish, or of Irish descent, but all who are fond of piquant Irish wit and good, virile romantic drama. It is of a fashion that until recently was known only to drama lovers, but through the artistic endeavors of appreciative producers like Augustus Pitou, has become popular indeed.

There is nothing of the farcical or slapstick order about "The Rose of Kildare." It has evidently been the aim of authors and producers alike to keep it on a high plane throughout. The dramatists have taken one of the most interesting periods of Irish history, the latter part of the 18th century, and have constructed a play that shows to a very wide degree the different modes of life and the different characters of the time in the Green Isle. The principal characters are drawn from the aristocratic circles and the general tone of the play is in keeping. Costuming and scenic effects are unusually rich and beautiful.

The seat sale opens to-morrow (Tuesday) morning.

WE SHOULD ALL CHOOSE WISDOM

Make Wisdom the One Great Guiding Star Urges Rev. Jas. Rollins.

Rev. James Rollins, during the course of a sermon last evening on Wisdom, and Folly's call to the youth of a city, urged every young man to make Wisdom, his one great guiding choice in life. The ability to choose Wisdom in preference to Folly, typified as the foolish woman spoken of in Proverbs, was something strongly to be cultivated.

"The curse of many men's lives," said the pastor, "is that they drift into passions and thoughts without choosing. Everything that is done should be done deliberately and with definite choice."

Speaking of Wisdom and its desirability, Rev. Rollins explained that the wisdom spoken of in scripture touches upon uprightness and practical morality; a wisdom that was compounded of moral and intellectual excellencies.

"What must be done to cultivate this beautiful trait," he queried, "prayer is required above all else."

The fullest interpretation of the Wisdom that stands in a conspicuous place in a city, is just Christ.

On the other hand, the phrase, foolish woman, used in Proverbs, represents all that is in opposition to Jesus Christ, His ideals and His purposes. Every voice that is opposed to His purity, purposes and ideals is the voice of Folly."

In concluding, the pastor invited all to choose, as the supreme thing in their lives, "Wisdom."

WINNERS OF THE SPECIALS

W. A. Anderson of Keene Took Mr. Wards Silver Cup.

A special prize of a cup valued at twenty dollars was donated by Mr. R. W. Ward, dairy instructor, for the highest scoring cheese, weighing 50 lbs. or over, exhibited at the Exhibition. The cup was carried off by W. A. Anderson, of Keene, and will become the property of the exhibitor who shall win it at three successive fairs.

A considerable amount of interest was displayed in the Quaker Bread contest, in which prizes of one barrel, 1-2 barrel and 1-4 barrel of Quaker Flour and a case of Quaker Oats, were offered for the two best home-made loaves made from Quaker Flour. Mrs. J. A. Sharpe, of 631 Homewood ave., upheld the reputation of the city housewives by winning first honors, and the barrel of Quaker Flour. Mrs. Downing, also of this city, was awarded the second prize; Mrs. Powell, of Browntown, third, and Mrs. G. L. Cunningham the fourth.

In the Grafton Special for heavy teams, there was a very large entry and every team exhibited was a thoroughly fit one. The first prize fell to Geo. Sanderson, of Millbrook. Mr. Geo. Michell received the second prize and Mr. W. Roberts, the third. The horses for this prize were judged by Mr. McMillan, of Smiths Falls, on Saturday.

A special prize was offered by the Peterborough Branch of the Womens Art Association for best group of original drawings, but no decision was announced.

Some likely looking bacon hogs appeared in competition for the special prize, presented by the Geo. Matthews Co. The Bowles Bros., of Springville, secured the first prize of $5; R. E. Thurston, of Bobcaygeon, won the second prize of $3, and

EVENING CLASSES

The Evening Classes at the Peterborough Business College afford an excellent opportunity to ambitious young people to improve their education. Your leisure hours could be spent very profitably and your daily duties could be continued as before. These classes are held on MONDAY, WEDNESDAY and FRIDAY nights, beginning September 11th. Students admitted at any time. Individual instruction. Get particulars at

PETERBORO' BUSINESS COLLEGE

GEO SPOTTEN, President. — E. B. LOGAN, Principal.

E. H. Mark, of Little Britain, the prize of $2.

In the competition for the best lady driver, Miss K. Leary, driving Mr. F. Stinson's horse, was awarded first prize, and Miss N. Graham, driving Mr. T. H. G. Denne's horse, received second prize.

FIRST CONCERT IN ALL-STAR COURSE

Great interest is being displayed by the public in the Artist Series, which has been arranged for this city and which will be inaugurated by David Bispham, on Tuesday, September 17th. At the present time, judging by the sale of course tickets, the entire house will be almost completely sold out for each concert of the course.

This is not surprising when one considers that at each concert a leading star of the musical world will be presented, and that the tickets for the whole series have been placed at a price which should secure to the local management the moral and financial support of every civic-loving citizen.

David Bispham, the first star to appear is recognized not only on this continent, but abroad as well, as one of the greatest artists of this generation. His voice, a rich baritone is of a beautiful quality, and his wonderful dramatic and interpretative powers make his singing a rare treat.

For the second concert a star of no less magnitude than Nordica has been secured. The greatest dramatic soprano in the world, her name is known and loved wherever music is known. She brings Rummel, the distinguished violinist, with her.

The third attraction will be Mme. Mary Hallock, one of the greatest pianists of the younger generation who is making her first American tour. Madame Hallock is one of the far too few pianists who believes that piano music should speak to the soul, and not be made merely an excuse for a display of digital dexterity.

Course tickets $3.00, giving choice of seats to subscribers.

Blind Pigs Raided.

Kingston, Sept. 16.—As a result of a raid on Saturday afternoon by Provincial License Inspector Morrison, County Inspector Morland and City Inspector C. W. Wright, two ex-hotelmen have been summoned to appear before the county magistrate charged with having liquor on their premises and a very large quantity of wet goods was confiscated.

It is understood a charge is to be laid against another man for selling liquor to the two who have no license to sell liquor on the premises.

The inspectors hired a dray to carry off the liquor.

The regular monthly meeting of St. Andrew's W.F.M.S. will be held on Tuesday afternoon at 3.30. As this is the first meeting of the season a full attendance of the members is requested.

RECEIPTS SHOW INCREASE OF $700

Attendance for the Three Days of the Fair Nearly Reached 30,000 Mark--Manor King and Jimmy Direct Were the Turf Winners.

Lady Balloonist Made Third Successful Ascension and Managed to Miss the Water Again.

During the exhibition on Thursday, Friday and Saturday last, more than 20,800 people attended the performances at the Fair grounds. The total receipts exceeded by over $700 those of last year; the number of entries received was considerably larger, and the "concessions" granted for booths and games on the Midway were twice as numerous as at the 1911 Fair. Altogether the exhibition has been a greater success than any former one, and the Directors are not only to be congratulated upon the standard of the Fair as a whole, but also upon the success of their efforts to secure a record attendance.

Saturday, the last day, saw an attendance of 8,000 people, and though the receipts for this day show a slight decrease when compared with those of the corresponding day last year, this was amply overbalanced by the large increase in receipts of the preceding day.

The usual attractions were in full swing Saturday, and in the afternoon the promised program was put on in front of the grand stand.

The three vaudeville troupes gave their respective performances. In this connection it might be well to say the directors were disappointed by the Youngblood Sextette, which troupe was their best and most widely advertised attraction. The absence of the merry-go-round and promised Ferris wheel on the Midway was also the result of a last minute breach of contract by an amusement company, so that altogether they had their share of hard luck. The three troupes were good, however, and satisfied the majority of the spectators.

MISSED THE RIVER.

The balloon ascension was again a very popular item on the bill, and it was with the greatest interest that the crowd witnessed the flight of Madame Devonda, and her descent, most of which was visible to the crowd at the grounds. The flight was perhaps the most successful of the three, the large balloon soaring almost vertically upward for quite a distance, then taking an easterly course towards the river. Miss Devonda came down on the east bank of the river, just across from the Brinton Carpet Co's factory. In this flight a greater element of danger was introduced than in the others, as the balloon began to lose the gas and descend before the daring aviator was ready to cut loose with the parachute. It was only by waiting till the last possible moment before cutting loose that Miss Devonda escaped a cold plunge into the river.

THEY WON AGAIN.

In the horse races on Saturday afternoon the two favorites of Friday again refused to be beaten, both Manor King and Jimmy Direct winning their respective races.

There were three starters in the 2.22 class, and from the word "go" to the finish the race for first place was a hot one. Manor King took the lead at the end of the first round and drew away from Bar None, winning by a safe margin. Patterson finished on the heels of Bar None. The second heat was the most closely contested of the three, Bar None taking the lead at the start, and Patterson falling in for second place. Manor King, who got off to a poor start, brought up the rear till the last half of the second lap, when he passed Patterson. In the stretch before the finish Bar None was beaten out for first place by the invincible Manor King. There was no doubt about the third heat, the horses finising in the same order. The following were the results of the heats:

Manor King	1	1	1
Bar None	2	2	2
Patterson	3	3	3

Manor King, owned by T. Hodgson, of Orillia, got first money; Bar None, the property of Dr. Bailey, of Orillia, got second money, while third money went to a local racer, Patterson, owned by E. W. Jones.

SEVEN TO START.

There were seven entries in the free for all, Jimmy Direct, the winner of Friday's race, replacing Bourbon Brook in the entry list. The heats were as follows:

Jimmy Direct	1	1	1
Luke Vernon	2	2	2
Picket Boy	3	7	4
Orillia Belle	4	4	[illegible]
Yukon	6	3	[illegible]
Jerry Dillard	5	6	5
Karo	7	5	7

Jerry Dillard, who has gone a mile in 2.09 1-4, showed a lot of speed, but was poorly handled and did not finish in the money. The money went as follows: First, to Jimmy Direct owned by D. Teal, of Trenton; second to Luke Vernon, owned by L. G. Bennett, of Port Hope; third, to Orillia Belle, owned by R. Montgomery, Peterborough, and fourth to Picket Boy, owned by R. Peak, of Campbellford.

The purse for the 2.22 class was $150 and that for the free for all was $220.

The judging of harness horses, light and heavy, took place before the grand stand, and a very fine lot of horses were shown in the various competitions. Perhaps the most interesting class was the gentleman's turnout, in which correctness of equipment and appearance scored for the competitor. It was won by Mr Gus White, who was accompanied by Miss N. Graham, and Mr. Stinson accompanied by Miss K. Leary, was awarded second prize.

The grand parade of prize winning outfits and horses was certainly a success and it is certain that never have a finer lot of horses been shown at any exhibition than appeared in the various classes on Friday and Saturday.

NOTES.

"There has not been a cleaner and more successful fair in the country," remarked one of the proprietors of a hoopla game to a Review representative late Saturday afternoon. And he was in a position to know, having conducted his game at preceding fairs.

The young people were noticeably disappointed at the absence of a merry-go round or similar means of amusement, from the Midway. But this, as explained above, was not the directors' fault.

The music by the band during the three days of the Exhibition was at all times, a big factor towards the enjoyment for the crowds. All the boys were out, including "Bobby" Beach and Geo. Chambers behind the calf skins. The band was always on time and most liberal with music that suited all.

THOS. McINTYRE OF KEENE INJURED BY STREET CAR

Mr. Thomas McIntyre, of Keene, met with an accident at the corner of Aylmer and Charlotte streets, on Saturday afternoon, that might have proved more serious. It seems that he was on his way to the G.T.R. station, to take his train for home, and was crossing at the intersection of the above named streets, when he became somewhat flustered at the arrival of a C.G.E. car and Jackson Park car, and was struck by the fender of the former car and thrown aside. He sustained several bruises and cuts from the fall, and remained unconscious for several hours. Belleghem's private ambulance took him to St. Joseph's Hospital where he received attention from Drs. McNulty and Amys.

Mr. McIntyre is out of the hospital to-day and at the home of relatives in East City.

ARRESTED ON SUSPICION

Two Young Men Held in Connection With Disappearance of $225.

Arrested on suspicion of being implicated in the theft of $225 from John Anderson, of this city, Leverne Killingbeck and Joseph Reynolds appeared in police court this morning, and on the advice of their counsel, Mr. Basil D. Hall, did not plead or elect. Anderson declares that he missed the money on Saturday from his breast pocket.

Both complainant and the authorities are opposed to letting the circumstances of the alleged theft be known until the hearing, which has been fixed for Sept. 23rd.

One of the Killingbecks recently served a six-months' term in Central Prison for stealing a large sum of money from an intoxicated man. When the charge against him was being read he showed his indifference by giving a careless yawn.

The prisoners will be given freedom provided they can advance bail of $1,000 each, and two sureties of $1,000 each.

Crown Attorney R. R. Wood considered that such bail was justified by the previous unenviable record of both prisoners.

JUDGE HUYCKE GAVE THE ADDRESS

To Murray Street Sunday School—Services for Park Street Baptists

Yesterday was Rally Sunday at the Murray Street Sunday school, and there was a marked increase in the attendance.

Judge Huycke delivered an interesting address to the school and was given an attentive and appreciative hearing.

At the Park Street Sunday school Rally Sunday will be held next Sunday.

The Rev. Mr. Riddiford will take the anniversary services at the Methodist church in Bridgenorth, and the morning service at Park street will be taken by the Rev. Mr. Ireland. In the afternoon, at 3 o'clock Mr. Mash, Boys' Secretary of the local Y.M.C.A. will speak to the Sunday school, and in the evening the Rev. J. G. Brown, Foreign Missionary Secretary for the Canadian Baptist church will be in charge.

Walter Russell, aged 20, was drowned in the Newmarket Canal when upset from a raft. Seven companions escaped.

PERSONAL

Mrs. (Dr) Caldwell left this morning for Toronto.

Mr. Sheldon Huffman, left to-day for Edmonton.

Mr. Charlie Brewer, of 563 Smith street, has returned from a trip to Toronto.

Mr. Best, of 201 Brock street, returned to-day from a short stay in Toronto.

Miss Smith, of 228 McDonnel St., left to-day for Toronto where she will reside.

Mr. William Ellis, of 708 Harvey street, has returned from a short stay in Toronto.

Trainmaster McMillan and Roadmaster C Mitchell, of the G.T.R. are in town to-day.

Miss Jean Harstone, of 565 Water street, left this morning for a short visit to Toronto.

Mr. Dan Lees, of 514 Gilmour St., has returned from Stony Lake where he has spent the summer.

Mrs. Gumpricht, of Rochester, is visiting her sister, Mrs. Jessie Gumpricht, of 535 Aylmer street.

Mr. Adam Gillespie, of Tweed, is visiting his brother, Mr. George Gillespie, of Hunter street, east.

Mr. Harry Rogers, of 147 Hunter street, east, left last night for Montreal where he will reside in future.

Judge Roger and Mrs. Roger, of Cobourg have returned home after a pleasant week's visit with friends in this city.

Mr. and Mrs. William Stewart, of 104 Lock street, left to-day for West Toronto, where they will make their future residence.

Miss Phyllis Robinson, of 565 Bethune street, who has been visiting relatives in Norwood, returned home this morning.

Mr. Bert Throop left this morning for Whitefield where he will teach school. His many friends at the Collegiate will wish him success.

Miss Grace E. Crowe, who has been spending her vacation in Toronto, Hamilton and Brantford, has resumed her duties at Nicholls Hospital.

Miss Laura Logan, of 14 Murray street who has been visiting friends in Prescott, Ogdensburg and other eastern points, has returned home.

Little Girl's Mishap

A report is in circulation that a drowning accident was averted on Saturday afternoon, through the action of a young man who rescued a little girl from the water, near McDonald's mill, but the Review was given to understand that the mishap was of a trivial nature.

St. John's Notices

Monday—Boys' practice.

Wednesday, 8 p.m.— Memorial Service. Dedication of Chancel lamp.

Thursday, 8 p.m. — Choir practice. Boys' at 7.30.

Saturday—St. Matthew's Day.

Saturday, 9 a.m.—Boys' practice.

Saturday 10 a.m. — Holy Communion.

Sunday, 8.30—Corporate Communion of W. A.

Owen Sound's New Industry.

Owen Sound, Sept. 16.—By a majority of 984, the ratepayers of the town on Saturday declared in favor of granting a loan of $60,000 and other concessions to Hugo A. Gutenkunst of Milwaukee for the establishment of a malleable iron industry in Owen Sound. There was no real opposition to the bylaw, only 28 votes being cast against. Work will be commenced at once on the new plant, which will comprise two large foundry buildings when completed.

The agreement calls for the erection of a large plant to cost not less than $100,000 when completed and to employ no fewer than 150 men in the first year. In turn the town grants a loan of $60,000, also a grant of $4,000 with which to purchase a four-acre site.

The new concern will have a capacity of 25,000 tons, and is to be running by New Year.

Nogi's Act Lauded.

Tokio, Sept. 16.—The dramatic death of Gen. Count Maresuke Nogi, the soldier hero of Japan, and that of his wife, the Countess Nogi, who, coincidentally with what was considered the supreme moment of the nation—the departure from the capital of the body of the late Emperor Mutsuhito for its final resting place at Monoyama—committed suicide, the general by gashing his throat with a sword, and the countess by stabbing herself in the abdomen, is regarded by the great soldiers of Japan and by the general's other countrymen as a magnificent act of patriotic duty. But the nation being in the deepest mourning and the new Emperor being forced into seclusion by the death of his father, it is impossible to confer the usual posthumous honors and, consequently, Gen. Nogi officially is not dead.

Britain's Tobacco Bill.

The consumption of tobacco is steadily increasing in the United Kingdom, and the figures for 1911 are the highest ever reached in this kingdom; 94,486,750 pounds of tobacco were consumed, and the total amount of the tobacco bill reached the enormous sum of £29,164,867. With a population of 45,311,075 this gives us a little more than two pounds of tobacco a head, at a cost of 12s. 10 1-2d. each. The cost works out at £2 17s. 11d. a family, or 1s. 1 1-2d. a week.

Find of Roman Altar.

On the site of the Roman city at Corstopitum, Corbridge, Northumberland, England, has been found a large altar bearing the inscription: Disciplinae avgvstorvm leg ii avg—"To the discipline of the Emperors (dedicated by) the Second (Augustan) Legion." A stone originally erected by the Seventh Cohort of the Thirteenth Legion and a relief of Hercules brandishing a club have also been found there. A Roman villa has been discovered at Hambledon, Buckinghamshire.

THE NEW MILLINERY IS STRIKINGLY BEAUTIFUL AND BECOMING

"Beautiful!" "Lovely!" "Bewitching!"—all seem commonplace in describing the new Autumn hats. They are that and more, besides. The variety is positively amazing—Bolero, Sailors, Tams, Continentals, Turbans, Four-cornered shapes, Modified Derbies, Mushrooms, etc.; rolling brims cleverly tilted in scores of effective ways; trimmings of ostrich fancies placed at various angles, ribbons, feathers, soutache, fancy braids, etc., beautiful shades, mostly in deep natural tones, black and white effects—but come and see for yourself. The millinery styles are strikingly beautiful and becoming.

RICHARD HALL & SON LIMITED

STILL IN HOSPITAL IN HAMILTON

Hamilton, Sept. 16—John Brown, of Binbrook, alleged to have assaulted Isaac Dormer, the 68 year-old resident of Peterboro in the alley in the rear of Parke and Parke's store on Macnab street, causing serious injury to his head, and necessitating his removal to the city hospital, was remanded for such time as the old man is able to appear against him. Dormer is still in the hospital.

It is learned that the Isaac Dormer referred to has been away from Peterboro several years. He did live in East City.

SEEKING THE WILD

Thousands of people are finding out each year that the wilderness is the place for that enjoyment which cannot be experienced anywhere else. Algonquin Park of Ontario, for instance, has been the mecca during the past summer for one of the largest influx of summer visitors in its history and every year shows a large increase of this great brotherhood of summer resort seekers. A wilderness of over 2,000,000 acres of forest, rivers and lakes filled with the wild things that inhabit its confines and offering fishing that cannot be excelled in any other part of the country is bound to attract the attention of the lover of nature and those who love "God's out of doors." The autumn months are among the best of any during the year for a visit to this delightful spot, and the "Highland Inn" at Cache Lake, offers to its patrons all the comforts of a city home. The altitude is 2,000 feet above sea level, the days are delightful and the nights cool and conducive to that sleep which refreshes and invigorates.

Write to Mr. Wm Gall "Highland Inn," Algonquin Park Station, Ont., for rates, interesting illustrated descriptive publications and all particulars.

Two taxicabs were destroyed when fire destroyed Pounds' garage at St. Thomas.

C.G.E. MET DEFEAT AT NOMADS' HANDS

BEATEN AT LAST! The verdict of the football game at the Exhibition grounds, Saturday afternoon, went in favor of the Nomads by 4-3, and with the win, the All Stars take the R. R. Hall Cup for one year, and the Electric boys will have to start all over again.

The contest was fast and interesting all the way. The players went after the ball—not the man—and a mighty cheer went up from the Nomad supporters, when the final whistle blew.

The C. G. E. team played Hitchins a Havelock star.

The loss was the first encountered by the Electric eleven, while playing a Peterboro team.

"Bill" Abbott handled the whistle. The line up was:

Nomads		G. G. E.
	Goal	
Galadine		Evans
	Backs	
Gamble		Knight
Bishop		Gribb
	Half-Backs.	
Laird		Ward
Robertson		Mason
Pearson		Kosker.

Curtis		Davie
Sharman		French
Turner, (Capt.)		(Capt.) Paggett
Edwards		Hitchins
E. Hotston		Williams.

NORWOOD AND PETERBORO TENNIS PLAYERS BROKE EVEN ON SOME LIVELY CONTESTS

Members of Visiting Team Made the Locals go the Limit All the Time — Full Three Sets Necessary in Three of the Half Dozen Matches — Club Championships to be Decided Next Saturday.

On Saturday afternoon, at the Golf Club, a picked tennis team from Norwood, played Peterboro's representatives to a standstill, in what was easily the best and hardest fought match of the present season. In three of the six matches, it was necessary to go through the full three sets, in order to reach a decision, and after some 4 1-2 hours of steady playing, the contest resulted in a draw, the score standing three matches to the credit of each team.

The singles were started promptly at 2 o'clock, with Dale of Norwood facing, W. Pratt and Dr. Sutton vs. G. R. Langley. Pratt started off like a winner—taking the first set handily with a pretty exhibition of hard driving play. In the 2nd and 3rd sets, the tables were turned and though there was but little to choose between the two players—Dale was a shade the better, taking both sets and the match.

Langley was slow in striking his pace and Dr. Sutton took the first set rather easily, the 2nd set however was nip and tuck from beginning to end, Langley finally winning out and making the match even all. The last set looked like a walkover for Sutton, but with the score 5-0 against him—Langley succeeded in taking 5 straight games, only, however, to lose out in the end after the longest set of the day.

The 2nd pair of singles brought out Father Kelly of Norwood against C. D. Whitby while Nicholl of Norwood had F. D. Kerr as his opponent. Father Kelly and Whitby, both played steady games, but the former had somewhat the better of the argument, and though Whitby at one time, had the score 4-2 in the 2nd set, Father Kelly succeeded in taking 4 straight games and the match. At this stage, affairs looked rather blue for Peterboro, with the score 3-0 in their favor, the match looked like an almost sure victory for Norwood, but as usual, however, Kerr could be depended on for a victory and though Nicholl put up a stubborn resistance, the match went to Peterboro in two straight sets.

THE DOUBLES

In the doubles, Kerr and Henderson for Peterboro, defeated Nicholl and Sutton in straight sets. The winners had the better of the play at all times—and the result was hardly ever in doubt. The 2nd doubles match brought out some of the best tennis of the day, when Dale and Kelly of Norwood went down to defeat before Pratt and McPherson after three long and keenly fought sets.

The detail scores were as follows—

SINGLES

Kerr defeated Nicholl—6-4 6-3.
Sutton defeated Langley—6-1 5-7 8-6
Dale defeated Pratt—3-6 6-2 6-4.
Kelley defeated Whitby—6-3 6-4.

DOUBLES

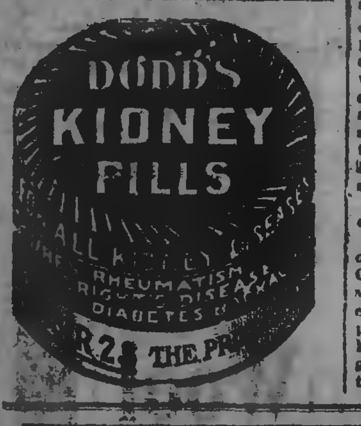
Kerr and Henderson defeated Nicholl and Sutton—6-3 6-4.
Pratt and McPherson defeated Dale and Kelley—6-4 3-6 7-5

During the next two weeks, 4 first class tennis matches are scheduled to take place.

On Friday, September 20, Peterboro will play a return game with Norwood at Norwood. Peterboro will be represented by Messrs. S. E. M. Henderson, F. D. Kerr, S. R. Langley and W. Pratt.

On Saturday, September 21, the Golf Club and Bowling Club will play off for the city club championship, the match to be played at the Golf Club.

During the early part of the week Peterboro will journey to Omemee to try conclusions with the tennis stalwarts of that place, and on Saturday, September 27, Omemee will play the return game at Peterboro.



JOHNSON IS OFFERED $60,000 FOR THREE FIGHTS

San Francisco, Sept. 14.—Twelve thousand pounds sterling in purses approximately $60,000, is awaiting in Australia for Jack Johnson, the negro champion heavyweight, if he will go after it.

This word was brought to-day on the arrival of W. C. J. Kelly, agent for Hugh McIntosh, the Australian fight promoter. Kelly is on his way to meet Johnson in Chicago and, until he elearned of the death of Mrs. Johnson, was confident of taking Johnson back with him.

The gross sum is split into three purses. For a fight between Johnson and Sam Langford, McIntosh offers $30,000. For a fight with Sam McVey, he will give $15,000 and a like sum for a fight with Joe Jeanette.

Los Angeles, Sept. 14—The fight between Jim Flynn, of Pueblo and former heavyweight champion Tommy Burns has been declared off, because Burns has business interests in Calgary, Alberta, which will prevent his return to the prize ring.

P.C.I. FIELD DAY SPORTS

Competitions to be Held at Riverside October 4.

It has been decided by the committee in charge that the annual Field Day sports of the P. C. I. will be held on Friday, Oct. the 4th. The usual track and field sports will be run off but the details of the program have yet to be arranged.

To Prevent Collisions.

The new system of preventing collisions at sea proposed by Sir Hiram Maxim is based on a theory of the bat's sixth sense. A century ago Abbe Spallanzani proved that bats could pursue and catch insects without seeing them. The vibrations or waves from a bat's wings, though of too low frequency to produce sound, are reflected back from obstacles they strike, and it is supposed that the bat is able to detect the reflections, and thus to guide its flight. Soundings for similar echoes could be made on shipboard. With a wave generator of 200 or 300 horsepower, vibrations could be sent out of about the same frequency as those of a bat, and it is believed that they would be reflected from five miles away sufficiently strong to be detected. A trial apparatus has been made.

Stringy Barks Going.

The big trees of the Australian forests are rapidly disappearing. The giant stringy barks, which reach a height of 300 feet, will soon be a thing of the past.

Nonconformist Anniversary.

English nonconformists are celebrating their two hundred and fiftieth anniversary this year.

Du Maurier and Tadema.

The resemblance between Du Maurier, the renowned French artist, and Alma Tadema, the celebrated Holland-English painter, was very striking, and very often was the cause of mistakes and much merriment. One day, in an art gallery, Du Maurier had an animated conversation with a lady, an enthusiastic admirer of art. All at once the lady said: "I must tell you one thing, Mr. Alma Tadema, I can't understand how it is possible that people so often assert you resemble Du Maurier, or that they even take you for him. Such a delusion can only be possible with a person of great superficiality and——"

"Excuse me, madam, for interrupting you to correct a little mistake," said the other. "I am Du Maurier."

Vanishing Lake.

A lake called Dunkirk, at Northwich, England, which was formed many years ago, began recently to empty itself, many millions of gallons of water disappearing, presumably into some old salt workings hundreds of feet below. Rumbling noises like thunder were heard during the night. The lake covers an area of two acres, and the water has already sank twenty feet. The lake is fed by a brook. The Maerjelen Lake, at the foot of the great Aletsch Glacier, in the Canton of Wallis, Switzerland, temporarily vanishes about the end of August every three or four years. The water returns during the following winter and spring. Scientists state that the phenomenon is due to meteorological causes. Owing to the melting of the glacier wall the lake attains a maximum level once in three or four years. The pressure of the great volume of water causes fissures to appear in the wall until it becomes as porous as sponge. Most of the water eventually flows into the Rhone, and disastrous floods are caused in the Rhone Valley in consequence. The man who first arrives in the valley with the news that the lake is emptying itself is rewarded with a pair of shoes.

A Lucky Parliamentarian.

The appointment of Mr. Henry Webb as one of the Lords Commissioners, in succession to Sir Arthur Haworth, occasioned general surprise. Mr Webb has hitherto not attained to any prominence in Parliament, and he owes his preferment largely to the fact that he occupies a safe seat. But there is no doubt that he will justify his promotion.

Born at Hereford, and educated at Lausanne and Paris, he is forty-six years of age, though he only entered the House of Commons a year ago. If his political experience is not great, the same cannot be said of his business experience, for he is a director of several coal companies. He is also keenly interested in agriculture and possesses a model farm.

An Error in English.

Even the greatest authors now and then make a little slip in their English. Thus Sir Walter Scott in his "Legend of Montrose" has this sentence: "But ere Montrose could almost see what happened Allan McAulay had rushed past him." The "almost" should come before "ere" in order to express the author's meaning.

Mr. and Mrs. Fred. Kilgour, of [illegible]land, were injured when their auto collided with a London street car.

His Time Coming.

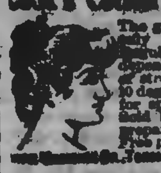
Jack Johnson waits with patience
  For one to show him why
He should not still be on the bill
  As swagger great and high.
He picks up every challenge
  And, looking at the text,
In accents clear that all may hear
  Proceeds to murmur, "Next!"

It seems like easy money,
  And quite a lot of that,
For him to keep at one large sweep
  The title in his hat,
For him to keep the honors
  And be the fighting king,
To take a fall from one and all
  Who meet him in the ring.

For, having put it over
  When Jeff could not come back,
He cannot see since then why he
  Should ever fly the track.
He feels his bulging muscle
  And feels his oats as well
And thinks the thing that he will spring
  Will be too sad to tell.

That's just how he is feeling,
  But there will come a day
When some new pet his goat will get
  And with the champ get gay.
One cannot last forever
  In any sort of game.
A better man the black will can,
  But what's the fellow's name?

Cook's Cotton Root Compound.



The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. A FEW REASONS WHY A

HAPPY THOUGHT RANGE

IS SUPERIOR TO OTHER RANGES

1. The Happy Thought patented features can be found nowhere else. They include the pyramidal oven, illuminated oven, oven damper, reservoir damper, etc.
2. The Happy Thought has the deepest and most economical firebox, the most scientifically arranged flues, properly proportioned oven, and largest top cooking surface.
3. The Happy Thought oven cooks equally well in every part, whether on shelf or oven bottom, or any corner, or centre.
4. The Happy Thought waterfront is the most powerful known. The reservoir will boil water.
5. The Happy Thought dampers give you absolute control over the fire, which may with ease be retained for thirty-six hours.

The Fact that nearly Two Hundred Thousand Happy Thoughts are in use in Canada shows how extremely popular they are

Let Your New Range be a Happy Thought

The Sunday school of St. John's church held their annual picnic in the park on Saturday afternoon last.

Miss Katherine Falkner and Miss Gladys Brewster, of Peterborough, spent Sunday at their home here.

Mr. and Mrs. P. McCann spent a few days in Toronto.

The "Death Prayer."

The South Sea Islanders believed that they could cause the death of an enemy simply by praying for it. When the enemy also held this quaint conviction and was aware that his death was being prayed for, it frequently worked upon his imagination to such an extent that he really did die. Ben Tillett, the English labor leader, and the dock strikers who follow him, evidently hold to this ancient and barbarian belief with an intensity and sincerity quite as strong as that of any South Sea Islander. And indeed, when they all rose en masse at Tower Hill and repeated in solemn and savage unison: "Oh, God, strike Lord Devonport dead!" it was enough to shake the nerves of this man "prayed against," at least temporarily. There is a kind of implacable Old Testament directness about the thing calculated to jar even the most literal mind.

Relics of the Past.

During excavation work, a part of the wall which once enclosed old St. Paul's has been discovered at the corner of Paternoster row and St. Paul's alley, London. The wall, which is about sixty feet long, is made of chalk and rubble, and was built in the 12th century. On the same site pieces of a Roman amphora, Roman vases, and some Samian ware have been found. Other "finds" include a camel's skull unearthed in High Holborn and a large quantity of pipes of the 18th century. Under some old stables in Bartholomew close—one of the oldest parts of London—three Norman arches have been found. They are close to one another, and are believed to have formed part of the cloisters of the Priory which once stood on this site. Their excavation is likely to be a matter of considerable difficulty, as they are built in with stones and bricks for the new buildings which have been laid against them.

Poets are born—therefore they are more to be pitied than censured.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

Cookery Points

The Kitchen in Summer.

The kitchen is a great problem, for it is likely to be small, crowded and hot. The window here must be open constantly. The range must be forgotten. All heating of water or food must be done by gas if an electric range is impossible, and an acquisition that will pay for itself is a fireless cooker. This is easy to handle and means that the gas stove need be lighted but for the briefest period in the morning, when the food for the evening will be heated to the proper point. It then is removed to the fireless cooker and left to reach perfection by night, while the fire is put out. A chafing dish in the dining room will save work and kitchen fire, as will a few of the electric contrivances, such as a toaster, flatiron and percolator. The man of the house may even heat his shaving water with a little electric stick instead of having the boilerful heated by the range for his needs or the kettle placed on the hot gas stove to send waves of heat through the cool house.

The food itself should be made simple for the summer. A diet consisting largely of vegetables and fruits and cereals is used by hundreds who never could be classed as "cranks" as soon as warm weather begins. Iced tea, coffee or lemonade and cool milk or buttermilk will be far better than hot drinks. Heavy puddings that must be baked or boiled may be replaced by ices, fruits and other cool things. Salads in place of meats will appeal to the eye and the appetite on a hot day and will eliminate much cooking and consequent heat. When a hearty meal must occasionally be prepared with the aid of range or gas stove and the rooms in consequence are overheated just as evening is coming on the old remedy of a wet sheet hung in the breeze for an hour or so in each room will do wonders in the way of making the atmosphere cool and refreshing.

Cocoanut Candies.

When fresh cocoanut can readily be obtained there is no bonbon nicer than one of cocoanut fondant combined with chocolate, coffee flavoring or maple sugar.

For coffee creams with cocoanut put half a cupful of coffee and two cupfuls of sugar on the stove to boil. When it begins to spin a thread when a spoonful of it is lifted up and poured back, remove it from the fire and stir into it as much shredded or grated cocoanut as it will hold. Then beat it until very stiff and drop it in spoonfuls on waxed paper. These candies, after hardening, may be dipped in melted chocolate or maple sugar.

The following recipe is for a white cocoanut bonbon, which may likewise be dipped in chocolate or maple sugar: Mix powdered sugar and sweet cream together until a soft fondant is formed, then stir in grated cocoanut until the whole is stiff. Mold it into balls, and when they are hard cover them with melted maple sugar. When melting the maple sugar add a tiny bit of butter. This will give it a richer flavor and a smoother surface when it hardens. If the sugar seems to have been thinned too much by the water added in melting, test it by stirring a little of it in a cold saucer. If it hardens it is all right.

Orange Cup.

This is one of the nice punch bowl drinks that are all right for the children's lawn party: Peel half a dozen oranges, remove every particle of the white pith, divide into sections and take out seeds and membrane. Put six heaping tablespoonfuls of sugar in a saucepan with the juice of two other oranges and some of the grated yellow rind and simmer until the sugar is dissolved, but not boiled. Arrange the pieces of orange in the punch bowl. Combine the sirup and cold water to make a pleasant sherbet, flavor with orange flower water and pour over the oranges in the bowl and at the last put in several pieces of ice to make the "clink" and keep the contents of the bowl cold.

Delicious Short Crust.

Rub a quarter pound of butter into half a pound of flour previously mixed with half a teaspoonful of baking powder, one ounce of sugar and a little salt. Make a well in the center, break into it an egg, work together, moisten if necessary with a little water and roll out.

This paste is best for an open tart, for which purpose the paste is laid on a plate, and a roll or wall is placed around the edges. Bits of bread are laid on it, it is then baked, the bread removed and the paste filled with stewed fruit or jam.

For the Tea Table.

Small sugar cutters, which are really scissor shaped tongs, are a great help to the hostess at afternoon tea, for it is a difficult matter to select a lump of sugar which is the proper size. The little cutters may be used in place of the ordinary sugar tongs as well as for cutting the lumps into halves or quarters.

French Pastries.

Fruit tartlets are excellent pastry selections for this season of the year. Almond paste puffs and chocolate eclairs are always favorites.

Not Acceptable.

"Jones gave me a black eye yesterday."

"What did you do about it?"

"Handed it right back to him."

Publicity.

If you would scale the walls of fame,
Above your neighbors rise,
Go, do not fail at every chance
Yourself to advertise!

Stop! Read! and Consider!

Humor and Philosophy

By DUNCAN M. SMITH

PERT PARAGRAPHS.

THE worst thing about bad luck is that it hatches out a brood of troubles and then blames them upon the wretch it is tormenting.

When a man gets into the limelight he generally gets light headed.

No matter how busy he may be, a man always finds time to do the thing he really wants to do.

It sometimes take more than a stout man to keep an expense account down.

If ignorance is bliss some of us can point out the happiest bunch in seven states.

He is a lucky man who can settle a doubt that he himself has raised.

Just as soon as a woman teaches her domestic to bake palatable bread the girl is so proud of it that she goes gayly off to practice it somewhere else.

If you want to hear just how glibly a man can talk give him a few compliments on his special line and set him off. You'll need to call the police to get him to stop.

Whist doesn't bridge the gulf that a mistake in play sometimes causes between erstwhile friends.

It is a good thing for a man to get off the track if it happens to be the race track.

You are a fourflusher or a success, all depending upon whether your bluff makes good or not.

Extraordinary.

"She is a remarkable woman."

"In what particular?"

"I had occasion to go through her house today, and it was spick and span."

"Well, what of it?"

"She didn't ask me to excuse its untidy appearance or apologise for the dirt."

She Knew.

"You never can trust a man."

"You must have been disappointed in love."

"Not exactly."

"Then why this pessimism?"

"I did washing for one."

His Garden.

"Do you raise anything in your garden?"

"I should say I do."

"Bears well, does it?"

"You bet! I raise hope every spring, and the garden bears disappointment just as regularly."

Took No Chances.

"The widow Jones is mighty gay."

"She is courting the man who is to be her fourth husband."

"Doesn't she let the men do the courting?"

"Not any more."

WHILE every man, whether he works for others or for himself, should carry a LIFE INSURANCE POLICY. There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

SPECIAL MARK DOWN SALE

OF

Dress Goods, Suitings and Silks

Focus your attention during this week on the Dress Goods, Suitings and Silk section at Fair's. There's a condition there that means a lot to the ladies of Peterboro—We are having a Special Sale of the New Fall Goods, right at the commencement of the season, at very low cut prices and it will pay to buy this week. A business man is always looking for something that **pays**, and we believe the business women are as wise as they.

These goods are the highest class fabrics. The **Serges** are unspottable, the shades are the most correct hues and the dyes perfect.

There is a beautiful assortment of Suitings in **individual Skirt and Suit lengths** as well as by the yard. These were imported for the very best trade, and this season, as we are not doing dressmaking and run no risks, we have made **deep cuts in the prices** which are a decided advantage to our customers.

NO BUZZERS IN THE LOCAL

(NO SELLING AFTER HOURS)

HOTELS SAYS THE INSPECTOR

That the use of the "buzzer" is not resorted to by the hotelkeepers of Peterborough, is the statement of License Inspector Stewart.

Furthermore, the Inspector states, the local hotelkeepers abide by the law and do not sell after hours. A situation, exactly opposite, has been brought to the attention of the Liquor License Department, by Inspectors in other cities, and instructions have been given to prosecute vigorously, any cases where the "buzzer" is found doing business. Very few words are necessary to explain the conveniences of the "buzzer." Hotels doing business after hours have these electrical equipments, by which warning can be sent to the bar or adjoining rooms, of the approach or presence of an Inspector or other officer.

There has not been a case this year, where the proprietor of a hotel in Peterborough, has appeared in police court and very little trouble has been found with the bartenders.

GOVERNMENT INSPECTOR AFTER GAMES OF CHANCE

Three Fines $20 and Costs, Registered at Police Court Against the Proprietors.

On Saturday afternoon police officers descended upon several proprietors of illegal games, who were extracting coins from visitors to the fair, in a manner opposed to the regulations governing such games, as set forth in the section of the Province Act. Three charges were laid. The information in each case stating that the proprietors were inducing the public to participate in games that were purely games of chance.

John Evans had a small globe [illegible] on a chair. The game was [illegible] on a pyramid, [illegible] that the globe coming [illegible] upon the pyramid. Magistrate Dumble held that the trick [illegible] be mastered with a little [illegible] it was simply a [illegible] skill, and the man was [illegible].

[illegible] THE LUCKY NUMBER.

[illegible] the [illegible] Anderson, [illegible] also arraigned. The game was played thus: On a board were a great number of small squares of paper about one inch in size. The youth from the country was instructed to throw a feather dart endeavoring to pierce one of these squares or cards, which are numbered on the back. His success depended on striking the card with the lucky number. The numbers were under the paper and therefore not visible to the thrower. In these cases the Magistrate held that they were games of chance, and each of the proprietors was assessed $20 and costs, or $22.25. One of the operators claimed to have insufficient money, but one of the others produced a prosperous looking roll, from which he pulled off enough of the crisp bills to meet the fines.

EASY MONEY.

A fourth man named Laser had a block of wood so constructed that a wooden ring placed over it from the back could with care be got over the block. The victims and [illegible] marks were instructed to throw the ring from the front, which was an impossibility. To make the game a little more interesting the operator had a $1.00 bill under a "magnificent gold watch" as a prize. The victim thought that if he was successful he would annex the gold watch and the $1 bill. The proprietor [illegible] the watch cost him 75 [illegible] the $1.00 bill was placed there to show the value of the watch. This, however, he did not explain to the onlookers and players.

His Worship therefore found him guilty of running a game of chance of the smallest order, and fined him also $20 and costs or $22.25 in all.

The fines in all the cases under the Act went to the Provincial Government. This was done on the order of Inspector Brodie, who attends all Fairs and Exhibitions to see that fair play is secured by all visitors, and who was present on the grounds when the fakirs were discovered.

TO SUBSCRIBERS OF ALL STAR CONCERT COURSE

Plan now open at Opera House for seats for the first concert on Tuesday night. David Bispham, the incomparable baritone.

Full course—"Bispham," "Nordica," "Hallock," to subscribers, $3.00. List closes the 16th inst., after which regular prices will be in force. 2d

Y.W.C.A. NOTES

The initial vespers service was well attended yesterday, despite the disagreable weather. It was a most enjoyable meeting. After opening exercises of a devotional nature, Mrs. (Rev.) Rollins gave a very able and apt talk on Responsibility.

Mr. G. A. Ferguson, classical master of the Collegiate Institute, sang an appropriate solo in a pleasing ner.

Tea was served at five thirty and judging from this first Sunday service, the young women of Peterboro will have something to look forward to each sabbath evening, during the Autumn and Winter months.

IMPERIAL HOME RE-UNION ASS'N

Newcomers to Peterborough Are Meeting With Success.

A meeting of the Imperial Home Re-union Association was held in Alderman G. N. Gordon's office, on Saturday night, and a number of applications were considered. The gentlemen engaged in this work are doing a good work in reuniting families, and those brought to Peterborough by the Association, are making good.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. Phosphonol will make you a new man. Price $3 a box, or two for $5. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

HEROIC DOCTORS.

Medical Men Who Have Died In Behalf of Science.

Amongst physicians of to-day there is a sort of superstition that a man who specializes in any particular disease will become its victim, sooner or later. This superstition has certainly not arisen without much cause, for medical history of the last few years teems with instances of men who, fighting against disease in the cause of humanity, have succumbed to it themselves.

Take, for instance, the case of Dr. Arthur Sharp at Nottingham, whose death last year illustrates the dangers associated with surgical work. This doctor conducted a post-mortem on the body of a child who died from a virulent form of blood-poisoning. An abrasion of the skin on one of his hands resulted in he himself contracting blood poisoning, and in spite of all scientific skill could suggest, he succumbed after a painful illness.

About the same time death put an end to the suffering of Mr. Harry W. Cox, the X-ray martyr, who contracted the dreaded malady known as X-ray dermatitis, through accidentally putting a tube of the apparatus near his face. It might be mentioned that the agony caused by this disease is so excruciating as to resist even the power of opiates. Mr. Cox, however, is by no means the only pioneer of X-ray surgery who has thus suffered.

Many readers will doubtless remember the case of Dr. Hall Edwards, the X-ray specialist, who has had both hands destroyed by the Rontgen rays. Then there was the well-known French doctor, M. Radiguet, who for two years devoted himself to the study of the X-rays as curative agents. He repeatedly subjected himself to their influence, and in the end he contracted X-ray dermatitis, dying after months of agony in 1905.

The death of Dr. Allen MacFayden in London four years ago was due to a combination of two diseases which he contracted in the course of his search for a preventive of disease. He was conducting a series of experiments with the bacteria of typhoid and malaria fever, with a view to discovering a vaccine to prevent these diseases. By an accident he contracted both, and his name was added to the roll of martrys in the laboratory.

It is pleasant to turn from such pathetic instances to the triumphant and successful career of Major Ross, who was awarded the Nobel prise for medicine in 1902, for his invaluable work in verifying the mosquito origin of malaria fever. Major Ross, who spent eighteen years in the Indian Medical Service, commenced a special study of malaria in 1892, and his researches took him into the deadliest districts of West Africa, where for months he risked his life every hour, night and day, for the cause of medical science and humanity.

Better Than Men?

Whether women are morally better than men is a very old question which is not likely to be answered satisfactorily by statistics, but some figures in the reports of the recently taken British census are interesting as bearing on the subject.

There are in British prisons 1,000 men to 139 women; in certified reformatory industrial schools, 1,000 men to 278 women; in workhouse establishments, 1,000 men to 655 women. The workhouse, of course, means poverty, but that may come from moral degeneracy or lack of moral fiber. These figures make a showing in favor of women which is increased by consideration of the fact that the census shows 1,340,000 more women than men in the kingdom's population of 45,365,000.

It can be argued, of course, that most women and girls are sheltered in homes and have fewer opportunities of committing offenses against the law; that often they are not prosecuted for acts that men would be prosecuted for doing, and that timidity rather than real goodness causes very many women to refrain from crime. But the figures alone are strongly supportive of the popular impression that women are better than men.

A Lucky Racing Man.

J. B. Joel, the owner of White Star, the celebrated English racehorse, is one of the familiar figures in sporting circles in Britain. He has now been racing for something like twelve years, and during that period has enjoyed a remarkable run of successes. The total of his winnings does not fall far short of $500,000, and he has carried off most of the big events. In 1908 he easily headed the list of winning owners with the nice round sum [illegible]130,000 to his credit.

Mr. Joel, who is fifty [illegible] is a member of the firm of B[illegible] Brothers, and derives his wealth [illegible] the South African goldfields. He had a somewhat adventurous youth, and had to fight his way to the front, but now he is possessed of very great wealth, and is in a position to satisfy every whim.

Wealth of Great Britain.

Within the last twntey years over 120 millionaires have died in the United Kingdom. Between them they have left over $1,150,000,000, or an average of nearly $10,000,000 each.

Inhabitants of the British Isles are making about $10,000,000,000 a year, and the national capital comes to nearly $60,000,000,000. Britain is just six times richer than she was a century ago.

Between 11,000 and 12,000 people are in enjoyment of incomes of over $20,000 a year, and some 1,200,000 are in receipt of incomes or salaries of over $800 annually.

Farmers' day at London fair drew 50,000 people.

The federal cabinet will meet daily for some time.

Hon. Frank Cochrane will tour the I.C.R. branch line this autumn.

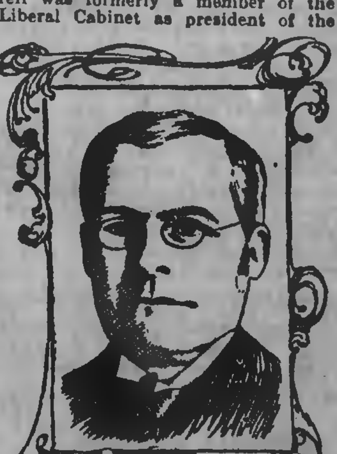
A REST FOR BIRRELL?

ASQUITH'S COLLEAGUE MAY TAKE AN EASIER POST.

Secretary for Ireland Has Been Talked of for Ambassador Bryce's Place and Also for the India Office—He is a Litterateur and His Name is Bye-word Among Readers for a Certain Kind of Work.

When it was recently rumored that British Ambassador James Bryce might retire, one of the men mentioned as a possible successor was Augustine Birrell, now chief secretary for Ireland, in which capacity it was his duty to meet Prime Minister Asquith in his recent visit to Dublin. The chief secretary also figured in the news of the suffragette riots in Dublin, during which were attempted several attacks on the Premier. Birrell was formerly a member of the Liberal Cabinet as president of the Board of Education. He was born near Liverpool in 1850, the younger son of a Nonconformist minister, was educated at Trinity College, Cambridge, of which he is now a fellow, was admitted to the bar and became a bencher of the inner temple, was for several years a professor of law at the University College of London and was a member of Parliament, representing two constituencies and contesting for a third.



AUGUSTINE BIRRELL.

Augustine Birrell is one of the foremost literary men in Premier Asquith's celebrated "literary Cabinet" and is extensively represented in contemporary letters. His delightful chats about books, notably "In the shadow of the Bodeleian," have added a word to the English language. The art of entertainingly discussing bookish rarities, first editions and forgotten tomes is called "Birrelling," and the word has apparently come to stay.

Another rumor concerning Mr. Birrell is that he will be transferred to the position of secretary for India. The post is an easier one than the secretaryship for Ireland, and Mr Birrell is in need of a rest from his arduous labors since the inception of the Home Rule measure.

York county farmers report a blight that has attacked pear trees.

Enid Griffith, aged three, was killed in an elevator at Halifax.

The new Montreal grain elevators will be ready next year.

CHILDREN'S AID WARDS THRIVING

Superintendent Wm. Henry, of the Children's Shelter, has completed a visitation of over twenty former wards of the Society, who are now contentedly placed at various farms and residences in Peterborough District.

Mrs. Jane Leys died at Sarnia, where she had lived for 86 years.

President Watters was re-elected by the Dominion Labor Congress.

They Were Wiser.

Two repentant looking adults admitted being intoxicated on Saturday and forfeited the regular $2 fine this morning in police court.

BIRTH

BEST—To Mr. and Mrs. R. P. Best, 420 Stewart street, Saturday, September 14th, a boy.

CLARKE— At Nicholls Hospital, on Sept. 3rd., to Mr. and Mrs. B. J. Clarke, a son.

GREAT CLEARING SALE

of Ladies' and Gents'

HIGH GRADE CLOTHING AND FURNISHINGS

Every garment in our store will be reduced at prices that will clear them out at once.

We must have more room for our new stock of (Fall and Winter Goods) This is a rare opportunity to purchase new goods at exceptional low prices.

Canadian Furnishing House, 311 George St.

Opposite Custom House

PUBLIC INVITATION

TO A

DINNER SERVICE PARTY

An invitation is cordially extended to the citizens of Peterborough and neighboring places to attend our large showing of Dinner and Tea Sets, to be held during the first two weeks in September. We are confident that the showing will recompence you for the trouble of looking, especially if you anticipate needing dinner ware.

The assortment embraces all the latest shapes and newest designs of decoration. The majority of the sets are of English make, although we are showing many sets made in France and Germany.

The price of each set will be marked in plain figures during this sale, which will enable you to decide which one you table with.

Sale is from two to four o'clock each day.

THE DAILY REVIEW

PROBABILITIES.
Showers and thunderstorms. Wednesday, mostly fair and cool.

VOL. LXXVI., NO.

PETERBOROUGH, ONT., CANADA, TUESDAY, SEPTEMBER 17, 1912

TEN CENTS PER WEEK.

BELFAST RIOTING IS NEARLY CIVIL WAR

It is War to the Knife Between Ulster Protestants and Home Rule Catholics—Many Seriously Injured.

London, Sept. 17.—Belfast yesterday was in what The Daily News (Radical) describes as a state of civil war in nearly all the principal works of the city, and in the shipyards there were brutal scenes.

In the morning, when the Catholic workmen returned to Harland & Wolff's, they were met with jeers. Notwithstanding the fact that the works were surrounded with military and police, a large force of the former having been drafted in during the night, after work had been in progress for an hour Orangemen paraded from one department to another, threatening what would happen in the course of the day, and so menacing was their demeanor that hundreds of the men went home.

One ship, on which a large number of Catholics were employed, was completed during the day, and was to be removed after the dinner hour to another part of the river. In the course of her journey it was arranged that the electric light was to be switched off and an attack on the Catholics was to be made in the darkness. A friendly Orangeman who disapproved of this warned his Catholic friends, and as a result none of them returned after dinner. The Orangeman was then suspected of spoiling the plot and had to clear out, his comrades describing him as a "traitor."

In the yards of Workman & Clarke there were similar scenes, and one man, named Maguire, who was beaten and kicked while an attempt was made to throw him into the river, lies in a hospital seriously injured.

At the same yard one of the players of the Celtic football team came in for very rough treatment. He was knocked down, kicked, and rescued from the crowd in an unconscious state.

At 4 p.m. there was not a Catholic workman in the shipyard.

On the Catholic side feeling runs high. In one of the foundries where a majority of the workmen are Catholics, the Protestants, who up to yesterday had not been interefered with, were made very uncomfortable. After breakfast time bad feeling was noticeable all over the place, and in a few minutes both parties were at each other and some nasty wounds were inflicted with iron bars and other weapons.

A Tory Plot.

New York, Sept. 17.—A London cable says: While the Tory press, which is anti-home rule and pro-Ulster, is now busily informing the Government that the Belfast football game riots of Saturday, when a hundred people were injured, proves that the home rule bill cannot be carried, The London Daily Chronicle, the leading Liberal paper, yesterday morning presented a different side to the story, indicating that the whole trouble was the result of a Tory plot hatched in the shipyards. The correspondent of The Chronicle writes:

"It now transpires the whole affair was organized amongst the members of the Unionist Club in the Belfast shipyards.

"These people came on the scene provided with Orange bannerettes and armed with revolvers, which they began to use the moment the trouble started.

"Long before the game they gave expression to their desire to "kick the Pope." When the Celtic Club banner appeared its bearer was knocked down and brutally kicked. It would have been too much to expect other sympathisers to look quietly on, and soon there were thousands mixed up in the scuffle."

NOGI DID NOT PLAN WIFE'S SUICIDE

The Sentimental General Evidently Intended to die Alone

Tokio, Sept. 17.—The will of Gen. Count Maresuke Nogi, who, with his wife, the Countess Nogi, with the purpose of demonstrating their devotion to their departed sovereign Mutsuhito, committed suicide, was read yesterday.

The Japanese warrior says that he follows the Emperor because his services are no longer required in this world. He had often sought to die, he adds.

The document bears the date of the night of Sept. 12, twenty-four hours previous to the taking of his life, and it indicates that the death of the countess had not then been decided upon. Nogi distributes his property among his wife and friends, and makes donations to a number of public institutions. He says that while his wife lives the house of Nogi may be maintained, but that after her death the line will be extinguished.

The Port Arthur hero suggested that his body be given to a medical college, requesting that only his teeth, hair and nails be buried in the grave.

Admiral Count Heihachiro Togo, a member of the Supreme Military Council, yesterday was appointed chairman of the Imperial Reception Committee formed to receive the foreign envoys to the imperial funeral. He succeeds Gen. Nogi.

MARTYR TO DUTY

Brave George Goodwin Passes Away at Belleville.

Belleville, Sept. 17.—As the result of burns sustained about the body in extinguishing blazing gasoline at the rolling mills on Thursday last, Geo. Goodnow died at the hospital here. He was terribly burned about the body. An inquest will be held. Goodnow, a married man, was engaged as fireman at the mills.

HAS NO FAITH IN THE POLICE WHEN THEY ARRESTED GUNMEN

District Attorney Whitman Suspects That Incriminantig Notes Were Destroyed When "Lefty" and "Gyp" Were Captured.

New York, Sept. 17.—A secret John Doe investigation of the circumstances surrounding the arrest on Saturday night of "Gyp the Blood" and "Lefty Louie," two of the four gunmen alleged to have slain Herman Rosenthal, the gambler, was begun yesterday before Justice Goff. The purpose, according to Acting District Attorney Moss, is to determine whether the police suppressed or destroyed any evidence, particularly letters, implicating the two gunmen in the murder, and when and how the clues to their whereabouts were secured.

The enquiry began immediately after the two men were arraigned before the justice yesterday to plead to the murder indictments against them. This matter being put over until Wednesday, Justice Goff called successively into his chambers Deputy Police Commissioner Dougherty, Sergt. Young, his secretary, and Detectives Yunge, Myers, Cassassa and McKenna, all of whom were members of the police squad that took "Gyp" and "Lefty" into custody. These were all questioned by the justice and Mr. Moss. What they told was not revealed, but it was learned that Commissioner Dougherty turned over to Justice Goff a box containing papers, memoranda and other documents found in the gunmen's flat, which Mr. Moss said last night had furnished the prosecution "some evidence of importance."

Included in this evidence, Mr. Moss said, were clues by which he hoped to establish the identity of the persons who supplied the gunmen with funds to maintain existence. It was reported yesterday, however ,that forty letters containing incriminating references to the Rosenthal murder had been found in the flat, and although Deputy Commissioner Dougherty indignantly denied that any such missives had been discovered, Mr. Moss declared last night that he proposed to have the truth or falsity of the report legally established before the justice.

Another matter which, the prosecutor said, was being investigated, was whether the police examined the two gunmen and their wives at any time before the arrival of Mr. Moss at police headquarters Saturday night. In this connection the district attorney has learned that, contrary to the story told by the police that they "burst into" the apartment, there were no signs on the door of the gunmen's flat that force had been used.

The two young wives of the prisoners, held in $2,500 bail as material witnesses, involved themselves in contradictions, Mr. Moss said last night, when he questioned them seperately yesterday as to what they knew of the murder. He was convinced, he said, that they could tell more than they had thus far revealed.

Max Kahn, who was also held as a material witness, to-day may face a serious charge, Mr. Moss said further. Kahn was identified in court yesterday by Grese, the waiter, who has made several other important identifications, as having been near the Hotel Metropole at the time of the murder. The prosecutor indicated that he would lay before the grand jury on Thursday, evidence bearing upon Kahn's conduct from the date of the murder to the date of his arrest.

Gunmen Remanded.

New York, Sept. 17.—Harry Horowitz, alias "Gyp the Blood" and 'Lefty" Louis Rosenweig, whose arrests on Saturday night completed the round-up of the gunmen indicted for the murder of Herman Rosenthal, were arraigned yesterday morning before Justice Goff in the supreme court.

At the request of counsel for the prisoners pleading was adjourned until Sept. 18.

The gunmen's counsel asked to enter tentative pleas of not guilty, with leave to withdraw, but decided to wait until next Wednesday before pleading. The wives of the prisoners and Max Kahn, the alleged pickpocket, arrested in the flat occupied by the gunmen, were held in $2,500 bail each as material witnesses.

The gunmen were nattily dressed and took a keen interest in the proceedings. They had no statements to make.

SIR RICHARD M'BRIDE.

He repudiates the interview recently published in a Toronto paper in which he was made to say that there is no German peril and to approve of Sir Wilfrid Laurier's naval policy.

ROOSEVELT IS NOT TO BE TRUSTED YET

W. J. Bryan Starts the Campaign In Colorado.

Denver, Colo., Sept. 17.—One term for President and the necessity of selecting Governor Woodrow Wilson for that office in November was the central thought of campaign addresses delivered yesterday by William J. Bryan in his tour of Northern Colorado.

At Fort Collins he emphasized this point, and scored Col. Roosevelt for asking a third term.

"Roosevelt is an eleventh hour convert to Progressive principles," said Mr. Bryan, "and should not be trusted until he has proven his sincerity."

He said that Col. Roosevelt never had fought the people's battles, but had opposed the Progressives, both Republican and Democratic in Congress. He charged that the Roosevelt campaign is being financed by the trusts.

CHINA HARD UP

The Young Republic Must Negotiate Foreign Loans

London, Sept. 17.—A Pekin despatch to The Daily Mail says that at a secret sitting of the National Assembly yesterday the acting Premier, Chao Ping Chun, alluding to Mongolia, said that under present conditions China was powerless and must settle the question as best she could without forfeiting her territorial rights.

With reference to Thibet the acting Premier said that China must negotiate a settlement with Great Britain according to the treaties made by the late administration.

Dealing with the financial situation he said that China was hard pressed and must resort to foreign loans, as internal loans were impracticable.

The War Minister declared that China could pacify Mongolia with assistance, but in the event of relations with a foreign power becoming strained the forces which China would be able to employ were insufficient and she would be obliged to surrender part of her rights.

REV. E. A. PEARSON.

A former Peterborough pastor, elected President of the Ministerial Association at Hamilton.

Martial Law Suspended.

Constantinople, Sept. 17.—The Council of Ministers yesterday adopted several important measures. The first related to the suspension of martial law in Constantinople; the second to the extension of the Albanian concessions to all other parts of the Empire, and the third to the engagement of English advisers for the departments of public safety, police, posts and telegraphs and statistics. It is understood that advisers of other nationalities are to be engaged for other departments.

Found Ten Skeletons.

Niagara Falls, Ont., Sept. 17.—Workmen unearthed ten skeletons while working in Middle street, Youngstown, opposite Old Niagara. It is believed they were soldiers killed in the war of 1812 or one of the earlier wars. No buttons were found with the bones, however.

About 200 Indians are employed in hop picking at Sardis.

MRS. PANKHURST WILL STILL FIGHT

Threatens to Keep up Tactics When She Returns to England

Mrs. Pankhurst Will Fight.

New York, Sept. 17.—A London cable says: In an interview in The Paris Matin, Mrs. Pankhurst yesterday announced her immediate return to England, and promised to keep waging the war of violence. She said: "I am ready to return to prison and am determined not to pay a penny of my fine. We are resolved to fight men as men—by violence."

Hospital Patient Hangs Himself.

Kingston, Sept. 17.—Hanging to the limb of a tree with a rope around his neck, Michael Rouse, a Bancroft patient at the Rockwood Hospital, was found by one of the attendants in the hospital grounds yesterday morning. He had been missing from the hospital since Sept, 8. The remains were sent to Bancroft.

WANTS NEW TREATY

Russia Wants Another Trade Pact With Uncle Sam.

Washington, Sept. 17.—State Department officials are noting with satisfaction the launching of a movement in Russia, under Government auspices, to arrange for a new treaty of trade and commerce between Russia and the United States.

Although only three and a half months intervene before the expiration of the existing pact, there has been absolutely no progress during the past three months in the negotiations for a new treaty.

Archbold to Appear Again.

Washington, Sept. 17.—John D. Archbold, George W. Perkins and Col. Roosevelt are to be asked by the Senate committee investigating campaign contributions to produce any communications they may have pertaining to "financial transactions" between the first two men and members of Congress or between them and Mr. Roosevelt when he was President.

Investigation of this phase of the campaign contribution question was authorized by the La Follette-Penrose resolution just before Congress adjourned.

LINEMAN MET DEATH

Brantford Workman Electrocuted in Mid Air.

Brantford, Sept. 17.—Herbert Roberts, lineman of the telephone company, was electrocuted here yesterday in mid-air in the presence of several spectators on Dufferin avenue. He was suspended by his belt from a telephone wire, which sagged, putting him in contact with another wire, across which an electric light wire carrying 2,200 volts, had fallen some distance down the street.

Fellow employes hastily secured a rope and lowered his body. Doctors worked over the victim for an hour without avail.

Coroner Ashton has ordered an inquest.

BUNDLE EXPLODED MAN MAY DIE

Mysterious Package Found by Indian Out West.

Special To The Review.

Portage La Prairie, Sept. 17— John Peswain, an Indian on Long Plains Reserve, was so badly burned this morning that he may die, as a result of an explosion of a bundle, which he found lying at the foot of a tree and hurled it at a rock. Where the bundle came from or what it contained, is not known.

Dog Scared Burglars.

Kingston, Sept. 17.—When two burglars were about to raise a window in the home of George Clenahan, a dog set up a howl and the men took to their heels. The family, on being aroused, saw the men getting away.

Captain Bolton Dead.

Kingston, Sept. 17.—Captain Henry A. Bolton, aged 64, is dead. His earliest days were spent in the British navy. He has lived here 28 years.

John S. Walker, born in this city 72 years ago, is dead.

To Open Children's Aid Shelter.

Brockville, Sept. 17.—Sir J. M. Gibson, Lieutenant-Governor of Ontario, has consented to officiate at the formal opening of the Children's Aid Shelter on November 9.

HENRY COCHRANE DIED FOR LOVE

Drowned Himself Because Financee Returned Engagement Ring.

Special to The Review.

Victoria, B.C., Sept. 17. — Henry Cochrane, aged twenty-four, who came here a short time ago from his home at Naton Mills, near Ottawa, to join the naval police, committed suicide by drowning last night, because his finance returned her engagement ring.

MRS. PANKHURST.

She threatens to continue her militant tactics when she returns from Paris to England, not to pay one cent of her fine and to meet men with *violence.*

HORSE STEPPED ON A CHILD'S HEAD

Belleville, Sept. 17.—A child named Roy Kleinstuber, aged three years, of Tweed, has been brought to the hospital here, suffering from a fractured skull. A horse knocked the child down and stepped on his head. The child's condition is serious.

Chinese Premier to Retire.

Pekin, Sept. 17.—It is announced that Lu Cheng Ssiang, Premier and Minister of Foreign Affairs will retire from office on account of ill-health Chao Ping Chun will remain as acting Premier. Liang Men Ting will assume the portfolio of foreign affairs, and Liung Cheng Feng will be appointed minister to Russia.

PEACE IS CERTAIN

Turkey and Italy Will Soon Lay Down Their Arms

Geneva, Switzerland, Sept. 17.—Reports of a rupture in the Italo-Turkish peace negotiations are unfounded. On the contrary, unexpected good progress has been made towards an arrangement for peace. Several points which at first appeared irreconcilable have been settled and after yesterday's meeting at Ouchy, a village on the Lake of Geneva, the delegates at the conference appeared to be most hopeful of reaching a settlement.

Paris, Sept. 17.—The terms for peace between Italy and Turkey have been practically arranged, with the exception of a proposed loan to Turkey of between 500,000,000 and 600,000,000 francs, concerning which Italy is now communicating with English, French and Belgian financiers, according to a telegram received yesterday by The Paris Temps from Rene Pusaux, one of its editors at Geneva.

Thanksgiving Service

The annual Thanksgiving service of St. Mark's church, Otonabee, will be held on September 22nd. The Rev. Mr. Price will be in charge of the service.

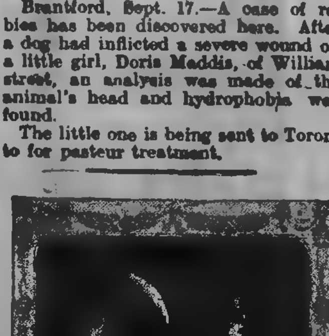
The annual high tea and concert of St. Mark's church will be held in the Foresters' Hall, Otonabee, on the evening of Sept. 24th. 3d1w

BRANTFORD'S SCARE

The Telephone City Discovers Case of Rabies.

Brantford, Sept. 17.—A case of rabies has been discovered here. After a dog had inflicted a severe wound on a little girl, Doris Maddis, of William street, an analysis was made of the animal's head and hydrophobia was found.

The little one is being sent to Toronto for pasteur treatment.



John Hyams and Leila McIntyre, joint stars in "The Girl of My Dreams," at the Grand next Monday, Sept. 23.

TRAVELLED BY DAY

The Royal Party Missed None of the Mountain Scenery.

Special To The Review.

Kamloops, B.C., Sept. 17. — The Governor-General and party arrived here this morning for the celebration of the centennial. The Royal party making only day trips through the mountains so as to miss none of the scenery.

POLICE MAKE RAID ON CHINESE DIVES

Toronto Officers Round up Dealers in Liquor and Opium and Confiscate $5,000 Worth of Contraband Articles

Toronto, Sept. 17.—When 25 police officials swooped down on five establishments last night the local Chinatown was practically cleaned out of Chinese whisky, wine and other liquor. The police made their greatest raid since the first celestial settled here. All the joints were raided simultaneously, after several of those higher up in the police department had worked on the plan of action for days. Over 100 large cases, containing 50 or more bottles of all sorts of imported liquor, and a few boxes of opium, were seized and taken in patrol wagons to Court street and Agnes street stations. It is estimated that the value of the liquor seized amounts to well over $5,000. Only two arrests were made, both being keepers of the resorts, but other arrests will likely follow.

The raid naturally was entirely unexpected by the Chinamen. In every place it is said that the celestials were found lounging and consuming liquor and some were smoking opium. Inspectors Kennedy of the morality department, Dickson of Court street station, Geddes of Agnes street station, and Staff-Sergt. McKinney engineered the affair. Under their command twenty plainclothesmen guarded the doors and searched for the "booze."

Except for the club, which is the nightly rendezvous for a squad of Chinamen, all the resorts are grocery stores with the "back room" attached. The police have known for some time that liquor was on the premises, which they believed was illegally sold, but took the necessary time in ferreting out the facts. They had little or no difficulty in accomplishing their task. With a man at the front door of each resort and another stationed in the rear, two plainclothesmen, accompanied by an inspector or sergeant, entered and caught the owners and frequenters completely unawares. The liquor in most instances was found in the back rooms or the cellars. In order to prove that they were getting what they sought the contents of a bottle was poured into a cup and a lighted paper was set to the alcohol. If there was a flare up the stuff was seized. Considerable opium was also discovered, in fact, at 156 1-2 and 166 York street four Chinese were caught smoking it.

OIL FUEL FOR BATTLESHIPS

Special To The Review.

London, Sept. 17.—Oil fuel according to the daily Express this morning, is to supplant coal in the newest British battleships Devonport and Portsmouth, to be laid down by Christmas, and to be designed to carry only liquid fuel with a storage capacity for over twenty-five hundred tons.

Forget to Make Peace.

Ottawa, Sept. 17.—There is a report up from Montreal that Hon. L. P. Pelletier is to meet Sir Rodolphe Forget to-day, and that an offer is to be made to patch up the difficulties besetting the Conservative party in their Quebec district.

It appears that Senator Landry also declined to attend the banquet at Levis, replying that in view of the charges he made at the dinner given to the Hon. F. D. Monk at the Garrison Club a few weeks ago, he could not see his way clear to be present. The Senator specified his accusations against Hon. Mr. Pelletier and asked that a committee be appointed, alleging, that if the charges were not proven he might be classed as a prevaricator all the rest of his life. A copy of the document was also sent Premier Borden.

Getting Light on the Subject.

Niagara Falls, Ont., Sept. 17.—Three hundred leaders in the illuminating profession in the States and Canada, are attending the sixth annual convention of the Illuminating Engineering Society, which opened here yesterday. Gas, electric and other methods of illuminating are being discussed.

RATES ON WHEAT HIGHER THAN FLOUR

Railways Charged With Giving Millers the Best of the Deal.

Buffalo, Sept. 17.—That the trunk lines are charging a higher rate for the shipment of wheat than for flour is the substance of a complaint under investigation here yesterday by Special Examiner Mackley, of the Interstate Commerce Commission. Eighteen railroads are defendants in the dispute and the complaining corporation is the Federal Milling Co. of Lockport, N.Y. The specific charge alleges discrimination in favor of the flour manufacturers of Minneapolis and other millers in the northwest.

The railroad rate on wheat from western points to Chicago is nearly two cents higher per hundred pounds than the rate on flour. Inasmuch as wheat is grown west of Chicago, the eastern corporations claim discrimination in favor of the western flour manufacturers.

FIFTY LIVES LOST THIS SUMMER

Rapids on Fraser River Reap Heavy Toll.

Special to The Review.

Edmonton, Alta, Sept. 17 — Fifty lives have been lost in the rapids of the Fraser River between Mile Fifty Three and Fort George on the Grand Trunk Pacific, this summer. Twenty five bodies have been recovered. The victims were mostly railway laborers, who endeavored to shoot the dangerous rapids in canoes or on rafts.

C.P.R. HAS NOT TAKEN OVER OVER ALLEN LINE

Andrew Allen Contradicts the Latest Rumour in Railway Circles Relating to Allen Line.

Special to The Review.

Montreal, Sept. 17—Andrew Allan, who recently announced his retirement from the head of the Allan Steamship Company, this morning officially denied the rumor, emanating from London, that the C.P.R. had taken over the Allan Line. He says the report originated through a mutual understanding between the two companies for the handling of business at St. John, N.B., in the winter

INSANE WOMAN JUMPED TO DEATH

Miss Julia Wood Evaded Her Nurse With Fatal Results.

Special To The Review.

New York, Sept. 17.—Miss Julia Wood, aged thirty, said to be the daughter of H. C. Wood, chief of the branch of the navy department in Washington, who jumped from the window of her apartments at West Point late last night, died from her injuries a short time later. She was suffering from a nervous disease and was in charge of a nurse.

Sentenced on Two Charges.

Brockville, Sept. 17.—Roy Gibson, convicted before Judge McDonald for an indecent assault upon Mrs. Walter near Gananoque, and also of the theft of certain parts of a motorboat engine, was yesterday sentenced to one year and nine months in the Central Prison, the terms to run concurrently.

TELEGRAPHIC BRIEFS.

The corner-stone of a new Carnegie Library, to cost $10,000, was laid at Port Hope.

Canadian pure-bred poultry-raisers carried off many first prizes at New York State Fair.

Harvey McNorton of Tecumseh died in Windsor of blood-poisoning from stepping on a rusty nail.

Pat Lyons, a York street character, died in the Temperance Hotel, Toronto, yesterday morning, after having swallowed two ounces of carbolic acid.

Sir Lomer Gouin, Premier of Quebec, accompanied by Hon. Jeremie Decarie, Provincial Secretary, left Montreal yesterday on a trip throughout Western Canada.

Six million dollars will not cover the loss caused by the horse plague in Kansas during the last month. The disease was cerebro-spinal meningitis and 20,000 animals died.

Another township in Lincoln County is to have free rural mail service. Tenders are now being received for the delivery of mail daily in St. Catharines and Niagara Township.

The London Telegraph says that there is little doubt entertained in shipping circles that the reported fusion of the Allan and C.P.R. lines will shortly be fully justified.

Policeman Robert Williams and Scott Price, a bystander, were killed, Chief of Police Moore was mortally wounded, and another policeman was hurt yesterday by Mexican rioters in Phoenix, Ariz.

T. W. McGarry, M.P.P. for South Renfrew, and W. R. White, K.C., of Pembroke, are spoken of prominently in connection with the Renfrew county judgship vacant by the death of Judge Donahue.

GAVE UP ALL HOPE OF EVER BEING WELL

"Fruit-a-tives" Cured Terrible Kidney Disease

MOUNTAIN, ONT., DEC. 14TH. 1910

"For six years, I suffered from dreadful Kidney Disease. My legs and lower part of my body were terribly swollen and the pain was awful. Five different doctors attended me and all said it was Kidney Trouble, and gave me no hope of getting well.

A kind neighbor told me to try "Fruit-a-tives"—and in a short time, the swelling went down, the pain was easier, and then "Fruit-a-tives" cured me. (MRS) MAGGIE JANNACK.

"Fruit-a-tives" is the greatest Kidney Cure in the world—and will always cure Pain in the Back, Swollen Hands and Feet, Headaches and other troubles due to poisoned condition of the blood.

50c a box, 6 for $2.50, trial size, 25c. At dealers or write Fruit-a-tives Limited, Ottawa.

TUESDAY, SEPT. 17, 1912.

THE HUDSON BAY ROUTE

Hon. Frank Cochrane, Minister of Railways and Canals, has returned to Ottawa from a remarkable journey over the route of the Hudson Bay railway by canoe, and thence home by steamer through the Bay and the Straits. It was the first time that a minister of the crown had ever attempted to see, first hand, the great northern country, and to study for himself on the spot the feasibility of the Hudson Bay route. It was an arduous trip, and only a man of the north used to a life in the open, like Mr. Cochrane, could have ever undertaken such a journey.

The difference between the attitudes of the two governments towards the Hudson Bay Railway is striking. During their fifteen years in power the Liberals, before every election, announced that they would rush the Hudson Bay line. The west, however, had to be content with pre-election promises. After the fifteen years all that was done was to start a bridge at Le Pas. Two weeks before the election the railroad was hurriedly let for the first section, but no work was started. Mr. Cochrane found when he had assumed office that the government was without any authentic information as to the route, the harbor terminals, or the length of navigation in the Bay or in the Straits.

Mr. Cochrane despatched engineers overland to the Bay to examine both ports as to which was preferable, while two steamers, the Arctic and the Minto, were sent by water. Expert harbor engineers were also sent north to start work. "Full steam ahead on the Hudson Bay" was Mr. Cochrane's announcement, and he has more than fulfilled his promise. Work was rushed on the first section. The contract was let on the second, and the tenders for the first section to the Bay have been called for, so that by this fall all of the road will be underway and early next spring work on the harbor and terminals will be started, so that by the time the line reaches the Bay docks and elevators will be ready for the steamers to carry the grain of the West to the European markets.

THE COMEBACKS

Most people, individually and collectively, object to being smitten in the same place twice. There are exceptions, as is the case with every wise and wholesome rule. The notable exception to this particular rule is Sir Wilfrid Laurier, who continues as leader of the Liberal opposition, edspite his emphatic assurance to the people of Canada a year ago that he would never again lead an opposition. Sir Wilfrid Laurier's lesson, which would be and was fairly instructive to most people, has not been learned by him. He is allowing those of his former lieutenants, in whom the people unmistakeably showed an utter lack of confidence to reassert themselves in the Liberal party councils.

While Hon. Chas. Murphy and Hon. Rodolphe Lemieux are acting as the immediate advisers of the Liberal leader in Ottawa—with what success may be gathered from the blunders already evident—Hon. Sydney Fisher is becoming mightily busy in Quebec. Mr. Fisher, it will be recalled, was Minister of Agriculture during the long period in which many of the once flourishing and prosperous agricultural industries of Canada were allowed to decline, industries which the present head of the department, Hon. Martin Burrell, is already encouraging by vigorous methods. Mr. Fisher was always a persistent volunteer, making up in self-confidence for the lack of confidence in himself and his administration shown by others.

This ex-Minister, who lost not only his portfolio but his seat in the political avalanche of last September, wants to get back. Sir Wilfrid Laurier for some mysterious reason which can hardly be related to the future success of Liberalism in Canada, seems willing to let him try, or unable to keep him off. Mr. Fisher is reported to have bobbed up as a sort of Liberal prophet in Quebec with a good deal to do with the party organization in those parts.

But that is not all. Hon. W. S. Fielding, the one man of all others who, with Sir Wilfrid Laurier, sought to draw the Dominion of Canada into the "adjunct" agreement with the United States, is said to be another of the folorn hopes of the party. From Nova Scotia comes a message that the ex-Minister of Finance is to be brought back, if a seat can be found for him in Nova Scotia. Those responsible for this stroke seem to despair of success in what was for so many years Mr. Fielding's own riding, and are endeavouring to arrange a shift in another part of the province. The idea is that the ministers who were chiefly responsible for the disaster which overtook the Liberal government and party in the general elections a year ago are able to restore the party to its former position of power. The reasoning is obscure. The plan is the more difficult to understand in view of the avowed unwillingness of Sir Wilfrid Laurier and his little group, to break away from those marvellous mistakes of policy which brought them down to defeat. The chief reason for the movement to get these men back into the ring at Ottawa is perhaps to be found in the personal feelings of the individuals themselves, rather than in an altruistic regard for the welfare of Liberalism.

EDITORIAL NOTES

"Lefty Louie" and "Gyp the Blood," so long sought for by the New York police, were at one time reported to be hiding in the woods near Sudbury, but it seems that they were even worse off than that. They were living in a Brooklyn flat.

Will the street railway companies of the world ever realize that it is useless for them to attempt to hold out against their employes who will always be backed up by a demonstrative public? The strike at Duluth is the latest instance in point.

"Let the militant suffragettes come to Canada if they so desire. They little dream of the frost in store for them when in the course of events they interview Premier Whitney.

The Toronto Star refers to Robert Burns as an Englishman. Sic transit gloria mundi and of Scotland.

Toronto will probably have a new corporation counsel just as soon as Ireland has home rule.

No reputable Canadian paper will attack the Hydro-Electric, but the yellow press across the line is apparently not bothered with any such scruples.

DATES OF FALL FAIRS

The Central Fairs Association arranged the following schedule of dates of the fall fairs:

Keene Fair—Tuesday and Wednesday, October 1st and 2nd.
Norwood—October 8th and 9th.
Lindsay, Sept. 19, 20, 21.
Port Hope, Sept. 24, 25.
Napanee, Sept. 17, 18.
North Victoria, Victoria Road, Sept. 17, 18.
Cobourg, Sept. 18, 19.
Frankfort, Sept. 19, 20.
Madoc, Sept. 23, 24.
Mariposa, Sept. 23, 24.
Campbellford, Sept. 24, 25.
Bobcaygeon, Sept. 24, 25.
Picton, Sept. 25, 26.
Roseneath, Sept. 26, 27.
Castleton, Sept. 27, 28.
Colborne, Oct. 1, 2.
Tweed, Oct. 2, 3.
Millbrook, Oct. 3, 4.
Warkworth, Oct. 3, 4.
Ameliasburg, Oct. 5, 6.

The Phoenix Cannery at Steveston closed down some weeks ago owing to the lack of salmon.

Chief Lancey, of Edmonton, has tendered his resignation on account of "political interference."

Rice Lake tunnel, near N. Vancouver, is nearing completion.

May Restore the Garden of Eden.

The restoration of the Garden of Eden is a sentimental feature of the great irrigation project by which Mr. William Willcocks hopes to bring back the early fertility to a great region in Asiatic Turkey.

The country bordering the lower Euphrates and Tigris Rivers was long a centre of prosperity and wealth. It was made to flourish by extensive irrigation works, the ruins of which still exist, but the land is now made barren by drought, though much of it is swept by occasional floods.

The English engineers propose to reconstruct the ancient works on an enlarged and improved plan. They have found a depression in the desert into which the overflow from the Euphrates can be led, and they expect to be able to regulate the Tigris, though this is a more difficult feat that the ancients never fully accomplished. The probable great productiveness of the delta of the two rivers under suitable irrigation is indicated by analyses showing the soil to be richer than that of Egypt or the Soudan.

It is believed that the Garden of Eden will be found just north of Ur, at the ancient junction of the Tigris and Euphrates. Ur is supposed to have been a maritime town, but its remains are now six miles west of the Euphrates and 125 miles from the sea.

The Conquest of Pain.

If what is claimed for it be true a remarkable discovery in surgery has been made by F. W. Forbes Ross, a well-known doctor of London. It is no less than the conquest of pain. Human pain, as a result of injury or operation, will be abolished. The remedy consists of a preparation of quinine and urea hydrochloride. Dr. Ross declares that it is cheap, nonpoisonous and abolutely harmless. The anesthetic is distributed over the nerve supply of the part concerned, and a patient treated thus feels no pain after the operation. Dr. Ross points out how particularly great a blessing to delicate women and children this application of prolonged local anesthesia must prove. The infected area is quite numbed in five minutes or less.

Deafness Cannot be Cured.

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists. 75c.
Take Hall's Family Pills for constipation.

The Passing of a Warship.

The United States steamship Wolverine is to sail the seas no more. Built in 1844 and in active service ever since, the Wolverine has never visited the Atlantic seaboard, for she has been the guardian of international peace on the great lakes. The Wolverine has had illustrious commanders, among them Dewey, Evans and Sampson. In these days, when the life of a warship is but a couple of decades, if that long, the Wolverine may be regarded as a patriarch. She is now withdrawn from from the list and will serve as a barracks ship for the Pennsylvania naval militia.—Nautical Gazette.

In the Crater of Vesuvius.

Many attempts have been made to descend to the bottom of the crater of Vesuvius, but the first to succeed was that made the other day by Alessandro Mallada, professor at the Royal observatory on the volcano, accompanied by another man. They had to use a rope and achieve some difficult gymnastic feats to reach the goal and to return. They were often in danger from poisonous gases and falling pieces of lava. They succeeded in making photographs and bringing along mineral specimens.

To Lure the Tourists.

With an eye to business and striking scenic effect a scheme is on foot to create an artificial island in the center of the lake of Neufchatel, in Switzerland. In the lake there is a submerged mountain, the top of which comes to within six or seven feet of the top of the water, and it is on this mountain that the island will be constructed. A large hotel will be erected on it.

A three-day trial of the central market idea has been arranged in Winnipeg, beginning Sept. 26.

THE MARKET

Latest Quotations in Grain Dairy Products, Live Stock Etc

Liverpool Wheat Futures Close Higher, Chicago Lower—Live Stock —Latest Quotations.

CHICAGO, Sept. 16.—Wheat showed weakness today under the weight of a big increase in the visible supply. The close was nervous at prices varying from Saturday night's level to 1-4c below. Latest trading left corn ranging from 1 1-8c off to 1-8c up, oats down 1-4c to 3-8c and provisions less expensive by 5c to 22 1-2c.

Montreal Grain and Produce.

MONTREAL, Sept. 16.—A fair amount of business was worked over the cable in Manitoba spring wheat, owing to the fact that cables were stronger at an advance of 1½c. There continues to be a good enquiry from foreign buyers for oats, but owing to the scarcity of oats and ocean freight little business is doing. Local prices were strong, 1c higher. Corn is weaker. Flour is steady under a fair demand. Demand for millfeed active. A good trade is passing in butter and prices are tending upward. Cheese more active and steadier. Eggs in good demand. Exports of cheese for week 48,300 boxes, against 127,159 last year. Provisions fairly active. Hogs, firmer.

Corn—American No. 3 yellow, 85c to 86c.

Oats—Canadian western, No. 2, 51¼c to 53c; No. 3, 50c to 50½c; extra No. 1 feed, 51c to 51½c.

Barley—Man. feed, 60c to 61c; malting, 70c to 75c.

Buckwheat—No. 2, 74c to 75c.

Flour—Manitoba spring wheat patents firsts, $5.80; seconds, $5.30; strong bakers, $5.10; winter patents, choice, $5.25; straight rollers, $4.85 to $4.90; bags, $2.25 to $2.35.

Rolled oats—Barrels, $4.80; bags, 90 lbs., $2.27½.

Millfeed—Bran, $23; shorts, $27; middlings, $28 to $29; moullie, $30 to $35.

Hay—No. 2, per ton, car lots, $13.50 to $14.

Cheese—Finest westerns, 13¾c to 13⅞c; finest easterns, 13¼c to 13½c.

Butter—Choicest creamery, 27¼c to 27½c; seconds, 25¾c to 26½c.

Eggs—Selected, 29c to 30c; No. 2 stock, 21c to 22c.

Potatoes—Per bag, car lots, 75c to 80c.

Hogs—Dressed, abattoir killed, $12.25 to $12.50.

Pork—Heavy Canada short mess, bbls., 35 to 45 pieces, $27; bbls., 45 to 55 pieces, $27.

Lard—Compound, tierces, 375 lbs., $10.25; wood pails, 20 lbs. net, $10.75; pure, tierces, 375 lbs., $14.25; wood pails, 20 lbs. net, $14.75.

Minneapolis Grain Market.

MINNEAPOLIS, Sept. 16.—Close—Wheat—Sept., 86½c to 86¾c; Dec., 88⅞c; May, 92⅛c to 92¼c; No. 1 hard, 90⅝c; No. 1 northern, 87⅞c to 89⅝c; No. 2, 84⅝c to 87⅜c.

Corn—No. 3 yellow, 71c.
Oats—No. 3 white, 30c to 30½c.
Rye—No 2, 58c to 61½c.
Bran—$20.

Duluth Grain Market.

DULUTH, Sept. 16.—Close—Wheat, No. 1 hard, 89¼c; No. 1 northern, 88¼c; No. 2, 86¼c; Sept., 87⅛c to 87⅞c; Dec., 88⅛c to 88¼c; May, 93¼c bid.

CATTLE MARKETS.

Montreal Live Stock.

MONTREAL, Sept. 16.—At the Montreal Stock Yards west end market, the receipts of live stock for the week ending Sept. 14 were 1600 cattle, 2650 sheep and lambs, 2800 hogs and 600 calves. The offerings on the market this morning for sale consisted of 1100 cattle, 2700 sheep and lambs, 1150 hogs and 250 calves.

There was very little change in the condition of the market for cattle as compared with a week ago. The supply of common and medium stock was larger, but there continues to be a scarcity of good to choice steers, for which there is considerable enquiry. There was an increased demand for lower grades, owing to the scarcity of better lots. The demand was rather slow early in the day, as buyers expected that drovers would have to accept lower figures, but the latter were firm in their views, and when butchers and packers were convinced that no important change was going to be made, the trade steadily improved, and by noon few were left unsold. A few full loads of good eastern steers sold at $6.25 to $6.50, and odd lots of choice cows brought as high as $5.50 to $5.75 per 100 pounds. There have been no northwestern ranch cattle on the market for the past two weeks, owing to the fact that present prices ruling here will not permit of them being shipped to sell at a profit.

Owing to the continued heavy demand for lambs in this market from all sources of late, a stronger feeling has developed in the market, and prices have advanced 25c to 50c per 100 pounds. The supply was fairly large today, for which the demand was active from butchers and packers, and sales of Quebec stock were made at $5.50 to $5.75, and Ontario at $6.25 to $6.50 per 100 pounds. There was no change in sheep, for which the demand is only fair, and supplies ample to fill the requirements. There were some choice milk-fed calves on the market, for which the demand was good, and sales of such were made as high as $15 each.

The tone of the market for hogs was stronger, and prices, as compared with a week ago, show an advance of 25c to 40c per 100 pounds, which is attributed to the fact that supplies coming forward are not sufficient to fill the requirements of the trade, and in consequence some of the packers have had to turn their attention to the western market, consequently unless receipts increase in the near future values will likely go higher. Demand was good. Selected lots sold at $8.65 to $8.80 per 100 pounds, weighed off cars.

Butchers' cattle, choice, $6.75 to $7; do., medium, $5.50 to $6.25; do., common, $4 to $4.50; canners, $2.75 to $3; butchers' cattle, choice cows, $5.50 to $5.75; do., medium, $4.50 to $5.25; do., bulls, $2.50 to $5; milkers, choice, each, $60 to $70 do., common and medium, each, $40 to $50; springers, $30 to $35.

Sheep, ewes, $4 to $4.25; bucks and culls, $3.50 to $3.75. Lambs, $5.60 to $6.50.

Hogs, f.o.b., $8.65 to $8.80.

Calves, $5 to $15.

Chicago Live Stock.

CHICAGO, Sept. 16.—Cattle—Receipts, 22,000; market steady; beeves, $5.75 to $10.85; Texas steers, $4.75 to $6.40; western steers, $5.70 to $9.15; stockers and feeders, $4.20 to $7.15; cows and heifers, $2.80 to $8; calves, $8 to $11.

Hogs—Receipts, 32,000; market weak, 10c lower; light, $8.25 to $8.85; mixed, $8.05 to $8.85; heavy, $7.85 to $8.70; rough, $7.85 to $8.05; pigs, $5.75 to $8.15; bulk of sales, $8.35 to $8.70.

Sheep and Lambs—Receipts, 42,000; market steady; 10c lower; native, $3.50 to $4.65; western, $3.60 to $4.65; yearlings, $4.70 to $5.55. Lambs, native, $4.85 to $7.05; western, $6 to $7.70.

Cheese Markets.

VICTORIAVILLE, Que., Sept. 16.—Two cars of cheese sold here at 12 11-16c.

UTICA, Sept. 16.—Cheese advanced 1-4c and butter 1-2c over last week's prices at today's session of the Utica Dairy Board of Trade. Today's price was 14 3-4c.

HAPPY THOUGHT

PERFECT BISCUIT BAKING NEED NOT BE DIFFICULT

It all depends on the heat your oven gives.

Ranges with slow ovens are all right for some kinds of biscuits. But an oven that is chronically slow simply ruins others, and it is useless for many purposes.

Other stoves bake beautifully on one side and not on the other. So you can never depend on them.

"Happy Thought" Ranges are perfect bakers.

If you want a slow oven, a slow fire will produce the desired result. If you want a very hot, quick oven, just build up the fire and keep it going strong for a little while.

This feature saves you money in two ways:

It saves fuel by making it unnecessary to use too much, and by giving you the full heat value of every ounce of fuel.

It saves the food material by ensuring just the right result, no matter what part of the oven you use.

More than a Quarter Million Canadian women use the "Happy Thought" every day.

Adventure

A Romance of The South Seas

BY JACK LONDON

Copyright, 1910, by Street & Smith
Copyright, 1911, by the Macmillan Company

The hands, called to from the fields at that unwonted hour, were split into detachments. Some were sent into the woods to cut timber for house beams, others to cutting cane grass for thatching and forty of them lifted a whale boat above their heads and carried it down to the sea. Sheldon had gritted his teeth, pulled his collapsing soul together and taken Berande plantation into his fist once more.

"Have you seen the barometer?" Captain Oleson asked, pausing at the bottom of the steps on his way to oversee the disembarkation of the sick.

"No," Sheldon answered. "Is it down?"

"It's going down."

"Then you'd better sleep aboard tonight," was Sheldon's judgment. "Never mind the funeral. I'll see to poor Hughie. If you can see your way to it, come ashore tomorrow and lend me a hand. If you can't, send the mate."

"Right O. I'll come myself. Mr. Johnson's dead, sir. I forgot to tell you—three days ago."

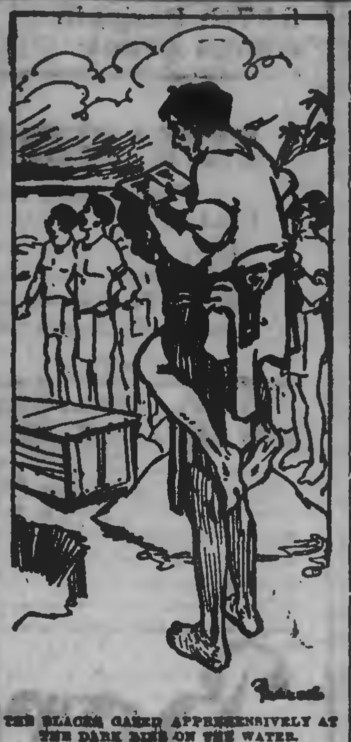
Sheldon turned to his partner, calling for boys to carry him into the house. But Hughie Drummond had reached the end. His breathing was imperceptible. By mere touch Sheldon could ascertain that the dying man's temperature was going down. It must have been going down when the thermometer registered one hundred and seven. He had burned out. Sheldon knelt beside him, the house boys grouped around, their white singlets and loin cloths peculiarly at variance with their dark skins and savage countenances, their huge ear plugs and carved and glistening nose rings. Sheldon tottered to his feet at last and half fell into the steamer chair. Oppressive as the heat had been it was now even more oppressive. It was difficult to breathe. He panted for air. The faces and naked arms of the house boys were beaded with sweat.

"Marster," one of them ventured, "big fella wind he come, strong fella too much."

Sheldon nodded his head, but did not look. Much as he had loved Hughie Drummond, his death and the funeral it entailed seemed an intolerable burden to add to what he was already sinking under. He had a feeling—nay, it was a certitude—that all he had to do was to shut his eyes and let go and that he would die, sink into immensity of rest. His weary body seemed torn by the oncoming pangs of dissolution. He was a fool to hang on. He had died a score of deaths already, and what was the use of prolonging it to twoscore deaths before he really died? Not only was he not afraid to die, but he desired to die.

But his mind that could will life or death still pulsed on. He saw the two whaleboats land on the beach and the sick, on stretchers or pickaback, groaning and wailing, go by in lugubrious procession. He saw the wind making on the clouded horizon and thought of the sick in the hospital. Here was something waiting for his hand to be done, and it was not in his nature to lie down and sleep or die when any task remained undone.

The boss boys were called and given their orders to rope down the hospital with its two additions. He remembered the spare anchor chain, new and black painted, that hung under the house suspended from the floor beams and ordered it to be used on the hospital as well. Other boys brought the coffin, a grotesque patchwork of packing cases, and under his directions they laid Hughie Drummond in it. Half a dozen boys carried it down the beach, while he rode on the back of another, his arms around the black's neck, one hand clutching a prayer book.



THE BLACKS GAZED APPREHENSIVELY AT THE DARK LINE ON THE WATER.

While he read the service the blacks gazed apprehensively at the dark line on the water, above which rolled and tumbled the racing clouds. The first breath of the wind, faint and silken, tonic with life, fanned through his dry baked body as he finished reading. Then came the second breath of the wind, an angry gust, as the shovels worked rapidly filling in the sand. So heavy was the gust that Sheldon, still on his feet, seized hold of his man-horse to escape being blown away. The Jessie was blotted out, and a strange, ominous sound arose as multitudinous wavelets struck foaming on the beach. It was like the bubbling of some colossal caldron. From all about could be heard the dull thudding of falling cocoanuts. The tall, delicate trunked trees twisted and snapped about like whiplashes. The air seemed filled with their flying leaves, any one of which, stem-on, could brain a man. Then came the rain, a deluge, a straight, horizontal sheet that poured along like a river, defying gravitation. The black, with Sheldon mounted on him, plunged ahead into the thick of it, stooping far forward and low to the ground to avoid being toppled over backward.

"'He's sleeping out and far tonight,'" Sheldon quoted as he thought of the dead man in the sand and the rainwater trickling down upon the cold clay.

So they fought their way back up the beach. The other blacks caught hold of the man-horse and pulled and tugged. There were among them those whose fondest desire was to drag the rider in the sand and spring upon him and mash him into repulsive nothingness. But the automatic pistol in his belt, with its rattling, quick dealing death, and the automatic, death defying spirit in the man himself made them refrain and buckle down to the task of hauling him to safety through the storm.

Wet through and exhausted, he was nevertheless surprised at the ease with which he got into a change of clothing. Though he was fearfully weak, he found himself actually feeling better. The disease had spent itself, and the mend had begun.

"Now, if I don't get the fever," he said aloud and at the same moment resolved to go to taking quinine as soon as he was strong enough to dare.

He crawled out on the veranda. The rain had ceased, but the wind, which had dwindled to a half gale, was increasing. A big sea had sprung up, and the mile long breakers, curling up to the overfall 200 yards from the shore, were crashing on the beach. The Jessie was plunging madly to two anchors, and every second or third sea broke clear over her bow. Two flags were stiffly undulating from the halyards like squares of flexible sheet iron. One was blue, the other red. He knew their meaning in the Berande private code: "What are your instructions? Shall I attempt to land boat?" Tacked on the wall between the signal locker and the billiard rules was the code itself, by which he verified the signal before making answer. On the flagstaff gaff a boy hoisted a white flag over a red, which stood for, "Run to Neal island for shelter."

That Captain Oleson had been expecting this signal was apparent by the celerity with which the shackles were knocked out of both anchor chains. He slipped his anchors, leaving them buoyed to be picked up in better weather. The Jessie swung off under her full staysail; then the foresail, double reefed, was run up. She was away like a race horse, clearing Balesuna shoal with half a cable length to spare. Just before she rounded the point she was swallowed up in a terrific squall that far outblew the first.

All that night, while squall after squall smote Berande, uprooting trees, overthrowing copra sheds and rocking the house on its tall piles, Sheldon slept. He was unaware of the commotion. He never wakened, nor did he change his position or dream. He awoke a new man. Furthermore, he was hungry. It was over a week since food had passed his lips. He drank a glass of condensed cream thinned with water, and by 10 o'clock he dared to take a cup of beef tea. He was cheered also by the situation in the hospital. Despite the storm there had been but one death, and there was only one fresh case, while half a dozen boys crawled weakly away to the barracks. He wondered if it was the wind that was blowing the disease away and cleansing the pestilential land.

By eleven a messenger arrived from Balesuna village, dispatched by Seelee. The Jessie had gone ashore halfway between the village and Neal island. It was not till nightfall that two of the crew arrived, reporting the drowning of Captain Oleson and of the one remaining boy. As for the Jessie, from what they told him, Sheldon could not but conclude that she was a total loss. Further to hearten him he was taken by a shivering fit. In half an hour he was burning up. And he knew that at least another day must pass before he could undertake even the smallest dose of quinine. He crawled under a heap of blankets and a little later found himself laughing aloud. He had surely reached the limit of disaster. Barring earthquake or tidal wave, the worst had already befallen him. The Flibberty-Gibbet was certainly safe in Mboli pass. Since nothing worse could happen things simply had to mend. So it was, shivering under his blankets, that he laughed until the house boys, with heads together, marveled at the devils that were in him.

CHAPTER IV.

JOAN LACKLAND.

By the second day of the northwester Sheldon was in collapse from his fever. It had taken an unfair advantage of his weak state, and, though it was only ordinary malarial fever, in forty-eight hours it had run him as low as ten days of fever would have done when he was in condition. But the dysentery had been swept away from Berande. A score of convalescents lingered in the hospital, but they were improving hourly. There had been but one more death—that of the man whose brother had wailed over him instead of brushing the flies away.

MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

LYDIA E. PINKHAM

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

PERT PARAGRAPHS.

We may be very sorry when our neighbors lose their money, but we seldom go to work and find it for them.

Perhaps charity covers a multitude of sins, but at that there are a lot left out in the cold to worry the police.

It is a good thing to be born lucky—that is, if you have to be born.

It may be pleasant to have your own way, but it isn't always safe.

The man who leads a double life usually shows results divided by two.

There are plenty of men who are not bribe takers—when bribes aren't going.

When he keeps his wife in a ferment of emotion a man shouldn't be surprised if she gets a sour disposition.

It is hard to believe that we are not indispensable, but an affidavit to that effect is handed to us sooner or later.

Probably being honest would be a more popular amusement if it were not so expensive.

J. M. BROOKS & CO., DISTRIBUTORS, 416 WATER ST Phone 61

WHILE every man, whether he works for others or for himself, should carry a **LIFE INSURANCE POLICY**. There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

159 Hunter St. **W. H. HILL,**
D. H. MOORE, Inspector. Manager, Central Ont.

NUGENT'S SARSAPARILLA

Price, large bottles, 100 full doses 85c—and well worth it, too. It's better to take no medicine at all than to depend upon cheap concoctions that are compounded to sell at a low price and a big profit, just because there is a large demand for certain remedies at certain seasons of the year.

There are so-called sarsaparillas offered to us to sell to our customers at 50c a bottle that would pay us a larger profit than Nugent's Sarsaparilla sold at 85c.

Nugent's Sarsaparilla purifies the blood, arouses the torpid liver, drives out all impurities, cleanses and tones up the system.

Nugent's Sarsaparilla has been on the market for over 25 years. We sell it and recommend it as a truly scientific and trustworthy remedy.

CANADIAN CLUB TO HOLD OPENING MEETING NEXT MONTH

Officers Are Arranging for Season's Program of Meetings—Some Noted Canadians Coming.

Officers of the Canadian Club are preparing for the coming season's program of meetings, and it is expected that several noted Canadians, who were unable to accept an invitation to come to Peterborough before, will be heard by the members this season.

Last season the club held meetings, with an average attendance of 63. It is hoped that the plans now under consideration by the officers, will mature to such an extent as to make the attendance much higher. Particulars of this project will be announced later.

There are many good things to be said of the Canadian Club since its organization, in the month of October 1907. The club really originated from the Y.M.C.A., when members of the Educational Committee of that institution took steps towards its formation. These gentlemen started the ball rolling, and they now see the results of their efforts.

Prizes have been offered for the best essays on Canadian History, and the pupils of the city schools have made some remarkable responses. It was at the Canadian Club that Canon Davidson launched his scheme for a loyal celebration of Dominion Day, and here again the response made was most satisfactory.

The first meeting last year was held towards the latter part of November, but it is hoped to have the first meeting this season next month.

Mr. W. R. Morris is president, and Mr. J. H. Munro is secretary.

A NEW MOVEMENT.

At suggestion of interest to Canadian Club members was recently placed before Hon. Dr. Pyne, Minister of Education, and it is possible that October 13th be set aside as a holiday for the school children of the Province to commemorate the death at the battle of Queenston Heights, on October 13th, 1812, of Sir Isaac Brock, and Lieut.-Col. Macdonnell, Attorney-General of the Province.

The formal request was for a school holiday for the County of Glengarry, as Attorney-General Macdonnell was a native of that county. The proposal to extend the holiday throughout the whole Province was also made as an addition to the suggestion that the life of Sir Isaac Brock and what he did for Canada, should be read by all school teachers to their pupils.

The Minister was impressed favorably, and promised to bring the matter before the Cabinet.

LOCAL OPTION CAMPAIGN AND VOTE TO BE OR NOT TO BE

Meeting of Church Representatives to be Held Next Tuesday Night.

Will there be a local option campaign in Peterborough next January, or will the temperance people let the situation remain as it is and await the outcome of Mr. N. W. Rowell's "abolish the bar" campaign! It is understood that although the temperance meeting at George street church last spring, favored another campaign and vote, in Peterborough in the interests of local option, the position taken by the temperance people may not go that way, and there is a possibility that there will be no campaign this fall and winter.

Representatives of the churches in Peterborough will be notified of a meeting to be held in the Y.M.C.A. on the evening of Tuesday next, and it may be that the question will be definitely settled.

PLANKS NOT FOR PLATFORM

Increased Water Pressure Being Provided for at C.P.R. Station

Many of the travellers and local people who have had occasion lately to visit the C.P.R. station are under the impression that a platform is being built on the opposite side of the main line from the station. This in entirely erroneous, the planking which has the appearance of a platform is placed there for the purpose of covering over the ditch for the laying of a larger water main. The new main will be a ten-inch one, and will replace the old eight-inch main. This will give an increase in pressure and will result in the engines being filled more quickly and easily. This work is being carried on along with the general improvements to the C.P.R. station.

PRESENTATION OF TRAVELLING SUIT CASE

By Balling Department of International Harvester Company.

Employes of the balling department of the International Harvester Co. sprung a surprise on Mr. James T. Murray, when they visited his home at 509 Parnell street last night, and during the evening Mr. Dan Donoghue read an address while Mr. E. J. Bickey made the presentation of a travelling suit case:

Mr. Murray left the employ of the Company on Saturday after pleasant associations with the employes of of the balling department, of which he was foreman. He is leaving the city shortly, and his friends expressed their regret in the address, which read as follows:

Peterborough, Sept. 19, 1912.

Dear Jim,—

We, the employes and associates of your department, learning with regret of your intended departure from the city, feel that we cannot allow you to go without indicating to you the esteem in which you are held by us.

Our associations with you, in our daily labor, have always been of the most pleasant kind, and we regret your departure. We ask you to accept this gift as a slight token of our esteem.

Signed on behalf of the employes of the department.

Luncheon was served to the guests, which numbered fifty, and afterwards all joined in and tripped the "light fantastic."

Gym. Opening

The fall opening of the "Gym." classes at the Y.M.C.A. will take place the week of Sept. 23. Eight different graded classes will be organized for this winter's gymnasium work.

Educational Rally

The Educational Rally of the Y.W.C.A. announced for Friday, Sept. 20, has been postponed, but will be held next week, the date being announced later.

Farmers' day at London fair drew 58,000 people.

The federal cabinet will meet daily for some time.

ANOTHER "BLUENOSE"

NOVA SCOTIA DIVINE GOES TO BRANDON COLLEGE.

Rev. Dr. Howard P. Whidden Is Another Example of the Faculty of Maritime Men to Reach the Top In Theological Work—He Succeeds Dr. McDiarmid as Head of the Baptist College.

Rev. Dr. Howard P. Whidden, the man who has been chosen to succeed Dr. McDiarmid as president of Brandon Baptist College, Brandon, Manitoba, is a Bluenose by birth, and proud of the fact. He is a graduate in arts of Acadia University, Wolfville, Nova Scotia, and in theology of McMaster University, Toronto. After graduating from the Toronto institution, Dr. Whidden went West as a home missionary to Morden, Manitoba. He then returned east to Galt, and in the congregations who listened to him preach in the Bloor Street Baptist Church, Toronto, recently, were many former residents of the Manchester of Canada. While pastor at Galt he lectured in the English department of McMaster University, and this led to his being called West again to join the staff of Brandon College as a junior professor. Eight years ago he assumed the pastonate of the First Baptist Church at Dayton, Ohio, the most important charge in that section of the state, and "made good," if such a term may be used of a preacher, from the start. Always a loyal Canadian, however, he spent every summer with his wife and children in his cottage on Peninsular Lake, where he is a near neighbor and close friend of Judge Winchester of Toronto.

REV. DR. H. P. WHIDDEN.

Dr. Whidden served while in Ohio on the governing board of Denison University, one of the leading institutions of the state, so that he does not go to his new work unprepared. He is firm in his convictions as to the desirability of Christian education, and Canada's West will be a decided gainer by his return. He believes in a practical application of the ethics of Jesus to modern life, and his lectures in the theological department of Brandon College will be practical in their application to everyday happenings. There is one thing his students will learn to do—and that is to read and speak distinctly and with proper emphasis—for Dr. Whidden is a trained elocutionist, and one of the best interpretative readers of Scripture in the Canadian pulpit. A strong sense of humor, and a ready found of anecdote, is another characteristic which ought to make for his success as Brandon's president.—Toronto Star Weekly.

COUNCIL HAS SATISFACTORY MEETING WITH HON. ADAM BECK

One Alderman Says Mr. Beck Gave Figure Which in Lower Than That Now Paid by the City ---Council Has Definite Proposition to Place Before the People.

Mayor Bradburn and the City Council travelled to Toronto yesterday and talked with Hon. Adam Beck chairman of the Hydro Electric Commission on the question of introducing hydro power into Peterborough.

They found the chairman of the Commission to be quite frank, and he chatted freely with the Council on the proposed cost, and gave them a figure which is said to be materially lower for the price of lighting, etc, than is at present being paid here.

The Council got down to more solid facts and particulars than it has been possible to reach in past dealings with the hydro chairman, and as one alderman stated to-day, council now has something definite to submit to the people. Naturally however, there are yet important details to be discussed by the Council, before the question is finally laid before the people, and it may be that the by-law will be voted on around the beginning of the year 1913.

The figures quoted by Hon. Mr. Beck is reported to be much more profitable for the city than that at present being paid.

Mr. Beck was very frank in his consultation with the Council, although rather loath to speak of the financial side of the question, until a more definite understanding is reached with the Seymour Power Company.

Mayor Bradburn and City Clerk Armstrong did not return with the Council, being detained on civic business.

SITUATION IN TORONTO.

Chairman P. W. Ellis, of the civic Hydro-Electric Commission contradicts the Buffalo Evening News, which makes an attack upon the Ontario and Toronto Commissions, and declares "Toronto is reported to be losing between $500,000 and $600,000 per year.

"They are drawing on their imagination, and their statement is very wide of the mark," said Mr. Ellis. The very opposite of what they charge is the actual case. The city has constructed a plant which now covers its entire area, and within the reach of every citizen.

"The business is increasing at a very rapid rate, beyond the expectations of the commission, and we hope soon to have secured the minimum amount of business to sustain the enterprise.

"The first year's operations, as the statement will show, will be eminently satisfactory.

"The Toronto Commissioners are carrying on a work of great public utility by the adoption of a sound enterprising, but honorable administrative policy independent of municipal and political influences.

"They aim to confer benefits of great magnitude upon the city and all its interests, and to carry on this great public undertaking in a manner that will do justice to all interests concerned with stimulating, as opposed to wasteful competition.

"This will be demonstrated in the report for the year which will increase the enthusiasm which the citizens have manifested in support of the municipal hydro-electric policy!"

COILS BURNED OUT AT POWER HOUSE

Work was almost entirely suspended at the Quaker Oats Company this morning, and most of the employes were laid off till one o'clock this afternoon. The cause of the trouble was the absence of electric power, which was cut off on account of some coils in a 1500 K.W. at the London street power house burning out. The trouble, which came at about fifteen minutes to ten, was overcome somewhere near 11.30. The Quaker Oats Company was the only plant affected.

Some noted platinum experts from Princeton, have been visiting Granite Creek.

SOME DRIVERS ARE BACKWARD

Warning From Chief Thompson

IN ADHERING TO TRAFFIC BY-LAW

Drivers of delivery wagons, rigs and in fact all who have charge of any kind of vehicle on the main street, are warned by Chief of Police Thompson that the traffic by-law will be strictly enforced. Clause 11 in the by-law, as follows, should be particularly heeded:

"The person in charge of a vehicle passing any street, who desires to, shall draw in close to the curb on the side of the street, and shall face the vehicle in a proper way for the side of the street on which it is."

No excuse will be taken for any violations of the by-law, as its regulations can be readily digested by all drivers and others in charge of vehicles.

SAYS CHURCH IS IN LEAGUE WITH EVIL

Rev. G. W. Henderson Preaches on Liquor Traffic in St. Catherines

Rev. G. W. Henderson, formerly pastor of the Charlotte Street Methodist Church, but now of St. Catharines preached on the liquor question last Sunday evening and in the course of a brilliant sermon, asserted that the Church is responsible for the existence of the saloon.

"In as much as the Church did not exert it's fullest power in their suppression," the reverend gentleman declared, "it was in partnership with the saloons. 'You say no, I say yes,' he stated. "The Church could wipe the liquor traffic out of existence tomorrow, if it would, but so long as party stands first it will never be. Wipe out this iniquity and then will come the great revivals of the masses'."

TO TAKE CARE OF FOREIGN ORDERS

Seeing at the Grand Trunk station this morning a solid train of freight cars, our reporter learned that they were loaded with oats for the Quaker Oats Company here. On enquiry at the office of the Company it was further learned that they were American oats, part of a cargo received by the company at Midland. He was told that the coming in of these oats was altogether a matter of price, that it was imperative that in order to keep the mills operating to take care of export business it was necessary to buy American grain, as it was very much cheaper than Canadian oats.

It was learned that a second cargo was in transit and that it will be advisable for the company to continue buying these oats so long as they are so much cheaper than the Canadian, to enable the company to maintain foreign connections and fill foreign orders. The two cargoes will total upwards of a quarter million bushels.

Looking up the market quotations in to-day's reports, American September cash oats are quoted in Chicago at 32 1-2 cents for 32 lbs., and Canadian October oats at 37 3-8 cents for 34 lbs. in Fort William, the freight rates between these two points being practically the same to the seaboard.

PLACED THE BLAME ON MAN NOW MISSING

The police court case in which two parties named Switzer and Lynch, and a third man named Craig, who has since departed for England, were charged with taking out Mr. G. L. Wainwright's automobile, and damaging it to the extent of about $40.35 was dismissed this morning by Police Magistrate Dumble.

Mr. G. H. Hatton acted in Mr. Wainwright's interests, and Mr. G. N. Gordon appeared for the defendants.

Lynch was placed in the box, although Mr. Gordon contended that under section 5 of the Canada Evidence Act, no prisoner could be made to testify against himself.

William Warmington, bartender at Hogan's Hotel, East City, was also a witness, and testified that a man had asked him for permission to leave an auto in the yard of the hotel, which request he had willingly granted.

Lynch's evidence was to the effect that he and three others had entered an auto at the solicitation of the man named Craig, who was driving the machine. They motored out the Keene road for about ten miles, and it was then that the damage to the car was caused. He stated that while the driver was lighting a cigar, and with only one hand on the steering wheel, the car had skidded and slid down into a ditch.

Mr. Wainwright's first chauffeur was the man named Craig.

The owner of the car will have to pay the costs of repairing the machine.

WEDDING BELLS

GADSBY—DORAN

The marriage of Regina Leocadia Eleanor, daughter of Mr. and Mrs. M. Doran, Guelph, to Mr. E. Franklin Gadsby, Toronto, was quietly solemnized yesterday afternoon by the Rev. Father Drummond, S. J. The bride wore a smart travelling gown of navy blue cloth, with white corded velvet, a corsage bouquet of orchids and lily of the valley, and a black picture hat with ospreys. After the ceremony a reception was held at the residence of the bride's parents, Glasgow street. Mr. and Mrs. Gadsby left by the evening train for Montreal, where they will embark on the Royal George for a three months' trip abroad. On their return they will reside in Rosedale.

McQUADE—FITZGERALD

A quiet wedding took place at St. Peter's Cathedral, this morning, when Dr McQuade of Sault Ste Marie, Ont. and Miss Ruby Fitzgerald, were united in marriage by the Rev. Father McColl.

The happy couple left this morning on a trip to Ottawa, Montreal, and other eastern points of interest, after which, they will reside at the groom's former home, Seaforth, Ont.

OBITUARY

The Late Mr. Brisco

Henry R. Brisco, of 506 Chamberlain street, passed away yesterday morning at the age of 74 years.

The funeral will take place tomorrow afternoon at two o'clock, and proceed to the Little Lake cemetery.

New schools are being built daily in Alberta.

Coquitlam will purchase 40 acres for a park site.

ALF COONEY'S GOLD MINE IN SPOKANE

Once again, Alf. Cooney is narrating the story of a gold mine, and friends far and near gather to hear the oft told tale.

To-day, Alf. shows specimens from the underground world. The mine he says he has owned for eighteen years. It is located in Spokane, Wash., and he has dreams again of untold wealth.

Alf. says he is in receipt of a box of samples, the same being sent by the U. S. Government, while a letter states that he is wanted in Spokane immediately as there is an option on the mine of $150,000 awaiting his approval. But Alf. says he won't sell.

"BILLY"

Laughable complications resulting from the loss of a set of false teeth by a young man deeply in love with a girl who may lose her regard for him if she knows of the falsity, provide the plot for Billy, the farce which Alberta Phillips, Leila Shaw and a capable company of fun-makers will offer at the Grand Theatre next Saturday, matinee and night.

Full of clean wholesome fun, clever lines and ludicrous situations, Billy is bright and joyous in its happenings on shipboard, where a football hero accompanied by his sister, go on an ocean voyage, for the benefit of the hero's health, and that he may grow accustomed to the false teeth he has fitted where the real ones used to be, before he was hurt in a game at college. He finds his sweetheart on board, also his rival for her affections, but he holds the winning hand until he loses his false teeth, and must remain speechless or give away his embarrassing secret. After that, there is nothing but fun, with a pretty climax at the final curtain.

A pelican measuring six feet from tip to tip was captured at Waldron Sask.

The apple and plum crop are excellent in and around Ainsworth.

P.C.I. STARTS GRIDIRON GAME LARGE TURNOUT OF PLAYERS

Yesterday the P.C.I. rugby players held their first practice of the season and discovered that there was enough material to make four school teams, two senior and two junior. The P. C. I. boys are counting on a clash with the first or second [illegible] team a week from Saturday and intend to have a practice game with the bankers before that date.

MAY HAVE SOCCER TEAM.

Efforts are being made by some of the teachers and pupils of the Collegiate to organize a soccer football team. When the project was unfolded to the pupils in general this morning by Mr. Fergusson, of the P.C.I. staff, it met with universal approval. Should the pupils turn out a good team they will arrange a match with the soccer team of the Jarvis street Collegiate, Toronto.

THE EEL FORCED EVELYN W. TO SET UP NEW PACING RECORDS

The world's records were broken at Syracuse by Evelyn W., when she won the free-for-all pace at the Grand Circuit meeting. Her time for the mile, 2.00 1-2, in the second heat was the fastest heat ever paced by a mare, the fastest second heat by pacers of either sex, and the race established the fastest two heats ever paced by a mare. The time by quarters: .31, 1.00 3-4, 1.30 3-4, 2.00 1-2. The first mile was in 2.03 1-2, and the last half mile in .59 1-2.

It was the Canadian stallion, The Eel, that forced the bay mare to extend herself, the two speeding side by side. Evelyn W. was the first to the wire in each heat by a narrow margin. The speed of the leaders was too great for Independence Boy.

WALTER JOHNSON TO WORK AGAINST TORONTO LEAFS

It has been decided by the Toronto club to abandon the proposed exhibition games in Brantford, London and elsewhere. Instead the Washington Americans and Cincinnati Nationals will come to Toronto and play the new International League champions on Tuesday and Wednesday of next week. The directors of the club have agreed to turn over the entire proceeds of the games to the Leafs.

The Cincinnati Club is headed by Frank O'Day, the most famous and picturesque of all the umpires. Next to O'Day is Bob Bescher, the champion base runner of the National League and the holder of the world's record around the base lines. Catcher Larry McLean, who is a Canadian from New Brunswick, is also with the club.

Walter Johnson the Great" recognized as the best pitcher in the game will twirl against the Leafs in the Tuesday game. With him are Clyde Milan, the fleet base runner; (Chick Gandil, the former Montreal first-baseman; Eddie Foster and Dannie Moeller, formerly international leaguers, and "Germany" Schaefer, the funniest man in baseball. Clark Griffiths, who put Washington in the race for the first time in years, will be here with his team.

Rain has cost farmers in the Fraser Valley between $300 and $3,000 each.

THE TURF

James Sutherland, the driver of Jimmy Dillard, in the free-for-all event at the exhibition on Saturday, takes exception to the statement made in the report of the races that that horse was poorly handled.

His explanation is that Jimmy Dillard is a hard horse to handle in the getaway, and his general behaviour has caused more than one good driver, many gloomy moments. He has been retained by Jerry Dillard's owner to handle the ribbons over the same horse at Cobourg, next Thursday.

Harry Direct, Bourbon Brook and Patterson, will take part in the races at Lakefield Fair, to-morrow.

RUGBY

The Alerts have landed Leckie, the full-back who was with Queen's the last two years and who was acknowledged to be one of the best backs in the Intercollegiate union. He was out with the local O.R.F.U. team on Saturday, and the way he booted the ball showed that he would be a valuable acquisition to the team. The Alerts had a good turnout, although their two crack wing men, Ross Craig and Norm Clark, were again among the absentees. The team will be out in full strength this week to prepare for the exhibition game with Argos, to be played on Saturday of next week.—Hamilton Herald.

Frank Heffernan, of the T.R. and A.A., is showing up well on the back division, and will likely be played there along with Pete Flett and Flemming. Eddie Beeton may make a place on the half line, says a Toronto writer. Hal De Gruchy will probably play with Upper Canada College this fall. Eagan is another player who is both a superior half and outside wing, like Heffernan. In "Doc" Burkhart, Bert Moore, Sheehy, Parke, Beatty and Egan, the new club have some great outside wings. Reaume, the St. Mike's crack, recently slated for Ottawa College, will also be with the Blue and White. Crawford, Cory and Hoare will comprise the scrimmage, which is one of the best.—Hamilton Herald.

Toronto, Sept. 17— Only a small portion of the regulars of the Canadian champions answered the roll call at Varsity last night, when Captain Pete Campbell trotted out his warriors for the first workout of the season. More will be out to-night, although it is hardly expected that all the players will be back before the end of the week. Some of those out last night were: Capt. Pete Campbell, Jack Maynard, Robby Sinclair, Pete German, Jeff Taylor, Herb Taylor, E. Cusner, Clarkson, and others. Clarkson was the outside wing of last year's intermediates, who will likely fill Hassard's place at outside this season on the seniors.

GOLF CLUB CHAMPIONSHIP

Second round to be played on or before Saturday, 21st Sept., 1912.

Dr. Gowan vs T. D. Mulholland.
G. W. Hatton vs. Robt. Neill.
S. Ray vs T. F. Matthews.
G. F. Bennett vs. N. F. Shaver.

PORT HOPE CLUB OFFICERS

Port Hope, Sept. 17—At the annual meeting of the golf club, held here to-day, the following officials were elected—President F.S. Smith; Vice President H. B. Chisholm; Secretary-Treasurer, R. E. Southby; Directors L. Clarke, Dr. B. C. White, H. T. Bowell; Captains, D. H. Chisholm, D. McMillan; L. Clarke; House Committee, Mrs. Forrest, Mrs. Schwartz, Miss Burnham, Miss Southby, Miss S. Smith, F. S. Smith.

Humor and Philosophy

By DUNCAN M. SMITH

THE NATAL DAY.

GREAT guns,
Little guns
And all the little children
Of the great and little guns—
Such a muchness
Of noise!
It is the day
When boys will be boys.
Can you blame them? No.
The big show
Comes but once a year,
As you will hear
If you will but list
Through the powder mist
And get an easy line
On the fine
And glorious occasion.
It is a great day.
That is what they all say.
The old
May not say it so hard,
But their regard
Is there just the same
And in a neat frame.
That this nation was born
One clear morn
In July
When republics were shy
Meant something to us;
Hence the fuss;
Hence the orating;
Hence the restating
Of our position to the world;
Hence the flags unfurled,
And all of the little heroes
Too numerous to mention
That receive attention.
Let the eagle scream!
Let banners fly!
Let rockets paint the sky
Red!
It is, as we have said,
The original and only
Fourth of July.

Sufficient Reason.

"So she refused your heart and hand?"

"She did."

"Did you tell her you were wealthy?"

"I mentioned it."

"What effect did that seem to have on her?"

"She didn't believe it."

Might Cure the Condition.

"I have a few friends."

"Did you ever try to do anything for it?"

"Do anything?"

"Yes; borrow money or sell 'em mining stock or something?"

Slow About It.

"You say they are rather old fashioned?"

"Well, you may judge. She is just having appendicitis now."

Looked Like It.

"You must have had money to burn."

"Why?"

"They say you made a hot finish."

Couldn't Qualify.

"He needs reforming."

"Perhaps you'd like the job."

"But I am no mule driver."

For the Protected.

We cannot weather make or mar,
But we should not complain
If we can only stay inside
And let it rain and rain.

BEST TIME FOR SHEEP FARMING

Since the new edition of the bulletin "Sheep Husbandry in Canada" was issued a few weeks ago, there has been a constant stream of requests for it flowing into the Publication Branch at Ottawa. A great many of the applicants state that they are just commencing, or are about to commence, sheep raising, and that they wish to learn how to handle a flock successfully. This bulletin contains a chapter specially prepared for such persons describing how best to handle a flock of commercial sheep. The author, Mr. J. B. Spencer recommends a flock of fifteen ewes as the minimum for a farm of one hundred acres. Such a flock can be increased with experience, but not beyond twenty to twenty-five unless it is desired to make a special business of sheep raising. With the management and care described in the bulletin, an increase through lambs can be expected of from 150 to 175 per cent., and it should be the latter.

The early weeks of autumn is stated to be the best time to purchase ewes, as then one can select those that have raised good lambs.

Before the present edition of the bulletin is fully exhausted a still further one will be ordered so that no one need hesitate about ordering a copy, which will be sent free to all who apply for it to the Publication Branch Department of Agriculture, Ottawa.

FINGER PRINTS IN BANKS.

Growing in Use as a Means of Identifying Depositors.

Nine banks in New York have adopted the system of using finger prints in addition to signatures as a means of identifying their depositors. In a saving fund when a depositor withdraws money he is required to give a finger print receipt for it besides his regular pen signature. Cases in which pass books are either found or stolen and money is withdrawn by forgery have been numerous, but it is impossible to forge finger prints because the chances of duplication are only one in 64,000,000. Outside of New York city several of the banks of Albany, one or two in Boston and in several other New England cities have adopted the system.

When taking finger prints at these banks the fingers are slightly inked by simply pressing them flat down on a glass or metal plate which has previously been covered with a thin layer of indelible finger print ink and by subsequently pressing the fingers on the paper in a similar manner. A method is now being experimented with of making finger prints by using impregnated paper on which the impressions develop themselves the minute the paper is touched by fingers previously moistened on a clean wet pad. Very likely this method will become the most popular for business uses, but the process has not yet been so perfected as to make impressions as clear as those taken with regular finger print ink.

It is said that the making of finger prints takes no more time than the writing of an ordinary signature and that a finger print signature can be read as quickly and with far more assurance by a teller. For illiterate depositors the finger print signature is particularly useful.—Exchange.

ALL ABOARD FOR THE MOON.

Enough Food and Air Make Trip Practicable, Says Star Sharp.

Before sailing for Europe on the Provence of the French line the other day Garrett P. Serviss, the astronomer, said that it was his belief that man would fly to the moon some time in the not far distant future. When the subject of flying came up Mr. Serviss said:

"I have begun to think that now that we have achieved the navigation of the air the providing of sufficient food and air is the only difficulty which remains to be overcome before men fly to the moon. To be sure, a new motive force must be obtained, but electrical propulsion hints at what it may be.

"There are only two forces known which overcome gravity—namely, pressure of light and electricity. So I say that the first flying to the moon will be done on the principle of the pith ball, which flies away from the conductor of an electric machine.

"When this has been accomplished it only remains to do what modern chemistry certainly can do—that is, to fill tanks with enough air and compressed food for so long a journey. The idea is really not so ridiculous as it may appear."—New York Sun.

Forcefully Censored.

The Russische Correspondens tells this story under the captain "Forcefully Censored:" Three scuiptored groups by Peter Rymsza were sent to the exhibition at Wilna, Russia. One of these, representing the Lithuanian patron Pogon conquering the Polish eagle, was distasteful to the editor of the Kurier of that city, who asked that the group be withdrawn. "Unless it is," he wrote, "my paper will ignore the exhibition." The editors of the other papers joined in the protest, whereupon the artist went to the exhibition hall armed with an ax and broke into small pieces the three works on which he had long labored. The other groups were entitled respectively, "The Prayer" and "Old Age." Commenting on the occurrence the writer says, "Truly the editorial pen is mightier than the sculptor's tools."

The work of painting the city schools of Victoria has recently been completed.

A body found in the Niagara River was identified as that of Richard Walsh, aged 55, of Picton.

Ottawa hears that Dr Paquet, Nationalist M.P., for L'Islet, may become deputy minister of Inland Revenue.

SEMI-ANNUAL HOME-FURNISHING SALE

Wednesday, September 18th | 10——DAYS——10 | **Saturday, September 28th**

We have made plans on a large scale to give the most extraordinary values for this sale. This store always endeavors to supply the best merchandise when it is wanted and at the lowest possible prices, but for the next 10 days in our Home Furnishing Departments we are going to try and surpass ourselves. All are new goods, many of which are being shown for the first time, and are offered at a big saving, some actually half usual price and this in spite of the advance prices on nearly all classes of merchandise. WEDNESDAY, SEPTEMBER 18th IS THE OPENING DAY.

AN ENTIRE MILL RANGE OF CARPET SAMPLES Nearly 500; these make splendid rugs for in front of beds, and are most useful for the Fall and Winter in rooms covered with linoleum or having polished floors.

THE HOUSE THAT VALUE BUILT

MORE MONEY AND MORE CARS TO MOVE WESTERN WHEAT

What the Dominion Government is Doing to Aid the Farmers of the West in Getting Their Crops to Market This Fall

Ottawa, Sept. 17— The Dominion Government is making and encouraging every effort toward facilitating the moving of what promises to be a bumper crop in western Canada; Hitherto, systematic preparations have been conspicuous by their absence, the wheat-raisers of the west being left practically to take care of themselves. Under the more businesslike order of things now prevailing in administrative circles, no means for the prompt transportation of the grain is being left untried. The result is sure to mean a great benefit to the west.

TWO THINGS NECESSARY.

There were two things necessary to guard as far possible against a railway car shortage and to give sufficient elasticity to the currency during the crop-moving period to ensure enough ready money for all the needs of the harvest. The Borden government has rushed arrangements for enlarging the terminal elevator facilities at the head of the lakes. The railways, at the instance of the Ministry, have made greater preparations than ever before to cope with the western crop situation. They will enter upon the gigantic task of moving the wheat with five hundred additional locomotives and no fewer than twenty thousand more cars. Roadbeds have been improved, terminals enlarged and other increased facilities provided. Whatever the railways can do toward the provision of adequate facilities they have urged to do, and, apparently, have been doing.

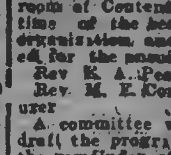
MORE MONEY AVAILABLE

Part of this policy, as already stated, has been the extension of the period during which the various chartered banks are permitted to increase their circulation for crop-moving purposes. Under the arrangements just made, there will be available what is practically "extra" currency amounting to thirty-one millions of dollars. The emergency period was extended a month each way, to begin on Sept. 1st, instead of Oct. 1st., and to end on the last of February instead of the last of February instead of the last of January.

WHAT IT MEANS.

Hon. W. T. White, in dealing with this problem, provided recently for an issue of five dollar Dominion notes to replace the notes of large denominations held by the banks, these big notes having been used by the banks as "legals" and not being available for purposes of public circulation. The possible circulation a year ago was $154,000,000, but the actual circulation was much less, amounting to $138,000,000. This year the possible circulation has been increased to $185,000,000 and the actual circulation can reach $170,000,000 without difficulty. These measures, adopted in time to allow their full benefit to be realized this autumn will mean that the problem of crop-moving will be a much less difficult one to solve than under the conditions which prevailed heretofore; Business measures have been invoked for coping with a business situation.

The West Point Grey Presbyterians have recently dedicated their new church.



Cook's Cotton Root Compound. The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Address: THE COOK MEDICINE CO., TORONTO, ONT. (formerly Windsor)

REV. E. A. PEARSON THE NEW PRESIDENT

Hamilton, Sept. 17.—The meetings of the Hamilton Ministerial Association were resumed for the fall and winter months yesterday morning. The gathering was held in the board room of Centenary church, and the time of the season was devoted to organization and officers were elected for the ensuing term as follows:

Rev E. A. Pearson, president.

Rev. M. E. Conron, secretary-treasurer

A committee was also appointed to draft the program for the season, and the remainder of the time until noon was devoted to the recital of holiday experiences.

The Alberta Lumber Company has commenced business at Edmonton.

A Victoria paper recently published a list of names of pioneer women and their photos.

E. C. McLEOD,
Treasurer.

FIRST ALL STAR CONCERT TO-NIGHT AT THE GRAND

Read What the Kingston Standard Says of Bispham, America's Greatest Singer.

The first of the all-star concert series at the Grand Opera House Wednesday evening, proved to be a highly artistic entertainment, and also a financial success. David Bispham is without a doubt, a great artist. It is unlikely if a baritone voice of such depth, purity and exquisite expression, has ever thrilled an audience of Kingston musicians and lovers of music, as did that of Mr Bispham last night. He has a great gift and its use seems natural.

From the vigor of his "Ring out, wild Bells," (Gounod,) to the dignified tenderness of "Calm be Thy Sleep," (Louis Elbel,) there was perfect aptitude of expression and beauty of interpretation. Simplicity in Cornelius' "Monotone," and the incarnated setting of "Danny Deever," a Damrosch viewpoint of Kipling's story, were alike used by Mr. Bispham to display his truly marvellous capacity for description. Then there was the melody of Sydney Homer's banjo song, and the hopelessness of his "Song of the Shirt," an adaptation from Hood; the plausibility of Verdi's character of Falstaff in "When I was a Page;" and the fluctuating sentiment of Mendelssohn's "I'm a Roamer." The depths and heights and undulating plains of human emotions were displayed in all their phases.

Mr. Bispham as a dramatist of the first order, depicted "Robert of Sicily," Rossetter G. Cole's famous picture of an alleged character.

He kindly responded with one encore to the Damrosch selection.

Tickets to-night, $1.50, $1.00 and 75 cents.

Do not fail to hear Bispham at the Grand to-night.

DATES FOR WORLD'S SERIES

tional Baseball Commission are in session here to-day.

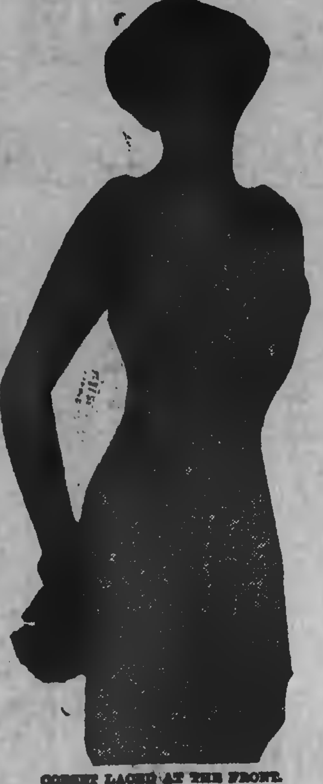
The most important thing to be considered and decided is the major league draft of the minor league players. The other matters to be decided by the commission are only minor things, as it was said to-day that the dates for the world's series will not likely be given out, as they do not feel that the race has altogether been settled.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at $5 a box, or three for $10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

CORSET NEWNESS.

What the Smart Woman Will Wear.



CORSET LACED AT THE FRONT.

Very slender hip lines are given by this new corset, which reaches almost to the knee, yet is particularly soft and pliable.

The corset is worn over a chemise bloomer of embroidered glove silk, which is exactly like the embroidered silk gloves in texture.

KEEPING YOUNG.

Advice For the Woman Who Would Look Well.

At nearly sixty-eight Miss Carlotta Addison was playing a short time ago a fairy in "The Blue Bird." She gave her secret of youth to the correspondent of a foreign publication. Here it is in two lines:

"Work has kept me young. I have had no time to grow old."

And her next sentence emphasises the point:

"Only when I have a spare hour and sit down to play patience do I begin to feel old. So long as I am working I always feel young. In 'The Blue Bird' I played the part of a fairy—an old fairy, it is true, but still a fairy—and I felt very young, and I believe all the really young fairies thought I was young too. I'm sure they had no idea I was nearly seventy.

"I have had a hard life, but I believe it is the people who have the hardest lives who keep the youngest. The prematurely old people are those who are always taking rest cures. Nothing makes people so old as having nothing to do. But work should be congenial. If I had been a charwoman I am afraid I should have been much older than I am.

"It is a good thing to be as much as possible with the young people—if they will put up with you and you know how to get on with them. Some of my friends tell me that young people bore them. But that is never so with me. I am still interested in everything that interests young people.

"It is not wise to try to keep young. Nothing makes one feel so old as wearing 'young' clothes. I think the great secret is to work hard and take no notice of birthdays and avoid holidays. A holiday always makes me feel rather old, especially if I have to play patience."

An Autumn Wedding Gift.

One of the interesting additions to fine china displays for autumn wedding gifts is this cracker and cheese dish.

DISH FOR SERVING CRACKERS AND CHEESE.

The cheese reposes in the small, inner dish, and the crackers are arranged around the plate.

Fancy Work Stitches.

A conventional figure that is easily adapted is an oval composed of four rows of dots, the largest on the outside. This design may have the dots worked in slightly padded satin stitch, or for more open effect eyelets can be used. A bold border could have three rows of the ovals, the outer walls measuring an inch and a half by an inch and a quarter, the next an inch by three-quarters and the inner ones half an inch by three-eighths. The size of the dots is proportioned to the size of the oval.

Suffrage In North Dakota.

An active state wide campaign is being planned in North Dakota, and legislative work will receive the first attention of the leaders of the movement, who have outlined a progressive program for the coming year.

Yorkton is to have a new planing mill.

Apply Zam-Buk to all wounds and sores and you will be surprised how quickly it stops the smarting and brings ease. It covers the wound with a layer of protective balm, kills all poison germs already in the wound, and prevents others entering. Its rich healing herbal essences then build up from the bottom, fresh tissues and in a wonderfully short time the wound is healed!

Zam-Buk's popularity is based on merit. Imitations never work cures. Be sure and get the real thing. "Zam-Buk" is printed on every packet of the genuine. Refuse all others. 50c all druggists and stores or Zam-Buk Co., Toronto.

ZAM-BUK

THE PEDDLER'S LICENSE.

How a Traveling Trader Turned the Tables on a Meddlesome Judge.

At the end of the eighteenth century, Chief Justice Mackenzie lived in Sheffield, England. The judge was feared by everybody on account of his roughness and severity. It was his pleasure to punish the people; he even used all kinds of tricks to discover punishable acts.

On a beautiful spring day, an old pedlar, laden with a heavy pack of goods, and walking slowly on the road towards Sheffield, met a rider who stopped him and said: "Hello, my friend, have you any gloves to sell? I lost mine." "No," said the pedlar, "I have no gloves, but I have many other things which your lordship may need." And he unloaded his pack and opened it.

"All right, let's see your stuff," said the stranger, and dismounted from his horse. He really bought a few things without asking for the price. But as soon as he had received his goods and had paid for them, he suddenly changed his tone and said in a severe voice: "As you are trading on the public highway, I suppose you have a pedlar's license."

"A pedlar's license!" said the old man hesitatingly and, apparently, embarrassed. "What for do you ask this question, your lordship?"

Strengthened in his suspicion by the shy behaviour of the pedlar, the man said in a rougher and more severe tone:

"I am *Judge Mackenzie from Sheffield*, and I ask you to show me your pedlar's license at once."

"Oh, it is your highness," said the old man very humbly, "if I could only have guessed that." And with these words he took a portfolio from his pocket and handed his license to the judge.

"Hm," said the judge, somewhat disappointed, "everything is correct; but I have no use for the stuff I just bought from you; you must take it back."

"Take it back? Hm, but how much does your highness want for it?"

"Give me what it is worth to you."

"No, that isn't fair; it isn't businesslike. Your highness must make the price."

"All right; give me one-half of what I paid for the stuff," said the judge, throwing the goods he had bought at the feet of the pedlar. "Now you are making a good bargain."

The pedlar paid half of the money received; the judge mounted his horse and galloped away.

But this was by no means the end of the story. Next morning the pedlar brought the case before the court. Judge Mackenzie had to accuse himself that he had sold goods on the highway without having a pedlar's license.

All England laughed at the trick the crafty pedlar had played on the judge. —From the German by Carl Theodor Wettstein.

Boy Policeman.

An amusing incident occurred in the Strand in London recently. A small group of ladies and gentlemen, obviously foreigners on a visit to London, stood on the narrow pavement on the south side of the island church of St. Mary-le-Strand, waiting an opportunity to cross the road. The traffic proceeding west was fairly thick, and as no policeman is stationed just here the strangers saw little chance of getting to the opposite pavement. Suddenly a lad of the gamin order, who stood near and noticed the perplexity of the strangers, with quick decision, during a momentary gap in the stream of vehicles, darted into the middle of the road, and, standing fearlessly with his back to the oncoming motor-'buses and cabs, extended his arms in the regulation style of the man in blue, at the same time motioning with his head for the strangers to pass over. Whether it was that the drivers admired the audacity of the thing, or instinctively pulled up on seeing the well-known police intimation of outstretched arms commanding a halt, the fact remains that the traffic was successfully held up by this urchin while the astonished visitors to the city sped across the road in safety. As they were rewarding the lad, the amused spectators of the scene gave him warning of the approach of a policeman coming to inquire into the cause of the stoppage, and with a whoop he ran off, and the flow of traffic was resumed.

WHETHER YOU COME TO BUY OR MERELY TO ADMIRE YOU ARE EQUALLY WELCOME

A visit to our store just now will surprise and delight you. At this time the peerless **Happy Thought Range** has the place of honor on our floor. Our display this year is larger and more complete, and more beautiful than ever before.

The **Happy Thought**, above and beyond every other consideration, is built for **Service**. We have nevertheless, a very pardonable pride in its handsome design and appearance.

From the foot of the range that rests on the floor to the top of the guard on the high closet, the **Happy Thought** is a radiant thing of beauty. In it art and science join—it is a triumph in an age of great things—it is **unequalled**—it is **unapproached.**

A HAPPY THOUGHT RANGE means A CHEERFUL HOME

CHICAGO CUBS GET ART SCHWIND

Art Schwind, the clever shortstop of the Ottawa team, champions of the Canadian League, has been drafted by the Chicago Nationals. No notice appears in the report on the National Commission's meeting, as to other players of the Canadian League.

Ex-Mayor Wilson Smith of Montreal, a well-known financier, is dead aged seventy.

Sir Montagu Allan, Montreal, will retire from the Allan Steamship Line to devote his attention to the Merchants' Bank.

Premier Borden and Sir Wilfrid Laurier cabled felicitations to Premier Asquith in London on his 64th birthday.

Sir Wilfrid Laurier has been invited to open Cobalt Y.M.C.A.

Work on the $500,000 shipping plant at Coquitlam has begun.

Notice is hereby given that a Quarterly Dividend for three (3) months ending Sept. 30th, 1912, at the rate of ten per cent. (10%) per annum has been declared upon the Capital Stock of this Institution, and the same will be payable at the Offices of the Company in this City on and after Oct. 1st, 1912.

The transfer books will be closed from Sept. 20th to 30th, both days inclusive.

By order of the Board,

E. R. WOOD, Man. Dir.

VOL. LXXVI, NO. 66 PETERBOROUGH, ONT., CANADA, WEDNESDAY, SEPTEMBER 18, 1912 TEN CENTS PER WEEK

SIR WILFRID OPENS AT STURGEON FALLS

Liberal Leader Persists in Parading the Ghost of Reciprocity—Says Canada Must Have Wider Markets.

Sturgeon Falls, Sept. 18.—The chief tendency of the speakers at Sir Wilfrid Laurier's opening meeting of his Ontario tour was to criticize the course of the present administration rather than to give an account of their own stewardship or reasons why the Liberals should again be placed in power at Ottawa. But a notable exception to this was the leader himself, who diverted the whole of the hour in which he occupied the platform to the advocacy of wider markets for the sale of Canada's future surplus supplies.

He asserted with a deal of emphasis that reciprocity is not a dead issue but that the "shallow" loyalty cry employed at the elections a year ago by the opponents of the pact resulted in a false step being taken by the electorate, from which the public will recover in the near future of its own accord, because markets must be found for Canadian products, which he anticipates will be left in the producers' hands, with results ruinous to the latter.

Mayor John Parker and council, backed up by the local members, met the Laurier party, and the former presented the civic address of welcome. Angus McInnis of Cache Bay read an address in English, while Theo. Legault spoke in French and Z. Mageau, M.P.P., the local member, gave the principal local address to the crowd.

G. A. McGaughey, mayor of North Bay and president of the Liberal Association, introduced Sir Wilfrid and complimented Sturgeon Falls and Z. Mageau, M.P.P. for the district, in being able to bring their leader here. The defeated Liberal candidates of the district also spoke.

"I thank Providence that I was born under British institutions," declared Sir Wilfrid Laurier. "Believing, as I am sure you will agree with me, that there is more freedom under the British flag than any other, because it is government of the people, for the people and by the people. But the people make mistakes sometimes and they did on Sept. 21 last.

Sir Wilfrid stated that he asked the Lord to forgive the people, for they knew not what they did, but he knew that the people individually could play their respective parts and retract past wrongs.

"I have no quarrel with those who voted against me," he continued, "but I do ask the people to consider the question with the best of judgment at this time, and I am sure they will realize their mistake.

"While other nations have reached the summit of their expansion we Canadians are just beginning to evolve; we have resources untold in every commodity, which have only to be tapped to produce ten times as much as the country can consume and therefore must find a market elsewhere," he said.

Sir Wilfrid said Canada already was in the position to supply Britain with all she wants and yet more, therefore wider markets must be sought to facilitate the disposal of enormous surpluses, which will accrue from year to year especially as the country is further developed. It was with the idea of disposing of such surpluses that he advocated the development of lines from east to west, and the same ambitions prompted them to look for foreign markets. He deprecated the annexation cry because, he said, loyalty was all his opponents had as an argument.

Hon. Charles Murphey dealt with newspaper rumors relating to members of the Borden Cabinet. The only combination they evidenced being the desire to combine to loot their friends and country, he said.

When referring to reciprocity he declared that the late Government was not defeated and never would be on a square deal, but rather slandered out of office, and to-day the slanderers were continuing their practices. "To-day it is our business, too," said he, "to expose these falsifiers and changers of policy and recount some of the injuries that have been done during the past twelve months."

Hon. G. P. Graham dwelt upon the powers of the Minister of Railways in changing the location of railways after the people had sought for redress. He declared that Hon. Frank Cochrane had changed every plan his predecessor had endorsed to increase his own patronage prestige.

He also declared that the people of Sturgeon Falls had to thank Hon Frank Cochrane for their not being any C.N.R. line through their district

Hon. Rodolphe Lemieux and Hon W. L. M. King also spoke.

WORK ON CANAL BEGINS NEXT YEAR

Welland Project Will Then be Rushed to Completion.

St. Catharines, Sept. 18.—Supt. J. L. Weller has issued a statement to the effect that construction work on the new Welland ship canal will commence early next summer, and will occupy five years in building. The cost will be about $50,000,000.

Tenders will, it is expected, be called for next winter, and work will be well under way by the end of 1913. Mr. Weller's opinion is that the work is in many ways as stupendous as the Panama Canal project. It will be almost as great an engineering undertaking as regards the locks, the walls of which will be just as high as those of the Panama Canal.

The plan to be followed is that the work is to proceed at various points, and be rushed to completion. Fifty to seventy-five steam shovels and several dredges will work at different sections at the same time.

Plans for the waterway are now almost finished and will be sent to Ottawa in a short time.

A large force of draftsmen and civil engineers is now engaged in offices here, while many drillers and engineers are at work along the route of the new waterway. In spite of the great work navigation will not be impeded in the least, but more rapid progress will be made during the winter, when there will be nothing to hinder.

The old channel will be used from Port Colborne as far as Thorold. There the new course will commence, and diverging somewhat to the east, will strike Ten Mile Creek and enter Lake Ontario near McCalla's Grove, three miles from Port Dalhousie, the present outlet. The length of the new section will be eight miles, and the total length of the waterway, when completed, 25 miles.

At Welland the east bank will not be touched, but widening will be done on the west bank.

Mr. Weller estimates that the canal will occupy about five years in building.

Sues Gaynor for $100,000.

New York, Sept. 18.—Mayor Gaynor was served yesterday with a summons in a $100,000 libel suit brought against him by Ald. Curran, chairman of the aldermanic committee, investigating graft in the police department. Curran alleges that the mayor made remarks derogatory to his character in connection with the investigation.

WILL FIGHT THE IMPORTS OF AMERICAN MADE GOODS

British Manufacturers Object to Having Their Country Flooded by Cheap Automobiles Manufactured in the United States.

London, Sept. 18.—Twenty leading British manufacturers discussed a campaign to oppose the American invasion at a luncheon given yesterday by Ralph D. Blumenfeld, editor of The London Express, which is promoting a movement against American automobiles.

The formation of a big British corporation or the combination of existing companies and the establishment of a protective tariff were the definite plans proposed. Several of the manufacturers made speeches, in which they all agreed that the British factories and workmen should supply the home market with low-priced machines, many thousand of which are now coming to England from America.

A letter sent by the Duke of Westminster, read at the luncheon, disclosed the fact that the Imperial preference league is raising a fund of $2,500,000 to be used in preparing a propaganda in favor of an Imperial tariff and an Imperial preference scheme, which would give some of the colonial market to British manufacturers.

There was much talk of gaining the colonial market. A difference of opinion prevailed regarding the quality of American low-priced cars. S. F. Edge, a well-known automobilist, contended that the British stopped an invasion of American bicycles and boots by producing better articles, but that American cars were in a different class.

Unchecked Flow of Water.

International Falls, Minn., Sept. 18.—Only one important point was brought out yesterday at the sitting of the International Waterways Commission, the fact that the Minnesota & Ontario Power Co. retarded the flow of water from Rainy Lake into Rainy River in July of last year, with the result that navigation was rendered exceedingly difficult, if not altogether impossible along the river route.

The commission will meet Thursday at War Road instead of Kenora, which will be visited on Saturday.

SCHOONER GROUNDED

Crew of Oliver Mowat Were Rescued by a Yawl

Kingston, Sept. 18.—The schooner Oliver Mowat, the oldest schooner running out of this port, went aground on Yorkshire Island, Lake Ontario, in a heavy fog yesterday morning, and members of the crew had to be taken off in a yawl.

The schooner was running light on the way to Oswego to load coal. The steamer Donnelly of the wrecking company was sent to raise the vessel. Luckily no lives were lost.

GUNMEN BRUSHED AGAINST POLICE

"Lefty" and "Gyp" Were on New York Streets While Officers Hunted Them.

New York, Sept. 18.—For six weeks prior to their arrest "Gyp the Blood" and "Lefty Louie," wanted as slayers and minutely described in thousands of circulars sent broadcast throughout the country, walked the streets of New York daily. Twice they attended Mardi Gras festivities at Coney Island, and on one of those occasions they stood almost in the shadow of police headquarters, with detectives supposed to be looking for them passing in and out, while they considered the wisdom of giving themselves up.

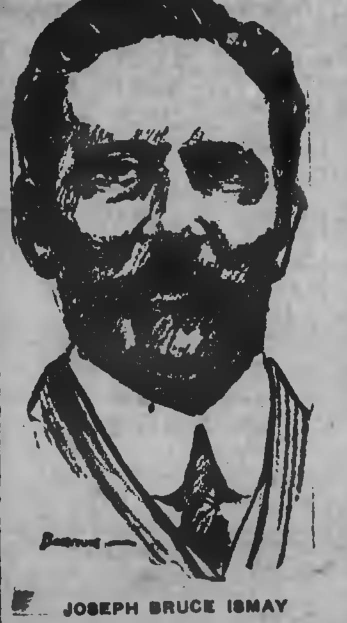
This is the gist of a statement given out by ex-Judge Charles G. F. Wahle, who is defending all four gunmen under arrest. The lawyer declared emphatically that "Gyp" and "Lefty" had not been in hiding, but had walked the streets of New York and Brooklyn daily in full sight of hundreds of uniformed policemen, and while at Coney Island had rubbed elbows with many of the eight hundred cops on duty there. They were preparing to go to Coney Island again on Saturday night when they were arrested.

ANOTHER FREE FIGHT

Hungarian Deputies Mixed up With the Police Force.

Budapest, Sept. 18.—The Hungarian Parliament, which began its opening session yesterday, was the scene in the afternoon of a free fight between the police and the deputies. The violence was unprecedented and the din of the trumpets, motor horns and cow bells continued all day long.

The commandant of police called upon individual deputies to leave the house. About one hundred of them gathered in the centre of the chamber, while their leaders, Count Apponyi and Count Zichy, stood at the gangways and were joined there by Count Andrassy and Count Semsey, who are not affiliated with any particular party. All attempts to induce them to leave peaceably failed. The police advanced to expel them and a terrific struggle ensued, in which clenched fists were used freely.



JOSEPH BRUCE ISMAY

He refuses to confirm or deny the report that he is to retire from the management of the White Star Line.

Shoplifters Sentenced.

Toronto, Sept. 18.—In the police court yesterday Mamie Stewart of Brantford was sentenced to six months in the Mercer for shoplifting in Eaton's.

Florence Libby of Fairbank denied attempting to steal a quantity of cloth from the same store on Monday afternoon. She stated that she had forgotten that it was on her arm when she walked out of the store. Mrs. Libby was committed for trial on a bail of $100. When the magistrate had given his decision she collapsed.

GOOD WEATHER NOW

Ideal Condition for Securing the Crop in the West

Ideal Weather for Harvest.

Winnipeg, Sept. 18.—The weather yesterday was much warmer than it has been for the last three or four days, and was ideal for the remainder of the harvesting and threshing. The majority of the places heard from report clear, bright skies, with field operations progressing satisfactorily.

Frost appeared at a large number of points in Saskatchewan and Alberta Monday night, with six degrees reported at Coronation, Alberta, and Moose Jaw, Sask. There were heavy frosts over northern Manitoba, but none in this vicinity, and south to the boundary high temperatures prevailed.

Threshing is completed on the farm of McLennaghan and Stevens, adjoining the town of Portage la Prairie. Threshing machines show the crop as going thirty-nine bushels to the acre and the elevator weighs forty pounds of No. 1 northern quality. The whole of the Portage plains, it is expected, will show similar results.

LEILA McINTYRE,
Co-Star with John Hymans in Jos. M. Gaites big musical play, "The Girl of My Dreams." Seat sale opens Friday morning.

Canada No Longer Aloof.

London, Sept. 18.—(C.A.P. Cable.)—Mr. F. E. Smith, M.P., landing yesterday after a tour of Canada, declared the Dominion showed a general desire to stand aloof no longer from the Empire's naval interests. Strong, definite action was welcomed by all classes. At the present rate of progress, said Mr. Smith, Canada promised to reproduce America's extraordinary development. Incidentally he remarked that he found no great amount of interest in America in the home rule controversy.

Must Not Be Raised.

Ottawa, Sept. 18.—That pending the conclusion of the enquiry now being conducted ito western freight rates, these are not to be increased by the railways was laid down as a rule yesterday by Chairman H. L. Drayton, K.C., the new head of the railway board, who took his seat for the first time.

MAY TAKE OVER CHURCH SCHOOLS

Important Change in Educational System Proposed at Winnipeg

Winnipeg, Sept. 18.—At the recent session of the Manitoba Legislature an amendment to the Manitoba school law was introduced by Hon. G. R. Caldwell, Minister of Education, and enacted, having the effect of permitting the segregation of Roman Catholic children in separate school rooms under the public school system. Out of this has grown the proposition that the Winnipeg Public School Board shall take over the parochial schools maintained in this city by Roman Catholics.

It is understood that the minority is urging that this shall be done, but has encountered tacit opposition from the public schools. However, a settlement satisfactory, to both parties appears in sight by the proposition to establish in Winnipeg the system which is in operation at Halifax and which is said to work well there. Under such an agreement the Catholics will build their own schools and the public school board leases the building and administers the schools.

R. E. COOK TO BE REINSTATED

Ottawa, Sept. 18.—Following the investigation conducted by the public service commission into the Government Printing Bureau, which brought about the dismissal of R. E. Cook, the announcement made last night after the meeting of the Cabinet Council, that the Government would appoint an assistant superintendent of printing, is regarded as significant.

The Marine Commission recommended the reinstatement of Mr. Cook and it is believed that he will be given the new position.

Would Mean Worse Trouble.

Douglas, Ariz., Sept. 18.—"If the Mexican Government should permit the United States troops to cross the international line to protect Americans in Mexico a revolution much more serious than the present one would be the result."

This was the opinion expressed by Gen. Sanjines, who spent several hours is Douglas yesterday. There would be no safety in Mexico for either those permitting so extreme a move or for Americans, the general said.

Steam Barge Missing.

Kingston, Sept. 18.—Enquiries are being made for the steam barge Adiramled which has been engaged in the coal trade between Lake Ontario coal ports and Montreal. The vessel has mysteriously disappeared with its crew, and it is feared may have been lost.

Battleships to Burn Oil.

London, Sept. 18.—Oil fuel, The Daily Express yesterday said, is to supplant coal in the newest British battleships. The vessels to be laid down by Christmas, the Devonport and the Portsmouth, are to be designed to carry only liquid fuel, with a storage capacity for more than twenty-five hundred tons.

Ismay Is Mum.

London, Sept. 18.—J. Bruce Ismay, who is shooting in Yorkshire, telegraphs as follows in response to an inquiry as to whether there is any truth in the rumor that he is about to retire.

"I have no communication to make at present."

DON'T FAIL TO SEE DON; AN EXTRA AT THE RED MILL

Announcement is made by the Red Mill management of an extra special attraction for Friday and Saturday of this week, when Don, the most intelligent horse in the world, will appear on the stage and give a performance, which will show his superiority over all other educated equines. This wonderful animal comes to the Red Mill from Shea's theatre Toronto. The usual program of the best moving pictures procurable, augmented by the full orchestra, will be given. The management is anxious to give the public the best and feel sure that Friday and Saturday's program will win many new friends for the Red Mill. The admission for Friday will be five cents to all, and on Saturday night ten cents.

STRIKE MAY BE SETTLED IN FAVOR OF OPERATORS

Critical Situation in the West Averted by the Arrival of International President.

Special to the Review.

Winnipeg, Sept. 18.—J. E. Quick, International President of the order of the Railway Telegraphers' Union arrived here this morning to conduct negotiations with C. P. R. *officials with a view to settling the* dispute between the telegraphers and company.

His visit is believed to indicate that the situation is critical. The men are sticking out for a fifteen percent increase, contending ten would leave them in a worse condition than they were five years ago.

It is understood Sir Thomas Shaughnessy has wired from the coast *that* concessions will be made by the company.

The company is reported to be assembling non union operators at Fort William and other points.

FRENCH PARENTS BACK UP TRUSTEES

Ottawa Separate School Pupils to be Instructed to Walk Out if a Protestant Inspector Makes Official Visit.

Ottawa, Sept. 18.—Trustees of the Ottawa separate school board show no signs of backing down from their stand in opposition to the Ontario Government bilingual regulations. The board is being backed in its stand by supporters of the schools.

"If we get as fair treatment as they are getting in Quebec Province, we will be ready to go down on our knees and express our thanks and will be quite satisfied," said Trustee Genest of the separate school board, who moved the celebrated resolution which the board endorsed, refusing to carry out what the Ontario Educational Department orders in reference to bilingualism.

"People have a misapprehension regarding our attitude. It is not only the board, but the parents who object. What they are doing is telling their children to take their books and walk out of the separate schools when Protestant inspectors come. That is what they will do, too."

"Do you know of parents who have stated they intended to tell their children that?" asked a reporter.

"I do," declared Mr. Genest. "There is not a *French-Canadian* father or mother in Ontario, or for that matter, in Quebec, but is anxious to have their children learn the English language as well as the French, so that they may be better able to fight the battle of life, but they object to regulations that will prevent their children getting an education. Most of the separate school pupils leave school at the age of 14, or before, and they cannot learn properly if they are not taught the subjects in their own language."

"There will be no backdown, so far as I know," said Mr. Genest when told that at Toronto Rev Dr. Burke, president of the Roman Catholic Extension Society, had hinted that the Ottawa separate school board would back down in their attitude.

Mr. Genest says several boards elsewhere are in sympathy with the Ottawa one, and will take the same course they took. He will probably have something more to say regarding this at the next board meeting.

Brakeman Fatally Crushed.

London, Ont., Sept. 18.—Brakeman Higgins, aged 25 years, son of Conductor Higgins, of Stratford, was caught between cars at Forest yesterday, and so badly crushed that little hope is held out for his recovery.

License Inspector Quits.

Durham, Sept. 18.—Thomas Davis, South Grey's license inspector, has resigned his post, his duties to cease on October 1. The poor pay allowed for the position and the dissatisfaction of the temperance people were the chief causes of the resignation.

Another A.O.U.W. Protest.

Seaforth, Sept. 18.—At a largely attended meeting in the town hall of members of the A.O.U.W., a resolution was unanimously passed, protesting at the proposed increase of rates.

EX-PRESIDENT DIAZ.

The present trouble in Mexico may result in his restoration to his former position.

YOUNG MAN HELD ON MURDER CHARGE

William Smith Jailed in Connection With Death of Veteran

Owen Sound, Sept. 18.—With his head covered with bruises and cuts, George Green, aged about 70 years, a Fenian Raid veteran, is lying dead, and William Smith, aged 22, now under arrest, may have to answer to a serious charge.

Last Thursday Smith went to the Green home on East 11th street, where he had formerly boarded, and asked to be taken in again. He was refused and thereupon attacked another boarder named Weaver.

While the fight was in progress Mrs. Green ran out and 'phoned for the police. When she returned she met Smith leaving the house, and discovered her husband lying on the floor, bruised and insensible. She called medical aid at once and Green was removed to the hospital, where he died that morning without having recovered consciousness.

After viewing the remains the coroner's jury adjourned until to-night for a further hearing on the case.

George Green came to Owen Sound last year from Williamsford, where he had lived for many years. He was a frail old man, rather eccentric and was subject to fits. It is thought that he may have fallen down stairs and injured himself. This is the theory advanced by Smith.

BORNE TO THE GRAVE

Funeral of Count Nogi and Wife Held To-day

Special to The Review.

London, Sept. 18—The double funeral of General Count Marsuke Nogi and Countess Nogi, who ended their lives as the Emperor's body passed out of Tokio, was held this morning with impressive ceremonies.

SIXTEEN KILLED IN RAILWAY WRECK ON ENGLISH ROAD

Engine Left the Rails While Train Was Running at Full Speed—Several Were Cremated in a Car Which Took Fire—Over Fifty Injured.

Liverpool, Sept. 18.—Thirteen persons were killed and fifty injured by the derailment last evening of the express from Chester to Liverpool at Ditton Junction, about eight miles from Liverpool. The train had passed over the long bridge spanning the Mersey and was running down the incline leading to the junction, when at the crossover points the engine jumped the rails and crashed into the buttress of a bridge spanning the line.

The coupling of the car next the engine parted and the train of nine cars sped on to the station. The leading cars crashed into the platform with terrific force and were wrecked. One car was overturned and caught fire. In spite of the efforts of a fire brigade it was soon consumed. Several bodies in this car were cremated, but some of the injured were rescued from windows.

The engine driver was crushed to death between the engine and tender and the fireman had both legs broken. He was pinned under the locomotive for two hours. Hundreds of laborers and railway employes took part in the work of rescue, while the waiting rooms were turned into an emergency hospital.

The work of extricating the dead and injured by the light of bonfires was continued until a late hour. All the passengers in the first two cars were killed. The fourth car became a roaring furnace and the terrible cries of the injured and appeals for help, together with the difficulty in taking the passengers from the wreckage, caused harrowing scenes.

At midnight the death roll numbered sixteen. Several of the bodies are still unidentified, but apparently all aboard the train were local residents.

543,000 Didn't Vote.

Ottawa, Sept. 18.—A bluebook giving final details of votes cast in the general election of Sept. 21, last shows that out of a total of 1,850,000 voters on the lists of the nine provinces, 1,307,528 exercised the franchise.

In Ontario the actual vote cast was 480,288 out of total qualified list of 693,485. In Quebec 324,039 out of 455,888; Nova Scotia 118,000 out of 136,994; New Brunswick 79,072 out of 101,112; Manitoba 77,866 out of 88,588; British Columbia 43,559 out of 83,081; Saskatchewan 89,043 out of 142,414; Alberta 69,775 out of 107,288.

MAY BUY ROAD

Car Strike in Duluth Likely to End in Public Ownership

Duluth, Minn., Sept. 18.—The City Council Monday night adopted a resolution instructing the city legal department to take steps to acquire the Duluth Street Railway as city property.

The action of the council was due to the strike, which has been in progress for a week, attended by more or less serious rioting, and the alleged refusal of the manager of the street railway company to arbitrate differences with nine of its employes. A special election will be called to pass on public ownership. An act of the Legislature, which assembles next January, will be necessary to authorize an issue of bonds.

DO YOU USE PILLS?

If In Doubt About the Right Pills to Use Read the Following Letter Carefully:

"I am one of those persons whose system requires aid," writes Mr. Tenny Gledhill, from Picton, "but it is so easily affected by reason of the great sensitiveness of the bowels that ordinary drastic pills inflict great injury to the delicate coating, and excite such persistent activity as to be with difficulty checked.

"I wish in the highest terms to express the great value of Dr. Hamilton's Pills in cases like mine, and I am sure also for elderly people and the very weak there is no pill like them.

"Speaking of my own experience with Dr. Hamilton's Pills, I can say they have proved the most stimulating pills for the liver I have found. I have proved their tonic action upon digestion, and the same results have been secured by friends upon whom I have urged their use. The manufacturers are to be congratulated upon possessing so valuable a prescription, and the public should know that so valuable a remedy has been placed at their command."

No other pill for constipation, for liver, kidney, or stomach trouble, compares with Dr. Hamilton's Pills; they are mild and sure always to restore health. Refuse substitutes. Sold by all dealers, 25c per box, or The Catarrhozone Co., Kingston Ont.

Dr. Hamilton's Pills A Family Medicine

The Daily Review.

WEDNESDAY, SEPT. 18, 1912.

SOMETHING LIKE BUSINESS

One of the departments at Ottawa which has been completely re-organised since the Conservatives have come into power is the department of Trade and Commerce. Under Sir Richard Cartwright the department had gone to seed; the officials simply marked time and initiative was discouraged. Hon. George E. Foster was made Minister of Trade and Commerce. He has brought to the department years of parliamentary experience and the energy for which he is noted. With enthusiasm he has set himself to the task of making the department of real value not only to the commercial world, but to Canadians as a whole. His department is rapidly becoming one of the most useful at Ottawa.

One of the ideals which Mr. Foster set to attain was closer trade relations throughout the empire,—imperial reciprocity. Immediately on assuming office he opened negotiations with the British West Indies and Australia. In March representatives from the Indies visited Ottawa, and after a series of conferences a treaty was signed which it is believed will be mutually beneficial. The agreement has already been ratified by all the West Indian governments, and as soon as the Canadian Parliament assembles it will be approved and will come into effect early in 1913.

Faster steamship service and cheaper cable rates are necessary to make the agreement a success and both are being provided for by Mr. Foster. Negotiations with Australia are already under way and Mr. Foster will visit the Antipodes in February, when a treaty will be discussed.

Mr. Foster, on assuming office, at once started a re-organization of the Canadian trade commissioner service, with a view to making it more effective in developing the Dominion foreign commerce. Richard Grigg, formerly representative in Canada of the British Board of Trade, and universally regarded as one of the best informed men on commercial questions in the empire, was appointed Commercial Commissioner. A re-adjustment and re-arrangement of the trade commissionerships with a view to greater economy and efficiency is in progress. Mr. Foster is also making arrangements with the British Government so that the extensive British consular service of the United Kingdom will be placed to some extent at the service of Canada.

There was transferred to the department of Trade and Commerce shortly after the change in government the census and statistics branch. Formerly it was under the Minister of Agriculture, although just what was its connection with agriculture was always a mystery. To leave the Minister of Agriculture free to devote all his energies to agriculture, the branch was transferred to where it properly belonged—Trade and Commerce. Mr. Foster found that statistics of Canadian development and commerce were kept in a more or less haphazard manner. Each department gathered its own statistics. There was much over-lapping. A commission was appointed to investigate and report on a plan to systematize the gathering of data. They were also asked to make arrangements to collect information on inter-provincial trade. The report of the commission will be made very shortly, when important recommendations it is expected will be made.

THAT FAKE INTERVIEW

A new disease, which may be described as navalitis, has broken out among the Liberal papers. Recently an organ in Toronto published a ready made interview with Sir Richard McBride, in which the British Columbia premier was made to say, among other things, that there is no German peril, but that Canada is in danger of attack from the Japanese and that it is on the Pacific coast that a navy is required. Sir Richard in the alleged interview, told how he had visited Germany and how he had been impressed with the good feeling which that country entertains for all things British. Furthermore the interview set forth that Sir Richard approved highly of what has been called by courtesy the naval policy of Sir Wilfrid Laurier.

It is almost needless to say that the entire interview was manufactured from beginning to end for no other apparent reason than to serve a party end by setting the East against the West and to breed dissension in the Conservative party. With the Liberal press, however, it avails nothing that the interview has in its entirety been repudiated by Sir Richard. The papers have ignored his refutation and still pursue their reckless career in knocking down a man of straw. All around the circuit, Peterborough included, the press has heralded with glee the statement that the leading Conservatives cannot agree on the navy question, and that what one leader wants does not suit another.

There is nothing fair in this method of political warfare. Fake interviews and arguments builded upon the shifting sands of untruth will avail nothing. The fact is apparent that the Liberal press having nothing tangible to urge against the Borden Government cannot refrain from taking a chance and hammering away in the dark. They know nothing of Premier Borden's naval policy but that with them goes for nothing. Nothing can induce the Liberals to refrain from speculation.

There is hope for the party in opposition however. It has in the past been cured of some of its fallacies. It may be that it can yet be saved from its latest form of mental affliction—navalitis.

EDITORIAL NOTES

It looks like a waste of energy for the Ulster Orangemen to protest against the Home Rule bill. In its present form that measure has not the slightest chance of ever becoming law.

The New York police cannot even catch a crook without exciting on the part of the district attorney a suspicion that there was something irregular about the capture.

Bryan intimates that Roosevelt is something of a hog, because he wants the presidency for a third time. What about the man who makes a sassy shy at the job the same number of times?

The patient who escaped from the Rockwood Asylum to attend the Peterboro Fair, cannot be as crazy after all, as he is evidently mentally competent to recognize a good thing when he sees it.

Toronto's debt is said to be climbing upward. So is the monumental gall of a city that could ask Premier Whitney to make it a present of a million dollars worth of property belonging to the province at large.

Col. Roosevelt the other day handled the engine which is drawing his special car around the country. Having wrecked the Republican party the colonel now appears ambitious to overwhelm a railway train with the same fate.

The new speakers chair in the Ottawa House of Parliament has been given an orange tint by the painter. An opportunity to protest will likely be given the French members.

Money is the root of much matrimony.

Tired of being sympathized with because he looked so badly, Lee Wallace, professor of architecture at Illinois University, asphyxiated himself

Mr. and Mrs. N. J. Wood, of Toronto spent Sunday with Mrs. Wood's parents, Mr. and Mrs. Wm. Campbell.

Miss Kelly, who was operated on for appendicitis last Thursday, we are pleased to report doing nicely.

The 14 months old child of Mr. W. Renwick, died on Monday night.

J. C. Reid was a Peterboro visitor on Tuesday.

OVER 500,000 DID NOT VOTE

Revised Figures on Votes Cast at Last Federal Election.

Ottawa, Sept. 18—A blue book, giving final details of votes cast in the general election of September 21 last shows that out of a total of 1,850,000 voters on the lists of the nine provinces, 1,307,528 exercised the franchise.

In Ontario the actual vote cast was 480,572 out of a total qualified list of 698,485. In Quebec 324,039 out of 455,285; Nova Scotia 113,000 out of 130,994; New Brunswick 79,072 out of 101,112; Manitoba 77,686 out of 98,[illegible]; British Columbia 43,559 out of 83,031, Saskatchewan 89,018 out of 142,413, Alberta 89,775 out of 107,328.

The figures show that in all the eastern provinces the vote was more largely recorded than in the four western provinces.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. CHENEY & CO. Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

DATES OF FALL FAIRS

The Central Fairs Association arranged the following schedule of dates of the fall fairs:

Keene Fair—Tuesday and Wednesday October 1st and 2nd.

Norwood—October 8th and 9th.
Lindsay, Sept. 19, 20, 21.
Port Hope, Sept. 24, 25.
Frankfort, Sept. 19, 20.
Madoc, Sept. 23, 24.
Mariposa, Sept. 23, 24.
Campbellford, Sept. 24, 25
Bobcaygeon, Sept. 24, 25
Picton, Sept. 25, 26.
Roseneath, Sept. 26, 27.
Castleton, Sept. 27, 28.
Colborne, Oct. 1, 2.
Tweed, Oct. 2, 3.
Millbrook, Oct. 3, 4.
Warkworth, Oct. 3, 4.
Ameliasburg, Oct. 4, 5.

THE MARKET

Latest Quotations in Grain Dairy Products, Live Stock Etc

Liverpool and Chicago Wheat Futures Close Lower—Live Stock—Latest Quotations.

CHICAGO, Sept. 17.—Wheat futures showed stubbornness today because the actual supply of contract grade here is limited, altho the prospective amount is enormous. The market closed firm, varying from 1-8c off to 1-4c up. Corn finished the same as last night to 1 1-8c advance, oats at a gain of a shade to 1-8c and provisions from unchanged figures to a decline of 2½c.

Liverpool closed wheat unchanged to ⅛d lower; corn unchanged to ⅛d lower.
Antwerp closed ⅛c lower.
Berlin closed ⅛c higher.
Budapest closed ¼c lower.

Winnipeg Grain.

Erickson Perkins & Co. report:

Honey comb, dozen	2 75	3 00

Montreal Grain and Produce.

MONTREAL, Sept. 17.—There continues to be a good enquiry for new crop Manitoba spring wheat from foreign buyers, and some business is doing by exporters who are long on ocean freights at much lower rates than are demanded today, as the prices bid for wheat based on present freight rates are away out of line. The local demand for oats is good and prices firm at the advance. A fair local trade is passing in flour, and undertone is steady. The demand for millfeed is active. Hay is firm under a good demand for export. Butter is quieter and the feeling is not so strong. Cheese is firming up under an improved demand from English buyers. Eggs active. Potatoes have declined 5c per bag on large arrivals.

Corn—American No. 3 yellow, 85c to 86c.

Oats—Canadian western, No. 2, 51½c to 52c; No. 3, 50c to 50½c; extra No. 1 feed, 51c to 51½c.

Barley—Man. feed, 60c to 61c; malting, 70c to 75c.

Buckwheat—No. 2, 74c to 75c.

Flour—Manitoba spring wheat patents, firsts, $5.70; seconds, $5.20; strong bakers, $5.10; winter patents, choice, $5.25; straight rollers, $4.85 to $4.90; bags, $2.25 to $2.35.

Rolled oats—Barrels, $4.90; bags, 90 lbs., $2.27½.

Millfeed—Bran, $23; shorts, $27; middlings, $28 to $29; moullie, $30 to $35.

Hay—No. 2, per ton, car lots, $13.50 to $14.

Cheese—Finest westerns, 13½c to 13⅝c; finest easterns, 13⅛c to 13¼c.

Butter—Choicest creamery, 27½c to 27¾c; seconds, 26½c to 26¾c.

Eggs—Selected, 28c to 29c; No. 2 stock, 21c to 22c.

Potatoes—Per bag, car lots, 70c to 75c.

Hogs—Dressed, abattoir killed, $13 to $13.50.

Pork—Heavy Canada short mess, bbls., 35 to 45 pieces, $27; bbls., 45 to 55 pieces, $27.

Lard—Compound, tierces, 375 lbs., $10.20; wood pails, 20 lbs. net, $10.75; pure, tierces, 375 lbs., $14.25; wood pails, 20 lbs. net, $14.75.

Minneapolis Grain Market.

MINNEAPOLIS, Sept. 17.—Close—Wheat—Sept., 89⅝c; Dec., 88⅝c; May, 93⅝c to 93¾c; No. 1 hard, 90c; No. 1 northern, 87⅝c to 89⅛c; No. 2 northern, 84⅝c to 87⅛c.

Corn—No. 3 yellow, 70c to 70½c.
Oats—No. 3 white, 30c to 31c.
Rye—No. 2, 58½c to 61½c.
Bran—$20.
Flour—First patents, $4.35 to $4.65; second patents, $4.20 to $4.55; first clears, $3.30 to $3.50; second clears, $2.30 to $2.60.

Duluth Grain Market.

DETROIT, Sept. 17.—Close—New wheat, No. 1 hard, 89⅝c; No. 1 northern, 88⅝c; No. 2 northern, 86⅝c; Sept., 87⅝c asked; Dec., 88⅛c asked; May, 93⅛c asked.

CATTLE MARKETS.

Union Stock Yards.

TORONTO, Sept. 17.—Receipts of live stock at the Union Yards were 116 carloads, consisting of 2084 cattle, 545 hogs, 1019 sheep and 98 calves.

Exporters

The export trade seems to be dead, as we did not hear of any being bought for export purposes. There were a few lots of export weights bought for butcher purposes, at $6.60 to $6.80, which is not as high as was paid for some of butcher weights.

Butchers.

Extra choice quality butchers' steers and heifers sold at $6.75 to $7, but there were few got these prices, as will be seen by sales quoted. Loads of good sold at $6.25 to $6.50; medium, $5.50 to $6; common, $5 to $5.40; inferior, lightweight steers and heifers, $4 to $4.75; choice, heavy cows, $5.25 to $5.50; good cows, $4.75 to $5; medium cows, $4 to $4.50; common cows, $3.50 to $4; canners and cutters, $2 to $3.50; bulls, $3 to $5.25.

Stockers and Feeders.

The demand for stockers and feeders of the right kind and quality was greater than the supply. Steers, 950 to 1000 lbs., are worth from $5.25 to $5.60; steers, 800 to 900 lbs., $5 to $5.25; stockers, $4 to $4.75.

Milkers and Springers.

There was a fair delivery of milkers and springers, which sold at $50 to $75 each for the bulk, and an extra choice Holstein sold up to $90.

Veal Calves.

Receipts of veal calves were less than 100, consequently prices were firm, selling all the way from $3.50 to $6 for rough eastern quality; medium at $6.50 to $8.00, and good to choice at $7.50 to $9 per cwt.

Sheep and Lambs.

Sheep were firm, at $4 to $4.50 for light ewes, and $2 to $2.75 for rams and heavy ewes; lambs were 25c to 30c per cwt. higher, selling at $5.50 to $6.65, with a few selects at $6.80 per cwt.

Hogs.

Deliveries of hogs being light, prices were firmer, at $8.75 to $8.90, the bulk of sales being reported at $8.85, fed and watered, and $8.30 to $8.40 f.o.b. cars.

Chicago Live Stock.

CHICAGO, Sept. 17.—Cattle—Receipts 6500. Market steady to weaker. Beeves, $5.75 to $10.90; Texas steers, $4.85 to $6.[illegible]; western steers, $5.70 to $9.15; stockers and feeders, $4.20 to $7.15; cows and heifers, $2.90 to $8; calves, $6 to $11.50.

Hogs—Receipts 18,000. Market weak; 10c to 25c lower. Light, $8.20 to $8.70; mixed, $7.90 to $8.70; heavy, $7.75 to $8.60; rough, $7.75 to $7.95; pigs, $5 to $8; bulk of sales, $8.10 to $8.60.

Sheep—Receipts 40,000. Market steady to 10c lower. Native, $3.50 to $4.60; western, $3.60 to $4.60; yearlings, $4.70 to $5.80; lambs, native, $4.85 to $7.65; western, $4.90 to $7.60.

Cheese Markets.

STIRLING, Ont., Sept. 17.—At today's cheese board, 600 boxes were offered; all sold at 13 5-16c.

CAMPBELLFORD, Sept. 17.—There were 643 boxes of cheese offered today; 280 sold at 13 3-16c; 290 at 13 5-16c; 65 at 13¼c. Balance refused.

Adventure

A Romance of The South Seas

BY JACK LONDON

Copyright, 1910, by Street & Smith
Copyright, 1911, by the Macmillan Company

On the morning of the fourth day of his fever Sheldon lay on the veranda, gazing dimly out over the raging ocean. The wind was falling, but a mighty sea was still thundering in on Berande beach, the flying spray reaching in as far as the flagstaff mounds, the foaming wash creaming against the gateposts. He had taken thirty grains of quinine, and the drug was buzzing in his ears like a nest of hornets, making his hands and knees tremble and causing a sickening palpitation of the stomach. Once, opening his eyes, he saw what he took to be a hallucination. Not far out and coming in across the Jessie's anchorage he saw a whaleboat's nose thrust skyward on a smoky crest and disappear naturally, as an actual whaleboat's nose should disappear, as it slid down the back of the sea. He knew that no whaleboat should be out there, and he was quite certain no men in the Solomons were mad enough to be abroad in such a storm.

But the hallucination persisted. A minute later, chancing to open his eyes, he saw the whaleboat, full length, and saw right into it as it rose on the face of a wave. He saw six sweeps at work, and in the stern, clearly outlined against the overhanging wall of white, a man who stood erect, gigantic, swaying with his weight on the steering sweep. This he saw, and an eighth man who crouched in the bow and gazed shoreward. But what startled Sheldon was the sight of a woman in the sternsheets between the stroke oar and the steersman. A woman she was, for a braid of her hair was flying, and she was just in the act of recapturing it and stowing it away beneath a hat that for all the world was like his own "Baden-Powell."

The boat disappeared behind the wave and rose into view on the face of the following one. Again he looked into it. The men were dark skinned and larger than Solomon islanders, but the woman, he could plainly see, was white. Who she was and what she was doing there were thoughts that drifted vaguely through his consciousness. He was too sick to be vitally interested, and, besides, he had a half feeling that it was all a dream.

"Good boatmen," was Sheldon's verdict, as he saw the boat leap forward on the face of a huge breaker, the sweeps flying swiftly to keep her on that front of the moving mountain of water that raced madly for the shore. It was well done. Half full of water, the boat was flung upon the beach, the men springing out and dragging its nose to the gate posts. Sheldon had called vainly to the house boys, who, at the moment, were dosing the remaining patients in the hospital. He knew he was unable to rise up and go down the path to meet the newcomers, so he lay back in the steamer chair and watched for ages while they cared for the boat. The woman stood to one side, her hand resting on the gate. Occasional surges of sea water washed over her feet, which he could see were incased in rubber sea boots. She scrutinized the house sharply, and for some time she gazed at him steadily. At last, speaking to two of the men, who turned and followed her, she started up the path.

Sheldon attempted to rise, got half up out of his chair and fell back helplessly. He was surprised at the size of the men, who loomed like giants behind her. Both were six footers, and they were heavy in proportion. He had never seen islanders like them. They were not black, like the Solomon islanders, but light brown, and their features were larger, more regular and even handsome.

The woman—or girl, rather, he decided—walked along the veranda toward him. The two men waited at the head of the steps watching curiously. The girl was angry. He could see that. Her gray eyes were flashing and her lips were quivering. That she had a temper was his thought. But the eyes were striking. He decided that they were not gray after all, or, at least, not all gray. They were large and wide apart and they looked at him from under level brows. Her face was cameolike, so clear cut was it. There were other striking things about her—the cowboy Stetson hat, the heavy braids of brown hair and the long barreled 38 Colt's revolver that hung in its holster on her hip.

"Pretty hospitality, I must say," was her greeting, "letting strangers sink or swim in your front yard."

"I—I beg your pardon," he stammered, by a supreme effort dragging himself to his feet.

His legs wabbled under him, and with a suffocating sensation he began sinking to the floor. He was aware of a feeble gratification as he saw solicitude leap into her eyes; then blackness smote him, and at the moment of smiting him his thought was that at last and for the first time in his life he had fainted.

The ringing of the big bell aroused him. He opened his eyes and found that he was on the couch indoors. A glance at the clock told him that it was 6, and from the direction the sun's rays streamed into the room he knew that it was morning. At first he puzzled over something untoward he was sure had happened. Then, on the wall, he saw a Stetson hat hanging and beneath it a full cartridge belt and a long barrelled 38 Colt's revolver.

The slender girth of the belt told its feminine story, and he remembered the whaleboat of the day before and the gray eyes that flashed beneath the level brows. She, it must have been, who had just rung the bell. The cares of the plantation rushed upon him, and he sat up in bed, clutching at the wall for support as the mosquito screen lurched dizzily around him. He was still sitting there, holding on, with eyes closed, striving to master his giddiness, when he heard her voice.

"You'll lie right down again, sir," she said.

It was sharply imperative, a voice used to command. At the same time one hand pressed him back toward the pillow while the other caught him from behind and eased him down.

"You've been unconscious for twenty-four hours now," she went on, "and I have taken charge. When I say the word you'll get up, and not until then. Now, what medicine do you take—quinine? Here are ten grains. That's right. You'll make a good patient."

"My dear madam," he began.

"You mustn't speak," she interrupted, "that is, in protest. Otherwise you can talk."

"But the plantation—"

"A dead man is of no use on a plantation. Don't you want to know about me? My vanity is hurt. Here am I, just through my first shipwreck, and here are you, not the least bit curious, talking about your miserable plantation. Can't you see that I am just bursting to tell somebody, anybody, about my shipwreck?"

He smiled. It was the first time in weeks. And he smiled, not so much at what she said, as at the way she said it—the whimsical expression on her face, the laughter in her eyes, and the several tiny lines of humor that drew in at the corners. He was curiously wondering as to what her age was, as he said aloud:

"Yes, tell me, please."

"That I will not—not now," she retorted, with a toss of the head. "I'll find somebody to tell my story to who does not have to be asked. Also, I want information. I managed to find out what time to ring the bell to turn the hands to. And that is about all. I don't understand the ridiculous speech of your people. What time do they knock off?"

"At 11—go on again at 1."

"That will do, thank you. And now, where do you keep the key to the provisions? I want to feed my men."

"Your men!" he gasped. "On tinned goods! No, no. Let them go out and eat with my boys."

Her eyes flashed as on the day before, and he saw again the imperative expression on her face.

"That I won't. My men are men. I've been out to your miserable barracks and watched them eat. Faugh! Potatoes! Nothing but potatoes. No salt. Nothing. Only potatoes. I may have been mistaken, but I thought I understood them to say that that was all they ever got to eat. Two meals a day and every day in the week."

He nodded.

"Well, my men wouldn't stand for that a single day, much less a whole week. Where is the key?"

"Hanging on that clothes hook under the clock."

He gave in easily enough, but as she was reaching down the key she heard him say:

"Fancy niggers and tinned provisions."

This time she really was angry. The blood was in her cheeks as she turned on him.

"My men are not niggers. The sooner you understand that the better for our acquaintance. As for the tinned goods, I'll pay for all they eat. Please don't worry about that. Worry is not good for you in your condition. And I won't stay any longer than I have to—just long enough to get you on your feet and not go away with the feeling of having deserted a white man."

"You're American, aren't you?" he asked quietly.

The question disconcerted her for the moment.

"Yes," she vouchsafed, with a defiant look. "Why?"

"Nothing. I merely thought so."

"Anything further?"

He shook his head.

"Why?" he asked.

"Oh, nothing. I thought you might have something pleasant to say."

"My name is Sheldon, David Sheldon," he said, with direct relevance, holding out a thin hand.

Her hand started out impulsively, then checked.

"My name is Lackland, Joan Lackland." The hand went out. "And let us be friends."

"It could not be otherwise"— he began lamely.

"And I can feed my men all the tinned goods I want?" she rushed on.

"Till the cows come home," he answered, attempting her own lightness, then adding, "that is, to Berande. You see we don't have any cows at Berande."

She fixed him coldly with her eyes.

"Is that a joke?" she demanded.

"I really don't know—I—I thought it was, but then, you see, I'm sick."

"You're English, aren't you?" was her next query.

"Now that's too much, even for a sick man," he cried. "You know well enough that I am."

"Oh," she said absently. "Then you are?"

He frowned, tightened his lips, then burst into laughter, in which she joined.

"It's my own fault," he confessed. "I shouldn't have baited you. I'll be careful in the future."

"In the meantime go on laughing and I'll see about breakfast. Is there anything you would fancy?"

He shook his head.

"It will do you good to eat something. Your fever has burned out and you are merely weak. Wait a moment."

She hurried out of the room in the direction of the kitchen, tripped at the door in a pair of sandals several times too large for her feet and disappeared in rosy confusion.

"By Jove, those are my sandals," he thought to himself. "The girl hasn't a thing to wear except what she landed on the beach in and she certainly landed in sea boots."

CHAPTER V.

SHE WOULD A PLANTER BE.

SHELDON mended rapidly. The fever had burned out, and there was nothing for him to do but gather strength. Joan had taken the cook in hand, and for the first time, as Sheldon remarked, the chop at Berande was white man's chop. With her own hands Joan prepared the sick man's food, and between that and the cheer she brought him he was able after two days to totter feebly out upon the veranda. The situation struck him as strange, and stranger still was the fact that it did not seem strange to the girl at all. She had settled down and taken charge of the household as a matter of course, as if he were her father or brother or as if she were a man like himself.

"It is just too delightful for anything," she assured him. "It is like a page out of some romance. Here I come along out of the sea and find a sick man all alone with 200 slaves"—

"Recruits," he corrected. "Contract laborers. They serve only three years, and they are free agents when they enter upon their contracts."

"Yes, yes," she hurried on; "a sick man alone with 200 recruits on a cannibal island—they are cannibals, aren't they? Or is it all talk?"

"Talk!" he said, with a smile. "It's a trifle more than that. Most of my boys are from the bush, and every bushman is a cannibal."

"But not after they become recruits? Surely the boys you have here would not be guilty."

"They'd eat you if the chance afforded."

"Are you just saying so, on theory, or do you really know?" she asked.

"I know."

"Why? What makes you think so? Your own men here?"

"Yes, my own men here, the very house boys, the cook that at the present moment is making such delicious rolls, thanks to you. Not more than three months ago eleven of them sneaked a whaleboat and ran for Malaita. Nine of them belonged to Malaita. Two were bushmen from San Cristoval. They were fools, the two from San Cristoval, I mean; so would any two Malaita men be who trusted themselves in a boat with nine from San Cristoval."

"Yes?" she asked eagerly. "Then what happened?"

"The nine Malaita men ate the two from San Cristoval, all except the heads, which are too valuable for mere eating. They stowed them away in the stern locker until they landed. And those two heads are now in some bush village back of Langa Langa."

She clapped her hands and her eyes sparkled.

"They are really and truly cannibals! And just think, this is the twentieth century! And I thought romance and adventure were fossilized!"

He looked at her with mild amusement.

"What is the matter now?" she queried.

"Oh, nothing, only I don't fancy being eaten by a lot of filthy niggers is the least bit romantic."

To be continued

The aeroplane scouts of the two armies in the British manoeuvres yesterday successfully exposed the movements of the opposing forces.

TRUTHFUL ADVERTISING THE BASIS OF SUCCESS

Since the Ingredients Entering Peruna Are Known, Its Power as a Catarrh Remedy and Tonic is Understood.

COLUMBUS, OHIO.—The active ingredients entering the most popular household remedy in the world have been made known to the public. This means a new era in the advertising of popular family medicines—Peruna leads.

Peruna contains among other things, golden seal, powerful in its effect upon the mucous membranes. Cedron seed, a rare medicine and unsurpassed tonic. Cubebs, valuable in nasal catarrh and affections of the kidneys and bladder. Stone root, valuable for the nerves, mucous membranes as well as in dropsy and indigestion.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

INQUEST INTO DROWNING OF WM. MORRISON

The adjourned inquest into the death of the late Wm. Morrison, whose body was found a week ago in the Scugog River, was held in Lindsay on Monday afternoon.

Quite a lot of witnesses gave evidence of trivial nature, and after an hour's deliberation, the jury brought in an open verdict as follows—

"The deceased, Wm. Morrison came to his death by drowning."

The jury was unable to decide by the nature of the evidence as to the circumstances under which the drowning took place.

Two of the jurors who were summoned by the Coroner, failed to appear until half an hour after the proceedings had commenced and were reminded of the seriousness of their actions.

PASTOR RESIGNS

Rev. Mr. Mann of Woodville Will Take Post Graduate Course.

A meeting of the Lindsay Presbytery was held yesterday to deal with the resignation of Rev. Mr. Mann, pastor of the Presbyterian church, at Woodville, who has resigned his charge in order to take a post graduate course. A contingent from the congregation was present to urge upon Mr. Mann to reconsider his resignation, but without success. The Presbytery acquiesced in Mr. Mann's decision and accepted his resignation.

ANY WOMAN CAN HAVE BEAUTIFUL HAIR

Dandruff Disappears, Falling Hair Ceases, When You Use Parisian Sage.

No preparation has done so much to stop falling hair; eradicate dandruff and make women's hair beautiful as PARISIAN Sage.

It is the only certain destroyer of the dandruff microbe, the cause of most hair troubles.

PARISIAN Sage is most daintily perfumed. It is an ideal preparation not sticky or greasy. It does not contain poisonous sugar of lead or sulphur or any dye.

It is a magnificent dressing for women who desire luxuriant lustrous hair that compels admiration and for men and children nothing can compare with it.

It does away with terrible scalp itch over night and causes the hair to grow in abundance.

And a large bottle of PARISIAN Sage costs only 50 cents at all drug and toilet goods counters.

Wm Madill guarantees it.

Artificial Pumice.

Pumice is a volcanic rock that, when ejected from the volcano, has been made porous by the sudden expansion of gas or steam imprisoned in it. Although the stone is useful in the industrial arts, especially in leather and felt work, in sculpture and stucco work and in polishing woods and grinding lithographic stones, the texture and hardness of it vary so much as to make it untrustworthy for exacting work. That has led to the introduction of an artificial stone, said to be better than the natural pumice. It is manufactured at Bietigheim, Germany from sandstone and clay, combined in different ways to produce at least ten grades of pumice.

Europe's Largest Railway Depot.

With the completion of the new $35,000,000 depot at Leipzig that city will be able to lay claim to the largest rail road station in Europe. It has long been one of the dingiest in the country. For ten years artists and architects put their heads together to make it the acme of beauty and convenience, and now for ten years the builder has been busy. It has a frontage of 350 yards, twenty-six lines of rail run into it, it will see 400 trains a day, and there are fifty clocks to tell the time. The finishing touches will take till 1915.

A Persistent Japanese.

Wakao Ippei, the wealthiest man in the province of Yamanashi, Japan, did not learn to read until he was sixty years of age, nor had he up to that time begun to accumulate his present great fortune. At one time he was a ragpicker. His first real business venture was the purchase of crystal balls, which sold at a good profit. After reaching the age of sixty he engaged a tutor in Chinese classics which study he pursued until his ninetieth year. He is now ninety-three.

When a man does get even with another he is never satisfied until he gets a little more so.

BEAUTIFUL EYES

are made beautiful by long, silky lashes and well defined, lustrous brows. Eyes, like diamonds, depend on their setting. The beauties of the face are lost if the eye brows are thin and scanty, and the lashes are thing and scanty. Parisian Lash Lustre grows beautiful, soft, silky lashes. It has done so for society women throughout Europe, and it comes here well recommended to do the same for you. Parisian Lash Lustre is not a dye or colorator, but a scientific preparation for beautifying the eye lashes and brows. Our guarantee goes with every box of Parisian Lash Lustre. A two weeks' treatment will bring beauty to your eyes that you have never before possessed. By mail, prepaid, in opal boxes on receipt of price, fifty cents. B. V. Marion, sole distributor, Bridgeburg, Ont.

WHILE every man, whether he works for others or for himself, should carry a **LIFE INSURANCE POLICY**. There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

NUGENT'S SARSAPARILLA

Price, large bottles, 100 full doses 85c—and well worth it, too. It's better to take no medicine at all than to depend upon cheap concoctions that are compounded to sell at a low price and a big profit, just because there is a large demand for certain remedies at certain seasons of the year.

There are so-called sarsaparillas offered to us to sell to our customers at 50c a bottle that would pay us a larger profit than Nugent's Sarsaparilla sold at 85c.

Nugent's Sarsaparilla purifies the blood, arouses the torpid liver, drives out all impurities, cleanses and tones up the system.

Nugent's Sarsaparilla has been on the market for over 25 years. We sell it and recommend it as a truly scientific and trustworthy remedy.

MR. DRAYTON TAKES SEAT AS CHAIRMAN

New Head of the Railway Board Makes Important Ruling.

Ottawa, Sept. 18.—That pending the conclusion of the inquiry now being conducted into Western freight rates these are not to be increased by the railways, were laid down as the rule by Chairman H. L. Drayton, K.C., the new head of the Railway Board who took his seat for the first time.

Judging from his first appearance Mr. Drayton is a man with ideas of his own and force of character to back them up. "I consider it entirely improper that any freight rates should be increased pending the conclusion of the present inquiry," he stated in opening the case

"So the railways have been notified and now have an opportunity to say why an order should not issue prohibiting any such increases."

E. H. Phippen, for the C.N.R., endeavored to justify any changes which the road had made in its Western rates since the opening of the inquiry.

PERSONAL

Mr. Richard Weston, of Campbellford, is in town to-day.

Mr. A. W. Leitch, of Hamilton, is staying in the city for a short time.

Mr. Reginald Heaslip, of Medicine Hat, Sask., is in the city for a vacation.

Mr. G. A. C. Brown, of St. John's, Newfoundland, is registered at the Oriental.

Mr. Kenneth Haig, Teller of the Union Bank here, has been transferred to Toronto, and left yesterday to take his position.

Mrs. W. H. Varley, of Brooklyn, N. Y., is spending a couple of weeks with her parents, Mr. and Mrs. P. J. Heaslip, 230 McDonnel street.

Miss Marion McCabe entertained a few of her friends to a house party on Monday night, in honor of her guests, the Misses Brooks of Rosedale.

Mr. W. A. Thompson of the local branch of the Toronto Bank, left yesterday for Toronto, where he will become one of the Head office staff.

Mr. Roy Turner of Toronto, who has been spending a few days at his home, Water street, left to-day for Kingston, where he will attend Queens.

A wedding that will be of interest to many Peterborough people is that which took place at Regina last week, when Miss Mollie Shaw, daughter of Dr. and Mrs. G. M. Shaw, became the bride of Rev. John C. Sibley. The marriage took place at the home of the bride on Wednesday, September 11th

RACY IRISH WIT AND HUMOR

For those who delight in racy Irish wit and humor, gems of Irish songs well sung, there is joy ahead in "The Rose of Kildare," which will be presented at the Grand to-morrow, Thursday evening, by that incarnation of Irish roles, Fiske O'Hara.

"The Rose of Kildare" is a romantic drama of an unusually high type the scenes of which are laid in the most picturesque regions of Ireland, and the characters of which are such as might have stepped out of a novel by Lever or Maxwell. The period, that of the latter part of the 18th century, is perhaps the richest one in an artistic way, in the history of the country. Poets, artists and statesmen flourished at that time, and Ireland might almost have been said to have been the fashion in Great Britain. Mr. O'Hara has several capital songs, written to fit in the piece by one of the authors, Edward Paulton, and he sings them with his fine tenor voice in a manner that shows unusual genius and culture. There is a fine company in which are several players of note,

MONTREAL EXPRESS STRUCK AND KILLED JOHN WHYTE OF NORWOOD

He Took a Chance Hoping to Cross the Track and Reach the Station Platform, But the Attempt Cost Him His Life, the Express Overtaking Him as it Rushed Through at a High Rate of Speed.

Miscalculation of the speed of the C.P.R. express from Montreal, or a deliberate attempt to take a chance against the rushing monster, brought about a terrible accident at the Norwood station yesterday afternoon, the victim being Mr. John Whyte, a contractor of Norwood, aged 58 years.

The unfortunate man was instantly killed, his partially decapitated body being hurled a considerable distance then to drop against a switch, to make an awful spectacle for people at the station, some of whom, when the train passed, ran to the spot with but little or any hope that any services they might render would be of any avail.

Rev Father Kelly, parish priest at Norwood, was among the crowd at the station, and he was the first at the side of the body. It needed but one glance, however, to learn the worst. The man had met death the moment the iron monster struck him. The clothes were torn and recognition of the remains would have been impossible had it been not known previously that it was Mr. Whyte who had made the horrible mistake.

Men turned pale as they watched the man go to his death—some turned their heads as it was seen the big mogul would surely claim a victim.

HOW IT HAPPENED.

Some of the particulars of the tragedy were told to a Review representative by Mr. Lancaster, of the Havelock Standard, and Mr. Thomas Wilson, Stewart street. Mr. Wilson was on the station platform and witnessed the accident. His Honor Judge Huycke was also at the station waiting for the local. The Montreal express, which struck the man stops at Havelock, but not at Norwood. Yesterday the local, which does stop at Norwood, was fifteen minutes late, and the express rushed by the station about the time the local would have come in had it been on time. This fact may have had something to do with Mr. Whyte's attempt to gain the platform.

HIS NEPHEW WAS SUCCESSFUL

He had been to the station, which is on the south of the tracks and had left again. As the train came into view from the east, he was seen to be hurrying from the north with his young nephew leading him by a short distance.

EXPRESS COULD BE SEEN.

There is not the slightest doubt but that both men were aware of the train's approach as the express was in plain view. The nephew gained the platform in safety. Mr. Whyte succeeded only in reaching the rail nearest the platform when he was struck. Possibly he thought he could make the distance alright, or as Mr. Wilson suggests, the man had become confused as to the arrival of the trains, and on account of the local being late, and he not knowing that fact, he thought that the express coming in was the local, and it would, of course, slacken its speed as it drew into the station.

The engineer of the express brought his train to a stop as soon as possible, and backed to the station. The prospective passengers for the local, only too glad to get away from the scene of the sad affair, boarded the express which shortly afterwards proceeded on its way.

Coroner Kindred was notified, and an inquest was held this morning at 10.30.

The victim of the accident was known by all in Norwood. He was a building contractor. A wife and family of ten survive.

ANOTHER ACCIDENT RECALLED.

The fatality brings to mind the accident on May 12, of last year, when Mr. Frank McMillan and his wife, of Dummer, were killed at the railway crossing a short distance from the station. In that case a double header through freight, struck their wagon, killing both occupants. The horses escaped without injury.

The family is grown up. One daughter is the wife of Mr. Fred Haskill, formerly of Peterborough. Mrs. Whyte visited in this city a short time ago. The late Mr. Whyte was an uncle of Mr. Robert Long, 296 Rogers street, who is a pressman with the Examiner. Mr. Sam Long, his brother, went to Norwood last night.

The late Mr. Whyte was, earlier in life, a successful farmer, and he resided for many years in Douro. His intention yesterday was to come to Peterborough in connection with a property deal.

Our correspondent at Norwood sent in the following account of the fatality:

The village of Norwood was thrown into an intense state of excitement and sorrow yesterday afternoon when the terrible news went round that one of our townspeople had met a shocking and instantaneous death by being struck by a C.P.R. passenger train going at a high rate of speed.

It appears that the unfortunate victim of the shocking affair, Mr. John Whyte, and his newphew, Mr. Ollie Baskin, left the home of the latter which is situated on Helen St., just north-west of the station, and were proceeding to the station platform just as the through express which does not stop here was coming into Norwood from the east. Mr. Baskin, who was ahead of Mr. Whyte, reached the station platform in safety and seeing the danger that threatened the unfortunate victim, shouted to Mr. Whyte not to attempt to cross in front of the train.

50 MILES AN HOUR.

But Mr. Whyte either did not hear the warning or misjudged the distance he had to go compared to the oncoming train which was thundering along at a rate of probably 50 miles an hour, but dashed along to his death.

Mr. Baskin says that his uncle had crossed the track and was in the act of springing to the station platform when the train struck him and dashed him to his awful death.

The body was terribly mangled, and was picked up as soon as the train could be brought to a stand still, in an unrecognizable condition. Quite a number of people who were on the platform waiting for the afternoon train were eyewitnesses of the accident which caused the strongest to almost faint. No blame can be attached to anyone.

On the local which arrived here in a few minutes after the accident, was the Coroner, Dr. H. C. Kindred, of Havelock, who was going to Peterborough. He left instructions for the constable to impannel a jury before 10 o'clock to-morrow morning when an inquest will be held. He also, after viewing the remains, gave permission for their removal to the undertaker's rooms.

DANGEROUS CROSSINGS.

There is one thing in connection with the running of trains through this village that the people here complain of. We have two dangerous crossings and trains pass these crossings continually without any regard to speed many times going at as high a rate of speed as in the open country.

The Board of Railway Commissioners meet at the City Hall in Toronto on Thursday, Sept. 26th inst, at which time the matter of the crossings here will be considered. We hope something will be done to lessen the danger to the people who have to pass these crossings coming into and going from the village.

NOVEL USE OF THE GRAMOPHONE

The other day a party of musical people were discussing the wonderful voice of Tetrazzini, and a dispute arose as to her range. To settle the argument, one of the gentlemen present agreed to send for his gramophone and his six records of the great singer. The instrument was set up and soon the glorious Tetrazzini was filling the room with melody, and before the six records were run through, every one in the room had convincing evidence of the range of her voice, and what is more Mr. Owner was persuaded to send for all his records, so that an evening that opened with argument ended with the best music that the world can produce.

OMEMEEITES WILL BE ABLE TO USE AJACENT WATERWAY

Completion of the Work Means Much to Village of Omemee.

Mr. Jos. Knox, overseer of the Trent Canal, is busy cleaning out the bogs in the Omemee river, and is allowing for a fifty foot channel from Omemee village to Pigeon Lake. This passage at one time was largely used by steamboats, but has been neglected, and allowed to fill up with bogs, stopping navigation for even gasoline launches. As Omemee is becoming a good summer resort, and the village is growing, the Department of Railways and Canals has decided to make Pigeon river again navigable. This will enable the people to get their wood by water and also help the tannery in bringing in tan-bark from Coboconk, and other points north.

The people of Omemee are very pleased that this work is being done, as no doubt when completed there will be a local trade between Peterborough and Omemee. The farmers also will take advantage of the railway to bring their oats and other grains to the Peterborough market.

RALLY DAY AT PARK ST. CHURCH

Next Sunday will be Rally Sunday at the Park St. Baptist Church. The pastor Rev. W. C. Riddiford will be away preaching anniversary services for the Methodists at Fairview; but the pulpit will be ably filled by three different ministers, who should be heard by all.

The Rev. Mr. Ireland will preach in the morning. The Rev. A. T. Nash, the Boys' Secretary of the Y. M. C. A., in the afternoon, will give a special address to a mass meeting of the Sunday school, and in the evening Rev. J. G. Brown, who has seen service in India, and who is the General Foreign Missionary Secretary, will speak on missions

People who are crippled in the head get less sympathy than any other cripples.

A woman has no business with a family if she can't take something old and make it over into something new.

NORWOOD NEWS

Special Correspondence.

Norwood, Sept. 18.—His Honor Judge Huycke of Peterborough, was in Norwood to-day conducting a Court of Revision on the voters' list of 1912. Only five names were appealed, all of which were added to the list. They were Messrs. Rev. Mr. Copeland, Rev. Mr. Lowe, Joshua Pace, Oliver Baskin and James R. Baskin.

The Village Council met on Wednesday evening, Sept. 4th, in the Council Chamber. All the members were present. The tax rates for the year were fixed by by-law and passed in the regular way. The rate this year will on the aggregate be the same as last year, viz. 25 7-10 mills. The estimates for the year were for village purposes $1.597, which required a net rate of 8 4-10 mills

The following are the rates for the different purposes:—

County rate, 3 2-10; House of Refuge, 5-10; village rate, 6 4-10; High School rate, 2 8-10; Public School rate, 8 5-10; High School debenture rate, 1 2-10; town hall and cement walk, 6 1-10 mills.

Mr. U. E. Roxburgh, our local coal dealer, has purchased from the Fitzgerald Carriage Co., Peterborough a splendid delivery truck for use in his business. The truck is similar to those used in the city by carters and coal dealers and is attractively painted and lettered. Mr. Roxburgh is to be congratulated on the smart turnout.

Mrs. W. Christie, of Peterborough is visiting her sister, Mrs. E. J. Laing, Peterborough street.

Mr Alex. Innes has sold his residence on Wellington street to Mr. Robert Martin

Dr Stewart, who recently purchased an automobile, had an accident to his car one day last week when he had it out for a spin. The doctor, whose experience in running a machine of that description is limited, lost momentarily control of it, with the result that he collided with a post. Considerable damage was done to the car, but the post was very little injured. Of course the car can be repaired. We hope the doctor will have better luck next time.

Arrangements have been made for the talent for the Fair night concert. Reeve Breault has secured the best possible talent from Toronto and a real enjoyable time is promised the patrons.

WHETHER YOU COME TO BUY OR MERELY TO ADMIRE YOU ARE EQUALLY WELCOME

A visit to our store just now will surprise and delight you. At this time the peerless **Happy Thought Range** has the place of honor on our floor. Our display this year is larger and more complete, and more beautiful than ever before.

The **Happy Thought**, above and beyond every other consideration, is built for **Service**. We have nevertheless, a very pardonable pride in its handsome design and appearance.

From the foot of the range that rests on the floor to the top of the guard on the high closet, the **Happy Thought** is a radiant thing of beauty. In it art and science join—it is a triumph in an age of great things—it is **unequalled**—it is **unapproached.**

A HAPPY THOUGHT RANGE means A CHEERFUL HOME

BY-LAW MAY BE SUBMITTED THIS YEAR

Mayor Bradburn when asked this morning for further particulars of the result of the Council's visit to Toronto, said that the money by-law for hydro-electric power would in all probability be submitted to the people this year. A letter from Hon. Adam Beck has been received, which will be dealt with at the next Council session, likely on Friday night.

The offer of Hon. Mr. Beck is reported to be very reasonable.

THE BISPHAM CONCERT

When an artist like David Bispham gives a performance, the audience come away afterwards saying to each other, "wasn't he fine," "isn't he just splendid," and so on. Last night Bispham appeared before a highly musical and particular audance at the Grand, and to state that he achieved a triumph is but a mild way to describe his victory. Bispham more over is a vocalist whose world wide reputation was long ago established. He is not working up a name for himself but is simply adding fresh laurels to it. Peterborough last evening was privileged to hear a vocalist whose work was a beautiful demonstration of all that music stands for, and the city also vindicated herself in the eyes of those who are so prone to say that a high class artist cannot draw a crowd here. Those who came away bore with them a greater knowledge and a decidedly keener appreciation of the beauties of music.

In accordance with his custom during his tour, Bispham prefaces his program with a bright, entertaining address in which he points out his reasons for singing his selections in English in preference to foreign languages.

"In my unregenerate days" he said, "I was guilty of the habit, but I have come to see that it is objectionable. An audience wants to hear something that they can understand every time instead of some hi-falootin words. of the meaning of which they are superbly ignorant."

His first selection last night brought out very strongly his powerful dramatic qualities. The selection was Handel's setting of "Hear Me Ye Winds and Waves," in which Julius Caeser is represented as addressing the waves. The number is extremely rich in low register tones and calls for the resonance and depth which Mr. Bispham has so abundantly.

In "I'm A Roamer," an opera written by Mendelssohn when only a lad of twelve, the wonderful ability of the youth composer was most strikingly portrayed by Mr. Bispham. The selection is bright and racy and wonderfully descriptive.

"The Monotone" was another splendid though difficult selection, the whole composition being sung in one tone as the name implies. The singer also related the story of the song's origin, the music of which was supposed to have been a mysterious strain which rung in the ears of the composer, Cornelius, on returning from the burial of his mother.

Much of Mr. Bispham's success last night resulted from the fact that he did not bore his audience with selections which are only too often incapable of being appreciated or understood by the ordinary music lover. His selections throughout were so nicely chosen that enthusiastic and genuine encores rolled his way at the close of every number.

Mr. Bispham concluded his program by a vivid recitation, with, musical accompaniment of the poem "King Robert of Sicily." Many readers before the public have this number on their repertoire, but no one ever heard here, has thrown into the piece such powerful dramatic expression as revealed by Mr. Bispham. The number was a most fitting conclusion to his able and versatile program.

Mr. Harry Gilbert played all Mr. Bispham's musical accompaniments in a skilled and most acceptable manner. He also contributed two classical piano solos, one being Chopin's dainty and delightful "Nocturne" in D flat, and the other a Rhapsodie of E. Von Dohnanyi. As an encore he rendered a one hand selection in a most masterly and popular style.

Y.M.C.A. CLASSES TO START NEXT MONDAY EVENING

Commencing Monday, September 23, the regular gymnasium classes will open for the season as follows; Monday, at 8 p.m., the first senior class will be held, and every Monday Wednesday, and Friday, at the same hour throughout the season.

The second class of the week will be the Business Men's class, which will open Tuesday evening at 5.45 p.m. under the direction of Mr. Chas. Sisson.

The same evening at 7 p.m., the Employed Boys' class will open. (this class is taking the place of the former Business Boys' Class) under the direction of Mr. Loomis. At 8.15 p.m. the new Intermediate class will commence, which promises to be one of the best classes of the year.

On Wednesday at 4.15, the School Boys will have their turn. The days and hours will be the same as last year, Wednesday and Saturday at 4.15 p.m., and 9 a.m.

The two Collegiate classes will not open until after the rugby season is over, as nearly all the members are now busily engaged chasing the pig skin at Riverside Park.

The gymnasium floor will be open for individual exercise and basketball when not in use for class work.

CHEESE BOARD

At the regular meeting of the Cheese Board this morning, in the Bank of Montreal Chambers, 2.446 cheese were boarded, all of which went at 13 3-8 cents. Messrs. Cook, Kerr and Morton were the purchasers.

Mr. Watkins opened the bidding with an offer of 13 1-8 cents and Mr. Morton raised it to 13 5-16 cents and Mr. W. S. Cook offered 13 3-8 cents. At this prise he took his selections. Messrs. Kerr and Morton bought the remainder of the offering at the same prise. Mr. Switzer occupied the chair.

The meeting then adjourned until Wednesday, October 2nd.

PASTRY PRICES MAY BE RAISED

It is possible that an increase in the prices of pastry goods will be made by the local bakers.

One of their arguments is that while the prices of flour, eggs, butter and other materials used by them have been steadily climbing for a number of years, they receive no more for their goods than they did twenty or thirty years ago.

A decision has been hanging fire for some time and all things considered, it would not be much of a surprise if the prices were boosted.

HAD NO USE FOR BRITISH TITLES

Labor Congress Referred to Sir George Askwith as Plain "Mister"

Mr. J. Galbraith who was Peterborough's delegate to the Labor Congress in Guelph last week, says that the socialistic lid was kept down with considerable tightness during the different sessions, but in spite of this the delegates could not be restrained from betraying their tendencies. Even the presiding officer declared himself when the famous English visitor, Sir George Askwith, was in the room.

When it came time for the president to introduce the visitor he did so in the following language:

"We have with us to-day a gentleman from England, Sir George Askwith, who will address us, but we wish him to understand at the start, that this assemblage does not recognize his title. While he is with us the 'Sir' is to be dropped, and he is to be referred to as plain 'Mr.'"

GET YOUR PRIZE MONEY SATURDAY

The Secretary of the Peterborough Fair will be at Denne's flour and feed store on Saturday afternoon, when prize money earned at the Exhibition will be given out.

The Directors hold an important meeting at Mr. Hall's office to-morrow night.

LAKEFIELD NEWS

Special Correspondence

Lakefield, Sept. 18—Mr. Bert Everett of the Peterboro Bell Telephone Company, is spending his summer vacation at his home in the village.

Mrs. Wm. Rowe returned from Toronto last week after spending a week's vacation in that city.

Miss M. Morin has returned from Toronto, after spending a week's vacation.

Miss May Lynn of Peterboro is spending a few days in the village visiting her aunt, Mrs. Linde Waldon.

Rev. C. H. Coon, pastor of the Lakefield Methodist church, attended the Methodist District meeting in St. James church Peterboro, of which he was chairman.

Miss M. Young of Peterboro spent a few days in the village this week visiting Mrs. and Dr. Gibson.

Mr. Wm. Blewett of Burleigh, spent a few days in the village last week.

Mrs. H. J. Stewart and children of Toronto, are visiting Mrs. F. J. Lillicrap.

Mr. and Mrs. T. J. Marling and Miss Marling spent a few days at Stoney Lake last week.

The Grove school re-opened Sept. 17th, with a large attendance. Most of the scholars arrived on the noon train. A great many alterations have been made at the school, including a new steam heating plant, and everything now is in upto-date order.

Mrs. McKenzie of Brantford is visiting her son, Rev. Mr. McKenzie, at the Grove.

Mr. and Mrs. Stubbs and family of Chateau du lac, Stoney Lake, spent Saturday afternoon in the village.

Mr. Levi Payne and Mrs. S. Spence are attending the funeral of their brother-in-law, Mr. Joseph Rolley at Paisley, Ont. The late Mr. Rolley was out west when he died and his remains were taken to his home at Paisley.

THE FALL FAIR

Yesterday was the opening day of the Fair, when the main building was open to all exhibitors. A number of spaces have already been taken in the midway. This feature of the exhibition is greater than before. To-day will be the principal day. The morning will be spent in erecting the different outside exhibits. Another feature will be a baseball match between the All Stars and the Chemong Indians.

WHY THE NEED OF THE LANTERN

Was it "Bogies" or a Case of More Light Needed

The movements of three ladies on Reid street, near Hamilton's foundry, last night, with a lantern, presented somewhat of a mystery, and a gentleman from the west ward has three solutions.

One is that the ladies were but on a dew-worm expedition; another is that one had weak nerves and friends were accompanying her to her home, while the third is that the incident was a reflection on the lighting system in that part of the city, and the ladies were providing their own "white way."

PRESBYTERIAN COUNCIL TO HEAR MR. PARKINSON

The Presbyterian Council of Peterboro will hold a meeting to-morrow evening, at eight o'clock, in St. Andrew's church.

The council is composed of members of Sessions and Board of Management of the city churches and has for its president, Sheriff Hall.

Mr. Matthew Parkinson, prominently identified with similar organizations in Toronto, and well known in Peterboro as an inspiring speaker, will give an address.

In addition to the election of officers, very important matters, effecting the city churches will be discussed. It is expected that every member of the Council who can possibly attend, will be present.

HOLDS THE RECORD

Gilchrist Street Has a Bumper Crop of Burdocks.

Residents of Gilchrist street have been complaining for some time past about the abundant crop of weeds on the west side of the above named street and in fact almost covering it. From where the street branches off Park street to the creek there is a cement sidewalk on the east side, and a narrow and exceedingly rough roadway, which is barely wide enough for a light rig to pass, and then it has great difficulty to keep from upsetting when it passes down the hollow at the creek end of the street. Burdock and vines have grown together till they are nearly four feet high. To those who live in that vicinity it is a source of great inconvenience and, of course, does not add much beauty to the surroundings. It is time, the residents think, that something was done in the matter.

THE GIRL OF MY DREAMS

The management of the Grand announces on Monday next, Sept. 22, the apperance of John Hyams and Leila McIntyre in Jos. M. Gaites' big musical production "The Girl of My Dreams." Mr. Hyams is an excellent actor and a graceful dancer. Miss McIntyre has always been regarded as one of the cleverest comediennes, but until Mr. Gaites provided them with this vehicle, the book of which was written by Wilbur D. Nesbitt and Otto Hauerbach and the music by Karl Hoschna, composer of "Three Twins," "Bright Eyes" and "Madame Sherry" they have never played characters so suited to their peculiar talents. As Lucy Medders, a little Quakeress on her first visit to a city, Leila McIntyre presents a character at once amusing and altogether human, while John Hyams' Bachelor Boy, who is willing to "quit and be good" appeals and delights.

Besides the principals, Mr. Gaites promises a chorus of young women who have never yet had to ask the services of a beauty doctor. They are not only pretty, but can sing as well, and this is most essential, as the music of "The Girl of My Dreams" is said to be one of its most attractive features. There are several big song hits, including "The Girl Who Wouldn't Spoon," "Love Letters," "O-o-h" (Maybe it's a Robber) and "Dr. Tinkle Tinker."

Literary Society

The annual meeting of the Ladies' Literary Society of the St. Peter's T. A. S. will be held this evening at 8 o'clock, when the election of officers will take place.

The first At Home of the season will be held a week from Thursday in the St. Peter's Lyceum.

SEAMLESS AXMINSTER RUGS

A Brand New Assortment, Which Contains the Newest and Handsomest Designs

These Axminster Rugs are woven without a seam. Every housewife will see at a glance the desirability of this feature.

A big assortment of designs and colors is here for your selection, and you'll be certain to find the very rug that accords with the furniture and decorative scheme of any room in the house.

This assortment contains some very fine reproductions of the old Persian and Turkish rugs. So clever are these copies, both in design and coloring, that it requires the eye and touch of an expert to distinguish them from the costly hand-woven rugs.

Axminster Rugs are noted for their serviceability. These are guaranteed as to wearing qualities and as to general satisfaction, and their prices are exceptionally moderate.

RICHARD HALL & SON LIMITED

LOCAL NEWS ITEMS

The Conservatory of Music Orchestra will meet for practice this evening at eight o'clock and every member is asked to attend.

The sewing for the Children's Shelter will open to-morrow at 2.30, for the season. A good attendance of the ladies is requested.

TRENT CANAL

Mr. J. H. McClellan, Superintendent of the Trent Canal, returned from Lake Simcoe to-day, and states that the works, up in that section of the canal, are progressing very satisfactorily.

Stefansson, the Arctic explorer is bringing back over 40,000 ethnological specimens, including pottery, clothing weapons, furniture, etc.

Canadian breeders of pure-bred poultry made great winnings at the New York State Fair at Syracuse.

EVENING CLASSES

Bright Liners on Athletic Topics

RED SOX ARE PICKED BY CRITIC FOR THE WORLD'S TITLE

Cleveland, Sept. 18—As an American league partisan, the writer visited Pittsburg to witness the double-headers between the Giants and Pirates. Of course, it is difficult to judge a team's ability by watching it play but a single series. In fact, it is scarcely fair to venture an opinion under such circumstances, but just the same, I cannot see that Boston has anything to fear from the Giants. Pittsburg looked to me like a team that could make things more interesting for the American leaguers than the Giants.

In the first place, the Red Sox outfield completely outclasses any trio of gardeners that McGraw can put in the field. Stahl is a much better batter than Merkle and almost as good a man on the bases. Doyle, however, has it on either Yerkes or Ball by a big margin. Wagner has it on Fletcher in every way. In fact Giant youngster is scarcely in the same class as the Boston veteran; who is playing the best ball of his career. At third, Gardner is far more valuable than Herzog.

In pitchers Boston's just as strong as New York. Wood is a better pitchers to-day than either Mathewson or Marquard. Collins may prove as good a southpaw as Marquard, at the latter has not been pitching a very effective article of ball of late. Bedient is improving right along, and should prove just as capable as Tesreau if not more so. When it comes to the second stringers, the New York Club, however, appears somewhat stronger. O'Brien has been very erratic of late, and, it is said, has received a warning from Manager Stahl. Page is just fair, while Hall does not seem to be the pitcher he was in the spring. He is just as good a relief pitcher, however, as Crandall, and the pair will probably be used for this purpose.

McGRAW'S LEADERSHIP

Behind the bat, New York should excel. Carrigan, Nunamaker and Cady are efficient backstops, but neither ranks with Meyers when it comes to all round ability. Meyers can bat, throw and uses brains in his handling of the twirlers. But where the Giants would excel is on the bench. The more one sees of McGraw, the more he is impressed with his ability. He certainly excelled Clarke in managerial acumen during the series at Pittsburg.

Pittsburg, looked good to me, although it lost three of the four games, and I believe its pitchers would make a better showing against the Red Sox than the Giant hurlers would. But Pittsburg can scarcely be considered a pennant contender any more, no more than the Athletics can be reckoned in the race in the American league.

WASHINGTON MONUMENT.

It Is Said to Be Leaky and Badly in Need of Repairs.

The Washington monument rises so high above the ground and seems so far removed from any source of water except the clouds that it is surprising to learn that one can in effect meet with springs of water as one climbs upward or steps downward in it, using his legs instead of the elevator, writes the Washington correspondent of the Boston Advertiser.

Those so industrious report that the monument is found quite wet inside and that pools of water are on many of the landings and the water trickles from the cracks in the stones or the interstices between them. It appears that the monument has not been pointed in a long time, and hence when the rains beat on the high shaft the water trickles through or is absorbed in some manner, and then, furthermore, some of the damp air above is sucked through from the four windows high up and becomes dew and actual water through the cool air met far down in the shaft.

It is also said by those who have tried walking up or down the shaft that a number of these stones in the interior are badly cracked.

A Cleveland aviator was rescued from the lake at Chicago, when his hydro-aeroplane was wrecked half a mile from shore.

PROCESS BY WHICH BALL PLAYERS ARE DRAFTED

The drafting process in organized baseball has commenced with the major league clubs making their draw on all other leagues. The majors have first pick, and after they are through the Class A.A. clubs have a draw with the others following in order, the new regulation being as follows: Class A.A. season opens September 30 and continues for five days; Class A. season opens Sept. 30 and continues for five days; Class B season opens Oct. 7 and continues for five days; Class C season opens Oct. 15 and continues for five days. The National and American League clubs have had their say, and, while the complete list will not be promulgated for a few days yet, the press dispatches and reports handed to the newspapers give an idea of the manner in which the two big leagues are picking up the likely youngsters. As far as is known as yet, but one Canadian League club has lost a player, that being Ottawa, the Chicago Nationals taking Art Schwind, the promising young shortstop. That others will be picked up is only too evident, but the various clubs will have to wait until the official list is given out before ascertaining the full effect of the major league draw on the Canadian League. Last year some seven or eight players were picked up, but players were cheaper last year, but $300 being realized on each player drafted from the Canadian League. This year the majors will have to pay $750 in order to take a player from Class C company, and this along with the new rule reducing the number of players each club is allowed to have under contract at one time, may prevent as many being taken up. Last year $300 was the set price for all Canadian League players drafted. This year prices are graded, Class AA clubs paying $500 for Class C players, while Class A clubs will have to pay $400.

How it Affected Him.

John H. Lucas, general solicitor for the Metropolitan street railway, recently was accosted by a young lawyer who warmly grasped his hand and exclaimed:

"Perhaps you do not remember me, but I once appeared as one of the opposing counsel in a case in which you were retained by the winning side, and I have often wished to express my admiration for the manner in which you handled that case."

"I suppose," said the veteran lawyer deprecatingly, "that was one of the rare occasions upon which I was not getting the worst of it."

"I'd be willing to swap records with you," laughed the young man, "but tell me, does a lawyer ever get used to losing cases?"

"I can't say, sir," responded Mr. Lucas. "I really can't say, but as for myself I am very much in the same fix as the man from Osceola who had been defeated for office. He was telling me about it and in order to acquit himself of the charge of being a bad loser kept interjecting the remark that he was not complaining. 'It doesn't pay to complain,' I said, agreeing with him.

"'No, sir, it doesn't,' he exclaimed, 'and I won't complain, but at the same time I want you to understand, sir, that it makes me durned sick.'"—Kansas City Journal.

Made Little Difference.

Fred Hartford, a widely known sporting man of the Hub, was dining.

The meal was bad, and the service was worse. No wonder Hartford lost his temper. He stood it as long as he could, and then he vigorously complained to the waiter.

"Oh, sir, if you only knew what a hard time we waiters have to get along."

"Well, why be a waiter?" asked Hartford.

"What else can I do?" said the waiter.

"Don't you know that they are paying some men as high as $10,000 a year to play ball?" returned Hartford.

"But I can't play ball," the waiter said.

"What's the difference?" said Hartford as he started for the door. "You can't wait either."—Boston Traveler.

Anticipated by Sister.

Mr. Briggs called one evening to see his sweetheart, and her little brother, Tom, was entertaining him until the young woman came down.

"Tom, when your sister comes down and is comfortably seated on the couch with me I want you to tiptoe in softly and turn the gas down low, will you?"

"You're too late," replied the boy. "Sister just told me to come in and turn it out."—Judge.

A frost comes to many an actor even during midsummer.

Ireland's Population.

The population of Ireland on April 2, 1911, was 4,381,951 persons, showing a decrease of 76,224 since 1910. An increase of 7 per cent was shown in the province of Leinster and decreases in the other three provinces. The number of families in 1911 was 912,-711, an increase of 2,455 since 1901, and the average number of persons per family was 4.8, against 4.9 in the earlier year. Belfast increased from 349,-180 to 386,492 in the ten years from 1910 to 1911, Dublin from 290,638 to 309,272 and Cork from 76,122 to 76,632. The emigrants leaving Irish ports numbered 30,573 in 1911, a decrease of 1,884 from the 1910 figures. Of these 16,671 were males and 13,902 females.—Baltimore Sun.

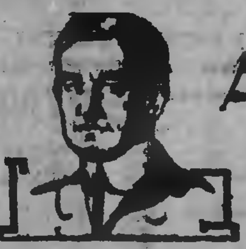
CRAVATH WINS



A SERIES OF TEN STORIES
BY JOHN T. McINTYRE

COPYRIGHT 1912 BY THE NORTH AMERICAN CO.

SYNOPSIS OF PRECEDING STORIES

CRAVATH is an athletic young fellow in search of [illegible]. His quest for the [illegible] leads him to a gilded cafe, where he can most readily get rid of his [illegible]. Luck favors, however, and [illegible] his subsequent adventures [illegible] promoter of athletic sports [illegible]. It is [illegible] that the [illegible] is in the [illegible] "[illegible]" [illegible] to [illegible] the "[illegible] digger" at the Pelican Athletic Club, has decided not to [illegible] having his [illegible] in the ring. The [illegible] is fixed, and as that is just the [illegible] Cravath [illegible] "ringer." It seems that the [illegible] dueling pistol belonging to a [illegible] with whom Cravath is in love. [illegible] girl. She wants the pistol because it is [illegible] to aristocratic lineage. [illegible] wounded a gentleman in a duel, as it is proof [illegible] ancestor was a gentleman.

When Cravath [illegible] supply [illegible] money, and [illegible] is not in [illegible] long [illegible] hoping [illegible] the [illegible].

[illegible] the other [illegible] are "Old [illegible]" and his son, who are [illegible] Miss [illegible] upon Cravath [illegible] his claims to the [illegible] without avail. In [illegible] room, however, [illegible] to call up Scanlon and [illegible] the information [illegible] has been stolen. [illegible] of course, [illegible]. In the night the two [illegible] to Blaylow's [illegible] the money is supposed to be hidden in a [illegible] another has taken [illegible] the quest [illegible] and he gets away with the money. But as he [illegible] they [illegible] the thief and rob him, regaining the missing money.

[illegible] "Old Blaylow" [illegible] a racing [illegible] who is the [illegible] for [illegible] to borrow Cravath's thousand to bet on one of his superannuated thoroughbreds. But Scanlon gets on to the game in time, and substitutes a live horse, so that the money is not lost.

Next the two buy the pistol. But Cravath is visited at his home by a [illegible] woman, a sister of young Blaylow, who [illegible] of [illegible] him. The [illegible] suspect, however, that the dealer has "done" both parties, so they visit him and [illegible] him into disgorging the genuine firearm.

V.—The Adventure of the Swedish Butler

I CALLED at Cravath's that night and was admitted by a stolid, solid blue-eyed young man.

"A butler," explained Cravath as he handed me a cigar in the library.

"Looks like a Swede," criticised I.

"A Swede he is," confessed my host, "and rather slow even for a Scandinavian."

We lighted our cigars, and while I was enjoying that first delicate bouquet so cherished by true smokers, Cravath told me of the reason for the new member of the household.

"When I left for Europe some weeks ago the cook and the maid complained of lack of masculine protection. So my mother notified an agency to send along a butler. I had returned, and she had gone away on a visit before the man arrived. As he had excellent references I took him on; mother will be home in a few days, and she can then decide about keeping him."

"A butler," said I, puffing and [illegible] slowly at the cigar. "What a train of memories the thought of him brings! I can see him as he used to be in the fat English novels, [illegible] decanting the port or counting the silver. A fine, true-hearted old fellow he was with his cutaway waistcoat and his snowy shirt frill and his great concern for the honor of the family."

"I remember him well," reflected Cravath. "At first I could not quite reconcile his [illegible] and station. 'His lack of class is assumed for some deep reason,' thought I with youthful [illegible]; in his veins flows blood as noble as that of the best of them all. Only wait until the last chapter, then you will see a throwing off of disguise, a spirited declaration of identity and a clasping of this darling chap to his breast.' But as this never came to pass, I soon saw the impossibility of a butler as anything but a butler."

"Ah," sighed I, "you were very, very young, I suppose, and not long before you [illegible] been thronged with beasts who turned out to be princes of stately mien and ancient lineage. Your mind had not yet been properly conditioned to the facts of life. However, I have never objected to the butler's being restricted to fat, baldness and faithful service. Pocketed thus, one can love him for himself alone."

We smoked awhile and dwelt upon the creations of the old three-decker novelists; memories of forgotten butlers thronged upon us, butlers without names, but possessing virtues which made one forget such smallnesses, and caused one to nod and smile and feel very comfortable.

"I also liked the butler in the old plays," said I. "To be sure, he lacked the smoothness of the one in the novel, but then he was saddled, most likely, with the interpretation of an actor who had never seen a first-class job of butling in his life. In some ways the dramatic butler opportunities were greater. It was he who, having become a greengrocer, always met his one-time master on the bridge, during a snowstorm, slipped him a couple of pounds, for 'old time rocks' and told him that a better day was in store. Also it was he who always had the last slap at the wrongly accused, about to be driven from the home of his fathers. That was an actor-proof situation; even the rottenest of them could make good in it. 'Your father casts you off, your friends turn their backs upon you, the world believes you guilty; but,' he was accustomed to say, 'let them do as they will, let them think as they will, you have one friend left, a humble one [illegible], sir, but one who will stick to you to the end.'"

"An uproar," said Cravath. "An uproar always followed it, even in my time."

Then he got up; crossing the room softly, he threw open a door. The Swedish butler was picking the dead leaves from a potted plant at a window a few feet away. He looked up unemotionally.

"Yes, Mr. Cravath," said he.

"I was just speculating as to what it was," said Cravath, quietly.

"I thought I'd look around, sir, and see that everything was right."

"Very well," said Cravath, and closed the door.

He sat down and began drawing at his cigar, thoughtfully. A corrugation between his brows spoke of something not quite clear.

"You have what I would call fair hearing," said I.

"Eh?" and he looked at me after the fashion of a man who had been intent upon other things.

"I say your hearing is excellent," repeated I. "Or, perhaps, you heard that fellow because you were projecting your attention, to some extent, beyond the room."

Cravath nodded.

"Somehow," said he, "I've got rather in the habit of listening and watching of late. Probably my experiences of the last few days have put my nerves on edge. I hear sounds, now, the like of which I never heard before; and I fancy I see lights which my mind assures me can have no place in nature."

"As you suggest—nerves," I informed him. "They perform outrageously at times, and have a knack of seeming most plausible when at their worst. I have known men—and women—to give up their real lives, so completely were they deceived, and live those of fancy, filled with whisperings, rappings and shadowy flitting to and fro. They said they were psychic; but the facts were that they were merely victims of nerve-distorted imagination."

"'Shadowy flitting to and fro,'" repeated Cravath, soberly. "It comes to that sometimes, does it?"

"In some cases I have known the shadows to take unto themselves voices," I informed him. "Also to impart information as to thimbles lost thirty years before, and such like breathless intelligence."

"My case," said Cravath, "has not progressed quite so far. At the present stage I see the shadows; the voices are still vague and subdued and uncertain."

I gazed at him in astonishment.

"Put that phrase again," I requested of him. He repeated this saying, and my astonishment grew greater. "Is it possible?" I exclaimed.

He nodded his head.

"Only this evening I stood by the side window," said he. "The time seemed to thicken the darkness and I was watching the differing qualities of the night merge into one, when I saw a movement."

"An indefinite, vague sort of thing, I suppose," said I. "They are usually like that at first, I understand."

"On the contrary," said Cravath, "this movement was singularly direct; if it possessed any characteristics that could be called such, it was those which told of a well-digested purpose."

"In this you are different," I told him, "and being different, you interest me. Go on."

"In a very few moments," he proceeded, "the thing became less a matter of feeling with me; I no longer sensed it animal-like; it grew tangible; it took the definite shape of a short man in a long coat, followed by a long man in a short one."

"When was this?" I inquired, with interest.

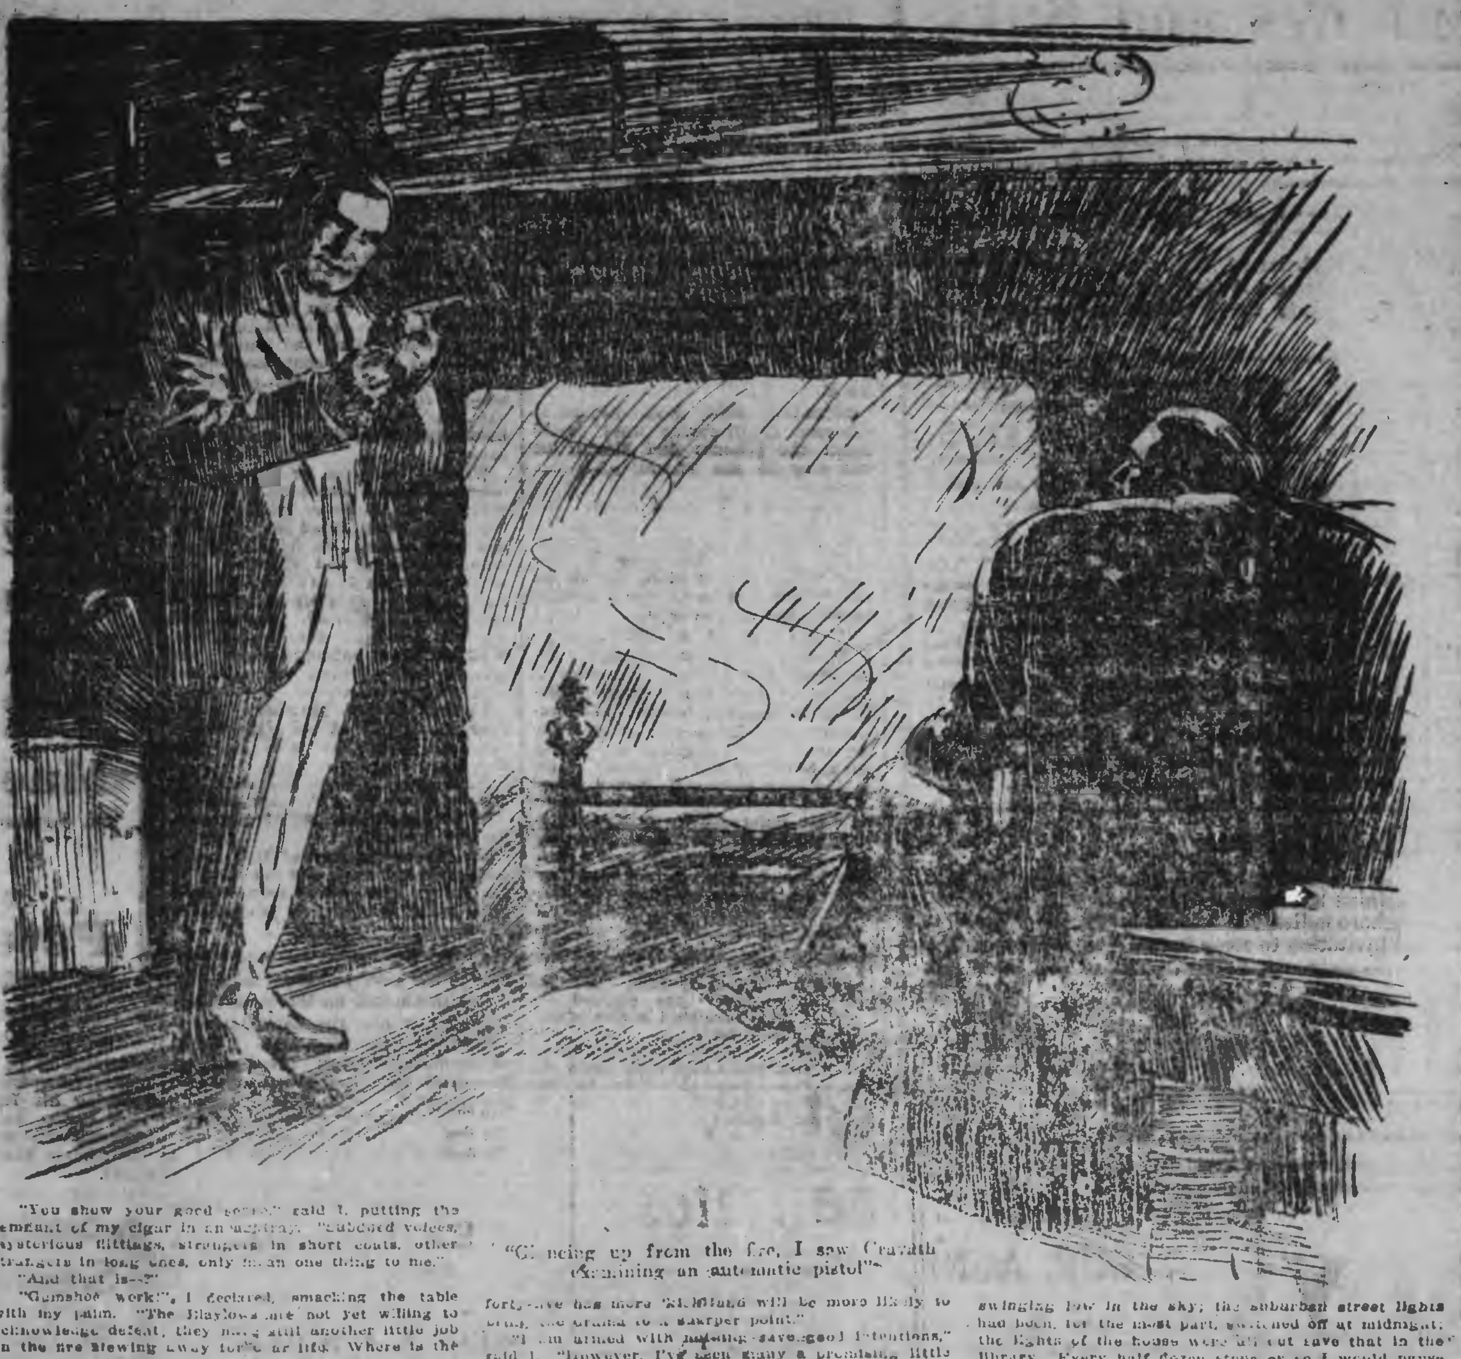
"Just before you came. In fact, I was still at the window when you rang."

"Then," said I, "it was no vision. For as I came up the walk I, also, saw a short man in a long coat and a long man in a short coat."

Cravath smoked and smiled and said nothing, and I continued:

"I fancied that you had had visitors. They came down the walk as easily as you please, and turned into the street without once looking back."

"It would seem," said Cravath, "that my vision is not solely mine. And being shared by another, I feel that I must remember it."



"You show your good sense," said I, putting the remnant of my cigar in an ash tray. "Subdued voices, mysterious flittings, strangers in short coats, other strangers in long ones, only mean one thing to me."

"And that is—?"

"Gumshoe work!" I declared, smacking the table with my palm. "The Blaylows are not yet willing to acknowledge defeat, they have still another little job on the fire stewing away for dear life. Where is the Betterton flintlock?"

"It's in a—" Here Cravath paused, suddenly leaped to a window, threw it up and vaulted through. I stuck out my head and saw my friend and the Swedish butler standing face to face.

"A peculiar series of noises, sir," the man was explaining. "I could make nothing of them, and being a stranger, I thought it best to look around."

"Ah, yes," said Cravath, [illegible] "I see. Yes, look around, by all means. It seems to me that I have noticed a number of unusual things myself last night and tonight."

"One can never be too careful, sir," spoke the man.

Cravath regained the room and closed the window.

"We're not alone, then," said he. "Others are also seeing and hearing things."

I took to nursing my knee once more, and watching the fire. At length I said:

"This Swede, now. You say he came with good references?"

"The very best."

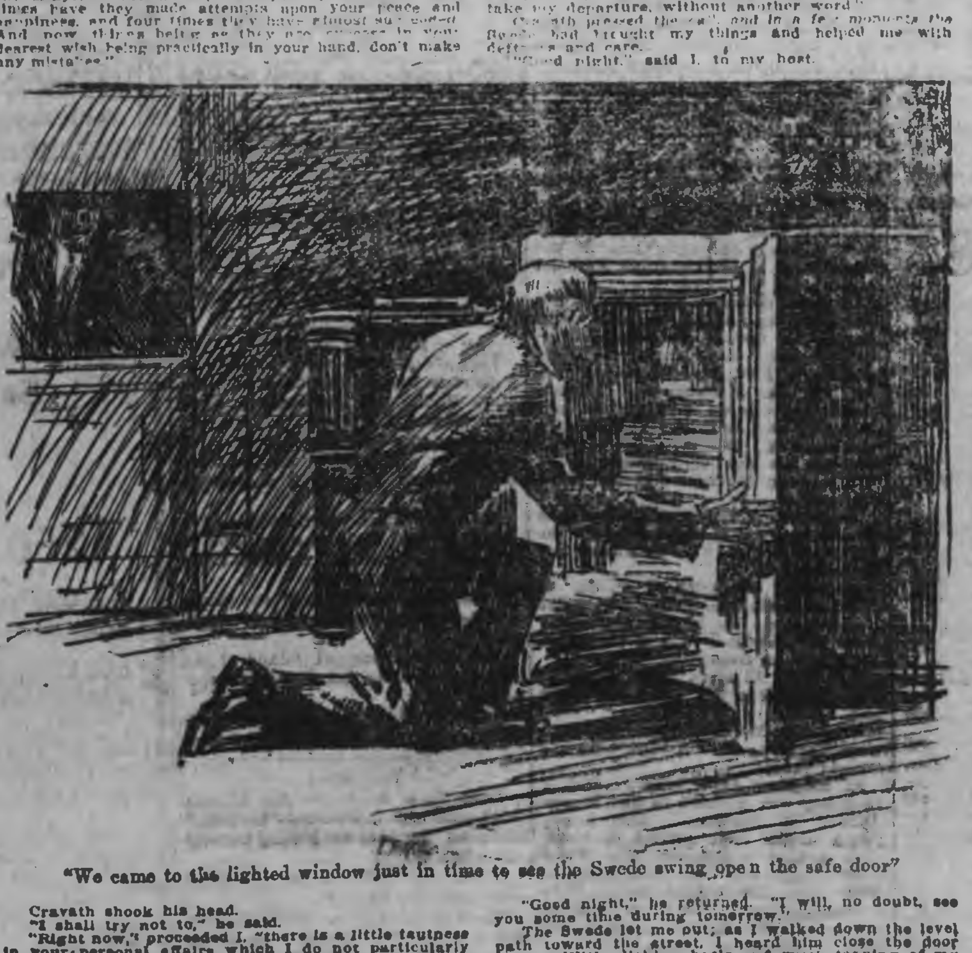
"Is it not possible for a man to manufacture such things himself?"

"Before engaging him I called up one or two of those named. None of them could have spoken better of an only son."

"Humph!" said I.

There was a long silence; then I spoke:

"As you have taken occasion to say more than once, the Blaylows are a very enterprising family. Four times have they made attempts upon your peace and happiness, and four times they have almost succeeded. And now, things being as they are, [illegible] your dearest wish being practically in your hand, don't make any mistakes."



"We came to the lighted window just in time to see the Swede swing open the safe door"

Cravath shook his head.

"I shall try not to," he said.

"Right now," proceeded I, "there is a little tautness in your personal affairs which I do not particularly favor. The stage seems to be in the way of being set for a fifth act of the drama; we have seen, I think, some of the persons concerned, but whether they be actors or merely 'grips,' I don't know. However, let us prepare to go through our allotment in the performance. Personally, I would prefer to play a man with false whiskers who casts them off in the crucial moment and declares himself on the side of the virtuous and oppressed, but I'm willing to do anything."

Then I heard a metallic sound, and glancing up from the fire, I saw Cravath examining an automatic pistol.

"A flintlock," said he, "may be just the sort of thing to prove the valor of an ancestor, but a Colt forty-five has more [illegible] will be more likely to bring the drama to a sharper point."

"Glancing up from the fire, I saw Cravath examining an automatic pistol"

"I am armed with nothing save good intentions," said I. "However, I've seen many a promising little game spoiled by a great deal less."

Then, gradually we drifted to other topics; the missing portions of the stage settings were perhaps [illegible], but we never gave them a word. Finally a tall, solemn-sounding old clock spoke of midnight, and Cravath arose.

"Now," said he, "you are going."

I, too, arose.

"This," said I, "is perhaps a jest. If it is, pray allow me to tell you that your taste in such things is going back. The butler in the play, of whom we just now spoke, would say under these circumstances, 'What, me desert you in your hour of [illegible]' [illegible]

[illegible]

"I will ring for your hat and coat; you will leave with [illegible], but [illegible] to take the chance of a little sport, you can return by the side gate, around the corner. There [illegible] to the house between two tall rows of privet; this path ends at a pair of low windows where I shall admit you."

"I don't just see the why of this," I told him.

"Many a strategist has won victory by deceiving the enemy as to the number of men in his following."

"I see," said I. "And under these conditions I will take my departure, without another word."

Cravath pressed the bell, and in a few moments the Swede had brought my things and helped me with deftness and care.

"Good night," said I to my host.

"Good night," he returned. "I will, no doubt, see you some time during tomorrow."

The Swede let me out; as I walked down the level path toward the street, I heard him close the door softly. With clicking heels and much tapping of my stick I proceeded along the sidewalk to the next corner, where I crossed the intersecting street and was lost to a view of any one who might be watching from the vicinity of Cravath's. Then I paused in a doorway, and waited for, perhaps, ten minutes.

Then, with stick buttoned under my overcoat, my hands in my pockets, my hat at a decided angle and my gait altered as much as possible, I turned into the intersecting street and made my way toward the mentioned side gate. I found it readily enough; also I found it locked. But I managed to scale it; dropping into the path, I made my way softly along between the rows of privet. There was a small horned moon swinging low in the sky; the suburban street lights had been, for the most part, switched off at midnight; the lights of the house were all out save that in the library. Every half dozen steps or so I would pause and listen. The noises peculiar to the night would sound here and there, sometimes so startlingly loud that I gathered myself to resist the rush of an unseen some one. But no such thing happened; I gained the window, and tapping lowly, was admitted.

"Here you are on the ground," whispered Cravath, in my ear, "and none of the possible lurking conspirators knows of your presence. There is an advantage in this. If you go with me into the library, or any other lighted apartment, this advantage is lost."

"Then," said I, "I will cling to the dark places."

"It will be more or less uncomfortable," said Cravath, "but I think will be best."

He was [illegible] to say something else, but paused suddenly, and I felt his hand upon my shoulder in warning. Then the hand pressed downward; in[illegible] he meant me to conceal myself. As I came in I had touched some large article of furniture; my hand now felt for this, and, when found, I sank down behind it.

Then the light went suddenly up, and I saw the Swedish butler standing in a doorway. Not a whit did he seem startled at sight of Cravath; his stolid face and light-colored eyes were alike without expression.

"Oh, was it you, Mr. Cravath?" he said. "I heard a sound as I was passing through the hall, and seeing no light, thought I would look in."

"Your recommendations made no mention of the fact," said Cravath, "but you are, along with your other qualities, a singularly alert person."

"Thank you, sir," said the Swede, and at once withdrew.

At once the lights were turned off, and I arose.

"The butler seems very wide awake," whispered Cravath.

"Very," returned I, dryly. "And I think, if I were you, I would take steps to put him thoroughly asleep, and then send in a call for the police."

I could hear him chuckle, softly.

"That would at least be energetic; but it might not, perhaps, cover the case," he told me, in the same low tone.

"I think," maintained I, "if he were deprived of his ability to prowl around in the dark, the curtain would never be rung up on this last act. As it stands, the signal will be given before a great while, I think, and there may be doings that you never dreamed of."

Again Cravath chuckled.

"The butler seems willing to investigate each sound as it falls," said he, "so why should I deprive myself of a useful helper or him of an innocent pleasure?"

"All right," said I, in a huff. "Let's take the thing as it lies. Tell me what you'd like to have me do; but learn beforehand, if I come upon your Swede in the performance of my set of stunts, let him hold up his guard. I never did like an unemotional map like his, anyway. A fellow with one of them would wear the same expression in committing a homicide that he would in eating a plate of soup."

"Listen," said Cravath. "I am going back to the library, and in order to seem quite contented, I'll spend a half hour in drinking a little Scotch and smoking another cigar. In the meantime, you do a trifle of cautious prowling on your own account. Don't be seen or heard, but see and hear everything."

"Right," said I. "But when the half hour's done?"

"Contrive to be here, and I'll compare notes with you."

And with that he left me.

I waited for quite a few moments, then I softly stepped to the window. The lawn was dark, the small moon and pale stars being rather futile. There was a dim waving of the elms in the slight wind; to the south a glow overhung the city. I stood looking out at this for a few moments; then the tall man and the short man came to my mind and a sort of anger seized me. I am not quite sure that this was not because of the incongruous coats which they wore; at any rate, I grasped my heavy stick firmly, and sallied out into the grounds surrounding the house, hoping to come upon either of the twain engaged in something nefarious.

"Or," thought I, "if the thing cannot be otherwise arranged, I would not object to coming alongside them both at the same time. Having been started, nothing but action of the most energetic sort will please me."

But the grounds about the house held no one; save for trees and graveled walks there was nothing but short cropped grass. I therefore abandoned the scout, went back to the house and entered at the window. In closing the latter, I made a slight sound; almost instantly a voice hissed in my ear.

"Hush-h-h!"

"Right," said I, "it slipped."

"You act like a longshoreman," hissed the voice. "Where the devil have you been?"

"Friend Cravath," I told myself, "is somewhat peevish." Aloud I replied. "Outside."

"Now, look here," whispered the voice, "this is no time to open any of your jokes. I know you were outside; and if it wasn't for me, you'd stayed there."

I was pondering this saying, but before I could come to anything with regard to it, he spoke again.

"See anything of the Swede?"

"No," said I.

"I saw him and the other one, awhile ago, with their heads together. I don't know what they talked about, though."

"The other one?" whispered I, inquiringly.

"Cravath, I mean."

I was shocked into silence at this. I had been conversing with one of the prowlers, and because of the suppression of the voice never noted the difference. Though I felt that the whispered mode of speech would also protect me from recognition, still I made no sound. For a time he said nothing more, and as I waited I fell to speculating as to which of the two he was. First I pictured the tall man, or at least I recreated the impression he had made upon me, for I had had but a glimpse of him and the picture was faint. But the impression was buttoned into a coat grotesquely scant as to length; and this so racked my feelings that I just caught myself in the act of reaching forward to deprive him of the offensive garment, when he said:

"Stay here and watch. If you hear anything that indicates danger, give the signal. You remember it, don't you?"

"Yes," whispered I.

I was afraid for a moment that he'd ask me to give him an illustration of my memory; but he didn't. Indeed, he said nothing more, and in a moment the creak of a door showed that he had left the room.

Instantly I pit-patted in the direction of the sound; as noiselessly as possible I felt about for the doorway, sliding my fingertips along the wall; but suddenly they came in contact with a small but insecure something which fell to the floor with a crash. And while I stood, breathless at this catastrophe, a hand lightly touched me.

"Hard luck, old chap," said Cravath's low voice.

"How do you get out of this confounded room?" said I. "I knocked that thing down groping for the doorway."

"You are now in the hall," spoke he. "You must have passed through the doorway without knowing it."

I began to whisper what I knew, but he stopped me.

"I know," said he. "I was within six feet of you both while you talked."

Again a door creaked; this time it was far up the hall, and there was a dim light burning in the room into which it opened, for the beams faintly illuminated that portion of the passage. At the same instant we got a glimpse of a short man in a long coat entering the room.

"Huh!" I recall saying to myself. "It wasn't the other fellow after all."

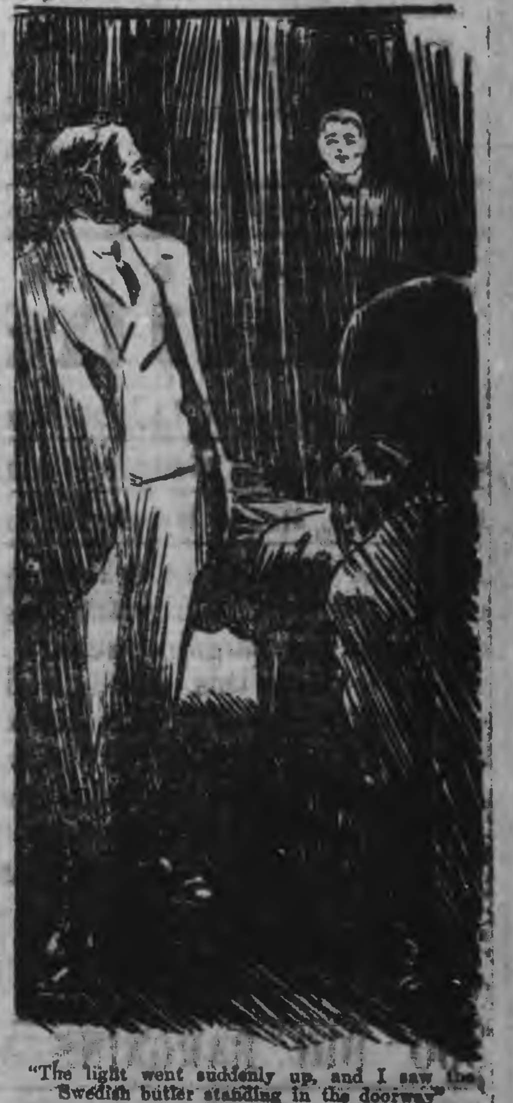
Cravath said nothing, but began to advance; ahead, the hall was still dimly illumined. With my eyes upon the lighted spot I caught a glimpse of a second figure. And then I halted Cravath with a pluck at his coat.

"Look there," warned I.

One glance at the figure, and he whispered:

"The butler!"

It was the Swede sure enough, advancing toward the partly opened door from the opposite direction; he carried a shining revolver of small calibre; his step was cautious, his face was set and intent. Peering into the room, we saw him crouch as though for a rush; then he disappeared into the room like a flash; instantly there came the sound of a struggle.



"The light went suddenly up, and I saw the Swedish butler standing in the doorway"

Both Cravath and myself cast off all caution and raced for the scene of struggle. Before we reached it there came a faint cry; and as we burst into the room we saw the Swede upon the floor in front of the small safe, his hand pressed to his head.

"Quick!" he cried as his eyes lighted upon us. "After him; he went that way," pointing to an open window. "Quick, or you'll lose him."

Without an instant's pause we went bouncing out upon the lawn. The sound of feet upon a walk nearby attracted me.

"There he is," I cried.

Away we raced after the fleeing man; but we had not gone fifty yards when Cravath caught me by the arm.

"That will do," said he, quietly. "Let us go back."

"But he will escape," protested I.

"If we don't get back he'll escape," said Cravath; and dragging me after him over the soundless turf, he headed for the house.

We came to the lighted window just in time to see the Swede swing open the safe door. Cravath flashed through the window, but the man dodged him neatly and came at me as I was floundering in the opening, impeded by my overcoat and stick. I was upon my back under the window when Cravath appeared, the Betterton pistol safe in his hand.

"Another moment," smiled he, "and we would have been too late. That fellow was an experienced workman."

"So it would seem," said I. "But," rather bewilderedly, "I don't think I quite grasp those last developments."

"I didn't myself until a moment before we stopped our pursuit," said Cravath, as he helped me in.

"Were there two parties of conspirators, or only one?" I asked.

"I think there was but one," he answered. "And, as I figure it, it was their plan to have the Swede admit the others by leaving something unfastened. Then they were to proceed to work. What became of the third man I don't pretend to know, but the other two were in the hall there when you upset that something or other. They were quick thinkers, for instantly their plans changed. They arranged a little scene of desperate housebreaker and faithful servant. Faithful servant, sorely stricken by said desperate housebreaker, cries out to his excited master and friend to pursue the villain. And while master and friend are vigorously doing so, the faithful servant quickly gets up and goes through the safe."

"That sounds like it," agrees I. "But, get me a drink of something. That Swede's face was heavy, to be sure; but he has a hand that's heavier."

SPECIAL MARK DOWN SALE OF Dress Goods, Suitings and Silks

Focus your attention during this week on the Dress Goods, Suitings and Silk section at Fair's. There's a condition there that means a lot to the ladies of Peterboro—We are having a Special Sale of the New Fall Goods, right at the commencement of the season, at very low cut prices and it will pay to buy this week. A business man is always looking for something *that pays*, and we believe the business women are as wise as they.

These goods are the highest class fabrics. The **Serges** are unspottable, the shades are the most correct hues and the dyes perfect.

There is a beautiful assortment of Suitings in **Individual Skirt and Suit lengths** as well as by the yard. These were imported for the very best trade, and this season, as we are not doing dressmaking and run no risks, we have made **deep cuts in the prices** which are a decided advantage to our customers.

British Serges, made in Bradford, England, imported direct from the most reliable makers, unspottable and wear guaranteed, in navy and black, 42 inches wide, actual value 75c. Sale price...... **50c**

50 inch Serges, actual value $1.00 the yard, reduced to...... **75c**

WITNESSES TELL OF THE TROUBLE IN THE LEAL HOME; PRISONER IS COMMITTED

To be Tried at the Fall Assizes Next Week — Language Used by Leal Was Violent and Unseemingly Says Witness—His Wife Urged Him Not to Load the Rifle—Leal Said "I'll Put a Bullet in Them Too" Meaning the Workmen Upstairs

William Leal, who while enraged at his wife is alleged to have attempted her murder, with a 22 calibre rifle, was committed for trial at the Fall Assises before Mr. Justice Clute, by Magistrate Dumble yesterday. The Assizes open next week.

Constable Sills gave important evidence by narrating what passed twixt the prisoner and himself on the way to the station after the arrest.

"I told her I would shoot," the prisoner is reported as saying; "I did shoot her, although I did not intend to." The prisoner was cautioned before hand by the officer that whatever he said would be used as evidence against him.

HE WAS VIOLENT.

Wilbert Regan, a plumber for Adamson and Dobbin, who was in the house during the quarrel, testified to hearing violent and unseemly language used by Leal to his wife. Mrs. Leal had apparently been charging her husband with taking some money. He denied it and called her vile names. Witness stated that quietness then reigned for a few minutes, but soon after the row again commenced. Leal's wife was heard to say "Do not load that gun," just before the first row ended.

When the racket broke out the second time witness heard Mrs. Leal say; "Keep quiet, there are men upstairs and they will hear you."

Leal replied, "I do not care, I'll put a bullet in them too." Witness and his helper were standing in the hall upstairs during the time of the fight. They heard a shot, followed by a scream. Mr. Regan then grabbed a wrench for protective reasons, fearing that a crazy man was in the house and liable to do almost anything.

Witness was also present in the bed-room when Constable Sills arrested Leal. He was lying on the bed partly dressed and acted as if he had been asleep. He feigned ignorance and then said that he was sorry. First he inquired the reason for his arrest. Witness heard the constable ask prisoner if he had been drinking to which he answered "no." Witness knew nothing about the glasses worn by Mrs. Leal until she said they were broken.

Percy Dunsford, plumber's helper, told a story that was practically identical with that told by Mr. Regan.

He heard a woman cry after the shot had been fired, "Doctor, doctor."

"We thought she was being murdered," he said.

Dr. Mann who dressed Mrs. Leal's wound, testified to the condition of the injury and told of extracting a rifle bullet, which was produced in court.

Millinery

Entire Samples of Largest Wholesale Millinery House of Canada, Bought at Our Own Price, Means Wonderful Snaps for You

Right at opening of season you get best choice of everything the biggest house carries at big bargain prices. No lady can afford to miss this. Hats and Trimmings of every conceivable description. An experienced, expert Millinery at your service. Look this big, interesting bargain lot over. Three times the ordinary quantity, so we **will slaughter entire lot at about**

CORNER GEORGE AND HUNTER STREETS

OUTPOST MANOEUVRES BY THE 57TH REGIMENT

Sergt. McKay to Hold Classes of Instruction to Commence In November.

The weekly drill of the 57th Regiment was held last night and there was a much better attendance than the last drill, although the regiment by no means presented its full strength. At 8 o'clock the regiment assembled in company order with the both bands, in the Armories, and Col. Clegg announced that training for men and acting non-commissioned officers, who wish to compete for the qualifications of a non-commissioned officer, would begin shortly, under the able instructorship of Sergt. McKay, the classes to be commenced early in November. A parade south on George street and north on Water street followed.

At 8.30 o'clock, the regiment was detailed for outpost duty till about 10 p.m. It was supposed that the enemies advanced troops had occupied the East City and had destroyed all bridges on the Otonabee river, while their main body was four miles east on the Norwood Road. The defence out-post line and regiment occupied from Hunter street to London street inclusive, the main body being situated one mile west of Jackson's Park.

At about 10 o'clock the regiment marched back to the Armories and both men and officers enjoyed the training immensely and no doubt will greatly benefit by it.

OFFICER'S MEETING

At a meeting held by the officers on returning to the quarters, a vote of thanks was passed to Mr. E. B. Dobbin, for his presentation to the regiment of a handsome carved mahogany plate of his own handiwork.

Band at the Fair

About fifteen members of the 57th Band left on the noon train for Lakefield, to-day, to play at the Fair.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. **Phosphonol** will make you a new man. Price $3 a box, or two for $5. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

CAN THIS BE OUR AGNES

Hamilton Police Have Another Mystery to Unravel

WOMAN IN THE CASE

Her Actions Resemble Those of Agnes Gibson.

Hamilton, Sept. 18.—Who is the mysterious old woman who forced Constable Tugnett to place her under arrest on James street north last evening on a charge of being drunk? Police officials this morning claim she has a history, and that if she would she could tell a story of globe-trotting and experience that would startle her hearers. Drunkenly threading her way through the throngs on James street north last evening the old woman spied Constable Tugnett pounding the pavement with his heavy tread.

"Aha, it is my Romeo. Come to your Juliet," romantically pleaded the old woman, as she stuck out her good right hand in true pan-handling style and attempted to shake the fin of the blue-coat.

"What can I do for you, my good woman?" the constable asked in surprise.

"What can you do for me? It is to laugh. Lead on, brave courtier, lead on to the welcoming lights of a police station. My kingdom for a police station," tragically piped the weather-beaten old woman, her breath bearing ample testimony that she had gazed long and often at the froth on many steins.

The constable attempted to direct her to the station, but she absolutely refused to walk.

"My poor, tired feet that have tramped the whole tired world have forsaken me in my hour of need. Do this thing up right, with all the frills Mr. Officer. Call the carriage and four and ride me to the station. Bring back memories of the days when I had my own carriage and was the idol of the playgoers, the days when I was in the support of Booth," continued the old woman as she sat herself down on the curb at the corner of James and Mulberry streets.

When she took this method of getting a free ride to the station, the constable was forced to call the patrol, and until the welcome honk-honk of the machine fell on her ears, she furnished amusement to the crowds who gathered, by romancing on the time when she was a theatrical star.

At the station she absolutely refused to tell her name or where she came from.

"I have no name, and I came from the land of nowhere," she replied to the questioning of the deskman. In accordance with the rules of the station some name had to be placed on the roster, and at last the old woman volunteered the information that she was just plain Agnes Brown. Not one of the officials doubted for a moment that this name was but one of many, but they were not forced to take her word for it.

The night in the station had tended to sober the old woman up, but she was carrying one beautiful head, when she was led into the prisoner's box.

"Yes yes, I was drunk, but believe me. I'm deathly sick. Let me get out of here," she pleaded.

"After you have paid a fine of $5," replied his worship.

The old woman's purse contained but fifteen cents, and once again she was given a ride, this time to the jail where she will be the guest of Governor Ogilie for a period of ten days.

The actions of the woman have aroused considerable comment about the station, and it is believed that in the days of long ago she was an actress of repute.

Agnes averred when here that she wished to hang up her millinery in Guelph. It will be remembered that her purse was replenished by the Relief Officer and she took the Port Hope train.

MARRIED

WILSON—SKUCE.—On Wednesday, Sept 4th, 1912, at "The Manse," Omemee, by Rev D. H. Currie, B.A., Diana Martha, youngest daughter of Mr. and Mrs. Richard Skuce, of Emily to William David Wilson, of Harvey.

OMEMEE NEWS

Special Correspondence

Omemee, Sept. 18—The Sunny South Amusement Company gave an exhibition in Coronation Hall on Wednesday evening. A street parade at noon was well patronized as was the performance in the evening.

Miss Davidson returned Saturday evening from Toronto, where she had been calling on her home friends.

Miss Greer has arrived in town and taken charge of Mr. Chas. Ivory's millinery department.

Frequent and copious showers constitute the greater part of our daily program.

Mr. and Mrs. T. J. Parsons have returned from Toronto where they were enjoying life with their friends and taking in the Canadian National exhibition.

Rev Mr. Johnston of Millbrook exchanged pulpits on Sunday with Rev. D. H. Currie, the occasion being the third anniversary of the induction of Rev. Mr. Currie, as pastor of the Presbyterian church. There was a large congregation present to hear Rev. Mr. Johnston in the morning. His discourse was on the 4th chapter of Ephesians. It was a helpful sermon and was much appreciated.

There was a large representation of Omemeeites in attendance at the Peterboro Central Fair on Friday and Saturday.

Mr. G. E. Broderick, I. P. S., of Lindsay, made an official visit to the public schools on Friday morning.

Mr. D. Mitchell was a visitor to Peterboro on Saturday.

Mr. John Murray came up home from Peterboro for over the week end.

Mr. George Morrison has returned from Toronto, after a visit with his friends there.

At Kingston, Ont., Miss Parrott of that city was married to Mr. George Wilson of Omemee. The happy young couple have settled in town, after a brief honeymoon trip. Their many friends called at their home on King street on Friday evening to extend delicious greetings and to present a post-nuptial shower to Mrs. Wilson, after which the young people of the town enjoyed the hospitality of the young benedicts and spent a very happy evening.

The Ladies Aid of the Presbyterian Church held a very successful social on Monday evening in the basement of the church. The event was in honor of the third anniversary of the pastorate of Rev. D. H. Currie. The admission was one cent per year of age up to twenty-five and over that age as much more as one cared to bestow as a gift. It is needless to say, that the crowd was mostly of the male persuasion.

Ground has been acquired adjacent to the government lot on George street south, and on this central and commodious site, the new armory is to be built. The work is to be pushed forward with all despatch. A Peterboro firm has been awarded the contract.

TELEGRAPHIC BRIEFS.

The French army manoeuvres were brought to an end with a sham battle yesterday.

John White of Norwood was cut to pieces by a train at Norwood Station, on the C.P.R.

George Gamble, a pioneer of York County, died Monday at his residence, 19 Charles street, Toronto, in his 93rd year.

Arthur Fletcher, a farmer living near Brampton, had his left leg broken Monday afternoon by a horse falling on him.

Five new big engines have been ordered for the Intercolonial Railway. These are in addition to the ten ordered some time ago.

It is understood that the contract for a new customs warehouse at Montreal has been let by the Government. The building will cost $999,000.

The Government has just let the contract to a British shipbuilding firm for the construction of a fine new ship for the Dominion Hydrographic Department.

The presbytery of Halifax yesterday by a unanimous vote nominated Rev. W. T. Herridge of St. Andrew's Church, Ottawa, as moderator of the general assembly.

Henry Cochrane, 24 years old, whose home was at Nation Mills, near Ottawa, committed suicide at Victoria, B.C., because his fiance returned the engagement ring.

James Donnelly, 15 years old, son of Mrs. C. Donnelly, was shot in the abdomen yesterday while playing with a rifle on the C.P.R. track at Sault Ste. Marie, with Russell McFadden, a playmate.

Following the death of Jas. Robertson, who was killed when he fell down an elevator shaft in Toronto yesterday, Hugh Taylor, elevator operator, was placed under arrest on a charge of manslaughter.

Sounded Like Him.

They tell a story out my way about a Kansan who, in the old days when Mark Hanna was prominent, went to church, took his seat in a rear pew and went to sleep. When he woke up he awoke with a start, and he must have thought himself at a political meeting.

The minister had just thundered, "To him that hath shall be given, and to him that hath not shall be taken away even that which he hath."

"Who said that?" asked the bewildered politician, who had just awakened.

The minister stopped, looked at the sleepy interrupter and then said laconically, "Mark."

"Well," said the politician, "it sounds like Hanna."—Victor Murdock in Judge.

They Were.

Little Elsie came into the kitchen with some eggs in a basket. "Mamma," she said, "our hens are getting awfully absentminded."

"Why, dear, what makes you think so?" asked her mother.

"Look here," said the little girl, holding up a soft shelled egg; "this makes the third one this week that they forgot to put a shell on."—Judge's Library.

Obstinate Author.

"So your son is not very successful as an author?"

"No; he has about decided to quit writing."

"How do you account for his failure? Some of his books have considerable merit."

"Yes, but he refuses to write about New York or to live there."—Buffalo Express.

W. G. WILL KILLS WIFE; TAKES HIS OWN LIFE

Hamilton Man, Formerly Member of Bisley Team, Commits Double Murder—His Victim Refused Him Money

Hamilton, Sept. 19.—With a double-barrelled shotgun, William G. Will, 114 Tisdale street, yesterday afternoon murdered his wife, and a few moments later turned the weapon on himself and blew his face and part of his head off. Both he and his wife were dead when Inspector Coulter of the east end division and a squad of police arrived at the house a few minutes after having been notified of the affair. Deputy Chief of Police Wheatley was also on the scene a moment later. According to information gathered by the police, Will had been drinking yesterday, and about 4.45 p.m., he went to the house and demanded money from his wife, who he knew had received $32 from their 18-year-old son yesterday morning. Mrs. Will refused to give him the money, Will began to abuse her and threatened to kill her. He at once started to make good his threat by grabbing his gun. Mrs. Will ran out of the back door and started down the entrance way to the street.

Will followed her, and just as she reached the front line of the house, he emptied the contents of one barrel of the gun at her, and the charge struck her in the side of the face as she turned to look at him. Mrs. Will fell to the ground and expired almost instantly. Will then ran upstairs to his bedroom and with the muzzle of the gun against his chin, emptied the other barrel of the weapon.

Coroner Anderson was promptly notified and ordered an inquest. The remains of Will and his wife will be viewed by the jury at the city morgue to-day. The double funeral will take place to-morrow afternoon to Hamilton Cemetery.

Will was 44 years of age, and his wife a year older. They had been married about 20 years and had three children, two boys 18 and 16 years old respectively, and a daughter 13 years of age. Will had been employed for years as a carpet layer by R. McKay & Sons, and was considered a steady worker. He was a staff-sergeant of B. Company, 13th Regiment, of which he had been a member for 25 years. He was a good marksman, and two years ago was a member of the Bisley team. By his fellow militiamen and others who knew him well, he is said to have been of an agreeable disposition. He had been somewhat addicted to drink of late, but had lost no time from his work on that account.

Mrs. Will was well connected in the city.

OFFICERS TO HELP IN BELFAST

Story Says That Military Men Will Join the Unionists

New York, Sept. 19.—A cable to The Tribune from London says: A remarkable story comes from Belfast that, before embarking on the present campaign against home rule, the leaders received the assurance that, in the event of home rule being pressed to its final stage, a certain number of army officers, representing every branch of the service, would throw in their lot with the Unionists.

The list is said to include many officers of high rank, with 36 colonels and lieutenant-colonels, 43 majors, 69 captains, 31 lieutenants and 288 men holding the rank of sergeant-major or sergeant.

One of the most disquieting features of the present situation is the increase in the number of persons who own firearms. In the Nationalist district of West Belfast, one dealer is disposing of revolvers at the rate of one hundred a week, and expects that this rate of sale will continue for some time, a large number of the weapons being disposed of on the club system.

There is reason to believe that what is happening in West Belfast is also taking place in other districts, and notably in the city of Dublin. The authorities are perfectly well aware that the traffic is being carried on, and sometime ago the Government actually discussed the steps that could be taken to deal with the importation of these arms. It was then decided to take no action at the moment, and thus matters have been allowed to drift.

Crushed Under Lorry.

St. Catharines, Sept. 19.—An accident with fatal results took place on the western hill shortly before seven o'clock last evening, in which Sidney Secord, many years an employe of the Hendril Cartage Co., was crushed beneath a heavily-loaded lorry he was driving, killing him instantly.

Duke at Vancouver.

Vancouver, Sept. 19.—With perfect weather Vancouver presented a brilliant spectacle as the Governor-General, the Duchess of Connaught and Princess Patricia made their entry here amid the cheers of the tens of thousands of people who thronged the streets through which the royal visitors proceeded on their way from the station to the courthouse, where the civic address of welcome was presented.

Woman's Life Spared.

Ottawa, Sept. 19.—Upon the recommendation of the Minister of Justice, the Government has decided to commute to life imprisonment the death sentenced passed upon Mrs. McGee, of Charlottetown, P.E.I., convicted of the murder of her six children by poisoning.

HON. G. P. GRAHAM,

Ex-Minister of Railways and Canals who is with Sir Wilfrid Laurier in New Ontario

SIR WILFRID LAURIER OPENS Y.M.C.A. BUILDING AT COBALT

Liberal Leader Gets Hearty Welcome in the Silver Town and Once More Talked in Favor of Wider Markets

Cobalt, Sept. 19.—There was little that was noteworthy in the address of Sir Wilfrid Laurier at the evening rally in Cobalt last night. Rather, it was a reiteration and a further emphasizing of the fact that the Liberal party is still pledged to its policy of reciprocity with the United States, and a lament in the leader's familiar seriocomic vein that the electors had been so sadly deluded a year ago.

Cobalters turned out in force to hear the Liberal leader and his colleagues in the Athletic Association's rink, when he again dwelt upon reciprocity and its rejection last year. Many supported him on the platform.

When referring to talk of his resignation, the ex-Premier stated that though he had reached the age at which he might hand down the leadership to one of his lieutenants, his party leaders had stated that they had gone out of office under the old chief, they would stand for nothing but to go back into power under his guidance. "My interests in public affairs have not ceased," said he, "and the reason why I am here is to learn the needs and requirements of this community.

"I find that you are in no way different to any other locality. What you want is market and transportation which is the natural need of every community.

"One outstanding feature is that what an American market has done for Cobalt and its silver industry can be done to facilitate the needs of others.

"Western wheat must be exported under the same conditions," continued Sir Wilfrid. "We helped to operate the large crops by widening provincial interdependence by the enlargement of railways, canals and other transportation facilities.

"We wanted to construct the Georgian Bay Canal years ago, but on account of there being one railway crossing from coast to coast, the Grand Trunk Pacific was of greater importance to the nation at large and should be given the preference."

A crowd of 2,000 sightseers put in an appearance at the station to meet the party on its arrival. Receptions and introductions followed, after which Sir Wilfrid was conducted around the town, stopping en route to open the new Y.M.C.A. building.

Before making his declaration he said: "I was told in Cobalt in these northern halls I would find nothing but silver, but I see here something more than silver. I see here a crop of children such as we in Quebec—and we have a reputation to maintain—could not beat. They are all young Canadians, though springing from different nationalities. They are the best expression of Canada's hopes for the future.

"I now have the honor to declare that this building is now open for work. I have one request to make, however to the trustees of the schools, that they will let these children play to-day and not work, and that they will grant a half-holiday in the schools for this afternoon."

During the afternoon the party made an extensive tour of the mines, and inspected the refining machinery and operations. He was also presented with a silver brick.

MEN BELIEVED TO BE ACTUAL ROSENTHAL SLAYERS ARE NOW IN JAIL

"DAGO FRANK" CIROFICI
HARRY HOROWITZ alias "GYP THE BLOOD"
WHITEY LEWIS
"LEFTY LOUIE" ROSENZWEIG

THE FOUR "GUN MEN" IN ROSENTHAL CASE.

There are now ten men in prison awaiting trial on indictments charging them with the murder of Herman Rosethal in New York on July 16. In addition to "Gyp the Blood" and "Lefty Louie," only recently found, Frank Muller, alias "Whitey Lewis," and Frank Cirofici, called "Dago Frank," are under arrest believed to be the actual slayers of the gambler.

REMOVE THE NAVAL QUESTION FROM THE REALM OF POLITICS, SAY BUSINESS MEN

Representative Citizens of the West Send a Memorial to Premier Borden

Special To The Review.

Ottawa, Sept. 19—Premier Borden has received a memorial from Sir William Whyte, signed by hundreds of the leading business, financial and professional men of the west, urging that the naval question be removed from the sphere of party politics.

Leading Liberals, as well as Conservatives from Winnipeg, Calgary, Regina, Edmonton, Saskatoon, Moose Jaw and other western towns and cities have attached their signatures to it.

It is understood that a similar movement is on foot in the capital, as well as in Montreal, and that some of the big financial men, as well as representatives of labor and other walks of life, will be asked to join in a big non-partisan movement, with the object of strongly urging the uniting of all factions and interests on a naval policy compatible with Canada's just responsibility as a partner in the nations which comprise the empire.

Had Threatened Her.

Jersey City, N.J., Sept. 19.—Testimony was offered at the inquest into the death of Mrs. Rosa Szabo yesterday, that lawyer Burton W. Gibson, charged with Mrs. Szabo's murder, had tried to obtain a loan of $3,000 from Mrs. Szabo, and when it was refused had made threats to get it.

This testimony was given by George Teichman, a friend of Mrs. Szabo.

Would Like to Enter Parliament.

Ottawa, Sept. 19.—It is doubtful if the Liberals will put up a candidate for the bye-election in Carleton, consequent upon the death of Edward Kidd. There will be numerous aspirants for the Conservative nominations, including probably Dr. Groves, of Carp, G. C. Richardson, of Woodroofe, and Ald. Garland, of Ottawa.

DON'T FAIL TO SEE DON; AN EXTRA AT THE RED MILL

Announcement is made by the Red Mill management of an extra special attraction for Friday and Saturday of this week, when Don, the most intelligent horse in the world will appear on the stage and give a performance which will show his superiority over all other educated equines. This wonderful animal comes to the Red Mill from Shea's theatre Toronto. The usual program of the best moving pictures procurable, augmented by the full orchestra, will be given. The management is anxious to give the public the best and feel sure that Friday and Saturday's program will win many new friends for the Red Mill. The admission for Friday will be five cents to all, and on Saturday night ten cents.

EDMONTON HAS WOMAN OFFICER

Miss Annie M. Jackson Has Just Been Appointed

Special To The Review.

Edmonton, Alta., Sept. 19.—Out of forty-seven applicants, Miss Annie M. Jackson has been appointed the first female officer of Edmonton. She takes up her duties October first, and will have charge in particular of girls coming under the court's jurisdiction.

Dropped From Committee.

New York, Sept. 19.—At a meeting of the Republican National Committee here yesterday it was decided to drop all members who have declared adherence to Roosevelt. Action in the case of California was deferred, as a sub-committee was appointed to examine into the situation there and recommend a successor to Russ Avery.

Among those dropped are: Walter Brown, Ohio; B. D. Whiting, New Jersey; I. A. Caswell, Minnesota; W. S. Edwards, West Virginia; C. C. Priestley, Oklahoma, and Richmond Pearson, Alabama. Several of these have already resigned.

All members of the committee present expressed themselves as being satisfied with the outlook for Taft.

12 NEW SEATS FOR ALBERTA

Election in That Province to be Held in November.

Special to the Review.

Edmonton, Sept. 19—The Alberta general elections will be held between November 15th and 25th. At a session of the Legislature in October a Redistribution bill will be passed and twelve new seats added, Edmonton and Calgary each will have three members.

Provinces Deeply Interested.

Ottawa, Sept. 19.—All the provinces are likely to be represented at the hearing before the Supreme Court next month of the important companies' incorporation case. The Federal Government has filed its factum, in which it raises the question as to the right of provinces to license the operation of federally incorporated companies, and also questions the right of a provincial concern to do business beyond the territorial limits of the province.

FELL DEAD

Brampton Man Expired on Hearing of Father's Decease

Brampton, Sept. 19.—As he stepped from the train on which he had hurried from Chicago to see his father, Charles Wiggins, formerly of this town, was informed that his father, John Wiggins, had died yesterday afternoon, and immediately dropped dead.

John Wiggins, who lived in Brampton for many years, was taken seriously ill a few days ago, and word was sent to Chicago to his son, Charles, to hurry home. Charles left his business and arrived at Brampton at seven o'clock Tuesday night. In the afternoon his father died. He was met at the station by friends, who informed him of his father's death, and he fell dead on the station platform.

2,500 MINERS ARE OUT ON STRIKE

General Walkout in Vancouver Coal Mines This Morning.

Special To The Review.

Victoria, B.C., Sept. 19.—As the result of the discharge of two men prominently identified with the union at Cumberland, twenty-five hundred coal miners are now on strike on Vancouver Island. Chinese and Japanese miners refuse to return to work although offered increased wages.

Turks Lost 1,000 Dead.

Rome, Sept. 19.—The most sanguinary engagements of the war in Tripoli were fought Tuesday near Derna, a town on the Mediterranean coast, 140 miles northeast of Bengazi. The Italians lost 61 men killed and 113 wounded. The Turks and Arabs left more than 800 dead on the fields. Forty one prisoners, including an Arab chief, fell into the hands of the Italians.

The battle opened at daybreak, when a force of Turks and Arabs surprised and attacked the Italian lines. The fight raged for four hours, but the superior Italian artillery, supplemented by brilliant bayonet charges, finally routed the mussulmans, who fled in disorder.

Gen. Reisoli, commander of the Italian army in Tripoli, in his report to the War Office estimates that the Turks and Arabs must have lost 1,000 men killed, including those who were carried off, and that more than 1,000 others were wounded.

ONTARIO HAS OVER 6,000 DEFICIENTS

That's the Statement Made by a Man in Position to Know

Toronto, Sept. 19.—That there are at least six thousand feeble-minded people in Ontario was the declaration made by Joseph P. Downey, superintendent of the Ontario Home for Feeble-Minded, in an address before the Canadian Public Health Association yesterday. "Of these, probably one-third have been identified and are receiving some attention," said Dr Downey. "But a great majority remains to bear the penalties imposed upon them either in their own homes or herded with criminal class for offences for which they should not be held either morally or legally responsible."

Only by training in an institution could an idiot be helped. The physically rugged are often allowed to do chores and are simply regarded as dull-witted instead of being given proper attention.

Dr. Downey took a strong stand against the mentally and physically unfit being allowel to marry. He stated that there are now at the Orillia institution thirty-nine families contributing two members each, and seventeen families contributing five each.

"A sound body is no protection against infectious disease," was the startling declaration made in an address by Dr. W. H. Hill, M.D., D.P.A., of London, Ont. He stated that the most pressing and immediate thing which public health work can do is to abolish infectious diseases. "This is the most powerful and compelling reason of all for the abolition of infectious diseases," he said. "The highest physical development of the body, the best state of general health is not a protection against infectious diseases. No more frequently repeated nor more painfully errant fallacy than this exists. If we would have sound minds in sound bodies, a people highly bred, well cared for, hygienically housed, clothed and fed, we must get rid of infectious diseases, for it is just such a people who are most susceptible to infection."

OBJECT TO TEACHER

St. Catharines S. O. E. Protest Against Employment of Catholic.

St. Catharines, Sept. 19.—At a meeting of Victory Lodge, Sons of England, held Tuesday night, it is reported that among other matters discussed, was the appointment of a Catholic by the public school board as the principal of the new Alexandra public school, recently opened. Special objection was taken to the action of the Sons of England who are on the board.

Orangemen have also expressed their disapproval, and it is now stated, the teacher will send in his resignation rather than start religious strife over the position.

WANT EMBARGO ON FOREST PRODUCTS

Canadian Manufacturers Will Ask Federal Government to Prohibit Export of Pulp Wood Wherever it is Cut

Ottawa, Sept. 19.—Legislation which will absolutely put a stop to the exportation of pulp wood from Canada to the United States is being urged on the Government by the Canadian Manufacturers' Association.

It is learned from an absolutely reliable source that a big delegation, composed of leading members of the association, will wait upon Premier Borden shortly, and place the matter fully before him. It will be pointed out that, with the rapidly increasing consumption and demand from the United States, and the corresponding growth of the export of raw pulp from Canada across the line, Canada's forests will soon become depleted, while the profits which should accrue to Canadians by paper manufacture in Canada, are going into the pockets of Americans.

Should the Government introduce legislation which would prohibit the export to the United States from any province in the Dominion, of raw pulp wood, the United States would be compelled to buy the manufactured paper here, and the result would be the opening up of a large number of big paper manufacturing industries throughout the Dominion, which would employ many thousands of workmen, pay millions annually in wages, and give Canada prominence as a paper manufacturing country.

Notwithstanding that Ontario, New Brunswick and Quebec have taken steps through the medium of provincial legislation to practically put a stop to, or place a restriction upon the export of pulpwood cut on crown lands to the States, millions of cords of excellent pulp timber are annually being shipped to American centres from private owned lands, chiefly from Quebec. The wood is manufactured in American mills and the benefit which Canada should derive goes to the pockets of the workingmen and manufacturers of the United States.

The Canadian Manufacturers' Association hopes to prevent the export from private-owned property through a federal enactment, which would be universal. The question is an important one, and it is thought likely that it will be found among the number of big matters which Parliament will take up during the coming session.

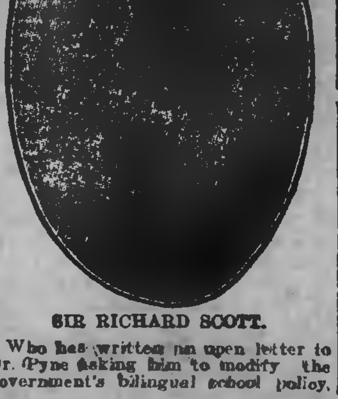
Wider Power to Garnish.

Hamilton, Sept. 19.—A change in the provincial act relating to writs of garnishment will be asked for by the recently-organized Retail Grocers' Association, the second executive board meeting of which was held in the board of trade rooms here last night. The grocers will ask the Government at the next session of the Legislature to so amend the act as to further protect them against "dead beats," many of whom under the present act cannot be garnisheed.

Dropped Bombs Into Warship Funnels

New York, Sept. 19.—A London cable says: King George watched the sham battles in East Anglia yesterday between the blue and red armies, congratulating the Territorials on their splendid work.

It is reported that bombs were dropped down the funnels of the warships from a height of 1,000 feet with absolute accuracy.



SIR RICHARD SCOTT.

Who has written an open letter to Dr. Pyne asking him to modify the government's bilingual school policy.

PERU CLAIMS RUBBER LANDS

New York, Sept. 19.—Invasion of the Putumayo rubber region by Peru is alleged by Colombia, in a resolution passed by the Colombian Senate and House; and made public here yesterday by Julio Betancourt, the Colombian minister to the United States.

This district and that of Caqueta are by rights Colombian territory, the resolutions declared and the call upon Peru by England and the United States to put an end to outrages in the Putumayo territory was misdirected. It is asserted that if Colombia had not been prevented by fortuitous circumstances from exercising her sovereignty, the "deeds of ferocity and cruelty which have so justily horrified the civilized world, would never have been committed."

NO REASON FOR COAL SHORTAGE

Alleged That Quantities Are Being Stored in Order to Keep up Price

Special To The Review.

Pottsville, Pa., Sept. 19.—A telegram from the Department of Commerce and Labor, Washington, gives assurance that the United States Government intends to at once begin investigation of reasons for the shortage of anthracite coal in New York and New England. Local leaders of United Mine Workers assert there is no necessity for the shortage, as large quantities of anthracite are now being stored in this region. Enough is being piled up at one point to last New York city all winter.

IMMORAL SHOWS GIVEN AT ONTARIO FALL EXHIBITIONS

J. Lockie Wilson Says Some of the Midway Features Are Objectionable—Rains Cause Loss to Societies

Toronto, Sept. 19.—This year's grant of $10,000 by the Ontario Government for wet weather insurance will all be required to meet the losses sustained by the agricultural societies. J. Lockie Wilson yesterday stated that the reports showed that the losses were less general last year, when the full amount of $10,000 was also required, but the amount would hardly suffice to meet the requirements. It is divided on a pro rata basis, the maximum to a society being $300. No grant is made to societies in cities of 30,000 or over.

Mr. Wilson entered another vigorous protest against the midway sideshows. He was very sorry, he said, to see, especially at the larger shows, that more and more concessions were granted to all kind of fakirs. Ninety per cent. of these shows were absolutely fakes. The actors, too, were of a pretty low type of humanity. It was absolutely untrue that the young men and women from the farms required such amusements, and it would be in their best interests if they were eliminated.

At the Ottawa Fair the midway was so located that those desiring to visit the splendid exhibit in the horticultural building had difficulty in reaching that building.

Mr. Wilson also stated that the provincial detectives who have been at the fairs collecting evidence against fakirs with trick gambling devices, had been discouraged by trial magistrates allowing the convicted offenders to go on suspended sentence. Thirty convictions were, however, obtained last year. He has a number of devices used by fakirs at fairs to get easy money from would-be gamblers.

Making due allowance for the bad weather the Ontario fall fairs had been a success.

Death Due to Blow.

Owen Sound, Sept. 19.—The coroner's jury last evening returned the following verdict on the death of Geo. Green, the old man who died Tuesday at the hospital here after lying for four days in a state of unconsciousness:

"We find that George Green came to his death from a wound on the side of the head. From the evidence, we conclude that said wound was caused by falling, resulting from a blow on the chin struck by some person unknown to the jury.

WERE SET FREE, THEN RE-ARRESTED

Walter E. Davis and Wife in Vancouver Court

Vancouver, B.C., Sept. 19—Walter E. Davis and his wife, who were taken into custody at Toronto a short time ago, and brought here charged with connection in the robbery of the Bank of Montreal at Westminster a year ago, were dismissed yesterday morning by Magistrate Edmonds of Westminster. Counsel for the bank stated that there was nothing to connect the prisoners with the robbery and, accordingly, withdrew the charge.

The magistrate told the couple they could go, but they had not left the dock when they were re-arrested and placed in custody. The new charge was of having stolen money in their possession in Toronto. They will be taken to Toronto next week to stand trial there.

"YOU'LL SUFFER ALL YOUR LIFE"

That's what the Doctor told me

"Fruit-a-tives" Cured Him

CHESTERVILLE, ONT., Jan. 25th 1911

"For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life.

I doctored with different medical men and tried many advertised remedies, but none of them suited my case.

Nearly a year ago, I tried "Fruit-a-tives". I have been using this fruit medicine nearly all the time since, and am glad to say that I am cured.

I give "Fruit-a-tives" the credit of doing what the doctors said was impossible.

I am now seventy-six years old, and in first class health"

GEO. W. BARKLEY.

In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-tives".

This famous fruit medicine acts directly on the kidneys—healing and strengthening them—and ridding the system of the waste matter that poisons the blood.

50c. a box, 6 for $2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

The Daily Review.

THURSDAY, SEPT. 19, 1912.

A WHEAT QUESTION

The Toronto Globe calls the Toronto News to task for stating that the United States will have considerable more wheat for export from this year's crop than Canada. The Globe quotes Broomhall, the famous London authority, to the effect that the United States will have 96,000,000 bushels for export, while Canada will have 112,000,000, and wants to know whether the News is to be counted as greater than Broomhall. The outstanding fact of the question, however, is this: The United States had last year only 23,000,000 bushels for export, and the year before about 60,000,000. During the reciprocity campaign, the argument was constantly used by the Liberals that the United States was about to quit the ranks of the wheat exporters, and that this was the market for Canadian wheat. Wheat is a commodity of which the population uses only what it requires for feeding and no more, so the fact that the United States has this year a surplus nearly four times what it had last year does not indicate that it is quitting the ranks of the wheat exporters very quickly.

As a matter of truth, the size of the export depends quite largely on the state of the weather for a few weeks previous to harvesting. If the weather is very favorable, there will be a yield of a few bushels more per acre, and this spread over the immense wheat areas of the Republic will materially increase the exportable surplus. As for the United States itself being a consumer for Canadian wheat, that prospect is yet in the far future. All it could do to Canadian wheat now would be to use some of it for milling, displacing some of its own wheat, and export the rest. The question really is whether exporting by American routes, and through the hands of Chicago grain manipulators, would be more profitable to the grain-grower of the Canadian west than exporting through Canadian channels.

SIR WILFRID PRAYS

Sir Wilfrid Laurier, at Sturgeon Falls, prayed Heaven to forgive the sins of the Canadian voters, seeing that they erred on September 21st, last, without knowing what they did. Hon. George P. Graham opened the phials of his sympathy, and Hon. Chas. Murphy, as if to make amends, lashed himself into a rage and roundly abused the members of the Dominion Cabinet, in the fullness of his wrath even going so far as to say that lying is the trade of some of those distinguished gentlemen.

If Sir Wilfrid has time for prayers he might offer up a petition that his former Cabinet colleague be endowed with a more Christian spirit. His invocation on behalf of the majority of the electors is likely to avail him nothing, seeing that there is no ground for such a request. Not only did the voters commit no sin against Canada or Heaven, but they did what they did with their eyes wide open, clothed and in their right minds and so far have given no indication that they have repented of their course. What Sir Wilfrid and his friends must regard as a misfortune would befal them again to-morrow if the opportunity offered. Surely the defeated Liberal leader does not assume to see any parallel between what was done to him last September and the epoch-marking tragedy which was enacted on the Mount and in which the Chief Sufferer offered up the prayer which Sir Wilfrid has made bold to repeat.

Hon. George P. Graham, fairly bubbled over with sympathy for his successful opponents. "Poor Mr Borden," the ex-minister is reported as saying, "he went to England and said nothing and kept on saying it." This assertion was made in the face of the fact that when he was in Europe Premier Borden's speeches were reported in full by all the leading journals wherever he spoke and that he was acclaimed by people and press alike as one of the greatest statesmen of the day. Mr. Graham seems, too, to have overlooked the fact that since his return to Canada the Premier's lot has been one round of triumph and that in the capital city of Ontario he is to be accorded one of the greatest non-partisan honors that was ever paid a public man in Canada.

Commiseration, coming as it does from a defeated opponent who cannot clear himself of the suspicion that he is jealous of the success of a rival, is worse than wasted. Premier Borden requires none of it, but if Mr. Graham is overstocked with that commodity, he can find subjects in plenty in the ranks of his own shattered political organization.

BRITISH TARIFF REFORM

Dr. Carl Von Tyszka, a German economist, has been studying the position of German workmen as compared with those in Great Britain. He has come to the conclusion that the British workman is better off than the German, Belgian or French workman. In the first place, the British workman earns 25 cents more than the German, and 26 per cent more than the Frenchman, and his rent and doctor bills make up a small percentage of his wages than is paid for similar purposes by the workman in France and Belgium.

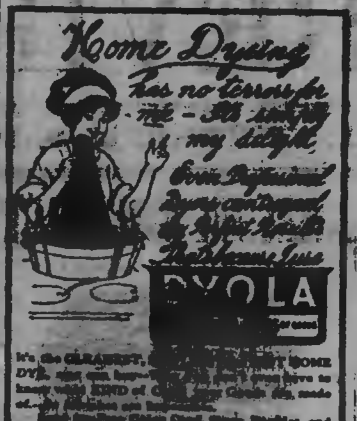
According to this German authority, the necessaries of life are 17 per cent higher in Germany, and 18 per cent. higher in France than in the British Isles. This difference in the wages and cost of necessities expressed in tabular form is—

	France	Germany	Britain
Wages	100	108.8	136
Price of Necessaries	100	109.85	85.47

As between the economic position of the British and German workman the same general result has been obtained by other investigators. The argument seems really to be one in favor of free trade in Britain, as against tariff reform. The insular position of Britain makes its case unique. For Canada, a protective tariff sufficient to keep out the surplus American production is an absolute necessity for national development. But the British position is such that a protective tariff applied to food products would inevitably increase the cost of living to the workman, and this would be reflected in an increase of cost to the manufacturing products. Britain now is a market for $250,000,000 worth of manufactured goods from Germany, and if the cost of manufacturing were considerably raised its importations would probably much increase. The benefits of Tariff Reform are based upon such slight grounds that the Unionists would be well advised not to press the Chamberlain propaganda.

EDUCATION IN QUEBEC

The Gouin Government in Quebec has adopted a most commendable attitude towards the encouragement of public school education. Though the Quebec educational authorities, headed by Archbishop Bruchesi, seem to be opposed to the liberalising of education in the public schools, and through the political force they wield have kept the educational system the most backward of any province in Canada, the Gouin Government is making some little headway in the matter. It would manifestly be bad politics for the political leaders in Quebec to tweak the nose of the church in this matter, but it is not to be doubted that there are some signs of unrest. The Protestant schools in Quebec are also in a very impoverished condition. Their number is about 900 and of these 80 have 5 pupils or fewer, 120 between 5 and 10, 135 from 10 to 15, and 435 have an average of 12 pupils. The salaries of the teachers are ridiculously low, the pay frequently running only $15 to $20 a month. It is no wonder that a campaign for more money and better methods has been commenced. The arousing of rural Quebec is an immense effort, but the movers are making some headway toward getting salaries placed on a little better basis. The whole progress of rural Quebec is bound up in the question of whether the educational system can be revivified and regenerated. The apathy of the rural school boards is typical of the indifference of the people as to whether education is given at all or not. There is no encouragement to the placing of the system on an efficient basis in the opportunities of the home life. The children are taught to stay in Quebec, largely because of the racial influences brought to bear upon them when young, and thus while Quebec does not suffer as seriously as Ontario from rural depopulation, the actual balancing of the provincial prosperity is much less easily accomplished.



Home Dyeing
has no terrors for me — It's simply my delight
DYOLA

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Take Hall's Family Pills for constipation.

ELECTRIC NIAGARAS.

French Scheme For Draining the Clouds of Electricity.

Assuming that electricity in the clouds is the sole cause of the production of hail, experiments are being made in France with apparatus designated as "electric Niagaras" to "drain" the clouds of electricity.

In installing the apparatus huge copper points, bound together by bands of the same metal, are placed on the summit of a high tower or chimney, very much in the same way as lightning rods.

These are connected with a copper band, which leads to the ground and ends in a reservoir filled with water. By this route, says Popular Mechanics, the atmospheric electricity flows down into the earth. The first sudden charge is replaced by a permanent one, which empties the clouds, so to speak.

The experiments with "electric Niagaras" have been carried on for some time, but M. Violle, a member of the French Academy of Sciences delegated to judge the results, reports that it is still too early to estimate the practical value. A test on a far larger scale was considered necessary, and quite recently the installation of an apparatus of exceptional capacity was completed on the Eiffel tower.

Almost at the summit of the tower has been placed a group of points that resemble a huge garden rake. They are bound together with bands of pure copper, and a heavy copper band leads to a tank of water in the ground. During the summer this apparatus, it is hoped, will prove the practicability of the idea, but three or four years will probably be required before it is possible to place an exact estimate on the true value of the system.

DATES OF FALL FAIRS

The Central Fairs Association arranged the following schedule of dates of the fall fairs:

Keene Fair—Tuesday and Wednesday October 1st and 2nd.
Norwood—October 8th and 9th.
Port Hope, Sept. 24, 25.
Frankfort, Sept. 19, 20.
Madoc, Sept. 23, 24.
Mariposa, Sept. 23, 24.
Campbellford, Sept. 24, 25.
Bobcaygeon, Sept. 24, 25.
Picton, Sept. 25, 26.
Roseneath, Sept. 26, 27.
Castleton, Sept. 27, 28.
Colborne, Oct. 1, 2.
Tweed, Oct. 2, 3.
Millbrook, Oct. 3, 4.
Warkworth, Oct. 3, 4.
Ameliasburg, Oct. 4, 5.

THE MARKET

Latest Quotations in Grain Dairy Products, Live Stock Etc

Liverpool Wheat Futures Close Lower, Chicago Higher—Live Stock —Latest Quotations.

CHICAGO, Sept. 18.—Frost northwest and drought southwest made corn the speculative leader today on the board of trade. The price of the cereal made a net advance of ⅝c to 1⅝c. Latest trading left wheat varying from ⅛c off to ⅝c up, oats at a gain of ⅛c to ⅝c and provisions ranging from 10c decline to a rise of 2½c to 5c.

Wheat closed at Liverpool ¼d lower, corn, ¼d to ⅜d lower.
Wheat at Berlin closed 1¼c higher.
Buda-Pest, ⅝c lower.
Paris closed unchanged to ¼c lower.
Antwerp, unchanged.

Montreal Grain and Produce.

MONTREAL, Sept. 18.—There was a good enquiry from foreign buyers for Manitoba spring wheat, but cables from the United Kingdom were poor, while those from the continent were firmer and 1½d higher in some cases, consequently a little business was worked to the latter ports. American corn is weaker and lower, with sales of car lots to arrive at [illegible] to 84c. The oats situation is becoming very strong, owing to the limited supplies available on spot and in the west, and in consequence some millers have been obliged to close down their oatmeal mills for want of stock. On spot the demand is good, with sellers now asking [illegible] for sample oats, and buyers bidding [illegible]. Graded oats are scarce and ½c higher. The demand for Ontario malting barley is fair, and sales of some round lots of choice quality were made at 75c. A steady business is passing in new crop spring wheat flour for export, and the local demand for old is fair. The demand for millfeed is in excess of the supply. An easier feeling prevails in the butter market, but prices show no change. In cheese a fair amount of business is doing at firmer prices. Dressed hogs advanced 25c on small supplies and good demand.

Corn—American No. 2 yellow, 83c to 84c.
Oats—Canadian western, No. 2, [illegible] to 52½c; No. 3, 50½c to 51c; extra No. 1 feed, 51½c to 52c.
Barley—Man. feed, 60c to 61c; malting, 70c to 75c.
Buckwheat—No. 2, 74c to 75c.
Flour—Manitoba spring wheat patents, firsts, $5.80; seconds, $5.30; strong bakers, $5.10; winter patents, choice, $5.25; straight rollers, $4.85 to $4.90; bags, $2.25 to $2.35.
Rolled oats—Barrels, $5.00; bags, 90 lbs., $2.37½.
Hay—No. 2, per ton, car lots, $13.00 to $14.
Cheese—Finest westerns, 13½c to 13¾c; finest easterns, 13¼c to 13½c.
Butter—Choicest creamery, 27½c to 27¾c; seconds, 26¾c to 26½c.
Eggs—Selected, 29c to 30c; No. 1 stock, 21c to 23c.
Potatoes—Per bag, car lots, 70c to 75c.
Hogs—Dressed, abattoir killed, $12.25 to $12.75.
Pork—Heavy Canada short mess, bbls., 35 to 45 pieces, $27; bbls., 45 to 55 pieces, $27.
Lard—Compound, tierces, 375 lbs., $10.25; wood pails, 20 lbs. net, $10.75; pure, tierces, 375 lbs., $14.25; wood pails, 20 lbs. net, $14.75.

Minneapolis Grain Market.

MINNEAPOLIS, Sept. 18.—Close—Wheat—September, 87½c; December, 89¾c; May, 94½c; No. 1 hard, 90½c; No. 1 northern, 88½c to 90½c; No. 2 do., 85½c to 88½c.
Corn—No. 3 yellow, 70½c to 71c.
Oats—No. 3 white, 30c to 31c.
Rye—No. 2, 60c to 61½c.
Flour—First patents, $4.35 to $4.65; second patents, $4.20 to $4.50; first clears, $3.30 to $3.50; second clears, $2.30 to $2.60.

CATTLE MARKETS.

Toronto Live Stock.

TORONTO, Sept. 18.—Receipts of live stock at the City Market were 12 cars, 154 cattle, 262 hogs, 258 sheep and 8 calves.

J. B. Dallane bought 16 stockers, 850 lbs. each, at $4.50 per cwt.; 8 heifers, 770 lbs., at $4.75.

Messrs. Sparkhall & Talbot bought 5 butchers, 750 lbs. each, at $5; 3 springers, at $55 each; 1 bull, at $3.50 per cwt.

Joshua Ingham bought 98 lambs, at $6.25 per cwt.

Montreal Live Stock.

MONTREAL, Sept. 18.—At the Canadian Pacific live stock market the receipts of live stock for the week ending Sept. 14 were 1850 cattle, 2700 sheep and lambs, 2250 hogs and 950 calves, while the offerings on the market this morning amounted to 1000 cattle, 1300 sheep and lambs, 1500 hogs and 400 calves.

A weaker feeling prevailed in the market for cattle and prices declined owing to the increased supplies of common and medium stock coming forward, which have also had a depressing influence on the market for choice beeves. At the reduced prices there was a good demand from butchers and a fairly active trade was done. The top price realized for choice steers was $6.50, while medium sold at $5 and $6 and inferior to common at $3.50 and $4.50 per 100 pounds.

There were no choice butchers' cows on the market, but the best brought $5 and the lower grades from that down to $3.50 per 100 pounds. The quality of the bulls offered was inferior and only fit for canning purposes, for which the demand was fair at $2.75 to $3 per 100 pounds.

There was no change in the condition of the market for small meats. The offerings of lambs were fair, for which the demand was good, and sales of Quebec stock were made at $5.50 to $5.75 per 100 pounds, and there were no Ontarios on the market. The demand for calves was good, with sales of milk-fed stock from $3 to $10 and grass-fed at from $2.50 to $3 each. Hogs were stronger and prices advanced 10c per 100 pounds, with sales of selected lots at $8.65 to $8.90 per 100 pounds, weighed on cars.

Chicago Live Stock.

CHICAGO, Sept. 18.—Cattle—Receipts, 17,000; market steady to 10c up; beeves, $6.25 to $11 (new high record); Texas steers, $4.00 to $6.75; western steers, [illegible] to $9.25; stockers and feeders, $4.30 to $7.15; cows and heifers, $3.00 to $9; calves, $8 to $11.00.

Hogs—Receipts, 25,000; market 5c lower; light, $8.05 to $8.70; mixed, $7.90 to $8.80; heavy, $7.75 to $8.50; rough, $7.75 to $7.95; pigs, $5 to $7.90; bulk of sales, $8.05 to $8.50.

Sheep and Lambs—Receipts, 33,000; market steady to 10c lower; native, $3.50 to $4.60; western, $3.60 to $4.60; yearlings, $4.70.

Cheese Markets.

MADOC, Sept. 18.—There were 410 cheese boarded; all sold at 13 5-16c.

Adventure

A Romance of The South Seas

BY

JACK LONDON

Copyright, 1910, by Street & Smith
Copyright, 1911, by the Macmillan Company

"No, of course not," she admitted. "But to be among them, controlling them, directing them, 200 of them, and to escape being eaten by them—that, at least, if it isn't romantic, is certainly the quintessence of adventure. And adventure and romance are allied, you know."

"By the same token, to go into a nigger's stomach should be the quintessence of adventure," he retorted.

"I don't think you have any romance in you," she exclaimed. "You're just dull and somber and sordid, like the business men at home. I don't know why you're here at all. You should be at home placidly vegetating as a banker's clerk or—or"—

"A shopkeeper's assistant, thank you."

"Yes, that—anything. What under the sun are you doing here on the edge of things?"

"Earning my bread and butter, trying to get on in the world."

"'By the bitter road the youngest son must tread ere he win to hearth and saddle of his own,'" she quoted. "Why, if that isn't romantic, then nothing is romantic. Think of all the younger sons out over the world, on a myriad of adventures, winning to those same hearths and saddles. And here you are in the thick of it, doing it, and here am I in the thick of it, doing it."

"I—I beg pardon," he drawled.

"Well, I'm a younger daughter, then," she amended; "and I have no hearth nor saddle—I haven't anybody or anything—and I'm just as far on the edge of things as you are."

"In your case, then, I'll admit there is a bit of romance," he confessed.

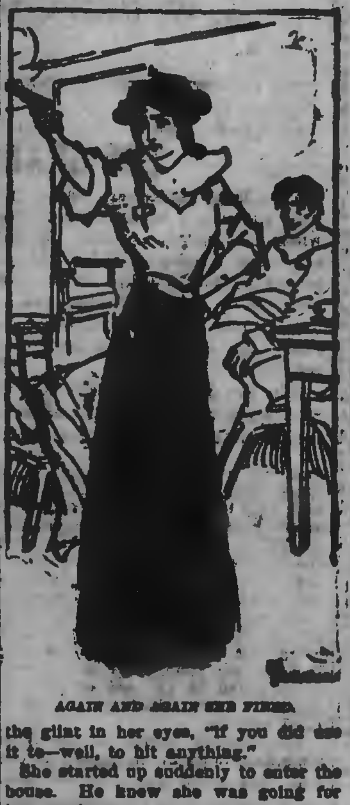
He could not help but think of the preceding nights and of her sleeping in the hammock on the veranda under mosquito curtains, her bodyguard of Tahitian sailors stretched out at the far corner of the veranda within call. He had been too helpless to resist, but now he resolved she should have his couch inside while he would take the hammock.

"You see, I had read and dreamed about romance all my life," she was saying, "but I never in my wildest fancies thought that I should live it. It was all so unexpected. Two years ago I thought there was nothing left to me but"— She faltered and made a moue of distaste. "Well, the only thing that remained, it seemed to me, was marriage."

"And you preferred a cannibal isle and a cartridge belt?" he suggested.

"I didn't think of the cannibal isle, but the cartridge belt was blissful."

"You wouldn't dare use the revolver if you were compelled to. Or," noting the glint in her eyes, "if you did use it to—well, to hit anything."



AGAIN AND AGAIN SHE FIRED.

She started up suddenly to enter the house. He knew she was going for her revolver.

"Never mind," he said, "here's mine. What can you do with it?"

"Shoot the block off your flag halyards."

He smiled his unbelief.

"I don't know the gun," she said dubiously.

"It's a light trigger and you don't have to hold down. Draw fine."

"Yes, yes," she spoke impatiently. "I know automatics—they jam when they get hot—only I don't know yours." She looked at it a moment. "It's cocked. Is there a cartridge in the chamber?"

She fired, and the block remained intact.

"It's a long shot," he said, with the intention of easing her chagrin.

But she bit her lip and fired again. The bullet emitted a sharp shriek as it ricochetted into space. The metal block rattled back and forth. Again and again she fired, till the clip was emptied of its eight cartridges. Six of them were hits. The block still swayed at the gaff end, but it was battered out of all usefulness. Sheldon was astonished. It was better than he or even Hughie Drummond could have done.

"That's really good shooting—for a woman," he said. "You only missed it twice, and it was a strange weapon."

"But I can't make out the two misses," she complained. "The gun worked beautifully too. Give me another clip and I'll hit it eight times for anything you wish."

"I don't doubt it. Now I'll have to get a new block. Viaburi! Here, you fella, catch one fella block along storeroom."

"I'll wager you can't do it eight out of eight—anything you wish," she challenged.

"No fear of my taking it on," was his answer. "Who taught you to shoot?"

"Oh, my father at first and then Von and his cowboys. He was a shot—dad, I mean, though Von was splendid too."

Sheldon wondered secretly who Von was, and he speculated as to whether it was Von who two years previously had led her to believe that nothing remained for her but matrimony.

"What part of the United States is your home," he asked—"Chicago or Wyoming or somewhere out there?"

"No; Hawaii. I was born there. It is a beautiful land. My, I'm almost homesick for it already. Not that I haven't been away. I was in New York when the crash came. But I do think it is the sweetest spot on earth—Hawaii, I mean.

"I might as well begin at the beginning." She lifted her head with a proud air of dismissing distress after the manner of a woman qualified to wear a Baden-Powell and a long barreled Colt's. "I was born at Hilo. That's on the island of Hawaii, the biggest and best in the group. I can't remember when I first got on a horse nor when I learned to swim. That came before my A B C's. Dad owned cattle ranches on Hawaii and Maui—big ones for the islands. Hokuna had 200,000 acres alone. It extended in between Mauna Kea and Mauna Loa, and it was there I learned to shoot goats and wild cattle.

"Von had been in the army, and dad was an old seadog, and they were both stern disciplinarians—only Von's girls had no mother, and neither had I, and they were two men, after all. They spoiled us terribly. You see, they didn't have any wives, and they made chums out of us—when our tasks were done. We had to learn to do everything about the house twice as well as the native servants did it—that was so that we should know how to manage some day.

"More than once one or the other of us had our rifles taken away for a week just because of a tiny speck of rust. We had to know how to build fires in the driving rain, too, out of wet wood when we camped out, which was the hardest thing of all—except grammar, I do believe. We learned more from dad and Von than from the governesses; dad taught us French and Von German. We learned both languages passably well, and we learned them wholly in the saddle or in camp. When I was sixteen we three girls were all sent up to California to Mills seminary, which was quite fashionable and stifling. How we used to long for home! We didn't chum with the other girls, who called us little cannibals, just because we came from the Sandwich Islands and who made invidious remarks about our ancestors banqueting on Captain Cook—which was historically untrue, and, besides, our ancestors hadn't lived in Hawaii.

"I was three years at Mills seminary, with trips home, of course, and two years in New York, and then dad went smash in a sugar plantation on Maui. Dad had nothing left, and he decided to return to the sea. He'd always loved it, and I half believe that he was glad things had happened as they did. He was like a boy again—busy with plans and preparations from morning till night. He used to sit up half the night talking things over with me. That was after I had shown him that I was really resolved to go along. We were ready to start to Tahiti, where a lot of repairs and refitting for the Miele were necessary, when poor dad came down sick and died."

"And you were left all alone?"

Joan nodded.

"Very much alone. I had no brothers or sisters, and all dad's people were drowned in a Kansas cloudburst. That happened when he was a little boy. Of course I could go back to Von. There's always a home there waiting for me. But why should I go? Besides, there were dad's plans, and I felt that it devolved upon me to carry them out. It seemed a fine thing to do; also I wanted to carry them out. And here I am.

"Take my advice and never go to Tahiti. It is a lovely place, and so are the natives, but the white people! Now, Barabbas lived in Tahiti. Thieves, robbers and liars—that is what they are. The honest men wouldn't require the fingers of one hand to count. The fact that I was a woman only simplified matters with them. They robbed me on every pretext, and they lied without pretext or need. Poor Mr. Erickson was corrupted. He joined the robbers and O. K.'d all their demands, even up to a thousand per cent. If they robbed me of 10 francs his share was 2.

"But when the robbers fell to cheating one another I got my first clews to the state of affairs. One of the robbed robbers came to me after dark with facts, figures and assertions. I knew I was ruined if I went to law. The judges were corrupt like everything else. But I did do one thing. In the dead of night I went to Erickson's house. I had the same revolver I've got now, and I made him stay in bed while I overhauled things. Nineteen hundred and odd francs was what I carried away with me. He never complained to the police.

"Then I sent to New Zealand and got a German mate. He had a master's certificate, and was on the ship's papers as captain, but I was a better navigator than he, and I was really captain myself. I lost her, too, but it's no reflection on my seamanship. The German mate was drowned. We lay all night to a sea drag, and next morning sighted your place here."

"I suppose you will go back to Von now?" Sheldon queried.

"Nothing of the sort. Dad planned to go to the Solomons. I shall look about for some land and start a small plantation. Do you know of any good land around here—cheap?"

"By George, you Yankees are remarkable—really remarkable!" said Sheldon. "I should never have dreamed of such a venture."

"Adventure," Joan corrected him.

"That's right—adventure it is. And if you'd gone ashore on Malaita instead of Guadalcanar you'd have been kai kai'd long ago, along with your noble Tahitian sailors."

Joan shuddered.

"To tell the truth," she confessed, "we were very much afraid to land on Guadalcanar. I read in the Sailing Directions that the natives were treacherous and hostile. Some day I should like to go to Malaita. Are there any plantations there?"

"Not one, not a white trader even."

"Then I shall go over on a recruiting vessel some time."

"Impossible!" Sheldon cried. "It is no place for a woman."

"I shall go just the same," she repeated.

CHAPTER VI.

TEMPEST.

IT was the first time Sheldon had been at close quarters with an American girl, and he would have wondered if all American girls were like Joan Lackland had he not had wit enough to realize that she was not at all typical. Her quick mind and changing moods bewildered him, while her outlook on life was so different from what he conceived a woman's outlook should be that he was more often than not at sixes and sevens with her. He could never anticipate what she would say or do next. Her temper was quick and stormy, and she relied too much on herself and too little on him, which did not approximate at all to his ideal of woman's conduct when a man was around. Her assumption of equality with him was disconcerting, and at times he half consciously resented the impudence and bizarreness of her intrusion upon him, rising out of the sea in a howling nor'wester, fresh from poking her revolver under Erickson's nose, protected by her gang of huge Polynesian sailors and settling down in Berande like any shipwrecked sailor. It was all on a par with her Baden-Powell and the long 38 Colt's.

To be continued

A woman has more confidence in a minister than a man has in a physician.

Winnipeg Roman Catholics will probably build their own schools and lease them to the P.S. Board for administration.

THREE YEARS OF MISERY

Mrs. Burnside Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Mahoningtown, Pa.—"For three years I suffered untold misery every month, and had to stay in bed the first two or three days. I also had a displacement and other ailments peculiar to women. I became so weak and run down I could scarcely walk across the floor.

"The doctor told me I would never be well unless I would undergo an operation, but I was advised by my mother to take Lydia E. Pinkham's Vegetable Compound and after I had taken four bottles I am strong and well. I have got others to take your medicine with the same good results and they cannot say enough for it."—Mrs. J. A. BURNSIDE, Mahoningtown, Pa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Women who suffer from those distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

TO A HERO, AGED SIX.

[A contemporary has been asserting that the tendency inherent in the breast of a small boy or girl to hunt flies is implanted by nature and should be encouraged.]

Clarence, your war upon that insect terror,
The housefly, is in truth a grand crusade.
Yet people, blinded by the scales of error,
Deep sorrow for your foe have oft displayed,
And you for acting like a perfect hero
Have been pronounced a brute, an infant Nero.

But there was instinct planted deep within you,
A force which dragged you to the window pane.
Impelled by that, you couldn't discontinue
Your ruthless course, so carpers howled in vain.
Indeed, the bitter draft of opposition
Whetted the appetite of your ambition.

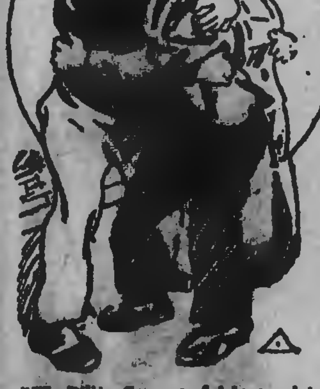
You trod the path well known to benefactors,
The weary road of calumny and blame,
But you have triumphed over your detractors,
Who hang their heads (at least they should) with shame.
You go unchallenged on the housefly's track
With science patting you upon the back.

And yet, I apprehend, a hero's halo
Will not appeal to your unworldly mind.
'Tis not for fame nor honor that you lay low
A pest that brings destruction to mankind.
What made your purpose firm, your spirit strong?
The simple thought that you were doing wrong!

No longer can your spoil be called ill gotten,
And so, of course, your occupation's gone.
Your once delightful sport seems simply rotten
When dear old dames applaud and urge you on.
Yes, Clarence, vanished are your palmy days.
The world has damned you with unstinted praise!

—Punch.

Mixed.



"Hi, Bill! Come and 'elp me let go ov 'im."—Sketch.

Child Covered With Eczema

Zam-Buk Worked Complete Cure

Mrs. A. J. Cameron, of Melita, Man., writes: "When my little boy was six weeks old he had eczema. The sores simply covered his face and head, and I had to tie his hands to keep him from scratching and making them bleed. The doctor gave me several kinds of ointment, but they did no good. I then tried fourteen boxes of an advertised remedy. Still there was no improvement! I tried another ointment, and several medicinal soaps, but the poor little fellow still continued to suffer, and I began to fear nothing would do him any good. He suffered in this way for over a year, when one day a friend said, 'Why don't you try Zam-Buk?'

"I began with this balm, and a week's treatment made a great difference. I persevered, and within a month every sore was healed! I feared that the sores having been so bad on his head his hair would not grow, but thanks to Zam-Buk his scalp is perfectly healthy; and he has long curls now."

For all skin diseases, cuts, burns and blood poisoning use Zam-Buk and Zam-Buk Soap. All dealers and stores, and Zam-Buk Co., Toronto.

Surf Curls.

Have you seen the "surf curls?"

They consist of a string of tiny curls to fasten inside the bathing cap when your hair is twisted tightly on top of your head to keep it from the salt water. These beach curls are warranted to stay in kink, and they give you a coquettish look when your neighbors are far from looking their best.

There are other strings of curls for placing inside the boudoir cap. These are longer than those for surf use and are more costly and complicated. It is really getting to the place where one need not comb one's hair at all unless one wishes to waste time.

A Laundry Hint.

If you wish to have table linen look nice do not put it through the wringer, as it makes creases that will not come out even if the cloth is ironed when very damp. By rinsing very thoroughly is looks better even if not wrung very dry. Just try it and see. In fact, any clothes that you wish to look very fine when ironed you will find come out a great deal better if wrung by hand.

A Bane to Good Figures.

Rocking chairs are a bane to good figures, for it is impossible to sit in one and not double up even a little. Once in awhile, as a great luxury, this does not matter, but the practice of using one, getting into it and sliding down to rock, is injurious to a well shaped body.

Nothing pleases an ignorant man so much as a chance to hand out some information.

WHILE every man, whether he works for others or for himself, should carry a **LIFE INSURANCE POLICY**. There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

NUGENT'S SARSAPARILLA

Price, large bottles, 100 full doses 85c—and well worth it, too. It's better to take no medicine at all than to depend upon cheap concoctions that are compounded to sell at a low price and a big profit, just because there is a large demand for certain remedies at certain seasons of the year.

There are so-called sarsaparillas offered to us to sell to our customers at 50c a bottle that would pay us a larger profit than Nugent's Sarsaparilla sold at 85c.

Nugent's Sarsaparilla purifies the blood, arouses the torpid liver, drives out all impurities, cleanses and tones up the system.

Nugent's Sarsaparilla has been on the market for over 25 years. We sell it and recommend it as a truly scientific and trustworthy remedy.

SERVICE OF HARVEST TIME

At St. Luke's To-night With Toronto Rector as Preacher.

St. Luke's Harvest Festival will be held to-night at 8 o'clock, when special music will be rendered by the choir and the preacher will be the Rev. J. S. Broughall, rector of Grace Church, Toronto. The Harvest Festival services will be continued on the following Sunday when the Rev. J. Price will preach in the morning and the rector in the evening.

PERSONALS

Miss L. Jackson, of Winnipeg, is visiting her cousin, Mrs. H. Zealand, of Maitland avenue.

Mr. A. E. Miscampbell has been transferred from Millbrook to the local branch of the Dominion Bank.

Miss Minnie Huston, of the Turnbull staff, is on her vacation, renewing old acquaintances in Hamilton.

Miss Marion McIntosh has returned to her home in Hamilton after spending her summer holidays in the city.

Rev. Canon Davidson left this afternoon for Toronto to attend the convention of the Brotherhood of St. Andrew. He will take the opening session to-morrow morning. Representatives from St. John's are Messrs. F. Dainton, president of the Bible Class; Arthur Theobald and Arthur Horsfield.

FUNERAL OF THE LATE MR. WHYTE

Large Number of Friends Present at the Obsequies.

The funeral of the late John Whyte, who met death on Tuesday last at Norwood, when he was struck by the Montreal express, took place this afternoon from his residence in Norwood to the Norwood Cemetery. His nephew, Mr Sam Long, and other relatives from this city were among the number of friends who paid their last respects to the late Mr. White.

REV. WM. CLARKE WAS HEARD HERE

The Rev. William H. Clarke, of St. Barnabas church, Toronto, who died on Tuesday, preached in St. John's church at a Lenten service some time ago. Rev. Mr. Clarke's first parish was in Haliburton, after which he left for Holton, Ont., and from there he went to Toronto where he founded the parish of St. Barnabas.

LAMP FROM JERUSALEM HANGS IN ST. JOHN'S CHURCH

Was Presented to Congregation and Dedicated to the Memory of the Late Mrs. Charles Perry, at Special Service.

An interesting and impressive ceremony took place in St. John's church last night, when a handsome lamp was dedicated to the memory of Mrs. Charles Perry, who died last spring.

After the reading of the special psalm lesson and appropriate prayers and the singing of a hymn, Canon Davidson spoke upon the life of the late Mrs. Perry, although not intimately. He referred to the lamp as being an appropriate symbol of the one departed. After the address the memorial hymn, "Hush, Blessed are the Dead," was sung, after which came the unveiling. With the impressive words, "In the name of the Blessed Trinity for the beautification of His House of Prayer, and the loving memory of Frances Margaret Gilchrist Perry, we dedicate this lamp," the veil was removed, the tablet uncovered, and "Praise God from Whom all Blessings Flow," was sung. Following this came the beautiful and appropriate hymn, "Lead Kindly Light," and special dedicatory prayer and the service was concluded with the benediction.

Mrs. Perry came to this city when a child and spent her long life here as a member of St. John's church. She was a daughter of Dr. Gilchrist of Cobourg and Keene, and at one time of this city. He was one of the first residents of Keene, and it was he who named the village. Her husband, the late Charles Perry, was one of the first members of Parliament for the riding, after which he became Collector of Customs. His office was in the house now occupied by Dr. Gowan on Brock street. Mrs. Perry brought up a large family, all of whom are doing well. Most of them have left Peterborough with the exception of Mr. Frank Perry of the Lock Works, Miss Helen Perry, of Harvey street, and Miss Maude Perry of the Bell Telephone Company who will leave shortly for British Columbia.

With the assistance of the Anglican clergy of Jerusalem, a correct copy in pure silver, of one of the lamps, which hung in the Church of the Holy Sepulchre, was made. It is of Greek design and of very fine workmanship and is the most costly and beautiful presentation ever made to St. John's church. It also gives to the church, an art treasure which probably has no counterpart in Canada.

The lamp is hung in the centre of the chancel, with a blue light burning, and forms a central object of richness and beauty to the eyes of all who enter the church.

The lamp was made a correct copy of those hanging in the Church of the Holy Sepulchre, through the instrumentality of Dr. Yates of the Anglican clergy of Jerusalem. To those who do not know, it might be well to state that the English Church has established in Jerusalem a bishop and two canons, and other clergy, and also a medical hospital. Dr. Gould, who was medical missionary from the Canadian Church and superintendent of the hospital, is now succeeded by Dr. Thewaites, who holds the same position. So it can be seen that Canada is well represented in the Holy Land.

Co-Star with Lula McIntyre in "The Girl of My Dreams," Grand Opera House, Monday, Sept. 23rd.

A Company of 70 people and an augmented Orchestra is carried with this gorgeous production. Seat Sale opens To-morrow Morning.

BELMONT FARMER ASKS FOR DAMAGES OF $5,000

He Fell Into Deep Excavation, Said to Have Been Made by C. P. R.

Alex. Leeson, a prominent farmer of Belmont township, has issued a writ against the Canadian Pacific Railway claiming $5,000 damages for injuries suffered through alleged negligence of the company. The case will be heard before Mr. Justice Clute at the Fall Assizes which open on Monday, Sept. 23rd.

The circumstances are that the plaintiff Leeson, while walking from the Blairton flag station to the highway leading into the village, fell into a deep excavation made by the company. The accident occurring at night time, the plaintiff claims that he was unable to see the hole, and that there was no light or guard at the espot to indicate its proximity. Mr. Leeson says that the excavation was close to the path leading to the said highway.

The plaintiff sustained a badly injured arm, and a dislocated shoulder and was otherwise injured externally and internally. He also affirms that he is prevented from pursuing his occupation as a farmer and that his injuries may permanently disable him.

Messrs. MacMurchy and Spence, of Toronto, will appear for the Canadian Pacific Railway, and Messrs. Hall, Medd and Davidson for the plaintiff.

On the criminal list the only case will be that of William Leal charged with the attempted murder of his wife.

Messrs. G. N. Gordon and Basil Hall are working on behalf of the prisoner, with Crown Attorney Wood prosecuting.

CIVIL SERVICE

Candidates for Examination Asked to Notify the Postmaster.

As civil service examinations are to be held at different points this fall, an effort is being made to have an examination held here on November 12. There are a number of prospective candidates at the Post Office and if there are others in the city Postmaster Edgar asks that he be communicated with as soon as possible.

A Unique Sheaf

Not a few people were attracted to notice the "sheaf of wheat" made with bread, which is displayed in Coleman's window to-day. It was made by the Coleman Bros. for St. Luke's Harvest Festival and is remarkably well made.

Occasionally the sense of humor can be exchanged for dollars.

When the modern bride promises to "obey," she has her fingers crossed.

GRAND VIEW HEIGHTS

Is a Residental Property Commanding View of the Whole City

The growth of Peterboro in the past few years has been the wonder of more than one visitor or "old boy" who have found their way to the Electric City for a vacation. No matter in what direction one finds his way, building operations are in progress, and all sides is to be seen the tread of progress. Vacant property, lying waste for many years, with not the most presentable appearance has disappeared and up-to-date and handsome residences, a credit to the builders and city alike, stand tenanted to-day.

MUST REACH OUT NOW

And slowly but surely, properties to be acquired, within the city, and at a reasonable price have been taken up, until now it is necessary to break away from the city as it were and find building sites elsewhere.

The statement that many citizens of Peterboro fail to realize the enormity of the building operations, say even in the last five or six years, may not be very far from the correct mark. The southern portion of the city has grown tremendously and people who bought property a few years ago, have more than doubled their money and have bought again repeatedly.

GRAND VIEW HEIGHTS

Here is an illustration of progress. One year ago, people would walk in a westerly direction on Sherbrooke street, and finding themselves on the top of the hill, commonly known as Bertie Morrow's Hill, the logical comment was "My, what a swell place to live." To the north was the handsome residence and grounds of Mr. Morrow, looking to the east, practically all the city was in view.

The property across the road, however, did not present an appearance calculated to bring cheer. There were weather-beaten trees, old stumps and boulders. To-day, on this property are five neat and attractive residences, four of which are occupied.

Mr. H. J. McCannon is responsible for the change. The name chosen, "Grand View Heights," is a particularly appropriate one, as the view presented is, one not gained in any other part of the city. Mr. W. Harrison has about completed a contract for removing a number of stumps which were deeply rooted in the ground and with their disapperance will come grading operations. The Otonabee Power Company will shortly erect a pole line giving electric lighting conveniences and in a short time even a greater change will have been made. Purchasers of lots here have had very remunerative returns by way of deals. Mr. McCannon has several lots to offer and will be pleased to give particulars.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

THE BURDOCK QUESTION.

To the Editor of the Review.

Dear Sir,—Evidently the residents of Gilchrist street have not travelled much about the city since they lay claim to the best burdock patch in the city. I would be pleased to direct their attention to the flourishing patch on Armour's Hill, and along Hunter street, on the way to the lift lock. The many visitors to this place must be most forcibly impressed with cleanliness of the city, but for good, strong, healthy young plants I believe the county has the city distanced in the beautiful sloping beds on the north side of the Court House. The south approach to our Court House is kept beautifully trimmed and cut, but the sloping banks on Murray street are devoted to the culture of the burdock.

With the amount of weeds that are now going to seed, what will our crop be next year?

READER.

TO THE BOARD OF EDUCATION.

To the Editor of the Review.

Dear Sir,—The citizens of Peterborough are proud of the fact that they have assisted in the musical development of the city. They are also proud of the fact that the city has developed a talented soloist, who is now studying in Europe. I refer, of course, to Miss Halliban, whose splendid voice did so much to aid in the successful production of The Geisha.

It is understood that local talent are about to produce Handel's "Messiah." I believe that only two cities in Canada have as yet produced that famous masterpiece, Toronto and Montreal. The opportunity is now up to Peterborough.

May I suggest to the worthy gentlemen of the Board of Education that they have an excellent opportunity to assist in this higher musical education by assisting the Choral Society to locate a suitable auditorium for practices. The society will not stand in the way of minor expenses, but if they have to make a heavy outlay for a practice hall it will cramp the efforts of the society indefinitely.

I trust that all musically inclined persons will give this matter consideration and if an opportunity should present itself to them to take a personal interest in the choral work, that they will do so

R. G. STURGEON.

John Gofton, of Wroxeter, is well past 99 years of age, but says he is going deer shooting this autumn.

Look for the Price

"BILLY" AT THE GRAND

As a laugh producer there perhaps never has been any production which has quite equalled the famous farce comedy "BILLY" as presented by the Phillips Shaw Company, with Albert Phillips as the unfortunate "Billy Hargrave" and Miss Leila Shaw as the devoted sister "Alice."

Billy Hargrave, a football hero met with a painful accident in one of the recent college games, when four of his front teeth were kicked out, so that he was compelled to replace them with false ones which causes him to be extremely sensative regarding any mention of his accident especially by anyone outside of his family circle, so he had decided to take a trip to Havana ostensibly for his health, but more particularly so as to become accustomed to his false ivories, which are continually bothering him by falling out at the most inopportune time. The loss of these teeth when in the act of proposing begin the fun which ends with the final curtain.

This comedy comes to the Grand, Saturday, Sept. 21, matinee and evening. The seats are now on sale.

STEEL WORK FOR NEW CAR BARN IS ORDERED

The Dickson Bridge Works, of Campbellford, have received an order for the steel work for the new car barn to be erected by the Peterborough Radial Railway.

BELMONT DANCE

The Belmont Club held a very enjoyable dance last evening in their club house. Over thirty couples were present, and the affair, the first one of its kind this season, was a very successful one. The music was supplied in the most satisfactory manner by Howarth's orchestra, who on more than one previous occasion have delighted the Belmont members and friends.

Refreshments of the daintiest order were served by Hooper's, and in every way the dance was a pleasing affair. As the season progresses the Belmont Club will again hold their regular dances.

HOW ABOUT TAXING HYDRO-ELECTRIC

Important Question Now Before Toronto Court of Revision.

In view of the proposition now before the people to instal the Hydro-Electric in Peterborough, attention is called to the fact that the Court of Revision is trying to solve the problem of whether the Hydro-Electric System in Toronto is subject to taxation or whether, as civic property, it comes under the Exemption Act, and so escapes. Judgment was reserved.

A. F. Lobb, K. C., counsel for the Commission, argued that it is a civic enterprise on civic property, and so should be exempted as all other civic property is. He said, also, that all the profits of the business over the cost of upkeep and extension was paid into the city treasury. The Assessment Department's claim is that the Commission is liable to a business tax, more particularly as it enters into competition with other light and power companies. The appeal was taken against a small assessment on three lots in Gerrard street, but the decision will apply to all of the Commission's holdings in the city, and about one million dollars in all is involved.

SEASON FOR THE LATE RASPBERRIES

Mr. Wm. Lowe's of Emily Sends Some Fine Specimens.

The Review is in receipt of a couple of twigs of late raspberries, grown on the farm of Mr. William Lowes, East Emily, Pigeon Creek. The berries are fully as large as the thimble berry, and have a more luscious appearance. They are certainly extraordinary specimens of the fruit. Had there been a competition including raspberries at the recent exhibition, few, if any, more tempting samples could have been offered than those which rest in the Review

CHARGE IS WITHDRAWN

Two Young Men Are Honourably Acquitted at Police Court.

John Anderson a local man, claims to have lost a wad of bills amounting to $225.00. On suspicion of being implicated in the theft, two local young men were arrested at his instigation. Anderson, however, withdrew the charge this morning in police court, and the two young men, Leverne Killingbeck and Joseph Reynolds, were honorably discharged by Magistrate Dumble, with not the slightest suspicion resting upon them.

YOUNG PRINCES HAD THEIR JOKE

Posted Suffragette Banner on Winston Churchill's Door.

London, Sept. 19.—And now Royalty has begun perpetrating "suffragette outrages"; it leaked out today. The King's sons, Princes Albert and Henry, are the two miscreants. The incident happened just after some one looted the red flags from the golf course at Balmoral and left purple "votes for women" flags instead. That was bad enough, but how much worse it was when similar posters were found, a day or two later, plastered on the door of the guest-room of Lord of the Admiralty Winston Churchill, who was visiting at Balmoral Castle at the time. Likewise there were other posters on all the automobiles in the Royal garage.

The Queen was furious. She suspected the servants, and started a rigid investigation. It took a week of sleuthing to run down the real culprits—the two young Princes. —They didn't really sympathize with the "votes for women" campaign, they said, when they were cornered. They only did it for fun, and begged to be forgiven.

As there was nothing else to be done, the Royal clemency was finally extended. The Queen compelled both Princes to apologize in person to Churchill, however.

Phillip Pocock donated the $20,000 site for the new R.C. seminary at London, Ont.

BOARD OF WORKS DISCUSS $7.15 ACCOUNT OF DR. KING

Would it be Better to Pay the Account, Than Take a Chance in the Courts?—A Similar Case Cost Nearly $1000.

Dr. King's bill of $7.15 came up for discussion at the Board of Works' session last night, but it was not altogether decided what action should be taken, as the meeting terminated, through the introduction of other business, which called for the attention of the aldermen. City solicitor Hall advised that if the explanation of the Street Commissioner could be proven the city would not be liable.

The Street Commissioner was not on the street at the time, and made his report to the Board; from statements made by two men employed by the city and who were at work at the time when Dr. King says the accident occurred, the result being damages to his vehicle and harness.

Dr. King says the horse frightened at the cement mixer, boards and other material on Charlotte street, near the boundary road.

Mr. Evans says the mixer was on Frederick street; the workmen say they did not see the runaway.

Ald. Buller was of the opinion that the case was a hold-up.

Ald. Duffus wasn't quite sure as to the responsibility of the city. He held that if there was the slightest evidence of responsibility, the city would be the wiser to pay the bill.

It was noted that the action brought by Mr. Hatton, who met with the accident on Concession street, cost the city nearly $1,000.

A motion that no action be taken carried, but the discussion came to a close as Ald. Duffus appeared to favor moving an amendment.

The City Engineer and the Street Commissioner told of considerable trouble having been experienced when operations by the city were going on.

In some cases the barricades have been torn down.

In Dr. King's case the workmen had placed a barricade to protect the crossing, but left sufficient space for traffic. There were three men in the vehicle.

DEYELL HOOPER NUPTIALS

DEYELL—HOOPER

One of the prettiest weddings of the year took place at 2 o'clock this afternoon, at All Saints' church, when Miss Mabel Beatrice Hooper, eldest daughter of Mr. and Mrs. Thos. H. Hooper, Dalhousie street, was united in marriage to Mr. Arthur Rutherford Deyell, of Cobalt, son of Mr. and Mrs. Robt. Deyell, of Port Hope. The ceremony was performed by Rev. R. B. Grobb, Rector of All Saints' in the presence of some seventy-five invited guests. The church was artistically decorated by the girls of the W. T. S. Club, of which the bride is a member. The bride was given away by her father. Mrs. McClelland organist of All Saints', presided at the organ, and played the wedding march, while Mrs. Cunningham, of Orillia, aunt of the bride, sang in splendid voice "Beloved It Is Morn."

Miss Geraldine Hooper, the bride's younger sister, was the maid of honour, while little Miss Edna Cheveril was a charming flower girl. The bride was prettily attired in a gown of white satin, trimmed with lace, and seed pearls. She wore orange blossoms and a veil of Brussels net, and carried a bouquet of roses and lily-of-the-valley. The maid of honor wore a charming gown of pink silk, with pink ninon, and trimmed with shadow lace, while her bouquet was of pink roses. The little flower girl who carried the ring in a floral casket, wore a pretty white marquisette dress, with pale blue sash.

Messrs. Percy and Fred. Hooper, the bride's brothers, officiated as ushers.

At the conclusion of the ceremony a delightful reception was held at the residence of the bride's parents, Dalhousie street.

Mr. and Mrs. Deyell left on the 4.19 C. P. R. train on a wedding tour to Toronto and other points, and will take up their residence in Haileybury. The bride's going-away dress was a neat brown suit, with tan hat and gloves to match.

The groom's gift to the bride was a splendid diamond pendant, to the maid of honor, a signet ring, to the others, pearl stick pins.

The young couple will be followed to Haileybury by the best wishes of a host of Peterborough friends. The bride is one of the city's most popular young ladies, while the groom is well known here, having some years ago been on the staff of the local branch of the Bank of Toronto. The magnificent array of presents received testifies to the esteem in which they are held. Among the many beautiful gifts may be mentioned a splendid cabinet of silver from the employees of Mr. T. H. Hooper, and a cut glass set from the W. T. S. Club.

Among the out-of-town guests present for the ceremony were Mr. and Mrs. Robt. Deyell, of Port Hope, the groom's parents; Mr. and Mrs. Brent of Toronto, the latter the groom's sister; Miss Kennedy of Toronto, cousin of the groom; Mr. William Hooper, of Orillia, uncle of the bride, and Mr. Hooper; Mr. and Mrs. Cunningham of Orillia, the latter the bride's aunt; Mr. and Mrs. Brown of Toronto, Miss Viola George of Port Hope; and Mr. and Mrs. Wm. Davies of Toronto.

BUSY SCENE AT J.J. TURNER & SONS

Local Factory Working Over time Preparing to Adorn Regina.

Messrs. J. J. Turner & Sons are working day and night shifts in preparation for the big celebration in Regina, on Oct 12 and 13, in honor of the visit there of His Royal Highness, the Duke of Connaught, Governor-General of the Dominion.

Messrs. Turner & Sons it will be remembered were awarded the tremendous task of putting Regina in gala attire. The local factory is humming with industry and the decorative material that is being prepared represents continuous work.

There will be around twelve hundred pennants shipped out of the factory besides many hundred strings of pennants for placing across the main streets of the city. There will be over five miles of the city streets adorned. Besides the flags and pennants about fifty coats of arms, mottoes, crests and other patriotic designs are being prepared for shipment in the paint department of the factory. Large ornately designed and strikingly engraved banners, varying in size, are also under course of preparation.

The staff is working night and day in order to carry out their big contract.

LOCAL NEWS ITEMS

The Bessie Butler left this morning with a scow load of anchor stones for Pigeon Creek.

Dr. Frederick desires to remind his patients that his office will be closed every Thursday evening throughout the year.

The election of officers which was to have been held last evening at the annual meeting of the Literary Society of St. Peter's T.A.S. was postponed and will be held on the evening of Monday next.

Bright Liners on Athletic Topics

NOMADS SOCIAL AND ATHLETIC CLUB ORGANIZED

The members of the Nomads football team, and a number of their supporters gathered at Coleman's last night and organized, under the name of the Nomads Social and Athletic Club.

The Nomads defeated the C.G.E. eleven recently, and hope to win other honors besides that of holding the R. R. Hall trophy, emblematic of the championship of the county.

The officers elected were:

President—Thos. B. Moffatt.
Vice-Pres.—Arthur Reid.
Manager—Fred Howarth.
Sec.-Treas.—J. W. Cook.

Messrs. Yarrington and Smith were elected to the executive. A third officer will be chosen later.

It was decided that the club should meet once a month at Coleman's for a social evening.

The boys enjoyed a social hour last night, when songs were contributed by Messrs. Hotston, Yarrington, Robertson, Curtis, Keiran, Gamble, Davie and Laird, Mr. Fred Howarth presiding at the piano.

FOOTBALL

For the Church League game with Park street eleven, Saturday afternoon at the Exhibition grounds, the All Saints' team will line up as follows:—Goal, Evans; backs, Bishop and Robinson; half backs, Rew, Gamble and Edwards; forwards, Curtis, Bills, Monk, Sharmon and T. Williams. Reserves Hawthorne and Smith.

TELEGRAPHIC BRIEFS.

A new $50,000 Y.M.C.A. building will be erected at Moosejaw, Sask.

The Cleveland police claim that a banker and a wealthy Chinaman there are interested in a "white slave" ring.

Peter Tiernan, aged 58, a Windsor produce dealer, is dead, the result of injuries from being thrown out of his rig.

Roosevelt will appear before the U. S. Senate Campaign Expenditures Committee on the afternoon of October 1.

Commander Eva Booth plans a general training college for Salvation Army officers in America as a memorial to her father.

W. D. Davis, for six years collector of custom at Hamilton, Ont., has taken charge of the customs office at North Portal, Sask.

Thirty thousand Oddfellows, from all parts of America, marched through Winnipeg streets yesterday afternoon. The mayor proclaimed a half-holiday.

The French cruiser Descartes, Captain Puglesi de Conti, arrived in Quebec yesterday morning, and after exchanging salutes with the Citadel, anchored in the stream.

A gun explosion aboard the warship King Edward, cruising off the west coast of Scotland, was reported yesterday. It was said one man was killed and several seriously injured.

Smallpox is epidemic in Pittsburg, Pa., with 96 cases, including the director of public health, and 19 deaths. At Carbonado, Pa., 79 cases are reported and public weddings and funerals forbidden.

BOSTON CAN LOSE REMAINING GAMES AND STILL BE LEADERS

Boston, Sept. 19.—The Boston Red Sox yesterday clinched the American League pennant. All possibility of the Red Sox being overtaken was disposed of when Philadelphia lost at Chicago to-day the first game of a double-header.

To relieve the tension among members of his team, and to assure finally the pennant for Boston, President McAleer of the Red Sox notified the management of the New York Highlanders that Boston would not play off a postponed game scheduled to be played in New York.

Boston now can lose all its remaining fifteen games and win the pennant, even though Washington, which went into second place today, should win all its remaining 13 games and Philadelphia should win all its remaining 14 games. Should this possibility develop the final standing would be:

Club	Won.	Lost	P.C.
Boston	97	56	.634
Philadelphia	97	57	.630
Washington	97	57	.630

The league schedule calls for 154 games, but under the American League rules Boston can refuse to play its postponed games with New York, its series in New York with that club being closed.

PROGRESS IN AVIATION.

The Hydroaeroplane So Far Seems to Be a Safe Craft.

The hydroaeroplane is operated both in the water and in the air exactly like an aeroplane. The craft, driven by the propeller, travels over the surface of the water until it has gained sufficient speed; then the elevating plane is tilted upward by a simple motion of the controlling lever, and the air pressure against the upward tilted planes lifts the machine out of the water.

When the desired altitude is reached the elevating plane is brought to a level and the machine travels horizontally. To descend, the elevating plane is tilted downward until the floats are about to touch the water, then upward a little to break the impact, and the craft is then gliding on the surface of the water like a hydroplane.

If this is done properly there is no shock, and the passengers know that they are again traveling on the water only because the speed is about ten miles per hour less and the water sprays at the head of the hull.

The advantages afforded by the hydroaeroplane over the aeroplane proper are many. First of all, it affords much more safety and thus removes the greatest objection against the aeroplane. In the fourteen months since Glenn H. Curtiss made the first successful flight with the hydroaeroplane there has not been a serious accident, yet it has been used most generally.—Henry Woodhouse in Metropolitan Magazine.

ITALY HAS LOTS OF MONEY.

Her War With Turkey Hasn't Bothered Her a Bit Financially.

An illustration of the hitherto unsuspected prosperity of Italy is the fact that she has not had to borrow a cent of foreign money for the expense of her war with Turkey. This war had cost Italy up to May 11 $47,880,000, or just $210,000 a day since it began on Sept. 27, 1911. Nevertheless her 3½ per cent government bonds are quoted in the markets of Europe between 97 and 98, varying, of course, from day to day.

Bonaldo Stringher, director general of the Bank of Italy, has just made an official report stating that Italian emigrants send at least $90,000,000 a year back home, while tourists spend almost if not quite as much in Italy. Either one of these sources of wealth would more than suffice to pay the entire expenses of the war.

Money is so abundant in Italy that when popular subscriptions were opened in many cities for military aeroplanes to be presented to the government the lists were filled in a few days, the total amount of the subscriptions far exceeding those of a similar nature in France, in spite of the wave of popular enthusiasm for aeroplaning in the latter country.

It is worthy of note that this war has cost Italy in human lives only 83 officers and 349 men, according to the official figures, an unprecedentedly small loss for eight months of active warfare.—Exchange.

Aviation Dinners.

A French contemporary thinks that aviation will play an important part in dinners such as those organized by the Ligue des Gourmets. With the help of their aeroplanes guests will taste each dish in that place where it is at its best and yet finish their dinner within a reasonable time. They will fly to Marseilles for a plate of bouillabaisse and remain there for a red mullet; then to Bourg for a plump young chicken and to Toulouse for a dish of green peas; across to London for a slice of roast beef and back to Valognes for a salad such as can only be found in Normandy. A peach at Montreuil and a slice of Gruyere at Emmenthal will conclude a meal perfect in every direction.—London Chronicle.

Now He's a Door Opener.

Roujery Ouibero, brother of the once formidable sultan of Behanzin of Dahomey, who was dethroned and whose country was annexed by the French, has become so reduced in circumstances that he has taken the position of chasseur at a Montmartre restaurant, where he opens the doors of motorcars for financiers, deputies and other fashionable pleasure seekers until the small hours of the morning. He long served under the French colors taking part in twenty-eight campaigns, was thrice wounded and has been decorated for bravery on the field. He draws a veteran's pension of $15 a month.

An Aid to Aviation.

An old negro who had seen Curtiss fly approached him at New Orleans and asked timidly if he could feel his arm.

"Surely," said the puzzled aviator as he stretched forth an arm.

The old darky ran his hand up and down the biceps carefully, then said disappointingly:

"'Tain't true. You ain't got no mo' wing sprouts than I is."

"No," said Curtiss seriously, "but I always make it a point to eat a pint of birdseed before I take a flight."—Philadelphia Saturday Evening Post.

Wears Kilts to Business.

To the London eccentrics there falls to be added a London unconventional. He is the kilted man who is to be seen any morning rapidly walking northward across London bridge at a quarter to 9 o'clock. His highland attire is faultless, and the dark green kilt and the business looking skeandhus are generally admired by the natives of the borough, through which he strides twice a day on his way between a village in Kent and the Cornhill office where he is employed. As far as is known he is London's only city man who goes to business in a kilt. Without unduly invading private affairs it may be mentioned that he does not work in kilt, a quick change into customary office costume being effected before he seats himself at his desk and business.—London Chronicle.

The Way France Eats Snails.

French farmers find snail culture a profitable undertaking. As many as 500,000 "first quality" snails, the price of which throughout the year averages $1.70 per 1,000, can be reared on an acre of land. They have to be fed only once a day, preferably in the evening, and, though extremely voracious, are by no means fastidious. After a fall of rain, which seems to sharpen their appetites, a bed of 100,000 will demolish a barrow load of cabbage in a very short space of time.

YOU CAN BE ABSOLUTELY SURE OF VALUES

If you carefully read the store advertisements and follow them in your buying.

Merchants advertise certain lines because they know these lines will advertise their stores. Because there is something about certain goods, they are put in conspicuous places and the people are told about them. It may be the exclusiveness or newness of design, it may be an unusual quality, it may be an attractive price.

But there is at least one definite, sure reason why a merchant advertises an article and is willing to stake the reputation of his store upon it.

Therefore, when you see an article advertised in THE REVIEW, depend upon it, that article is good value, as good value as can be obtained in that particular store.

LAKEFIELD FAIR HAD BIG ATTENDANCE FOR MAIN DAY

Nearly 3000 People in the Grounds—Jimmy Direct and Hazel Brook Won Horse Races—Some of the Special Prize Winners.

Close on to three thousand people took in the Lakefield Fair yesterday, the attendance far surpassing that of last year. The exact count was not ascertainable, but the secretary stated that the fair, both in attendance and receipts was much better than 1911. Rain threatened to interfere early in the morning, but the weather cleared later, providing an ideal day.

The horse races were, of course, the big event of the day's program. In the free-for-all, Doc Johnston's "Jim Direct," and "Harry Direct" showed up well particularly the former, who won the lion's share of the prize money. "Bourbon Brook" secured second money. In the named race "Hazel Brook" won the whole three heats. There were three horses entered, each finishing in the same position every heat. The performance of "Ned Baron" was more or less a joke the driver seeing that he was outclassed, being content to poke along in third place, usually nearly a lap in the rear.

The free-for-all provided some first-class excitement, with Jimmy Direct and Bourbon Brook always fighting for first place. The latter maintained her place about half a length behind the leader in every heat. The third heat in this race was one of the prettiest that has ever been witnessed on the Lakefield course, so the judges said, and their opinion was heartily endorsed. Jimmy Direct was never forced to take second place, and Doc Johnston has a racer of which he is justly proud.

The following was the standing in the free-for-all:

Jim Direct	1	1	1
Bourbon Brook	4	2	2
Orillia Belle	2	3	3
Harry Direct	3	4	4

In the named race the standing was as follows:

Hazel Brook	1	1	1
Patterson	2	2	2
Ned Baron	3	3	3

The judges were Dr. Fraser, Dr. S. Munro, Dr. S. G. Gibson, Messrs. R. J. Munro, Harry Winch.

The exhibits at the Fair in the agricultural section were remarkably healthy and well grown. There were twenty special prizes and donations.

The following are the special prizes and some of the winners:

J. H. Burnham, prize of $10 for patchwork quilt and silk or velvet—1st, Mrs. George Spence; 2nd, Miss Sophie Preston.

Knitted quilt—Mrs. James Walton.

E. A. Peck $10 donation.

James Thompson, M.P.P., $10 prize for best herd of four milch cows. Thomas Briden—Only entry.

J. A. Sexsmith, M.P.—$10 for best pen of sheep.

W. J. Stillman—Only entry.

R. R. Hall, ex-M.P.—$10 donation.

Cavendish Lumber Company — $5 donation.

Royal Bank—$2 donation.

W. R. G. Higgins—Goods to value of $3 for best 2 year old bull—D. Garvey & Sons.

W. H. Hamilton—5 lbs tea, donation.

C. Gunsolus—Whip, valued at $1.50 donation.

James Collins—flour donations for best bread and buns made from Five Roses Flour.

1st—Mrs. John D. Kennedy.

2nd. Mrs. J. A. Burgess.

Dr. Gibson—$5 prize for best 10 lb crock of butter—Florence Fairbairn.

Dr. J. R. Fraser—$3 prize for best 20 lb crock of butter—Mrs. James Labister.

A. M. Bowen—prize of $1 for Royal Household Flour—No entries.

E. A. Tanner—prize of goods valued at $3, for butter in prints.—Mrs. J. J. Bickle.

Peter Hamilton—prize of root pulper for best team of heavy agricultural horses in harness.

Lakefield News—One year's subscription to the paper, for best early potatoes.

Samuel Slater—prize of 6 lbs of tea, No entries.

Jacob Snelgrove — $10 prize for colts sired by "Prince Radiant."

Two Peterborough horses won the first and second prizes in Class C, for best carriage horses, 15-12 hands and over. They were owned and driven by Mr. Allan Gibbs and Mr. George Ruth.

Prizes for best lady drivers were won by Miss Garvey and Mrs. Kelly.

Cook's Cotton Root Compound.
The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3 for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

APSLEY NEWS

Special Correspondence.

Apsley, Sept. 18.—Most of the farmers have finished getting their grain in despite the wet weather.

The Ladies Aid Society held their September meeting at the home of Mrs. Daniel Lean.

A few persons from the village attended the Exhibition at Peterborough last week.

Miss McGrath, of Westwood spent Labor Day the guest of her sister Mrs. W. Staples.

Mr. and Mrs. William Tucker have returned home from attending the Exhibition at Toronto.

Dr. Blakeman, of Lakefield, passed through here on Sunday of last week.

Mr. Roland McFadden entertained his friends at an ice cream party held at Mr. T. McIlmoyle's, one evening last week.

We are pleased to learn that Rev. Mr. Peer and Mr. A. Blackburn, who were badly shaken up by their horses running away, are able to be out again.

Mrs. Sharpe, of Peterborough, is renewing old acquaintances here.

Miss Waterman has returned and resumed her duties in our school for another year.

Mrs. Isaac Lean is visiting friends in Peterborough.

SMITH TOWNSHIP COUNCIL MEETING

The members of the Municipal Council of the Township of Smith met in the County Council Chamber on Monday, September 16, at 10 o'clock, summoned by the call of the Reeve. All the members were present with Reeve Garbutt in the chair. The minutes of last meeting were read and confirmed.

A communication was received from Mr. A. E. Dixon, asking that the Council bear a part of the expense of a breakwater which he had constructed in front of his property in Chemong Park.

Moved by Mr. Cann and Mr. McKee that the Reeve and Mr. Tedford be a committee to investigate the matter. Carried.

A communication was received from the City Board of Works, requesting that the Council meet them on Saturday, September 28th, at two o'clock with reference to the boundary roads between the township and the city.

Moved by Mr. Tedford and Mr. McKee that the communication be received and that the clerk be instructed to forward a letter to Mr. S. R. Armstrong, stating that the Council were willing to meet the Board to discuss the matter. Carried.

A By-law was passed to expend the sum of [illegible] on road, on Concession 3 from lot 6 to lot 18, a distance of five miles, also road on Concession 4, between the East Communication Road and the road between lots 18 and 19, a distance of one mile, and that the Government be requested to give a grant of 2-3 of this amount.

Moved by Mr. Cann and Mr. Davis that the Treasurer be instructed to pay the following accounts—

Mrs. S. A. Oke, damage to property by winter road	3.00
Roland Stabler, team on grader	3.00
G. W. Mann, work on road	6.00
A. McDonald Estate, plank for culvert	6.60
Peter Nichols, work on road	1.50
B. Middleton, repairing culvert	4.95
Fitzgerald & Company, repairing crusher pole	1.50
Peterboro Hardware Company, hardware	3.65
Mrs. Turner, grant	12.00

Carried.

Council adjourned to meet again on the call of the Reeve.

ANNIVERSARY AT BENSFORT CHURCH

On Sunday next, Sept. 22, the Methodist church of Bensfort will hold their anniversary celebration. The Rev. J. N. Clarry will conduct services at 11 a.m. and 7.30 p.m. On Monday they will hold their harvest festival. Dinner will be served from 5 o'clock, followed by a varied and attractive program, consisting of addresses, music and recitations.

OSHKIGMONG ITEMS

Special Correspondence

Oshkigmong, Sept. 18.—An excursion from Rama arrived here on Monday evening per steamer Stoney Lake with about two hundred natives. On the following day the same steamer ran down to Burleigh falls with a few of the Chemong natives joining the visitors. The Nightingale brass band played some of its latest select pieces. On arriving in the early afternoon a ball match was played between Chemong and Rama nines, scoring 13—45 in favor of Chemong. On Monday and Tuesday nights concerts were held by the Nightingale brass band, consisting of readings, recitations and both vocal and instrumental music.

Mrs. Joseph Whetung has returned home after visiting her son, at Parry Sound, for several days.

Mr. Child, of Rochester, N.Y., has left here after spending about ten days.

Humor and Philosophy

By DUNCAN M. SMITH

HALF OVER.

THE nominations have been made.
That's settled, anyway.
The candidates are in the field
And ready for the fray.
Since that important work is done
And all at last is well,
And that at least is off our minds,
Let's rest ourselves a spell.

We are entitled to a pause,
For we have earned a space
In which to have a breathing spell
Before we try the case.
We had it heavy, hot and fast,
No letup was in sight,
Until the candidates were picked,
From morning until night.

This letting people pick the man
Is really quite a task
And gives us headache twice a year
If any one should ask.
We first must name the candidate,
Then in a month or so
Must pick between the ones we picked
And set up in a row.

This governing ourselves is not
An easy job or slight.
We must put on our thinking caps
If we would do it right.
For, having picked the nominees,
And done it up in style,
We are entitled to a rest
For just a little while.

Overlooked Items.

Columbus had a dog named Jake that followed him everywhere it was allowed to go.

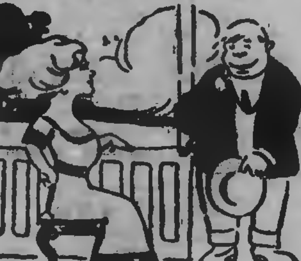
George Washington had a neighbor named Smith.

Napoleon was very fond of his breakfast.

The second Punic war was pulled off without the moving picture man.

One of the privates in the Revolutionary war was named Johnson.

Different.



"He is a plunger."

"Jack? Why, I didn't know he was in Wall street."

"He isn't. He's at the beach."

The Sensitive Plant.

Oh, the sensitive plant
Is awfully queer!
If you just lightly touch it
It shrinks up with fear.

It seems to grow timid
From living each day
By the big tiger lily,
So fierce and so gay.

I guess you'd be frightened—
I would, don't you see,
If a big yellow tiger
Lived next door to me!

—St. Nicholas

CHEESE BOARD

The following were the factories offering and the number of cheese for sale by each on Wednesday morning:

Norwood	125
Fleetwood	125
Killarney	110
Total	2446

The meeting then adjourned until Wednesday, October 2nd.

A CRANK.

The Restaurant Patron From the Waiter's Point of View.

Waiters and cooks cling to the small things of their business as if they constituted a creed. If you succeed in having your own way it is only after an insistence that is galling.

In the beginning of things it was decided to fashion the toast for two poached eggs by sawing it into triangles. A long time ago, also, one consumer who likes poached eggs for breakfast decided upon a square piece of toast for each egg. Another determined act of independence of his was to ask for German fried potatoes without chopped parsley sprinkled on them and to request that his coffee be held in reserve until the eggs and potatoes were out of the way.

The waiter in a restaurant recently adapted for its early morning convenience looked dubious and departed, muttering and shaking his head. There was a long colloquy in the kitchen, where the toast design has ever been a holy institution, while chopped parsley has descended upon German fried potatoes automatically.

Still, the waiter did pretty well for a starter. He converted the cook to the customer's notion of toast, but this took so much time that the potatoes had been thatched before he could get around to them. Then, slightly flustered, he brought the coffee along with the rest.

The next morning he was two-thirds right, and by the end of the week he was faithful, even having the foresight to bring two pieces of butter and have the check ready.

"Good fellow and all that," he said to the proprietor regarding the customer, "but an awful crank."—Chicago Post.

That Dress Goods Rush

IS something unprecedented. We have sold double the usual quantity of our high-class **Dress Goods and Silks** in September.

The reasons are not hard to find. First, the goods are strictly first grade, exquisite in shades and material, and the prices are extremely low cut. As we explained before, the risk of loss in short ends, etc., which was entailed when we conducted a Dressmaking department is now eradicated, and we can consequently sell at much lower rates, so that the present September rush in Dress Goods

= Is Easily Explained =

THIS WEEK we have devoted almost entirely to the **Dress Goods, Silks and Suitings,** and have made the prices too attractive to resist after seeing the fabrics Just as a sample of the offerings, see this—

PHENOMENAL VALUE IN SERGES

A British-made Serge, sharp twill, wear-resisting quality, in black and two shades of navy, 50 ins. wide. Actual value 75c the yard. On sale this week at... **50c**

IF YOU want your head well dressed at a moderate price, visit our **Millinery** section, and study the art of harmony as our expert milliners present it. Their cultivated taste will assist you in selecting a hat that will correctly harmonize with your costume, figure, carriage, complexion and purse.

The same rule applies in the **Ready-to-wear** department, where the triumphs of the custumier's art are displayed on all sides, and still the prices have been kept down.

SIR RICHARD SCOTT WRITES OPEN LETTER TO HON. DR. PYNE

Hopes the Minister of Education Will Not Insist on New Bilingual School Regulation

Ottawa, Sept. 19 — Of special interest in connection with the stand taken by the Separate School Board of Ottawa in opposition to the Provincial Government's regulations in regard to bilingual schools is an open letter which has been addressed to Hon. Dr. Pyne, Minister of Education for Toronto, by Sir Richard W. Scott, former Secretary of State for Canada, and the man who introduced in the Dominion Parliament the bill granting the Roman Catholic minority in Ontario the privilege of Separate schools.

Reviewing the whole situation and deploring the appointment of Protestant inspectors over the heads of Roman Catholic ones in Provincial bilingual schools, Sir Richard goes at some length into the situation in Quebec, where the minority is a Protestant one, endeavoring to show that the latter is accorded better treatment than Catholics in Ontario.

TEXT OF LETTER

The letter is in part as follows—

"Pardon me for calling your attention, through the press, to the serious embarrassment under which in many localities in Ontario the Separate schools are being administered. I do so that the public may judge of the facts, and feeling convinced that you will give the subject that fair consideration which its importance justifies, and in the hope that if the grievances are well founded a more liberal policy may be inaugurated that will remove all cause for complaint.

"As a rule the supporters of Separate schools have to pay a higher rate of taxation than is levied for the Public schools. While the Catholic population is only about one-sixth of the total, it does not represent one-twentieth of the wealth of the Province, and the Public schools, in addition, have the benefit of the school rate, one-nine-tenths of the valuable properties owned by banks, railways, insurance, and many hundred of other incorporated companies, part of the capital in some instances being furnished by outside investors."

WHAT QUEBEC DOES

The letter goes on to give the history of the coming into being of Separate schools in Ontario. They were established by the consent of both parties a majority of the Protestant members voting for the second reading of the bill. Sir Richard then refers to the way Quebec interpreted its duty to the Protestant minority under the Confederation Act. The number of Protestant school children in Quebec was 44,000 while the number of Catholic children in Canada was 78,000. Among the moneys allotted to the Protestant school fund there was a sum of $2,500 taken from the Jesuit estate fund. Moneys contributed to the support of the Jesuits by pious Catholics two centuries ago, are now being applied to the education of Protestant children, says Sir Richard.

He then says: "I regret to notice in the public press that Protestant inspectors have been appointed over the heads of the Catholic inspectors of bilingual schools in Ontario. I hope the report is not correct. It would furnish evidence of the alleged harsh conditions imposed on our French-Canadian fellow-citizens, who are financially not equal to meet the cost of highly educated teachers, possessing a knowledge of the two languages. Let me point out how Quebec deals with the bilingual question. An item in the educational votes reads as follows—'To encourage the teaching of French in the Protestant academies in conformity with the recommendation of the Protestant Committee of Public Instruction $3,000.'

DEALING HARSHLY

"In view of the kindly, sympathetic treatment awarded to the Protestant minority in Quebec, will the rich Province of Ontario continue to deal as harshly and exactingly with the Catholic minority within its borders? This constant friction in reference to bilingual schools is being noticed with great regret in Quebec."

OBITUARY

Parents Bereaved

Mary Ann Caladine, daughter of Mr. and Mrs Samuel Caladine, of 5-0 Elm St., died yesterday at the age of seven months.

The funeral will be held at two o'clock to-morrow afternoon to the Little Lake Cemetery.

Mr. M. B. Greer

Moses B. Gruer aged 91, passed away at his home in Groveston, Ont. on Tuesday.

The deceased was the father of Mrs. W. Hubel, Princess street, who attended the funeral to-day.

FATHER OF MRS. C. FESSENDEN PASSES AWAY

The Late T. A. Agar Was Court Clerk for Many Years.

Toronto, Sept. 19—The late Thornhill Archer Agar, whose death occurred yesterday in Toronto, was for many years clerk of the Division Court at Woodbridge, then Burwick and of the First Division Court of the County of Peel at Brampton. His first appointment was in 1854, and his retirement did not take place until 1884, since when he had been living retired in Woodbridge and Toronto. Mr. Agar was born at Mallow, County Cork, Ireland, in 1826 and came to Toronto when he was 23 years old. He lived here just five years before getting his appointment at Woodbridge.

He was twice married, his first wife being Miss Elizabeth Unwin, sister of Charles Unwin, O.L.S., and his second Miss D'Evelyn, sister of the late Dr. John D'Evelyn, of Woodbridge. His sons are Charles and Edward Agar, of this city, and his daughters are Mrs. C. Fessenden, of Peterborough; Mrs. C. F. Reynolds of St. Louis, and Miss Agar, of Toronto. The late Mr. Agar attended Holy Trinity Church and was a member of Stone Masonic Lodge for 42 years and was also an Orangeman. His funeral this afternoon will be from Holy Trinity Church to St. James cemetery. Masons will act as pallbearers.

CROWD LAUGHED AS OFFICER ENDEAVORED TO CLUB THE RAT

A real comedy, the more laughable insomuch as it was genuine, was provided for the pedestrian public last evening, about 8 o'clock. The stage setting was the corner of Murray and George street and the audience was large, as is usually the case, when an officer of the law gets busy.

An officer of the local police force accompanied by his wife, was standing at the above mentioned corner, when a rat, large, ugly looking, and in likelihood ferocious, appeared on the scene, much to the unfeigned and loudly expressed tenor of the ladies in the vicinity. The men around naturally took this unexpected denizen of coal cellars and wood sheds as a joke, but not so the representative of the Dominion Statutes, who realised in a flash the grim duty before him.

Wisely keeping his better half between him and the uncaptured animal until he had drawn his baton from beneath the fold of a uniform, he stepped into the arena to engage in conflict.

The rat, however, was more elusive than pugnacious, and for ten minutes the policeman stepped a lively pace, making repeated but vain attempts to slaughter the offending "monster." Naturally, at the conclusion of this time, with the rat safely secluded in a gutter and the policeman poking around into the mud with desperate strokes, the crowd's laughter was uproarious.

WEDDING BELLS

A very pretty wedding was celebrated in Trenton on Tuesday morning when Miss Gertrude Evans, of Trenton, was united in marriage to Mr. Isadore Goselin, of this city, and son of Mr. and Mrs. Goselin of Peterborough. The Rev. Father Connoly, of Trenton, performed the ceremony.

A large number of guests, including the groom's parents of this city, were present, and a large number of gifts from Port Hope, Trenton, Toronto, Otawa and Peterborough, conveyed the congratulations of many friends to the bride and groom.

The young couple were given a hearty reception at the G. T. R. station on Tuesday evening, when they arrived in Peterborough, and a social evening was spent in their future residence.

The groomsman on the occasion was a brother of the groom, Mr. Frank Goselin, of this city, and the bridesmaid Miss May McMahon, of Trenton.

Mr. and Mrs. Goselin are residing at 515 Homewood Avenue.

PERSONAL

Friends in the city received word from Mrs. James Snider, that he had been knocked down by an automobile at Saskatoon, and was pretty badly injured. The date of the accident was not given, but the information was added that he was resting easier

Bruce Sent For Trial.

Hamilton, Sept. 19.—James Bruce, accused of the murder of the companion of his girlish wife by poisoning, was committed for trial yesterday by Magistrate Jelfs.

There was nothing new in the evidence.

Niagara Peaches for London.

Ottawa, Sept. 19.—As a result of the successful exhibit at Crystal Palace in London, last year, Canada is exporting weekly to England a car load of peaches from the Niagara district.

Great care is exercised in picking and packing.

Looks More Like War.

Constantinople, Sept. 19.—Turko-Montenegrin relations were again raised to the verge of warfare yesterday. The tribesmen along the frontier have resumed fighting the Turks. It is charged that Montenegrins are helping them.

Weather Fine, Men Scarce.

Winnipeg, Sept. 19.—Perfect weather conditions for harvesting and threshing continue to prevail throughout the prairie provinces, and neither rain nor frost is reported. Prospects are for a continuation of the present conditions for the next few days, generally speaking, although showers in Alberta are predicted for to-day.

It will take another thousand men in the district surrounding Brandon to harvest and thresh the crops unless serious losses are to result, and it is stated on good authority that fully twenty thousand additional men could find work in the prairie provinces for the next two months.

To Follow Canada.

London, Sept. 19.—(C.A.P. Cable.)—The Times' Wellington correspondent wires that in the House of Representatives Tuesday Hon. Mr. Myers asked the Premier if the time hadn't arrived when New Zealand should follow Canada and ask representation by a minister at the Imperial Defence Committee. He suggested the difficulty of distance could be overcome by the appointment of a minister for external affairs.

Premier Massey replied that the Government would seriously consider the matter during the recess with a view of submitting the proposals next session.

Progressive Women.

The legislative assembly of Manitoba has recently adopted an amendment permitting women to study and practice law in that province.

"Woman's Who's Who of America" is, its publishers claim, to be a "biographical dictionary of notable women of the United States and Canada."

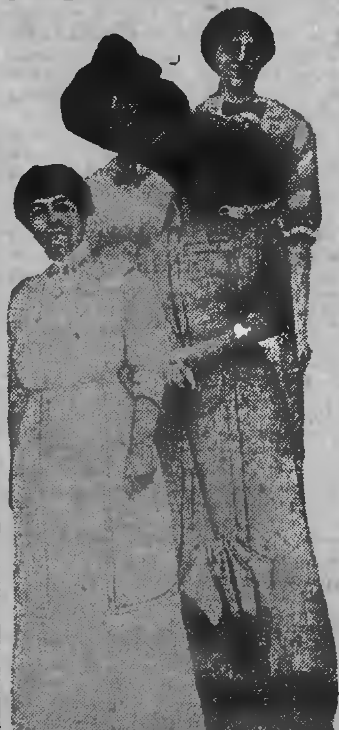
Dr. Yamina Sen of China is said to be the first woman admitted to the fellowship of the Royal Faculty of Physicians and Surgeons at Glasgow.

Fraulein Hedwig Martius of Rostock is credited with having sent in the only essay worthy of a prize in a competition held at Gottingen university.

Miss Frances Perkins of New York, executive secretary of the Consumers' league, has resigned to accept the position of executive secretary of the committee of safety, succeeding Dr. Charles H. Keyes. The committee was formed directly after the Triangle fire, its chief aim being the protection of life and property against fire.

Woman's World

A Possible Chatelaine of the White House.



© 1912, by American Press Association.

MRS. WOODROW WILSON AND DAUGHTERS.

Standing next to Mrs. Wilson, wife of the Democratic nominee for president, is her eldest daughter, Margaret. Immediately behind her sister is Miss Jessie, and at one side stands Miss Eleanor Wilson.]

If in the course of human events Woodrow Wilson, governor of New Jersey, should be duly elected president of the United States and inaugurated into office on March 4, 1913, social life at the White House would be in capable hands. The mistress of the White House would be a woman who is talented, sympathetic and always charming, and with her would be three daughters, each of whom has a definite vocation in life and peculiar fitness for doing at least one thing remarkably well. The eldest, Miss Margaret Woodrow Wilson, is twenty-six years old, while Miss Jessie Woodrow Wilson is only a year younger, making her three years older than Miss Eleanor Randolph Wilson, who was born twenty two years ago at Middletown, Conn., when her father was a professor at Wesleyan university.

The principles of education which Woodrow Wilson advocated while president of Princeton university were put into practice in his own family. None of the girls went to school until after ten years old. The natural inclinations of each were allowed to develop to the full extent, and the parents made almost unfelt their guiding hands. A German governess gave them instruction in French and German, and today all three young women are very proficient in both languages. They fitted for college at a private school in Princeton.

Miss Margaret entered the Woman's college at Baltimore in the class of 1907. At the completion of her sophomore year she discovered that she had a soprano voice of great possibilities, and, acting under advisement, she left college for musical training.

The most serious of the trio is Miss Jessie Woodrow Wilson, much of whose time is given to educational, philanthropic and religious work. She is a member of the national board of the Young Women's Christian association and is prominently identified with the educational branch. She was an honor member in the class of 1908 of the Woman's college at Baltimore, gaining the golden key of Phi Beta Kappa.

Miss Eleanor Wilson, known as Nell in the family circle and among her intimate friends, inherited her mother's artistic ability and has already made quite a reputation for herself by her productions. She is not a college graduate, having gained her education in a private school at Princeton and in St. Mary's school at Raleigh, N.C. Much of her artistic training was received at the Academy of Fine Arts in Philadelphia.

No settlement has yet been announced as to the operation of the Transcona section of the N.T. Railway.

A Mistaken Idea
Because Fashion-Craft is sold as ready-to-wear—that—the clothes and other materials used are not on a par with those to be found at a first class custom tailor's.
We positively state and can prove that the highest grade woolens made can be bought in any Fashion-Craft Shops in Canada only in greater assortment and at lower prices than any custom tailor could possibly attempt.
We have the great advantage of buying direct from the best factories in the world in quantities from 50 to 500 yards instead of purchasing 2½ to 10 yards from a wholesale woolen house as an average custom tailor has to do. See the saving in cost of Suit or Overcoat? You get it.

ROOSEVELT WOULD RECALL PRESIDENT

If He is Elected He Would be Pleased to Argue Matter if Called on to Resign

Denver, Colo., Sept. 20.—A declaration in favor of the recall of the President was made in the Auditorium here last night by Col. Roosevelt. If he were elected President, he said, and found his views in opposition to those of the people, he would take the stump in defence of his policies and would quit office if he could not win the support of the electorate.

Col. Roosevelt's declaration was made in reply to a question by W. J. Bryan, who, in a recent speech at Pueblo, Colo., asked:

"How many terms may the President of the United States serve?"

"As far as I am concerned," Col. Roosevelt said, "I should be glad to have the recall for the President. It is not in the Progressive platform and this is merely an expression of my personal feeling. My own experience was that I could do nothing as President except when the people were heartily with me. The minute I ceased to have them with me, whether it was my fault or theirs, I ceased to have power. Under such conditions I would prefer to leave the Presidency, unless in fair open fighting on the stump, I could bring the people around to my way of thinking; such a course, I think, would be to my advantage and to theirs.

"As to the number of non-consecutive terms a President might have, every argument in favor of any limitation of the terms of the President can refer only to consecutive terms. Any third term talk which refers to non-consecutive terms is an utter absurdity."

AGITATION FOR MARRIAGE LAW

Evangelical Alliance Will Take Important Action at Next Meeting

Toronto, Sept. 20.—Legal advice is being secured by the Evangelical Alliance with a view of securing federal marriage legislation under the present British North America Act. One proposition is to make it a criminal offence for any person to tell the holders of a marriage certificate that they are not married. Another proposal is a marriage law for the Dominion, exclusive of Quebec.

The policy will be decided upon at the approaching meeting of the Evangelical Alliance.

NEW TAX SYSTEM FOR ALBERTA

Proposed to Grant Improved Farms a Rebate of Fifty Per Cent

Edmonton, Sept. 20.—To further relieve agriculture from the burden of taxation and to place the burden upon speculative holders of farm lands, important amendments to the Rural Municipalities Act will be sought at the next session of the Alberta Legislature. By an act passed at the session of the Legislature last spring, assessment of land was made the sole basis of municipal revenue, while a rebate of 25 per cent. of all taxes was provided for the benefit of farmers who improve their holdings. It is now proposed that this rebate shall be raised to 50 per cent., so that the man who owns a quarter section wholly under cultivation will pay in taxes exactly one-half as much as the man who is owner of an adjoining unimproved farm.

SIR RICHARD WAS OPERATED UPON

Kingston, Sept. 20.—Sir Richard Cartwright was operated upon in the Kingston General Hospital yesterday morning by Drs. W. G. Anglin and R. W. Garrett for strangulated hernia.

The aged knight stood the operation well and is progressing nicely.

Sir Richard is seventy-seven years of age.

Mrs. Pat Campbell Seriously Ill.

New York, Sept. 20.—A London cable yesterday says: Mrs. P. Campbell is critically ill and only faint hopes are entertained for her recovery. She was stricken suddenly on Sunday.

ARCHBISHOP BRUCHESI.

Who will shortly visit Rome. Rumor says that he is to be made a Cardinal by the Pope.

SIR WILFRID SAYS MR. BORDEN MUST SOLVE MARKET PROBLEM

The Liberal Leader Again Discusses Reciprocity in His Haileybury Address

Haileybury, Sept. 20.—Haileybury did its best to make Sir Wilfrid Laurier at home during his twelve hours' stay in the town yesterday. The principal streets were gaily decorated with bunting, flags and triumphal arches and the rink where the reception was held was also prettily draped. Sir Wilfrid's reception was non-political, as the address of welcome was signed by prominent Conservatives as well as Liberals.

"I would not have discussed the question of reciprocity to-night," declared Sir Wilfrid, "but for the tenor of an article in The Montreal Star, namely, that the question was defeated and is now therefore closed. Certainly it would be politic on my part to say no more about it. I admit that it was voted down last September, but the problem has not been disposed of. The people do not want it as I offered it, therefore, it behooves the present Government to find another remedy and any administration that cannot lift those three western provinces out of the state of discontent in which they are to-day has no right to hold the reins of office.

"The condition of the west is so grave that if something is not done to remedy the grievance something drastic will happen, and if you do not do something to help these people out of their present condition, or if you do not find a remedy for these people, then you are not acting loyally towards your fellow-countrymen."

Charging Hon. Frank Cochrane, Minister of Railways, with having dismissed three Transcontinental commissioners, so that he could place in power in the hands of a single person Hon. Charles Murphy said:

"The commission as thus constituted is in violation of the policy of approved by the people of Canada in 1904, in violation of the terms of the contract itself and in defiance of the purpose for which the Parliament of Canada, session after session, voted millions of the people's money.

Referring to Asiatic immigration, Hon. Mackenzie King stated that he was opposed to the institution of a head tax on the Chinese.

"I do not believe in a tax because the Government can affect a compromise whereby the number of arrivals will be considerably reduced. These orientals undermine the economic conditions of the country and something must be done," he said. "The arrangement with the Japanese has resulted in satisfaction to all concerned. Similar arrangements were made with the Indian Government by the late Cabinet and this country has not received a single Hindu who would cause it any embarrassment. It is not the yellow peril in the shape of hordes of people, but rather it's competition against home industries."

Lemieux Praises Leader.

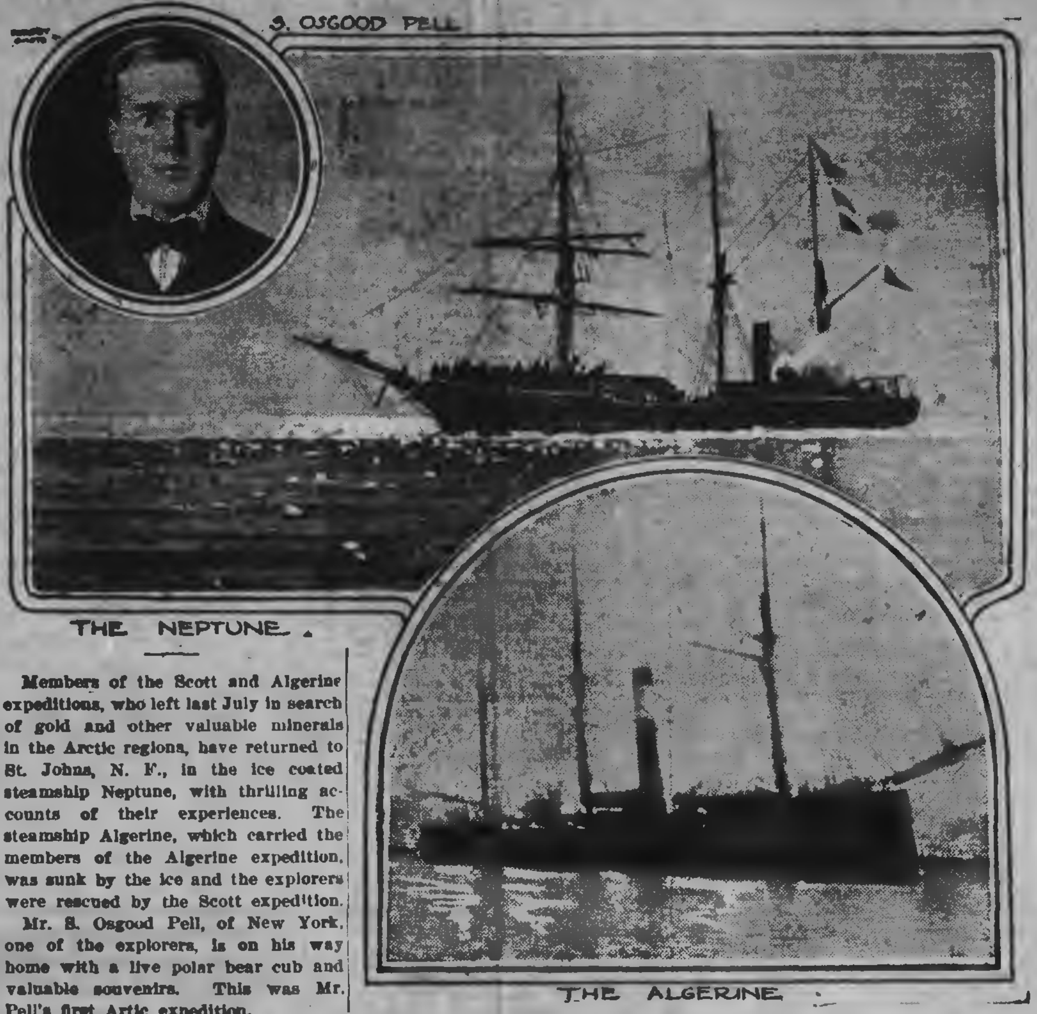
Ville Marie, Que., Sept. 20.—Seventeen miles south of Haileybury, on the Quebec side of Lake Timiskaming and amidst beautiful scenic surroundings, lies the small but picturesque village of Ville Marie, to which the Sir Wilfrid party directed their attention yesterday morning. The population consists chiefly of French-Canadians and a large number of the Liberal leaders' compatriots had traveled many miles to hear him expound the principles of the past administration in their own tongue.

Several French speakers addressed the villagers who had assembled at the racetrack, where the meeting was held.

When speaking on behalf of Sir Wilfrid, Hon. Rodolphe Lemieux dwelt upon criticism of his leader. He resented the action of the alleged jingoes in Ontario, who said he was too French, and the Nationalists of Quebec, who declared he was too English, that he therefore proved himself a traitor to both races, and that he sacrificed Canadians interests for the benefit of Great Britain, while others accused Sir Wilfrid of being a separatist.

"But the truth is this," he declared, "that he has always been essentially a Canadian, having in view only the prosperity and the development of Canada, and I say to the jingoes that a Canadian navy with equitable support is the best possible solution, taking into consideration both Canada and England."

EXPLORERS HAVE THRILLING EXPERIENCES IN ARCTIC REGIONS.



Members of the Scott and Algerine expeditions, who left last July in search of gold and other valuable minerals in the Arctic regions, have returned to St. Johns, N. F., in the ice coated steamship Neptune, with thrilling accounts of their experiences. The steamship Algerine, which carried the members of the Algerine expedition, was sunk by the ice and the explorers were rescued by the Scott expedition.

Mr. S. Osgood Pell, of New York, one of the explorers, is on his way home with a live polar bear cub and valuable souvenirs. This was Mr. Pell's first Artic expedition.

BORDEN BANQUET MONDAY NIGHT WILL BE NON-PARTISAN IN CHARACTER

Opposition Leader Rowell Will be One of the Speakers—An Address Will be Read by the Toronto Board of Trade President

Arrangements have been virtually completed for the big banquet to be tendered Right Hon. R. L. Borden by the Board of Trade, in the St. Lawrence Arena on Monday night. Following the banquet an address from the Board of trade will be read by the president, Mr. G. T. Somers. "The Health of Our Guest" will be proposed by Sir James Whitney, and responded to by Right Hon Mr. Borden.

"Parliaments of Canada" will be proposed by Mr. N. W. Rowell, and responded to by Hon. W. T. White and Hon. A. E. Kemp. "Canada and the Empire" will be responded to by Hon. George E. Foster and Hon. L. P. Pelletier.

It is expected that there will be fully 1,500 in attendance at the banquet, while provisions have been made for the accommodation of a large number of spectators in the spacious Arena.

Bank Robbers Still Free.

Chicago, Sept. 20.—Despite a reward of $27,000 offered for their capture, the two bank robbers who, with $150,000 loot, escaped because police Lieutenant Burns, it is said, wanted to arrest them single-handed, were not found yesterday. Police officials believe they both have left Chicago.

The robbers, it is believed, still have most of the large bills taken in the robbery of the Bank of Montreal at New Westminster, B.C., but the smaller notes, it is thought, have been disposed of, either spent or exchanged for American money. It was learned that the men had planned to exchange the rest of the money for American currency held by Greeks, who make a Chicago saloon their headquarters and could get rid of it by sending it to Greece.

WORSE THAN ROAD AGENTS OF WEST

Ceylon Elephant Holds up a Stage Coach and Kills the Driver.

Special to the Review.

Calcutta, Sept. 20.—A wild elephant attacked the Mulaittion Vilankulum mail coach in a northern province of Ceylon. According to advices just received here from Colombous, the elephant appeared suddenly from the jungle and after seizing and killing the driver with his trunk, picked up the coach and proceeded to smash it against a telegraph pole. The passengers were thrown out of the vehicle and hid in a culvert, from which the beast tried to dislodge them. The beast finally made off and they climbed a tree where they spent the night.

OUTLOOK IS NOW BRIGHT FOR PEACE

Italy and Turkey Will Soon Bury the Hatchet.

Chiasso, Switzerland, Sept. 20.—The Italian and Turkish delegates who are holding conferences in Switzerland looking to the settlement of the war, received new instructions yesterday from their respective Governments and, contrary to the pessimistic view prevailing, it now seems certain that the conclusion of a basis upon which to negotiate peace is being approached.

A fundamental point which Italy refuses to admit for discussion is the complete and absolute sovereignty of Libya. Thus all reports that Italy will renounce Cyrenaica or a portion of that country or the Hinterland, or even only one port, are absolutely fantastic.

Similarly unfounded are the great financial operations which it is imagined in some quarters are being considered by Italy and by Turkey. The most important financial point under discussion is one whereby Italy shall take over that part of the Turkish debt represented by the revenue of Libya, amounting to $200,000 yearly, Italy to make a settlement with Turkey and not with the administration of the Ottoman public debt which, being international, might make it appear that Europe was interfering in a question that should be arranged between Italy and Turkey.

MRS. PANKHURST HAS BEEN HEARD FROM

Writes to Toronto Outlining Program Which the Suffragettes Propose to Follow in This Country.

SPECIAL TO THE REVIEW

Toronto, Sept. 20.—Miss Elsie Mackenzie, Toronto member of the Women's Social and Political Union, has received a letter from Mrs. E. Pankhurst the British Suffragette Leader, explain the nature of the campaign it is proposed to conduct in Canada. She says that Miss Barbara Wylie who sails for Canada to-day, and who is a sister of a member of the Saskatchewan legislature, will endeavor to extend and consolidate the Women's Social and Political Union in Canada, and conduct negotiations with a view to the enfranchisement of women. Votes this session, which is the demand of the society in the mother country will also be demanded in Canada.

AVIATOR HAD TO TAKE OXYGEN

New York, Sept. 20.—A Paris cable says: Aviator Legagneux, who made the latest altitude record, says: "My 80-horsepower Gnome motor moved marvellously. The machine ascended with such speed that I felt real joy. In two and a half minutes I was 1,500 yards in the air. In seven and a half minutes I was 2,500 yards up, and a little higher I flew into a dead calm. At an altitude of 3,125 yards, I found myself in a fog so thick I could see nothing.

"All went well, but I felt lonely, isolated, even weary. To comfort myself I began to sing.

"It grew very cold. I was warmly clad, but I felt chill keenly. Moisture turned to icicles on my face. Only by barometers could I tell I was still ascending.

"At 5,920 yards I began to inhale oxygen as advised. I used forty quarts. I descended like lightning."

PART OF STOLEN MONEY RECOVERED

Chicago Police Find Some of The Cash Stolen From Westminster Bank.

Special To The Review.

Chicago, Sept. 20—Part of the two hundred and seventy-two thousand dollars that the robbers got from bank of Montreal at New Westminster, B.C., has been recovered by the Chicago police. Chief Scheuttler intimated that the amount recovered will run into thousands, but refused to say just how much. It is believed that the loot was hidden by two men, who beat a lieutenant into unconsciousness when he tried to take them singlehanded and then escaped. [illegible]

CARSON DRAWS UP PAPER FOR ULSTER

Will Pledge All Orangemen to Refuse to Recognize the Proposed Irish Parliament.

Belfast, Sept. 20.—Sir Edward Carson, ex-Solicitor-General for Ireland, will submit for the approval of the Ulster Unionist council the wording of the covenant which Ulster Unionists throughout the province will sign on Sept. 28. The covenant will be as follows:

"Being convinced that home rule will be disastrous to the material well-being of Ulster, as well as to the whole of Ireland, subversive to our civil and religious freedom, destructive to our citizenship, and perilous to the unity of the Empire, we, whose names are underwritten, men of Ulster, loyal subjects of His Gracious Majesty King George, humbly relying on God, in whom our fathers in days of stress and trial confidently trusted, hereby pledge ourselves in solemn covenant throughout this, our time of threatened calamity, to stand by one another in defending, for ourselves and for our children, our cherished position of equal citizenship in the United Kingdom, and in using all means which may be found necessary to defeat conspiracy to set up home rule in Ireland; ad in the event of such Parliament being forced upon us, we solemnly and mutually pledge ourselves to refuse to recognize its authority, in the sure confidence that God will defend the right."

CANADIANS TO HELP ULSTERMEN

Money and Men to be Sent From Here to Resist Home Rule

London, Sept. 20.—(C.A.P. Cable.)—Belfast correspondent of The Evening News says that at Unionist headquarters he saw letters from every province in Canada offering money and men in the event of resistance by force to home rule.

The Irish Football League has prohibited the carrying of partisan flags or emblems at matches.

SEEMS TO BE TRUE

Special to The Review.

Winnipeg, Sept. 20—Samuel Larkin grand auditor and deputy grand master of the Loyal Orange Association, Winnipeg, states that money is being sent from here for the protection of Ulster. The funds are being sent direct to the secretary of the Grand Lodge, Belfast, [illegible]

BISHOP SAFE

Montreal Prelate Was Not Murdered in Timiskaming

Montreal, Sept. 20.—Right Rev. Bishop Latulippe, vicar apostolic of Timiskaming, who was reported as being murdered by Indians in St. James, arrived in this city yesterday in good health.

Bishop Latulippe, when seen by a reporter at the Sisters of Providence Convent, said when he first read the news of his death he was surprised and disconcerted, but now he could afford to smile at it. On arriving at Sydney Tuesday morning he was shown the despatch announcing his death. He immediately telegraphed his sister in Montreal and his vicar-general in Haileybury that he was on his way home and in the best of health.

HON. T. W. CROTHERS.

Minister of Labor, whose diplomacy has prevented a strike of the C. P. R. telegraphers.

CAUGHT IN STORM

Launch Party at Toronto Narrowly Escape Drowning

Toronto, Sept. 20.—Caught in a disable launch five miles out in the lake by the heavy gale which suddenly sprung up late yesterday afternoon, three men and four women had a never-to-be-forgotten experience and are now wondering how they were even so fortunate as to reach land. The launch, owned by Thomas Crowley of the Star Theatre, was a 36-footer equipped with a 15-horsepower engine, and a staunch craft. But when the storm broke it was buffeted so badly that the engine was crippled, and the boat began to drift with the heavy sea. The waves were so high that at times it was partly submerged and was tossed about like a cork. After battling against strong odds for three hours, with the men rowing, the women bailing, they reached the lighthouse at the eastern gap exhausted. They were later towed across the bay.

Besides Crowley, who was running the launch, there were four chorus girls.

HOSPITAL FORCE QUIT THEIR JOBS

Matrons and Nurses in Prince Albert Resent Remarks of Aldermen.

Special to The Review.

Prince Albert, Sask., Sept. 20.—Owing to alleged insinuations against their characters by certain members of the city council, the matrons and nurses of Victoria Hospital have resigned.

MUST GO SLOWER

Trains on Pennsylvannia Road Must Not Exceed 70 Miles.

Special To The Review.

Philadelphia, Sept. 20— The Pennsylvania Railway has issued an order restricting the trains on all points of its road from exceeding seventy miles an hour.

AN EDITOR WILL RUN

Winnipeg Tribune Man Figures as an Independent Candidate

Winnipeg, Sept. 20.—The bye-election in Macdonald constituency, Manitoba, called for Oct. 12, to fill the vacancy in the Commons caused by the appointment of W. D. Staples to the Grain Commission, promises to be one of the most spectacular in the history of the west.

Freer trade will be the main issue and R. L. Richardson, publisher of The Winnipeg Tribune, and former member of Parliament for Lisgar, will run as independent candidate, with the support of Liberals and all others who favor wider markets as the solution of the problems of the west.

Richardson's platform is a greater preference to Britain, reciprocity in natural products with the United States. He is already in the field.

The Conservative candidate will be named immediately. The constituency has eight thousand voters.

UNITED STATES MUST BUY ITS PROJECTILES AT HOME

Steel Men, Underbid by British Manufacturers, Force the Government to Accept Their Bids.

Washington, D.C., Sept. 20.—A British company has underbid to the extent of hundreds of thousand of dollars every foundry in the United States for heavy projectiles for use in the big guns of the United States navy. This fact became known when bids were opened for two million dollars' worth of shells of varying calibre.

No sooner had it been ascertained, that the British bidders were far below every American competitor than the representatives of six of the large steel works in the United States had an indignation meeting at the new Willard Hotel yesterday.

They declared emphatically that if the Navy Department awarded the contracts to the British company they would never again submit a single offer for American projectiles. This statement was promptly communicated to the Navy Department, and its meaning was plain enough. It was interpreted as signifying that the American foundries would no longer keep up their equipment for making projectiles, and that in case of war this Government would face a famine in cannon balls.

Later in the day it was made known that in spite of the great discrepancy in bids the awards will be distributed as far as possible among the American competitors.

It was this consideration that determined the Navy Department to give the pending award to American concerns. The general policy is that where the foreign article is superior to the American the contract shall go abroad, but if the difference is entirely one of price it will stay at home.

FRIDAY, SEPT. 20, 1912.

THE NATIONAL DEBT.

The Dominion financial statement for August shows continued evidence of gratifying growth in revenue. The total for the month was $14,415,819, an increase of over $3,000,000 over the corresponding period last year. For the five months ending with August, the aggregate was $66,903,000 an increase of $14,000,000. In the same period, the expenditure on consolidated revenue was $35,351,137, an increase of $5,000,000. Between July and August the public debt was decreased by $6,091,926. The net debt is now $319,023,090, a decrease of $8,000,000 since a year ago. It is this feature of the finance administration of Hon. Mr. White that calls for special comment. The Dominion finances are in splendid condition and the overflowing revenues of the past ten years, due to Hon. W. S. Fielding's adoption of the old Foster tariff with a few minor changes. Hon. Mr. White inherited prosperity in business conditions, growing customs receipts, and expenditure that was lessening owing to the completion of the National Transcontinental. But that in his first year of office, he should have applied himself to the reduction of the national debt is particularly gratifying. It shows that while the Borden Government will not stint the public services, will not hold back on the big expenditures necessary to complete the trade channels of the country, and forward its development, it has an eye to placing the country on a more solid financial basis. The reduction of debt has been currently attributed to come within the peculiar province of Liberal or Radical administrations. Gladstone was the chief of the Liberal statesmen who placed a very high estimate upon economy and efficiency in the public service. But the record of the Laurier administration was one of extravagance, and utter disregard for common honesty in departmental administration. It speaks well that a Conservative Government should start in to apply business-like methods to public finances in such a short time after accession to office. At this rate, ten years of Conservative rule would wipe out a third of the national debt.

EXPORTING PULPWOOD

That the Canadian Manufacturers' Association will send a deputation to Ottawa urging legislation which will put a stop to the exportation of pulp wood from Canada to the United States has been denied at the office of that Association in Toronto.

"I know absolutely nothing of it," declared Mr. Murray, General Secretary of the Association, "and if it is so, the paper interests are doing it off their own bat, and entirely independent of this organization. In fact I am very much surprised if they are; I doubt if it is true."

This statement sheds a different light upon the dispatch which appeared in all the papers yesterday. No one questions that the embargo that has been placed upon the exportation of forest products, cut on Crown lands, by the different Provincial Legislatures has been one of the best measures ever adopted in the interests of Canadian working men and manufacturers. In Ontario alone it resulted in the transfer of twenty million dollars worth of sawmill machinery from Michigan to the North Shore. In other provinces where the embargo has been imposed, large pulp mills have been established largely by American capital and Canadian labor has reaped the benefit.

When it comes, however, to the question of prohibiting the export of timber cut on private lands, that is another matter and one with which the Federal Government alone has power to deal. That it would mean hardship to the small owners, the pulp wood on whose lands is their source of revenue, and who are near American markets, goes without saying. Why should the Dominion Government be asked to shut off the exportation of raw material in this case any more than to prohibit the shipping to foreign markets of beef on the hoof or of wheat until it has been manufactured into flour?

RECIPROCITY A BORE

At a banquet given in honor of Hon. Sydney Fisher in Patton Springs, Quebec, both the ex-minister of Agriculture and Hon. Geo. P. Graham announced that the reciprocity flag was still nailed to the Liberal mast. It is rather singular however, that in his speech at Marieville, Quebec, Sir Wilfrid Laurier neglected to lay much stress on reciprocity—in fact hardly mentioned it at all. It can scarcely be considered probable that it is the intention of Sir Wilfrid to go slowly on the question of free trade in natural products with the United States, but the contrast in the attitude of the leader and his lieutenants must be regarded as more than incidental.

The question facing the Liberals is rather puzzling. What can be done to reconcile the east and west wings? The low tariff advocates the free trade propagandists of the west, cannot harmonize with the party stand-patters of the East. If the western wing is to be dominant, the eastern Liberals must submit to having their hitherto large share in the party councils reduced to a negligible quantity. The Liberals in the industrial centres, and in the agricultural districts dependent on the industrial centres for a large home market, will be moved to switch over to Conservatism. Those who look forward to an early return of the Liberals to power have not figured out that even if Ontario and the eastern provinces do not go more strongly Conservative as time goes on, the only provinces in which material gains can be made by the Laurierites are Quebec and perhaps Manitoba. The west will get no more members in the redistribution, and, in course of time, may dominate the political complexion of Canada, but it is not at all impossible that before that time comes, there will have been a revival of settlement in the east. As the west becomes more settled, the disposition to take greater advantage of the opportunities in the east will progress materially.

Deafness Cannot be Cured.

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

DATES OF FALL FAIRS

The Central Fairs Association arranged the following schedule of dates of the fall fairs:

Keene Fair—Tuesday and Wednesday October 1st and 2nd.
Norwood—October 8th and 9th.
Port Hope, Sept. 24, 25.
Madoc, Sept. 23, 24.
Mariposa, Sept. 23, 24.
Campbellford, Sept. 24, 25.
Bobcaygeon, Sept. 24, 25.
Picton, Sept. 25, 26.
Roseneath, Sept. 26, 27.
Castleton, Sept. 27, 28.
Colborne. Oct. 1, 2.
Tweed, Oct. 2, 3.
Millbrook, Oct. 3, 4.
Warkworth, Oct. 3, 4.
Ameliasburg, Oct. 5, 6.

Many a man's shoulders are not as broad as they are padded.

Twenty people are charged with "white slavery" by the Detroit Grand Jury.

Thirteen million bushels of wheat have been received in Minneapolis in 13 days.

The difference between self-confidence and conceit is hard for some men to understand.

Milady's Mirror

Care of the Teeth.

Considering the importance played by the teeth in the search for beauty, too much importance cannot be paid to these first aids to pulchritude. The teeth spell success or failure to the women who would appear always fresh and attractive.

Not only is it necessary to strive constantly to preserve the natural beauty of the teeth, but it is equally important that we labor to increase their whiteness and general appearance by every remedy or aid science and students of dentistry are able to discover.

For keeping the teeth in good condition chewing dry toast, hard bread or crackers is recommended. Coarse foods tend to give a stability to the "grinders" which keeps them from early decay. For the purpose of dislodging particles of food, removing deposits and other substances a good tooth brush is indispensable. The brush with medium soft bristles is best for the reason that unyielding bristles injure and inflame the gums, causing them to shrink and recede. No particular shape of brush is recommended. the principal point to remember being that the back and under parts of the teeth require as much or even more attention than the front. In stroking do not make the mistake of drawing the brush across the teeth without alternating this action with a careful up and down stroke. Drawing the brush up and down removes particles of food that lodge tightly in crevices between the teeth.

Cover the gums as well as the teeth during this cleaning process. Gentle stroking is best for the gums. If they bleed rinse them thoroughly with a healing mouth wash so they will gradually become invigorated and hardened, thus aiding in the fight against decaying teeth. Exercise extreme caution in selecting tooth pastes, powders or other dentifrices on the market. One of the most universally popular ingredients in dentifrices is powdered chalk. It is inexpensive, harmless and effective, its chief value being the neutralizing of acids in the mouth.

Among the simple remedies always at hand none can be recommended more highly than common salt. A strong solution of salt water is a beneficial mouth wash, and dry salt placed on the toothbrush cleanses the teeth.

Borax is useful in that it tends to remove unpleasant odors from the breath. Dissolve two to four ounces of borax in a pint of hot water and add a half teaspoonful of tincture of myrrh or spirits of camphor.

The Tinted Head.

There is a revival of the red head. A genuine carrot shade is the favorite of the moment, and women have it regardless of their eyes and complexion.

If they but knew how they looked! Most tinted hair is artificial looking but there is something about the vivid red hue that makes the most refined woman look like an adventuress, coarsens her features and is generally unbecoming.

This truth has not the least effect on those it most concerns, but they might refrain from tampering with their hair if they knew how much the artificiality added to their years. It hardens the features and gives a strained look to most faces. It dulls the complexion and makes all but the extreme blond look sallow.

Health and Beauty.

Have plenty of ventilation in your sleeping apartments, lower the upper sash several inches and also raise the lower sash. This gives free circulation of the air and will not create a draft.

A simple "first aid" remedy for nose bleed is found in a cloth wrung out of cold water and placed at the nape of the neck. A large, cold door key may answer the same purpose. So may a piece of brown paper dipped in vinegar.

Baby's mouth should be washed every day with tepid water in which a small pinch of borax is dissolved. This simple lotion keeps the mouth fresh and sweet and prevents that uncomfortable affliction, sore mouth, from which babies so often suffer.

Brittle Nails.

Brittleness of the nails is quite often due to the condition of the general health. Then, again, if you do your own housework the strong soap which you probably use for cleaning purposes will make your nails brittle. Twice a day hold the tips of your fingers for five minutes in a vessel containing enough olive oil to cover the nails. At night before retiring dip the fingers into cold cream and let the tips take up just as much as they will retain. After this dip them into talcum powder.

Beauty Hint.

Orangeade is the Parisienne's favorite summer beverage for her complexion's sake, and she believes strongly also in lemonade to clear the skin and brighten the eyes. In neither does she take much sugar, and she dilutes the lemon juice well with water, taking the orange with less.

When the skin becomes overheated try putting a little baking soda into the water in which you wash. This will produce a cooling sensation which is very pleasant.

Patrick English, aged 90, a recluse living in a hut 20 miles from Renfrew, was burned to death.

THE MARKET

Montreal Grain and Produce.

MONTREAL, Sept. 19.—There continues to be a good enquiry from foreign buyers for wheat and some business was worked in Duluth No. 1, but bids for Manitoba spring grades were all out of line. American corn was stronger and 1c higher. The demand for barley for export is fair and sales of several loads were made over the cable and 20,000 bushels of Ontario malting barley was sold on spot at [illegible] for prompt shipment. Oats continue strong under a good demand. The demand for new crop spring wheat flour from European sources was fair for Nov.-Dec. shipment, but the prices bid in most cases were 6d to 1s per sack out of line. Millfeed active and firm. Butter quiet and easier. Cheese firm under a fair demand. Eggs fairly active and firm. Demand for provisions fair.

Corn—American No. 2 yellow, 84c to 85c.

Oats—Canadian western, No. 2, 52c to 53½c; No. 3, 50½c to 51c; extra No. 1 feed, 51½c to 52c.

Barley—Man. feed, 60c to 61c; malting, 70c to 75c.

Buckwheat—No. 2, 74c to 75c.

DULUTH, Sept. 19.—Wheat, new, No. 1 hard, 91⅛c; No. 1 northern, 90⅛c; No. 2, 88⅛c; Sept., 89⅛c to 89⅝c; Dec., 89½c bid; May, 94⅛c.

CATTLE MARKETS.

Union Stock Yards.

TORONTO, Sept. 19.—Receipts of live stock at the Union Yards on Thursday were 119 carloads, comprising 1590 cattle, 1625 hogs, 2581 sheep and lambs and 313 calves.

Butchers.

Choice butchers, $6.60 to $6.75, and one lone animal of extra quality, was sold by C. Zeagman at $7; good butchers, $6 to $6.25; medium, $5.40 to $5.75; common, $4.90 to $5.15; inferior light weight steers and heifers, $3.75 to $4.80; cows, $3.50 to $5.25; bulls, $3 to $5.00; canners, $3 to $3.

Stockers and Feeders.

Steers, 900 to 1000 lbs., sold from $5.50 to $5.75; bulls, 900 to 1200, at $3.00 to $4.25; steers, 800 to 900, at $5 to $5.30; stockers, $3.00 to $5.

Milkers and Springers.

The market for milkers and springers was unchanged at $50 to $80 each.

Veal Calves.

Prices about the same at $4 to $8.00, and $9 for something very choice.

Sheep and Lambs.

Sheep, ewes light, $4 to $4.60; heavy ewes and rams, $3 to $3.50; lambs, $6 to $6.40, and $5.50 for culls.

Hogs.

The hog market was again stronger, the bulk selling at $8.10 fed and watered, while there were a few lots sold at $8.15, and one of very choice hogs sold at $8.25.

Chicago Live Stock.

CHICAGO, Sept. 19.—Cattle—Receipts, 4000; market, slow, steady; beeves, $5.85 to $11; Texas steers, $4.65 to $6.25; western steers, $5.70 to $9.30; stockers and feeders, $4.30 to $7.85; cows and heifers, $2.90 to $8; calves, $8 to $11.50.

Hogs—Receipts, 14,000; market, strong, 10c up; light, $8.15 to $8.80; mixed, $8 to $8.80; heavy, $7.85 to $8.80; rough, $7.85 to $8.05; pigs, $5 to $7.90; bulk of sales, $8.16 to $8.60.

Sheep—Receipts, 16,000; market, weak to 10c lower; native, $3.60 to $4.00; western, $3.60 to $4.65; yearlings, $4.75 to $5.65; lambs, native, $4.85 to $7.40; western, $4.90 to $7.00.

Cheese Markets.

VANKLEEK HILLS, Ont., Sept. 19.—1286 boxes cheese were boarded today; all selling at 13¾.

KINGSTON, Sept. 19.—At cheese board here today 571 boxes white and 365 boxes colored were boarded. Five hundred sold at 13⅛c.

BROCKVILLE, Sept. 19.—At today's cheese board meeting the offerings were 2085 colored and 1645 white. The sales were 900 white and 1200 colored at 13⅝c.

Wood's Phosphodine,

The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

Arrested For Causing Wife's Death.

Montreal, Sept. 20.—John McGraw, upon leaving the Western Hospital yesterday morning, was arrested on a charge of murder. He is accused of throwing a lighted lamp at his wife last August. Mrs. McGraw died from the burns and her husband has been confined to the hospital ever since suffering from the burns he received while trying to extinguish her lighted clothes.

To Aid Digestion.

"Be cheerful when you eat," said a doctor recently to an interviewer, "and you will be able to enjoy anything."

"The man who tackles a railway sandwich ought to approach it screaming with laughter.—Answers.

HAPPY THOUGHT

How You Can Roast Well and Save Fuel

A range may be a good *baker*, and still not be a good *roaster*.

Roasting is one of the most expensive processes of cooking—more fuel is used in proportion to the result than in almost any other cooking operation. So fuel economy is worth careful watching.

"Happy Thought" Ranges are constructed to give concentrated heat efficiency in the oven.

You know how necessary this is to proper roasting.

But the "Happy Thought" has this further advantage—oven heat is controlled entirely by the size and strength of your fire. So that a small, lazy fire gives a slow cooking heat, and a hot blazing fire gives a quick intense heat.

The same firebox construction of the "Happy Thought" enables you to perfectly control your fire and, therefore, your oven heat.

The point is, you get a direct value in oven heat from every ounce of fuel.

Over a Quarter Million Canadian women, who know this from experience, use the "Happy Thought" every day.

Adventure

A Romance of The South Seas

BY

JACK LONDON

Copyright, 1910, by Street & Smith
Copyright, 1911, by the Macmillan Company

At any rate, she did not look the part. And that was what he could not forgive. Had she been short haired, heavy jawed, large muscled, hard bitten and utterly unlovely in every way all would have been well, instead of which she was hopelessly and deliciously feminine. Her hair worried him, it was so generously beautiful. And she was so slenderly and prettily the woman—the girl, rather—that it cut him like a knife to see her with quick, comprehensive eyes and sharply imperative voice superintend the launching of the whaleboat through the surf. In imagination he could see her roping a horse, and it always made him shudder. Then, too, she was so many sided.

Sheldon certainly was not happy. The unconventional state of affairs was too much for his conservative disposition and training. Berande, inhabited by one lone white man, was no place for Joan Lackland. Yet he racked his brain for a way out, and even talked it over with her. In the first place, the steamer from Australia was not due for three weeks.

"One thing is evident; you don't want me here," she said. "I'll man the whale boat tomorrow and go over to Tulagi."

"But as I told you before, that is impossible," he cried. "There is no one there. The resident commissioner is away in Australia. There is only one white man, a third assistant understrapper and ex-sailor—a common sailor. He is in charge of the government of the Solomons, to say nothing of a hundred or so niggers—prisoners. Besides, he is such a fool that he would fine you £5 for not having entered at Tulagi, which is the port of entry, you know. He is not a nice man, and, I repeat, it is impossible."

"There is Guvutu," she suggested.

"There's nothing there but fever and five white men who are drinking themselves to death. I couldn't permit it."

"Oh, thank you," she said quietly "I guess I'll start today—Viaburi! You go along Noah, speak 'm come along me."

Noa Noah was her head sailor, who had been boatswain of the Miele.

"Where are you going?" Sheldon asked in surprise. "Viaburi! You, stop."

"To Guvutu—immediately," was her reply.

"But I won't permit it."

"That is why I am going. You said it once before, and it is something I cannot brook."

"What?" He was bewildered by her sudden anger. "If I have offended in any way"—

"Viaburi, you fetch 'm one fella Noa Noah along me," she commanded.

The black boy started to obey.

"Viaburi! You no stop I break 'm head belong you. And now, Miss Lackland; I insist; you must explain. What have I said or done to merit this?"

"You have presumed, you have dared"—

She choked and swallowed and could not go on.

Sheldon looked the picture of despair.

"I confess my head is going around with it all," he said. "If you could only be explicit."

"But you have no right—no man has the right—to tell me what he will permit or not permit. I'm too old to have a guardian, nor did I come all the way to the Solomons to find one."

"A gentleman is every woman's guardian."

"Well, I'm not every woman—that's all. Will you kindly allow me to send your boy for Noa Noah? I wish him to launch the whaleboat. Or shall I go myself for him?"

Both were now on their feet, she with flushed cheeks and angry eyes, he, puzzled, vexed and alarmed. The black boy stood like a statue—a plumb black statue—taking no interest in the transactions of these incomprehensible whites.

"But you won't do anything so foolish"— he began.

"There you go again," she cried.

"I didn't mean it that way, and you know I didn't." He was speaking slowly and gravely. "And that other thing, that not permitting—it is only a manner of speaking. Of course I am not your guardian. You know you can go to Guvutu if you want to"—or to the devil, he was almost tempted to add. "Only, I should deeply regret it, that is all. And I am very sorry that I should have said anything that hurt you. Remember, I am an Englishman."

Joan smiled and sat down again.

"Perhaps I have been hasty," she admitted. "You see, I am intolerant of restraint. If you only knew how I have been compelled to fight for my freedom. It is a sore point with me, this being told what I am to do or not to do by you self constituted lords of creation. Viaburi! You stop along kitchen. No bring 'm Noa Noah. And now, Mr. Sheldon, what am I to do? You don't want me here, and there doesn't seem to be any place for me to go."

"That is unfair. Your being wrecked here has been a *godsend to me*. I was very lonely and very sick. I really am not certain whether or not I should have pulled through had you not happened along. But that is not the point. Personally, purely selfishly personally, I should be sorry to see you go. But I am not considering myself. I am considering you. It—it is hardly the proper thing, you know. If I were married—if there were some woman of your own race here—but as it is"—

She threw up her hands in mock despair.

"I cannot follow you," she said. "In one breath you tell me I must go, and in the next breath you tell me there is no place to go and that you will not permit me to go. What is a poor girl to do?"

"That's the trouble," he said helplessly.

"And the situation annoys you."

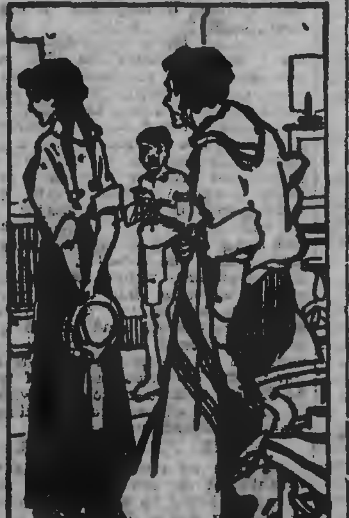
"Only for your sake."

"Then let me save your feelings by telling you that it does not annoy me at all—except for the row you are making about it. I never allow what can't be changed to annoy me. I can't go elsewhere, by your own count. You certainly can't go elsewhere and leave me here alone with a whole plantation and 200 woolly cannibals on my hands. Therefore, you stay, and I stay. It is very simple. Also, it is adventure. And furthermore, you needn't worry for yourself. I am not matrimonially inclined. I came to the Solomons for a plantation, not a husband."

Sheldon flushed, but remained silent.

"I know what you are thinking," she laughed gayly. "That if I were a man, you'd wring my neck for me. And I deserve it, too. I'm so sorry. I ought not to keep on hurting your feelings."

"I'm afraid I rather invite it," he said, relieved by the signs of the tempest subsiding.



"A GENTLEMAN IS EVERY WOMAN'S GUARDIAN."

"I have it," she announced. "Lend me a gang of your boys for today. I'll build a grass house for myself over in the far corner of the compound—on piles, of course. I can move in tonight. I'll be comfortable and safe. The Tahitians can keep an anchor watch just as aboard ship. And then I'll study cocoanut planting. In return, I'll run the kitchen and of your household and give you some decent food to eat. And finally, I won't listen to any of your protests. On the other hand, if you don't agree, I will go across the river, beyond your jurisdiction, and build a village for myself and my sailors, whom I shall send in the whaleboat to Guvutu for provisions. And now I want you to teach me billiards."

Joan took hold of the household with no uncertain grip, revolutionizing things till Sheldon hardly recognized the place. For the first time the bungalow was clean and orderly. No longer the house boys loafed and did as little as they could; while the cook complained that "head belong him walk about too much" from the strenuous course in cookery which she put him through. Nor did Sheldon escape being roundly lectured for his laziness in eating nothing but tinned provisions. She called him a muddler and a slouch, and other invidious names, for his slackness and his disregard of healthful food.

She sent her whaleboat down the coast twenty miles for limes and oranges, and wanted to know scathingly why said fruits had not long since been planted at Berande, while he was beneath contempt because there was no kitchen garden. Mummy apples, which he had regarded as weeds, under her guidance appeared as appetizing breakfast fruit, and, at dinner, were metamorphosed into puddings that elicited his unqualified admiration. She or her sailors dynamited fish daily, while the Balesuna natives were paid tobacco for bringing in oysters from the mangrove swamps.

Among other things, she burned the pestilential hospital, quarreled with Sheldon over the dead and in anger set her own men to work building a new and what she called a decent hospital. She robbed the windows of their lawn and muslin curtains, replacing them with gaudy calico from the trade store and made herself several gowns. When she wrote out a list of goods and clothing for herself, to be sent down to Sydney by the first steamer, Sheldon wondered how long she had made up her mind to stay.

To be continued

We are only too willing to claim relationship with people who have money.

For the Children

Basket Ball Player Trying For a Goal.

Photo by American Press Association.

The vacation season is one of joy and activity for most young people. The school grind being over and the thought of study banished for the time permit the pursuit of health and pleasure in field, forest, mountain and by the seaside. Games and sports of course occupy the youthful mind for the most part, and each individual has ample time to indulge in his or her favorite pastime. Baseball, swimming and fishing usually are fun enough for any boy, while girls, although fond of the water, are not so partial to baseball. Basketball, however, remains a popular game with the girls and is a fine outdoor exercise. The snapshot of a girl trying for a goal was taken in a New York park.

Bunch of Ivy.

This game is played by an odd number and is more fun if a good many play, say thirteen or fifteen. Choose partners and let there be one odd one. The girls kneel, and each one's partner, presumably a boy, takes her hand and to the tune of some familiar, lively song circles round her as in a dance. One of the girls (the leader) suddenly says, "What time does the king come home?" The circling continues, while the odd player says, "At 1 o'clock," or, "At 2 o'clock," or any hour she chooses.

The girl leader then says, "What does he bring with him?" The extra player answers, "A bird," or, "A flower," or, "A diamond," or anything else she may think of, but when he says that the king brings home "A bunch of ivy" all the boys must start off and run around the outside of the ring as many times as the girl leader has said hours of the clock—once if 1 o'clock, twice if 2 o'clock, and so on, and back each to his partner. The one getting back to his partner last loses his place, and the extra boy takes it, the loser becoming the odd one.

Conscientious Tourist.

"We must go to Stratford."

"What's the use? We can buy Stratford postcards in London."

"My friend, one travels for something more than to send postcards. I want to write my name on Shakespeare's tomb."—Louisville Courier-Journal.

Why He Had Improved.

The young wife had given her husband a dance. "You've improved wonderfully, Jack," she said as they sat down. "Don't you remember how you used to tear my dress?" "Yes," he replied. "I wasn't buying them then."—Boston Transcript.

NUGENT'S SARSAPARILLA

Price, large bottles, 100 full doses 85c—and well worth it, too. It's better to take no medicine at all than to depend upon cheap concoctions that are compounded to sell at a low price and a big profit, just because there is a large demand for certain remedies at certain seasons of the year.

There are so-called sarsaparillas offered to us to sell to our customers at 50c a bottle that would pay us a larger profit than Nugent's Sarsaparilla sold at 85c.

Nugent's Sarsaparilla purifies the blood, arouses the torpid liver, drives out all impurities, cleanses and tones up the system.

Nugent's Sarsaparilla has been on the market for over 25 years. We sell it and recommend it as a truly scientific and trustworthy remedy.

STORE NEWS

A Column dealing with the New Arrivals in the various depts. throughout the store.

Intense interest, just now is centred in the Millinery department. Here are assembled the new creations in feminine headgear, and truly the fashions of the present season are above criticism. Each producoion a marvel of artistic millinery skill—so attractive—so stylish—so sensible and so wearable. Prominent in the assemblage one finds original gage, Fisk and Kursman (New York) models and copies from Virot and Camille Rogers (Paris) The popular priced hats also will be featured extensively this season. For Saturday's selling we have prepared a table of smart ready-to-wears at only $4.95.

The Cressman Ready to-wear Department is famous for the variety it offers and its original and exclusive styles. This season we are specializing on Suits and Coats for large women. The Suit Coats are shortwaisted, and Skirts are made extra size through the hips.

We strongly advise early selection in this department to obtain best satisfaction. Owing to the recent garment workers strike, manufacturers are experiencing considerable difficulty in making deliveries. Not again this season will one obtain the great variety of original exclusive garments as are now being exploited. For Saturday's selling we are specially featuring Women's Serge Suits in navy and black serge (silk lined) at only $12.75.

The House-furnishings and Wall Paper Departments, entire third floor—are especially interesting. Here one can select Draperies and Rugs with Wall-paper, thereby arranging unique and harmonious decorative schemes without leaving this floor. Select your Wall Papers where you buy your Rugs and Draperies.

New Dress Goods & Coatings

Saturday will be a day of strenuous selling at the Dress Goods counters. Never, we think, have the Dress Goods been so altogether charming, the colors so beautiful or the weaves so distinctive as those selected to predominate this season. Our Dress Goods dept. is fairly glowing with the beauty of these new fabrics. Plan to spend some time here Saturday on a visit of inspection.

THEATRICAL

"THE ROSE OF KILDARE"

In the "Rose of Kildare," at the Grand last evening, a charming little sketch of Irish love and romance, Fiske O'Hara, the sweet-voiced tenor was afforded another opportunity to exhibit his wonderful vocalism. The play itself is rather simple in theme and its strongest factor is the clever and light-hearted gallantry of Fiske O'Hara ,in the role of Gerald O'Donnell .

The story deals with the adventures of O'Donnell, a handsome young Irish rebel in love with Lady Moya Fitzpatrick.

The hero has a narrow escape from the sea in returning from France and knowing that the English soldiers are seeking him, he substituted himself for the corpse of a sailor who was washed up by the sea from a wreck. The deception however, is revealed by Brian Burke, a rejected suitor of Lady Moya, and the consequent adventures and ultimate triumph of the hero over Burke, and his success in love constitute a charming little play.

During the performance O'Hara sang several catchy Irish songs which, although not so tuneful as in "Love's Young Dream," were heartily received.

"Pictures in the Firelight" and "There's only one Ireland" were two numbers most enthusiastically received.

The attendance was one of the largest of the season.

EVERY MAN SHOULD HAVE A GARDEN

The failure of many who occupy land to grow an abundance of small fruits, at least for their own use, is due to a mistaken idea that it requires too much time to look after a garden. This is the view taken by Mr. W. T. Macoun, the Dominion Horticulturist, and expressed in a paper read by him last winter before the Senate Committee on Agriculture and Forestry. This paper, which constitutes a pamphlet of thirty-five pages, is an exhaustive treatise, expressed in the plainest terms on the culture of small fruits. The fruits dealt with are the strawberry raspberry, blackberry, gooseberry and the several classes of currants. Besides giving full instructions for planting and cultivation, notes are given on the relative merits of varieties.

The pamphlet contains an interesting table on the cost of growing and the returns from an acre of strawberries. At a selling value of five cents per box, a net profit of eighty-four dollars is shown. A section is devoted to the preparation and application of insecticides and fungicides that are useful in fruit growing.

Having the information of this paper to guide him, there is no good reason why every farmer should not have a productive fruit garden. A large edition has been printed to be sent free to all who apply to the Publication Branch, Department of Agriculture, Ottawa.

Dr. McLean has resigned from Guelph Council to remove to Niagara Falls.

THE OLDEST SCHOOL HOUSE

Our oldest school house is the subject of the following interesting article taken from the Hastings Star:

Probably very few of us who go up and down the river between here and Rice Lake notice on the northern side of the river, just south-east of the old white stone Humphries homestead and behind Mr. Chas. Fowld's cottage, an old log cabin in the field close to the concession line which runs into the river.

This building, which has withstood the ravages of time for close to a century, is interesting perhaps for its old age, as the age of the buildings go in this new country, but it is far more interesting as the first school house in Asphodel, and likely in the County of Peterborough. To our knowledge only three persons are to-day living who went to this school which has been closed for at least fifty years, and was bought by an old veteran of Wellington and a hero of Waterloo, by the name of Francis Sharpe. This Francis Sharpe was a major in the 14th Light Dragoons and served through Wellingtno's campaign taking part in two general engagements and several skirmishes. He, with a large number of other veterans came out to this country and took in lieu of their pension money, land in this country. They were dumped off out onto the rocks of Dummer to pick their land, and being soon in destitute circumstances, had to be cared for by the settlers, who had a petition sent to the Imperial Government for their redress, the result of which was that the government returned them half their pensions, and Major Sharpe's share was a York shilling a day.

PAID THE MASTER.

It was before the days of free schools and all who attended paid the master a shilling a month for their tuition with which, his pension, and a small garden, the gallant old soldier made a very fair living for those days.

Of course there were not a great many in attendance in the warm months, but in the cold weather as many as forty pupils crowded into the little cabin to learn the three R's and incidentally receive a periodical hiding, as the old chap was a great believer in the use of the rod. Most of the old settlers who have passed away during the past few years were pupils of the old major, who, we understand, was a fine scholar, and being an old soldier a strong disciplinarian. Seldom did he recount his adventures under the Iron Duke, except when he had been taking liquor when, to the great delight of the neighbors and scholars, he would recount the thrilling adventures of the peninsula war, leading up to Waterloo, in one of which he killed a British soldier, who was in the act of wantonly killing a wounded Frenchman.

SOME PUPILS LIVNIG.

As soon as the free schools were established the old gentleman ceased to teach, living to the end of his days in his log cabin, but before he died he picked out the spot for his grave in the old Humphries burying ground on the farm where he lived, and there he lies buried to-day with the elder members of the Humphries family. The only pupils of his school living to-day are Mr. Henry Humphries, of Asphodel; Mrs. John Butler, of town and Mrs. Maud Elmhirst of Apsley, who went to school there for a very short time.

SOME MEMBERS WANT A FLAG THAT IS PURELY CANADIAN

Federation of Canadian Clubs Completes Its Session—Panama Canal Question Discussed—Next Meeting in Hamilton.

Fredericton, N.B., Sept. 20 — The Federation of Canadian Clubs completed its sessions at noon to-day, and will meet at Hamilton, Oct., 1913. The question of a flag for Canada was discussed at considerable length and at one time the delegates got down to designing flags.

Two definite suggestions were made; one by Mr. J. S. Armstrong of this city, and was for a display of maple leaves in triangular design in the centre of the Union Jack, and the other suggestion was made by Mr. H. A. Porter of St. John and was for the placing of the coat-of-arms of the Provinces of Canada in the centre of the Union Jack.

During the discussion many of the delegates expressed the view that the Union Jack was good enough for any place in the British Empire.

One delegate, Mr. E. A. Smith of St. John, declared that the present Canadian flag had no legitimate right on any flagpole.

Some laughter was caused when Mr. Guy M Drummond of Montreal said that he was representing the Montreal Women's Club. However, Mr .Drummond said he was serious and his vote against the resolution to take the matter up made the result a tie, and the resolution was then withdrawn.

PANAMA CANAL

Mr. Guy M. Drummond introduced a resolution suggesting that the Canadian Clubs throughout the Dominion take up the question of Canada's interest in the Panama Canal and have speakers deal with the subject at luncheons. He said that already some Montreal business men were looking into the question of competing for British Columbia business by having a subsidized steamship line between Canadian ports via teh Panama Canal. This was one matter worthy of consideration.

CELEBRATE CONFEDERATION

The Federated Canadian Clubs are going to take an active part in having the semi-centennial of Confederation celebrated in 1917.

At this morning's session of the Federation the subject was brought up by Honorary President Chas. R. McCullough of Hamilton, and a resolution was passed bringing the matter to the attention of the Federal and Provincial authorities througtout the Dominion. Mr. McCullough said that already he had discussed the subject with persons in high authority in the Dominion and that the suggestion had been well received on all sides.

Secretary Oblenes for the executive reported that there were sixty-six Canadian Clubs and Women's Canadian Clubs, new clubs having been formed during the year. Last year 48 clubs paid affilation dues.

The following report of the Nominating Committee naming the new officers was adopted: Honorary President, C.R. McCullough, Hamilton; President. W. M. McClement, K.C., LL.B., Hamilton; Hon. Secretary Treasurer, G. E. Main, Hamilton; Hamilton, Vice-President, Mrs. Eatherton Smith, St. John. Provincial Prince Edward Island, Percy Pope, Charlottetown; Nova Scotia, D. McGilvray, Halifax, N.S.; New Brunswick, H. A. Porter, St. John; Quebec R. L. H. Ewing, Montreal; Ontario, Kenneth J. Dunstan, Toronto; Manitoba, A. L. Crossin, Winnipeg, Man., Saskatchewan, Chas. Hodgkins, Regina, Sask.; Alberta, Chas. F. Adams Calgary; British Columbia, J. A. Mann, Victoria.

HARVEST FESTIVAL OF SALVATION ARMY

The Salvation Army are holding their annual Harvest Festival on Saturday night and Sunday. The meeting will be in charge of Lt.-Col. and Mrs. Rees, head of the social work of the Army in Canada. The Temple is being decorated for the festival and special music will be rendered by the band and songsters. On Monday night there will be a sale of goods. Everybody is welcome.

ST. LUKE'S HARVEST FESTIVAL

Sermon Given by Rev. J. S. Broughall Rector of Grace Church, Toronto.

St. Luke's church was comfortably filled last night for the occasion of the Harvest Festival, the congregation including a number of people from the other Anglican churches of the city.

The church was nicely and appropriately decorated for the service with fruit and sheaves of grain. Flowers too, were used in the design to complete the representation of the harvest time.

The Rev. F. J. Sawers conducted the service, and an inspiring sermon was delivered by the Rev. J. S. Broughall, rector of Grace church, Toronto. The Rev. R. B. Grobb, of All Saints' and Rev. Mr. Price, of the South Peterborough Mission, assisted in the service.

In opening the Rev. Mr. Broughall explained that the occasion was one of thanksgiving for the material blessing with which the world had been graced by God. One must be careful that in thanking God for, and receiving these blessings, that he pay attention to, and obey God's will towards Him.

In these days, when it is possible to make so much more use of His gifts than formerly, owing to improved machinery and modern ingenuity we must be particularly careful that the thanksgiving be a true and genuine one. "What a wonderful lesson of God's power, wisdom, and faithfulness can be received from the growth of the seed," he said, "and this is going on in the whole universe."

In every other part of nature with the given conditions there is the result, and man though endowed with the finest of conditions is the only failure.

Man's chief end was to glorify God, and enjoy Him forever. Some individuals took the power which in His infinite love God had given them and with it defied Him. This was certain to lead to injury, and if persisted in, to absolute ruin.

Then Mr. Broughall went on to explain that if one defied the natural laws the result would be failure. This was true both of the nation and the individual. The speaker gave a graphic description of the downfall of Rome, and of the Jewish nation because they had violated the natural laws—the laws of God.

In conclusion he explained that the downfall of these people was no punishment visited on a nation by a vengeful God, but merely God's law working itself out. And man's God-given power cannot be used against His laws without loss and disaster resulting.

The Harvest Festival services will be continued on Sunday next, when in the morning the Rev. J. Price, of the new south Peterborough parish will preach and the Rev. F. J. Sawers in the evening.

SOME OFFICIAL FIGURES FOR THE 1912 EXHIBITION

An Increased Attendance of 1378 — Directors Will be able to Pay Note of $1500 — Grandstand Netted $2493 — Over $400 for Midway and Other Privileges.

There were 12,329 adults and children who paid admission to the Peterborough Industrial Exhibition this year. That is the official figure compiled by Secretary F. J. A. Hall. The children mustered 2,042.

The total receipts have also been totalled but until all the expenses in connection with the Fair have been settled, the exact balance on hand can not be ascertained.

That there will be a surplus, however, over last year's receipts is already known. In conjunction with this balance is the $400 or more received as concession from the Midway attractions, and for other privileges. The proceeds enable the Directors of the Fair to wipe off an outstanding note for $1,500 in the bank

The attendance this year exceeded that of 1911 by 1,378, as last year's official figure was 10,951. Grandstand tickets sold this year amounted to $2,493. The Directors feel extremely gratified at the success which in every way attended the Fair for the year 1912.

The prize list is ready and will be published next week.

Secretary Hall will be at Roland Denne's flour and feed store on Saturday, and prize winners should call in the afternoon to receive their share of the prize money.

A REPORT THAT SHOWS THE NECESSITY OF THE NEW WEST WARD SCHOOL

Lower Forms of the South Central and West Ward Schools Overcrowded—Not Enough Accommodation for Primary Pupils at Park St.—Half-day Class System is Introduced.

That the new West Ward school will be finished none too soon will be seen from the School Inspector's report to Dr. Morrison, which explains the overcrowded condition of the South Central and West Ward schools. The Board is taking the only course possible to meet the difficulty by establishing a half day class until the new building is completed.

The report here alluded to is given at length as follows:

Dr. Morrison, Chairman of the Supervision Committee, Board of Education.

Dear Sir,—I have to report that the lower forms of the South Central and West Ward schools are badly overcrowded. The upper forms of these schools also were overcrowded at the beginning of the term, but relief was obtained by transferring a number of the pupils from these forms to the Central and King Edward schools.

In the Primary room of the Park street school there are sixty pupils seeking admission, and there is accommodation for not more than forty-five, and in the corresponding grade, in the South Central, there are over sixty pupils crowded together.

Children in the Primary grades require much individual attention, and a Primary teacher cannot be expected to do effective work with more than forty pupils. The regulations of the Education Department do not permit more than forty-five in a grade, and recommend smaller classes.

To relieve the overcrowding in both the South Central and Park street schools I would recommend that a half-day class be organized in the Kindergarten room of the South Central school. This class would not contain a large number of pupils and with the greater attention that they would thereby receive, their progress would be more satisfactor than it would be under the present overcrowded conditions.

The half-day system has many advantages for small children, and it is being adopted in many of our towns and cities.

Hoping that this recommendation may meet with approval, I remain.

Yours truly,

A. MOWAT, I.P.S.

Peterborough, Sept. 19, 1912.

GIFTS TO THE PROTESTANT HOME

Kindness of Friends is Acknowledged With Thanks.

The Protestant Home authorities wish to acknowledge the following gifts to the Institution: Flowers, from the Bailieboro Sunday School; invalid's chair, from Mrs. Hawley, corner of Charlotte and Park Sts.; three bags of apples, from Mrs. Hall and Miss Davidson, East City; pies and cakes, from Knox Church.

SHAFTS, NO PLACE FOR THIS EQUINE ACROBAT

The performance of a horse, the property of Mr. Gordon, the contractor caused a good deal of excitement last night. The horse was tied to a telephone pole in front of the Red Mill, and became frightened at a street car approaching from the direction of Central Park. It attempted to back up, but was tied so securely that its antics were amusing. A large crowd assembled, and one of the spectators untied the horse. On being thus released the animal reared on its hind legs, turning a complete back somersault and lighting upon its back on the curb. That it was not injured was a surprise to the spectators, who unharnessed the horse and hitched it up again. Neither the rig nor the harness were damaged.

NORWOOD SCOUT IS HOME AGAIN

His Troop Gave Him a Welcome at the Station.

Wilfred Fletcher, the Norwood Boy Scout who was injured while on the train while going to Toronto to the exhibition, arrived home on Wednesday night and was met at the station by the members of the Norwood Troop of Scouts, who gave him a hearty welcome. He had been delayed at Toronto through quarantine, having been ordered in his ward, scarlet fever breaking out. He has completely recovered.

SCARLET FEVER IN TOWNSHIPS TO THE EAST

It is reported that an epidemic of scarlet fever has broken out in Cordova, and there are now about 20 cases in Belmont and about the same number in Marmora township. The township councils have been slow to move and as a result the residents are very wrathy towards these bodies.

KUNTZ BREWERY
Fine Sparkling Ale
BREWED AT WATERLOO, ONT.

Fill a Glass Brimful

Look at the deep, creamy foam.
Simply irresistible!
And the flavor of

Kuntz's FINE SPARKLING ALE

is uncommonly delicious—brisk and snappy. A flavor that will make you smile with satisfaction. Try a bottle. It's sold by the leading hotels, cafés and liquor stores almost everywhere in Canada.

Kuntz's ORIGINAL LAGER

Canada's Most Famous Lager

Kuntz's Original Lager has been on the market for over three score years. It is Canada's most famous lager. Like other superior products, it has been imitated often but never successfully.

Kuntz's Original Lager has a flavor entirely distinctive—a vigorous, hearty flavor that is only obtainable by careful brewing from high-grade barley-malt, hops, yeast and pure, spring water.

Drink a bottle before luncheon or dinner. It adds to the enjoyment of the meal. 63

SPRIGS OF SPORT

Bright Liners on Athletic Topics

CITY CHAMPIONSHIPS ON TO-MORROW AT RIVERSIDE

Entries Close To-night.—Twenty-four Events on the Program.

Everything is now in readiness for the City Athletic Championships, which are to be held at Riverside Park Saturday afternoon, commencing at 2 p.m. There is a good list of events. The entries, which will close to-night, include some of the best material in the city; so with fine weather there should be a good afternoon's sport.

The events and their order are as follows:

1. 100 yards dash—Senior—Howden.
2. 100 yards dash—Under 18 years—Eastwood.
3. 100 yards dash—Under 16 years—Hoyake.
4. 100 yards dash—Under 14—
5. Running High Jump—Senior.
6. Running High Jump—Under 18 years
7. Running High Jump—Under 16 years
8. 12 lb. Shot Put—Senior.
9. Running High Jump—Under 14 years.
10. Running Broad Jump—Senior.
11. Running Broad Jump—Under 18 years.
12. Running Broad Jump—Under 16 years.
13. 210 yards hurdles—Senior.
14. Running Broad Jump—Under 14 years.
15. 8 lb. Shot Put—Under 18 years.
16. 8 lb. Shot Put—Under 16 years.
17. Half Mile Walk—Senior.
18. 120 yard hurdles—Under 18 years.
19. 100 yard hurdles—Under 16 years
20. 100 yard hurdles—Under 14 years.
21. One Mile Run—Senior.
22. Half Mile—Under 16 years.
23. Quarter Mile—Under 16 years.
24. 220 yard run—Under 14 years.

THE OFFICIALS

Referee—Dr. A. W. McPherson.

Judges—His Honor Judge Huycke, E. A. Peck, M.P.P., Mr. Vincent Eastwood, Mr. J. J. Howden, Mr. A. M. Hainsworth.

Clerk of Course—Douglas Loomis.

Scorers—Messrs. Sisson, McCarrell Craig and Curtis.

Timers—Messrs. Ferguson and Galley.

Starter—J. J. Thompson.

GOLF CLUB AND BOWLING CLUB IN FINALS FOR TENNIS HONORS

City Inter-club Championship to be Decided Tomorrow at The Golf Club Courts.

The play-off between the Golf Club and the Bowling Club for the Kerr trophy, emblematic of the city inter-club tennis championship, will take place Saturday afternoon on the Golf Club courts. These two teams have been playing sterling tennis all season, and it would be a very difficult matter to predict a winner for to-morrow's match. Each team will be minus the services of their best players, the loss of Mr. Burnett on the part of the Golf Club being offset by the loss of Mr. Denison to the Bowling Club. The places of the above players will be filled by Messrs. Whitby and McKnight. The rivalry on both sides is of the keenest variety and is certain to produce a brand of tennis well worth seeing. The Golf Club grounds will be open to all tennis followers during the afternoon, and it is expected that there will be a large attendance.

The teams will be as follows—

Golf Club	Bowling Club
F. D. Kerr	W. Pratt.
S. E. M. Henderson	W. H. Dobbie
G. R. Langley	W. A. McPherron
C. L. Whitby	W. F. McKnight

PRESENTATION OF CUPS

Immediately following the match the cups for the individual championships of 1911 will be presented to Mr. W. A. Landry, winner of the men's singles championship, and Miss C. Burnett, winner of the ladies' singles championship.

MAKING PREPARATIONS FOR GAMES OF THE WORLD'S SERIES

Boston, Sept. 20—The business end of baseball—in the form of arrangements of the games in this city of the coming world's championship baseball series—is having long innings at Fenway Park these days. A force of nearly one hundred clerks and carpenters is at work daily to complete the arrangements for accommodating between 30,000 and 35,000 persons at each of the games expected to be played here.

The carpenters are rearing temporary stands on every inch of available space. Ten thousand seats in addition to the normal capacity of 22,000 seats is expected to result from their labors. The clerks, working often well into the evening, face each day a fresh pile of correspondence from all parts of the country, regarding the 15,000 seats which will be reserved.

To prevent a recurrence of the troubles which attached to the distribution of tickets for the last world's series, the Boston management has adopted an elaborate system of protection against the securing of tickets by speculators. This has added greatly to the clerical duties, but it is expected to result in perfect fairness in the allotment of seats.

The system already has uncovered attempts to secure tickets in bunches for speculative purposes.

It is announced that all of the 15,000 reserved seats will be distributed in person, except in the general allotments to the National Baseball Commission and to the players. No tickets will be sent out by mail registered or otherwise. No money is accepted with applications, and the club has sent back thousands of dollars in checks and cash to persons who sent bills or checks with their applications. Only those requests for tickets for all the games in this city are being noticed and only one ticket will be issued for three games. This, it is expected, will minimize the operations of the speculative element

CHINA MUST ACCEPT

Six Power Syndicate Insist on Their Offered Terms

London, Sept. 20.—Representatives of the so-called six-power syndicate and of the new independent Chinese loan of $50,000,000 both assert that their own positions are impregnable.

The six-power bankers yesterday announced that the Ministers of their powers in Pekin have been instructed to express disapproval of the new loan, and they also declared that China has liberty, pending a definite closing of the negotiations with the six-power syndicate, to make outside arrangements. If the Chinese Government does contract other loans the lenders advancing the money will do so of their own risk and without the support of the Governments interested.

China informally approached the old syndicate during the present month, but the banking group will not re-open negotiations unless assured of China's sincerity.

The independent syndicate, on the other hand, scoffs at the suggestion that the British Government will ask China to repudiate the contract made by the Chinese Minister at London under the authority of the Chinese Premier and the Minister of Finance.

In order to be happy a woman must get a strangle hold on her disposition

It costs a lot of money to keep the school of experience going.

TELEGRAPHIC BRIEFS.

Three burros, which refused to get off the track, wrecked a troop train and 11 soldiers were killed near Mexico City.

The Conservative convention to nominate a candidate for East Middlesex bye-election will be held in London Saturday, Sept. 28.

What is planned to be the biggest demonstration for home rule ever held in New York will occur in Carnegie Hall on Sunday evening, Sept. 29.

The beautiful new Bayview Hotel at Yarmouth, N.S., together with its contents, was entirely destroyed by fire yesterday morning, without loss of life.

There was much promiscuous firing from the pits opposite the Utah copper mine at Bingham yesterday. About 1,000 strikers were entrenched there.

William Lane, an old resident of Holland Landing, died yesterday at three p.m. He was a councillor of the village, and was also reeve for a number of years.

A despatch from Podgeritsa, Montenegro, says that refugees from Gusinje, Albania, report half the Christian houses in the town sacked, the villagers terrorized and the Christians desperate.

Infantile paralysis claimed another little victim at Niagara Falls, when Evelyn, five-year-old daughter of Geo. Campaigne died. The authorities believe they now have the epidemic well under control.

The Zeppelin dirigible balloon Hansa made an oversea voyage from Hamburg to Denmark and Sweden yesterday, visiting the Danish capital and Malmo, a Swedish naval port. The trip occupied thirteen hours.

A mob of five thousand strikers and sympathizers last night attacked the principal street car line in Superior, Wis., wrecking six cars and beating the crews and guards. There were furious fights and more than 30 persons were injured.

Spain Recalls Indiscreet Consuls.

Paris, Sept. 20.—France's energetic representations to the Madrid Government have at last resulted in the informal recall of Senors Villas y Villarreal and Sostoa, the Spanish consuls at Mazagan and Mogodor respectively, whose anti-French activity in Morocco has made the pacificatory work of France in the new Moroccan protectorate doubly arduous.

WHILE every man, whether he works for others or for himself, should carry a **LIFE INSURANCE POLICY**. There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

159 Hunter St. **W. H. HILL,**
D. H. MOORE, Inspector. Manager, Central Ont.

Probably the ideal man no longer exists in the mind of a woman who has been married four or five times.

A woman's idea of a model husband is one who lets his wife do as she pleases.

The cruiser Niobe leaves for England in November to ship a new crew.

A woman's homeliness has reached the limit when she can't make up to look pretty in a photograph.

Judging by the quality of the product, it is no wonder we get so much free advice.

The French grain harvest will do for local needs.

YOU CAN BE ABSOLUTELY SURE OF VALUES

If you carefully read the store advertisements and follow them in your buying.

Merchants advertise certain lines because they know these lines will advertise their stores. Because there is something about certain goods, they are put in conspicuous places and the people are told about them. It may be the exclusiveness or newness of design, it may be an unusual quality, it may be an attractive price.

But there is at least one definite, sure reason why a merchant advertises an article and is willing to stake the reputation of his store upon it.

Therefore, when you see an article advertised in THE REVIEW, depend upon it, that article is good value, as good value as can be obtained in that particular store.

SPENCER DIED WITHOUT A FEAR

Boston Murderer a Convert to Christian Science.

Boston, Sept. 20—Bertram G. Spencer, who was executed at the Charlestown prison officials, says, exhibited the most remarkable fortitude ever shown within the prison walls. Before the electrical current was turned on Spencer said—

"I want to say to the whole world through the press, that it is not nerve, but the love of God that has sustained me. Good night."

Last night Spencer gave the following testimonial for publication—

The Commonwealth of Massachusetts,
Office of State Prison,
Charlestown, Sept. 16, 1912.

TESTIMONIAL

At the close of my last day in this human experience, Truth and Love impel me to add to my testimony written about two weeks ago a few more words of gratitude for the joy and peace and unfailing strength that have followed me through this final trial of my faith in God.

I can truthfully say as I near the hour of the mortal's execution, I have no fear.

My nights have been calm and restful and my days joyous in the realization that "His arm encircles me and mine and all." (Mother's Evening Prayer, Page 4, Poems by Mary Baker Eddy.) I have had the Christian Science Monitor as usual to-night, and have read it's loving message on the "Home Forum" page entitled "Proving Good." God bless our leader, Mrs. Eddy, for establishing this daily message of good will and good news.

(Signed) BERTRAM GAGER SPENCER.

The testimonial referred to in Spencer's statement tells of his healing of a condition diagnosed by physicians as insanity while in the Hampden county jail.

Six copies of The Christian Science Monitor are received daily at the Hampden county jail at Springfield. Spencer got a copy and became interested in Christian Science, through its perusal. He sent for a Christian practitioner and from that time his entire demeanor changed.

Spencer paid the law's penalty for slaying Miss Martha B. Blackstone at Springfield, March 31, 1910, while robbing the residence.

A List of Nevers.

Never think of distant objects when talking to some one.

Never attempt to tell a story with which you are not well acquainted.

Never copy the manners of ill bred persons.

Never whisper when out in company.

Never be aggressive in conversation.

Never slight an older person.

Never show off your accomplishments.

Never make boast of clothes.

Never use profane language.

Never harm any of God's creatures.

Never quarrel with your family.

Never quarrel with anybody.—Philadelphia Ledger.

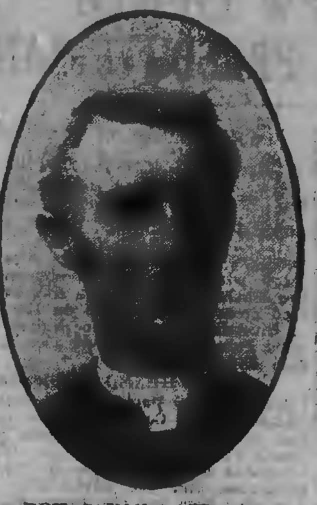
Many a girl gets rattled when a young widow acts as if he was trying to flirt with her.

ADDRESSED CONVENTION

Rev. J. C. Davidson Opens Business Session of Brotherhood of St. Andrew.

The honor of addressing the delegates to the 18th annual convention of the Brotherhood of St. Andrew, which opened at Toronto this morning was accorded to Rev. Canon Davidson, rector of St. John's. The formal opening took place last night at St. James' Cathedral, when a quiet hour service was conducted by Rev. W. W. Craig, M.A., B. D., of St. George's Church Ottawa, who gave a most interesting address. He delivered the talk in three sections under the headings. "The Need of the Church," "How God Prepares Man to Meet the Needs of the Church," and "The Resources the Church Has to Meet the Needs," and dealt with many phases of the subject.

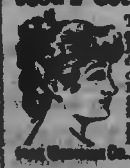
The outside delegates number about 300, while a like number from the Toronto chapters is also attending, embracing men of every profession, trade and calling, all animated with the single idea of promoting Christ's kingdom among men, especially young men.



REV. CANON DAVIDSON.

Among the speakers to be heard on the various subjects during the convention are:—A. B. Wiswell, Halifax; E. V. Mitchell, Winnipeg; W. A. Geddes, Calgary; W. H. B. Scharpo, Indian Head; A. G. Alexander, Hamilton, and Mr. Hubert Carlton, M.A., D.C.L., of Boston, general secretary of the Brotherhood of St. Andrew in the United States.

Cook's Cotton Root Compound.



The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co. Toronto, Ont. (formerly Windsor)

Has there been fewer FLIES since the Garbage By-law went into force, and if so, has this fact anything to do with the high cost of living?

Will Sir Wilfrid LAURIER attend the banquet to be given in Toronto, in honor of Premier Borden?

When will the POLES be removed from George street and the wires placed underground?

How many DOGS have been shot since the by-law restricting their movements was amended?

SOME NOVEL LETTER CARRIERS

REINDEER, BUFFALOES AND SWIMMING LETTER CARRIERS.

Russian Letter Opening, Copying and Replacing Takes Up a Big Staff and a Lot of Time—Formosan Postman Must Face Ghosts as Well as Brigands—Camels on the Desert a Strange Mail Train.

In Russia the postoffice is a very busy place. Not only do the employes distribute the letters, but they also make notes of the contents if they look in the least bit suspicious. One of the ingenious methods in force is to slit the top of the envelope. The letter is then abstracted, copied and replaced. The envelope is finally inserted in a machine which welds the two split edges so cleverly together again that it is practically impossible to see that they have ever been forced apart. Sometimes, it is said, in fits of absentmindedness letters are put back in the wrong envelopes, which is apt occasionally to cause a little confusion.

In Lapland, among the Samoyedes who inhabit the tundras of the north, we find the mails traveling in sledges drawn by a picturesque turn-out of four reindeer, writes Mrs. Herbert Vivian, in The Standard. The tundras are swamps on which strange snow-white moss and lichen flourish. In summer the district is an inaccessible morass covered with wild fowl and its own wonderful flora, but in winter it is frozen hard, and can easily be crossed. Indeed, such is the severity of the climate in these parts that the soil, only one or two feet below the surface, is frozen all the year around.

The reindeer will flourish where no other beast can. A horse must have a certain amount of his accustomed fodder even in Arctic regions, but a reindeer does not even need the dried fish that a dog will put up with. He is the most accommodating beast, and will seek his own provender, lichen or seaweed, shoveling the snow on one side with his great flat horns and scraping the moss from the frozen surface.

The harnessing of the reindeer mail sledges is quite unique. First goes a reindeer, and then comes a boat-shaped sleigh, in which a man sits. Next comes another reindeer followed by a sleigh filled with letters and packages. Single reindeer and sledges follow alternately, the rear being brought up by a reindeer.

In the wild mountains of the Caucasus the postman holds a post of some danger, for he must be protected not only against savage brigands, but also against the inclemency of the skies. There are few practicable routes across the precipitous ranges, and Mt. Elburz, the loftiest peak, is over 18,000 feet high. Nowhere in the world are there so many peoples, nations, languages and religions, and you will scarcely find so many dare-devil ruffians elsewhere.

In marshy parts of Asiatic Russia we may find the buffalo post. Great shaggy beasts draw the antediluvian-looking two-wheeled wagon, while men almost as shaggy, in long, rough, white garments and astrachan caps, act as postmen. The carts sometimes carry a passenger as well, but it need hardly be said that progress by this mail coach is neither rapid nor agreeable. Buffaloes are far more powerful than oxen, and are useful in the swamps of Siberia. They can tread with ease where most animals would fear to venture, for their broad splay feet seem made on purpose to wade through mud and morass.

Another strangely picturesque post travels across Asiatic Turkey from Aleppo to Karaman. The country is mountainous and romantic, and the little, gayly-caparisoned group of horsemen is even more romantic still. This is the Tartar post. Three unmounted horses, laden with packages and letters, fill the middle of the picture. Behind them gallop the postmen, whip in hand, as if their lives depended on their speed. No doubt they often do, for that wild country teems with brigands and warring tribes. At the head and tail of the procession ride zaptiehs, or Turkish policemen, to guard the mail.

There is something impressive and mysterious about a procession of camels, and in the dreary desert of the Tarantas a slow, stately procession makes its deliberate way at appointed times, carrying the post across the sandy wastes. All camels have not, however, the distinguished appearance of the fleet dromedary.

Then there is the postman of the Isle of Formosa, called Ch-ien li ma, or the horse of a thousand miles. This hard-working person often has to carry 160 pounds at a trot for many days and nights. He must not only be so smart and strong that he along is capable of tackling half a dozen brigands, but he must, moreover, be ready to face a ghost, if necessary. In Formosa the natives are so superstitious and timorous that if they see or hear the smallest sign of anything uncanny they will not only run away from it as fast as they can, but they will throw down anything that hampers their flight in the least degree. In order to be more hardy and enduring, the horse of a thousand miles never eats a full meal, but when he is hungry he will "eat himself seven-tenths full."

Next comes the swimming postman of India and the ski-ing postman of the Andes. The former frequent a district where rivers abound and bridges are few, so that to avoid extensive detours he must be ready at any moment to take to the water. He is equipped as a swimmer, and wears as uniform only a sketchy bathing costume, a turban and life belt.

The Argentine Government imports Norwegians to carry the posts in winter across the Andes on skis. The men travel at heights from 3,000 to to 18,000 feet above the plain.

Why He Chose It.

"Do I understand that your son wants to be a doctor?"

"Yes."

"What for?"

"He wanted to follow a profession that would furnish him with a good excuse for staying out late nights, I think."—Detroit Free Press.

Transport Troubles.

PLAINTIFF CONDUCTED HER OWN CASE AND WON OUT

Among the cases which came before Judge Huycke, in the Division Court of Havelock, was one in which Mrs. Dan. Monro of Belmont clamed $10 from David Little for damage to corn by the latter's cattle. Mrs. Monro conducted her own case and C. A. Ghent appeared for the defendant, and many witnesses were heard pro and con. Little's cattle had strayed into Mrs. Munro's corn field and destroyed some of the crop, but the defendant claimed that as Munro's fences were down and gates open, that he was not liable.

Judge Huycke handed down decision giving plaintiff judgment for $6.00 without costs. Because the township has the authority to pass a by-law restraining and regulating the running at large of animals on the highway, and have not done so, it leaves the existing common law as modified by the statute. Therefore the owner of animals running at large, is liable for damages done by them, even though fences are unlawful. By reason of evidence at the trial showing that plaintiff and her husband negligently or purposely left opening's so that defendant's cattle would trespass and incurr danages, no costs were allowed them.

Wood vs. Primrose, was an action for $21.00 rent for garden from Mr. and Mrs. Alex. Primrose, by Mrs. M. J. Wood, of Old Havelock. The defendants did not appear in court and judgment was given in full with costs.

S. J. Fisher vs. Leamen Garnsey, was a claim for $10.48 balance on a note for insurance. Defendant had given an account in settlement but plaintiff was unable to collect it, hence the suit for balance. Judgment in full for amount with costs.

DISCUSSION OF POWER SCHEME POSTPONED TILL MONDAY NIGHT

The City Council will not meet to-night as previously announced, as Ald. Butler chairman of the Board of Works, has a number of important items of business which needs the attention of his committee, so that recommendations can be brought before the Council, which will meet for session, Monday night.

At the meeting Monday night the Hydro-Electric proposition will be discussed. When the council met Hon. Adam Beck, at Toronto this week, it was impossible to go into all the details of the scheme, but as all information will be available for the meeting, the City Fathers will be able to delve into the matter thoroughly.

This being the case, the by-law to be presented to the people, will be drafted and considered at another meeting, after which the date of voting would be decided. It would then rest with the people, the members of the Council having done all that was asked of them.

Mayor Bradburn hopes to have the by-law before the people early in October.

ANOTHER DISPUTE HAS BEEN SETTLED

Hon. T. W. Crothers Prevents a Strike of C.P.R. Telegraphers

Ottawa, Sept. 20—Hon. T. W. Crothers, Minister of Labor, has scored another signal success in the termination, without a strike, of the difference between the Canadian Pacific Railway and its telegraphers. His tact and careful handling of the case were largely responsible for the bringing together of the opposing interests at Montreal yesterday. He had several conferences with the company and the men.

The minister of labor deserves the appreciation of the Dominion for the way in which he has fulfilled the duties of his office. Under him the industrial Disputes Act has operated with precision and with but two exceptions in all the cases with which the department has had to deal during the tenure of office of Mr. Crothers, it has been able to avoid a strike.

The minister has been instrumental in removing many grievances of long standing. Perhaps the most conspicuous of these was the reinstatement of the Grand Trunk trainmen who had not been taken back after the big strike on that line.

The minister also secured a settlement of a dispute of considerable duration between the G. T. P. and its trackmen, so that they returned to work.

Hon. Mr. Crothers and Hon. Robt. Rogers, minister of interior, were the most influential forces in settling the strike in the coal fields of British Columbia, a disturbance that was in progress when they took office.

These are the most important cases but in all parts of Canada the labor department through the Industrial Disputes Act, has been settling by arbitration disputes between the owners and employes of public utilities, the settlement of the Ottawa Electric Railway trouble without a strike being one of them.

LINDSAY FAIR

Many Local People in Attendance at the Exhibition

In spite the unfavorable weather a large number of people left this morning to attend the Lindsay Fair. Three extra coaches had to be added to the regular train. To-day is the big day of the Fair and doubtless there will be a large attendance.

THE PROPOSED NEW CHURCH FOR THE PRESBYTERIANS

Local Council Composed of Representatives of the Three Churches, Approve of Site Being Secured in the Southern Part of the City — Address by Mr. Parkinson, and Election of Officers.

Anticipating the expansion and requirements of Presbyterianism in Peterborough, the Presbyterian Council last night approved of a proposal to secure a site in the southern part of the city upon which, should the growth of the church warrant it, a place of worship could be erected when required. The proposal is not what could be called new, but it is simply following out the policy of present day Presbyterianism, providing for the future growth of their denomination throughout the Dominion, and in fact, wherever Presbyterianism is established.

COMMITTEE APPOINTED.

The Council last night put the seal of their approval upon the proposal by appointing a committee to look after the matter of choosing the site. For business reasons the proposed location is not given, but it will be within the city limits, and in a position convenient to future residents in that vicinity. The proposed establishment of a church in the southern part of the city originated from the agitation on the part of Riverdale people who desired services being conducted at the Riverdale church.

COUNCIL HEARD ADDRESS.

Mr. Matthew Parkinson, of Toronto, addressed the Council on the subject of Missions. His remarks were timely and along the lines of future extension and expansion of Presbyterianism, and the advisability of providing now for the future growth of the church. In Toronto energetic officials of the church were motoring to outlying sections of the city and suburbs, viewing land which they considered would be best adapted for the future establishment of Presbyterian places of worship.

Sheriff Hall presided at the meeting and the election of officers was held, resulting as follows:

President—Richard Lees.
Vice-President—F. Morrison.
Secretary-Treasurer—W. J. Stacey.

PORT HOPE PEOPLE THOUGHT JESSE JAMES HAD COME TO LIFE

Citizens Were Terrorized as Man Said to be Thomas Cooper Went About Discharging Revolver—Cooper Was Arrested Here by Detective New hl and Chief Bond Will Take Him to Port Hope.

Chief Bond, of Port Hope, is in the city to-day, and will return to Port Hope to-night with Thomas Cooper, who was arrested here last night at the American Hotel, by Detective Newhall, following the request from Chief Bond for the local police to be on the lookout for the man.

It appears that Cooper, who is a marble cutter and has been employed at Coughlin's Monumental Works on Hunter street, recently paid a visit to Port Hope, and it is alleged that he is the man who gave the impression to Port Hope people that a "Jesse James" had come to town.

The man, having secured a revolver and a large number of cartridges, went about discharging the weapon, frightening different people, and in one case it is said he held up A. Pollock at the point of the revolver, terrorizing that individual to such an extent that he pleaded with his captor to take his money and allow him to use shank's mare to flee to safety.

It is also said that he called at the home of a brother and handled the revolver in a manner that caused the inmates to think there was nothing else to the outcome but certain death.

LIVINGSTONE CENTENNIAL TO BE OBSERVED BY CANADIAN CHURCHES

March 19 next will mark the centennial of the birth of David Livingstone, and churches throughout the Dominion are already planning to make it an event of wide celebration. Several denominations are preparing circulars to send out to the churches, and the Laymen's Movement has requested the men of the Dominion to observe the day as a special missionary day.

Requests are coming to the office at Toronto, of the Laymen's Movement for the observation of all such occasions and the Laymen's Council have asked that November 10th be observed by men's committees everywhere as a special occasion of prayer. It is the fifth anniversary of the first meeting of the Laymen's Movement in Canada, and the Toronto committee will hold a two-day celebration.

TOO MUCH WHISKEY ON HIS PREMISES

Whitby, Sept. 20—George Birnie, proprietor of the hotel at Myrtle Station, was yesterday fined $100 and costs by Police Magistrate Harper at Whitby for keeping liquor for sale on his premises, the township of Whitby, in which Myrtle is situated, being a local option municipality. It came out in the evidence that the premises were searched by two Provincial Detectives on September 10, who found a two-gallon jar of whiskey wrapped in a quilt. In a commode in the same room were a jar of rum, a flask of whiskey, a bottle partly full of whiskey, some port wine, and two bottles of bitters. Birnie swore this was a portion of the liquors which remained over since local option came into force in May, 1910, and which he kept for his own use. The Crown Attorney argued that the fact of the liquor being concealed so close to the barroom was evidence of its being for sale. The Magistrate took the same view, and convicted. Mr. Haverson appeared for the defendant.

PERSONALS

Mr. James Bogue was in Lindsay yesterday.

Mr. Leslie Stevens is in Lindsay on a business trip.

Misses Lauretta Trombley and Lauretta Hurley, are visiting Mrs. Jas. Ward, of Lindsay.

Miss Laura Shea, and Miss Rose Mulhern, both of Campbellford are visiting friends in the city.

Mr. R. J. Devey leaves to-day to attend the Brotherhood of St. Andrew Convention in Toronto.

Mr. Jack Hickey of 535 Reid street left this afternoon for Lindsay, where he will attend the Lindsay Central Fair.

Mr. Earl Gillis, of Port Hope, is spending a few days in the city, the guest of his cousin, Mr. Melville Jamieson, Gilmour street.

Miss Noble, Elliot's head milliner, leaves on Monday on one of her fortnightly trips to the millinery markets to pick up the latest ideas for her customers.

Miss McRae, teacher of Art in the Public schools of the city, returned last night from an extended tour in which Miss McRae visited the art centres of Europe.

Every man makes mistakes, but the weather man gets more of his in print.

STEEL INSTRUMENT FELL AND CAUSED INJURY TO OPTIC

Mr. Max Foley, of Norwood, who has been a patient in St. Joseph's Hospital, through a small steel instrument striking him in the left eye cutting the outside tissue and the optic very painfully, has returned home. His eye is healing rapidly.

SUFFERED STROKE OF PARALYSIS

Mr. Fred. Oke, of Port Hope, is in town to-day on account of the illness of his mother, Mrs. Silas Oke, of McDonnel street. When preparing to retire last Wednesday evening, Mrs. Oke was stricken with paralysis and her condition is very serious. The last report states that she has not regained consciousness.

NEW STREET CAR TRIED AT GALT

Galt, Sept. 20.—Railway men of the district enjoyed a treat yesterday in witnessing the placing in commission of a new type of street car. It came to Galt from Preston over the tracks of the Guelph, Preston and Hamilton Railway. It was the initial trip of a self-propelled coach which gets motive power froma generator operated by a 50 horsepower gasoline engine contained within the car.

Death Sentence Passed.

Montreal, Sept. 20—Antonio Farduto was shortly after six o'clock last evening found guilty of the murder of Louis Hotte on July 29 last by the petit jury in the Court of King's Bench after five minutes' deliberation and sentenced by Justice Trenholme to hang on Friday, Dec. 13.

The accused, when asked if he had anything to say why sentence should not be passed, replied in the negative, and when Interpreter Viglino repeated the death sentence in Italian, Farduto relaxed his grasp on the front of the prisoners' dock and laughingly replied: "Well, if it's that, let it go," snatched up his hat and hurried with the guard down to the cells.

Swift Company Invades the Capital.

Ottawa, Sept. 20.—The Swift Co. of Chicago will shortly erect a large warehouse and packing plant in Ottawa. Yesterday afternoon the Grand Trunk Railway Co., acting for the Swift Co., asked the Board of Control to sell the old registry office, on which the Swift Company will erect a $50,000 building. No action was taken.

The Hat that Looks Best on YOU

Many men *think* they look best in a derby—others, in a soft hat. Both classes are mistaken — it is merely that they don't try on the right hat.

von Gal made Hats are leaders in style, in quality and in value. Our styles are thought out carefully—a hat to suit every type of face, figure and fancy, and every hat is top-notch style.

Visit your nearest hatter. If you *think* you look best in a derby—try on the von Gal made soft hat that's meant for you—and vice versa. You'll surely buy.

ULSTER ENTHUSIASTIC OVER SIR EDMUMD'S PAPER

Former Solicitor-General Continues His Campaign Against Home Rule Addressing Several Meetings and Concluding With a Big Gathering at Londonderry — Special Prayers for Ireland In the Churches.

Londonderry, Ireland, Sept. 21.—Sir Edward Carson, former Solicitor-General for Ireland, yesterday continued his campaign in Ulster County against home rule for Ireland. He was the recipient of a remarkable ovation when he arrived here from Belfast, in which city and vicinity he addressed several meetings yesterday. Cheering crowds lined his route from the railway station to the Guild Hall, a distance of two miles, while others formed in procession and escorted him to his destination. The streets were gaily decorated for the occasion.

The enthusiasm culminated last night in a big demonstration at the Guild Hall, at which the Duke of Abercorn presided. Sir Edward in the course of his speech said the covenant which all the Ulster Unionists would sign on Sept. 28, pledging themselves to stand together "in defending our cherished position of equal citizenship in the United Kingdom and in using all means which may be necessary to defeat the present conspiracy to set up home rule in Ireland," had disappointed the Radicals because of its moderation. It was a solemn document, the speaker added, no fireworks having been permitted to creep into it.

Frederick Edward Smith, Conservative member of Parliament for the Walton division of Liverpool, also addressed the meeting, assuring the Irish Unionists that they had England at their backs in their fight against home rule.

A resolution of adherence to the covenant was carried by acclamation.

Carson to Sign First.

New York, Sept. 21.—A London cable to The Tribune says:

The terms of the solemn covenant of Irish Unionist against home rule caused great enthusiasm throughout Ulster.

The Liberal papers of London are naturally trying to pour ridicule upon this latest development of the Unionist campaign, but the covenant will certainly be hailed by all Protestant Unionists with enthusiastic approval. The document will be signed on Ulster Day after most impressive religious services in the various Protestant places of worship.

Sir Edward Carson, Solicitor-General in the last Conservative Ministry, who has been the leading spirit in drawing up the covenant, and who is probably responsible for most of its phraseology, will be the first to sign in Belfast at the City Hall, and after him will come other Irish Unionist members of Parliament, and the members of the Belfast Corporation and other civic dignitaries.

Special Prayers in Ireland.

Armagh, Ireland, Sept. 21.—Most Rev. John Baptist Crozier, Primate of All Ireland of the Church of England, has designated next Sunday and the days following it, including Saturday, Ulster Day, as "days for special intercession and prayer on behalf of our beloved native land." During the week the following special collect will be read:

"Deliver us, we pray Three, from these great imminent dangers that threaten the welfare of our church and country. Grant that all that is said or done this week may tend to the glory of Thy great name and the welfare of the church and people, so that truth, justice, religion and piety may be established among us for all generations."

West Contributes to Ulster.

Winnipeg, Sept. 21.—Samuel Larkin, grand auditor and deputy grandmaster of the Loyal Orange Association in Winnipeg, states that funds are being sent from here for the protection of Ulster.

The money is being transmitted from local lodges to the grand secretary of the Grand Lodge at Belfast.

Waldo Disavows Reinstatements.

New York, Sept. 21.—On the witness stand for the third time before the aldermanic committee which is investigating police conditions, Police Commissioner Rhinelander Waldo yesterday repeatedly disavowed responsibility for the fact that he had appointed his force many men rejected by his predecessors and whose records at police headquarters showed that they had been arrested for various offences.

In answer to this and to instance after instance of men who had obtained appointement through false oaths as to age and other qualifications, as pointed out by Emory R. Buckner, who conducted the examination, the commissioner declared that he had put his whole trust in the civil service commission and had appointed men in one, two, three order from the commission's list without having his own department make the slightest investigation into the character of the men.

Wilson Opens Campaign.

Columbus, O., Sept. 21.—Twelve hours did Governor Woodrow Wilson spend in Columbus yesterday, but in these were crowded the formal opening of the Democratic campaign in Ohio, a luncheon with Governor Harmon, Representatives James M. Cox, the Democratic candidate for governer, and state leaders and a series of speeches and receptions.

It was a strenuous wind-up to the Presidential nominee's first week of consecutive campaigning. As he started back to Sea Girt, N.J. last night, he said he was more than satisfied and pleased both with the thrill of campaigning and the enthusiastic greetings he had received.

Fatal Riot at Election.

Ottawa, Sept. 21.—A tale of a terrific struggle in a polling booth, terminating in the death of one man and the burning of ballots, is set forth in brief form in that usually staid document, "the return of the twelfth general election to the House of Commons."

The tragedy occurred in one of the far north polls of Edmonton, the constituency of Hon. Frank Oliver, and is told of in the official records as follows:

"Poll No. 169, Leaman. Poll was held and 79 ballots cast for Hon. Frank Oliver, but owing to a riot and death of one man in the polling booth, and the alleged burning of ballots, as substantiated by the affidavit of the deputy returning officer, Frank Van Canneyt, the returning officer did not count the said 79 ballots in his recapitulation."

No Orders for Deportation.

Ottawa, Sept. 21.—It was stated at the Immigration Department yesterday that no instructions had been issued to prevent the landing of Miss Wylie, the English suffragette, who is coming to Canada.

"I will not say what I am going to do in Miss Wylie's case," said Hon. Robert Rogers, Minister of the Interior. "She must be, however, quite a girl."

The Ottawa Suffrage Association will hold a special meeting to decide what attitude to adopt when Miss Wylie arrives.

New Manuals Issued.

Toronto, Sept. 21.—Manuals to be used in teaching English to French-speaking pupils in Ontario schools, have just been issued by the Education Department.

"The aim," says the book, "is to bring the French-speaking child to a condition similar to that of an English-speaking child on entering school. It will, of course require much repetition and practice to give the former the fixed, unconscious habit possessed by the latter of thinking and expressing his thoughts in English.

Want Contest to Stop.

Chemnitz, Saony, Sept. 21.—The Social Democratic Congress yesterday adopted a resolution looking to the termination through international agreements of the competition in armaments. The resolution declares that the present rivalry among the nations threatens the peace of the world and is driving humanity towards a frightful catastrophe.

The enrichment of the great land owners, the resolution adds must be stopped through the abolition of protection.

Sold Diseased Beef.

Windsor, Ont., Sept. 21.—Aaron Strong, butcher of Tilbury, pleaded guilty yesterday to a charge of selling lump jaw beef and was fined $50 and costs.

Walter Mineau, Tilbury East, a farmer, who sold the diseased animal, was fined $20 and costs.

Colporteurs Rotten-Egged.

Montreal, Sept. 21.—The Attorney-General of the province will be asked to investigate the mobbing and rotten-egging of the colporteurs of the Grande Ligne Mission. So far no action has been taken by the police, though the men who assaulted the colporteurs, are well-known.

Meet In Winnipeg Next.

Buffalo, N.Y., Sept. 21.—Winnipeg, Man., was selected as the next convention city by the League of American Municipalities. These officers were elected: President, John P. Ryder, Omaha, Neb.; vice-president, L. A. Lapointe, Montreal.

British Potatoes Banned.

Washington, Sept. 21.—The U. S. Department of Agriculture issued a quarantine against "Common or Irish" potatoes from Newfoundland, the Islands of St. Pierre and Miquelon, England, Scotland, Wales, Ireland, Germany, and Austria-Hungary. The order is effective immediately.

Writ for Macdonald Bye-Election.

Ottawa, Sept. 21.—The writ for the Macdonald, Manitoba, federal bye-election, made necessary by the appointment of W. D. Staples to the grain commission, was issued early last evening. Nomination will take place on Saturday, Oct. 5, and polling on Saturday, Oct. 12. Louis Pouissant Moreau of Cardinal, Man., is the returning officer.

Gold In Baffin's Land

For some time past there have been reports of considerable finds of placer gold in Spitsbergen, and now we have news of an expedition to search for gold still further north, in Baffin's Land, a large island lying between the North American Continent and the North Pole, about 17 degrees, or 1,200 miles, from the latter. Gold is said to have been discovered here last year by one of the members of a Canadian Arctic expedition, and some rich samples were brought back by Captain Robert Janes, the second officer of the expedition, who now accompanies the party which left St. John's recently, and should reach Pond's Bay some time in August, the ship returning in November. The party will build huts and work throughout the winter. It is said that the gold is found in black sand, and fine pebbles, but nothing was done beyond getting a few specimens by Captain Janes. It is also stated that another party has also started for the same district, but their objective is somewhat different, although in the same island.

DAMAGING HURRICANES ON COAST OF LABRADOR CREATE HAVOC.

HOLDING COURT ON LABRADOR COAST.

Wireless messages from Labrador tell of havoc wrought by a hurricane which recently swept that coast. Reports indicate extensive damage to fishing vessels and structures on the coast.

The hurricane was also felt in Southern Labrador and the northeast coast of Newfoundland, where much damage was done and several fishing smacks driven ashore.

BRITISH MANUFACTURERS WANT A TARIFF AGAINST AMERICAN PRODUCTS

The Movement Would Provide Work for English Workmen and is Not Anti-American But Pro-British.

SPECIAL TO THE REVIEW

New York, Sept. 21 — A Dispatch from London says that the movement against cheap American automobiles is a forerunner of an attack on tywewriters, cash registers, safety razors and other American products sold in Britain. Through agitation, one of the British automobile manufacturers say it is hoped to obtain passage of a tariff law which will retain English market for English manufacturers and provide remunerative work for British labor. The movement is not anti-American but pro-English.

MISS LEIGH LIBERATED BECAUSE OF ILL HEALTH

Agitator Who Threw a Hatchet at Mr. John Redmond In Dublin Refused Food and Forced Authorities to Release Her—Mrs. Pankhurst Is Jubilant—Canadian Suffragists to Wait on Mr. Borden.

Dublin, Sept. 21.—Mrs. Mary Leigh, the suffragette, was released from Mount Joy prison yesterday on account of ill-health, due to her refusal to eat, and having to be forcibly fed. Mrs. Leigh was sentenced August 7 to five years imprisonment on a charge of having wounded John Redmond, leader of the Irish Parliamentary party, with a hatchet, which she threw at Premier Asquith's carriage during the visit of Mr. Asquith to Dublin. Shortly after her incarceration, Mrs. Leigh announced her determination to refuse to partake of food, and the prison officials resorted to the drastic measure of administering nourishment through a tube.

When Mrs. Leigh was brought outside the prison hospital in an invalid chair, she was in an emaciated condition. According to a suffragist journal published here, her condition was becoming desperate. The order for the woman's release gave her her freedom "on license."

Cause Must Win.

London, Sept. 21.—Mrs. Pankhurst, the suffragette leader, in an interview here last night concerning the release of Mrs. Leigh from prison in Dublin, said that she could not understand what was meant by the words "on license," but that nevertheless Mrs. Leigh's release was proof that the Government was powerless, even by methods of repression to resist the claims of women to the right of suffrage.

Suffragette Leaves for Canada.

London, Sept. 21.—(C.A.P. Cable.)—Barbara Wylie left on the Empress of Ireland on a suffragette mission to Canada. Miss Wylie was one of the deputation to Premier Borden when here three weeks ago. Her speedy departure to Canada is presumably in response to the Premier's careful, non-committal attitude on the question.

Miss Wylie refused to disclose her plans for a campaign beyond announcing that she intended seeking a further interview with Mr. Borden, which she anticipated would be readily granted.

About twenty women, including Mrs. Pankhurst, bade her farewell. One lady, in the extremity of her enthusiasm, waved a paper flag.

To Meet Borden.

Toronto, Sept. 21—The officers of the Canadian Suffrage Association have been granted an interview with R. L. Borden on Monday, while the Premier is in Toronto. The hour, however, is not known. It will not be a large deputation. A letter is being prepared which will be read to Mr. Borden and any questions he may ask will be answered if possible.

Stolen Money Found.

Chicago Sept. 21.—Part of the $272,000 loot robbers long ago got from the Bank of Montreal at New Westminster, B.C., has been recovered by Chicago police.

How much money was found the police refused to say, but it is intimated the amount would run into the thousands. It was said the money was in Canadian bills of large denomination.

Decisions Delayed.

Ottawa, Sept. 21.—The Chicago drainage canal case, wherein the levels of the lakes and St Lawrence River are seriously involved, has not been decided by U. S. Secretary of War Stimson, and it is not expected here that it will be determined until after the November elections.

Where Is Annie McAuley?

Montreal, Sept. 21.—The authorities are anxious to find a Miss Annie McAuley of Toronto because it is thought, from a letter he had, that she can give information about a man named Jack Munro, killed on the docks by a locomotive on Wednesday.

NOISE IN ULSTER IS NOT ALL BLUFF

Earl of Stanhope Says Men of That Section Mean Business.

Winnipeg, Sept. 21—The Earl of Stanhope, who just returned from the west, declares in an interview here that the noise in Ulster is not all bluff. History will show that Ulster men have always been serious in their convictions and are prepared to stand by them.

An Ancient Dispute.

An appeal which came before the judicial committee of the Privy Council recently from an order of the King's Bench for the Province of Quebec, raised the right of a claim by appellants, Angus Corinthe and others, as chiefs of a band of Indians, to a siegniory alleged by respondents, the ecclesiastics of the Seminary of St. Sulpice of Montreal, to have been granted to their predecessors by King Louis XIV. For over a century this controversy has been going on as to the title to the siegniory of the Lake of the Two Mountains, the ecclesiastics from the French crown, at a later period confirmed by statutes, while the Indian band resident upon the seigniory claimed to be the absolute owners by virtue of the unextinguished aboriginal title, the Proclamation of 1763, and possession sufficient to create a title by prescription. Alternately the Indians claimed qualified title under the French grants.

LAURIER AT COCHRANE.

Reception Was Good But Not Remarkably Enthusiastic.

Cochrane, Sept. 21.—Sir Wilfrid Laurier and his party filled the last engagement of their Northern Ontario tour here yesterday. The reception tendered to them in the morning was hardly sufficiently demonstrative enough to satisfy the local committee, in fact the evidences of party affection by the electorate in Northern Ontario during the past four days cannot be considered as substantiation for the claims of party leaders that they have made an appreciable quantity of political capital.

Sir Wilfrid said that he was proud of his policy, especially on account of the fact that he was in Cochrane, because, the building in which the meeting was being held was the partial realization of his earlier dreams.

He dwelt upon the evolution of the Grand Trunk Pacific, which had a great future, not only as a commercial project, but as a national enterprise. He referred to the charges that the road was to be degraded, and said that his ambition was that the railway should be superior to any one on the American continent. He depreciated the idea of making the line between Cochrane and Quebec a sort of elongated camel's back.

"I do not charge the Government at the present time," continued Sir Wilfrid, "but this is a thing which if contemplated should not be allowed to go on. We must not allow this railroad to be degraded. If it will be the intention of this Government to destroy the character of this road I call upon you men of the north to protect the national road against such action, and to insist that the railway shall be completed as it was conceived by the late Government."

"Fear not for the future," he said. "No! Canada will come into her own. My faith is in our country and in our Canadian people. Right will win. Twenty-five years hence there will be no east and no west, no distrust and difference. There will be continuous, united Canadian sentiment from the valley of the St. Lawrence to the valley of the Red River. Let us hasten the day when the heart of the whole Canadian people will beat as one and all our national dangers disappear."

Addresses were also delivered by Hon. Messrs. Graham, Murphy, Lemieux and King.

Insisted on Flight.

Chicago, Sept. 21.—"Officials in charge of the aviation meet are all millionaires and none of them know the first thing about aviation. They violated every rule to safeguard the lives of the aviators."

William Pickens, manager of Aviator Horace Kearney, so testified at the inquest yesterday of Howard W. Gill of Baltimore, Md., who was killed at the aviation meet at Cicero last Saturday when his biplane collided in the air with a monoplane driven by Geo. Mestach, a French aviator.

"Gill told me before he went into the air on the day of his death that he was displeased with the way the meet was being conducted," said Pickens. "I don't like this idea of flying at twilight," Gill told me. "Gill was nervous before he started. He only went up after the officials insisted the meet would be a failure if the crowd were disappointed. Mestach is not to blame for the accident. In fact, I do not believe either aviator was."

Western Tragedies of a Day.

Winnipeg, Sept. 21.—At Lethbridge an Austrian section hand named Peter Patrick took his life by hanging.

At Arcola, Sask., Stuart Burell, a young farm hand, whose home was in Winnipeg, drank gopher poison.

Martha Sorensen, the two-year-old daughter of Martin Sorensen, of Kenora, was drowned.

At Fleming, Sask., a young son of C. A. Johnson, was crushed to death under a wagon.

SIR EDWARD GREY WILL MEET THE CZAR'S ENVOY, SAZONAFF

Russian Ambassador Will Be Received by King George at Balmoral and Momentous Discussions Regarding Tibet, Persia and the Balkans Will Take Place—Fanatic Causes a Disturbance at the Station.

New York, Sept. 21.—A cable to The Tribune from London yesterday says:

Balmoral, King George's Scottish residence, may become the scene of deliberation of a weighty character when His Majesty receives there M. Sasonoff, the Russian Foreign Minister, and the Russian ambassador, Count Benchendorff, to-day. Both of these diplomats left for Balmoral last night, following Sir Edward Grey, who has already left for the north to take up his duties as Minister in attendance upon the King during the coming week.

The chief object of the discussions between M. Sasonoff and Sir Edward Grey is the attainment of some satisfactory and equitable solution of the grave problems with which Persia stands confronted.

The Anglo-Russian agreement in 1907 has been found, as a result of changing conditions, not to have worked altogether satisfactorily, and it is hoped that the conferences of the coming week will so revise it as to make the task of mutual co-operation, particularly in Persia, the Balkans, Tibet and Mongolia, easier.

The Tibetan question is a simple one. Since China has attempted to convert Tibet into a Chinese province it is said that Great Britain will ask Russia to agree to the sending of the British consul at Lhassa to deal directly with the Tibetan Government, in order to ensure the continued existence of that Government.

When M. Sasonoff stepped from the train at the Victoria station a man rushed toward him, shouting "Down with Russia!" At the same time he displayed a poster on which was printed, "Russia must evacuate Persia if she wishes to retain England's friendship." The man was seized by the police, but subsequently was released. He said he was a member of the Anglo-Persian committee.

Big Profits In Coal.

Philadelphia, Sept. 21.—Mayor Blankenburg and Director Cooke have received from the experts on the anthracite coal rate case the preliminary plan which they will use in the case against the coal-carrying railroads to reduce the present rates and so ameliorate the high cost of living by an attempt to bring this necessity down to the price at which it is declared it should be sold at.

These papers show that coal which now sells for $7 a ton should not retail at more than $3.25 a ton, and the smaller sized coal at $3.05 a ton.

Two Knights at the 'Peg.

Winnipeg, Sept. 21.—Sir Thomas Shaughnessy arrived here from the west at noon yesterday in his special train and proceeded east fifteen minutes later, waiting only for a change of engines. Sir William Mackenzie also arrived here yesterday for a brief stay.

Buried at Ottawa.

Ottawa, Sept. 21.—The body of Arthur Westman, drowned at Toronto Thursday night, will be brought to the home of his parents, Mr. and Mrs. Thomas Westman, and will be interred here.

A COURAGEOUS WOMAN.

Heroism and Duty In a Nova Scotian Lighthouse.

To the long roll of brave and devoted souls who have done their duty in circumstances so hard as to call for real heroism, the name of Mrs. Peter Borque must be added. One day during a storm, her husband, the keeper of the Bird Rock lighthouse on the Nova Scotia coast, slipped and fell into the sea. In spite of her frantic efforts to save him the unfortunate man was drowned.

After her first burst of grief Mrs. Borque began to realize her terrible situation. She and her baby were alone in the midst of the sea; she could expect no help from the nearest house, fully nine miles away; the lighthouse supply vessel came to Bird Rock only four times a year. But deeper than her grief and loneliness was the sense of responsibility that came to her; no matter what happened the light must continue to burn.

Day after day she tended the light and sounded the fog signal. She prayed that the storm would abate and allow her to snatch a few moments' rest. But the wind only howled the fiercer and the fog settled down heavier than ever. It was the worst storm in years. For five days and nights she did not sleep a wink.

Finally she became so exhausted that she feared to leave the tower at all, lest she might not be able to return. For two days she stayed there by the light, almost in a stupor, only rousing now and then to tend the light or sound the fog horn.

On the eleventh day, Mrs. Borque saw a ship in the distance. Sobbing with relief and joy she tolled the lighthouse bell. But the ship kept on its course, and the agonizing fear that the men on the vessel might not hear seized her. Summoning all her remaining strength, she tolled the bell again. Then at last she saw the ship put about and come toward the lighthouse, and knew that she was understood.

The old Government drill shed at Forest, erected in 1860, is being demolished.

London is considering whether it will adopt pay-as-you-enter tram cars, [illegible]

NEW PROCONSUL CHOSEN.

Earl of Liverpool Is the Governor of New Zealand.

London, Sept. 21.—(C.A.P. Cable.)—It is officially announced that the Earl of Liverpool has been appointed governor and commander-in-chief of New Zealand.

Arthur Foljambe, Earl of Liverpool, who succeeds Lord Islington in New Zealand, is one of the comparatively few British peers on the Liberal side of politics. He is the fifth holder of the title, which, created in 1796, lapsed for a period, to be revived in 1905.

Receiving his early education at Eton, he determined to enter upon a military career, and after a course at Sandhurst, was appointed second lieutenant in the Rifle Brigade in 1891, gaining rank of lieutenant in two years, and rising to a captaincy in 1897. He was staff captain in the Dublin district from July, 1900, to December, 1901, and served the following year in South Africa. In 1906-8 he was State Steward and Chamberlain to the Earl of Aberdeen, K.T., Lord Lieutenant of Ireland, and received the title of major of the 6th Batt. Rifle Brigade in 1907.

The Earl of Liverpool is 42 years of age. In 1897 he married Anette Louise, daughter of Viscount Monck. He has one son, Hon. Gerald Savile Foljambe.

TELEGRAPHIC BRIEFS.

Natural gas was discovered by a well-digger at Douro near Peterboro.

The steamer Moreland, salvaged after two years' work, sank at the Sarnia dock.

The interparliamentary union voted yesterday to hold its 1913 session in The Hague.

Rev. Robert C. Parsons, a superannuated Methodist minister, died at the age of eighty-two.

Three hotelkeepers at Windsor pleaded guilty to selling liquor after hours and were fined.

A cargo of 1,500,000 gallons of gasoline was brought to Montreal from Singapore in a tank steamer.

The Watson Trading Co. and the Wabi Iron Works are new industries in northern Ontario's commercial and manufacturing evolution.

The White Star Line has cancelled future sailings of the steamer Olympic. She will be fitted with an inner skin and additional bulkheads.

Sir Richard Cartwright's condition is reported by attending doctors to be most satisfactory. Everything points to his rapid recovery from the operation.

Fred. Carruthers, 863 Woodville avenue, Toronto, was seriously injured last night when he fell underneath the C.P.R. passenger train from Toronto at Hamilton yesterday.

A largely representative and enthusiatsic meeting was held in the Town Hall at Beaverton yesterday afternoon, for the purpose of promoting Hydro-electric power in the district.

Rain was general all over the Canadian west yesterday, it having rained almost constantly since six o'clock Thursday evening, and consequently threshing operations have been delayed.

It was announced last night by the G.T.R. that they were arranging for an extensive boat service between Providence, R.I., New York and Boston in connection with their new line from Palmer, Mass., to Providence.

Joseph Godin was killed and Joseph Richer and Ovide Legault, Montreal, longshoremen, were seriously injured on board the Canada line steamer Pallanza yesterday when a gangway slipped and they fell into the hold of the ship.

Would Bar Pastor Russell.

Montreal, Sept. 21.—The Lord's Day Alliance is taking steps to prevent Pastor Russell of Brooklyn, from holding a meeting here on Sunday, because the proceedings are billed to take place in a theatre.

Dr. Gordon, president of the Alliance, says that it is illegal to open theatres here on Sunday. He denies that the objections to the meeting arise out of Dr. Russell's spectacular methods.

When it was pointed out that the Salvation Army was allowed to hold a memorial service for the late General Booth in the theatre, Dr. Gordon said the cases were not analogous, as the memorial service was a very special occasion.

Stole $70,000 From Express.

Pensacola, Fla., Sept. 21.—Following closely a series of robberies by highwaymen on railroads in the south, the west-bound Louisville & Nashville train was robbed Wednesday between Pensacola and Flomaton, Ala.

News of the robbery did not become known until yesterday. It is reported that $70,000 was stolen from express packages sent from Pensacola banks to Flomaton.

Quebec Labor Federation.

Montreal, Sept. 21.—At a meeting held yesterday the Montreal Trades and Labor Council decided to take a plebiscite of all labor bodies in the province as to the advisability of establishing a provincial federation, which would replace the Quebec executive now appointed by the Trades and Labor Congress in dealing with legislative matters in this province.

Schooner Driven Ashore.

St. John, N.B., Sept. 21.—The three-masted schooner J. M. Huston, owned in Maine, was driven ashore at Quaco, on the Bay of Fundy coast, in a gale yesterday. Captain Limpts, his wife and daughter were aboard, but they and the crew all got ashore. The schooner may be a total loss. The Huston was bound to Boston with lumber from River Hebert, N.S.

SUFFERED AGONY FROM DYSPEPSIA

[illegible]

N. C. STIRLING, Esq.

GLENCOE, ONT., Aug. 29th. 1911.

"So much has been said and written about "Fruit-a-tives" that it might seem unnecessary for me to add my experience.

But "Fruit-a-tives" were so beneficial to me when I suffered with distressing Dyspepsia, that I feel called upon to inform you of the remarkable and satisfactory results I have had from using them.

Dyspepsia and Indigestion as everyone knows, can give you more uncomfortable hours and days than most common complaints.

"I am glad to be able to say to you that although in the past I suffered excruciating agony with Dyspepsia, I am now in perfect health.

"Fruit-a-tives" accomplished the desired result and I have to thank them for my very favorable and satisfactory state of health" N. C. STIRLING.

Why don't you try "Fruit-a-tives"? 50c a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

The Daily Review

SATURDAY, SEPT. 21, 1912.

HOW BRYAN BECAME COLONEL.

A correspondent asks how William Jennings Bryan came by the title of colonel and if he was ever actually under fire other than the rhetorical variety of artillery.

Back in 1898 when the United States went to war with Spain the Nebraska orator was chiefly concerned with tactics looking to the securing of the presidential nomination for the second time on the Democratic ticket. The war had been in progress for about two months when Mr. Bryan suddenly bethought himself that it would increase his political chance two years later if he could pose as a man who had volunteered to uphold the honor of his country. Previous to that time he had never betrayed any military enthusiasm, for a man prolific of speech seldom has an ambition to become a warrior.

Mr. Bryan accordingly raised a company of kid gloved gentry and was as a matter of course—and of policy too—elected to the position of colonel for the officers of the American militia are chosen by the votes of the members of the company. With imposing pomp and circumstance the tin horn warriors started for the front and in due course reached the coast of flowery Florida. There they pitched their tents and waited for transports to carry them to the scene of operations in Cuba. The newspaper chronicles of the day, made by reporters who were on the scene and who have survived the ordeal, tell us that the manoeuvres of the highly nurtured regiment were something marvellous, never before witnessed in the history of warfare. Not the least startling of the features was the horsemanship of the gallant leader, who we are told, when he first mounted a horse, arrayed in all the glory of his new military accoutrements, landed in the saddle with his face turned in the wrong direction. The transports never called. The new regiment was not needed and after a pleasant little vacation the would-be warriors returned home. But Mr. Bryan had won his point. He had advanced toward the front. He was a sure enough colonel and the soldier vote was clinched.

SANOL

A German Specialist's Discovery will positively cure

Kidney Trouble

GALL STONES, KIDNEY STONES, GRAVEL AND ALL AILMENTS OF URIC ACID ORIGIN.

The only positive cure for Gravel

SANOL EXPELS URIC ACID NEVER FAILS TO CURE

This German Remedy is prepared from herbs and herb extracts, contains no poisonous ingredients whatever.

Sufferers will receive free information on request from the Sanol Manufacturing Co., Winnipeg, Man.

McDermid & Jury

A NEW RAILWAY EXPERT

Before Hon. Chas. Murphy started out on a political tour with Sir Wilfrid Laurier and the rest of them no one even suspected that the former secretary of state had expert knowledge of railway building. It seems, however, that the versatile gentleman has not been held at his full value by the public, seeing he has been put forward by the party as the railway construction critic. He thus crowds into the back ground his colleague, Hon. George P. Graham, who by virtue of his former position in the cabinet, would naturally be looked for in the role which Mr. Murphy has assumed. Mr. Graham, however, has evidently been detailed to take up the lighter task of making fun for the audiences, the chief clown, as it were of the circus.

Mr. Murphy may not be wilfully misrepresenting the situation. He is at least deficient as to knowledge of railway work. If he expects the public to believe that which he is preaching, he is really asking too much. If the men at present charged with the construction of the Transcontinental railway, are committing a fraction of the blunders Mr. Murphy says they are, then these men have no business to be at large. They should be captured at once before they work any more damage and secured in the nearest asylum that has any vacant rooms. It would, however, scarcely be fair to deprive them of their liberty on the unsupported testimony of the new railway expert, the hitherto unheard of Daniel who has so suddenly appeared upon the judgment seat.

Mr. Murphy gravely asserts, and let us charitably trust that he believes what he is saying, that the officials in question have been changing the grade of the new road and that by so doing are impairing its future efficiency. They have, he says, filled in cuts made by the former administration, lowered the road bed in other places, and in one instance, depressed by ten feet a wooden trestle, 800 feet long; all these changes being made for no other apparent object than to increase the grade.

Mr. Murphy, in his fervency to score a point against the present government, seems to have forgotten for the nonce that a railway train as a general thing, runs in two directions, and what is a down grade on one trip is an up grade on another. If he really has lost sight of this fact, we can rest assured that the skilled engineers who are looking after the work in question, have not done so. The physical conditions of the route of the Transcontinental present difficulties sufficiently serious in themselves without a resort to such tom-fool methods as those enumerated by Mr. Murphy.

No thinking man, especially no one with any practical knowledge of railway construction, will take Mr. Murphy's charges seriously. Let him exercise his imagination to the limit. He will injure nothing so much as his own cause. These charges, very much milder it is true, were made by his leader before the party left on their present trip, and were officially denied, but it seems that no denial is accepted by the opposition. Mr. Murphy is, as it were beside himself. He has evidently confounded the building of a railway with the construction of a toboggan slide, where a heavy grade is essential.

THE LEOPARD'S SPOTS

The Ethiopian may not change the color of his skin or the leopard his spots, but Sir Wilfrid Laurier is at liberty at any time to modify his views and he has done so since he has left home on his present tour, no doubt the change of front being brought about while he held his finger upon the pulse of the electorate. He does not talk of Reciprocity to-day as he did only yesterday when he invoked heaven to forgive the sins of the voters who turned that measure down.

Up at the Haileybury meeting the ex-premier forced into a corner by a recent editorial in the Montreal Star, admitted that the people do not want Reciprocity as he offered it to them. He insists, however, that the question of markets has not yet been solved, that the problem has not yet been disposed of. Then followed a dark threat of something serious to happen in case something is not done by the present government for the relief of the wheat producing prairie provinces.

This is only another instance of the political trick of setting section against section and of coddling the west, encouraging that part of the Dominion to believe that it has a grievance when none really exists. Sir Wilfrid calls for a remedy for a disease born of morbid political imagination. The West has no ground for complaint on the score of markets. It has been shown time and again until the question becomes one of tiresome monotony that the western farmer has a better market at his own door for his staple production than that offered him by any city across the border.

He who runs can easily read between the lines of Sir Wilfrid's address that his thinly veiled threat means secession in case the every whim of the people of the west is not gratified and all must regret that the Liberal leader has so soon forgotten his recent promise to refrain from breeding anything like dissension among the different sections of the country.

SUFFERED FROM VIOLENT CATHARTICS

The Warning of Mr. Geo. C. Fox Is One That Should Be Heeded by All

Few men on the road are better known than genial George Fox, whose friends throughout the West are legion. In the following letter he expresses gratitude for signal services rendered by Dr. Hamilton's Pills. He goes on to say: "Until I used Dr. Hamilton's Pills and experienced their wonderful mildness and curative power, I estimated the value of every pill by its activity. Talking about this to a well-known physician I met on the train the other day, he explained there are different kinds of drugs that act upon the bowels, the most active being known as drastic. Except in extreme cases where the life of the patient depends upon speedy evacuation of the bowels, pills should never be drastic. Purgatives cause catarrh of the bowels and inflammation; their dose must be increased, causing even more harm. With such a clear explanation I could see why Dr. Hamilton's Pills are curative and not irritating, why they are mild, yet most searching.

"From my experience I recommend everyone that takes pills to give up the old-fashioned harsh, purging pill, and, instead, to use Dr. Hamilton's. They cure headache, biliousness, constipation, bad stomach, and keep the system in perfect condition."

Refuse any substitute for Dr. Hamilton's Pills; sold for 25c., all dealers, or The Catarrhozone Co., Kingston, Ont.

Dr. Hamilton's Pills Cure Constipation

EDITORIAL NOTES

Col. Roosevelt says he favors the recall of the president. Anything for re-election. If the people will only give him another chance he is willing to walk into the office with a string attached to him so that the public can pull him back when he goes wrong.

Bank robbers with $150,000 stolen from a British Columbia bank, escaped from Chicago. No one with that amount of money in his possession is safe in any American City that has an up to date police force.

The leader of the opposition in England threatens civil war if Ireland gets home rule. The leader of the Opposition in Canada threatens something serious if the west does not get wider markets. Will some one please mark both men with the same brush.

We beg to remind the Evangelical Alliance that any general marriage law which would leave out Quebec could be at most merely a makeshift. Of what avail is a remedy that fails to strike at the root of the trouble?

Miss Barbara Wylie, the British Suffragette, who is on her way to Canada, may fail to exert much influence with her brother who is a member of the Saskatchewan Legislature. But if he were her husband—well that's another story.

A Downie street youth wandered into a prize patch of the city's crop of burdock and now his curly locks resemble a specimen of that plant run to seed. Nothing short of a barber with a pair of clippers can effect a cure.

If the book on political history which Sir Richard Cartwright is writing appears in his usual trenchant style there's a work which will certainly be worth reading.

By committing suicide Hamilton's latest murderer saved the police from the annoyance of another failure.

If there is another man in Peterborough easy enough to fall for the old handkerchief game let him stand up to be counted.

Now that Toronto has won the international baseball championship will it be satisfied for a time and refrain from all attempts to gobble up property that belongs to the province at large?

An ounce of intuition may be worth more than a pound of tuition.

Caledonia village council is arranging for hydro-electric power.

The Institute of Journalists recently held their annual conference at Brighton.

The death has occurred of Dr. Andrew Wilson, the great author of medical treatise.

The Rev. H. Gusford Jones, of Bradford has accepted the living of Sheffield with $7,000 a year.

Montreal Grain and Produce.

MONTREAL, Sept. 20.—Business in Manitoba spring wheat over the cable today was quiet again, but some further business was worked in Duluth No. 1 northern. American corn stronger at an advance of 1c. Oats very strong on increased scarcity and good demand at another advance of ½c, with 50c bid freely for sample oats. Foreign demand for barley fair, but prices bid were 1c per bushel out of line. Flour steady, with a fair trade passing. Millfeed active and strong. Rolled oats advanced 25c. Butter in better demand and firmer. Cheese, more active. Eggs firm.

Corn—American No. 2 yellow, 84c to 85c.

Oats—Canadian western, No. 2, 52½c to 53c; No. 3, 51c to 51½c; extra No. 1 feed, 52c to 52½c.

Barley—Man. feed, 69c to 71c; malting, 70c to 75c.

Buckwheat—No. 2, 74c to 75c.

Flour—Manitoba spring wheat patents, firsts, $5.80; seconds, $5.30; strong bakers, $5.10; winter patents, choice, $5.25; straight rollers, $4.85 to $4.90; bags, $2.25 to $2.35.

Rolled oats—Barrels, $5.05; bags, 90 lbs., $2.40.

Millfeed—Bran, $23; shorts, $27; middlings, $28 to $29; moullie, $30 to $35.

Hay—No. 2, per ton, car lots, $13.50 to $14.

Cheese—Finest westerns, 13⅝c to 13⅞c; finest easterns, 13⅛c to 13¼c.

Butter—Choicest creamery, 27½c to 27¾c; seconds, 26¼c to 26½c.

Eggs—Selected, 29c to 30c; No. 2 stock, 21c to 22c.

Potatoes—Per bag, car lots, 65c to 70c.

Hogs—Dressed, abattoir killed, $12.25 to $12.50.

Pork—Heavy Canada short mess, bbls., 35 to 45 pieces, $27; bbls., 45 to 55 pieces, $27.

Lard—Compound, tierces, 375 lbs., $10.50; wood pails, 20 lbs. net, $10.75; pure, tierces, 375 lbs., $14.25; wood pails, 20 lbs. net, $14.75.

Winnipeg Grain Market.

WINNIPEG, Sept. 20.—Prices on the local grain market were higher today on the wet weather over the prairie provinces. The opening was ⅜c to ⅝c higher, following which there was a further advance of ⅜c on October, with distant months steady. Later there was a decline from the high points. Closing prices were ⅜c higher for October, ⅜c for December and ⅝c for May.

The cash demand was good, especially for spot wheat, and offerings light, while prices advanced on contract grades 2½c to 3¼c. Export trades were trying only to fill space.

Oats were ½c firmer for both months, and advanced 1⅛c for October and ⅜c for December. Flax advanced 2c for October and 1c for November. Receipts were heavier, 210 cars being in sight for inspection.

Cash grain: Wheat—No. 1 northern, 96½c; No. 2 do., 93½c; No. 3 do., 89½c; No. 4, 85c; No. 5, 75c; No. 6, 65c; feed, 61c; No. 1 rejected seeds, 87c; No. 2 do., 85c; No. 3 do., 81c; No. 1 tough, 86c; No. 2 do., 83c; No. 3 do., 79c; No. 1 red winter, 92½c; No. 2 do., 90½c; No. 3 do., 87½c.

Oats—No. 2 Canadian western, 45c; No. 3 do., 42½c; extra No. 1 feed, 43½c; No. 1 feed, 42½c; No. do., 39c.

Barley—No. 3, 50½c; No. 4, 45½c; rejected, 40c; feed, 40c.

Flax—No. 1 C.W.F., $1.69; No. 2 do., $1.67; No. 3 do., $1.47; condemned, $1.30.

Minneapolis Grain Market.

MINNEAPOLIS, Sept. 20.—Close—Wheat—September, 87¼c to 87⅝c; December, 89⅛c; May, 94¼c to 94⅜c; No. 1 hard, 91⅛c; No. 1 northern, 89⅝c to 90⅝c; No. 2 northern, 88⅛c to 88⅝c.

Corn—No. 3 yellow, 70c to 70½c.

Oats—No. 3 white, 30⅝c to 31c.

Rye—No. 2, 60c to 62½c.

Bran—$19.00 to $20.

Flour—First patents, $4.35 to $4.65; second patents, $4.20 to $4.55; first clears, $3.20 to $3.50; second clears, $2.30 to $2.60.

Duluth Grain Market.

DULUTH, Sept. 20.—Close—Wheat—No. 1 hard, 91⅛c; No. 1 northern, 90⅝c; No. 2 northern, 88⅝c; September, 89⅝c; December, 89⅛c; May, 94⅛c.

CATTLE MARKETS.

Chicago Live Stock.

To Protect the Beauty That is Yours

and to enchance it, if that be possible, is a duty none the less binding because it has been made so agreeable. That duty centres in Beauty's chief expression, the skin.

With intelligent care and the regular use of such perfect preparations as Na-Dru-Co Ruby Rose Cold Cream and Witch Hazel Cream, you can preserve its bloom in spite of exposure to burning sun or dry, dusty, scorching winds.

NA-DRU-CO Ruby Rose Cold Cream

does much more than keep the outer skin soft and supple—it feeds the underlying tissues, fills out the tiny hollows, prevents wrinkles, and gives a fresh and wholesome charm. With its subtle odor of fresh roses, and the soothing sensation which it imparts, Ruby Rose Cold Cream is a toilet gem.

In opel glass jars, 25c. at your druggist's.

NA-DRU-CO Witch Hazel Cream

is a refined and altogether delightful preparation of Nature's own cooling, healing specific, Witch Hazel. Under its soothing influence roughness, chaps, sore lips, sunburn, windburn or irritation after shaving vanish like magic. Used freely after washing it keeps the hands and face soft and comfortable.

25c. a bottle, at your Druggist's.

Always look for the Na-Dru-Co Trade Mark when you buy.

National Drug and Chemical Co. of Canada, Limited. 199

Adventure

A Romance of The South Seas

BY JACK LONDON

Copyright, 1910, by Street & Smith
Copyright, 1911, by the Macmillan Company

She was certainly unlike any woman he had ever known or dreamed of. So far as he was concerned, she was not a woman at all. She neither languished nor blandished. No feminine lures were wasted on him. He might have been her brother, or she his brother, for all sex had to do with the strange situation. Despite his warnings about crocodiles and sharks, she persisted in swimming in deep water off the beach, nor could he persuade her, when she was in the boat, to let one of the sailors throw the dynamite when shooting fish. She argued that she was at least a little bit more intelligent than they and that, therefore, there was less liability of an accident if she did the shooting. She was to him the most masculine and at the same time the most feminine woman he had ever met.

A source of continual trouble between them was the disagreement over methods of handling the black boys. She ruled by stern kindness, rarely rewarding, never punishing, and he had to confess that her own sailors worshipped her, while the house boys were her slaves and did three times as much work for her as he had ever got out of them. She quickly saw the unrest of the contract laborers and was not blind to the danger, always imminent, that both she and Sheldon ran. Neither of them ever ventured out without a revolver, and the sailors who stood the night watches by Joan's grass house were armed with rifles. But Joan insisted that this reign of terror had been caused by the reign of fear practised by the white men. She had been brought up with the gentle Hawaiians, who never were illtreated nor roughly handled, and she generalized that the Solomon islanders, under kind treatment, would grow gentle.

One evening a terrific uproar arose in the barracks, and Sheldon, aided by Joan's sailors, succeeded in rescuing two women whom the blacks were beating to death. To save them from the vengeance of the blacks they were guarded in the cook house for the night. They were the two women who did the cooking for the laborers, and their offense had consisted of one of them taking a bath in the big caldron in which the potatoes were boiled. The blacks were not outraged from the standpoint of cleanliness; they often took baths in the caldrons themselves. The trouble lay in that the bather had been a low, degraded, wretched female, for to the Solomon islanders all females are low, degraded and wretched.

CHAPTER VII.

A HARD BITTEN GANG.

NEXT morning Joan and Sheldon, at *breakfast*, were aroused by a swelling murmur of angry voices. The first rule of Berande had been broken. The compound had been entered without permission or command, and all the 200 laborers, with the exception of the boss boys, were guilty of the offense. They crowded up, threatening and shouting, close under the front veranda. Sheldon leaned over the veranda railing, looking down upon them, while Joan stood slightly back. When the uproar was stilled two brothers stood forth. They were large men, splendidly muscled, and with faces unusually ferocious, even for Solomon islanders. One was Carin-Jama, otherwise the Silent, and the other was Bellin-Jama, the Boaster. Both had served on the Queensland plantations in the old days, and they were known as evil characters wherever white men met and gamed.

"We fella boy we want 'm them two *black fella Mary*," said Bellin-Jama.

"What do you want along black fella Mary?" Sheldon asked.

"Kill 'm," said Bellin-Jama.

"What name you fella boy talk along me?" Sheldon demanded, with a show of rising anger. "Big bell he ring. You no belong along here. You belong along field. Bime by, big fella bell he ring, you stop along kai-kai, you come talk along me about two fella Mary. Now all you boy get along out of here."

The gang waited to see what Bellin-Jama would do, and Bellin-Jama stood still.

"Me no go," he said.

"You watch out, Bellin-Jama," Sheldon said sharply, "or I send you along Tulagi one big fella lashing. My word, you catch 'm strong fella."

Bellin-Jama glared up belligerently.

"You want 'm fight," he said, putting up his fists in approved returned Queenslander style.

Now, in the Solomons, where whites are few and blacks are many, and where the whites do the ruling, such an offer to fight is the deadliest insult. Blacks are not supposed to dare so highly as to offer to fight a white man.

A murmur of admiration at Bellin-Jama's bravery went up from the listening blacks. But Bellin-Jama's voice was still ringing in the air, and the murmuring was just beginning, when Sheldon cleared the rail, leaping straight dowaward. From the top of the railing to the ground, it was fifteen feet, and Bellin-Jama was directly beneath. Sheldon's flying body struck him and crushed him to earth. No blows were needed to be struck. The black had been knocked helpless. Joan, startled by the unexpected leap, saw Carin-Jama, the Silent, reach out and seize Sheldon by the throat as he was halfway to his feet, while the two score blacks surged forward for the killing. Her revolver was out, and Carin-Jama let go his grip, reeling backward with a bullet in his shoulder. In that fleeting instant of action, she had thought to shoot him in the arm, which, at that short distance, might reasonably have been achieved. But the wave of savages leaping forward had changed her shot to the shoulder. It was a moment when not the slightest chance could be taken.

The instant his throat was released, Sheldon struck out with his fist, and Carin-Jama joined his brother on the ground. The mutiny was quelled, and five minutes more saw the brothers being carried to the hospital, and the mutineers, marshalled by the gang bosses, on the way to the fields.

When Sheldon came up on the veranda, he found Joan collapsed on the steamer chair and in tears. The sight unnerved him as the row just over could not possibly have done. He glanced down at her helplessly, and moistened his lips.

"I want to thank you," he began. "There isn't a doubt but what you saved my life, and I must say"—

She abruptly removed her hands, showing a wrathful and tear stained face.

"You brute! You coward!" she cried. "You have made me shoot a man, and I never shot a man in my life before."

"It's only a flesh wound, and he isn't going to die," Sheldon managed to interpolate.

"What of that? I shot him just the same. There was no need for you to jump down there that way. It was brutal and cowardly."

"Oh, now I say"— he began soothingly.

"Go away. Don't you see I hate you! hate you! Oh, won't you go away!"

Sheldon was white with anger.

"Then why in the name of common sense did you shoot?" he demanded.

"Be-be-cause you were a white man," she sobbed. "And dad would never have left any white man in the lurch. But it was your fault. You had no right to get yourself in such a position. Besides, it wasn't necessary."

FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped By Common Sense Suggestions.

Women suffering from any form of female ills are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; thus has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

Aviator Almost Killed.

Chicago, Sept. 20.—Ignats Seminouk, a Russian aviator with a French license, flying at the aviation meet in Grant Park, was rescued a mile out in Lake Michigan late yesterday by a motor boat after his hydro-plane had been blown to pieces by an explosion of the radiator and just as he was sinking with the last remnant of the framework. He was badly burned about the back.

Hundreds of people on the shore saw the hydro-aeroplane sinking and watched the aviator climbing into the parts of the machine that remained above water while half a dozen boats were rushing to his rescue.

Rain In the West.

Winnipeg, Sept. 20.—Cloudy weather has been all over the west yesterday, with rain at many points in Alberta and Northern and Central Saskatchewan. It was raining in Winnipeg and district at six o'clock last night. Threshing is progressing satisfactorily in a number of districts, but the labor shortage has retarded operations throughout the prairie west for some weeks past. The cry for help of the farmer is earnest and long as men are required to an extent unheard of before.

More Barnardo Boys.

London, Sept. 20.—(C.A.P. Cable.)—The Barnardo's third party of young emigrants sailed for Canada Wednesday night. The party comprises 169 boys and 120 girls, making a total of 913 for this year.

Bar the Beef Trust.

Melbourne, Australia, Sept. 20.—The Legislative Council yesterday passed a resolution to the effect that it is desirable that the Government take action to prevent the American bee combine or its agents from obtaining a foothold in the Commonwealth, and also requesting the Government to consult with the other Australian states with a view to the simultaneous passing of necessary legislation to that end.

Revival of Harikari.

Tokio, Sept. 20.—Since the self-inflicted deaths of Gen. Count Nogi and his wife several attempts at suicide have been reported to the Tokio authorities. The police interfered and prevented a number of would-be suicides from carrying out their intentions.

Too Enthusiastic.

There it goes again
In the sight of men
And fishes!
It dishes
Up the hot stuff
And doesn't know that enough
Is a great plenty.
Ten to twenty
It will never quit
Until it has hit
The highest place
In the mercury case.
Summer
Is some hummer.
Its hat is in the ring,
And when it starts
It starts something
That calls for ice
And perhaps the advice
Of the doctor.
It
Is never satisfied with a mild hit—
Oh, no!
It must show
What it can do;
It must put through
The warmest brand
It has on hand.
That is its style.
Every little while
And oftener than that
It must go to bat,
And its batting average is high
Though it may not half try.
Yes, summer is there with the goods.
It doesn't take to the woods,
Declaring
That its health needs repairing.
It stays on the job all right
Morning, noon and night.
Sundays and all
It is on call.
And on holidays, say,
Does it go away?
My,
No! On the Fourth of July
It humps itself, as much as to say,
"I am here to stay."

THE SAVIOR'S TEACHINGS
BROOKLYN TABERNACLE
INTERNATIONAL BIBLE STUDIES

FIVE LOAVES AND TWO FISHES.

—Mark 6:30-44.—Sept. 22.—

Text: "Jesus said unto them, I am the Bread of Life."—John 6:35.

WHEN THE TWELVE APOSTLES returned to Jesus they explained the instance of their tour and what they had taught; and He called them away to a desert place to rest awhile, because of the crowd and because they had not even time to take nourishment. So they went privately by ship. But the news went also and the crowd went on foot from various cities.

Jesus would have no time to Himself. His entire life was devoted and being rendered up a living sacrifice to the Divine service, in feeding the sheep of Jehovah's flock, and His own sheep also, because all that were the Father's were His. As He looked upon the multitude, He felt a yearning compassion for them; "They were like sheep without a shepherd"; and He continued to teach them.

But did they not have synagogues, and regular reading of the Scriptures? Did they not have Scribes, Pharisees, Priests and Levites? How could they be without shepherding? Ah, they had a soul-hunger, which the forms, ceremonies, and burdens bound upon them could not satisfy. They really wanted the "Bread of Life," which Jesus had — which Jesus was, for He personified Truth. Why then did they not receive it? They were bound by superstitution, prejudice, the fear of man, traditions of the ancients, and the opposition of the great and learned of their time.

Soul-hunger satisfied.

Did they not frequently inquire, "Have any of the Scribes and Pharisees believed in Him?" The common people always refer to the learned. The learned therefore have the greater responsibility. Jesus declared of them, "Ye have taken away the key of knowledge"; you will neither enter into the favor of God yourselves, nor will you permit others to enter in.—Luke 11:52.

And is not this true to-day? The learned of the colleges and principal pulpits are telling the people that the Bible is not the Divine Message which Jesus and the Apostles declared it to be, that Moses and the Prophets did not write the books accredited to them, and thus indirectly telling that Jesus and the Apostles were deceived when Jesus said, "Moses wrote of Me," and the Prophets Isaiah and Jeremiah said thus and so. Thus the people are becoming more and more unbelievers in the Bible.

The multitudes in their enthusiasm went a long journey from home without making proper provisions for food. The disciples urged that the people be sent home. Jesus suggested, "Give ye them to eat." But they declared they had nothing wherewith to feed so many, and that if even they should go to purchase it would cost much. Finally they found five loaves and two fishes. By Jesus' direction they seated the multitudes in companies on the grass, and the loaves and fishes, under heavenly blessing, were divided, again and again, and all ate to their satisfaction; and the fragments amounted to twelve baskets, while those who had partaken were 5,000.

"Give ye them to eat."

This wonderful miracle not only attests our Lord's sympathy, but spoke volumes to the people of the Divine power that was in the Great Teacher; but there is still another lesson which it teaches us. Like all of Jesus' miracles it was merely another foregleaming, or illustration, of His coming glory and of the coming blessings. He who provided the nourishment for the 5,000 is shortly to be the Great King of Glory, whose Kingdom will extend from shore to shore, and bring blessing and refreshment to all mankind.

This miracle speaks to us of the power that our Lord will then have for providing for the necessities of the whole world. True, we do not expect that during the reign of Christ the world will be miraculously fed, but rather in accordance with the Scriptural promise, "The earth shall yield her increase"; and again, "I will call for the wheat, and will increase it," etc., etc. But specially the feeding of the multitude reminds us of the fact testified in our text that Jesus is "The Bread of Life"—the Divine Provision for the necessities of the whole world.

As the Church now partake of the merit of Christ's sacrifice, and become members of His Body, the one Loaf, and thus partake of the eternal Life through Him, so in God's due time the Bread from Heaven is to feed the multitudes of earth. During the thousand years of His reign, the Bread of Life will be freely distributed amongst all mankind. That Bread of Life is the Truth — particularly the Truth connected with the great redeeming work of Jesus. He is to be the Bread of Life to the world, because he bought the world with the sacrifice of His own life.

The Church, however, in this present time, has another privilege which the world in the future will not share, and that is represented in the Lord's "cup." His "cup" to us represents our privilege of suffering with Him and becoming His joint-heirs in the Kingdom.

Ever notice how proud the average man is of the things he is going to do!

LONDON, ENG., BRANCH, 51 Threadneedle St., E.C. — F. W. ASHE, Manager. G. M. C. HART SMITH, Assistant Manager.

WHILE every man, whether he works for others or for himself, should carry a **LIFE INSURANCE POLICY**. There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

NUGENT'S SARSAPARILLA

Price, large bottles, 100 full doses 85c—and well worth it, too. It's better to take no medicine at all than to depend upon cheap concoctions that are compounded to sell at a low price and a big profit, just because there is a large demand for certain remedies at certain seasons of the year.

There are so-called sarsaparillas offered to us to sell to our customers at 50c a bottle that would pay us a larger profit than Nugent's Sarsaparilla sold at 85c.

Nugent's Sarsaparilla purifies the blood, arouses the torpid liver, drives out all impurities, cleanses and tones up the system.

Nugent's Sarsaparilla has been on the market for over 25 years. We sell it and recommend it as a truly scientific and trustworthy remedy.

TIMELY WORDS OF COUNCIL IN THE INTERESTS OF PETERBORO BOYS

Written by A. T. Nash, Boys' Work Secretary, Young Men's Christian Association:

The Boy and the Home—Each member of a family has a duty to perform towards every other member, but undoubtedly the parents carry the greatest responsibility, and while the father is the nominal head of the household, perhaps the mother is usually the greatest factor in the training of the children. Although this brings with it unnumbered cares and limitless burdens, yet it also makes her the uncrowned queen of the universe. The world should do homage to the "mothers of men" because if they live up to their highest privilege they make the world their debtor.

But the self-sacrificing labor and the loving devotion even of a mother can never relieve the father of his share of responsibility in regard to their children. The boy's best and most intimate chum should be his father. The father should recall his own boyhood days and project himself back to the period in which his boy is now living. In this way he can win and hold the confidence of the boy, and in so doing he is able to direct the course of his son's entire life.

The efforts of the parents, however in behalf of their younger children should also be seconded by the older brothers and sisters. It is imperative that the home should be made the most attractive and helpful place in the whole city, and this cannot be done without the co-operation of each member of the family. The attitude of each individual effects the life of all the others, and if this is remembered by the older ones it is sure to have a wholesome influence upon the entire home.

But the personal influence for good exerted by the parents and the older sons and daughters may result in disappointment unless the literature in the home is of the very best. A boy's reading should be guarded as diligently as his companions for every person may be judged by the books he delights to read. The whole course of many a boy's life has been completely changed by his reading. No boy, however, can be forced to read what is distasteful to him, but he may be unconsciously led to read wholesome literature by tactfully keeping within his easy reach the books and papers he ought to read.

There is one other home influence which is of vital importance to the growing boy. A gentleman entered the home of an elderly couple who were spending their declining years in loneliness and sorrow. They explained that although they had lived far inland and had no relatives who were sailors, yet each one of their four sons was now following a sea-faring life. The old people could not understand why their boys should thus take to sea, and they were longing for the return of their children. While the kind stranger was listening this pitiful story he was also observing the furniture of the home, and pointing to a large picture on the wall, he said: "That is the cause of your sons going to sea." The picture was a fine old painting and represented a great sailing-ship being tossed to and fro on the angry waves of the ocean. The boys had looked upon that picture every day of their life from childhood up, and the lure of the sea which came to them through that painting drew them out of their home and away from their parents into a life that is questionable at its best. The pictures on your walls should be carefully selected and suitably placed.

When a boy goes astray, it is, as a rule, either directly or indirectly because of some defect in the home, and when a boy turns out exceptionally well, it is usually because of the wholesome influence of a Christian home, where the incense of love is always burning upon the altar.

LOCAL CHURCH CALENDAR

SUNDAY, SEPT. 22, 1912

ST. PETER'S ROMAN CATHOLIC

Low mass 8 a.m., 8.15 a.m.

Subject for Sunday September 22—"Matter."

SALVATION ARMY.

2 p.m.—Sunday school.
3 p.m.—Free and easy meeting.
7 p.m.—Evening worship.

Cooking and Baking Problems are Easy to Solve With a "PANDORA" Range

The Oven is the heart of a range. Its efficiency depends largely on construction of Fire-box and Flues, but—certain scientific principles must be carried out in making the Oven to insure success.

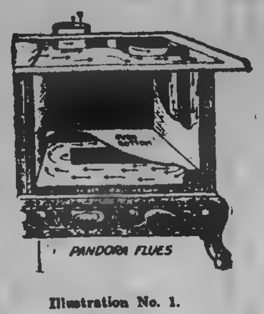

Illustration No. 1.

Illustration No. 1 shows the exact course followed by the drafts in "PANDORA" range—you see the heat passes directly under every pot-hole and around the Oven twice before reaching smoke pipe.

The Flues are deep and wide—corners are rounded—they are easily cleaned and there is nothing to impede the draft. A glance at McClary Flue construction will convince you that the "PANDORA" range is a perfect baker and cooker at the same time. The heat envelops the Oven uniformly—bread is evenly baked in the "PANDORA."

Illustration No. 2 shows the McClary system of Oven Ventilation very plainly. As you know, air close to the body of a range is fresh and comparatively warm. This fresh, warm air is drawn into Oven through small holes—the intense warmth super-heating and diffusing it throughout the Oven. Then it escapes with cooking fumes through vent holes shown in back of Oven.

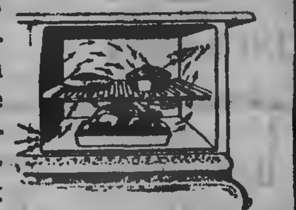

Illustration No. 2.

The ventilation of "PANDORA" Oven is simple, yet scientific, and—the results are apparent. A roast can be cooked just the way you like it—cooked so that it retains all its generous and nourishing juices and—bread, puddings, etc., are baked light, crisp, and fresh in the "PANDORA" Oven. The linings of the "PANDORA" Oven are of nickelled steel one-eighth of an inch thick and as smooth as glass—so the Oven is easily kept clean—easier heated and more durable.

N. B.—You can have the complete story of "Pandora" efficiency by simply asking for our Free Book, "Reasons for 'Pandora' Popularity."

COST OF PAVING CHAMBERS STREET

Estimate Calls for an Expenditure of $1448.69

Proposed Work on Hunter Street is Off the Slate.

City Engineer Hay has submitted the cost of street paving excavation work to be as follows—

Chambers street	$1448.69
Hunter Street from Park to Belmont Avenue	1574.84
Total	$3023.53

The Chambers street estimate is the smaller by $126.15.

The Board decided last night that Chambers street should be paved in preference to that section of Hunter suggested. A by-law will be prepared to authorize the work.

City Clerk Armstrong was also instructed to write the Canada Cement Company, requesting their road paving expert to come to the city and supervise the laying of the pavement on Chambers street.

Aldermen Anderson, Johnston and Graham were as much opposed as ever to the paving of Hunter street and that proposal was left in obeyance. They contended that it would be advisable to await the result of the experiment on Chambers street before paving elsewhere.

Damage to the value of over $30,000 was done by a fire at Pryke Palmer, on Upper Thames street.

BEAUTIFUL EYES

are made beautiful by long, silky lashes and well defined, lustrous brows. Eyes, like diamonds, depend on their setting. The beauties of the face are lost is the eye brows are thin and scanty, and the lashes are thing and scanty. Parisian Lash Lustre grows beautiful, soft, silky lashes. It has done so for society women throughout Europe, and it comes here well recommended to do the same for you. Parisian Lash Lustre is not a dye or colorator, but a scientific preparation for beautifying the eye lashes and brows. Our guarantee goes with every box of Parisian Lash Lustre. A two weeks' treatment will bring beauty to your eyes that you have never before possessed. By mail, prepaid, in opal boxes on receipt of price, fifty cents. B. V. Marion, sole distributor, Bridgeburg, Ont.

LIQUOR TRAFFIC

Contributed by the W.C.T.U.

Say, how do you hoe your row, young chap?
Say, how do you hoe your row?
Do you hoe it fair,
Do you hoe it square,
Do you hoe it the best you know?
Do you cut the weeds as you ought to do?
And leave what's worth while there?
The harvest you'll garner depends on you;
Are you working on the square,
Are you killing the noxious weeds, young chap?
Are you making it straight and clean?
Are you going straight,
At a hustling gait,
Are you scattering all that's mean?
Do you laugh and sing and whistle shrill,
And dance a step or two,
As the row you hoe leads up the hill
The harvest is up to you.
—Driftwood.

A POWERFUL SERMON.

Rev. Father Brady, a Catholic priest, recently preached a sermon on temperance in St. Mary's church, Urbana, O., in which, among other things he said—

My dear men, before going further, I want to say that I am not standing at this altar of God in the interest of any political party, neither must you understand I am going to enter tirade against the saloon. I presume that theoretically it is possible to conduct a saloon as honorably as a grocery or a drug store. I admit it is possible, but in my experience of fifty years I have seen only one example, as I have seen many of them I know of what I speak. Saloon keeping is legitimate if the seller of drink will dispose of his goods in the same proportion as the druggist will sell his poisons—strychnine, Paris green, rough on rats, etc., for they are all poisons alike. But if he makes it an anteroom to hell, a place of degradation a road to destruction, then I do not see how he is going to settle up his account with Almighty God.

BOARD OF WORKS HAS PLENTY
(APPROPRIATION OVERDRAWN)
TO DO BUT THERE IS NO CASH

The expenditures of the Board of Works have been so excessively heey that at last nights' meeting City Treasurer Adams, reported that their $19,000 appropriation was now overdrawn. The fund has been expended in the following manner:

Streets and bridges...	$15,702.62
Romaine street sewer...	1,969.95
Total expenditure...	$17,672.57
Balance to credit...	$ 1,327.43
Additional receipts...	[illegible]
Total......	$ 1,866.76

Expenditures since August 31st. $2,021.27.

The above figures reveal an overdrawn account to the extent of $1,292.84.

The south end sewerage system has been a continual source of expense the cost of the Romaine street branch alone running into nearly $2,000.

Ald. Buller—"I do not think that the money for the Romaine street sewer should have to come out of the Board of Works appropriation."

Mayor Bradburn—"Where are we to get it, then?"

Ald. Buller—"I don't know, but it is unfortunate that we should have to pay for it."

Mayor Bradburn—"To my mind the only thing we can do now is to wind up all civic improvement business and quit."

Mayor Bradburn asked the members to express themselves on the matter of discontinuing operations.

Ald. Johnston—"What work is urgently required just now?"

Ald Buller—"There's lots of work to be done."

Moved, that a financial statement in detail be prepared by the City Engineer of the Board of Works affairs and that it be submitted at the next Council meeting on either Monday or Tuesday night next week. —Carried.

Mr. W. H. Hill, wrote to the Board complaining of the disgraceful condition of Bethune street, near his residence. A gentleman driving along there recently, complained to him of having damaged his rig through driving over the rough stones with which the road is littered, especially between Edinburgh and Reid.

Mayor Bradburn thought that a man with a rake could collect these stones with little difficulty. It was decided to have a man look after the road, the stones collected to be used for corporation work.

SOME PETITIONS

Petitions were received asking for the construction of sidewalks upon the following streets— South side of James street, south side of Sophia street, south side of Wolfe street, west side of Mark and upon Benson Avenue, from Stevenson street to Manning avenue—Granted subject to usual conditions.

Mr. Geo. Benton, Sr., 273 Dalhousie street requested the construction of sidewalk on the south side of Dalhousie street — This petition was granted.

The side walk from the east side of Smith street bridge up the hill to a point west of Concession street petitioned for some time ago, will be advertised.

CORPORATION WORK

J. W. Kelly, Clerk of Smith, wrote the Board, expressing the willingness of the Smith township council to be present at a joint meeting of the city and township councils to be held Sept. 28, Saturday, in Peterborough at 8 o'clock. Received pending action of other adjacent townships.

NEW BRIDGES

The City Engineer reported that Mr. J. T. Arundel, of the C. P. R., had written, that when his company rebuilds their bridge across the river the city could get a right of way across the structure for a footbridge on the north side, the city to pay for the expense incurred in providing for such pedestrian accommodation. This proposition will be seriously considered.

CROSSINGS GRANTED

The matter of crossings at the corner of Division and Dublin, Stewart street north opposite the Dennistown residence and on Park street, opposite Malloy's, was granted.

DRAIN IMPROVEMENTS

The Engineer was instructed to bring in a report as to piping and filling in the ditch on Concession street, East City.

CONCRETE SIDEWALKS

O. W. Wilder wrote the Board asking them to build concrete sidewalks and put sewer extension down Park street in consideration of him building a four or six house terrace on that street. As soon as these buildings are up the conveniences asked for will be supplied.

City Engineer Hay reported re a concrete walk on south side of Crescent street, stating that here are 54 trees on the street, and that a number of them were small enough to be moved out a few inches, and the larger ones that were closer would have to be cut down.

In regard to the latter, it was decided to advertise as customary. When the matter of laying sidewalks is taken up, it will be decided what trees are necessary to have removed for the work, and also what poles will be removed to the other side of the street.

GOOD TIME PROVIDED BY ST. GEORGE'S SOCIETY

A very enjoyable social was held last night in the Sons of England hall under the auspices of the St. George's Society. A large number of members and friends were present to listen to the lengthy programme and a very pleasant evening was served. The following programme was presented: Mr. Woods, cornet solo; Mrs. Wells, solo; Mrs. Nicholls, recitation; Mr. Hill, solo; Miss Nichols, solo; Mr. Harris, solo; Miss Greenpalgh, solo; Mr. Lilly, exhibition of strength; Mrs. Wells, solo; Mrs. Nichols, recitations; Mr. Hill, solo; Miss Greenpalgh, solo; Mr. Harris, solo.

After this programme which was of a most interesting character, refreshments were served and everybody stood to sing "God Save the King."

TURNED OUT OF HOUSE AND HOME

The Rats at the Garbage Dump Were Disturbed.

The wind shifted this morning and consequently the smoke which has been issuing from the dump heap at the foot of Charlotte street, blew in a north-westerly direction and nearly smoked out the market people. The dump heap has been smoking for the last few days and no attempt was made to put it out, as it was thought best to burn the garbage dumped there but when the smoke started in the market direction, the fire department got busy and a line of hose has been doing duty the most of this morning.

The caretaker at the dump states that inside, away deep down, the fire has been burning for years and at times breaks out. He also said that the smoke yesterday turned out about fifty rats, and seemed to make them stupid so that many of them would jump into the fire again. This is surely a good way of getting rid of them.

KID GLOVE SALE
Continued this evening from 7.30 to 9.30.
45c Pair

CHICKS DID NOT LOSE ANY TIME

Mr. G. W. Mulligan, of this city, has reported to the Review what he claims to be a record in the poultry business. Mr. Mulligan had a number of chickens brought to life by ber, after a period of only 4 months his incubator on the 29th of September. After a period of only four months and 19 days the chicks have commenced to lay. This is certainly an unusually good showing. The chickens are thoroughbred White Wyandottes.

PRICES AT THE MARKET

Buyers at the market to-day were greeted with an abundance of plums as was the case last Saturday. Crab apples showed up this morning, although not plentifully and there was not very many apples for sale. The following prices were asked: Chickens, 40 to 45c. each; ducks, 60c each; butter, 30c. per lb.; eggs, 25c. per doz.; peaches, 65 to 85c per basket; plums, large, 3 qts. for 2 c; plums, small, 4 qts. for 25c; pickling cucumbers, 15c a qt.; cumbers, 4 for 5c; celery, 10c. a bunch; cabbage, 5c and 6c a bunch; tomatoes, 25c a basket; corn, 10c. a doz.; carrots, 5c per bunch; onions, 35c per pk.; picking onion, 3 qts. for 25c; beets, 5c per bunch; potatoes, $1 per bag; cauliflower, 10 per head; green tomatoes, 40c. a bush.

THE CHURCH AND ITS FURNISHINGS

For the morning service at St. John's Church, to-morrow, Rev. J. C. Davidson will take for the subject of his discourse "The Church and its Furnishings; their value and how to use them," with especial reference to the lamp lately presented, personal

PERSONALS

Mrs. J. Flannery, Auburn St., returned home last night after a five weeks' visit with her son in Brandon, Man.

Mr. N. F. Davidson, K.C., of Toronto, will act as Crown Counsel in the Fall Assizes, which open at the Court House on Monday.

Miss Edna Page who has been visiting for the last three weeks with Miss Maysie Cunningham, of Weller St., returned yesterday to her home in Toronto.

Mr. G. E. Armour, proprietor of the Medicine Hat Times, is visiting relatives in the city. Mr. Armour is a native of Campbellford, but has been in the west for the past three years.

PRIZE WINNERS AT THE CARNIVAL

An Interesting Spectacle at the Brock Street Roller Rink.

The carnival at the roller rink last night was an undoubted success.

Perhaps the most interesting contest was the ladies' comic costume, which was won by Miss Olive Pentland in a paper suit. This was the most interesting get up on the floor—a perfect suit having been manufactured from newspapers.

The following were the pzize winners:

Ladies' fancy costume—1st, Miss Gladys Dory; 2nd, Miss Libbie Hetherington.

Girls' fancy costume—1st, Miss Burndette Ward; 2nd, Miss Annie Spencely.

Ladies' comic costume—1st, Miss Olive Pentland; 2nd, Miss Marguerite Butler.

Boys' fancy costume—1st, Allan Sharpe; 2nd, Guy Furlong.

Gents' fancy costume—1st, Mr. Edward Riley; 2nd, Mr. Richard Foster.

Gents' comic costume—1st, Mr. Ernest Drummond; 2nd, Mr. Fred Board.

Boys' comic costume—1st, Edward Dugan; 2nd, Norman Graham.

MOTOR CYCLISTS AT C. R. BANKS

Members of the Toronto Club Arrive Here To-night.

Citizens interested in examining the latest type of motor cycles, will have an excellent opportunity to do so this evening, as the seventy-five motor cyclists, members of the Toronto Club, have sent word to Mr. C. R. Banks, that they wish to have their machines replenished with gasolene from his auto filling station.

They intend to remain in Peterboro over night, proceeding, on their departure to-morrow, for Lindsay. It might be interesting in connection with the visit of these motor cyclists to note that Mr. Banks can claim to be the first motor-cyclist in the Dominion, having owned a Thomas Auto-Bi fitted with a De Dion engine made in France, on which he gave exhibitions at the Toronto Fair, and the Pan-American Exposition.

GAS FOUND IN DOURO

Men Were Drilling for Water on the Church Property.

The Review is informed that a flow of gas was discovered on the property of St. Joseph's church, in Douro, last night, while workmen were engaged in drilling operations for a well. They had reached a depth of 62 feet.

RETURNED WITH PRISONER

Chief Bond, who came to Peterborough to arrest Thomas Cooper, returned to Port Hope last night with his prisoner.

FAILED TO RALLY FROM STROKE OF PARALYSIS

Mrs. Silas Oke Passed Away Early This Morning.

Many citizens will regret to learn of the death of Mrs. Silas Oke, of 92 McDonnel Street, who passed away at 3.45 o'clock this morning, at the age of 66 years.

While retiring at her home, on Wednesday night, Mrs. Oke was stricken with paralysis and remained unconscious to the end.

The late Mrs. Oke came to Canada when but a child and the family first settled in Kingston. There she met and married Silas Oke and later they moved to Port Hope, Mr. Oke passing away 36 years ago. The family resided in Port Hope for 40 years. During the last five or six years, Mrs. Oke lived in Peterborough.

Surviving are four sons and one daughter who are Messrs. William and Frederick Oke of Port Hope; Walter and Samul of this city and Mrs. George Hayman, of Toronto. One Sister, Mrs. T. Donald, resides in Toronto and all were at Mrs. Oke's bedside when she passed away.

The remains will be sent to Port Hope, and the funeral held from the residence of her son, to the Port Hope cemetery, where the late Mrs. Oke will be laid to rest, beside her husband.

Have You Seen the Season's Newest Coat Fashions?

An Interesting & Comprehensive Gathering of Them Awaits You at This Store

You have rarely, if ever before, had offered to you in this city such a complete assemblage of new Fall Coats; nor have you ever seen such effective styles and such altogether charming models as we now offer for your selection.

People tell us every day—"I don't ever remember seeing such splendid garments, such striking styles and such very moderate prices."

Of course, it isn't our fault that the season's coat styles are so becoming and so fascinating; that is due to the Fashion creators and designers. But we do take credit to ourselves for having assembled here the handsomest and best of the season's *Fashions*, and for having excluded from our assortments the style-imposters which falsely claim authority and correctness. And remember, the styles here are exclusive.

You will find this collection of the new Fall Coats to be one of the most interesting you have ever had the pleasure of viewing. And our remarkable prices will certainly win your favor.

RICHARD HALL & SON LIMITED

Algonquin National Park

The autumn in Algonquin National Park of Ontario is one of the most beautiful seasons of the year, and splendid accommodation at the "Highland Inn" is offered at reasonable rates for all those who desire to forget the over-refinements of civilization and seek the solace of nature. People go to Algonquin Park because they love nature, fresh air, high altitude, simple living and fellowship with kindred spirits. The Inn is excellently kept in the good old fashioned way which puts a personal relationship between the innkeeper and guests. Altitude 2000 feet above sea level. Write to Mr. Wm. Gall, Manager, The "Highland Inn," Algonquin Park, Ont., for all particulars and illustrated folders.

PUNCH TAKEN FROM LIBRARY

Some individual, who if his body was as small as his actions would be a side show marvel, has taken from the Public Library a copy of "Punch."

Such a person is guilty of a most dispicable practice. He not only steals from the public but prevents others enjoying the magazine. The culprit, if caught, will be severely dealt with.

When a man begins to jolly his wife about her cooking, she suspects that he wants to borrow back part of his salary.

LOCAL TENNIS PLAYERS WON
(SCORE OF 4-2)
IN RETURN GAMES AT NORWOOD

The Peterborough tennis team defeated Norwood at Norwood Friday afternoon by the score of 4—2. As was expected by reason of the draw match played at the Golf Club the contest was hard fought and interesting at all stages. The matches were even all in the singles, but as usual, Peterborough had everything their own way in the doubles.

The first match in the singles was between Kerr, of Peterborough, and Nicholl, of Norwood. This contest produced some unusually good tennis, and was closer than the score would seem to indicate. Kerr, as usual, played his place shots with deadly accuracy that brought him the final victory.

In the first meeting of the present season Dr. Sutton, of Norwood, was defeated by Henderson. This time, however, the tables were turned, the sets going to Sutton after a long, hard fight.

Packenham showed good form in his play, but could not stop Langley, who struck his pace early, and took the last ten games straight.

The match between Pratt and Dale afforded the most excitement of the day. These two players have styles that are very similar, and it would take a very astute judge to decide which is the better player. Both pulled off a number of spectacular strokes, but in the third sett Dale had a shade the better of the argument and pulled out ahead.

In the doubles the scores give a very good indication of the play. The detail scores were as follows:

SINGLES.

Kerr defeated Nicholl 6—2, 6—2.

Langley defeated Packenham 6—2 6—2.

Sutton defeated Henderson 6—4, 6—2.

Dale defeated Pratt 7—5, 3—6, 6—3.

DOUBLES.

Kerr and Henderson defeated Sutton and Nicholl 6—4, 6—2.

Langley and Pratt defeated Dale and Packenham 6—0, 6—3.

NEW HATS
NEW HOSIERY
NEW SHIRTS
NEW SUITS
NEW TROUSERS
NEW NECK-WEAR
NEW CAPS
NEW UNDER-WEAR

It's a Good Time Right Now to look at the new fall styles and get an idea as to what are going to be the style leaders and begin to make up your mind in regard to the New "Togs" you will want to buy soon. You'll find us, at all times, glad to show the new goods. New and distinctive styles in everything a man or boy wears are now being shown.

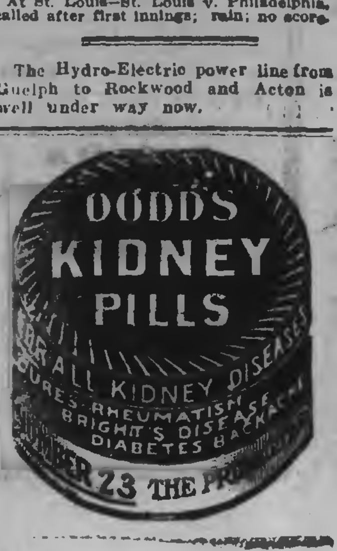
The Hydro-Electric power line from Guelph to Rockwood and Acton is well under way now.



THE SLIT SKIRT.

Fastidious Mondaines Refuse to Adopt This Extreme Style.

A new skirt resembles a thing of shreds and patches or, to give it another similitude, a penwiper, for it is notched at each seam and so hangs about the ankles like a fringe.

The hosiery and shoe makers applaud the vogue which necessitates the wearing of very beautiful specimens of stockings and shoes. But, despite the novelty of the idea, it is not gaining favor among the fastidious.

The penwiper skirt is also too extraordinary for the majority of women, for, as has been said, the shredded effect, though sensible, is not very elegant. The best interpretation of the vogue is the one that shows a bit at the left side of the skirt or, at the most, at both sides, extending only about five inches upward and so arranged that when the wearer walks it is not perceptible except as an ease giving attribute of the skirt's measurement. When the wearer sits her shoes and stockings may be perceived.

Warm Weather Salad Dressing.

In warm weather it is an advantage to have salad dressings that will keep for a week or more if placed in a cool place. Here are directions for making such a dressing:

Mix together a gill of vinegar, three tablespoonfuls of granulated sugar, a teaspoonful of mustard and a grain or two of cayenne pepper; add to this six well beaten eggs, stirring them in for five minutes. Cook it all in a double saucepan or stand the saucepan containing the mixture in another one-half full of boiling water, stirring it constantly. Leave it till cold; then add a gill of cream and salt to taste and bottle. It will keep for weeks.

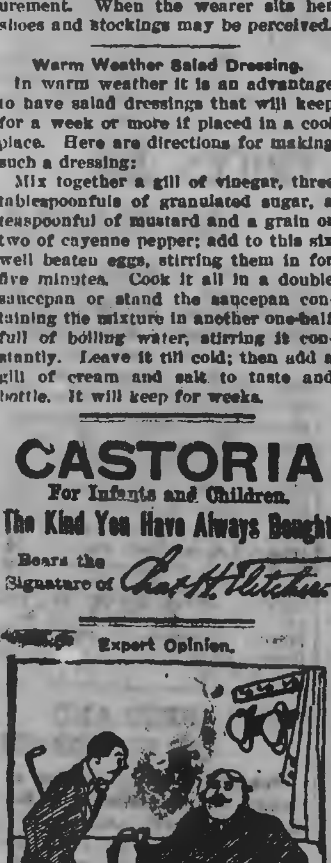
Expert Opinion.



"I've lost my hat. You're not sitting on it, are you, sir?"

"Is it a stiff hat or a soft one?"

"A soft one."

"No; this isn't yours."—Meggendorfer Blatter.

In Search of Useful Information.

Donald and Jeanie were putting down a carpet. Donald slammed the end of his thumb with the hammer and began to pour forth his soul in language befitting the occasion.

"Donald! Donald!" shrieked Jeanie, horrified. "Dinna swear that way!"

"Wummun," vociferated Donald, "gin ye know ony better way now is the time to let me know it!"—Current Literature.

ARE YOUR LEGS STRAIGHT?

Professor Francke Says He is Pretty Sure They Are Not.

Nobody has straight legs—that is, legs that are perfectly parallel. What are commonly so called are the mildest degree of X legs, while those that are technically most nearly straight are the mildest degree of O legs.

X legs and O legs are the names given to bowlegs and knockknees by Professor Francke, writing in the Muenchener Medicinische Wochenschrift, who bases his remarks upon the examination of 1,100 pairs of legs taken at random.

O legs always look like strong limbs, while X legs give the impression of weak members. Professor Francke lays down the rule that if when standing in a natural position the knees and ankles touch without forcing the subject has straight legs. If, with the ankles touching, there is as much as two centimeters between the knees, it is bowlegged. If, with the knees touching, there be two centimeters between the ankles, it is knockkneed, or X legged.

Children born with O or straight legs tend to become X legged while learning to walk, but this condition tends to disappear in men up to the twenty-third year or in perhaps 25 per cent up to the thirty-eighth year. Women, however, tend to remain knockkneed or X legged throughout life, as a result of their skirts and their lack of exercise.

The ancient Greeks never had and modern savages never have X legs, which, Professor Francke says, are consequences of civilization and tend to imply physical inferiority.—Chicago Inter Ocean.

Watches Are Sensitive.

There is in Cleveland a central office for the inspection of watches which serves sixty different railways. Twice a month every railway servant must take his watch to a local inspector to be regulated, and once a year it must be cleaned. Neglect of these rules may be followed by suspension or discharge. The officials of this inspection department have found that the watches of engine drivers with regular runs keep much better time than those of men who work in long stretches followed by a long rest. And the watch resents even a change of pocket.

A Tricycle Street Cleaner.

Jacquelin, the French champion bicycle rider, is not satisfied with the triumphs he has achieved in the rink and long distance races. He has turned out to be an inventor of a very practical bent of mind. Jacquelin has just secured a patent for a tricycle to be used in street cleaning. A cylindrical brush is fastened by gas pipes to the tricycle. In front of it and between the two rear wheels is a basket or scoop for the sweepings. The machine does the street sweeping more quickly and thoroughly than a number of men can accomplish it.

New Life Saving Jacket.

A public test was recently carried out in the Thames of a new life saving jacket. During the demonstration this apparatus was used by a woman and three men. The garment consists of a loose sack, about the length of an ordinary lounge jacket, having a ribbing fitted with a substance of greater bouyancy than cork. It is so constructed that the heads of the users are completely out of water, thus permitting them to take food while in the water.

That Mocha Myth.

Twenty coffee experts testified in Judge Landis' court, in Chicago, that if there is any real Mocha coffee in the world it is 200 years old. The last shipment from Mocha of local grown coffee took place that many years ago. This is no news to those who know coffee. We have often been told that the cute Brazilians raise a special Mochaesque bean, which they ship to Aden, whence it is reshipped to the world under the magic name of Mocha. The world has looked blandly on at this, has bought coffee, drunk it and tractably called it Mocha. Other coffee countries may have similar schemes. In a word, "Mocha coffee" has ceased to be a geographical name and has become a mere trade name for a trade article.—Detroit Journal.

LOYAL GRIT TAKES A HAND IN THE NAVAL DISCUSSION

Globe Reader Censures That Paper for Its Attitude on the Question So Important to Empire's Welfare.

A reader of the Globe in Grimsby, who signs himself a "Loyal Grit," takes that paper to task for its attitude on the navy question in the following communication:

Although you keep reiterating your desire for a full discussion of the naval question, your correspondence published on this subject is decidedly one-sided.

To continue my objections as a Grit to your opinions expressed on the question in your leading articles since the date of my last letter to you (August 6,) which you have not deigned to publish yet, surely you are aware that your suggestion re insuring the enemies' ships was originated and found wanting as far back as 1747 A.D.

Regarding your oft-repeated argument that the naval construction companies are responsible for the "war scare."

You published a long list of companies engaged in this work, and said; (1) That their dividends were dependent on getting naval work; (2) that the list of shareholders included such prominent men that they exercised undue influence on the Government.

To take the latter first, will you please name any British manufacturing industry which has an equal capital invested in it whose list of shareholders does not contain an equally influential and prominent lot of names? That being so, why have the shipbuilders such an all-powerful influence? Many just as influential companies' dividends depend on peace being maintained, and all their combined influence would certainly outweigh and more than neutralise the influence of the armament companies. Surely The Globe can put up better arguments of its own on the question, rather than keep treating us to a rehash of the arguments only really believed in by the extreme Socialistic press of the old country.

With reference to (1): At the present time the proportion of naval shipbuilding to mercantile is in no material way higher than it was a few years ago when I happened to see through many of the yards you mention; there is, therefore, no reason to suppose that their proportion of naval and mercantile work is materially different to-day. At that time they were all equipped to do, and were doing, a good deal of mercantile work. To say, then, that their dividends depend on their getting naval work is a considerable stretch of the imagination. Vickers Sons & Maxim are an exception to this, and your argument probably is correct in their case. I am quite aware that two of the other yards have financially identified themselves with two gun and armor plate makers, but this does not make their dividends depend on that class of work. If not engaged on naval work, they would make dividends on mercantile work just as easily as any of the other shipbuilders. The gun and armor-plate makers only who are dependent on naval work, were deliberately nursed into existence by British Governments (Liberal being quite as strong, if not stronger, on this policy than Conservative) in the past, so as to save the nation having to invest its money in unduly extending the arsenal and dock yards, and to have them—the private firms—as a national reserve in case of emergency. Is it not a little ungrateful to turn round and damn them now on such hearsay evidence, all supposition at that!

You also seem to consider that Canada is in a position to-day to remain neutral if she feels like it in any war in which Britain may become involved. Is she? Who decides this? Surely the enemy. Neither Canada nor Britain have any choice in the matter. The enemy will also apportion to Canada whatever he considers Canada can pay in the way of war indemnity if Britain should be beaten.

On the other hand, if Canada were given some sort of representation on the question before the matter of war or peace were finally decided she could at least express her views, which, if we are to judge by former events, are very often accorded in that quarter a good deal more weight than they are worth.

Why don't you stick to such views as you present in your leading article of August 19th, "A British View of Naval Control"? All truly loyal Grits can thoroughly back your sentiments there, but within a day or two you publish leading articles so different in sentiment it would take a Philadelphia lawyer to recognise the same hand.

It looks as if you were taking positions so far apart that whatever course the present Government is found to advocate you will be able to point to a former leader as proof that that policy was condemned by you before the Government adopted it.

Your leading article of the 19th ably points out the difficulties of the situation. They are not insuperable. Why not wait and see whether the new solution does not fit in with the apparently contradictory necessities of a thoroughly good naval act. A great portion of your recent leading article on the naval question are simply arguments against any naval policy at all, and would, therefore, be equally applicable against the Canadian naval service act.

DATES OF FALL FAIRS

The Central Fairs Association arranged the following schedule of dates of the fall fairs:

Keene Fair—Tuesday and Wednesday October 1st and 2nd.
Norwood—October 8th and 9th.
Port Hope, Sept. 24, 25.
Madoc, Sept. 23, 24.
Mariposa, Sept. 23, 24.
Campbellford, Sept. 24, 25.

Address: THE COOK MEDICINE CO., TORONTO, ONT. (formerly Windsor)

SHE WAS SURPRISED

When Dr. Morse's Indian Root Pills Cured her Chronic Liver Complaint

Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable sufferings:

"I can hardly tell you how great my sufferings have been. Chronic liver complaint accompanied by biliousness were a daily source of trial to me. Every day I experienced the distressing effects of these ailments. I longed for some medicine that should permanently drive them away.

Hearing of Dr. Morse's Indian Root Pills, I thought they were worthy of a trial. My surprise was indeed great. From the very first I experienced relief. Continuing with them I found my troubles were slowly but surely leaving me, and before long I once more knew what it was to be free from the harassing effects of the ailments that had long sickened and weakened me. So great is my faith in Dr. Morse's Indian Pills that I shall never on any account be without them."

Dr. Morse's Indian Root Pills cure Bowel and Kidney as well as Liver troubles, and keep you healthy. 25c a box at your dealer's. 14

RETAIL PRICES IN THE CITY STORES

Your Hair Needs Parisian Sage

Use It As a Dressing—Banish Dandruff—Stop Falling Hair and Scalp Itch.

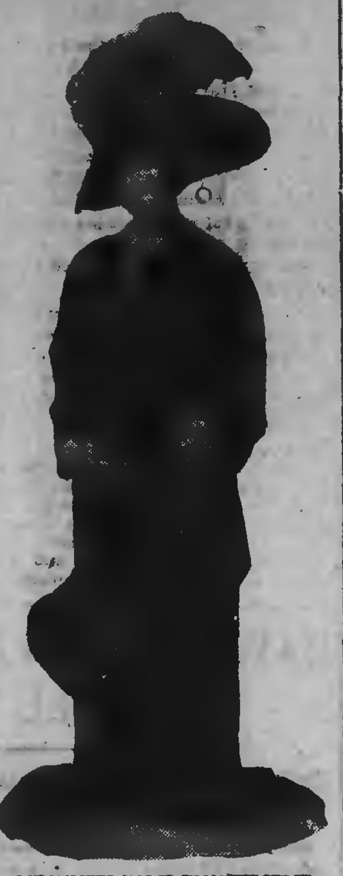
PARISIAN Sage, the delightful and invigorating hair tonic, is a true hair nourisher. It penetrates into the scalp, gets to the roots of their hair, kills the dandruff germs, and supplies the hair with just the kind of nourishment it needs to make it grow abundantly.

Since its introduction into Canada PARISIAN Sage has had an immense sale, and here are the reasons:

It does not contain poisonous sugar of lead, nitrate of silver or sulphur or any injurious ingredient.
It cures dandruff in two weeks, by killing the dandruff germ.
It stops falling hair.
It promptly stops itching of the scalp.
It makes the hair soft, glossy and luxuriant.
It gives life and beauty to the hair.
It is not sticky or greasy.
It is the daintiest perfumed hair tonic made.
It is the best, the most pleasant and invigorating hair dressing made.
Made only in Canada by The R. T. Booth Co., Ltd., Fort Erie, Ont. The price is only 50 cents at drug stores and counters where toilet goods are sold.
Wm Madill guarantees it.

IN FALL ARRAY.

Stunning Tailored Suit For Cool Days.



DELIGHTFUL MODEL IN MAUVE SERGE.

For the matron with silvery white hair nothing is prettier in the way of a fall tailored suit than this new model of mauve serge. The coat lines, you will observe, are much longer than those we have been accustomed to wear for several seasons, but for a matronly figure this silhouette is exceptionally becoming.

On the revers there is a touch of white cloth trimmed about with black passementerie. The coat fastens with two large black jet buttons.

Deafness Cannot be Cured.

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

A MONSTER SUN SPOT.

The Newest One Nearly Ten Times the Size of North America.

The largest sun spot which has been detected within a year, a coal patch on the sun's surface, 10,000 miles in diameter, though its mark on the seventeen inch image at the Mount Wilson observatory measures but a fifth of an inch across, is now under observation at the Carnegie observatory and has been photographed several times since its appearance, on June 18.

The area of the sun spot is approximately 78,540,000 square miles, a surface nearly ten times the size of North America and in which twenty-five countries of the size of the United States might be placed with plenty of margin around the edge.

Professor Ferdinand Ellerman has headed the work of photographically capturing the spot, which is now moving westward.

"As far as we know," said Professor W. S. Adams, assistant to Professor George F. Hale, head of the local Carnegie astronomical institution, "these spots are cooler than the other parts of the sun's surface.

"The question of whether the sun is growing hotter or cooler and the effect the cooling of the body would have upon the earth is still debatable. It would take us thousands of years to ascertain whether the sun is becoming cooler."—New York World.

Balls Pitched in a Game.

It is possible for a pitcher to throw only twenty-seven balls in a nine inning game. No accurate record of the smallest number of balls thrown in any game exists, as no one counts every ball in every game. I scored one game in which Ed Walsh pitched only eighty-eight balls, seven of which were fouls, which I regard as remarkable. I saw Coombs pitch seventeen balls to one batter last summer. The greatest number of pitched balls I ever counted in a game was 211, George ("Rube") Waddell being the victim, and he weakened in the ninth and allowed five runs—showing that the strain was too great even for a man of his marvelous power and endurance.—Hugh S. Fullerton in American Magazine.

One passenger was killed and twenty-three injured in a collision on the L. & S. W. Railway at Vauxhall.

Cross section of radiator showing fused joints.

HECLA FURNACE
Saves one ton in seven.

No Gas
No Dust
FUSED JOINTS CANNOT LEAK

Comfortable heating is possible only with a Furnace that cannot leak gas and dust. At every joint where a leak might otherwise occur, the Hecla is sealed tight. We do not trust to bolts and cement. The wear due to constant expansion and contraction would grind out the cement and leave a series of leaks for the escape of gas or dust. To make a joint that will be as tight after years of service as it is when new, we fuse the steel sides and cast-iron frames of our radiators by a patent process. This welds the iron and steel into one piece.

Homes heated by Hecla Furnaces 20 years old are getting as pure air from the registers as when the Furnace was new.

And this Furnace saves one ton of coal in seven. Isn't it worth looking into?

WRITE FOR THIS BOOK.
If you want a more comfortable home, it will interest you.

All fumes from fire go through this passage. Every joint is fused making it gas and dust proof

Coal Results

¶ We sell the very best quality of hard coal, as good as we know how to buy.
¶ Are you getting results from the coal you are now using? Are you sure it is good? Are you burning it the right way?
¶ There is a deal of difference in how you handle the range or furnace. Our long experience tells us that fact, and we are ready to advise any in doubt as to the best way to make use of coal as fuel.

That Dress Goods Rush

IS something unprecedented. We have sold double the usual quantity of our high-class **Dress Goods and Silks** in September.

The reasons are not hard to find. First, the goods are strictly first grade, exquisite in shades and material, and the prices are extremely low cut. As we explained before, the risk of loss in short ends, etc., which was entailed when we conducted a Dressmaking department is now eradicated, and we can consequently sell at much lower rates, so that the present September rush in Dress Goods

= Is Easily Explained =

THIS WEEK we have devoted almost entirely to the **Dress Goods, Silks and Suitings,** and have made the prices too attractive to resist after seeing the fabrics. Just as a sample of the offerings, see this—

PHENOMENAL VALUE IN SERGES

A British-made Serge, sharp twill, wear-resisting quality, in black and two shades of navy, 50 ins. wide. Actual value 75c the yard.
On sale this week at... 50c

IF YOU want your head well dressed at a moderate price, visit our **Millinery** section, and study the art of harmony as our expert milliners present it. Their cultivated taste will assist you in selecting a hat that will correctly harmonize with your costume, figure, carriage, complexion and purse.

The same rule applies in the **Ready-to-wear** department, where the triumphs of the custumier's art are displayed on all sides, and still the prices have been kept down.

OUTLAY OF $69,700 FOR NEW BRIDGE ACROSS THE RIVER

This Does Not Provide a Bridge for Carrying the Street Railway Cars—Board of Works Receive a Communication on the Pole Question

A letter was read at the Board of Works meeting last night from City Engineer Hay re the proposed new Dalhousie street bridge, reporting that the estimated cost of the bridge minus the provision for carrying the street railway was $69,700.00. The Engineer's former estimates with the street railway provision was $87,875.00.

His report will be submitted to the council.

W. H. Moore requested the Board to construct a crossing and steps to his property at 665 Aylmer street. The request was refused, as the Board did not feel justified in constructing crossing and steps for the petitioner's exclusive benefit.

Other communications were:

City Engineer Hay reported on the trees in front of the Salvation Army Temple, and recommended the removal of the two centre trees and the trimming of the other two. This report was received and the Army allowed to do the work of removing the trees in question.

REMOVAL OF POLES.

From W. Marshall, superintendent of the C.P.R. Telegraph Company, stating that he had taken up the matter of removing the company's poles on George street, and stating that when the G.N.W. Company had removed their poles the C.P.R. will then consider what disposal to make of their poles.—Received pending activity by the G.N.W. Company.

From J. W. McCullough, Chief Health Officer, approving of sewer to be constructed in the city as follows: Between Manning avenue and Stevenson street.—This will be acceded to.

The construction of a sewer on Edinburgh street, from Rubidge to Stewart street will be advertised.

The Board also approved of the G. T. R's plans for new sidings, switches and frogs on Bethune street, south of the station, on condition that the present position of the main line is unchanged, and that the switches and frogs are constructed at the crossings of Sherbrooke and King streets.

HAVE A GOOD LAUGH SEE "BILLY" TO-NIGHT

Full of Chuckles and Amusing Incident—Owners of False Teeth Will Heartily Sympathize.

Did you see that most amusing play "BILLY" when it was here last season. If you did you will surely want to see it over again or if you did not, you ought not to miss it, for it is really one laugh from start to finish. We all need a good laugh once in a while, in order to get through our day's work successfully—and after all the worries you've had this week, nothing will do you more good than to see "Billy" at the Grand Opera House to-night. There are a few good seats left yet, so phone your order in early and have them reserved for you.

The plot of the farce is centered around a young man, named Billy, who has a lower set of false teeth. He is on a yatching cruise with a party of friends and is madly in love with a charming young lady, named Beatrice. One evening, at the beginning of the cruise, he is unfortunate enough to lose his teeth through the port hole, and his predicament is most embarrassing. His efforts to keep the young lady from discovering his loss and also to prevent his rival from getting there first are most laughable.

See the play for yourself and enjoy it, like everyone else.

REV. W. J. MAYERS WILL MAKE TOUR OF THIS COUNTY

Representative of the Barnardo Home to Conduct a Campaign in the Interests of That Institution

The Council of the Barnardo Homes are sending a deputation to Canada with the object of making the work more extensively known throughout the Dominion, and in the hope of securing a larger measure of Canadian sympathy and support. The task of representing them upon this important mission has been undertaken by the Rev. W. J. Mayers, the Senior Deputation Secretary of the Institution and one of the late Dr. Barnardo's oldest friends. During the twenty-four years of his connection with the work, Mr. Mayers has advocated its claims in various parts of Great Britain, and has twice visited Australia and New Zealand, where he was received with the utmost kindness, his meetings being crowded, and his appeals meeting with a most generous and gratifying response. It is in the hope that a visit to Canada may be attended with similar results that the Council of the Homes have deputed Mr. Mayers to spend the coming autumn and winter months in that land, to hold meetings and services, and to tell the story of the work wherever an opening offers.

Dr. Barnardo's Homes have up to the present date received, trained and equipped for their future in life about 75,000 children, who, at the time of their admission, were practically destitute and homeless. They are supported entirely by the free-will offerings of sympathisers from all parts of the world, of all creeds and denominations. The Homes themselves are inter-denominational and welcome the co-operation and support of all who recognise the claim of child need and the call of Christ to service and self-sacrifice. In the training of the children committed to their care, it is sought to bring them up in the "nuture and admonittion of the Lord," to develop sound minds and healthy bodies, and to fit them by education and industrial training to become useful respectable and successful citizens in the communities to which they may afterwards belong. About 9,000 children are now being thus cared for.

In putting forth the special appeal for Canadian support which they are about to make through the agency of Mr. Mayers, the Council feel that the work of Dr. Barnardo's Homes has a very special claim upon the sympathies of the people of the Dominion. Under their well-tried scheme of emigration over 25,000 boys and girls have been sent to Canada during the past thirty years. These have not been the residuum or "surplus stock," but the flower of the flock, the best and most promising of those who have been trained in the Institutions, and who have attained a high standard of mental and physical fitness. Out of the great number who have been placed in the Dominion, ninety-five per cent. have proved thoroughly satisfactory. Under the principles by which the emigration work is conducted the children are not dumped down to be a charge or a burden upon a new country, but are carefully placed in situations or foster homes [illegible] kept under constant and watchful supervision until they have reached the age of independence. Mr. A. B. Owen has for many years superintended the work in Canada. Many of the former inmates of the Homes are now occupying high and responsible positions in the Dominion, hundreds are established on farms of their own, and there are few who are not aiding by their industry in the development and upbuilding of the country. It is recognised that the great need of Canada to-day is population to occupy its vacant lands, and to develop its vast agricultural, mineral and industrial resources. To the supply of that want the Homes have been contributing the best possible material. Canada has received much from Dr. Barnardo's Homes, but it must be mitted has so far given little in return. The Council look forward to the coming tour of Mr. Mayers to do something towards adjusting this discrepancy. The citizens of the Dominion have shown their willingness to co-operate with the Mother Country in the maintenance of our sea power. May we not hope that they will be at least as generous in taking their share in the higher and nobler enterprise of rescuing our boys and girls from want and destitution, and training and equipping them to become useful, worthy, citizens of the Empire.

It is expected that Mr. Mayers will leave England at the latter end of September, and open his campaign in Canada early in October. He will be bringing with him a picked company of musical boys (with their conductor Mr. H. Aaron) who will render an attractive and varied program at his public meetings. It is hoped that in the course of his tour, Mr. Mayers will be able to visit most of the principal cities and towns of the Dominion, and any smaller places where suitable halls can be secured or churches placed at his disposal. In certain centres Mr. Mayers may address "rallies" of the old boys and girls from the Homes. A member of the Canadian staff, Mr. John Kidner, will act as advance agent to Mr. Mayers, and will make all preliminary arrangements for the meetings and services.

It is hoped that Mr. Mayers and his little company will have a cordial welcome from all friends and sympathisers of the work in Canada, whom it is trusted will rally to his help in attending his meetings and endeavoring to arouse the interest of others. Especially, we beg for the support of all Ministers of the Gospel, and gratefully anticipate the opening of churches for services and meetings on behalf of the Homes.

To the members and leaders of the Press, we specially look for influence and support. This was ungrudgingly given to our deputation in Australasia, and will, we feel sure, be as freely accorded in Canada. Our earnest hope is that Mr. Mayers' journey will bring welcome and much needed help to our funds, and that it will serve to widen and deepen the interest in that great work amongst the children to which Dr. Barnardo devoted his life and which those who have succeeded him are seeking to extend and carry forward. Any communications from friends in Canada, who are willing to afford their help in showing hospitality or who are disposed to make suggestions upon any matters connected with the tour, will be gratefully welcomed. Rev. W. J. Mayers may be addressed at the Chief Office of the Homes, 50-52 Peter Street, Toronto.

LIBERALS' DAY OF MOURNING

Just One Year Ago the Party Went Down to Defeat.

Every good Grit will wear mourning and a sombre countenance this day, the anniversary of the death and burial of his party with all its high hopes and ambitions. The rout of the Liberal ranks one year ago was complete, and of the once proud force only a corporal's guard was left to realize what had struck them. With them perished their pet measure, Reciprocity. Its ghost sometimes walks abroad nights, but although it has the ghastly features of the regulation spook, it is really harmless, and a sight of the apparition has ceased to dismay the most timid. George P. Graham, and a few more of the survivors, persist in the claim that they didn't get a fair show in the struggle, which proved to them so disastrous, and boast of what they can do when they get another chance. The irrepressible George P. will in spite of everything, essay a stroke of facetiousness every day or so in an attempt to brighten the gloom, but as the eloquent Mr. Buzfuz once remarked, it is difficult to smile while the heart is aching. Really Mr. Graham should desist and endeavor to comport himself with dignity befitting the occasion. Wit and hilarity attempted at a funeral is not only unseemly but it's ghastly and apt to get upon the nerves of the mourners.

The Toronto Mail and Empire has struck a handsome medal to commemorate the victory in the winning of which that party took so able and a active part. Every reader of the leading Conservative organ will receive one of those tokens of remembrance. On one side of the medal two sturdy figures, arm in arm, represent John Bull and Canada and above them is the adapted quotation from the celebrated address of President Taft, "No parting of the ways" with the date of the election underneath. On the reverse side around the words "Mail and Empire," appears once more this auspicious date and the declaration "Canada, not an adjunct."

Talent at Home

Last spring the ladies of All Saints commenced a talent system, each starting with 25 cents and a good intention to increase that amount as much as possible, the receipts to go towards the fund for improvements to the chancel. Last night one of the social gatherings was held jointly by Mrs. Smeaton and Mrs. Blois, at the home of the former, and the affair was most successful.

Dr. de Van's Female Pills
A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at $5 a box, or three for $10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

LOCAL NEWS ITEMS

The monthly meeting of the Ladies' Auxiliary of the Y.M.C.A. will be held at 3.30 o'clock, Monday afternoon. A full attendance is requested.

St. John's branch of the Woman's Auxiliary will receive their annual Corporate Communion to-morrow morning at 8.30 in St. John's church. It is hoped that the attendance will be large.

A special service was held in St. John's church this morning, to-day being St. Matthew's Day.

LAST WORDS.

The Explanation of the Patient's Anxiety About His Letter.

In a New York hospital a cadaverous Spaniard, with the aid of oxygen and a pump, was staving off the final moment of exit.

Rallying temporarily, he stretched out a hand and clutched at the arm of the nurse, motioning her to lean over and put her ear to his month.

"My doctor go?"

"Yes, he's gone."

"Shot 'e door."

"Lock him," he begged—it was the custom to humor the dying.

He beckoned her closer and pulled her down to him again. "You make promise?"

"Yes, indeed. What is it?"

"Get paper, pencil and—what you call?—envelope."

Shielding his writing with one hand he managed to scrawl a single line on the note paper and to address the message, but before loosening his hold on the paper he called her to him once more.

"Now, you promise for me again? You promise you not show this to doctor, not show it to night nurse—not to anybody? Just mail it—you promise?"

She nodded.

He slipped the sheet from the envelope once more, grinning with what had every appearance of fiendish exultation.

"That fix him," he muttered. "That fix him."

An hour later, when the doctor returned, he found the nurse crying.

"He died fifteen minutes ago, and I don't know what to do. I ought to mail this, but I'm afraid it's some Black Hand business or something. Would you be willing to look it over and see if it's all right to send? You read Spanish." She handed him the letter.

He glanced at the one single line and shook his head.

"Is it a Black Hand message?" she whispered.

"No," he said plaintively; "it's to his brother. He just writes, 'Don't pay the doctor.'"—Lippincott's Magazine.

Folly of Betting.

William B. Trembley, the swimming hero of Funston's regiment in the Philippines, visited New Orleans with a friend while city clerk of Kansas City, Kan. Riding down Dauphine street one morning, the friend was boasting how he would bankrupt the bookmakers. Looking up from the paper he was reading, Trembley saw a boulevard ahead marked "Oleander way." "You beat the races," he exclaimed. "Why, I'll bet you $10 you can't guess the name of that street yonder."

The friend looked ahead and saw the sign. "I'll take you, even money," he said. "It's Oleander way, you rummy. There's the sign."

"So it is," said Trembley, "but you oughtn't to believe in signs. Look here."

Trembley, being a city clerk, naturally was attracted by a column story of the proceedings of the New Orleans council on the night before. Right in the lead paragraph he showed his friend the tragic evidence—the passage of an ordinance changing the name of Oleander way to Jackson boulevard.—Kansas City Star.

His Choice of Weapons.

John P. Irish of San Francisco was counsel before the state department in the matter of a claim of an American client against one of the Latin American republics.

The Latin republic didn't want to pay, and there was a long dispute, during which the representative of the southern country claimed Irish had put a stain on his honor and said he intended to challenge Irish to a duel.

John Hay, then secretary of state, told Irish about the affair and asked, "What will you do, Irish?"

"Accept it, of course."

"Accept it?"

"Certainly, and I shall name the weapons."

"What weapons shall you choose."

"Feet," exclaimed Irish, "good Iowa feet, the kind I was born with, and I'll kick that diplomatist down the street until the police interfere with the proceedings."—Saturday Evening Post.

Cause of the Uproar.

"Hey, officer, why don't you hurry over there to stop the trouble?"

"Over where?"

"Across the street there. Don't you see all those women fighting and scrambling? It's your duty to turn in a riot call. Come on; I'll help you till re-enforcements arrive."

"You stay away from there."

"What do you mean? Do you propose to stand here and let those women claw at one another and perhaps cause a tragedy?"

"You go on about your business and never mind them women."

"But I insist that it is my duty as a citizen to interfere, and I shall report you to headquarters for your failure to—look at them! The trouble's getting worse. They'll be smashing their parasols over one another in a minute. I'm going to telephone to the city hall for"—

"You'll do nothin' of the kind, and if you don't go on about your business I'll run you in."

"Man, you're crazy. Do you propose to stand here and see those women trample one another under foot and tear off one another's clothes? Something horrible must have happened. Listen! Say, this is terrible. Come on. Their frenzy is increasing. Turn in a general alarm."

"Say, what's the matter with you? Can't you read the sign above that door? That's an employment agency, and them women have just heard that there's a girl inside who's willin' to do housework."—Chicago Record-Herald.

Samuel Jakes, postmaster at Merrickville for nearly 40 years is dead, aged 80.

TEN CENTS PER WEEK

PARLIAMENT TO MEET IN NOVEMBER

Premier Borden Makes an Important Announcement—Naval Policy Will be Laid Before the Country At That Time

Montreal, Sept. 23.—That definite and detailed information of the naval situation, which has been asked for from the Imperial Government, is to be in his hands by the end of next week and that this information will at once be submitted to the Cabinet and a plan of action in connection with the navy question drawn up, which plan would be submitted immediately to the Canadian Parliament, which will be called together in November, was the announcement made by Premier Borden last night at the Windsor Hotel to celebrate his return from Great Britain and the victory of his party a year ago.

Hundreds of prominent Conservatives with a number of Liberals attended the banquet at which, in addition to the Premier, many members of the Cabinet and leaders from other provinces were present.

The Premier spoke at length on his visit to England, on the administration of his party since coming into power, and in defence of the attitude of the Conservative party in connection with many public questions.

L. T. Marechal proposed the toast to the Premier in a speech paying tribute to his work and defending the national policy, which, he declared, the Conservatives would always adhere to and "which had enabled Canada to open up the western country and connect it with the east."

Other speakers in addition to the Premier were Hon. Robert Rogers, who denied that there was any increasing sentiment in favor of reciprocty in the west and delivered a virulent attack upon the Liberal press and the Liberal leaders of the west who, he declared, were continually stirring up race hatred and religious and sectional prejudice for their own ends. George Drummond, who urged that Canadian manufacturers establish themselves in the western provinces so that the needs and views of the east and west might become more similar. Hon. Mr. Monk, dealing with the prosperity of the country and prophesying a triumphant and speedy settlement of the questions which his party has to handle, and Hon. Wm. White, who dealt briefly with the commercial and financial issues of the day.

When Mr. Borden arose to speak he was greeted with applause which compelled him to remain bowing and smiling for upwards of ten minutes before he even attempted to speak.

"We inherited from the previous Government a considerable number of very difficult and delicate questions and I am not going to enter fully upon these to-night. When I do it will be in more detail than is possible at such a gathering as this. But having to take these matters up, we dealt with them as seemed right according to our consciences and according to the constitution of the country.

Mr. Borden then spoke of his visit to England, and declared.

"I told the people of Great Britain that we in Canada had sharply distinguished between two questions—first, that of grave conditions confronting the Empire which might demand certain considerations and certain actions at our hands, while the other was the more complex and difficult, the question of permanent cooperation in the defence of the Empire which would be brought about in that regard.

"And I ventured to tell the people of the Mother Country that if I understood the spirit of the Canadian people aright, Canada did not propose to be an adjunct even to the British Empire.

"And speaking at a great many places, before Parliamentarians, before the Royal Colonial Institute, before the London Chamber of Commerce, and before an audience of 5,000 people at Glasgow, no statement that I made was more warmly received, or more enthusiastically applauded than the statement that with co-operation in imperial defence must also come a certain voice with Canada in settling the issues of peace and war."

Mr. Borden then made the announcement that Parliament would open in November and by that time following the receipt net week of detailed information regarding the naval situation from the Imperial authorities the Cabinet would be in a position to present their naval policy.

MEN OF ULSTER NEVER GAVE UP

Sir Edward Carson Addresses Another Anti-Home Rule Meeting

Coleraine, Ireland, Sept. 23.—"Ulster has never yet been conquered and never will be." This was the keynote of the speech of Sir Edward Carson, who addressed a big meeting here Saturday in opposition to home rule. Ulster loyalists, he said, had been accused of plotting treason, but they would sign the covenant, and not caring tuppence whether it was treason or not, they would keep it, and he was sure Ulster would win the fight against home rule.

Denounced From Pulpits.

Belfast, Sept. 23.—Ulster intercession services were held in the churches throughout the province yesterday. In addition to the special collect which was ordered read by the Most Rev. John Baptist Crozier, primate of all Ireland, of the Church of England, who had designated this week, including "Ulster Day," as "days for special intercession and prayer on behalf of our beloved native land," sermons were preached making particular reference to the solemn covenant. In many cases the national anthem was sung.

Saturday the Climax.

London, Sept. 23.—On Saturday, Sept. 28, the Unionists of the northern counties of Ireland propose to register their formal defiance of home rule. Gathering in halls and market places, even in churches, the men of Ulster will sign a covenant pledging themselves never to submit to any Government from Dublin, which may be imposed upon the country by the Asquith-Redmond home rule bill passed in the House of Commons.

Carsons Narrow Escape.

London, Sept. 23.—Sir Edward Carson had a narrow escape from injury during the rioting at Londonderry, according to a despatch received in London by The Evening News.

A large stone was dropped into Sir Edward's open carriage from the city wall, missing him only a few inches.

BABY FLOATED

St. Catharines Infant Had Narrow Escape From Drowning

St. Catharines, Sept. 23.—The infant child of Mrs. A. Reed, Winchester avenue, had a thrilling experience Saturday morning and narrowly escaped with its life. It was securely strapped in the baby carriage, which started rolling down an incline leading to a bridge over the hydraulic raceway. There are no side supports on the bride, and the carriage went over the edge into the water. In some manner it became free from the carriage, which sank, and the baby floated down stream. The mother saw the child, jumped into the water and rescued it after it had been carried seventy feet. Both were helped out by some canal employes. The mother collapsed when she reached home.

PARTITION OF PERSIA MAY BE RESULT OF CONFERENCE

England and Russia May Establish Protectorates Over Shah's Dominions—Balkan States Are on the Alert

London, Sept. 23.—The practical division of Persio between Great Britain and Russia appears almost assured as a result of the conferences which Sergius Sasonoff, the Foreign Minister, had with British statesmen. All the newspapers which are in the closest touch with the Foreign Office, particularly The Times, looked upon recently as Sir Edward Grey's mouthpiece, are forecasting this arrangement and are apparently preparing the public mind for it. The necessity of preserving order in the interests of trade is the principal reason advanced.

The Manchester Guardian and other Liberal papers oppose the project bitterly. The Guardian says:

"The Foreign Office, although not ordinarily over-solicitous about the trade interests, knows well how to quote them for is own ends."

Since the signing of the Anglo-Russian convention of 1907 for the maintenance of Persia's independence and integrity, and incidentally for the division of the country into British and Russian spheres of influence there has been a steady growth of this influence and a corresponding shrinkage of independence in Persia. The exact division of territory will not be easy. The Russian papers claim Teheran. If the Emperor gets the capital, Great Britain's share will be decidedly the smaller value.

Some of the Liberal papers bewail the disappearance of Persia as a buffer state and foresee a great increase in the British militry establishment when the British-Russian boundary is drawn across the middle of what is now Persia.

Nowhere is the outcome of the conference between Sir Edward Grey and M. Sazanoff awaited with greater interest than in the capitals of the Balkan states as it is believed that they have a vital bearing on the crisis in the near east, the gravity of which unless the powers induce Turkey immediately to introduce reforms in Macedonia, all are agreed upon.

The representatives in London of Bulgaria, Servia, Greece and Montenegro are watching closely the progress of the convention which began in London Saturday and will be continued at Balmoral Castle to-day.

There is no confirmation here of the reported alliance of the four Balkan states to make common cause against Turkey, but it is acknowledged that a rapprochement exists for their protection.

SNOWSTORM IN ALBERTA MAY RUIN CROP NOT HARVESTED

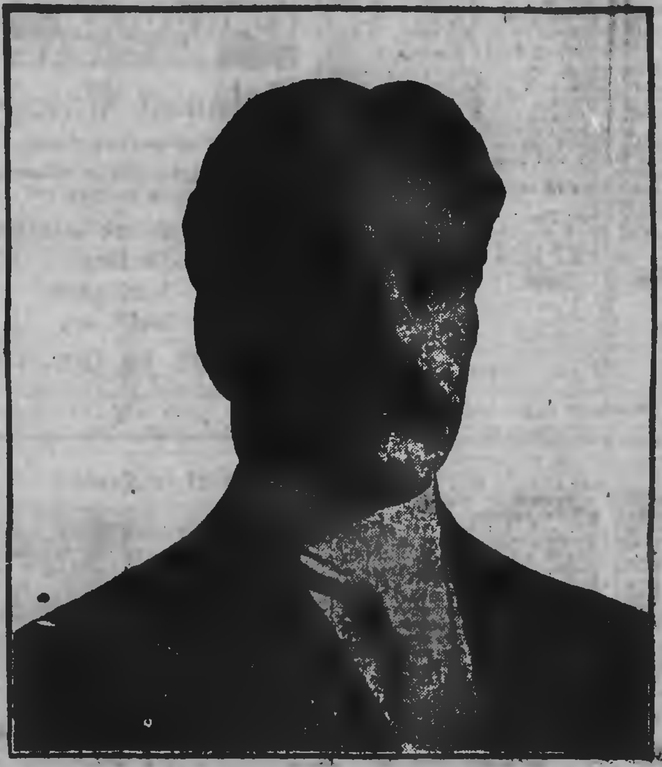
Temperature in the Western Province Drops to 33 Degrees and Farming Operations are at a Standstill.

Special to The Review.

Lethbridge, Sept. 23 — The first snowstorm of the season struck Southern Alberta last night following a rain which lasted the greater part of the day. At midnight it was within one degree of freezing and fears are entertained for the safety of the flax crop not yet harvested. The storm will delay threshing for several days.

MAY APPEAL DIRECTLY TO THE COUNTRY, SAYS PREMIER

"If we find that the situation is grave, if the mother country assures us of this, I will appeal to Parliament that immediate and effective aid be given, and if that be not forthcoming I will appeal directly to the country." Premier Borden at Montreal Banquet.



PREMIER BORDEN

Who will be the guest at a non-partisan banquet by the Toronto Board of Trade to-night.

GOT SEVEN YEARS

Ernest Moyes Found Guilty of Bigamy and Perjury at Berlin

Galt, Sept. 23.—Seven years in the penitentiary for bigamy and seven years for perjury, terms to run concurrently, was the sentence imposed upon Ernest Moyes of Berlin in the police court yesterday morning by Magistrate Blake. The crime was one of a most despicable character, Moyes' victim being Lena Schnarr of Berlin, a blind invalid. She was also charged with bigamy and found guilty and committed to the house of refuge at Berlin. The convicted woman had to be brought to Galt in an automobile.

Moyes, who pleaded guilty to a charge of bigamy, had to face a charge of perjury, committed in taking out a marriage license on September 9 by saying he was an unmarried man.

REV. ISAAC COUCH

Who was elected president of the Ministerial Association, this morning.

Vanderbilt Cup Race Postponed.

Milwaukee, Wis., Sept. 23.—The Vanderbilt cup automobile races have been postponed until the week following next, because of rain for several days, which made the rack unsafe.

Youthful Burglar Heavily Sentenced.

Belleville, Sept. 23.—A young man named Frank Smith, who claims El Paso, Texas, as his home, was on Saturday sentenced in this city to five years in the penitentiary for burglarizing Mr. I. A. Goodsells music store in this city.

Feared Boat Was Wrecked.

Niagara Falls, Ont., Sept. 23.—Excitement almost as great as that attending the great ice bridge tragedy of last February resulted Saturday after noon from the belief that the little steamer Maid of the Mist had struck a submerged rock at the very foot of the falls. Like wildfire the rumor spread and the river banks were soon lined with anxious spectators. To those on the banks the little craft was apparently fast on a rock and the newspapers published stories of the disaster.

Those aboard later explained that the boat had stopped in an effort to pick up a body, the attempt being unsuccessful.

115 DROWNED IN RUSSIA TODAY

Steamers Collided and Only Thirty Five Passengers Were Saved

Special to the Review.

Prais, Russia, Sept 23.—One hundred and fifteen persons were drowned to-day in Northern Dvina river near Archangel, when the steamer Obnevka, with one hundred and fifty passengers aboard collided with a boat going in the opposition direction, and sank so rapidly that only thirty-five were saved.

GREAT BRITAIN TO HAVE AIR FLEET

Recent Success of Aeroplanes Calls for New Methods of Defence

Special to The Review.

London, Sept. 23—In view of the success of air craft in recent manoeuvres, Great Britain is to have an air fleet which will put this new arm of the service on a par with that of other great powers.

Duke In Vancouver.

Vancouver, Sept. 23.—Unclouded skies have graced the whole of the two and a-half days' stay of the Duke and Duchess of Connaught and Princess Patricia here and the many and varied functions arranged by the municipality and others in connection with the royal visit have been marked by a smoothness and eclat which redound infinitely to the credit of all concerned.

SIR WILFRID WAS SURPRISED

North Bay Citizen Held a Procession in His Honor

North Bay, Sept. 23.—A surprise party waited upon Sir Wilfrid Laurier at North Bay while he was at supper on his private car here Saturday night.

Mayor Gaughey, accompanied by the council and 2,000 citizens, headed by the town band, marched in torchlight procession to the siding upon which the special car "Ranger" had been shunted preparatory to being attached to the night train for Ottawa.

The ex-Premier spoke briefly from the rear end of the car. He thanked his audience for the ovation. He also dwelt upon his defeat just a year ago.

"To-day, the Conservatives in Toronto and Montreal are celebrating the first anniversary of their victory, and I am enjoying my first birthday as leader of the King's loyal opposition, which I have more reason to celebrate because I went down on a principle. I can always take defeat like a man, and that is what keeps me so young.

"At the time of the Conservatives' declaration of the defeat of Laurier, they promised that you would have the Georgian Bay Canal within a year. I have been anticipating the finishing of that project, but I am afraid you will have to wait for Laurier's return, which I am confident enough to predict will be at the next election."

Hon. G. P. Graham, spoke for about twenty minutes. He supported the organization of a Canadian Lloyds. He adjured the people not to support the "degradation" of the Transcontinental Railway. He also urged the young men to take example from his chief, and support the party's policy.

LONDON MAN TAKES HIS OWN LIFE

Professor in Western Medical College Suicides by Shooting

Special To The Review.

London, Ont., Sept. 23. — Stewart Dickey, aged thirty-five, who came here from Belfast, Ireland, a month ago, to become professor of anatomy at the Western Medical College, committed suicide this morning in his boarding house bathroom by shooting himself and turning on the gas. He left several notes, but none to

MUST ABANDON PANAMA CANAL

Mining Engineer Says Great Waterway Will Never be Opened

Niagara Falls, Ont., Sept. 23.—"I do not believe that the first vessel will pass through the Panama Canal on Oct. 15, 1913," said Henry Lovering, a mining engineer of Cape Gracias, Nicaragua, who is visiting U. S. Consul Edward Trimmer. "I don't believe that any vessel will ever pass through the canal."

"Why not?" he said. "Well, the engineers have not been able to find bottom in the Culebra cut and they have gone down 200 feet. You remember what happened about two weeks ago — that fall of millions of cubic yards of earth? That bears me out. I believe Stevens & Shontz knew that a canal at Panama was impossible, that's why they quit. There's no better engineer in the country than Col. Goethals. He was sent to Panama to dig the canal, and he is doing great work against tremendous odds. Army officers are not supposed to express their opinion. They do as they are told. The engineers who were sent down to make the preliminary survey some twenty years ago, reported that the Panama route was not feasible. They favored the Nicaragua route, despite the fact that the Panama route is about three miles longer."

AWARDS MADE FOR GUNNERY

Ottawa Company Wins First Prize for General Efficiency

Ottawa, Sept. 23.—The militia orders announce the results of the artillery competitions held during the summer in all parts of Canada and including the shooting of each battery at Petawawa.

There were 26 batteries competing in the field battery competitions.

The first prize for general efficiency, the Governor-General's Cup and the Earl of Stradbrooke Cup, was won by the 2nd Field Battery of Ottawa with 550 points. The batteries next in order were 17th Sydney, 533 points; 22nd Sherbrooke, 494 points; 4th Hamilton, 472 points; 13th Winnipeg, 468 points, and 19th Moncton, 463 points.

For gun practice the Sydney battery was first with 290 points; the Ottawa second battery second with 277, and the 4th Hamilton Battery third with 252 points. In the personal appearance competition, the 2nd battery with 273 points, first; 22nd Sherbrooke, second with 272 points, and the 3rd Montreal Battery third with 266.

THREE ITALIANS STABBED IN A FIGHT IN TORONTO

Serious Affray in a Lodging House Sends Some to the Hospital and Others to the Police Station

Toronto, Sept. 23.—Six Italians are locked up in Agnes street station and three more are in a serious condition at St. Michael's Hospital as the result of a terrible fight with razors, stilettos, knives, clubs and beer bottles in a little boarding-house at 103 University avenue last night. Two of those in the police station are charged with wounding, while the others are held as material witnesses of the most gruesome and bloody combat that ever occurred among the foreign element in Toronto.

Five policemen broke into the house, where about twenty Italians live, and there found a vendetta with all its ghastly features. Four Italians were fighting with stilettos and razors, their faces and heads badly gashed, and huddled in a heap on the flour four others lay helpless and bleeding as the result of wounds inflicted in the fracas. A woman, a wife of one of the combatants, who is now in the hospital, was picked up in the hallway, her face having been smashed by a beer bottle. Six of the nine Italians were taken to the hospital and treated by a small army of surgeons, and the others were locked up in the police station.

Rocco Leambardo and Guiseppi Paggiera, both cut up themselves, are charged with wounding. The material witnesses, all of whom came out of the affray with numerous scars, are Guiseppi Bagrinello, keeper of the boarding-house, and Mickele Puggnola, Donato Puggnola, Joe Canele and Fedele Rosino. All of them are street laborers, and, as far as the police can ascertain, are related to one another—brothers, brothers-in-law and cousins.

The affair started about 9 o'clock last night. According to an Italian priest, Donato and Mickele Puggnola, two brothers, argued about something, and, not satisfied with the result, indulged in wielding stilettos. Others in the house joined in the affray, and the entire nine men fought in one small room, hardly large enough to accommodate them. When the police arrived no liquor could be found, but there were a number of empty bottles, which seemingly had been used as weapons. According to the interpreter, the men arrested were responsible for the wounding. Both are giants in build.

The cause of the fight was a celebration out of the ordinary among the foreigners. There is considerable clannish feeling among those from different towns in Italy. All of those engaged in the affraiy hail from Monteleone. Yesterday was known as St. Roch Day among the Italians. St. Roch is the patron saint of a few inhabitants of Toronto's "Little Italy." Those who worship St. Roch were afraid to celebrate the day on account of the enmity of the natives of Monteleone. So the great day passed off unnoticed, and these foreigners from Monteleone were so overjoyed that their hated brothers were afraid to commemorate the day that they simply had to give vent to their enthusiasm by consuming beer and otherwise making merry. The fight resulted.

WAS RUN DOWN BY AN AUTO

Toronto, Sept. 23.—Robert Martin, bedel of the University of Toronto, who lives at 758 Crawford street, was seriously injured on Saturday afternoon when struck by a Telegram motor delivery car. Mr. Martin was riding a bicycle along West Bloor street from the university to his home. While cutting across the road to turn south on Crawford street he was run down by the motor car which was traveling at a fast rate. He was thrown against the curb and rendered unconscious. It is feared that he will not recover. He is now at him home in a precarious condition.

Mr. Martin has been bedel of the university for some time and is very popular among the faculty and students.

Dr. Pearson Turned Down.

Guatemala City, Sept. 23.—The Guatemalan Government has rejected the proposal of a syndicate headed by Dr. F. S. Pearson, president of the Mexican and Northwestern Railroad Co., to irrigate the extensive plains of the Zacapa district in Guatemala. The project contemplated the water rights and the ownership of a large tract of land.

The newspapers applaud the action of the Government, considering that the national interests were endangered, and suggest that the state undertake this work.

PLENTY OF CARS

But They are Standing Idle Owing to the Lateness of the Harvest

Winnipeg, Sept. 23.—Sir Thomas Shaughnessy on his way east declared here that the Canadian Pacific had plenty of cars for moving the grain eastward though they were lying idle now owing to delay in harvesting and threshing. He found conditions satisfactory on the line between Montreal and Vancouver, all of which he inspected by daylight.

He was unable to say if the company would build a tunnel through the mountains, calling it one of the difficult problems which need solution.

KILLED BY TRAIN

Fatal Accident on C. P. R. Near Port Credit

Toronto, Sept. 23.—The body of the man who was struck and killed by a C.P.R. express two miles west of Port Credit Friday night when he was wheeling his bicycle along the tracks was identified at the city morgue on Saturday morning as that of Levi Padgett, 30 years of age, who lived between Port Credit and Erindale. The identification was made by Harvey Peare of Lorne Park. The body will be turned over to the coroner at Cooksville, who will hold an inquest.

MRS. LEIGH BEAT THE RECORD OF THE FAMOUS DR. TANNER

She Fasted for Forty-one Days in the English Prison, and Defied all Efforts of the Officials to Feed Her by Force

London, Sept. 23.—Discussing the release of Mrs Leigh from Mountjoy prison, The Daily Express says that the woman had undergone a hunger strike and forcible feeding for forty-four days and that her collapse was due to deliberate starvation, she having acquired the knack of ejecting food as soon as it was administered by means of the tube.

At suffragette headquarters it was said on Saturday that Mrs. Leigh and her fellow-prisoner, Gladys Evans, who is under a sentence of five years for having tried to burn the Theatre Royal, where Mr. Asquith was to speak, were offered the privilege of wearing their own clothes and having the hospital diet served to them if they would abandon their hunger strike. This they refused. It was said that Mrs. Leigh had abstained from water as well as food, and the prison attendants had to strap her in a chair, as both she and Miss Evans smashed everything breakable in their cells.

Unconditional Discharge.

Dublin, Sept. 23.—Although Mrs. Leigh was released "on license," the official notice of her discharge simply says the Lord Lieutenant of Ireland ordered it so that she might be removed to a hospital for treatment. The woman was taken in charge by friends and immediately visited a hospital. Thence she went to a private house in Dublin, where she now it. Her release from prison was ordered after a medical examination by Sir Christopher Nixon, ex-president of the Royal College of Physicians in Ireland, and Sir Thomas Myles, surgeon to Richmond Hospital, and practically amounts to an unconditional discharge.

Mrs. Leigh Threatens.

Dublin, Sept. 23.—Phoenix Park was the scene yesterday of a disorderly suffragette meeting. A letter from Mrs. Mary Leigh declared that unless Miss Evans was liberated within a few days, she would lead a march on the prison to effect her release.

REV. G. M. ATLAS.

The Macedonian preacher, charged with defrauding a Syrian widow, and who has been pardoned.

BARN BURNED

Ex Mayor Lingham of Belleville Meets With a Heavy Loss

Belleville, Sept. 23.—On Saturday night a large barn situated a mile east of the city limits, in Thurlow Township, was with its contents, destroyed by fire. Ex-Mayor Lingham of this city owned the property. The barn contained 100 tons of hay, the season's crop, vehicles, farming implements, etc. The horses were saved. The loss is about $3,000, partly covered by insurance. The cause of the fire is unknown.

Acute Dyspepsia

Restoration of Stomach Power Comes Quickly With the Right Medicine.

"My food seemed to decompose in my stomach," writes Mr. Ralph Clemmons, of Newbridge, P.O. "I had a stomach that failed in some way to perform its work. Digestion seemed more or less arrested and I grew thin, yellow, nervous. The stomach became distended and impeded apparently the action of the heart, for often at night it would do great stunts. At times I would vomit a mucous mass, and at these times my head ached most terribly. A friend, who had been cured of a similar condition, advised me to take Dr. Hamilton's Pills regularly, which I did. The result in my case was simply marvelous. Dr. Hamilton's Pills removed the cause, strengthened the stomach, excited the liver to normal action, the kidneys were released of excessive work. Health soon glowed within me. I can now eat, sleep, and live like a five man."

Be advised—Use Dr. Hamilton's Pills—they are sure to do you good. 25c per box, at all dealers, or The Catarrhozone Co., Kingston, Canada.

Dr. Hamilton's Pills Cure Indigestion Dyspepsia

The Daily Review.

MONDAY, SEPT. 23, 1912.

THE HUDSON BAY ROUTE

In view of the fact that engineers are at present making an investigation into the Hudson Bay route it is recalled that when Mr. J. A. Sexsmith, M.P., for East Peterborough was in the west a short time ago he looked into that subject on his own account and the conclusions that he arrived at were optimistic in the highest degree. Mr. Sexsmith stated on his return that Hudson Bay is open for navigation for from six to eight months of the year and that there is no real danger from ice floes during the open season, as the tide which carries those obstructions from the Atlantic into the Bay sweeps them out again on its return.

The construction of the Hudson Bay Railway will prove a boon to the west, affording as it will a short route to the wheat market at Liverpool. There is no danger, Mr. Sexsmith says, that any of the present transcontinental lines will suffer seriously through loss of traffic. There will be freight enough for all the carriers, the Panama Canal route included, for the west as a producer of wheat is still in its infancy, and every available outlet will be taxed to the limit in getting the grain to market.

BRITISH TARIFF AGITATION

The British manufacturers are beginning to show signs of waking up. The cables tell us day after day that they have started an agitation to have a tariff which will retain for them the home market, not only for automobiles but for cash registers typewriters and other American products that are being shipped into England.

We are told that there is no sentiment in this movement. It is not anti American but pro-British, a purely business proposition from beginning to end. The manufacturers of the articles in question, must do something, and that at once, for their own protection, or go to the wall. A short time ago, a cheaply constructed American automobile was placed on sale in England for $250 and this low price was hailed as an argument in favor of free trade by the anti-protection press on both sides of the ocean. The effect of such a condition upon the manufacturer and the workingman of England was lost sight of or ignored entirely.

When an article is sold at a low figure it can be taken for granted that it is cheaply constructed and investigation proved this to be the case with the American automobile and the other products enumerated above. The auto cars would not stand the strain, the typewriters insisted on breaking down and the safety razors were a delusion and a snare. But the country was flooded with them, and trade conditions were disturbed. The home manufacturers were obliged to reduce their operations, factories were closed down indefinitely and workmen were idle everywhere.

Hence the present agitation. England must come to a tariff on such articles else abandon the market entirely to the Americans. If the British manufacture is to be saved from ruin and the British workingman from idleness and starvation they must be granted some measure of protection by the Government. In Canada, such protection resulted in the erection of American factories in this country, and in England a similar condition might, in time, be brought about.

UNITED STATES PARCEL POST

After years of agitation the United States Congress has finally decided to establish a parcel post and trouble is looming up for the express companies that have so long fattened themselves upon the monopoly which they enjoyed in the carrying of small articles. The new law follows the zone plan in determining the charges for parcels to be carried. Eleven pounds is the limit in weight, and such a parcel can be sent any distance up to fifty miles for 35 cents, one hundred and fifty miles for 46 cents, or from New York to San Francisco for $1.32.

As compared with the present express rates the new law will afford the public a measure of relief, but the rates are vastly higher than in some of the countries of Europe. In Germany the post carries 11 pounds 46 miles for 6 cents, and 110 pounds for 60 cents. In France 22 pound parcels are carried for 25 cents. The American rate, however is much lower than the flat rate of 16 cents a pound with a limit of 4 pounds that prevails in Canada. For example, if a man wished to send by post four parcels of four pounds each to Weston, Hamilton Belleville and Montreal, it would cost him in all $2.56. Under the new law of the United States the Weston parcel would cost 8 cents the Hamilton one 14 cents, the Belleville one 18 cents and the Montreal one 26 cents, or 66 cents in all. In this country the parcel post rate is so high that the system is of small value to the average man, and a revision downward would be a move in the interests of the public.

EDITORIAL NOTES

Perhaps the man who took the copy of Punch from the Public Library did so in order to draw up diagrams to get at the meaning of some of the somber jokes in that publication.

Miss Barbara Wylie, the British Suffragette, will not be denied admission to Canada, provided, of course, that she has no hatchet among her trunks.

The great issue in the next municipal election in Toronto is likely to be the question as to whether the City Council will permit toboggan slides to do business on Sunday during the coming winter. A healthy proportion of the police and even some ministers seem to think that there are worse forms of Sunday amusements than out door exercise.

Deafness Cannot be Cured.

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

HERE AND THERE AND EVERYWHERE

Summer has just favored us with a cool au revoir and the great bulk of individuals, who are unfortunate enough to have to work for a living have settled down to the daily grind. It will not now be long before the average man wakes in the morning, to find the contents of the wash basin a chunk of ice and the floor upon which he painfully stands even worse. If he is a good husband he will of course be the first in the house to rise, come down stairs and find the fire out. Then his temper will also rise quite reasonably. It will be "hubby's" bounden duty to light that fire and see that it stays alight. This means going out to the shed and finding some kindling. Meanwhile he usually is shaking like a man with the ague, or a bashful youth when called upon for a speech at a banquet.

After the fire is burning he must grub around the pantry for a breakfast. Likely wifie has been out to a bridge the previous night and it would scarcely be wise to ask her to assist.

But the horrors of the morning will not then be ended. There is the beautiful snow, to his agonized view, several yards deep, blocking up the front and back doors. The snow shovel is resurrected, and the way he works at the heavy white blanket would make the angels weep. After it is all over, when his arms feel as they do after an encounter with a mattress in housecleaning time, he is ready to proceed to his work, tired and worn out, without seeing his wife or family but happy in the reflections that he has performed his duty to his family, to society and to his conscience.

Have you ever noted how various artists are described who are from time to time written up in the newspapers? If it is a lady singer, she is usually possessed of a dainty or charming personality. She invariably has a voice of great depth and feeling, and capable of rare expression. Her voice is one of great range and is delicately sympathetic or rich, vibrant and powerful. If the performer is a male artist, his vocalism is always of wonderful clarity, deep, resonant, or having great dramatic power. In nine cases out of every ten it is a safe wager that the public who read, but who have not heard, pass over the big high sounding words of description. They know that they are nothing but time worn methods of praising a singer or a vocalist, and are generally the effusions of the reporters who uses them for lack of something better and because such adjectives have from time immemorial been associated with singers' voices.

Isn't it time something new was originated: some style of description that would be both original and truthful, which in nine cases out of ten now is not.

The time is about due for the arrival of something new in the musical line. "The Chocolate Soldier," has already been hanged drawn and quartered too often, and if his corpse is allowed to remain quiet for a while he may become popular when resurrected. "The Pink Lady," also losing most of her color for want of rest and a good long period of quiet, would add to her popularity. "Who Are You With To-night," and "You Beautiful Doll" are played out and should be left alone. In fact if some of the old masters were to hear the way music is played nowadays, they would turn in their graves.

David Bispham voiced the thought nicely when he said that in millions of homes the piano tops were littered with cheap thrashy music: homes which were otherwise respectable.

Peaches Plentiful.

St. Catharines, Sept. 23.—Upward of 2,000 baskets of peaches were disposed of on the Saturday market here, probably the finest array offered in this city this season. Prices ranged from 40c. to 80c. a basket. Tomatoes also were most plentiful, selling at 15c. a basket. Plums, pears, etc., were offered in abundance at the usual prices. Canning factories cannot handle all the fruit which is being brought to them owing to their inability to secure enough labor.

Touring New Ontario.

Port Arthur, Ont., Sept. 23.—Hon. W. R. Hearst, Hon. Dr. Pyne, and Hon. J. S. Duff, of the Ontario Cabinet, spent Saturday in Port Arthur and received deputations from various parts of the district, who placed various matters before them. The Ministers are concluding a tour of the Thunder Bay district.

A Practical Query.

My little boy stood open mouthed while a friend elaborated the details of a sudden death. The patient had not been considered very seriously ill, and his nurse entered, bringing a baked potato for which the sick man had expressed a wish. "But," said my friend "before he had tasted it he died." I deprecated the sadness of such recital before the child, but I need not have feared. His baby voice piped out, "And what became of the potato?"—Harper's Magazine.

THE MARKET

Latest Quotations in Grain Dairy Products, Live Stock Etc

Winnipeg and Chicago Wheat Futures Close Lower—Live Stock—Latest Quotations.

CHICAGO, Sept. 21.—Threshing delays this side of the Canadian border and crop damage across that line proved insufficient today to offset in the wheat market the bearish effect of expected heavy world shipments and an increase in the United States visible supply. Closing prices were easy, 1-8c to 5-8c under last night. The outcome in corn varied from 1-2c decline to 1-4c advance. Oats finished 1-8c to 1-4c off to 3-4c up, and provisions less costly by a shade to 15c to 17 1-2c.

Oats—No. 2 Canadian western, 45c; No. 3, 43c; extra No. 1 feed, 44c; No. 1 feed, 43c; No. 2 feed, 39c.

Barley—No. 3, 53c; No. 4, 46c; rejected, 40c; condemned, 40c.

Flax—No. 1 C.W.F., $1.62; No. 3 C.W.F., $1.48; condemned, $1.20.

Montreal Grain and Produce.

MONTREAL, Sept. 21.—The foreign demand for wheat was much quieter, and the prices bid were away out of line. Consequently no new business was done, and it is expected that not more than four to five million bushels of new crop wheat has been sold for shipment up to the end of December, and that the bulk of the ocean freight from this port and St. John, N.B., has been engaged for American wheat and oats. The local oat situation is very strong, owing to the increasing scarcity, as fully 75 per cent. of the stock in store is held for export account, of which there is about 150,000 American. The local demand is good, and there is still a good enquiry from European sources for supplies. Demand for flour is good and prices are steady. Millfeed firm under an active demand and small offerings. Export trade in hay active. Shipments for week, over 54,000 bales. Demand for butter fairly good and feeling stronger. Receipts for week, 15,029 packages, against 15,597 a year ago. Cheese fairly active and firmer. Receipts for week, 58,566 boxes, against 66,343 a year ago. Eggs active and firm. Stocks of wheat, 322,282; oats, 437,620; barley, 45,786; rye, 6156; flax, 40,810; flour, 59,601.

Corn—American, No. 2 yellow, 85c to 86c.

Oats—Canadian western, No. 2, 53½c to 53c; extra No. 1 feed, 52c to 52½c.

Barley—Manitoba feed, 60c to 61c; malting, 75c to 80c.

Buckwheat—No. 2, 74c to 75c.

Flour—Manitoba spring wheat patents, firsts, $5.80; seconds, $5.30; strong bakers', $5.10; winter patents, choice, $5.25; straight rollers, $4.85 to $4.90; do., bags, $2.25 to $2.30.

Rolled oats—Barrels, $5.05; bags, 90 lbs., $2.40.

Millfeed—Bran, $23; shorts, $27; middlings, $28 to $29; moullie, $30 to $35.

Hay—No. 2, per ton, car lots, $13.50 to $14.

Cheese—Finest westerns, 13⅝c to 13⅞c; finest easterns, 13c to 13⅛c.

Butter—Choicest creamery, 27⅛c to 27½c; seconds, 26½c to 26⅞c.

Eggs—Selected, 29c to 30c; No. 2 stock, 21c to 22c.

Potatoes—Per bag, car lots, 65c to 70c.

Dressed hogs—Abattoir killed, $12.25 to $12.75.

Pork—Heavy Canada short cut mess, barrels, 35 to 45 pieces, $27; Canada short cut backs, barrels, 45 to 55 pieces, $27.

Lard—Compound, tierces, 375 lbs., $10.25; wood pails, 20 lbs., net, $10.75; pure, tierces, 375 lbs., $14.25; pure, wood pails, 20 lbs. net, $14.75.

Minneapolis Grain Market.

MINNEAPOLIS, Sept. 21.—Close Wheat—September, 87⅝c; December, 89⅝c; May, 94½c to 94⅝c; No. 1 hard, 91⅝c; No. 1 northern, 89⅛c to 91½c; No. 2 northern, 88⅛c to 89⅝c.

Corn—No. 3 yellow, 70c to 70½c.

Oats—No. 3 white, 31c to 31½c.

Rye—No. 2, 61c to 62c.

Bran—$19.50 to $20.

Flour—First patents, $4.35 to $4.65; second patents, $4.20 to $4.45; first clears, $3.20 to $3.50; second clears, $2.30 to $2.60.

Duluth Grain Market.

DULUTH, Sept. 21.—Close—Wheat—New, No. 1 hard, 91½c; No. 1 northern, 90½c; No. 2 do., 88½c; September, 89½c bid; December, 89½c bid; May, 94⅝c nominal.

Chicago Live Stock.

CHICAGO, Sept. 21.—Cattle—Receipts, 500; market, slow and weak; beeves, $5.85 to $11; Texas steers, $4.65 to $8.25; western steers, $5.90 to $9.30; stockers and feeders, $4.30 to $7.60; cows and heifers, $2.40 to $8; calves, $11.50.

Hogs—Receipts, 6000; market light, shade lower; others steady; light, $8.20 to $8.80; mixed, $8.05 to $8.80; heavy, $7.90 to $8.75; rough, $7.90 to $8.10; pigs, $5 to $8; bulk of sales, $8.25 to $8.70.

Sheep—Receipts, 1000; market, dull; native, $3.50 to $4.50; western, $3.60 to $4.60; yearlings, $4.75 to $5.50; lambs, native, $4.75 to $7.25; western, $5 to $7.50.

Cheese Markets.

LONDON, Ont., Sept. 21.—Can. Press.)—Three factories boarded 481 boxes at today's cheese board. Bidding from 13¼c to 13⅝c. No sales.

But optimism is a good asset if it isn't overworked.

The mug of a hard drinker is likely to give him away.

A rolling stone gathers no moss, but if it's a grindstone it takes the heart out of a boy who has to turn it when he wants to go fishing.

JOAN SAW CARIN-JAMA SEIZE SHELDON BY THE THROAT.

"I am afraid I don't understand," he said, shortly, turning away. "We will talk it over later on."

* * * * * * *

"I suppose I've been unforgivably foolish," was her greeting when he returned several hours later from a round of the plantation. "I've been to the hospital, and the man is getting along all right. It is not a serious hurt."

Sheldon felt unaccountably pleased and happy at the changed aspect of her mood.

"You see, you don't understand the situation," he began. "In the first place, the blacks have to be ruled sternly. Kindness is all very well, but you can't rule them by kindness only. I accept all that you say about the Hawaiians and Tahitians. You say that they can be handled that way, and I believe you. I have had no experience with them. But you have had no experience with the blacks, and I ask you to believe me. They are different from your natives. You are used to Polynesians. These boys are Melanesians. They're blacks. They're niggers—look at their kinky hair. And they're a whole lot lower than the African niggers. Really, you know, there is a vast difference.

"They possess no gratitude, no sympathy, no kindliness. If you are kind to them they *think* you are a fool. If you are gentle with them they think you are afraid. And when they think you are afraid, watch out, for they will get you. Just to show you, let me state the one invariable process in a black man's brain when on his native heath he encounters a stranger. His first thought is *one of fear*. Will the stranger kill him? His next thought, seeing that he is not killed is, Can he kill the stranger? There was Packard, a colonial trader, some twelve miles down the coast. He boasted that he ruled by kindness and never struck a blow. The result was that he did not rule at all. He used to come down in his whaleboat to visit Hughie and me. When his boat's crew decided to go home he had to cut his visit short to accompany them. I remember one Sunday afternoon when Packard had accepted our invitation to stop to dinner. The soup was just served when Hughie saw a nigger peering in through the door. He went out to him, for it was a violation of Berande custom. Any nigger has to send in word by the house boys and to keep outside the compound. This man, who was one of Packard's boat's crew, was on the veranda. And he knew better, too. 'What name?' said Hughie. 'You tell 'm white man close up we fella boat's crew go along. He no come now, we fella boy no wait. We go.'

"And just then Hughie fetched him a clout that knocked him clean down the stairs and off the veranda."

"But it was needlessly cruel," Joan objected. "You wouldn't treat a white man that way."

"And that's just the point. He wasn't a white man. He was a low black nigger, and he was deliberately insulting, not alone his own white master, but every white master in the Solomons. He insulted me. He insulted Hughie. He insulted Berande."

"Of course, according to your lights, to your formula of the rule of the strong"—

"Yes," Sheldon interrupted, "but it was according to the formula of the rule of the weak that Packard ruled. And what was the result? I am still alive. Packard is dead. He was unswervingly kind and gentle to his boys, and his boys waited till one day he was down with fever. His head is over on Malaita now. They carried away two whaleboats as well filled with the loot of the store. Then there was Captain Mackenzie of the ketch Minota. He believed in kindness and paraded around the deck without even a revolver on him. He was tomahawked. His head remains in Malaita. It was suicide. So was Packard's finish suicide. You must understand one thing. Berande, bar none, is by far the worst plantation in the Solomons so far as the labor is concerned. And how it came to be so proves your point. The previous owners of Berande were not discreetly kind. They were a pair of unadulterated brutes. One was a down east Yankee, as I believe they are called, and the other was a guzzling German.

"They were slave drivers. To begin with, they bought their labor from Johnny Be-blowed, the most notorious recruiter in the Solomons. He is working out a ten years' sentence in Fiji now, for the wanton killing of a black boy. During his last days here he had made himself so obnoxious that the natives on Malaita would have nothing to do with him. The only way he could get recruits was by hurrying to the spot whenever a murder or series of murders occurred. The murderers were usually only too willing to sign on and get away to escape vengeance. Down here they call such escapes 'pier head jumps.' There is suddenly a roar from the beach, and a nigger runs down to the water pursued by clouds of spears and arrows. Of course, Johnny Be-blowed's whaleboat is lying ready to pick him up. In his last days Johnny got nothing but pier head jumps.

"And the first owners of Berande bought his recruits—a hard bitten gang of murderers. They were all five year boys. Well, that's the gang of murderers we've got on our hands now. Of course, some are dead, some have been killed, and there are others serving sentences at Tulagi. Very little clearing did those first owners do, and less planting. It was war all the time. They had one manager killed. One of the partners had his shoulder slashed nearly off by a cane knife. The other was speared on two different occasions. They were chased away—literally chased away—by their own niggers. And along came poor Hughie and me, two new chums, to take hold of that hard bitten gang. We did not know the situation, and we had bought Berande, and there was nothing to do but hang on and muddle through somehow.

"At first we made the mistake of indiscreet kindness. We tried to rule by persuasion and fair treatment. The niggers concluded that we were afraid. Then came the day when Hughie reprimanded one of the boys, and was nearly killed by the gang. The only thing that saved him was the number on top of him, which enabled me to reach the spot in time.

"Then began the rule of the strong hand. It was either that or quit, and we had sunk about all our money into the venture, and we could not quit. And besides, our pride was involved. We had started out to do something, and we were so made that we just had to go on with it. Do you know, we have been unable to get white men in. We've offered the managership to half a dozen. I won't say they were afraid, for they were not. But they did not consider it healthy—at least that is the way it was put by the last one who declined our offer. So Hughie and I did the managing ourselves."

"And when he died you were prepared to go on all alone!" Joan cried, with shining eyes.

"I thought I'd muddle through. And now, Miss Lackland, please be charitable when I seem harsh, and remember that the situation is unparalleled down here. We've got a bad crowd, and we're making them work."

Joan nodded but remained silent. She was too occupied in glimpsing the vision of the one lone white man as she had first seen him, helpless from fever, a collapsed wraith in a steamer chair, who, up to the last heart beat, by some strange alchemy of race, was pledged to mastery.

"It is a pity," she said. "But the white man has to rule, I suppose."

"I don't like it," Sheldon assured her. "To save my life I can't imagine how I ever came here. But here I am, and I can't run away."

"Blind destiny of race," she said, faintly smiling. "We whites have been land robbers and sea robbers from remotest time. It is in our blood, I guess, and we can't get away from it."

"I never thought about it so abstractly," he confessed. "I've been too busy puzzling over why I came here."

To be continued

S.S. No. 8, OTONABEE IS NOT CLOSED

The school in section No. 8, Otonabee, is not closed as has been reported. Miss Reynolds, an excellent teacher, is in charge and is receiving as high a salary as formerly and the attendance is good. The Separate school is also open, so that the educational affairs of the district are in excellent condition.

One way to hold a man's interest is to take a mortgage on his property.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.
Small Pill. Small Dose. Small Price.

LIFE INSURANCE COMPANIES WOULD PROLONG HUMAN LIFE

Hygienic Congress at Washington Hopes to Extend the Allotted Span by Fifteen Years.

Special to The Review.

Washington, D.C., Sept. 23.—With thirty-two leading governments and forty-eight states pouring their wealth of knowledge to improve public welfare and to prolong human life into one common fund for the world's use, the Fifteenth International Congress on Hygiene and Demography opened its week's session here this morning. Four hundred and fifty of the foremost sanitary authorities in the world in formal addresses will contribute the latest discoveries and methods in their respective countries in the realm of adding comfort and years to human life. It is expected that the attendance at the nine sections into which the Congress is divided will number five thousand, including many of the national, state and city health officials of this country.

While the object of the Congress is to extend the knowledge and improve the practice of hygiene and public health in all the countries which participate, it is believed these benefits will accrue in largest measure to the country which is for the time being the host of the Congress. That the state and municipal public health officials of this country attending the Congress will have support outside of immediate sanitary circles in seeking to put into effect various health reforms that will be suggested by the Congress is indicated by the action of large business enterprises in being represented at the proceedings. Among these is the Association of Life Insurance Presidents, which is represented by its general counsel, R. L. Cox, of New York and by its health committee as follows: F. W. Jenkins, chairman, Binghamton, N.Y.; J. R. Clark, Cincinnati, O.; W. F. Dix, New York; J. L. English, Hartford, Conn.; J. K. Gore, Newark, N.J.; Dr. A. S. Knight, New York; E. S. Scott, Springfield, Ill.

The committee has systematically subdivided the program of the Congress so that at least one member will be present at each address of interest to it. In particular the committee is following that part of the work of the Congress dealing with the control of contagious diseases, including typhoid fever, diphtheria, cerebro-spinal meningitis, tuberculosis, etc.; with the sanitary aspects of public water supplies, including the sanitary control of water sheds, the purification of water by storage, water purification in Europe by biological methods; water sterilization by chemical methods and with the disposal of sewage and wastes by the various processes now carried on in the European countries. Wherever knowledge as to improved methods is obtained it is the intention of the life insurance interests to systematically aid constituted authorities in applying these methods to conditions in this country. In this way, it is hoped to improve the mortality experience among life insurance policyholders.

It has been contended for some time by Prof. Irving Fisher of Yale University that the practical application of all the reforms now known to modern hygiene would add fifteen years to the span of life in the United States.

TELEGRAPHIC BRIEFS.

Dr. Eedy, a promising young doctor whose parents reside in Harriston, died suddenly of hemorrhage of the brain at Powassan, Ont.

The orphan children of a Lanarkshire miner have proved to be the heirs to $300,000 left by the late Benjamin Hunter of Brooklyn, N.Y.

The Spanish Government is preparing to mobilize the employes of the railroads, bringing them within reach of marial law, thus checking strikes.

James R. Robertson, a well-known Owen Sound business man, met with a serious accident when his auto turned turtle and hurled the occupants out.

Rev. G. M. Atlas, the Macedonian minister who was out on parole on a charge of defrauding a Syrian widow out of her husband's money, has been pardoned.

An additional tax of fifty cents (gold) per hundred pounds on coffee exported from Guatemala has been ordered. The total tax now amounts to $1.50 (gold).

Joseph Devlin, M.P. for Belfast West, was injured in a motor car accident while on his way to attend a meeting of the Lilolooney. The meeting was abandoned.

Joseph Goodison of Romney Township, near Leamington, who had an arm so badly injured while threshing, has succumbed to his injuries, blood-poisoning having developed.

Dr. Rudolph Hering of New York was elected president, and Dr. James Roberts of Hamilton, vice-president, of the American Public Health Association in Washington Saturday.

Max Kessler, a Russian Jew, bound for Toronto, confessed to the immigration officials at the Falls that he had stolen $70 from his employer in New York, and was sent back to the States.

Captain Harper Wilson of Winnipeg was the only Canadian to get office in the Sovereign Grand Lodge of the Independent Order of Oddfellows, meeting at Winnipeg. He was elected grand marshal.

H. J. D. Astley, a British aviator, who had made several notable flights, was picked up in a dying condition Saturday at Belfast after a fall and taken to a hospital, where he succumbed to his injuries.

At the close of the military manoeuvres which terminated on Friday, Hon. Sam Hughes and the Canadian officers were presented to the King. The Minister of Militia had also the signal honor of dining with His Majesty.

Keeping Ponds Clean.

Copper sulphate is often used for destroying the scum-like weeds in ponds. But precautions must be taken, for unless the right proportion of sulphate is used any fish which may be in the pond will be injured. The proportion of copper sulphate used in the ponds at Kew Gardens, London, England, is one part to from 750,000 to 1,000,000 parts of water. Sulphate of copper in a pulverized state is placed in a porous bag and dragged through the water until dissolved. The water in St. James' Park, London, it might be mentioned, has for two summers been kept free from scum by this method.

Landlord and Tenants.

Visitor (at poorhouse)—Where did that fine-looking pauper come from?

Superintendent—The city. He owns the St. Fashion flats.

"My goodness! Why is he here?"

"He charges such high rents that they have been empty since the second year."

"Hum! He seems to be on familiar footing with a good many of the other paupers."

"Yes; they are the people who were his tenants the first year."

Another fellow's sister always seems nicer to a young man than his own until after he marries her.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Cobourg Harbour Extension to West Breakwater," will be received at this office until 4.00 P.M., Wednesday, October 16, 1912, for the construction of an extension to west breakwater at the entrance to Cobourg Harbour, Northumberland County, Ont.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of J. G. Sing, Esq., District Engineer, Confederation Life Building, Toronto, Ont.; J. L. Michaud, Esq. District Engineer, Merchant Bank Building, Montreal, P.Q., and on application to the Postmaster at Cobourg, Ont.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order.
R. C. DESROCHERS,
Secretary

Department of Public Works.
Ottawa, September 19, 1912.

WHILE every man, whether he works for others or for himself, should carry a **LIFE INSURANCE POLICY**. There is especial need of this on the part of the man who is IN BUSINESS FOR HIMSELF. In the case of such a one's death the proceeds of a policy may mean not merely the usual financial protection for his dependents—They may be the means of saving a profitable business from disruption and a family from serious loss. Every enterprising business man occasionally contracts obligations which he cannot immediately pay, but which, if he retains his health and strength, he manages to cancel in course of time. Sometimes, however, death prevents the payment of business debts that were fully warranted by the outlook when they were incurred. To compel payment of these debts out of the policy-holder's regular estate might greatly embarass his family. But if the head of the firm is insured for an adequate sum, the pressing indebtedness may be met, the business saved, without embarassing the family, and either carried on successfully or sold to good advantage.

On his own account also, a business man should be eager to insure his life for as much as he can conveniently pay premiums on. The business man's credit is always improved by the fact that he has had his life well insured. A Life Insurance Policy, therefore, is a good asset and should be considered indispensable by any one who is conducting a business of his own.

Remember that the late Cyrus W. Field was said to be worth at one time $20,000,000, yet he did not leave a dollar to his family, except his Life Insurance.

Life Insurance is the one asset that never deteriorates at death.

The Sun Life Assurance Company of Canada will give you the protection you need. Call, phone or write them—

TRANSFER BUS TEAM LONGED FOR THE STABLES

But Were Rather Unruly on Their Jaunt up George St.

The spirited team that draws the Oriental hotel passenger transfer, provided some more excitement on Saturday evening when they ran away from the C.P.R. station. While the driver was absent for a moment and with one male passenger inside the bus, the team either took fright, or a longing for home and departed up George street at a lively clip. The occupant, seeing the condition of things and not being in a position to check the runaways decided to leave the swaying vehicle by the back door, which he did successfully. Continuing the wild flight the heavy bus struck Carroll's meat wagon, sending the bovine contents all over the road, smashing the cart in almost irreparable manner, and hurling a young lad, by the name of Jack Carroll, from the seat. The horses showed an utter disregard for the traffic by-law, taking the left side of the road. They demolished a barricade in front of the office of the Peterborough Light and Power Company. The team turned the corner at Hunter, but in finding the entrance to the hotel yard they fell, down, one of the horses sustaining some slight cuts and the pole of the wagon striking the bill board and breaking several of the boards. The horse was helped up and will be none the worse for the affair.

SINS FORGIVEN BUT SCARS REMAIN

"There is no necessity for a young man going away from the church and sowing his wild oats for several years" said Rev. J. T. Mansell on Sunday morning during the course of a sermon on the Men and Religion Forward Movement.

"God will forgive his sins if he comes back but God cannot wipe away the scars that are left."

CYCLISTS MADE THE TRIP IN FOUR HOURS

Members of Toronto Motor Cycle Club Out for a Trip Visited City.

The thud of many motor cycles was a familiar sound upon the streets on Saturday night. About twenty-five motor cycle enthusiasts sped into the city at intervals between six and seven o'clock from Toronto, and remained in the city over Saturday night, leaving for Cobourg about nine o'clock Sunday morning. They expected to be back in Toronto early Sunday afternoon.

The visitors were all ardent members and motor cyclists of the Toronto Motor Cycle Club. They visited Peterborough at the invitation of Mr. C. R. Banks, the sporting goods dealer, and also had their machines supplied with gasoline from his new gasoline tank.

Mr. Fred. Johnston, the president of the club, was one of the party, who, with others, was a guest at the National Hotel.

Mr. McBride, one of the Club, stated to a Review reporter that the party made excellent time in covering the eighty seven miles between here and Toronto. He was the first man to reach the city, making the distance in slightly over four hours. Even then he did not overwork his machine unnecessarily as the party had previously agreed to keep fairly well together.

The majority of the cyclists were given the freedom of the Carey Moher garage in which to store their machines over night. There were several makes of machines among the visitors. Many people would have liked to have seen a procession of the riders, but Mr. McBride stated that most of the party were rather tired and did not feel like going out again for show purposes.

WAS FINED $10 AND COSTS

Thos. Cooper Paid Dearly for Discharging Revolver in Port Hope

Thos. Cooper, whose unruly actions with a revolver at Port Hope, brought about his arrest here, Thursday night, was fined $10 and costs of $11.50, when he appeared in the Police Court at Port Hope. The money was paid. His excuse was that he had been drinking.

HEARD OF IN NEW ZEALAND

An Auckland Firm Write to J. J. Turner & Sons for a Catalogue

J. J. Turner & Sons as a business firm are becoming known throughout the world. To-day they received a letter from Auckland, New Zealand asking for their latest catalogue.

The firm on Saturday shipped to Regina a carload of decorations, which the city will use on the occasion of the visit of the Duke of Connaught. Another car load of decorations will be sent to-morrow, and two car loads of poles will be shipped from Powassan. On the side of each car is attached a gigantic streamer with the words, "Decorations for the city of Regina for the Duke of Connaught's reception. From J. J. Turner & Sons, Peterborough, Ont."

The firm is beyond a doubt doing its share in advertising this city not only in Canada, but throughout the world.

TO GRASS WITH YOUR BY-LAW

Police Officer Says This is the Answer he Got

Arthur Head was driving his horse south on George street, this afternoon. He was on the left side when he should be on the right. An officer told him he was violating the traffic by-law and undertook to explain.

"To grass with your by-law," is the remark Mr. Head is said to have made.

The outfit drew up in front of the Dominion Bank and the crowd collected. The driver would not give his name, so he was escorted to police headquarters, and he will likely be asked to appear before Magistrate Dumble.

EXPERIMENTED WITH HIS GLIDER

James McGrath, of Haslitt street who has been interesting himself in the construction of a glider, experimented in operating the aerial machine on Saturday with some success. He rose to a heighth of about 30 feet.

FESTIVAL AT S. A. TEMPLE

The Harvest Festival of the Salvation Army, held yesterday in the S.A. Temple was largely attended. Lieut.-Col. Rees and Mrs. Rees, heads heads of the social work of the Army in Canada, delivered appropriate and inspiring sermons, both in the morning and evening services. Special music was provided by the S.A. band and choristers. To-night the annual sale in connection with the festival will be held.

Mrs. Watkinson is a daughter of Col. and Mrs. Rees.

The Postal Fire Insurance Co., headquarters at Toronto will seek incorporation.

Natural gas was struck on the parsonage grounds of St. Joseph's church Davis.

FALL ASSIZES

The Fall Assizes opened this afternoon at one o'clock, with Mr. Justice Clute presiding

The only civil action which was to have been heard, of Alex. Leeson vs. the Canadian Pacific Railway, was withdrawn, as negotiations are under way for a settlement of the plaintiff's $5,000 claim for damages, outside of court.

Mr. S. T. Medd, of Hall & Medd, appeared for the plaintiff.

The following legal practitioners were present when court opened:—Crown Counsel N. F. Davidson, K.C., of Toronto; Crown Attorney R. E. Wood D. O'Connell, S. T. Medd, J. H. Burnham, G. N. Gordon and B. Hall.

The Grand Jury empanelled to discover whether a true bill should be brought in in the case of Wm. Leal, charged with attempted murder, was next sworn. The jury was composed of Messrs. E. P. Coffe, Kelly, P. J. McNulty, H. McIlmoyle, McKee, Nelson Russell, Rutherford, Spence, Scott and Warren.

They were then addressed by Justice Clute and instructed in their duties.

After being out about three-quarters of an hour, the grand jury returned a true bill against the prisoner.

Justice Clute addressed the jury briefly requesting them to bring in their presentment as expeditiously as possible.

William Leal, the prisoner, was next brought into court and the charge against him read

Prisoner pleaded "not guilty."

WEDDING BELLS

McRAE—McINTOSH

The many Peterborough friends of Mr. D. B. McRae will be interested in the following account of his marriage, which took place at Dominionville, the home of his bride, on Wednesday, Sept. 18th:

The marriage of Miss Gretta McIntosh, daughter of Mr. and Mrs. John D. McIntosh of this place, to Mr. D. B. McRae, son of the late Murdoch McRae, Esq., Vars, was celebrated at the residence of the bride's parents, at 3 o'clock, Wednesday afternoon. The Rev. Robert McMay officiating at the ceremony, at which only relatives and immediate friends of the bride and bride groom were present. Palms, cut flowers and potted plants were used in profusion in the decoration of the entire house.

The bride, who was given away by her father, wore a dainty gown of ivory satin with lace trimmings. Her only attendant, Miss Effie Robertson, of Ottawa, was gowned in cream marquisette. Dr. H. McIntosh, Riceville, brother of the bride, was best man

After receiving the congratulations of their friends, Mr. and Mrs. McRae drove to Maxville where they boarded the eastbound afternoon train on a honeymoon trip, which will include visits to Toronto, Niagara Falls and Buffalo, the bride travelling in a tailor made suit of navy blue broadcloth with hat to match.

The bride undoubtedly was one of the most charming and popular young ladies in this neighborhood, and this was apparent by the many handsome and useful gifts she received.

Mr. and Mrs. McRae will make their home in Winnipeg where the groom is recognized as a rising young journalist, being prominently connected with the Free Press of that city.

When they leave for their Western home, early in October, they will carry with them the best wishes of a legion of friends.

COL. SAM HUGHES DINED WITH KING

Canadian Minister Had Important Conference With His Majesty

London, Sept. 23—At the close of the military manoeuvres on Friday Col. Sam Hughes, the Canadian Minister of Militia, and his associates were presented to King George by Col. J. E. B. Seely, the British War Minister. His Majesty received each officer in separate audience and enquired interestedly regarding their impressions and opinions of the manoeuvres.

The Canadian Minister also had the honor of dining with the King.

Col. Hughes and the officers are thoroughly pleased with their experiences and desire specially to record their indebtedness to Sir John French for the courteous treatment meted out to them.

This week will be taken up by the Canadians with visits to various military and naval depots in England and Scotland. The Minister and some of his officers intend to sail for home one week from Wednesday next. Meantime Col. Hughes hopes to bring about a scheme for the interchange of officers during camp, and of visits between the home and Dominion regular forces.

HOTEL CHANGE

It is learned that Mr. G. N. Graham, proprietor of the Oriental Hotel will take over the lease of the property known as the White House and will take possession on or about October 21st. The present premises occupied by Mr. Graham will of course be vacated.

OWNER OF RUNAWAY NAG WAS UNGRATEFUL

On Saturday afternoon, about 4.30 o'clock a dapple grey horse attached to a heavy wagon, became frightened while standing in front of the Peterborough Canoe Company buildings and not being tied, made a dash down George street. It was travelling at a good clip when it passed the C.P.R. tracks, but Mr. Ed. Reid the expressman ran out in an attempt to stop the horse. This was exceedingly difficult as in its flight it had shed the bridle. He was dragged from the C.P.R. tracks to the new wharf. Here, he managed to bring the horse between a heavy farmer's wagon and a telephone pole

The seat was broken off the wagon but no other damage was done except to give Mr. Reid a severe shaking up.

The owner of the outfit took possession and drove off without even thanking the young man, who had likely saved a smash-up.

GRANTS TO THE VETERANS OF 66

Quite a large number of Fenian Raid veterans in the city and county have received their grant of $100. There are some 16,000 applicants still to be dealt with, and other veterans of this locality will receive their money as soon as their application is reached and investigated.

Jos. Goden was killed by a fall into the hold of the S.S. Palianza at Montreal.

Sixteen cattle strayed on the G.T.R. near Cobourg and were killed by a train.

A woman's idea of a rival is any other women who tries to have better clothes than hers.

The Buffalo Brake Beam Co. will erect a factory at Hamilton.

SCHEME IS A SUCCESS.

Honor System Found to Work Well at Guelph.

Prison reform has proved a success in Ontario. The work farm established by Hon. W. J. Hanna three years ago has done so well that the Provincial Parliament is likely to extend its scope, while Toronto officials have established one like it for municipal prisoners. The honor system is now largely employed in dealing with about 500 convicts who are serving terms of less than two years, and it is proposed that those having terms of less than five years shall be included in the system.

The Guelph farm was established in 1909 as a result of the overcrowding of the Central Prison in Toronto. A commission was sent to look into the various penal systems in Canada and the United States, and as a result Parliament authorized the farm, and a tract of 900 acres was purchased. There is a fine limestone quarry on it, which furnishes not only crushed stone, but the finer building grades. This was first developed, and from its product came material for most of the buildings now on the place.

An administration building three stories high, a large dormitory and cellhouse are in course of construction, and when these and other planned buildings are completed there will be accommodations for 600 convicts in fireproof structures. A fine macadam road leads up to the institution, and over the Speed river is a pretentious concrete bridge built by the inmates and decorated by some of the more skilled of them. The farm is extensive, furnishing supplies not only for the inmates of this institution, but all that is needed for the Central Prison. The dairy barn houses more than 100 cattle.

Little supervision is had over the prisoners. They do their work under a foreman, who is generally the only guard and who could be easily overpowered if there should be a mutiny. The sense of honor among the convicts, however, is high, and there have been few escapes from the farm.

The Hypocrite.

The Rev. George R. Lunn, the new mayor of Schenectady, says, "I don't preach 'Give to the poor,' but 'Stop taking from the poor.'"

Mr. Lunn, discussing this dictum the other day, said:

"The millionaire social reformer, unless he is a very sincere man, always reminds me of the husband who brought home one evening a bottle of champagne and a lobster.

"'It is your birthday, dear,' he said to his wife, 'and I purchased these delicacies as a little treat for you this evening with your birthday dinner.'

"'You are very kind,' the woman answered, 'but I thought you knew I never touch champagne, love, while lobster invariably disagrees with me.'

"'Never mind, my dear, never mind,' the husband answered. 'That being the case, I'll just eat the lobster myself and drink the champagne to your health.'"—Albany Journal.

CHANGES AT THE PRINCESS

The management of the Princess Theatre is having the entrance to their popular moving picture house painted and cleaned by J. J. Turner & Sons. For next summer the management of the Red Mill and Princess theatres have arranged with a Toronto firm for the complete renewal of the frontage of both houses, and additional improvements for the comfort of patrons.

Y. M. C. A. CLASSES

The opening class session of the season will be held to-night in the Y.M.C.A. gymnasium, when the young men's class will meet. This class is for young men from 19 or 20 upward, and will be conducted every Monday, Wednesday and Friday at 8 p.m.

The business men will assemble tomorrow (Tuesd)ay at 5.45 p.m., and every Tuesday and Thursday at the same hour.

The Employed Boys and Intermediate Classes will meet Tuesday evening at 7.00 and 8.10, respectively.

REV. ISAAC COUCH WAS ELECTED

At a meeting held in the Y.M.C.A. this morning of the Peterborough Ministerial Association, the following officers were chosen—

President—Rev. Isaac Couch.
Vice-President—Rev. J. J. Sawers M. A.
Secretary—Rev. C. E. Cragg.
Treasurer—Rev. H. J. Keith.

St. John's Church Notices

Monday—Boys' practice.

Wednesday, 8 p.m.—Evening service, followed by a meeting of the congregation to organize for the mission services for the first three Sunday evenings in October.

Thursday, 8 p.m.—Choir practice.
Saturday, 9 a.m.—Boys' practice.
Sunday—Holy Communion 8.30 a.m.

The Bishop of Toronto will preach in St John's on Sunday, Nov. 3rd, at the anniversary festival.

Six members of St. John's were present at the Brotherhood of St. Andrew Dominion convention in Toronto last week.

EVENING CLASSES

The Evening Classes at the Peterborough Business College afford an excellent opportunity to ambitious young people to improve their education. Your leisure hours could be spent very profitably and your daily duties could be continued as before. These classes are held on MONDAY, WEDNESDAY and FRIDAY nights, beginning September 11th. Students admitted at any time. Individual instruction. Get particulars at

FIRST PRACTICE OF THE MESSIAH

Called for Collegiate Assembly Hall, To-morrow Night

The practices of the "Messiah," Handel's great choral oratorio, commence to-morrow (Tuesday) night in the assembly hall of the Collegiate Institute hall at 8 p.m. Interspersed with the Messiah choruses, standard glees and part songs will be taken up, all the music for which is on hand. All singers are urged to be present on the first night and use their influence to bring others, who may think such a work too hard for them. All information may be obtained from the conductor, Mr R. J. Devey; Mr. C. E. Coleman, president, and Mr. B. Read, secretary, any of whom may be reached by telephone. Tuesday, September 24th, will, it is hoped, be a red letter day in the annals of St. George's Society, for a record opening practice.

The entrance on the south side will be used as being the most convenient for all concerned.

PERSONALS

Mr. and Mrs. Wilbert Thornton, of Perth Ont., are in the city to-day.

Miss Emma Dunlop has returned from a month's visit to Georgian Bay.

Mr. Charlie Ray left this morning for Montreal, where he will attend the McGill University.

Mr. George W. Evans, of Little Falls, N.Y., is visiting his aunt and uncle, Mr. and Mrs. S. Kemp, George street and other relatives.

The many friends of Mrs. M. Bowman of 422 Charlotte street, will be pleased to learn that she is on the road to recovery after her long and serious illness.

Mr. and Mrs. Charles Noyes returned on Saturday night from a two week's visit with members of the family in Rochester and Toronto.

YOUNG GREEK WENT TO TORONTO

Was Frightened Because he Broke Glass in Show Case

Louis Pappas, an employe at Yeotes Bros., broke the glass of a showcase on Friday, and fearing that his employer might deal severely with him, took a train to Toronto, unknown to his friends, who were somewhat alarmed.

Information was received, which led to his being located in Toronto. He returned Saturday night.

SOME SPEED TO THESE CHICKS

Mr. G. W. Mulligan, of 804 George street, has reported to the Review what he claims to be a record in the poultry business. Mr Mulligan had a number of chickens brought to life by his incubator on the 29th of April, and on the 19th of September, after a period of only four months and nineteen days the chicks began to lay. The chickens are thoroughbred White Wyandottes and have certainly made an unusually good showing.

CANADIAN CLUB

The Canadian Club has arranged with the Y.M.C.A. to hold this season's meetings of the club, in the large room on the second floor.

THE BISON'S ASYLUM

WAINRIGHT PARK IS HOME OF THE LAST BIG HERD.

The Majestic Animal Which Roamed the Prairies in Countless Heads a Generation Ago Is Now the Subject of an Anxious Census on the Part of Zoological Experts—Hay Kept for Emergencies.

To see him in the cramped paddock of some city "zoo," with his wicked little eyes looking out sullenly from under a vast mat of dingy hair in woeful need of currycombing, the buffalo hardly appears a subject for romance. Who, seeing him alone in ignominious captivity, can imagine this dismal, slow-moving beast leading a herd—thousands strong—in mad career across his native plains? Yet, if such fierce joys have been denied him, it is only because he, like some of "his betters," has been born too late to fit a changed environment.

But if we go back a few years—a very few years—and transport ourselves to our own great plains, where the railway and the steam plows and multitudes of newcomers from west and east and south are turning the ancient sod and cutting the prairies into wheat fields, we shall find the buffalo a favorite with romance. Between them, he and the Indian have lent to the "Great Lone Land" a touch of vivid life that heightens all our interest in it. More than anything stationary, the sweep of the winds, the wanderings of the explorers and the redmen, the unrestricted roaming of the buffaloes teach us to realize the spaciousness of the plains.

When eye and mind are disquieted by the ugliness of man's first attempts to make himself at home in a new region of the earth, it is well to have poets to remind us that "things are not what they seem"; that there may be poetry in the struggle of the dweller in a miserable little shack to subdue wild nature to his will, and that, as Kipling asserts, romance, in this age of steam and machinery, is still king, working his unconsidered miracles in our "backward-gazing world." But if the railways have not killed romance, they have almost succeeded in destroying the buffalo. Line after line, in crossing the prairies, divided the herds and made their feeding-grounds so accessible to the white hunters, armed with the latest appliances of slaughter, that the extinction of the animals was freely prophesied.

Happily, romance stepped in to avert the expected doom. In other words, the "conservation" idea seized the imagination of the people, and the buffalo found protectors in the Governments of the United States and Canada. For years the latter has owned a small herd in the National Park at Banff. More recently, in 1908 and 1909, the Dominion Government has become possessed of a much larger herd, erstwhile the property of Michael Pablo, a Mexican half-breed, in Montana. The interesting story of the "rounding-up" and shipping of these animals to Canada's new National Park in Alberta has already been told in these columns.

The park comprises about five townships, and extends from Hardisty, on the Edmonton and Saskatoon branch of the Canadian Pacific, to Wainwright, a divisional point on the Grand Trunk Pacific Railway. At present this little town, which is not much more than three years old, depends for its prosperity almost wholly on the railway, but some day, I was told, it will be a good "farmers' town," for the land in the neighborhood is well adapted for mixed farming. Already, moreover, its proximity to the Buffalo Park induces many a passing traveler to stop there on his way eastward or westward, and the townsfolk joyously anticipate that this unique attraction will in the years to come "draw visitors by the thousand from all quarters of the globe."

The park was prepared for the reception of the buffaloes by enclosing it with a fence of strong steel wire ten feet high and 75 miles long, costing a thousand dollars a mile. Strong as it is, many people doubted whether it would serve its purpose, but the animals have taken kindly to their new home and show no wish to escape. At present the park is practically in a state of nature, but is ultimately to be improved by the planting of additional trees and the making of roads. In its present condition, however, it seems an almost ideal home for the ancient "monarchs of the plains." The land is rolling, and the Battle River flows across a corner of the park, whilst smaller streams and little lakes, hillocks and sandy "wallows," poplar bluffs and sloughs give variety, both in contour and coloring, to the scenery.

Within the vast enclosure pasture is always abundant, but, lest at any time a great snowfall should bury it too deep, there is always on hand a plentiful supply of hay for the whole herd, which (counting the 850 animals brought from Montana, an additional 50 collected from other places and a number of young animals born in the park) now numbers considerably over a thousand, and is said to be the largest herd in the world.

So that no visitor may go away disappointed, a space of two or three square miles has been enclosed within the park near Wainwright, and here live 80 or 90 of the buffaloes. Visitors are forbidden to enter the park on foot, and the animals, from some hereditary instinct, will not allow a man on horseback to approach them, but they show no fear of persons in a carriage.—Toronto Globe.

All On the Water Wagon?

City Engineer Macallum of Hamilton, Ont., has just made a startling discovery. He finds that the Ambitious City is using more water per head than any other city in America.

Hamilton has 90,000 people. According to the engineer's computation each person in Hamilton gets away with 166 gallons of water per day. He states that the average city consumes 90 gallons daily.

The most interesting thing to a man about the heroine in a novel is when she has curly hair.

POLICE COURT CASES FOLLOWED VIOLATIONS OF THE BY-LAW

Magistrate Dumble Comes to the Rescue of Abraham Low.

Sanitary Inspector Spence had several parties up before Police Magistrate Dumble this morning.

Abraham Low was charged with having a large pile of manure upon his premises, which he was ordered to dispose of by the Inspector.

Magistrate Dumble offered to send a man himself and have the material taken away and used upon his own grounds, the defendant agreeing.

The charge against John Doig was disposing of offensive matter upon the vacant lot on the east side of the river, south of Smith street bridge. He pleaded not guilty.

The Sanitary Inspector stated that he had received information about offensive matter being dumped there and a personal inspection showed the report to be correct. The matter was covered with saw dust. The Inspector said that Doig admitted having deposited a certain quantity at this spot.

Inspector Spence recalled a certain night upon which Doig had been hauling night soil and was under the influence of liquor.

"These men are always drunk," said the Inspector.

Doig, however, vigorously asserted that not a drop of liquor had entered his mouth since last spring.

The case was adjourned for a week.

Nicholas Minicola was charged with failure to provide a proper garbage receptacle. Mr. Spence ordered him to purchase a galvanized iron receptacle.

"You could leave one of them in your dining room and it would not hurt you," he told defendant.

His case was enlarged for a week.

Two young men were found guilty of disorderly conduct on Sept. 14th, each being assessed $4.60.

"THE NEW BARMAID" MUSICAL COMEDY; AN ALL-ENGLISH CO'Y

Go where you will, in every English speaking country, you will find English managers and actors. English managers as a class are very painstaking over their productions, and a good example of the best type of English touring company will be presented at the Grand Opera House next Friday and Saturday, for two nights with Saturday matinee, when Alexander Loftus and John Lubbock introduce their "All English" musical comedy company in "The New Barmaid," a successful production direct from Avenue Theatre, London, W. Mr. Loftus produced this piece in London, where it ran a full year, and he has been running it ever since—the play now holds musical comedy record for continuous run, as somewhere or other, in England, Scotland, Ireland, Wales, Australia, New Zealand, or South Africa, the play has been given nightly ever since, and Mr. Loftus has been closely associated with it the whole time.

The company engaged for this North American tour is an excellent one, carefully chosen by Mr. Loftus so that each and every actor and actress fits his or her part, whilst the genial Alexander will himself play his original role of "Bertie White," and very special attention has been given to the chorus of twenty pretty English girls with voices that tell. Altogether this company from the other side of the Atlantic, numbers over forty people, and enterprise of this kind deserves its reward, always provided the management fulfils its promises of "good goods?"

Among the principals supporting Mr. Loftus we may mention such well known English artistes as Lilie Leslie, Edne Mollon, Claire Townshend, Beatrice Park, Phyllis Curroe, Vincent Erne, Arthur Geary, B. N. Cory, James Wilson, Stephen Stevens, etc.

The complete and elaborate scenic plant has been specially made for the American tour; the dresses and uniforms are said to be immense, the very latest fashions in gown being represented, a very pleasing feature of this "All English" company is the absence of brag and boast — Messrs. Loftus and Lubbock do not describe their production as the finest in the world, but set it down as a true type of the No. 1 English touring company, and they leave their public to do the talking. The advance sale starts on Wednesday, Sept. 25, and it is to be hoped that the citizens of Peterborough will reward the enterprise which makes it possible to see a genuine English production at a local theatre.

He Knows His Own Road.

Few men can ride over 1,500 to 2,000 miles of railway and not only know every mile of it, but also have located the route and been finally responsible for its construction. Yet this is the record of H. H. MacLeod, general manager of the C.N.R. Western lines, of which he was chief engineer before becoming general manager.

His knowledge of the road and country led to his appointment. Before his appointment, Mr. MacLeod, along with Vice-President Hanna, was making an inspection trip over the Western lines. There joined the party one of the heads of an American steel corporation making railway equipment, a shrewd judge of men, who backs his favorable estimates of men with millions of capital. He saw what was going on and heard the discussion that took place in the observation end of the private car. On the second day he leaned over to a fellow-traveler and said: "They are looking for a general manager, and the papers are talking about some one from the States. There is the man they need," pointing to MacLeod. "I'd make him general manager right now. Why, he knows everything about the system, and the way he handled the Boards of Trade and Town Councils of the towns we passed through, shows he knows how to handle men. Yes, sir, that's the man I'd appoint general manager." A month afterwards Sir William Mackenzie appointed MacLeod general manager of the Western lines.—Star Weekly.

Wild Animals on Increase.

That wolves and bears are increasing in numbers in Northern Quebec, and notably in the National Park, where wild animals are protected by law, and that in some places they are becoming a menace to the safety of the settlers and their domestic animals, is indicated by a petition received by Dr. Deschenes, deputy minister of crown lands, from the townships of Meay and Caronin in the Lake St. John district. The petition is signed by the mayor and residents of the townships and requests that they be allowed to kill bears and wolves in the portions of the park which borders the townships in question, as the animals are making great ravages among the sheep and cattle.

Not only will the petition be granted, but it is planned to organize fortnightly hunting parties to enter the section of the park mentioned.

Routing Ennui.

Bliffkins and his wife live in one of those fashionable, childless apartment houses. The visiting friend speaks.

"Say, what became of that pretty bull terrier you used to have around to keep Mrs. Bliffkins company during the day?"

"The management wouldn't stand for it, so we gave him away. We ventured a canary, but they kicked on that. I suggested some goldfish, but Mrs. Bliffkins said they reminded her of swimming snakes."

"How did you finally agree?"

"Excellently! I bought her one of those Mexican jumping beans. It's as cute as it can be. Say, Clara, get our little Pedro and make him do some of his stunts."—St. Louis Republic.

Happiness often depends on the things we don't do.

Two Famous Blacks.

Mr. Peter Ryan, the Toronto registrar, who has been in the public eye in connection with the Farmers Bank enquiry, has a ready Irish wit which was amusingly illustrated some years ago when he was an alderman. With a Scotch member of the City Council he had been invited to a picnic of the colored citizens of old St. John's Ward, and was called upon for an address, in the course of which he used the following words:

"Gentlemen, I feel that there is a great bond between us, for I belong to the Irish race, which has been wronged for centuries, even as your race has been wronged. Yet we can pride ourselves that our races have done wonderful things for our oppressors. Where would the British Empire be if it was not for the Irish? And as for your race, where would England be to-day if it had not been for the Black Prince, and what would Scotland have been without the Black Douglas?"

This was too much for the Scotch alderman. Leaning over to Mr. Ryan, he said in a loud whisper: "Peter, I dinna ken aboot the Black Prince, but I'll stake my oath the Black Douglas was a Scotchman, and no an African."—Toronto Star Weekly.

Labor Unrest.

Industrial conditions in Canada were seriously disturbed by labor disputes during July, the number in existence in that month being considerably greater than the number existing during June. The number actually commencing, however, during July compares favorably with that of the previous month. In all, forty-six disputes were reported to the Department, an increase of nine as compared with June, and an increase of 28 as compared with July, 1911. About 17,000 employes were affected by these disputes as compared with 15,000 during June, and 19,000 during July, 1911. A termination of the Garment Workers' strike occurred during July, which caused a resumption of operations by more than four thousand employes after nearly two months' of idleness. Few of the disputes commencing during July were individually of serious consequence as factors in disturbing financial conditions.

A Relic of 1812.

A relic of the old days of the War of 1812, probably was unearthed recently in putting in a sewer in Toronto when a gang of laborers struck portions of the skeleton of what was once a large sized man. The bones found were in a remarkable state of preservation.

The discovery of the skeleton brings vividly to mind the stirring days of 1812, when Canada, but a very weak colony, was attacked by the armies and fleets of the United States. A large number of American soldiers were killed in an engagement with the British troops at the place where the skeleton was found, and it is probably the remains of one of these soldiers that were unearthed.

Advertised to the Last.

A Canadian firm is responsible for a remarkable tombstone. The head of the firm in question died, and over his grave was inscribed on the tombstone: "Here lies Abraham Blank, Founder of the Firm of Blank, Blank & Co., who for many years have manufactured pickles and bottled fruits. Best of all, and without rival."

Our Present Display of Popular Priced Millinery is the Biggest Success We Ever Achieved

We are showing a greater variety of fine hats and we're hearing more words of praise concerning our styles and values than ever before. Little wonder, then, that we are breaking all previous sales records.

Here are the prettiest styles, largest varieties and the most moderate prices in Peterboro. It is the biggest and most interesting millinery show this town has ever seen. It comprises everything that is new, fashionable and worth while. We have the right styles at the right prices. And, best of all,

No Two Hats Are Alike

This safeguards you against selecting a model that half a dozen other women might be wearing at the same time, in the same place.

Our own expert designers have excelled all former efforts. Then, of course, we are showing dozens of charming creations from foremost millinery artists at home and abroad.

Come and see with your own eyes our styles, varieties and prices, and you will understand why our millinery department is making a bigger hit than ever before.

RICHARD HALL & SON

SMALL FIRE IN BAND ROOM

The Fire Department responded to a telephone call at 7.02 o'clock in the pouring rain to a small fire in the 57th band rooms, in the City Buildings. A pile of sweepings caught fire and caused a lot of smoke and a little blaze which was extinguished with the aid of chemicals. A hole was burnt in the floor but the damage was slight.

LOCAL NEWS ITEMS

The first "At Home," of the T.A.S. of this season will be held in St. Althonsus' Lyceum at 8 o'clock on next Wednesday evening.

LAURIER MEETING NEXT TUESDAY

The Liberal committee it is understood, were offered the use of the Drill Hall for Sir Wilfrid Lauriers meeting on October 1st, but the officers of the 57th Regiment were unable to postpone drill night, so the meeting will be held in the Opera House as at first proposed.

[illegible]	4 58 Willis	5 10 H. Smith	5 12 4-5 "	4 58	Willis

Senior City Championship Record of the Howden Cup.

[illegible] athletic championships, as [illegible] Riverside Park, Saturday [illegible] gave James McMartin the [illegible] hold the J. J. Howden [illegible] emblematic of senior honors [illegible] scoring 3,535 points. His nearest competitor, Harold Hill, scored 3,178 points, while Arthur Flowers was third with 2,771. In the two previous competitions, Stanley Caniff, now away from Peterborough, captured the handsome piece of silverware. In 1910 he had 3,143 points to his credit, while in 1911 his total was 3,141.

The laurels were fairly won by McMartin. He was in splendid condition; he was a hard worker and he had the speed. Badly out, though he was about the knees, through tripping at the last bar in the 120 yard hurdles, he was good enough to get out and win the half mile walk and the mile run.

The Eastwood trophy went to Meredith Huycke, who ran up a total of 1,902 points. J. Mann of Bridgenorth was the 1911 winner with 2,006 points, while in 1910, Nagle Phalen was in front with 1,768 points. Huycke is a natural athlete and was a popular winner. "Mossy", as he is familiarly called by his school friends, is a son of His Honor Judge Huycke. He has been the pitching sensation of the past season. Next to his mark was that of 2,460 attained by Kenneth Routley, C. Brown with 1,362 was third.

The Huycke Cup was retained by Ormond Cavanah, he having been the 1911 champion. His mark Saturday of 1,693 was not as high as in 1911 when he boosted the figures to 4,848. Cavanah had but little competition and was never in danger of losing the championship.

The Peck Cup, won last year by German Phillips, went to Stanley Hopkins, a sturdy young athlete under 14 years of age, who counted 527 points, 7 less than Phillips in 1911. The youngster equalled the record in the 100 yds. dash of 13 seconds, and lowered the time for the 100 yard hurdles from 23 1-5 seconds to 17 2-5 seconds.

NEW RECORDS.

In the 8 lb. shot put Cavanah hurled the iron 35 ft. 6 in, for a new record, the previous distance being 34 ft. 3 in.

With 15 ft. 10 in. he was 3 inches better than last year in the broad jump, and in the 100 yard hurdles his time was 17 3-5 seconds, against 20 4-5 seconds the time made last year.

The only new record in the Eastwood events was made by O. Taylor who did the half mile in 2 m. 22 secs, six seconds better than Mann. Brown led in this race for two laps, giving way to Taylor who in turn was passed by Routley for a few yards. Taylor came back strong and found the tape with a good lead over Routley. Huycke was third and Brown, fourth.

Arthur Flowers did the 100 yds. dash in 11 secs. flat, 1-5 sec. better than Hy. Woods in 1910 and Smith and McMartin in 1911.

McMartin went 5 ft. in the high jump, the distance being 5 inches short of Caniff's record.

In the 120 yard hurdles, Flowers came home in 19 1-5 secs., the best previous time being 20 2-5 secs.

McMartin's time of 4 min. 8 secs. for the half mile walk was 47 secs. better than the record.

HOWDEN CUP.

100 Yards—Won by W. Flowers, 2 H. Hill 3, J. McMartin. Time, 11 seconds.

Running High Jump—1 McMartin 2 Flowers 3 Hill. Height 5 feet.

12 lb Shot Put—1 Hill, 2 Flowers, 3 McMartin. Distance 32 feet 9 in.

Running Broad Jump—1 McMartin 2 Hill 3 Flowers. Distance 17 feet 4 inches.

120 Yard Hurdles—1 Flowers, 2 McMartin 3 Hill. Time. 19 1-5.

Half Mile Walk—1 McMartin. 2 Flowers 3 Hill. Time 4.08.

Mile Run—1 McMartin 2 Hill. Time 5.12 4-5

Total Points—McMartin 3,535, Hill 3,178, Flowers 2,771.

EASTWOOD CUP.

100 Yards—1 M. Huycke and O. Taylor tied; C. Brown and K. Routley tied. Time 11 3-5.

Running High Jump—Routley Huycke Brown. Height, 4 feet 8 in.

Running Broad Jump—Huycke Brown, Routley. Distance [illegible] feet [illegible].

8 lb. Shot Put—Routley Huycke, Brown. Distance 33 feet 4 in.

120 Yard Hurdles—Huycke and Brown tied; Taylor and Routley fell. Time 21 sec.

Half Mile Run—Taylor. Routley, Huycke. Time, 2.22.

Total points—Huycke 1,902, Routley 1,460; C. Brown 1,362, Taylor 902.

HUYCKE CUP.

Ormond Cavanah last year's winner had very little opposition, and romped away with the cup pretty much as he pleased. Following is his performance in the different events: 100 yards time 12 seconds; Running High Jump 4 feet 7 inches; 8 lb. Shot Put—35 feet 6 in.; 100 yard hurdles, 17.3-5; Running Broad Jump, 15 feet 10 inches; Quarter Mile Run, 64 3-5 seconds. Total points 1,693.

PECK CUP.

Stanley Hopkins won the Peck Cup without much difficulty, as the other entries one failed to appear, and the other would not continue; nevertheless the winner worked hard in every event and certainly deserved his victory. Following is his record in the different events: 100 yards, 13 secs; Running High Jump 3 feet 6 in.; Running Broad Jump 13 feet 3 in.; 100 yard hurdles, 17 2-5 secs; 220 yard run 29 secs. Total score, 527.

Following were

THE OFFICIALS.

THE TURF

None of the local horses were in the money at the Lindsay fair. Messrs R. B. Denison and R. J. Munro were the judges.

Jerry Dillard, who behaved so badly at the Peterboro races, won the free for all in straight heats at the Cobourg races last week. He was driven by Jim Sutherland.

Stage Coaching In Ontario.

One does not nowadays associate stage coaching with Ontario, but a recent rollicking article by W. H. Belford shows that this picturesque mode of conveyance was until recently at least still to be enjoyed.

It was my intention to go from Brighton to Campbellford, writes Mr. Belford, and I found that the only means of transportation was by stage coach. Here, indeed, was one of the few passenger lines in Canada that had not been monopolized by the iron horse. I looked forward to the trip, because I had long dreamed of such things as excursions of joy. For I had always been an admirer of that period of English literature which deals so liberally with stage coaching, and now I was set out in a real stage coach and through a country which at least bore an English name.

When at last the stage, all covered in, with side doors and windows, came lumbering up, drawn by a snappy team of greys, I felt as I imagined Bob Sawyer must have felt when he started out on that memorable journey to intercede with old man Winkle; but when I found myself inside the coach it became quite clear to me that I was Tom Pinch leaving Salisbury for London, and I startled the other passengers and the stage-driver by ejaculating quite loudly:

"Yo-ho! Yo-ho!"

The horses, too, though they had started off at a merry clip, seemed to interpret the sound as a command to halt, for they stopped.

"What the Dickens is the matter?" said the driver, peering back at me from under his shaggy brows. "Hey you forgot anything?"

"No, no," I said. "Drive on."

I did not resent the brusqueness of his speech, for I recognized its aptness, perhaps better than he did.

Tattoo Marks.

A French army surgeon claims to have found a way to remove tattoo marks, a thing hitherto deemed impossible. You are to sandpaper the skin until the outer cuticle is rubbed off and then apply a mixture of freshly slaked lime and powdered phosphorus. This poultice, if left on for forty-eight hours, causes a sore which quickly heals, leaving no scar or trace of the tattooing.

CRAVATH WINS

A SERIES OF TEN STORIES BY JOHN T McINTYRE

COPYRIGHT 1912 BY THE NORTH AMERICAN CO

SYNOPSIS OF PREVIOUS STORY

CRAVATH is an athletic young fellow in search of [illegible]. His quest for the coin leads him to a gilded cafe, where he can most readily get rid of his coin remaining. [illegible] favors, however, and he meets his Boswell, the narrator of the subsequent adventures, in the person of a good-natured promoter of athletic sports named Scanlon. It so happens that the latter is in the dumps. His "white hope," a mammoth specimen of manhood that he had matched to fight the "Gravedigger" of the [illegible] Athletic Club, has decided not to risk having his beauty spoiled in the ring. The purse is $1000, and as that is just the amount Cravath needs, he agrees to be a "ringer." It seems that the thousand is the price of a certain dueling pistol belonging to a Miss Betterton, then in Europe, with whom Cravath is in love. When he [illegible] it, he gets the girl. She wants the pistol because it is her sole and only claim to aristocratic lineage. One of her ancestors used it when he wounded a gentleman in a duel, so it is proof positive that the ancestor was a gentleman.

When Cravath enters the ring, he goes after the thousand as rapidly as possible—in the first place, because he needs the money, and in the second, because he is not in trim to stand a long fight. The "Gravedigger" goes down, and the "white hope's" substitute walks away with the coin.

II.—The Adventure of the Flemish Cabinet

CRAVATH lived in a pretty suburban place and I dropped in to see him the next morning.

"You've got it comfortable enough here," said I, as I lighted the perfecto he handed me, and looked out at the tall elms and the level lawn. "The sort of a place a man thinks of when the fight's going against him. Peaceful, with a background of winter nights, open fires, good books and pipes of fragrant tobacco."

"It has all of those things," said Cravath, soberly, "and it has a good old mother in the bargain to look after it."

"Ah," said I. The words stirred the gray embers of the past, and I was surprised when a faint glow resulted. "A home and a mother! Even a cycle of bathetic popular songs has failed to spoil the beauty of the idea. I haven't had a real home in years, and I haven't had a mother for almost as many more. But I remember what both were like. The pleasure is yours, my boy."

"Humankind," said he, "is never content. And it is the blood of youth to want a wife."

"Right," agreed I. "And it's pretty natural. However, I suppose it will not be long now before you are satisfied upon that score also."

"No," said he, "not a great while. But"—and he frowned at the rings of smoke that drifted about his head—"a silver-mounted dueling pistol does not make a very effectual bulwark against the assaults of the world."

"Many a chance has been taken on less," said I. "I've known life partnerships formed on just enough to pass to the minister to turn out wonderful successes. And, on the other hand, I've heard of other ones bolstered by millions which have been touched by frost."

"The most gifted of the optimistic philosophers, whoever he was, had nothing on you," spoke Cravath. "And what you say is right. The possession of money figures only to a certain point; after that it's the stuff that's in one that counts."

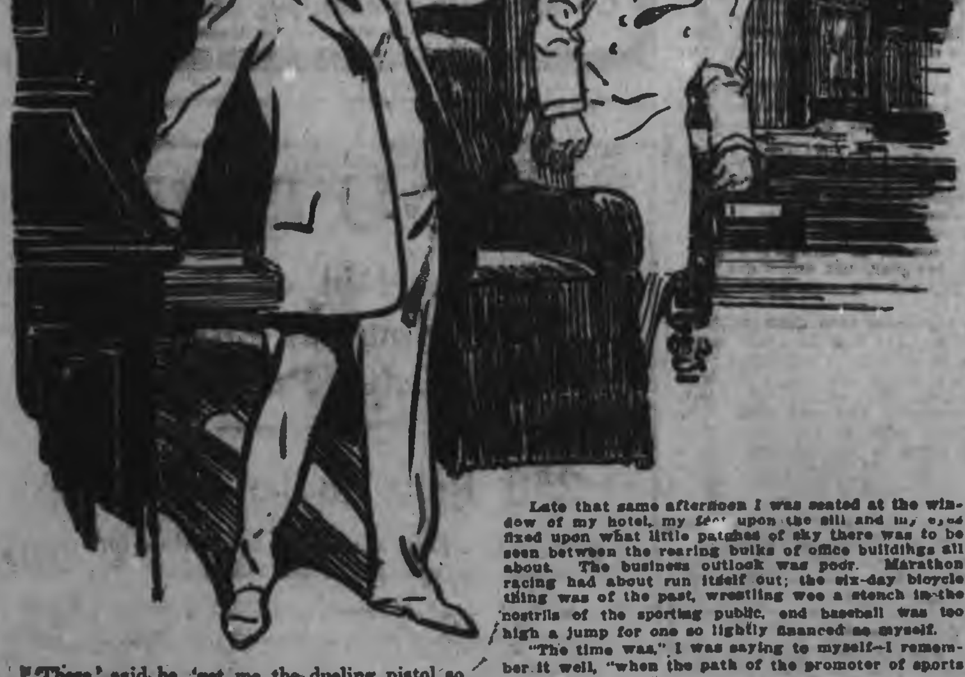
"Right again," said I. "Very right, indeed." Then I looked about, expecting to catch a glimpse of the treasured weapon which had brought him so hurriedly from Europe. "I suppose," said I, "you had a business interview with Davidyan this morning."

He shook his head, and answered.

"He was closed last night when we reached his place of business. And he was still closed when we went there again today."

"Perhaps he's ill or—"

"No," said Cravath. "A man in the next shop told me that he'd been called away quite suddenly about half an hour before I reached there. A telegram."



"'These,' said he, 'get me the dueling pistol so much craved by Miss Betterton.'"

"So!" said I, and I knew I must have grimaced. "Queer."

"I thought something of that sort myself," said Cravath.

Just then a card was brought into the room. Cravath looked at it and then grinned.

"Let him come in," he said. Then to me he continued: "Old Blaylow. Wonder what he wants?"

"I wonder," returned I; and as I said it, there came an odd feeling over me as though, subconsciously, I had rather expected the visit.

When Mr. Blaylow entered his craggy face looked more craggy than ever. He put his hat down and scowled at us both; however, he directed his remarks to Cravath alone.

"I suppose," said he, "you are hugely delighted at the situation."

"I beg your pardon?" said Cravath, inquiringly.

"Oh, you have seen the newspapers, and know as well as I to what I refer," said Blaylow, his sour expression growing deeper. "As was to be expected, the newspaper men at the Pelican Club recognised you, and there are columns of disgraceful notoriety."

"Oh, yes," yawned Cravath. "I saw those bits of news. But"—with a lifting of his brows—"just where you enter into the matter, Mr. Blaylow, I don't quite see."

"Possibly [illegible] It will perhaps enlighten you to hear that I am acting as a sort of agent for my son."

"[illegible] But though it pains me more or less to bother you, I must inquire at this point just how your son is concerned in something which affects no one but myself."

"Mr. Cravath," declared the other, "that claim is a thing upon which I desire to set you right. [illegible]

alone. It affects my son; it affects"—beating his breast—"me."

Cravath leaned back in his chair, regarding the speaker in amazement.

"Explanations are now due," he said.

"Last night," spoke Blaylow, "you engaged in a brutal prize-fight in order to secure money enough to take advantage of the ill-advised words of an estimable young lady."

"Well?"

"A number of people know of these words, and some of them"—with disdain—"attach a meaning to them never intended."

"Don't be too sure as to the latter," said Cravath.

"This young lady," maintained Blaylow, "is to be my son's wife. That is a complete answer to your absurd pretensions, Mr. Cravath, and I trust to hear no more from you under that head."

"I think," said Cravath, "that I will wait and hear the young lady herself upon the subject."

"Sir," said the other, "your effrontery is equal to anything, so this determination does not surprise me. But time will prove how futile the attempt will be. However, that is not what brought me here this morning. I came, sir, to express my views as to your conduct of last night. My son's fiancee, myself and family have been placed in what I may justly call jeopardy by your mad actions. We will be made the objects of vulgar ridicule. That you shall not succeed in accomplishing your object will make no difference in this, unfortunately. No matter how it goes, we will still be the target for the gibes of the unintelligent."

Cravath got up; going to a desk he took out a thick bundle of notes and flashed them, I thought, a trifle vaingloriously.

"These," said he, "get me the dueling pistol so much craved by Miss Betterton. She has said certain things with regard to the successful ending of the search; being a thoroughbred, she will hold to these things. The fellow to this thousand"—as he threw the bundle of notes back into the drawer, which he locked—"was taken from me on board the steamer. I think I aired my views somewhat last night upon this point, but in addition, your son and heir would not have profited by my failure. A word to Miss Betterton would have fixed that."

The craggy-faced one snapped his fingers.

"Proof," said he. "Let us have the proof of what you charge." He paused, and as Cravath merely smiled, he continued: "Are you aware that what you say is an actionable matter? Are you aware, sir, that jail is the place for such as do indulge themselves?"

And for a space of five minutes he continued in this latter strain; however, as I watched him, I little by little became convinced that though there was much warmth of words, there was little or no meaning behind them. Also I noted some curious indications. Instead of indignation there was a look of speculation in his crafty old eyes; somehow they seemed to laugh and mock. Then, after exhausting his repertory of expression, he turned and stalked out of the room after the manner of a man incensed; but the look which he threw over his shoulder was one of triumph.

"There is a man," observed I, from behind a second perfecto, "who has no beauty in his soul. A meditative, speculative, plotting old rapscallion, I would call him."

Cravath laughed.

"We will try and not be too hard upon him," said he. "In one respect he is well worthy of the highest praise."

"And what respect is that?" I demanded, nonbelievingly.

"He has a son who aspires to a girl of surpassing fairness and most exceptional sweetness," said Cravath. "And in remembering a thing like that we must needs forget all the others."

"It is the romance that's in you that makes you speak so," said I. "If your blood were cold you'd go no further than I."

Late that same afternoon I was seated at the window of my hotel, my feet upon the sill and my eyes fixed upon what little patches of sky there was to be seen between the rearing bulks of office buildings all about. The business outlook was poor. Marathon racing had about run itself out; the six-day bicycle thing was of the past, wrestling was a stench in the nostrils of the sporting public, and baseball was too high a jump for one so lightly financed as myself.

"The time was," I was saying to myself—I remember it well, "when the path of the promoter of sports was as rosy as—"

Here the telephone bell rang; I took down my feet, removed my eyes from the blotches of sky and got up to answer. It was a quiet voice that whispered in my ear, but one, for all its quietness, that had a distinct undertone of nervousness.

"This is Cravath," it said. "Is that you, Scanlon?"

"Yes," said I.

"I just got in from a little trip in town," said he. "And the first thing I noticed in my sitting room was the desk drawer's being broken open."

"The desk drawer!" I gasped at the thing. "The desk drawer! Not the one—"

"Yes," said he, "that's the one. And the $1000 is gone."

"Hang up," said I. "Hang up, and hold the fort till I get there."

The office secured me a taxi, and in a very short time I was once more in the room where I had sat with Cravath in the morning. He was pulling at a cigar and walking up and down the floor.

"Now then," said I, "tell me about it."

"I am vexed," said he. "It would probably be less, or more, than human in me to be otherwise. The money was to win me a prize the like of which no man ever—"

"What the money was to do is beside the matter," I informed him, with that calmness always assumed by an outsider. "Now let's hear the particulars."

Cravath knocked the ash from his cigar.

"There's very little to tell. After you left I went out for a few hours; when I got back, I found that some one had pried open the desk drawer—"

"And bilked your change. I know all that; you told it to me over the telephone. What I want now is the particulars—the small, usually overlooked bits of Sherlockian information."

Cravath shook his head.

"The money is gone," said he. "So why bother about it? Rather let us spend the time in an effort to locate [illegible] ward some opportunity that will put last night's to the blush."

"Sit down," said I.

He did so; and, while I surveyed him scornfully, he lit another cigar.

"Now," said I, "when did you go out?"

"About 2 o'clock."

"And when did you return?"

"A little after 4."

"Who was in the house when you left?"

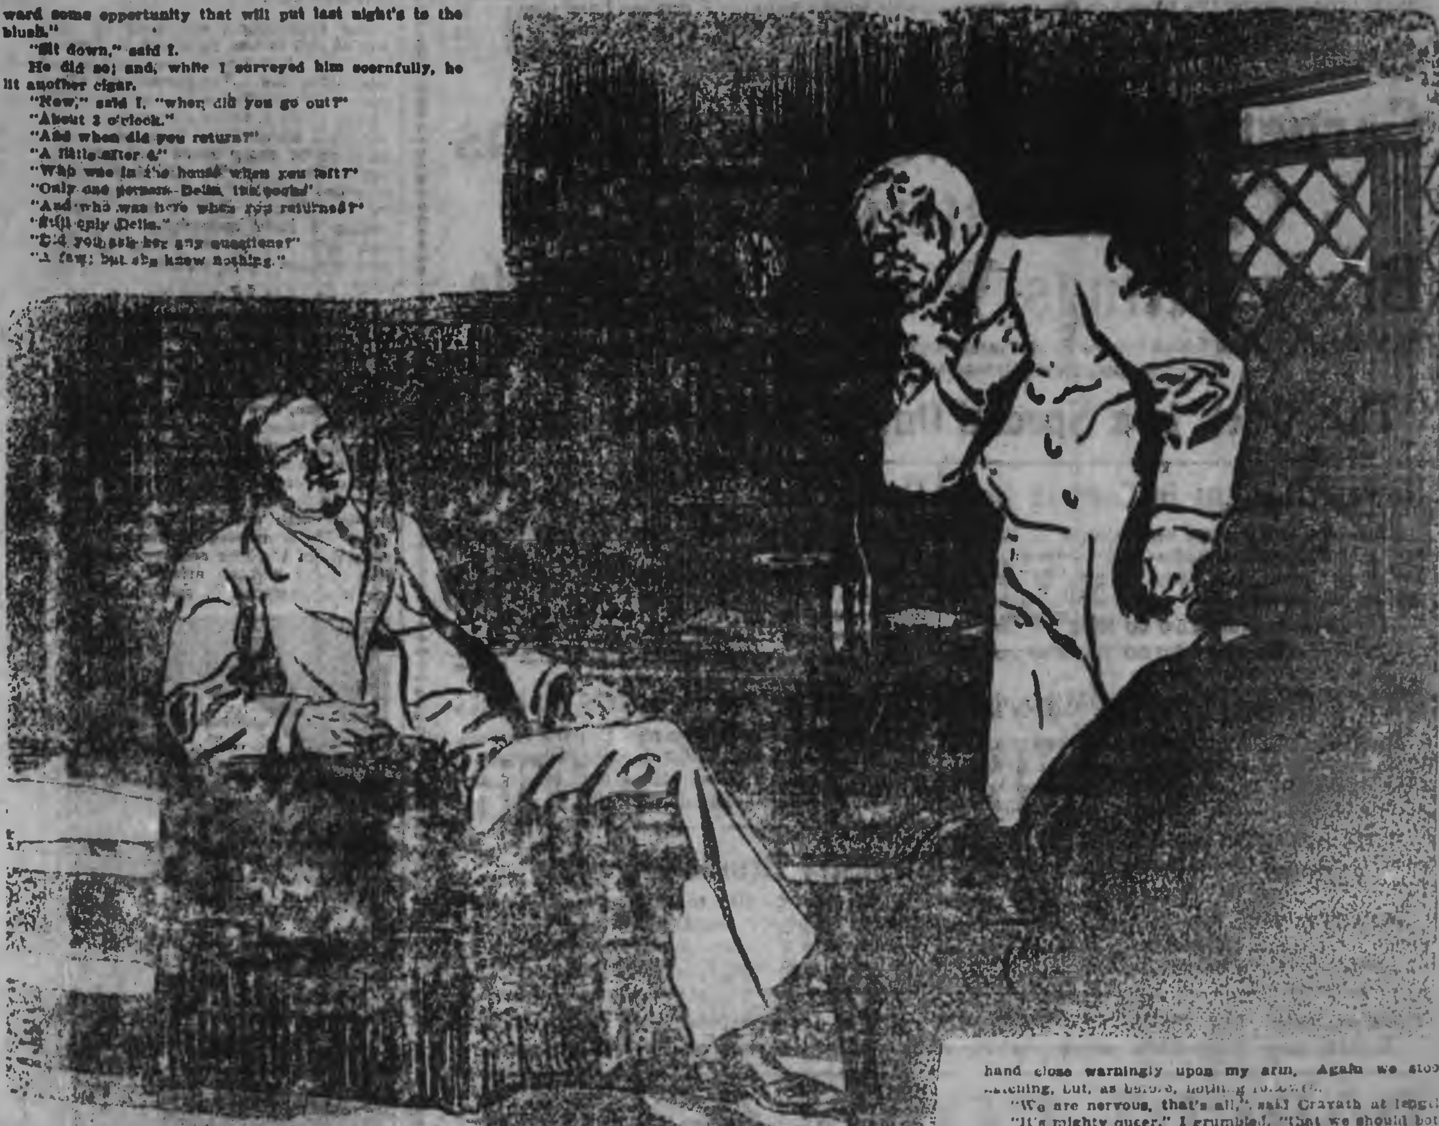
"Only one person—Della, the cook."

"And who was here when you returned?"

"Still only Della."

"Did you ask her any questions?"

"A few; but she knew nothing."



"'Your disgraceful exhibition of last night does not affect you alone. It affects my son; it affects'—beating his breast—'me.'"

"Suppose we have her in. I'd like to speak to her."

[illegible] She was a large, square female, and one who I saw at a glance was perfectly familiar with her rights. Somehow she had got it into her head that she was being charged with the theft, and her manner and answers were uncompromisingly hostile. She had seen nothing, she had heard nothing, she knew nothing.

"You were in the kitchen all the time?" asked I.

"I was," she answered, belligerently. "That is where I'm paid to be, and I always earn every penny I get."

"Della," said I, "I believe you. But, while deep in these breathless efforts, surely you noticed something or heard something. There was a second or two in which you looked up, or out of the window, or something of that sort, harmless in itself and perfectly natural in the [illegible] of cooks."

"I never glanced out of the window but once," said she, gloomily; "and then I was forced to."

"How was that?"

"I had to tell the junkman we had nothing for him."

"The junkman? I see. And where was he?"

"Coming up the walk. But he hadn't got far when I saw him and ordered him away."

"And did he go?"

"Y-e-es," said Della; but she said it in such a hesitating way as to cause me to suspect that she was not sure.

"Did you watch him outside the grounds?"

"No," she confessed.

I looked at Cravath and Cravath looked at me.

"The junkman looks promising," said he.

"You were accustomed to seeing this man at different times, I suppose?" I hinted to the cook.

But she said she hadn't. It was the first time she had ever laid eyes on him. But she knew he was a junkman because he carried a bag and other things which junkmen usually carry. Then I inquired as to what he looked like; apparently she had taken an excellent look at him, for she replied:

"He was short, rather narrow-shouldered and stooped. And his left leg was crooked, somehow, for it bent outward and made him walk funny."

I asked some other things, but this was all she knew. And, when she had departed for the kitchen, her head held very high, I said to Cravath:

"Let's ask about the neighborhood."

There were not a great many to ask, but one and all they denied ever seeing a junkman who answered to the cook's description. There were junkmen a-plenty, but this particular one must have been a newcomer.

"This fellow might be a professional crook," said I. "If he is, I'll locate him."

Downtown we went; in a room over an Italian barber shop we found Tom Craig. Tom in his time had been a saloonkeeper, a burglar, a policeman and the proprietor of a gambling house. Just now he was bouncer in a Chinese night restaurant; and if there was any part of the underworld that he was unacquainted with, it was a part which was carried on with more than ordinary secrecy. As it happened, I had once done him a good turn; and he was always ready to reciprocate.

"A 'gun' that would make up as a junk gatherer, eh?" said Tom, thoughtfully. "Short, stoop-shouldered, with a left leg that bends outward? I got him already. It's 'Gimp' Strause. You can find him most any time at Arrenberg's place, around the corner."

At Arrenberg's a number of sallow, swift-eyed men were playing pool; among them I spotted Strause in a moment, and in another we had him at the far end of the room and had displayed our hands. At first he denied, but when I hinted at a possible five years, he thought better of it and began to grin.

"Say," said he to Cravath, "take a joke, can't you?"

"To lose a thousand dollars is not my idea of a joke," maintained Cravath.

"Well, the old guy thought so, anyhow," spoke Strause. "As soon as I put eyes on him I know he is one of these old business crabs that don't smile often; but all the time he's explaining the job to me he's laughing fit to split."

There had been an idea at the back of my head all along, and just then it formed itself into words.

"The man's name wasn't Blaylow," said I.

"Yes, it was," said Strause. "Mixed up with banks and all that; rich old guy; I heard of him often. Well, he says to me: 'It's a little joke on a friend of mine; I want you to take a bundle of notes that he's got in his desk drawer and hand it over to me. I'll slip you two hundred for the job. There's no danger of any kind; but if you are nabbed by accident, why, I'll make good for you.'"

"I see," said Cravath. "Then you did the junkman thing, got the money and handed it over to him?"

"He is waiting for me in an auto when I make my getaway," explained Strause. "We go to his house in Chalmont; and when he puts the bundle away in a big cabinet in the library he gives me my bit, and I leave."

I looked at Cravath; there was a sort of dreamy look in his eyes as he asked:

"What time was this—when you left Blaylow's suburban place, I mean?"

"It was some time between 3 and 4."

Cravath nodded, and the dreamy look deepened.

"And so he put the money in a cabinet in the library?" said he.

"Yes," said Strause; and I saw a look of humorous appreciation in his eyes.

After a very little more we left the "gun" and walked down the dirty, crowded street.

"It's a good scheme," said Cravath. "Blaylow's got the money and will keep it until my option has expired."

"He can't do it," spoke I, indignantly. "Don't forget that there is a law."

Cravath smiled slowly.

"The law," said he, "is not a thing for a man with a time limit facing him to dally with. A good lawyer could so tangle the matter up that it wouldn't come to even a hearing in twice ten days."

I saw the truth of this instantly, and nodded with much gloom. Then Cravath proceeded:

"It was after banking hours when this fellow Strause brought the money, and it was put into the cabinet in Blaylow's library at Chalmont, so the probabilities are strong that it is there yet."

"And likely to remain there," said I, my gloom not departing.

We continued walking along, and for quite a time there was silence between us. Then, finally, Cravath said:

"Sometimes I can see pictures of the future before my inward eye. There are a few that keep recurring now, and they are not without interest."

"You can see yourself on the last day of your allotted ten," hazarded I. "And your hands are very empty. Also, I suppose, old Blaylow occupies a large portion of the pictures, and his smile is particularly exasperating."

But Cravath shook his head.

"No," said he, "I do not penetrate so far into the future as the tenth night. My vision is of the second night only."

"Well?" said I.
